**A CARD**  
 To all those having, or desirous of having an interest in the 8th class of the **Grand University Lottery.**  
 The sale of tickets in the above Scheme, not having been sufficient to warrant the drawing, to take place on the 22d instant as originally intended, without a risk of considerable loss to the manager; the drawing of the same is hereby postponed for 30 or 60 days; notice of the precise day on which the Lottery will positively be drawn will however soon be given.  
**P. CANFIELD, Manager.**  
 It may not, perhaps, be necessary to assign any further reasons for this short postponement than are contained in the above. The MANAGER would however, beg leave to add, that when this class was issued, few persons, if any, anticipated in the least, the late panic in the money market, which has almost paralyzed every kind of business, and has caused such a singular and unprecedented stagnation in trade. The distress of capitalists and monied institutions has not been confined to any single state in our confederacy; but it has been severely felt from one extremity of the country to the other, and has been general in several of the oldest and wealthiest foreign countries. And it will not be considered a matter of surprise, that the same causes which have induced so recently the postponement of the drawing of an important Lottery, should have a similar effect on one of much greater magnitude. But it is hoped, that a happy change to these reverses has already commenced, and that all classes of our citizens in every part of the union will soon participate in the returning tide of prosperity. The scheme now offered is by far the most attractive and splendid of any ever presented to the public in the United States, and many very many who adventure therein will certainly be rewarded with princely fortunes or handsome additions to what they already possess.  
 Those who have not yet taken an interest in this Lottery, now have an additional opportunity offered them; and they are respectfully reminded, that by promptly purchasing chances in this most splendid scheme, they will insure an early distribution of the rich prizes it contains. As the lottery shall positively be drawn as soon as the sale of tickets will justify, and the prizes paid in cash immediately after the drawing; all persons are therefore invited to come forward, and take a ticket or share, at either of the managers' offices, where all applications personal or per letter will at any time be promptly attended to by the public's obedient servant,
