

All in one Day.
 To be drawn in the City of Baltimore more 27th NEXT MONTH, (JULY),
BY THE IMPROVED MODE,
 Secured by Letters Patent under Seal of the United States.
COHEN'S OFFICE—Baltimore,
 June 2d, 1825.

The Improved Mode of drawing having been universally and so decidedly approved by the public, as evinced by the unprecedented sales in the late State Lottery, the Commissioners appointed by the Governor and Council have again adopted the same plan in the following scheme, which we have the pleasure now to present, viz.

GRAND STATE LOTTERY OF MARYLAND,
No. 5.
Highest Prize 40,000 Dols.
SPLENDID SCHEME:

1 prize of \$40,000 is	\$40,000
1 prize of 10,000 is	10,000
1 prize of 5,000 is	5,000
10 prizes of 1,000 is	10,000
30 prizes of 100 is	3,000
80 prizes of 50 is	2,500
200 prizes of 20 is	4,000
250 prizes of 10 is	2,500
500 prizes of 6 is	3,000
20,000 prizes of 4 is	80,000

21,013 prizes - - - \$160,000
 40,000 Tickets.
 More Prizes than Blanks.

Every Prize payable in CASH, sixty days after the drawing—subject to a deduction of fifteen per cent.

MODE OF DRAWING:—The Numbers will be put into a wheel as usual—and in the other wheel will be put, the prizes above the denomination of Four dollars, and the drawing to progress in the usual manner. The 20,000 prizes of \$4 will be awarded to the odd or even Numbers of the Lottery (as the case may be) dependant on the drawing of the capital prize of Forty Thousand Dollars—that is to say, if the 40,000 dollar prize should come out to an Odd number, then every Odd Number in the Scheme will be entitled to a \$4 prize. If the 40,000 dollar prize should come out to an Even number, then all the Even Numbers in the Scheme will be each entitled to a prize of \$4.

Odd Numbers are those ending with 1, 3, 5, 7, or 9.
 Even Numbers are those ending with 2, 4, 6, 8, or 0.

This mode of drawing not only enables the Commissioners to complete the whole Lottery in One Drawing, but has the great advantage of distributing the small prizes regularly to every alternate number in the scheme, so that the holder of two tickets or two shares of tickets (one odd and one even number) will be certain obtaining at least one prize, and in the same ratio for any greater quantity.

A ticket drawing a superior prize in this scheme, is not restricted from drawing an inferior one also; (many tickets therefore will necessarily obtain Two Prizes Each.)

The Drawing will take place in the City of Baltimore on Wednesday, the 27th July, and will finish on the same day.

The Brilliance of this scheme is Altogether Unprecedented. Adventurers will remark the low rate of tickets—the very trifling risk incurred, (there not being one blank to a prize) and that the capital prize of FORTY THOUSAND DOLLARS, is of a magnitude hitherto unprecedented for so small a sum invested; above all, however, is the Certainty of Obtaining At Least One Prize, by the purchase of two tickets or two shares, (one odd and one even number) and in the same ratio or certainty in the purchase of a greater number of tickets and shares.

Whole Tickets, \$5 00 | Quarters, 1.25
 Halves, 2.50 | Eighths, 62
 To be had, in the greatest variety of Nos. (Odd and Even) at

COHEN'S
 Lottery and Exchange Office, 114 Market-st. BALTIMORE.

Where in the late State Lotteries, were sold the Great Capitals of 100,000 dollars—40,000 dollars—two of 20,000 dollars—three of 10,000 dollars, besides no less than twelve capitals of 5,000 dollars, &c. and where more capital prizes have been obtained than at any other Office in America.

Orders from any part of the United States or Territories, enclosing the cash or prizes in any of the Lotteries, (post paid) will meet our accustomed prompt attention. Address to

J. I. COHEN, Jr.
 Baltimore, June 2d, 1825.

W. C. Conine,
 Tenders to his friends, patrons, and the public generally, his sincere acknowledgments for the magnificent patronage extended to him in the Fourth Class of the Maryland State Lottery, and does himself the pleasure now of presenting the Fifth Class of said lotteries, wherein he calculates, with liberal support, to have the satisfaction of distributing among the adventurers, as he did in the last class, a number of valuable prizes.

The scheme is expected will elicit general approbation, from the brilliancy of its capital, the great number of valuable prizes contained in it, and the comparatively low rate of tickets, added to the very superior mode of drawing, combining expedition with an object the last, by far, not of the least importance, which is the simplicity of the principle of drawing; being such, as that it is presumed, there is none who can read this, but will fully comprehend it, by the explanation given in the scheme below. This advantage (by the observations of many) it seems is not apparent to the generality of people in some of the recent devised lotteries, however otherwise correct they may be on their principles of drawing. In short it is believed, and will no doubt be conceded on all sides, that the present State Lottery of Maryland, is possessed of all the great essentials of a lottery, viz. A large proportion of prizes in the scheme, according to the number and price of tickets, with simplicity in plan, and despatch in drawing, from which it is presumed, that its extensive patronage will be in a proportionate degree.

The certain and punctual payment of prizes is as in preceding Maryland State Lotteries, guaranteed by the State.
