Mr. William Swaim, Philadelphia,
Bir—Being for it few days at this
place, and having heard astonishing
accounts of the core of Mrs. Sarah,
Applegate, of a disease which had befiled the abili of the best physicians, for seven years, I determined to call and be convinced if it were strictly and be convinced it is were strictly true. I found her enjoying good health, which she assured me had been the case for the last three years—from the time she had been cared by the use of Swaim's Panacea.

The horrid ravages made by the disease, are of course visible, and the lower extremitles present an appear ance which beggars description; that disease in any form could make such inroads on the human system withou producing death, is as astonishing as it is wonderful. She informs me that terfeit which, will be punishable as forgery.

The increasing demand for this celebrated medicine has enabled me to reduce the price to two dollars per bot tle, thus bringing it within the reach of the indigent. ened, and was succeeded by many vered with large corroding ulcers .-Medical skill was entirely unavailing

To give you a just idea of her sufferings, as gathered from her own can did and artless description, I confess my utter inability. She lingered on sometimes able to take a little exer cise in a carriage, and then again un able to leave her bed for several suc cessive months, until about five years after she was first attacked with the disease, when as she was riding the horses ran aws, overtwined the car riage, threw her out, and caused compound fracture of the hip. She was told hysene of her friends that Swaim's Pa nacea would if any thing could, re lieve her Mrs Applegate consented to remove, and did remove to Philadel phia; this removal was with difficult accomplished, and she remained, as you may recollect, under your care for
