To the Voters

Fellow Citizens, I am induced to offer myself a candidate to represent you in the next assembly of Maryland, under an apprehension that the time is approaching wherein I presume you will not apprehend it necessary for you to query, Is he of this or the other party? but rather is he honest, industrious and qualified? Is he one that doth desire the peace, improvement and prosperity of our country? Feeling conscious that those are my motives, I respectfully solicit your patronage; and if I should prove so successful as to be elected, I would presume that your favor would be more amply repaid by diligently endeavoring according to my capacity, to promote the best interests of my fellow citizens, than by any other, and am with respect your well wisher.

Prince George's County LAND FOR SALE.

I will sell the tract of land situated in the above named county, my late residence, containing about 364 1/2 acres; this tract adjoins the lands of Dr. Duckett and of Mr. Cgle. The soil is good and susceptible of improvement by plaiaster and clover. Commodious new dwelling house, with other buildings, chiefly new, are on the land. A minute description is thought unnecessary, as those inclined to purchase will view the premises and judge for themselves. The terms of sale will be accommodating. Not having it in my power to attend to the land, induces me to offer it for sale. The purchaser could also have what stock may be on the place, at the time of contracting.

Annapolis June 12.

Public Sale.

By virtue of a decree of the Chancery Court of the state of Maryland, the subscriber will offer at Public Sale, on the premises, on Thursday the 25th day of August next, if fair, if not the first fair day thereafter, (Sunday excepted,) part of a tract of land called

The Addition to Timber Ridge,

Lying and being in Anne Arundel county, and situate on the stage road leading from Baltimore to Annapolis, about six miles from Crags' ferry, being the real estate of Samuel Yieldhall, late of Anne Arundel county, deceased, this land is of a soil well adapted to the cultivation of Indian Corn and Rye, and all kinds of vegetables suited to the Baltimore market; it is situate in a fine healthy neighbourhood, and from its vicinity to the city of Baltimore, the produce of the farm can at all times be transported to a good market with small expense. This land being so generally known it is deemed unnecessary to give a more minute description, as persons who may be disposed to purchase, can view the premises, before or on the day of sale, by applying to Elijah Yieldhall. The Terms of Sale are, a credit of twelve months, the purchaser giving bond and security for the payment of the purchase money, with interest from the day of sale.

DECISIONS OF THE COURT OF APPEALS OF MARYLAND.

Shaw & Gambrill, ANNAPOILIS.
Propose to Publish by Subscription, THE DECISIONS OF THE COURT OF APPEALS OF MARYLAND.

To be Reported by Thomas Harris, Esquire, Clerk of the Court of Appeals, and Reverdy Johnson, Esquire, Attorney at Law.
These Decisions will form a continuation of the first volume of Reports already published by Messrs. Harris and Johnson, which closes with the year 1803. It is proposed to publish the Decisions in a Series of Numbers, each to contain not less than one hundred and twenty five pages, and four numbers to constitute a volume. The last number of each volume will contain a full and complete Index. This mode of publication, it is conceived, possesses advantages which give it a decided preference to that of publishing the Reports in bulky volumes. It ensures the earlier publication of the Reports, and as not more than four numbers will be published in a year, the expense will not be so sensibly felt.

TERMS.
The price of each number of the Reports will be \$1.25, payable on delivery.
Subscriptions to the above Work are received at Shaw & Gambrill's Store, the Maryland Gazette Office, and the respective Offices of the County Clerks of this state.

In short every convenience necessary for the comfortable accommodation of a large family, and the servants, and stock of an extensive plantation. IN COUNCIL,

Annapolis May 11 1824.

Ordered, That the act, entitled, An act to alter the time of the meeting of the General Assembly of this state, and for other purposes, passed at the last session, be published once a week, for six weeks in the Maryland Republican and Maryland Gazette, at Annapolis, the Patriot, American, and Federal Gazette at Baltimore; the Political Examiner, Greaves and Herbert's paper; the Bond of Union at Belle Air; the True American at Rockville; the Star, and Gazette at Easton, the National Intelligencer; in the Maryland Advocate at Cumberland; and the Political Intelligencer at Frederick Town.

