The reputation and welfare of Ma-eyland have been deeply affleted by the fall of this University and although it is the common duty of avery man in the state to endeayout to re construct it, there seems to be comething mere than an ordinary obligation upon their who claim to be the Alumni of the isstitution, to co operate, and to make one vigorous, united effort to rejustitate and to restore itto its unclent his fulness and fame; that they may belle special means of transmitting is there descendants, and to posterity generally, the benefits of an Institution which the wisdom of their forefathers had created for them.

It is therefore respectfully suggested to the Alumni of this University, whe ever residing, to hold a meeting of the first Briday in December: nex athe John's College in Annapolis, by permis sion of the Visitors and Governors lo take into considerationthe practicabile ty of reviving this University, the plan, and the ways and means necessary to effect it.

As the Chancellor of the state is upon the spot, and is always one of the Visitors & Governors of the University, it is also suggested that he be invited to attend as President of the Convention.

Should this proposition meet with the approbation of those to whom it is directed, it may be useful to insert short paragraphs in the several news-papers of the state, and of the District Columbia. favourable to the plan, and urging a general attendance at the Convention-as it is not only desirable that our once distinguished and venera-ble "Alma Mater," should be reanimated and restored by her Sons, but particularly so that they should form a Brotherhood of every surviving men-ber of the family to undertake the be-ble work, to which gratitude and duly equally invite.
