aths the slave proprietor.

The excitement on the West India que The excitement on the west ladia que-tion has much diminished since yesterday, and the belief gains ground that some con-promise will take place between the opposite parties. The result of to-night's detail, is looked forward to by all, with much aris-

s re-eady The following is an extract of a letter jug and received from the head of an English meres. tile house at Calais.

CALAIS, 12th May, I have been informed that during the prisent season a greater quantity of packages goods has been sent to England by one but in a than during any year since the opening of & ports. Since the 1st of January the ning tyas more than double what it was in the or 1832. All the French houses, without ttception have increased their importations been Sinugaling is still carried on to a considerations of the extent, but not near to the same extents

in former years.
The importations from England have ten much increases, and the contraband impermuch increases, and the contravant impera-tions are said to be equal to former year.
Well informed persons estimate the imper-tion by contraband of British cotton laces to France in 1832 at 21,500,000. This shap to France in 1832 at 20,500,000. be taken as a set off against £1,000,000 direct and indirect silk exportation of Fra to England, and would alone pay almost the English importations of every kind for France, and yet our anti-free traders word and make the people believe we are paving all

In the House of Lords on the 14th elt & resolutions of Earl Fitzwilliam, to mollify to Corn Laws were taken up, and negating four without a division.

Agreeably to notice that had been previous same ly given, Mr. Stanley brought forward on the find 14th ult. the plan that has been so long to in of turing by the government for the abolition of the slavery within the British dominions. To outlines of the plan were given in this part of Tuesday-in Mr. Stanley's speech between six and seven closely printed broad columns the London Times.—It is impossible erra present an outline of his exposition. Iti

spoken of as being distinguished not only talent and cloquence but for temper and a cretion. Lord Howick expressed some demand as to the feasibility of the plan. The first discussion of the subject was rather comsational than argumentative, and was fully disposed of by a postponement of infuter consideration to the 30th ultimo.

It is stated in the Courier as a report that iery, Mr. Cuttar Fergusson is to receive the m pointment of Secretary for Ireland.

An awful explosion took place recently is a coal mine belonging to Lord Ravenswork about five miles from Newcastle, by which fa ty seven persons were instantly deprived a contusions.

Riots .- The metropolis has been in a sus of unprecedented commotion for the last tank ty-four hours, in consequence of a meetings Spafields, which ended in a violent confid with the authorities, in which blood has ben shed. During the night the peaceable inhaltants were in a state of the greatest alara apprehensive of the re-enactment of the drai-ful scenes of 1817. But this evil is, pe-haps, not without some mixture of page it has opened the eyes of Government's da true position; and it is currently reported the west end of the town, that they length consented to adopt some strong ansure with the view of putting down the pestilent associations, which are now admitted by the peaceable and loyal of all parties to be wholly incompatible with the public peaceable and loyal of all parties to be wholly incompatible with the public parties.

but peace.
This morning the flags and banners which were taken from the people at the meeting yesterday were conveyed by Superintendent Thomas, and an escort of the force, from the chief station house; in Bow street (where the chief station house; in Bow street (where tag) had been deposited during the night, to the Secretary of State's office in Downing street. The poles upon which the banners were first have been constructed in a manner to be ismediately turned into a weapon of defeact being joined together in the middle by a sliding tag passing over; thus by removing the tube, the ends which joined, and which could be distincted. the ed in an instant, could be turned into a war of the non of offence or defence as each end was

ends which joined, and which could be defined into a varied in an instant, could be turned into a varied into a varied into a varied into the took of traordinary transitions in the weather, as from individuals in delicate health expenses themselves to the cold night air. One dilast week the thermometer in the open air as high as 80, from which it suddenly fells 74, and continued descending till it reached 45.

74, and continued descending till it reaches e she at the series of the sent in that city 400 houses empty. There was and immediate vicinity.