By Order
NINIAN PINKNEY
Clerk of the Council.

AN ACT

To alter the time of the meeting of the General Assembly of this state, and for other purposes.

Sec. 1. Be it enacted by the General Assembly of Maryland, That the time of the meeting of the General Assembly of this state, shall be on the last Monday of December, in each year, instead of the first Monday of said month as is now prescribed by the constitution and form of government.

2. And be it enacted, That the Governor of this state shall be chosen on the first Monday of January in each and every year, in the same manner as is now prescribed by the constitution and form of government, and the council to the governor shall be elected on the first Tuesday after the first Monday of January, in each and every year, in the same manner as is now prescribed by the constitution and form of government.

3. And be it enacted, That all annual appointments of civil officers in this state shall be made in the third week of January, in every year, in the same manner as the constitution and form of government now directs.

4. And be it enacted, That all and every part of the constitution and form of government that is repugnant to or inconsistent with the provisions of this act, be, and the same are hereby repealed, abrogated and annulled, upon the confirmation hereof.

5. And be it enacted, That if this act shall be confirmed by the General Assembly after the next election of delegates, in the first session after such new election, as the constitution and form of government directs, that in such case this act and the alterations and amendments therein contained, shall be taken and considered, and shall constitute and be valid as a part of the said constitution and form of government to all intents and purposes, any thing in said constitution and form of government to the contrary notwithstanding.

St. John's College.

The visitors and governors of St. John's College, being desirous to render this institution as extensively useful as may be practicable, and to diffuse the benefits and blessings of education, as far as is in their power, have reduced the price of tuition money to 24 dollars per annum. The visitors and governors feel perfectly justified in recommending to the public, the talents, assiduity, and department of the faculty, employed to superintend the instruction of the pupils, as well as the discipline which has been adopted in the institution, and which is faithful, mildly, but energetically enforced. The visitors have not been unmindful of the accommodation of students coming from a distance; they are fully sensible of the tender solicitude of parents for the morals, the health and domestic comforts of their children, when separated from them; and have made arrangements, whereby students may be boarded in the most respectable families for 120 dollars; making the total expense for tuition and board only 144 dollars per annum. In consequence of the serious losses heretofore sustained by the institution from the failure of pupils to pay for their education, the visitors have deemed it expedient for sometime past, that the tuition money be paid quarterly in advance, and no pupil can be received into the College, without a compliance with this rule—a rule which most other public seminaries have found it necessary to adopt. The visitors and governors avail themselves of this occasion, to assure the public, that their endeavours to render St. John's College a blessing to the community, and an ornament to the state, shall be steady and unremitting; and they feel an honest conviction, that under the steady and energetic system pursued, St. John's will once more stand proudly, amongst the foremost literary institutions of the land, again resume its ancient reputation and dignity, become the nursery of valuable citizens for the community, and rear up from the rising generations, ornaments to their families, their college, and their country.

And that dreadful disease occasioned by a long and excessive use of mercury, &c. It is also useful in diseases of the liver."

CERTIFICATES.
I have within the last two years had an opportunity of seeing several cases of very inveterate ulcers, which having resisted previously the regular modes of treatment, were healed by the use of Mr. Swaim's Panacea, and I do believe, from what I have seen, that it will prove an important remedy in scrofulous, venereal and mercurial diseases.

N. CHAPMAN, M.D.
Professor of the Institutes and Practice of Physic in the University of Pennsylvania.

I have employed the Panacea of Mr Swaim in numerous instances, within the last three years, and have always found it extremely efficacious especially in secondary syphilis, and mercurial disease. I have no hesitation in pronouncing it a medicine of inestimable value.

