To the Voters
 Of Anne-Arundel County.

Fellow Citizens.—I am induced to offer myself a candidate to represent you in the next assembly of Maryland, under an apprehension that the time is approaching wherein I presume you will not apprehend it necessary for you to query, is he of this or the other party? but rather is he honest, industrious and qualified? Is he one that doth desire the peace, improvement and prosperity of our country? Feeling conscious that those are my motives, I respectfully solicit your patronage, and if I should prove so successful as to be elected, I would presume that your favour would be more amply repaid by diligently endeavouring according to my capacity, to promote the best interests of my fellow citizens, than by any other, and am with respect your well wisher.

DECISIONS
 OF THE
 COURT OF APPEALS OF MARYLAND.

Shaw & Gambrill,
 ANNAPOILIS.

Propose to Publish by Subscription, **THE DECISIONS OF THE COURT OF APPEALS OF MARYLAND.**

To be Reported by Thomas Harris, Esquire, Clerk of the Court of Appeals, and Reverdy Johnson, Esquire, Attorney at Law.

These Decisions will form a continuation of the first volume of Reports already published by Messrs Harris and Johnson, which closes with the year 1805. It is proposed to publish the Decisions in a Series of Numbers, each to contain not less than one hundred and twenty five pages, and four numbers to constitute a volume. The last number of each volume will contain a full and complete Index. This mode of publication, it is conceived, possesses advantages which give it a decided preference to that of publishing the Reports in bulky volumes. It ensures the earlier publication of the Reports, and as not more than four numbers will be published in a year, the expense will not be so sensibly felt.

TERMS.
 The price of each number of the Reports will be \$1 25, payable on delivery.

Subscriptions to the above Work are received at Shaw & Gambrill's Store, the Maryland Gazette Office, and the respective Offices of the County Clerks of this State.

CAUTION.

The public are cautioned against a certain pedlar who calls himself LOCKRON, or LOCKRIDGE, who came to my house on Tuesday the 13th inst. I requested him to change \$50, he said he could not change a note so large, but he would give me change for a five dollar note. Through mistake I gave him for change the fifty dollars, instead of five. I called upon the scoundrel to return the balance, which he refused to do.

Those who are inclined to detect villains of this description, will please to notice, that this note is on the Mechanics Bank of Baltimore, and the number believed to be 661.

Any information upon this subject communicated to John Randall, Jr. esq. in Annapolis, or Richard G. Watkins, at West River, will be very obliging.

A single man is preferred, but a family would not be objected to. To prevent giving trouble in the first instance, the applicants may address a letter to either Mr. Edward Williams, Annapolis, or Mr. Benjamin Rawlings, Baltimore, (who are well acquainted on the Eastern Shore,) referring them to such persons as may have a knowledge of their character and qualifications, the removing from Baltimore to the farm will be free from any expense. Also a strong, active young man would be employed immediately, to work on a farm at \$10 per month; inquires above.

St. John's College.

The visitors and governors of St. John's College, being desirous to render this institution as extensively useful as may be practicable, and to diffuse the benefits and blessings of education, as far as is in their power, have reduced the price of tuition money to 24 dollars per annum. The visitors and governors feel perfectly justified in recommending to the public, the talents, assiduity, and deportment of the faculty, employed to superintend the instruction of the pupils, as well as the discipline which has been adopted in the institution, and which is faithfully, mildly, but energetically enforced. The visitors have not been unmindful of the accommodation of students coming from a distance; they are fully sensible of the tender solicitude of parents for the morals, the health and domestic comforts of their children, when separated from them; and have made arrangements, whereby students may be boarded in the most respectable families for 120 dollars; making the total expense for tuition and board only 144 dollars per annum. In consequence of the serious losses heretofore sustained by the institution from the failure of pupils to pay for their education, the visitors have deemed it expedient for sometime past, that the tuition money be paid quarterly in advance, and no pupil can be received into the College, without a compliance with this rule—a rule which most other public seminaries have found it necessary to adopt. The visitors and governors avail themselves of this occasion, to assure the public, that their endeavours to render St. John's College a blessing to the community, and an ornament to the state, shall be steady and unremitted; and they feel an honest conviction, that under the steady and energetic system pursued, St. John's will once more stand pre-eminent amongst the foremost literary institutions of the land, again resume its ancient reputation and dignity, become the nursery of valuable citizens for the commonwealth, and rear up from the rising generations, ornaments to their families, their college, and their country.

