POR the relief and cure of Hernin w b weil known to the Medical profession as extensivly used by unfortunate suffered ling under the disease of Hernia; that a prilar account of its mechanical construction its surgical effects is thought moseum. The subjoined remarks from Physician Surgeons of high respectability in suremare the results of much practical esperiments use and application of this truss.

James Thatcher, M. D. subboy of the limits of the limits of the limits.

James Thatcher, M. D. anthor of the b ern Practice, in his second edicion, sair clusively entitled to the credit of that she the true Surgical principle for the radical state in which they are maintained in put health. Unless this be attained the push aever recover their natural lone, whatsis be the degree of pressure applied."

de the negree of pressure applied."

Samuel Ackerly, \$1. D. in his excitation of 'Hooper's Medical Dictionary's the head of 'Truss,' after chumerating for resulting from the use of the defective formerly worn, says. 'This evil was not by remedical until Dr. Amos O. Helk & York, thereal his extraction of the defective formerly worn, says.

formerly worn, says. "This evil was mally remedical until Dr. Amos O. Hell, all York, turned his attention to the subset by his improvement in the construction of the subset, has rendered it certain that all recording and those of children, may be presently cured, and those of Dr. Hull's Treas is such and not convex; and hence the calculational control of the proper adaptation, presently sides of the hernial opening, and tends in the aperture and cured to hernia."

M. J. Knapp, M. D. late Priscue Surgeon to the Baltimore General Dispution a communication to Doctor, Hell, shave applied your trusses in several the cases during the last three versal. All the cases during the last three versal sides were cases of long standing, where it were cases of long standing, where it were cases of long standing, where it was considered for the last strusses and failed. I send you and sall from Mr. P. a citizen of great respectively over trusses for two years. He had great trusses twenty, nine years. thirty five years standing, by wearing your trusses for two years. He had so ther trusses twenty nine years. He had saged 16 years, reptured from his ludge, cured under my care in less than two particles of twenty years ding, in a labouring man forty, years in a subouring man forty, years in a subouring man, forty years in a su months. A case of grain rapture lifting, in a labouring man, thirty years whom I applied one of your trosses; the whom I applied one of your trosses; the Raperience alone, can make known to the experience alone, can make knowant gron the full powers and excellence instruments. Your trusses are preferred by the Professors in both the cal Schools in this city, and the Pacely second Experience alone, can make kn

cal Schools in this city, and the sacureral.

Battimore, January, 1830.

Valentine Mutt. M. H. Professie at y. says. The great and signal benefit are produced by this Touse, result strict subservience in, and economic strict subservience it. and economic strict subservience it. and economic scientific and Surgical principles.

The operation and effect of this directly the reverse of all Transcription was which being convex tended in very which being convex tended in each and a function of the replicity speak of opinion that the union of Surgical mechanical structure in this industrial literal structure in this industrial structure in this industrial structure in the dedurance tical Surgeons in Europeania Americal Surgeons in Europeania Americans of all onlyces.

Professor all offers.

Aprile at the office M. Farette alone, make of subminion of all onlyces.
