The study of the Modern Languages, shall be so arranged, as not materially to interfere with the College course.

The officers of instruction, will endeavour to make the course of study as thorough as possible; and in no case will a Scholar be allowed to pass, to an advanced standing, till he shall have sustained all the previous examinations, to the satisfaction of the Faculty.

In the Departments of Chemistry and Natural Philosophy, Instruction will be given, and Lectures will be delivered, as heretofore, by the Principal, and the other Professors, until these Chairs shall be permanently supplied.—Particular attention will be given to exercises in Rhetorick and Oratory; and one forenoon of each week, will be spent, drilling the Students, in a thorough course of Reading and Speaking. These exercises will be conducted by the Principals and the Members of the Senior Class, will always be required to declaim pieces of their own composition. The Classification, which takes place at each general Examination, subjects those who are deficient, to the necessity of remaining in a lower grade; while, on the other hand, the hope of reaching a high standing, in a shorter than ordinary period, is held out to all who are ambitious to advance at a more rapid rate, than the usual average of a Class. A permanent record of the relative standing of the Members in each Class, is kept by the Faculty, and serves as a guide, in awarding the honors of the College. The principal test of the Student's proficiency, will be found in the Lecture Room, where he will undergo an Examination of one hour's duration, for each Lesson; and those Members of the higher Classes, who are permitted, under the discretion of the Principal, to have their rooms out of College, will be visited, by the Principal, and the Professors, during the hours appointed, for their encouragement and aid in the prosecution of their studies. They must not be absent themselves from their rooms, during the hours of study, especially in the evening, except by permission from one of the Faculty; and a close attention will be paid to the habits of the Students, that good morals may be cultivated and preserved.

PUBLIC WORSHIP.

The Students will be required to attend public worship, in this City, both morning and afternoon; and Monitors for the several Churches, will make returns of all absentees, who will give an account of their absence to the Principal. The Roll will be called, also, before the daily devotions at the College. No Student will, at any time, leave the City, without express leave obtained from the Principal. That the public may rest assured of the prevalence of no particular sectarian influence at this College, the following clause is extracted from the Charter; with the letter and spirit of which, the Officers of instruction, will invariably comply. The second section of the thirty seventh chapter of the laws of Maryland, required, that "the said College shall be founded and maintained forever, upon a most liberal plan, for the benefit of youth of every religious denomination, who shall be freely admitted to equal privileges and advantages of education, and to all the literary honours of the College, according to their merit, without requiring or enforcing any religious or civil test, or urging their attendance upon any particular religious worship or service, other than what they have been educated in, or have the consent and approbation of their parents or guardians to attend."

DISCIPLINE, &c.

A record of all deficiencies at College exercises will be kept, and sent to each parent or guardian, at the close of every term. And, whenever a Student shall be found failing to secure the end for which he will have been placed at the College, he may be sent home privately, except in cases of a misdemeanour, or offence against the laws, when he shall be punished by the ordinary penalties. By the adoption of a kind and parental demeanour, on the part of the Officers, it is hoped that such extreme cases will be avoided; and from the various advantages of location for the College, it is believed, that few places promise this immunity, in a higher degree, than the City of Annapolis. Its population is not large—the situation is central—its healthfulness, is surpassed by that of no place in the Southern States—access to the College, from all parts of the Union, by which parents would wish to hold communication with their sons, is most frequent and easy, and the expenses of living are comparatively small. Annapolis is the Seat of the Government of the State; and the time of the Annual Commencements, which happens during the Session of the Legislature, affords a high incentive to young men, to distinguish themselves, by their literary performances.

ADMISSION.

Candidates for any standing in the College, will be required to bring from their teachers, testimonials of good moral character; and, in no case, will a Student be received from any other College, to the same standing in this, unless he shall bring, from the President, or other authority of such College, a certificate of his honorable dismission.

EXPENSES, &c.

