DR. HULL'S TRUSS. FOR the relief and cure of Hernia or Rupture. This Surgical instrument is now so well known to the Medical profession, and so extensively used by unfortunate sufferers labouring under the disease of Hernia, that a particular account of its mechanical construction of its surgical effects is thought unnecessary. The subjoined remarks from Physicians and Surgeons of high respectability in our country, are the results of much practical experience in the use and application of this truss. James Thatcher, M. D. author of the Modern Practice, in his second edition, under the subject of Hernia, remarks "Dr. Hull is exclusively entitled to the credit of first adapting the true Surgical principle for the radical cure of Hernia. He happily conceived the idea that the pad of the Truss should be so constructed as simply to support the muscular fibres around the ring or aperture as much as possible, in the state in which they are maintained in perfect health. Unless this be attained the parts can never recover their natural tone, whatever may be the degree of pressure applied." Samuel Ackerly, M. D. in his excellent edition of "Hopper's Medical Dictionary," under the head of "Truss," after enumerating the evils resulting from the use of the defective trusses formerly worn, says "This evil was not fully remedied until Dr. Amos G. Hull, of New York, turned his attention to the subject, and by his improvement in the construction of trusses, has rendered it certain that all recent ruptures and those of children, may be permanently cured, and those of old people and of long standing, may, in many cases, also be remedied. The pad of Dr. Hull's Truss is concave and not convex; and hence the raised circular margin, by proper adaptation, presses upon the sole of the hernial opening, and tends to close the aperture and cure the hernia." M. L. Knapp, M. D. late Physician and Surgeon to the Baltimore General Dispensary, in a communication to Doctor Hull, says: "I have applied your trusses in several hundred cases during the last three years. A great many upon whom I have applied your trusses, have been radically cured; and some of these were cases of long standing, where all other trusses had failed. I send you a note of thanks from Mr. P. a citizen of great respectability, who was cured of a bad scrotal rupture, of thirty-five years standing, by wearing one of your trusses for two years. He had worn other trusses twenty nine years. His son, also, aged 16 years, ruptured from his infancy, was cured under my care in less than two years. A case of scrotal rupture, of twenty years standing, in a labouring man forty years old, was cured under my notice by one of your trusses in six months. A case of groin rupture, from lifting, in a labouring man, thirty years old, on whom I applied one of your trusses the day after the injury, was cured in three months. Experience alone, can make known to the Surgeon the full powers and excellence of these instruments. Your trusses are exclusively preferred by the Professors in both of the Medical Schools in this city, and the Faculty in general. Baltimore, January, 1830. Valentine Mott, M. D. Professor of Surgery, says, "The great and signal benefits which are produced by this Truss, result from its strict subservience to, and accordance with Scientific and Surgical principles. "The operation and effect of this Truss is directly the reverse of all Trusses heretofore in use; which being convex, tended to enlarge the dimensions of the rupture opening. I am of opinion that the union of Surgical design & mechanical structure in this instrument render it what has long been the desideratum of Practical Surgeons in Europe and America." Professor Mott also in lecturing upon Hernia, recommends Dr. Hull's Truss to the exclusion of all others. Apply at the office of Dr. KNAPP, 37 Fayette street, east of Monument Square, Baltimore. PROSPECTUS of a Series of Standard Works adapted to the USE of THE Protestant Episcopal Church IN THE UNITED STATES; TO BE PUBLISHED BY THE N. Y. PROTESTANT EPISCOPAL PRESS AND TO BE EDITED BY REV. WM. R. WITTINGHAM, A. M. Present Editor of the Family Visitor, and of the Child's Magazine of the General Protestant Episcopal Sunday School Union.

The second presentation of this design to the Episcopal public, is owing to no want of encouragement, or anticipation of difficulty in its accomplishment. A considerable delay in the execution of the former proposals, deemed necessary for the maturing of the original design, and for ascertaining exactly the nature of the wants which the publication is intended to supply, left the Trustees of the Protestant Episcopal Press, free to alter, and, if circumstances should warrant, to enlarge their plan. Communications from several quarters, and from the most respectable sources, produced by this delay, have led to the conviction, upon which the Trustees now propose to act, that a plan far more comprehensive than that first presented, is called for by our Church in this country. A more copious and complete series of English and American divines was then contemplated. It is now intended, by the introduction of every thing necessary to adapt the works selected to the circumstances of the Protestant Episcopal Church in the United States, to give the publication the character of an original work, and to extend its design so far as to embrace the works of the primitive Christian writers, and if occasion present itself, of foreign divines.

PLAN OF THE WORK. I. Translations from the preceding works, still in existence, of the writings of some of the most distinguished names of the Christian Church, and from such other of the works of the Fathers as are of immediate interest to the Church in the present age; will be given in full, with explanatory and illustrative Notes, which will accompany these in such manner as to render them useful to the modern and unacquainted with the original, and to apply them to the support of our primitive and apostolic doctrine, ministry, and worship. The names of the Fathers are: POLYCARP and CLEMENT the Apostle of JEWEL MARCELLINUS, MINUCIUS FELIX, and LACTANTIUS; many portions of the works of AUGUSTINE, CYPRIAN, CLEMENT OF ALEXANDRIA, ORIGEN, EUSEBIUS, IRENAEUS, SEVERUS, and CHRYSOSTOM, and smaller writings of minor note, but not less useful, will be given in full, with explanatory and illustrative Notes, which will accompany these in such manner as to render them useful to the modern and unacquainted with the original, and to apply them to the support of our primitive and apostolic doctrine, ministry, and worship.
