From the London Magazine. THE GERMAN GIBBET. Tr. tut, thou art all ice. thy kind-RICHARD III.

re. 204. I was evening, 'owards the latter of Autumn, when the warmth of mid-day sun reminds us of the sum just gone, and the coolness of the ng plainly assures us that winter ening piainty assures us that winter for approaching—that I was pro-beling homewards on horseback, for-field by a strong great coat against the great without, and refreshed with a priser without, and refreshed with a nully secure within. My road lay for poetime along an extensive plain, at perstremity of which there rose a milland thickly overspreading wood, this the road skirted for some disand me road skirted for some dis-not, and on a slight emment, at an eighter the last rave of the setting where their gleam resuspended the remains of a male-tor hung in chains. They had been there at least ten years; the here and there-where the course

at cloth in which the figure mass at cloth in which the figure mass appearance in a cloth in the boundary of the boundary from rather superstitions in order Irmfess I am rather superstitious, designated with push on, in order till possible. I might pass the place for the sun should have set. To accept which, I afterwards increased suband gallop. The sun however, when and the twilight was fast impig into darkness as I rode up. I salloot keep my eyes off the spot for yigne swung slowly backwards and istalia, accompanied by the low, harshould of the irons, first moved to the tree.

What with exertion. It I may add at or something very like it, the per-ication fell in large drops from my rhead, and nearly blingled me. so at could not refeain from imagining, with white, bony arm, (hand it had ex)of the figure, relieved against the strond behind, was beckming to me wood behind, was beckening to me it waved in the wind. On passing tcheck his pace, or look around un Had teft the German Gibbet (for so

tra called.) a good mile behind. I was now a fine, clear, moonlight I was now a fine, clear, moonlight the and I had not gone far, when I red the sound of horses feet at a litable to the sound of horses feet at a litable to the sound of horses feet at a litable to the sound of horses for usually the sound of the sound erreise would warm me; but no ha still cold. However fas: I gal

stehind, at apparently just the same state, and though I looked around of interest and times. I could not see a living self. The sound got faster and faster, arrand nearer and nearer, till at last build grey poney trotted up on which as till, thin, melancholy looking as with a long pointed nose, and dulary eyelids which bung so low, that this, he appeared to be asleep. His miceance, which was extremly pale of cristerous, was overshadowed by examily of long thin white hair, which we down to his shoulders. He was said in a thin white justian trowsers, which his shirt collar open, and largest round his neck.

arat round his neck. We rode for some time side by side, Minger never once turning round, as the pregarding him intently, as the pregarding him intently, as eyes ached with cold. I was exciterery now/and then, to let go the rems to blow my fingers, which ment would drop off-and on touch. Ri horse I found he was narcuid as affected by it; for his cloak remain. Rapped to the saddle behind him, indeed, his jacket was flying open, shirt collar unbuttoned as be-

his looked very strange! there was ming mysterious about him; so I re had to be quit of him as soon as pos the bat the faster I rude, the faster he he i and though my horse appeared hereful again as the one on which the filing—yet I found that when time to the push, his poney could be used me easily. But that was to intention; for when I slockened page, he theretoed—and on my ing up, he pulled up also, still he from looked at me, and there we re- fil
