Propose to Publish by Subscription, exolelond and OF THE COURT OF APPEALS OF MARYLAND,

To be Reported by Thomas Harris, Esquire, Clerk of the Court of Ap. peals, and Reverly Johnson, Esquire, Altorney at Law.

These Decisions willform a continuation of the first volume of Reports already pub-lished by Mess's Harris and Johnson, which closes with the year 1805. It is proposed to publish the Decisions in a Series of Numbers, each to contain not less than one hundred and twenty five pages, and four numbers to constitute a volume. The last number of each volume will contain a full and complete Index. This mode of publication, it is conceived, possesses advantages which give it a decided preference to that of publishing the Reports in bulky volumes. It ensures the earlier publication of the Reports, and as not more than four numbers will be published in a year, the

expense will not be so sensibly felt.
TERMS.
The price of each number of the Reports will 31 25, payable on delivery.

Subscriptions to the above Work are received at Shaw & Gambrill's Store, the Maryland Gazette Office, and the respec-tive Offices of the County Clerks of this

Hair Restorative

And Preservative Vegelable Gerale, FACTS ARE STUBBORN THINGS

I have now in my possession a cet-tificate from a gentleman to whom reference will be given to those whe wish positive proof of the powerful of. fect of the Hair Cerate. In this case fect of the Hair Cerate. In this case a large space on the head was perfectly bald, but now, wonderful to behold it is covered with a beautiful, strong thick crop of hair; and this rapid veget tation came to perfection in about two months by the use of not quite two boxes of the Vegetable Hair Cerate bought at my shop I therefore, in full confidence recommend it to the public, that by attending to the method prescribed for using it, they will not be disappointed in their expectations.

JOHN LOVE.

Sole Agent for the state of Maryland March 22.
More proof of the wonderful effects of the Vegetable Hoir Restorative Cerate, which I have just received in the following certificates from New York, &c.

Northampton county, Penn. Jan. 23. Having observed in the Baltimore and Philadelphia papers the wonder-ful effects the Vegetable Cerate has

produced on numbers of persons, and having the misfortune to lose my hair about two years ago, I purchased some of the article and made use of it according to the directions, and in about four months I had an elegant coat of hair, and I can safely say it is one of the greatest discoveries ever made as it respects restoring the hair. JAMES WOOD. Long Island, March 25, 1824.

I saw in the New York Patriot a remedy for the hair, called the Vege. table Cerate, and being bald on the top of my head, I purchased a box, and after using about three quarters of it, I perceived my hair coming out; I shaved it off according to the directions still using the Cerate, and in about three months I had a fine head of hair; I have, therefore, no hesitation in re-commending it to the public.

J. GARDNER. New York, March 20, 1824, As I had heard from numbers of persons the great benefit they had received from the use of the Vegetable Cerate, and having lost nearly all my hair, and tried every thing to restore it without effect, I purchased some of the Cerate of Dr. James II. Hart. and continued its use about three or four months, and found it answered the most salutary effects. To those who are desirous of preserving and restor-ing their hair, I therefore cheerfully recommend it to the public in general in the highest terms.

WILLIAM PATTEN. North-Moore street, March 1, 1824. With the greatest satisfaction, I do recommend the Vegetable Cerate. Having lost almost all my hair, by its falling off, I made use of the Vege-table Cerate and found the greatest benefit, it has cured my hair not only that, it softens the hair, and gives it a most elegant glossy appear-

Dr. James H. Hart of New York, s well acquainted with me, and can testify to the above.

ELIZABETH HUGHES.
TO THE PUBLIC.—In justice to the discoverer of the celebrated Hair Restorative and Preservative Vegetable Cerate, [which is advertised in this paper] as well as for the benefit of such as may be afflicted with the loss of hair, I feel it my duty to give publicity to the following facts. About four years ago my hair all came out and left my head entirely bald; I used a great variety of means, among which were all the imported oils that are cenerally use hair, to restore it again, without effect. Having seen the Vegetable Cerate last summer, I procured some of it, and, after using it about four months, night and morning, my head is now covered with a beautiful and vigorous growth of hair. It has had the desired effect with me, and I earnestly recommend it to those who have unfor-tunately lost their hair, as being the only effectual restorative now in use.

WILLIAM SMITH, Of Burlington county, N. J. Newark, March 12, TO THE LADIES.

New York, Varick st. Feb. 20, 1824.
As it respects the Vegetable Cerate that has been published in our New York papers for this sometime past, and the many benefits it has produced on various persons, I therefore pureffect, and I can safely say, it is the only thing that has ever been of benefit to me, it not only prevents the hair fit to me, it not only prevents the hair from falling off, but gives the most stubborn hair a most beautiful natural curl, and I highly recommend it to all the ladies in the highest terms.

The original copies of the preceding interpretates, can be seen at the store of Dr. James H. Hart, copier of Chamber street and Breadway, New York.
