VOL. LXXXVIII.

ANNAPOLIS, THURSDAY, JULY 4, 1833.

NO. 27.

PRINTED AND PUBLISHED BY  
**JONAS GREEN,**  
Church-Street, Annapolis.  
PRICE—THREE DOLLARS PER ANNUM.

**SAMUEL C. ATKINSON**

PROPOSES to issue from the office of the Saturday Evening Post, in the month of July, 1833, the 1st number of a monthly publication, entitled, The

**BOOK OF NATURE,**  
Edited by an Association of Scientific Gentlemen of Philadelphia.

EACH NUMBER WILL CONTAIN  
FROM EIGHT TO TEN FINELY ENGRAVED  
QUARTO COPPER PLATES,

from the various departments of Natural History, each to contain from four to ten distinct figures, engraved on 50 to 100 figures in each number. With a view to diversify the publication as much as possible, a selection of one plate from each of the following subjects will illustrate each number:

- 1. QUADRUPEDS,
- 2. BIRDS,
- 3. AMPHIBIA,
- 4. FISHES,
- 5. CRUSTACEA,
- 6. INSECTS,
- 7. SHELLS,
- 8. VERMES & ZOOPHYTES,
- 9. BOTANY,
- 10. VEGETABLE ANATOMY,
- 11. GEOLOGY,
- 12. MINERALOGY.

Each plate will be accompanied with a brief but satisfactory description of every subject or figure it contains, so written as to convey a good idea of the subject, without being either tiresome length, or technically written, but that all may be read with pleasure. Every department of the great field of Natural History will be explored, its beauties and beauties unfolded, and the thousand charms which nature has her votary yields, by the power of the pencil, and the press, will be laid before the eyes of the intelligent admirer of the great works of Divine Architecture. No collection of engravings so valuable, we may confidently promise, can for years be offered to the public at so cheap a price as one hundred of these fine engravings will be given annually; to the man of taste, they furnish subjects which he can admire from year to year, and present with pleasure to his friends; the student, and the student in Natural History, may confidently refer to them on all occasions of doubt; while the juvenile portion of society will become acquainted with the inhabitants of the air, the ocean, and the earth. The Geography can be learned only from maps or travels; "The Book of Nature," without taking number from the book-shelf or the closet, will unfold to us the congregated curiosities of the whole globe. The increased taste for this study, which the late hope of late years evinced, induces the publisher to hope for extensive patronage for a work, which necessarily involves great expenditure, and which will combine great interest, accuracy and utility.

As the subjects embrace the whole range of Natural History, in order to make it as complete as possible, several scientific gentlemen have been engaged at a great expense to conduct the work; their united exertions, it is believed, will render this periodical extremely valuable. One great source of the patronage anticipated by the proprietor is from schools and colleges, and as the plates represented will be models of elegance and correct drawing, it will form a work for consultation to the Painter, Engraver, Drawing Master and Student, and will be of inestimable advantage in the education of their practice. In short, it will be adapted to the capacity and fitted for the use of every individual in the community. Single numbers 25 cents, to early beginners—for the one a book of reference, for all a source of pleasing study, amusement and instruction.

This work is not got up with a view to temporary popularity, or to a subscription of two years, in about which period it will certainly be completed; it will be the contrary, be so compiled as to be valuable as the plates last. After the term of two years, the price will be greatly enhanced, thus making the advantage on the side of those who now come forward to purchase an extensive and novel enterprise.

**TERMS.**  
The Book of Nature, will appear near the first of every month, with from eight to ten fine engraved plates in each number, making above 100 engravings in each volume, which will contain five hundred and thousand separate figures. ## SIR WALTER SCOTT'S COMPLETE WORKS.

A SPLENDID, complete and uniform set of all the works of this celebrated writer ever yet published, together with a biography of his life, his correspondence and miscellaneous writings never yet published in this country, is about to be issued in numbers by Messrs. Conner and Cooke, of New York. The whole work will be comprised in 48 numbers; each number will contain as much matter as two volumes, and will be furnished to subscribers at the unprecedented low price of 37 1/2 cents each, payable on delivery, which will be equal to only 18 1/2 cents a volume; an amount less by one half, it is believed, than they were ever sold, even at auction.

Persons owning part of the works will be furnished a sufficient number of these, if wished, to make them complete.

Considering the low price at which the work is furnished, and the means that have been taken to enable almost every family to be furnished with them, (which will be explained to any one) the subscriber hopes to receive a liberal share of patronage.

Specimens of the work can be seen at the Bookstores of W. H. Lucas, 110 Baltimore street, and at E. J. Conner and Co. Calvert street, opposite Baranoff's Hotel. The undersigned can be seen every day from 2 to 5 o'clock, at his residence, Barnum's Hotel.

**R. K. MOULTON,**  
Agent for Scott's works.

N. B. Any person or persons who will procure ten subscribers, and forward the amount of subscription to the undersigned, free of postage, shall be entitled either to one set gratis, or the proportionable amount in cash. Four numbers are already published—each subscriber will therefore pay \$1.50 on subscribing, the balance on each number as delivered. All communications to the undersigned to be post paid.

