THE DECISIONS OF THE COURT OF APPEALS OF MARYLAND. PUBLISHED BY SUBSCRIPTION. To be Reported by Thomas Harris Esquire, Clerk of the Court of Appeals, and Reverdy Johnson Esquire, Attorney at Law. These Decisions will form a continuation of the first volume of Reports already published by Messrs. Harris and Johnson, which closes with the year 1805. It is proposed to publish the Decisions in a series of Numbers, each to contain not less than one hundred and twenty five pages, and four numbers to constitute a volume. The last number of each volume will contain a full and complete Index. This mode of publication, it is conceived, possesses advantages which give it a decided preference to that of publishing the Reports in book volumes. It ensures the earlier publication of the Reports, and as not more than four numbers will be published in a year, the expense will not be so sensibly felt.

Clean Linen and Cotton Rags, and are purchased at the Store of the State of Maryland.

Ordered to be engrossed. And delivers a bill, entitled, An act respecting the equity jurisdiction of the county courts in the sixth judicial district of Maryland, endorsed 'will pass', which was read. And the following message:

BY THE SENATE, February 3, 1825. Gentlemen of the House of Delegates, We have, at your suggestion, reconsidered the bill to limit the number of justices of the peace, in the several counties of this state, and can see no reason for departing from our former decision.

That evils have arisen from the great number of the justices of the peace, dispersed throughout the state, and the incompetency of many of them, to discharge the duties of their office, the senate are very willing to admit; and if no sufficient remedy existed, by which these evils could be removed, the senate would feel itself bound to concur in such an act of legislation, as would effectually prevent the continuance of this grievance—but in the opinion of the senate, a remedy does already exist, and exists where, properly sought, with the appointing power. There can be no reasonable doubt, that whenever a representation made to the executive, from the customary source, that the evils intended to be removed by this bill do exist, the proper corrective will immediately be applied. Under this view of the subject, the senate have again rejected the bill.
