In future, the Panacea will be put up in round boilles, fluted longitudinally, with the following words blown in the glass, "Swalm's Pamera"
—Philada."

These bottles are much stronger than those heretofore used, and will have but one label, which covers the cork, with my own signature on it, destroying the signature, without which none is genuire. The medicine must consequently be known to be genuine when my signature is visible; to couserfeit which, will be punishable u

The increasing demand for this calebrated medicine has enabled meta reduce the price to two dollars perbot-tle, thus bringing it within the rest of the indigent.

My panacea requires no encomium; its astonishing effects and wonderful operation, have drawn, both from Patients and Medical Practitioners of the highest respectability, the most pros lified approbation, and established for it a character, which envy's pen, the

The false reports concerning the valuable medicine, which have been diligently circulated by certain Physicians, have their origin either in eny or in the mischievous effects of the

spurious imitations. The Proprietor pledges himself to the public, and gives them the most solemn assurances, that this medicine contains neither mercury, norange-