**500 REWARD.**  
RAN AWAY from the farm of the late John Andrew Grammer, deceased, in Anne Arundel County, about the 10th April instant, a Negro Man, slave, by the name of

**GEORGE,**

About five feet four or five inches high, forty years of age, black complexion, and has lost several of his upper front teeth; said fellow is well proportioned, and upon examination will be found to have a peculiar flat head; his clothing consisted of full country cloth of drab colour, and coarse shoes, which he will no doubt change for others, having plenty of other clothing of good quality. George has acted with great ingratitude; the whole of the slaves of the said Mr. Grammer, were directed to be sold under an order of the Orphan's Court of Baltimore county, and in order that they might have an opportunity of providing situations to suit themselves, I had furnished each one with a printed paper, stating the terms, &c. upon which they were to be disposed of, which was a moderate valuation of the inventory price; the whole of the others provided themselves with such situations as they chose, and have been disposed of, except

**GEORGE,** who no doubt has aided himself of the printed paper with which he was furnished, and has made his escape. I will give Fifty Dollars reward for apprehending said fellow if taken in the State of Maryland, and secured in any Jail so that I get him again, and if taken out of the State, and brought home to me in the city of Baltimore or delivered to Robert Welch (of Ben) in the city of Annapolis, I will give Sixty Dollars reward, including all reasonable charges.

**JOHN HILLEN, Adm'r.**  
John Andrew Grammer.

**AUCTION ROOM.**  
THE subscriber informs the public that he has opened an AUCTION ROOM in the lower story of his office, where he will receive goods of any and every description for sale on Commission, on the most reasonable terms. He will attend to Auction Sales in the city and county, at the shortest notice.

**Anne-Arundel County, Es.**

ON application to me the subscriber, a justice of the Orphans Court, of said county, by petition in writing of Thomas C. Donalson, of said county, praying for the benefit of the act for the relief of sundry insolvent debtors, passed at November session 1805, and the several supplements thereto, a schedule of his property and a list of his creditors, on oath, as far as he can ascertain them being annexed thereto, and the said Thomas C. Donalson, having satisfied me by good and sufficient testimony that he has resided in the state of Maryland two years immediately preceding the time of his application, and that he is now in actual confinement for debt only, and having given security for his appearance at court, it is therefore ordered and adjudged by me, that the said Thomas C. Donalson, be discharged from his confinement, and that he by causing a copy of this order to be inserted in one of the newspapers in Annapolis, once a week for three successive months before the 4th Monday in October next, to give notice to his creditors, and to answer such allegations as may be made against him by his creditors, and comply with the requisites of the insolvent laws of this state.  
**GIDEON WHITE.**

## A NEW, CHEAP AND POPULAR PERIODICAL.

**WALDIE'S SELECT CIRCULATING LIBRARY.**

THE striking features of this periodical are, that books are published in it in a form which allows of their being carried by mail, and at a rate so reasonable, that every intelligent educated person in the community can procure them. The publisher receives from England all the new books of merit, and from these, selections are made from the best class of Novels, Memoirs, Travels, Sketches, Tales, and Biography. These are printed as rapidly as an extensive printing office will admit, and forwarded by mail, carefully packed so as to carry to the most distant post office in the Union, uninjured.

This periodical commenced in October, with the popular novel of Waldstein, or the Swedes in Prague, which cost in London six dollars; it is contained entire in two numbers and a half of the Circulating Library, costing subscribers less than twenty-five cents. This was succeeded by the Memoirs of Lavallie, which cost the publisher in the same space and at the same price. The sixth number commences the travels of Mr. Vigne, costing in London six dollars; it will be printed entire in the "Library" for at most thirty cents! This enumeration of prices the publisher trusts, with the facility of transportation by mail, will be sufficient to induce those who receive this prospectus, to use some exertion to extend the circulation of the work in their respective neighbourhoods, as, if encouraged hereafter as he has so far done, it is his intention to lay before the American public a rich and varied stock of the best books which issue from the European press.

The price is five dollars for 52 numbers, which will contain as much matter as 1200 pages, or three volumes, of Reed's Cyclopaedia. This volume will comprise at least from twenty-five to thirty entire works, printed on good paper, and with the same accuracy as book works. It will form two volumes of 400 pages each, well worthy of preservation in private libraries. The publisher feels confident in stating, that the circulation of this work, when brought out, will be more than the subscription price, as after a few numbers are issued, no more will be printed than will supply actual paying subscribers.

Still further to increase the facilities of subscribers, the publisher has added another inducement for clubs to join together in their remittance. Twenty dollars will be received in full for the subscription of five individuals. This deduction will pay all postage.

Those who design to patronize this new and popular mode of publishing good books, will oblige the subscriber by forwarding their remittances as early as practicable. A five dollar note deposited in the post office will supply good reading to a family and circle of acquaintance for a whole year.

The gentleman who makes the selections for this periodical, to literary taste and education, has, from his situation, facilities for knowing what is popular and of high reputation possessed by few; to this he adds a proper sense of the responsibility he has assumed in catering for an extended and moral community. The publisher therefore confidently recommends the Circulating Library to heads of families, as a work which they need have no fear of introducing into any circle.

The ensuing number will contain a highly popular novel, by the English Opium Fancier.

**ADAM WALDIE,**  
Carpenter-street, near Seventh, under the Apprentices' Library, back of the Arcade, where subscriptions will be gratefully received.
