DR. HULL'S TRUSS.

FOR the relief and cure of Hernia or Rupture. This Surgical Instrument is now as well known to the Medical Profession, and is extensively used by the most distinguished Surgeons of the day. It is a particular account of its mechanical construction, of its surgical effects, is thought unnecessary. The subjoined remarks from Physicians and Surgeons of high respectability in our country, are the results of much practical experience in the use and application of this Truss.

James Thatcher, M. D. author of the Modern Practice, in his second edition, under the subject of Hernia, remarks: "Dr. Hull is exclusively entitled to the credit of first adapting the true Surgical principle for the radical cure of Hernia. He happily conceived the idea that the pad of the Truss should be so constructed as simply to support the muscular fibres around the ring or aperture as much as possible, in the state in which they are maintained in perfect health. Unless this be attained the parts can never recover their natural tone, whatever may be the degree of pressure applied."

Samuel Ackerly, M. D. in his excellent edition of Hopper's Medical Dictionary, under the head of "Truss," after enumerating the various results from the use of the defective Trusses formerly worn, says: "This evil was not fully remedied until Dr. Amos G. Hull, of New York, turned his attention to the subject, and by his improvement in the construction of trusses, has rendered it certain that all recent ruptures and those of children, may be permanently cured, and those of old people and of long standing, may, in many cases, also be remedied. The pad of Dr. Hull's Truss is concave and not convex; and hence the raised circular margin, by proper adaptation, presses upon the sides of the hernial opening, and tends to close the aperture and cure the hernia."

M. L. Knapp, M. D. late Physician and Surgeon to the Baltimore General Dispensary, in a communication to Doctor Hull, says: "I have applied your trusses in several hundred cases during the last three years. A great many upon whom I have applied your trusses, have been radically cured, and some of these were cases of long standing, where all other trusses had failed. I send you a note of thanks from Mr. P., a citizen of great respectability, who was cured of a bad scrotal rupture, of thirty-five years standing, by wearing one of your trusses for two years. He had worn other trusses twenty-nine years. His son, now aged 16 years, ruptured from his infancy, was cured under my care in less than two years. A case of scrotal rupture, of twenty years standing, in a labouring man forty years old, was cured under my notice by one of your trusses in six months. A case of groin rupture, from lifting, in a labouring man, thirty years old, of whom I applied one of your trusses the day after the injury, was cured in three months. Experience alone, can make known to the Surgeon the full powers and excellence of these instruments. Your trusses are exclusively preferred by the Professors in both of the Medical Schools in this city, and the Faculty in general."

Baltimore, January, 1850.
Valentine Mott, M. D. Professor of Surgery, says: "The great and signal benefits, which are produced by this Truss, result from its strict subservience to, and accordance with Scientific and Surgical principles. The operation and effect of this Truss is directly the reverse of all Trusses heretofore in use; which being convex, tended to enlarge the dimensions of the rupture opening. I am of opinion that the union of Surgical design & mechanical structure in this instrument render it what has long been the desideratum of Practical Surgeons in Europe and America." Professor Mott is also lecturing upon Hernia, and recommends Dr. Hull's Truss to the exclusive use of all others.

Apply at the office of Dr. KNAPP, 57, Fayette street, east of Monument Square, Baltimore.

There is an examination of all the classes at the close of each session, when a circular letter is sent to the parents of each student, stating his general character and standing. If a student be found incapable of proceeding in his class with advantage to himself, he is transferred to the next inferior class, but may be restored to his former rank, if he make up his deficiencies by vigorous application. Candidates for admission into the Freshman class, must be able to pass a critical examination in the Grammars of the Latin and Greek Languages, in Caesar's Commentaries, Cicero's Orations against Catalina, Virgil's Aeneid in Latin, Euclid's Elements, Greek Minor, and the Gospel of John, in Greek; and the fundamental rules of Arithmetic.

EXPENSES.
Boarding, 42 weeks at \$1 25, \$52 50
College bills, including tuition, room rent, use of library, wood &c. &c. \$9 50
Washing and lights, 10 00
\$72 00

The price of board varies from \$1 to \$2 per week. It is optional with the student whether to board with the college steward, or at a private house. With economy, \$125 will cover the necessary expenses of a student for the year, exclusive of books and clothes. When a student is admitted into the college, he is charged five dollars as an entrance fee. The college bills for each session must be paid within four weeks after the commencement of the year.

Students whose parents or guardians do not live in town, lodge in the college edifice, unless the rooms are full, in which case they are permitted to lodge in private houses in the town. Such students, however, as well as those who reside in the college, are subject to the daily visitation of the Professors and Tutors.

The government of the institution is intended to be parental. The anxious endeavours of the Faculty will be directed to excite in the students a high emulation in intellectual and moral excellence, by exacting rigid accuracy in recitation, by enforcing habits of industry and close attention to study, and by exercising a vigilant care to prevent every practice that may be vicious in its nature or demoralizing in its tendency.

The situation of the college is healthy, and the surrounding country fertile and pleasant. A new building is soon to be erected, capable of accommodating a hundred students.

There are two vacations of five weeks each. The first begins upon the day of commencement, which is on the fourth Wednesday of September; the other upon the first Wednesday of April, commencing the winter term Wednesday five weeks after the fourth Wednesday of September, and the summer term five weeks after the first Wednesday of April.

Anne-Arundel county, &c.
ON application, by petition in writing, of Charles S. Ridgely, (in the recess of Anne-Arundel county court,) to me, the subscriber, Chief Judge of the judicial district of the state of Maryland, praying the benefit of the act of assembly, entitled, "An act for the relief of insolvent debtors," passed at November session 1850, and the several amendments thereto, a schedule of his property, and a list of his creditors, (on oath, so far as he could ascertain them,) being annexed to his said petition, and I being satisfied that the said Charles S. Ridgely hath receded in the date of his said petition, and being also satisfied that the said Charles S. Ridgely is in actual confinement for debt, and I having appointed George Cooke trustee for the benefit of the creditors of the said Charles S. Ridgely, in pursuance of his trust, and the form for the faithful performance of his trust, and the said Charles S. Ridgely, having given bond, with security, for his personal appearance in Anne-Arundel county court, on the third Monday of April next, to answer allegations or interrogatories of his creditors, and having executed a deed of conveyance to his said trustee for all his property, real, personal and mixed, I do hereby order and adjudge that the said Charles S. Ridgely be discharged from his confinement, and that he give notice to his creditors, by causing a copy of this order to be inserted in one of the newspapers printed in the city of Annapolis, once a week for the term of three months, to appear before Anne-Arundel county court, to be held in the city of Annapolis, on the third Monday of April next, to show cause, if any they have, why the said Charles S. Ridgely should not have the benefit of the said act and supplements, as prayed.

ISAAC HOLLAND,
Sept. 25.

READ'S PATENT. IMPORTANT IMPROVEMENT.

In the art of building Chimneys, and altering those already built, in such manner as to prevent or cure their smoking.

From the time that chimneys were first introduced, the building them has been but a series of experiments. The best workmen have only succeeded, when accidentally approximating the principles, now first systematized and offered to the public. That this subject should have been involved in mystery till the present time, can only be attributed to the imperfect state of Chemical Science until within the last few years. The progress recently made in that science has enabled the subscriber to reduce the art of building chimneys to a system, invariably producing the desired result with respect to smoke, and at the same time making a saving of fuel.

Having secured the exclusive privilege of using and vending said improvement, for fourteen years from the third day of April 1829, the subscriber offers the same for sale on the following terms. The right for a city or county, \$50. When two or more counties are purchased by one person \$30 each. Ten or more counties at one sale \$30 each. For a Town, Township, Borough or Village, \$20 For a single house, \$3. Any person wishing to purchase may transmit per mail the sum required, and a deed shall be immediately returned containing all the necessary instructions to enable a person to construct chimneys. Every chimney which shall be built under the authority of, and agreeable to, this patent is hereby warranted good and sound. All letters to the patentee must be post paid. The publisher of a paper at the Capital of each state, who shall first publish this advertisement and Certificate, and continue the same for one year, will entitle himself to the right for such capital city or the county in which the seat of Government is located. Every publisher of a paper in the United States, who will give this advertisement, and three insertions, and forward one of the papers, shall receive the right for one house.