Hair Restorative.
 And Preservative Vegetable Cerate. **FACTS ARE STUBBORN THINGS.**

I have now in my possession a certificate from a gentleman to whom reference will be given to those who wish positive proof of the powerful effect of the Hair Cerate. In this case a large space on the head was perfectly bald, but now, wonderful to behold, it is covered with a beautiful, strong, thick crop of hair; and this rapid vegetation came to perfection in about two months by the use of not quite two boxes of the Vegetable Hair Cerate bought at my shop I therefore, in full confidence recommend it to the public, that by attending to the method prescribed for using it, they will not be disappointed in their expectations.

JOHN LOVE,
 Sole Agent for the state of Maryland,
 March 22.

More proof of the wonderful effects of the Vegetable Hair Restorative Cerate, which I have just received in the following certificates from New York, &c.

Northampton county, Penn. Jan. 22, 1824.

Having observed in the Baltimore and Philadelphia papers the wonderful effects the Vegetable Cerate has produced on numbers of persons, and having the misfortune to lose my hair about two years ago, I purchased some of the article and made use of it according to the directions, and in about four months I had an elegant coat of hair, and I can safely say it is one of the greatest discoveries ever made as it respects restoring the hair.

JAMES WOOD.
 Long-Island, March 25, 1824.

I saw in the New York Patriot a remedy for the hair, called the Vegetable Cerate, and being bald on the top of my head, I purchased a box, and after using about three quarters of it, I perceived my hair coming out; I shaved it off according to the directions, still using the Cerate, and in about three months I had a fine head of hair; I have, therefore, no hesitation in recommending it to the public.

J. GARDNER.
 New York, March 20, 1824.

As I had heard from numbers of persons the great benefit they had received from the use of the Vegetable Cerate, and having lost nearly all my hair, and tried every thing to restore it without effect, I purchased some of the Cerate of Dr. James H. Hart, and continued its use about three or four months, and found it answered the most salutary effects. To those who are desirous of preserving and restoring their hair, I therefore cheerfully recommend it to the public in general in the highest terms.

WILLIAM PATTEN.
 North-Moore street, March 1, 1824.

With the greatest satisfaction, I do recommend the Vegetable Cerate. Having lost almost all my hair, by its falling off, I made use of the Vegetable Cerate and found the greatest benefit, it has cured my hair entirely, not only that, it softens the hair, and gives it a most elegant glossy appearance.

Dr. James H. Hart of New York, is well acquainted with me, and can testify to the above.

ELIZABETH HUGHES.

TO THE PUBLIC.—In justice to the discoverer of the celebrated Hair Restorative and Preservative Vegetable Cerate, [which is advertised in this paper] as well as for the benefit of such as may be afflicted with the loss of hair, I feel it my duty to give publicity to the following facts. About four years ago my hair all came out and left my head entirely bald; I used a great variety of means, among which were all the imported oils that are generally used for restoring the hair, to restore it again, without effect. Having seen the Vegetable Cerate last summer, I procured some of it, and after using it about four months, night and morning, my head is now covered with a beautiful and vigorous growth of hair. It has had the desired effect with me, and I earnestly recommend it to those who have unfortunately lost their hair, as being the only effectual restorative now in use.

WILLIAM SMITH,
 Of Burlington county, N. J.
 Newark, March 12.

TO THE LADIES.
 New York, Varick at, Feb. 20, 1824.

As it respects the Vegetable Cerate that has been published in our New York papers for this sometime past, and the many benefits it has produced on various persons, I therefore purchased some of the article to try its effect, and I can safely say, it is the only thing that has ever been of benefit to me, it not only prevents the hair from falling off, but gives the most stubborn hair a most beautiful natural curl, and I highly recommend it to all the ladies in the highest terms.

WILLIAM THEAN.

The original copies of the preceding certificates, can be seen at the store of Dr. James H. Hart, corner of Chamber street and Broadway, New York.
