ADAM & JOHN MILLER

DR. HULL'S TRUSS FOR the relief and cure of Hernia'er h ture. This Surgical instrument is no

well known to the Medical profession, and extensivly used by unfortunate sufferers the ang under the disease of Hernia, that a part lar account of its mechanical construction. lar account of its mechanical construction its surgical effects is thought unnecessing. The subjoined remarks from Physiciana Surgeons of high respectability in our count are the results of much practical experient the use and application of this truss.

James Thatcher, M. D. author of the Mern Practice, in his second edition, under subject of Hernia, remarks "De. Hull is clusively entitled to the credit of first ships the true Surgical principle for the religious."

the true Surgical principle for the radical and Hernia. He happily conceived the idea the pad of the Truss should be so constrain as simply to support the muscular fibres are

as simply to support the muscular fibres and the ring or aperture as much as possible, as state in which they are maintained in perhealth. Unless this be attained the parts never recover their natural tone, whatever be the degree of pressure applied."

Samuel Ackerly, M. D. in his excellent dition of 'Hooper's Medical Dictionary, at the head of 'Truss,' after enumerating the resulting from the use of the defective formerly worn, says. 'This epit was saily remedied until Dr. Amos Gi Hall, as ly remedied until Dr. Amos Gi Hall, as york, turned his attention to the satisfication, has rendered it certain that all reconstruction to the satisfactory and those of children, may be permeted. ses, has rendered it certain that all feeds tures and those of children, may be permitly cured, and those of old people and standing, may, in many cases, also be redded. The pad of Dr. Hull's Truss is contained in the pad of Dr. Hull's Truss is contained in the pad of Dr. Hull's Truss is contained in the specture and cure the hernial opening, and tends to the aperture and cure the hernia.

M. Li. Knapp, M. D. late Physical Surgeon to the Baltimore General Disputing a communication to Doctor Holl, and have applied your trusses in several has cases during the last three years. After many upon whom I have applied your bushave heen radically cured; and some of were cases of long standing, where it is the property of the standing of the last three years. d verv tings,

were cases of long standing, where ill trosses had failed. I send you s note all trusses had failed. I send you a note that from Mr. P. a citizen of great respectation who was cured of a bad scrotal research thirty-five years standing, by westing your trusses for two years. He had to ther trusses twenty nine years. His so, aged 16 years, ruptured from his infants and the property of the property aged 16 years, ruptured from his infacts cuted under my care in less than two years.

LOR ding, in a labouring man forty years six cured under my notice by one of your in six months. A case of groin rupture, if iting, in a labouring man, thirty years lifting, in a labouring man, thirty years whom, I applied one of your trustes, the latest the lifting, was cured in three months of the lifting, in a labouring man, thirty years in death the lifting, was cured in three months are the lifting, in a labouring man, thirty years in the lifting one of your trustes, the sortinent of the lifting was cured in three months are the lifting was an excliment of inattriuments. Your trustes are extinguished. rinstruments. Your trusses are extension of the preferred by the Professors in both of the etfully in cal Schools in this city, and the facility

preferred by the Professors in toop and cal Schools in this city, and the Tacsity eral.

Baltimete, January, 1830.
Valentine Mott, M. D. Professor, a ry, says, The great ambigual beneated are produced by this Trues, result he atrict subservience to and accordance Scientific and Surgical principles.
