Dr. Hall's Truss the relief and care of Her-

For the relief did care of Her-niu, or Hupture.

Dr. AMOS O HULL, having wit-nessed, during twenty five years practice in Surgery, the distress and misery attending the disease of Rup ture and the fatal consequences fre-quently incident to it, and being con-vinced that the unhappy effects were generally the result of badly-con-structed Trusses or the neglect to use any, was prompted from feelings of any, was prompted from feelings of professional duty, and an anxious deire to witness a more effectual remedy, to devote a share of his time to the construction of an instrument for that pirpose He is now satisfied that he has brought into suce saful opera tion a Truss, constructed on a new principle and adapted to all cases of Rupture in both sexes; always, with out an exception. fulfilling the indi-cation of confining or keeping up the howel, and often, especially in persons and recent cases, effecting a permanent cure.

Let it be observed that the pad of this truss, instead of being convex that of all other Trusses, is slightly concave, like the open palm of the hand. This pad being placed over the rupture and the spring of the truss exerting its power upon the cen tre of it, the strong pre-sure is made by its circular margin, around the unites the ruptured part so as to effect a radical cure of the complaint. The following testimonials in its fa

your, are submitted to the public Extract from the second edition of "Thatcher's Modern Practice of Physic." Boston 1826.

"A great variety of Trusses, form ed on different principles, have been from time to time, introduced to pub the notice; but with one exception i found altogether deficient in those just principles upon which such instraments ought to be formed It is with in a few years that a l'russ has beer invented by Dr. A. G. Hull, a respec table Physician and Surgeon of New York, and late President of the Onei da Medical Society, which is incom-parably superior in its principles an properties to any of those previously in use. Dr Hull is exclusively enti-tled to the credit of first adapting the true surgical principle for the radical ed the idea that the pad of the Truss should be so constructed as simply to support the muscular fibres around ring or aperture as much as pos sible, in the state in which they are maintained in perfect health. Unless this be attained the parts can never recover their natural tone, whatever may be the degree of pressure appli

Valentine Mott, M D Professor of

Yalentine Mott, M. D. Professor of Surgery in the University of New York deposes:

"The great and signal benefits which are produced by this I'russ, result from its strict subservance to and accordance with Scientific and Surgical principles. Its mechanical adaptation to the parts the simplicity of its construction the limited motion nicely graduated by expe iment, to the different attitudes of the body. and to the action of the muscles; the permanency of its location on the body, and its permanency dr, and its pressure on the circum ference of the abdominal ring, are qualities, the tendency of which is to strengthen and restore the weakened parts, to contract the sperture, and ultimately to accomplish a cure of the "The operation and effects of this

Truss is therefore directly the reverse all frus-es heretofore in use; which being convex tended to enlarge the dimensions of the rupture opening? "I have adopted it in my own practice to the exclusion of all others and am of opinion that the union of physical design and mechanical struc-ture in this instrument render it what T. W Hunter, M D of N. York

deposes as follows, "In two very in-teresting cases of Scrotal Hernis which is the worst and most difficult (which is the worst and most dimenti-kind) that came under my care, it was worn with perfect comfort, and effected a complete cure of both in less than twelve-menths. This Frusa is approved of by the most eminent Surgeons in the United States and Europe particularly by the celebrat ed Sir Astley Cooper, of London.

Joseph Evans, late of Philadelphia, Leather Merchant deposes as follows "Having been rup ared about seven years ago. I applied to Dr. Hull, in person, who furnished me with one of his Truses, and afterwearing it a bout six months, I found myself on tirely cured, so much so that I can walk about with safety, without wear ing the Trees; and in my opinion it is one of the greatest improvements and blessings to maskind that is known. Bitract from the Medical Review and

Journal, conducted by Professor Boerle and M Glellan, Philadelphia ses up in sight different patients, two

that we cannot avoid offering our testimesy in favour of the new Truss which we consider as altogether the best that we have as yet been made

ecquainted with." N. B. Dr. Hull's Trusses adapted to the different species of rupture, to which males, females and children are subject, are kept at the office of Dr KEARF, No. 37 East Payette street, opposite the Pirst Presbyterian Church who will attend to their application. occ. and where those labouring under this disease are invited to call Persons residing at a distance can be fit ted by sending a measure of the body near the hip. Orders from Country Physicians and Druggists, willbe duly

Baltimore, April 19

sheriff's sales

By virtue of a writ of fieriffacias issued out of the Court of Appeals and to me directed, against the goods and chattels, lands and tenemen eph Nicholson, at suit of Richard E-tep, use of Fridge & Morris, I have seized and taken in execution, all the right, title, interest, property, claim and demand of the said Joseph No cholson, of, in and to all that tract of land, whereon the said Joseph Nichol son now resides, colled. Anderson's Distant Walks containing one hun by its circular margin, around the Distant Wais containing one fluid rupture opening and a diminished pressure by its centre. It thereby not only prevents the e-cape of the named Tom, and on Thursday the bawel but approximates, and often unites the ruptured part so as to effect the property of Annapolis, I shall be the ruptured part so as to effect. proceed to sell the said property, or so much thereof as may be necessary to discharge the debt to the higher bidder, for cash, to satisfy the debt due as afores-id Sale to commence at half past eleven o'clock.

R. Welch, of Ben Shff A. A county.

By virtue of a writ of fleri facins is sued out of the court of appeals and to me directed, against the goods and chattels lands and tenemen's, of Doctor James Tongue at suit of Za. chariah Keene. I have seized and taken in execution, all the right, title, in terest, property, claim and demand, er ther at law or in equity, of the said Doctor James Tongue of in and to, all that tract, or part of a tract or par cel of land whereon the said Doctor James Tongue now resides, called "Prospect Hill," containing two hun dred and eighty four acres of land, more or less also three Negro Men Jem. Dick and Abraham; and on S. turday the 26th day of May inst at the premises. I shall proceed to sell the said paoperty or so much thereas may be necessary, to discharge the claim to the highest bidder, for cash to satisfy the debt due as afosesaid Sale to commence at eleven o clock. The American Farmer-

We wish that every friend of this journal should understand, and that they would have the kindness to make it known, that to any one who will procure four subscribers and remit on their account \$20, we will send a fifth copy of the American Farmer without charge—or, any one who will procure five subscribers will be allowed to retain \$5 on his remitting the remaining \$20. We beg also to repeat, that all which is necessary to be done by any one, wishing to subscribe, is to inclose a five dollar note by mil, at the risk of, and addressed to "the Editor of the American Farmer, Baltimore"—and whether the money be received or not, the paper will be forwarded immediately, and the actual receipt of each number of the volume will be guaranteed by the Editor.

number of the volume will be guaranteen by the Editor.

The American Farmer is published week. It, by J. S. Skinner, Postmaster of Baltimore, printed on fine paper the size of ordinary newspapers, folded so as to make 8 pages; about one half, or four pages, devoted to practical Agriculture, the remainder to Internal Improvements, Itural and Domestic Economy; selections for housekeepers and female readers, and Natural History and Rural Sports. A minute index and titylegge to the whole vokume is published, and forwarded with the last number of each volume. A single number will be sent to any one who may desire to see a specimen of the publication.

To all editors who will give the above

To all editors who will give the above me or two insertions, we shall feel much ndebted, and will gladly reciprocate their Bahimore, Feb. 23, 1827.

P. S. The American Farmer is circulated through every state and territory, and is written for by many of the most distinguished practical Farmers in the Union.
