It is proposed to publish the Decisions in a Series of Numbers, each to contain not less han one hundred and twenty five pages, and four numbers to constitute a volume. The last number of each volume will contain a full and complete Index. This mode of publication, it is conceived possesses advantages which give it a decided preference to that ofpublishing the Reports in bulky volumes. It ensures the earlier publication of the Reports, and as not more than four numbers will be published in a year, the expense will not be so sensibly felt.
