Georgia and the General Government.
 Executive Department.
 Milledgeville, 17th July, 1825 }
 Sir—I have only a moment left to say one word in answer to that part of your letter I had the honour to receive yesterday; which relates to the assent given by McIntosh to the survey of the country. The certificate of Marshall, no matter how procured, is one of the most daring efforts that ever was attempted by malignant villainy to palm a falsehood on ignorant credulity.
 "No matter how procured"—I will first state to you the manner in which that frightful certificate was "procured," and then proceed to show that its "daring" character consists only in its truth, and its direct tendency to expose in part the "malignant villainy" which has been extensively practiced on the credulity of many of the good citizens of Georgia and other states in reference to the Indians and the treaty. The facts contained in the certificate in question were voluntarily and to me unexpectedly communicated by Mr. William Edwards and Joseph Marshall, whose signatures it bears. Of the character of William Edwards, who is a citizen of this state, I have had no means of knowing much personally. He has been represented to me by Col. Broadnax of Pike, and by Col. Phillips of this county, as a man of truth, poor but honest and upright; a description of character applicable to a large class of the inhabitants of this and other parts of our western border, in whom I have usually found as much devotion to truth, as in any other class of American citizens.
 Joseph Marshall is personally better known to me. He is a Creek half breed, and is deemed to be a good Interpreter; and however defective, as I know he is in education, and refined moral sentiments, such as have obtained the sanction of civilized society, I have no doubt that he is one of the most upright Chiefs that ever belonged to the little treaty-making party. Neither of these men, Edwards or Marshall, appeared to me at all qualified for what you denounce their certificate to be "the most daring effort that was ever attempted by malignant villainy." Their statements were simple and apparently unprejudiced and unimpassioned. They were made after the principal business of the Council had been brought to a close, and in the presence of many of the respectable citizens of Pike county. Convinced of the propriety of all my duties with the Indians being performed in open day and in the presence of as many as would attend, of all states & of all colours; I took care that the certificate should be taken and explained in presence of the Council and all others who had seen fit to attend. I had no secret projects to promote, nor any "secret griefs" to remedy, or secret hopes to gratify, and consequently had no occasion for separating the Chiefs, or for secret examinations. The certificate was written as it was dictated, as I believe word for word, by my Aid-de-camp Lieut. E. George Washington Butler, a young officer of accomplished military education and talents, with unbending integrity and spotless honor; and who is as incapable of giving countenance to a trick or misrepresentation as was the beloved father of his country with whose name he is honoured, and whose patriotism and virtue he constantly and scrupulously imitates.

Two Valuable Farms FOR SALE.
 The subscriber offers for sale the farm on which he now resides, containing 1095 and a half acres, under good cultivation, and subject to the growth of fine tobacco, Indian Corn, and all kinds, and well adapted to clover and plaster, on which are buildings necessary to the same. Also a farm on Elk Ridge, immediately joining the mill seat of the late Richard Owings, containing 400 acres, and well adapted to the growth of any produce whatever. The improvements consist of a good dwelling house and kitchen, a barn, stable, &c.
 It is deemed unnecessary to give any further description of the above property, as any person wishing to purchase, can view the same by applying to Mr. Henry Owings, on Elk Ridge, or to the subscriber, at his residence at Holland's Island.

HEAD QUARTERS,
EASTERN DEPARTMENT,
 Indian Spring, July 28th, 1825 }
 Sir: I have to acknowledge the honour of your Excellency's letter of the 17th of this month, by which it appears that you had "only a moment to say one word" in answer to mine of the 10th.
 Your one word, comprehending however, two pretty close written pages, coming as it does from the Chief Magistrate of an enlightened and patriotic member of the United States demands my attention. Not being disposed however, to follow your example as to time I have permitted your letter to lie on my table for a week past, in the expectation that a little reflection would suggest to you the propriety of correcting some expressions apparently hasty, and calculated to call forth an answer partaking of the climate and heated atmosphere in which I find myself, against which it has been my constant purpose carefully to guard. But your letter having made its appearance in a newspaper, just now handed to me by a friend, I can no longer see the propriety of withholding a reply.
