The Manager of the University Lottery of the State of Maryland, returns his sincers acknowledgments for the munificent patronage lie has received in the former classes and he now has the henour of presenting to his friends and the public throughout the Union, the Scheme of the Eighth Class, which is far more brilliant than any scheme ever adopted and drawn in the United States, and probably infinitely more so, than any that will be offered for several years, . In no instance can a credit for any large amount be allowed unless a satisfactory security be given; for, notwithstanding the in-tegrity and property of many of those in the trade, the Manager must and will endeavour to guard against all casualties, and it must be expected that will be looked and adhered to by him in all cases, not only for his own protection and safety, but because it is his intention to proceed with this Lottery in such a manner, that he may have it in his power to pay the prizes promptly, and that it shall result to the entire satisfaction of all concerned.
