PUBLIC SECURITY.

The Manager of the University Lottery of the State of Maryland, returns his sincere acknowledgments for the munificent patronage he has received in the former classes and he now has the honour of presenting to his friends and the public throughout the Union, the Scheme of the Eighth Glass, which is far more brilliant than All those having on them two of any scheme ever adopted and drawn the drawn numbers; and those two in the United States, and probably in the 1st and 2d drawn, will each be the 1st and 2d drawn, will each be finitely more so, than any that will be offered for several years. He flatters entitled to a prize of 1,000 offered for several years. He flatters All those having on them the 3d & himself that as all classes of adventu All those having on them the 3d & 4th, or 5th and 6th drawn, each a prize of All those having on them the lat and approved. By an attentive pend 3d; let and 4th; let and 5th, or lat and 6th, will each be entitled to a lat and 6th, will each be entitled to a surge of the solice of t All those having on them any other dable purpose, which the of acquiring two of the drawn numbers, each a and spreading knowledge, the Citizens prize of 100

And those having on them but one | States generally, will not it is hoped of the drawn numbers, each a prize | be backward in given it their support. but will patronize it as well from feel. ings of patriotism, as from the excel-lent chance now offered of adding to their property. Those not yet abound-ing in wealth, will no doubt seize at once upon the unparalelled opportunity of securing a fortune.

Venders abroad will notice that this Lottery contains but a small num-ber of Tickets, and they may find it very advantageous to make their remittances, at the time, they order tickets, less by a little delay, the tickets may all be engaged. In no instance can a credit for any large amount be allowed unless a satisfactory security be given; for, notwithstanding the integrity and property of many of those in the trade, the Manager must and will endeavour to guard against all casualties, and it must be expected' that will be looked and adhered to by him in all cases, not only for his own protection and safety, but because it. is his intention to proceed with the Lottery in such a manner, that he may have it in his power to pay the prizes promptly, and that it shall result to the entire satisfaction of all

concerned. If the foregoing considerations are not a sufficient incentive to venders and adventurers, to take an interest in this Lottery, in preference to any other, the manager trusts that the following new arrangement and voluntary act on his part, will stamp it with such a character, as shall render it justly descrying of that preference.

To insure public confidence and to prevent the possibility of loss to the holders of tickets in consequence of any casualties whatever, "it is hereby covenanted and sgreed on the part of the Manager that the current funds, received for sales of Tickets in this Lottery, shall be deposited every thirty or sixty days from and after the 10th day of October ensuing, either n the Merchants Bank in the City of New York, in the United States Bank in the city of Philadelphia, in the Philadelphia Bank of ditto city, or the Union Bank of Maryland in the City of Baltimore, and in in all, or in some one of the above named Banks respectively, the said funds shall remain as a security for the holders of tickets until the draw-ing shall have taken place, which deposits will, from time to time, be made known by some of the following named gentlemen, who have kindly consented to act, if necessary, upon occasion, and to attend to the duties herein assigned them-viz:
