**NOTICE.**

The Managers of the Female Orphan Asylum of Annapolis, propose holding their ANNUAL FAIR, for the support of the Institution, in January. Ladies wishing to assist in procuring articles to be disposed of, can be supplied with an inventory by application to Mrs. J. Gannox. The Managers deem it unnecessary to make any appeal to the charitable feelings of the ladies, who will no doubt be gratified to see the sale of money, so generously given on former occasions. Can there be a more acceptable mode of service than to relieve a helpless and destitute Female Orphan from want and vice, and place her in a situation where she will be taught to earn a comfortable support, and become respectable members of society.

**Anne-Arundel county court,**

October 10, 1830.  
 On application of Anne-Ation county court, praying for the benefit of the act for the relief of insolvent debtors, passed in November session 1825, and the several supplements thereto, a schedule of his property, and a list of his creditors, on which as far as he can ascertain them, being annexed to his said petition, and the said Francis Sumner having exhibited the said schedule, by competent testimony, he has been ordered in the said County Court two years next preceding the time of his application, and that he is in actual confinement for debt only, and the said petition having taken the oath prescribed by law, and entered into bond, with security, for his appearance in Anne-Ation county court, on the third Monday in April next, to answer such petitions as his creditors may propose to him, and having also executed a trustee, by the said court appointed, a good and sufficient deed, for all his property, real, personal and mixed, the necessary wearing apparel and bedding of himself and family excepted, and delivered the same to the said trustee, and the said trustee having also executed a bond for the faithful discharge of his trust, and certified the delivery into his hands of all the property of the said petitioner mentioned in his schedule, it is therefore ordered and adjudged by the said court, that the said Francis Sumner be discharged from the custody of the sheriff of said county, and that the said petitioner, by causing a copy of this order, to be inserted in some newspaper published in the city of Annapolis, for three months successively, before the said third Monday of April next, to give notice to his creditors to be and appear on that day, before said court, to show cause, if any they have, why the said Francis Sumner should not have the benefit of the said act of assembly and the supplements thereto, as prayed.

**DR. HULL'S TRUSS.**

FOR the relief and cure of Hernia or Rupture. This surgical instrument is now so extensively used by unfortunate sufferers labouring under the disease of Hernia, that a particular account of its mechanical construction, and its surgical effects is thought unnecessary. The subjoined remarks from Physicians and Surgeons of high respectability in our country, are the results of much practical experience in the use and application of this truss.  
 James Thatcher, M. D. author of the Modern Practice, in his second edition, under the subject of Hernia, remarks "Dr. Hull is exclusively entitled to the credit of first adapting the true Surgical principle for the radical cure of Hernia. He happily conceived the idea that the pad of the Truss should be so constructed as simply to support the muscular fibres around the ring or aperture as much as possible, in the state in which they are maintained in perfect health. Unless this be attained the parts can never recover their natural tone, whatever may be the degree of pressure applied."  
 Samuel Ackerly, M. D. in his excellent edition of Hooper's Medical Dictionary, under the head of "Truss," after enumerating the evils resulting from the use of the defective trusses formerly worn, says "This evil was not fully remedied until Dr. Amos G. Hull, of New York, turned his attention to the subject, and by his improvement in the construction of trusses, has rendered it certain that all recent ruptures and those of children, may be permanently cured, and those of old people and of long standing, may, in many cases, also be remedied. The pad of Dr. Hull's Truss is convex and not convex; and hence the raised circular margin, by proper adaptation, presses upon the sides of the hernial opening, and tends to close the aperture and cure the hernia."  
 M. J. Knapp, M. D. late Physician and Surgeon to the Baltimore General Dispensary, in a communication to Doctor Hull, says: "I have applied your trusses to several hundred cases during the last three years. A great many upon whom I have applied your trusses, have been radically cured, and some of these were cases of long standing, where all other trusses had failed. I send you a note of thanks from Mr. P., a citizen of great respectability, who was cured of a bad scrotal rupture, of thirty five years standing, by wearing one of your trusses for two years. He had worn other trusses twenty nine years. His son, also, aged 16 years, ruptured from his infancy, was cured under my care in less than two years.— A case of scrotal rupture, of twenty years standing, in a labouring man forty years old, was cured under my notice by one of your trusses in six months. A case of groin rupture, from lifting, in a labouring man, thirty years old, on whom I applied one of your trusses, the day after the injury, was cured in three months.— Experience alone, can make known the full powers and excellence of these instruments. Your trusses are exclusively preferred by the Professors in both of the Medical Schools in this city, and the Faculty in general.  
 Baltimore, January, 1830.  
 Valentine Mott, M. D. Professor of Surgery, says "The great and signal benefits which are produced by this Truss, result from its strict observance to, and accordance with Scientific and Surgical principles."  
 "The operation and effect of this Truss is directly the reverse of all Trusses heretofore in use, which being convex, tended to enlarge the dimensions of the rupture opening." "I am of opinion that the union of Surgical design & mechanical structure in this instrument render it what has long been the desideratum of Practical Surgeons in Europe and America."  
 Professor Mott also in testifying upon Hernia, recommends Dr. Hull's Truss to the exclusion of all others.

**TRUSTEE'S SALE.**

BY virtue of a decree of the Court of Chancery of the State of Maryland, the subscriber, as trustee, will expose to public sale on Friday the 15th day of January next, at 12 o'clock, on the premises, if fair, if not the first fair day thereafter, (Sundays excepted) part of the real estate of Thomas Griffith, being all that tract or part of a tract, or parcel of land, formerly called "Sappington's Sweep" and now called "Griffith's Park," containing **300 ACRES OF LAND,** more or less, lying and being on the Ridge above Annapolis county, and between eighteen and sixteen miles from the City of Baltimore and Washington, and within a quarter of a mile from the Washington Turnpike, and also three quarters of a mile from the Savage Factory, and is situated in one of the most healthy neighbourhoods in the State of Maryland. The improvements are a large and comfortable frame dwelling and other out houses, suitable for a large family, at present occupied by Thomas Griffith. A full description of the property is given in the report of the trustee to the Court of Chancery, and is to be seen at the office of the trustee, at the City of Baltimore, on the day of sale.  
 The day of sale will be at the risk of the purchaser.