Hair Restorative
And Preservative Vegetable Cerate. FACTS ARE STUBBORN THINGS.

I have now in my possession a certificate from a gentleman to whom reference will be given to those who wish positive proof of the powerful effect of the Hair Cerate. In this case a large space on the head was perfectly bald, but now, wonderful to behold, it is covered with a beautiful, strong, thick crop of hair; and this rapid vegetation came to perfection in about two months by the use of not quite two boxes of the Vegetable Hair Cerate bought at my shop. I therefore, in full confidence recommend it to the public, that by attending to the method prescribed for using it, they will not be disappointed in their expectations.
JOHN LOVE,
Sole Agent for the state of Maryland,
March 22.

More proof of the wonderful effects of the Vegetable Hair Restorative Cerate, which I have just received in the following certificates from New York, &c.
Northampton county, Penn. Jan. 22, 1824.

Having observed in the Baltimore and Philadelphia papers the wonderful effects the Vegetable Cerate has produced on numbers of persons, and having the misfortune to lose my hair about two years ago, I purchased some of the article and made use of it according to the directions, and in about four months I had an elegant coat of hair, and I can safely say it is one of the greatest discoveries ever made as it respects restoring the hair.

JAMES WOOD,
Long Island, March 25, 1824.
I saw in the New York Patriot a remedy for the hair, called the Vegetable Cerate, and being bald on the top of my head, I purchased a box, and after using about three-quarters of it, I perceived my hair coming out; I shaved it off according to the directions, still using the Cerate, and in about three months I had a fine head of hair. I have, therefore, no hesitation in recommending it to the public.

J. GARDNER,
New York, March 20, 1824.

As I had heard from numbers of persons the great benefit they had received from the use of the Vegetable Cerate, and having lost nearly all my hair, and tried every thing to restore it without effect, I purchased some of the Cerate of Dr James H. Hart, and continued its use about three or four months, and found it answered the most salutary effects. To those who are desirous of preserving and restoring their hair, I therefore cheerfully recommend it to the public in general in the highest terms.

WILLIAM PATTEN,
North-Moore street, March 1, 1824.
With the greatest satisfaction, I do recommend the Vegetable Cerate, by its falling off, I made use of the Vegetable Cerate and found the greatest benefit, it has cured my hair entirely, not only that, it softens the hair, and gives it a most elegant glossy appearance.

Dr. James H. Hart of New York, is well acquainted with me, and can testify to the above.

ELIZABETH HUGHES,
TO THE PUBLIC.—In justice to the discoverer of the celebrated Hair Restorative and Preservative Vegetable Cerate, [which is advertised in this paper] as well as for the benefit of such as may be afflicted with the loss of hair, I feel it my duty to give publicity to the following facts. About four years ago my hair all came out and left my head entirely bald; I used a great variety of means, among which were all the imported oils that are generally used for restoring the hair, to restore it again, without effect. Having seen the Vegetable Cerate last summer, I procured some of it, and, after using it about four months, night and morning, my head is now covered with a beautiful and vigorous growth of hair. It has had the desired effect with me, and I earnestly recommend it to those who have unfortunately lost their hair, as being the only effectual restorative now in use.

WILLIAM SMITH,
Of Burlington county, N. J.
Newark, March 12.

TO THE LADIES.
New York, Varick st, Feb. 20, 1824.
As it respects the Vegetable Cerate that has been published in our New York papers for this sometime past, and the many benefits it has produced on various persons, I therefore purchased some of the article to try its effect, and I can safely say, it is the only thing that has ever been of benefit to me, it not only prevents the hair from falling off, but gives the most stubborn hair a most beautiful natural curl, and I highly recommend it to all the ladies in the highest terms.

ANN THEAN,
The original copies of the preceding certificates, can be seen at the store of Dr. James H. Hart, corner of Chamber street and Broadway, New York.
