Annapolis and Baltimore
PACKET.
THE SLOOP
George Washington.

Built by the late Capt. John Barber,
expressly for a Packet, has lately been
painted and fitted up in a commodious
style for the accommodation of pas-
sengers, and conveyance of freight
between this city and Baltimore. This
has been attended with considerable
expense, which must be defrayed by
the profits arising from the business
of this vessel only—the subscriber no
longer holding an interest in the work
of the other boat, the partnership
connexion between the two, having
been dissolved. Under these circum-
stances, the subscriber solicits for the
Sloop the support of a liberal public,
and more particularly the encourage-
ment of those friends, who in the life-
time of the former owner, gave a pre-
ference to the sloop.

Careful and experienced hands are
employed to navigate this vessel, under
the immediate superintendance of the
son of the subscriber, John T. Barber,
who will execute with pleasure and
faithfulness, any business with which
he may be entrusted.
Farmers, planters and others, re-
siding on navigable branches of the
Chesapeake, who may wish to transport
Grain, Tobacco, or other commodities
to the Baltimore market, can at a
short notice, and on moderate terms,
have the use of the sloop for this pur-
pose. The Sloop is staunch and new
and is considered as safe a vessel as
any one belonging to this Bay.

ADVERTISEMENTS.
Postponement of the Maryland Cattle
Show—for the Western Shore.
This great annual festi-
val of our farmers, has
been postponed to the 23d
and 24th and 25th of Nov.
Various considerations led to the adoption
of this measure—first, the days previously
fixed upon, happened to be on the days of
the yearly meeting of Friends in this city
—and it has always been a matter of par-
ticular pleasure to the members of the
Society, as well as an eminent advantage to
the Institution, that its objects have been
approved and patronized by that industri-
ous and most exemplary class of our citi-
zens.

I was thought, too, that the number of
recent occasions for bringing the people
from their homes, and especially the all-
sorbng curiosity to see, and desire to pay
respect to the "Nation's Guest," would
prevent many from so soon leaving their
homes again, and finally, when Gen. La
Fayette accepted the Diploma of Member
ship of our Society, he claimed for him-
self the honor of being a practical, agricul-
turalist, and declared his partiality for its
pursuits and expressed a strong desire to
present a our next exhibition; when if he
can attend, as it is hoped and expected he
may, the premiums will be delivered by his
hand, to the fortunate competitors, with an
inscription to that effect—Under all these
circumstances it has been judged, by the
Trustees, expedient to postpone the next
Agricultural Fair and Exhibition to the
23rd and 24th of November, one week after
the Cattle show at Easton, in Talbot County,
which takes place on the 9th and 20th of
November. It is most earnestly requested
of the several Editors of papers in Mary-
land and the District of Columbia, all of
whom are, from their politeness in for-
warding the views of the Institution, con-
sidered members thereof, that they will in-
sert the above in their respective journals,
and allow it to stand in a conspicuous place
until after the show.

DECISIONS
OF THE
COURT OF APPEALS OF MARY-

PUBLISHED
By Subscription.
THE DECISIONS
OF THE COURT OF APPEALS
OF MARYLAND,
To be Reported by Thomas Harris,
Esquire, Clerk of the Court of Ap-
peals, and Beverly Johnson,
Esquire, Attorney at Law.

These Decisions will form a continuation
of the first volume of Reports already pub-
lished by Messrs. Harris and Johnson,
which closes with the year 1805. It is
proposed to publish the Decisions in a Se-
ries of Numbers, each to contain not less
than one hundred and twenty five pages,
and four numbers to constitute a volume.
The last number of each volume will con-
tain a full and complete Index. This mode
of publication, it is conceived, possesses ad-
vantages which give it a decided preference
to that of publishing the Reports in bulky
volumes. It ensures the earlier publication
of the Reports, and as not more than four
numbers will be published in a year, the
expense will not be so sensibly felt.

syphilis, or affections arising there-
from; ulcers in the larynx, nodes, &c.
And that dreadful disease occasioned
by a long and excessive use of mer-
cury, &c. It is also useful in diseases
of the liver."

CERTIFICATES.
I have within the last two years
had an opportunity of seeing several
cases of very inveterate ulcers, which
having resisted previously the regular
modes of treatment, were healed by
the use of Mr Swaim's Panacea, and
I do believe, from what I have seen,
that it will prove an important reme-
dy in scrofulous, venereal and mercuri-
al diseases.

Practice of Physic in the University

I have employed the Panacea of
Mr Swaim in numerous instances,
within the last three years, and have
always found it extremely efficacious
especially in secondary syphilis, and
mercurial disease. I have no hesita-
tion in pronouncing it a medicine of
inestimable value.
