This mode of drawing not only ena bles the Commissioners to complete the whole Lottery in One Drawing, but has the great advantage of distri buting the small prizes regularly to every alternate number in the scheine so that the holder of two snares of tickets (one odd & one even number) will be certain of obtaining at least one prize, and in the same ratio for greater quantity.

A Ticket drawing a superior prize in this scheme, is not restricted from frawing an inferior one also. The drawing will take place in the City of Bastimore on

Wednesday the 18 n of MAY, and will flaish on the some day. A ve ry short period therefore, intervening ef re the time of drawing will ar rive -adventurers at a distance should avail themselves of the very superior advantages offered by the scheme and send on their orders without delaythey will remark the low rate of tick ets-the very triding risk to be run, (there not being one Blank to a prize) and that the capital prize of twenty thousand dollars, is of a magnitude hitherto unprecedented for so small a ested-thouse all however, is the certainty of obtaining at least one prize by the purchase of two tick ets or two shares-(one odd and one even number) and in the same ratio of certainty in the purchase of a greater number of tickets or shares.

The limits of an advertisement do not permit a detail of the various and many advantages in this improved mode of Lottery-they will naturally present themselves to the adventurer on examination of the scheine, to a scrutiny of which, we invite their attention.
