stapsitatised, and then alandered ery will yet preval our corruption. And when he first Mon-corruption. And when he first Mon-corruption are corruption. And when he first Mon-corruption which he shall be a seed of services; and when he works of this country of Ghent, to give to the British as a day when the voters of this country of Ghent, to give to the British as a day when the voters of this country of Ghent, to give to the British as a day when the voters of this country of Ghent, to give to the British as a day when the voters of this country of Ghent, to give to the British as a day when the voters of this country of Ghent, to give to the British and defeat the views of a corrict of the proposed of the standing we have lad much difficulty, which by this time would have been obviated with a very small expense, had lee not leet one friends. o the solviated with a very small expense, had sed to be a representative of Baltimore of an analysis of this do us good; it is to be hoped they will be from and the Executive Council, in which caps it easily and for the appointed hour, and the Executive Council, in which caps it easily and for the caps of the Executive Council, in which caps they The public will discover that the many mire they The public will discover that the many mire they The public will discover that the many mire they the public will discover that the many mire they the public will discover that the many mire they the public will discover that the many mire they the public will discover the them are they the public will discover the them are they the public will discover the Executive Council, in which caps the Executive Council, in which c

The public are informed, that hare bottoms can be cut with great, class, and that sile whele machine can be put into operation for the sum of 8250, and made of the best materials; the improve start, compared with 'experience,' cunsion the inventor to say, that 30 londer into the best parts, can be brought from the best operation of the earth be self; and it is very certain to be the best method for removing

The smiles of love adom, Yet man's inhumanity to man, Makes countless thousands mourn.

We shall close our observations wi nd to domestic concerns, what cit every description. E. D. TIPPETT.

## RECEREBOR ORITUARY.

COMMUNICATED.

Departed this life on Sunday morning, the 11th instant, a this residence in his city. The Homble Jeremian Fowning Chasel within a few days of the crinination of the 80th year of his age. It is a general opinion, (perhaps too siten justly founded,) that posthumous anegyrics are mere ideal pictures, too nuch the fancy nortraits, sketched by

formed the Constitution and Government of this state, and was one of that body which united in the Declaration of Independence on the part of Maryland. After the formation of the go vernment he was elected, and continued to be a representative of Baltimorn own, until his removal to Annapolis n 1779, and was albeted here.

insly displayed, and eminently practised.

The virtues of this amiable and exman, a sincere and pious Christian. Without any ostentatious display, his rear end and aim was that his heart nould be right with his Gol. How justly might have been applied to him athetic Goldsmith.

With all his prospects bright'ning to the last, Iis Heav'n commencing e're the world

of the everlasting reward of the right-ous, where pain, and sorrow, and afflic-lon are unknown.

Died, at his residence in Anne Aunder county, on Monday last, Mr.