It has not been thought advisable to establish any commons. Board, including bedding, washing, and room rent, may be had, however, in private families in the city, for 120 dollars per annum. The charges in the regular College bills, will be, as follows: and are payable quarterly, and in advance—

English Department,	$24 per annum
Preparatory Classes,	40 do. do.
Freshman and Sophomore Classes,	40 do. do.
Senior and Junior Classes,	30 do. do.

An abatement of the College bills may be made, to necessitous Students; and provision is secured for the gratuitous instruction of ten Students, who may bring the proper testimonials for that purpose.

COMMENCEMENTS.

The Annual Commencements, take place in February, when all Degrees are to be conferred. The Faculty will assign to the Candidates for the Baccalaureate, and for the Master's Degree, the parts to be performed; and if any one should refuse the part assigned, or neglect to attend, his Degree may be withheld.

VACATIONS.

The regular Vacations, shall be from the last Wednesday in July, till the first Monday in September—from the 23d of December, till the first Monday in January—from Good Friday, till the Monday week following; and the Fourth of July.

The alterations, in the course of studies, which have taken place, on the late appointment of a Principal, seemed to be required, by the general advancement of Education; and it is hoped, that the advantages for a substantial and complete acquaintance with the several branches of knowledge, which the Institution now holds out to the public, will meet the wants and wishes of its numerous friends, and especially of the sons of Maryland.

St. John's College, was founded and endowed, in the year 1784, under the auspices of men venerable for their patriotism and learning, and has the honour of having educated for the State, some of her most distinguished public men. The Board of Visitors and Governors, in their efforts to discharge the duties of the trust devolving upon them, look for the cordial approbation and co-operation of the alumni of their *alma mater*, and for such a portion of the public favour, as may seem due to an ancient and cherished Seminary of the State, that her existance and usefulness, may be perpetual.

By order of the Board,
A. C. MAGRUDER, President.

A CAMP MEETING of the Methodist-Protestant Church for Queen-Ann's, Caroline and Talbot circuit, is appointed to be held about 3½ miles from Easton, on the lands of Samuel Colston Esq. to commence on Friday, the 22d of July next, and end on the Wednesday following. The place fixed upon, offers many facilities of convenience and comfort.—A spring of water, of the very first quality, affording an ample supply for all purposes, is within a few yards of the ground, which is high and sloping, with an excellent shade. Vessels of large size may come within less than half a mile of the camp, to which there are fine roads leading in several directions, and good pasturage and accommodations for horses (which will be well attended to) very convenient. All the members of our Church, and all our friends that are not members, and the public generally, who can make it convenient to have tents, or attend the said meeting, are invited to do so. Several Ministers from a distance are expected to be present.

☞ The Cambridge Chronicle, the Centreville Times; the Kent Enquirer, the Caroline Intelligencer, the Village Herald, the Maryland Gazette, and the Baltimore papers, generally, will confer an obligation on the Church by giving this advertisement a few insertions, say once a week till the time.

$50 REWARD

RAN AWAY from the subscriber, in the Holydays, Negro man

DAZ,

without any provocation whatever. He is tolerably black, 33 years of age, about 5 feet 4 or 5 inches high, very square built, limps a little in his walk, (occasioned as he states, by the bite of a snake,) hesitates a little before a reply when spoken to, also turning his head a little to one side, and then talks quick, looking generally towards the ground. His clothing cannot be correctly described, but believe he wore a black suit, with a black fur hat. Daz is an uncommon artful fellow, and is good at making out a good tale to excuse himself from charge.

He was bought of the late Chancellor Johnson's estate in 1825, who had purchased him from the estate of Mr. Higgins, of Anne-Arundel county. He has a very general acquaintance, especially in and about Annapolis and Elkmore; has a brother named Sam, living with Mr. Oliver on Elk Ridge; at some of those places he will likely call on his way probably to Pennsylvania. I have reason to believe that he has obtained a forged pass of some sort, or has carried with him either carpenter's or shoemaker's tools as a passport, he being a pretty good rough workman he will likely attempt to get himself off as free and a mechanic.

The above reward will be given if taken over forty five miles from my residence, or twenty dollars for that distance or under, and secured in any jail so that I get him again.
