States generally, will not it is hoped be backward in given it their support, but will patronise it as well from feelings of patriotism, as from the excellent chance now offered of adding to their property. Those not yet abounding in wealth, will no doubt seize at once upon the unparalleled opportunity of securing a fortune. Vendors abroad will notice that this Lottery contains but a small number of Tickets, and they may find it very advantageous to make their remittances, at the time, they order tickets, less by a little delay, the tickets may all be engaged. In no instance can a credit for any large amount be allowed unless a satisfactory security be given; notwithstanding the integrity and property of many of those in the trade, the Manager must and will endeavour to guard against all casualties, and it must be expected that will be looked and adhered to by him in all cases, not only for his own protection and safety, but because it is his intention to proceed with this Lottery in such a manner, that he may have it in his power to pay the prizes promptly, and that it shall result to the entire satisfaction of all concerned.
