Mr Roberts, reported a bill, to authorise

George W. Cummings, and Jacob Raymond, administrators of John Cummings, deceased, of the state of Delaware, to remove into the said state, a negro woman, named Rachel, and to sell the same in said state, in which said negro woman the said John Cummings possessed an unexpired term.

The Speaker laid before the house, reports rom the clerks of Montgomery, Queen Ann's, Hacford, Anne-Arundel, Frederick, Washington, Worcester and Talbot counties, relative to the attendance of Judges of their re-

spective courts. Also, reports from the clerks of Anne-Arondel, Harford, Frederick, Queen Ann's and Worcester counties, relative to monies paid by them into the treasury.

Also, a report from the clerk of Montgom-

ery county relative to the taxable property in said county.
Also, a report from the justices of the Or-

phans court of Prince George's county, rela-Mr. Sothoron, submitted the following mes-

age: . Which was read, assented to, and sent to Gentlemen of the Senate.

We propose an interchange of services be-tween the Rev. Mr. Gere, who is appointed to perform divine service in this house, and the Rev gentleman appointed by your honourable

The clerk of the senate delivered the fol-Which was read.

Gentlemen of the House of Delegates, We have received your message, proposing the appointment of a joint committee to wait on the Governor, and on the part of the senate, we have appointed Messrs. Chapman and Groome, to join the gentlemen named by

mitter appointed to wait on his excellency the ouse having convened, were ready to proceed he might be pleased to lay before them, re-ported that the committee had performed the nties of their a pointment, and that the governor had answered, that he would transmit communication to the house to day, at 12

The clerk of the council delivered the following communication from the executive:

EXECUTIVE DEPARTMENT. Annapolis, January 1, 1834. Gentlemen of the Senate and

of the House of Delegates:
The recurrence of the stated period has a rain brought together the Representatives o

Honoured as we have been by the high trust reposed in us. by your immediate predeces ors: bound, as we are, to you and our com virtuous hosom, we cannot but feel and endear our to express, upon meeting you, the most profound sentiments of gratitude to the giver of all good, for the abundant share of his favour, with which he has been pleased to

bless our state during the past season.

Plenty has crowned our barvests; enterprise, industry and skill on the part of our individual citizens, have added forgely to our weilth and prosperity, and the blessings of

nealth were never more generally enjoyed. It is truly gratifying to confemnlate such scenes, and the pleasure of this interesting re trospect is heightened by the opportunity now afforded of congratulating you upon it, and by the confident reliance to be be placed un-on your wisdom, patriotism and virtue, to preserve and perpetuate these blessings, so far as depends upon you, to us and to posteri-

By ancient and approved custom, it becomes our duty upon the assembling of the Legislative Representatives of the mende of Mary land, to render an account of our proceedings in the discharge of our executive duties, and to make such suggestions upon the general in-terests and concerns of the state, as appear to us to be called for, and proper for your con sideration.

In relation to the special duties enjoined unon us by Laws and Resolutions, we beg leave to state, in general terms, that they have all received our respectful attention, and such action upon them, respectively, as appeared to us necessary and proper for carrying into effect the intentions of the General Assembly. And we proceed to a more par-ticular notice of such of them, as from their importance or character seem to require it, or as relate to subjects proper for your attention and for further Legislative action.

By the Resolution of the last General Assembly, in relation to the sounds which run parallel with the sea coast between Cape Charles and Lewis Town Creek, with a view due, and also what amount of dividends her contemulated survey. An application had the construction of the other parts of the has received from the said companies respect been made to the President of the U. States warehouse, on account, as he states, of the

Mr. Wright of Dorchester, presented a tively, for dividends on stock held by the memorial of sundry citizens of this state, praying the passage of a law to incorporate the Choptank steam boat and navigation comfrom the Secretary of War, tendering the services of an engineer, provided all other expenses than his regular salary should be paid by the state. No provision having, at that time, been made, by the Legislature, for the payment of such expenses, ov the state, the services of the engineer could not be accepted by the then executive, upon the terms offered. The correspondence between this department and the President of the U. States and the Secretary of War, having been submitted to the general assembly, provision was made at the last session, for the payment of all such expenses as might be incurred in making the survey. And, in May last, application was again made to the President of the U. States for an engineer. The paper herewith marked A. is a copy of that applicacation: to which no reply has been received. In October last we appointed an engineer on the part of this state, to make the said survey, in conjunction with the commissioner who had previously been appointed, and with such commissioners or engineers as had been, or might ware. It was hoped that some progress in the survey night be nade before the meeting of the general assembly; but we understand that it has not yet been four d practicable to commence the work. We presume that it will receive the attention of the engineers and commissioners of the three states early in the ensuing spring, and be completed with-

in the current year. We took great pleasure in communicating to the family of the late Charles Carroll, of Corrollton, the Resolutions of the General Assembly, commemorating his eminent worth, distinguished services and ardent patriotism. And we engaged Mr. Thomas Sully, a distinguished artist, to print a full length likeness of the deceased Mr. Silly came on to this city, in the past Summer, to view the Chainber and ascertain the position the painting is to occupy, and we presume has since be n engaged upon the work, but has not yet com-

and exaited worth' of the venerable deceased, who had the distinction to survive all that in-estimable band of patriots with whour he was associated in proclaiming our Independence. will be most appropriately placed in the samo Chamber, where, half a century past, occur-ted the sublime spectacle of the surrender of Military Authority, by the father of his Country, - with shose honours the deserts of Car-roll are entwined.

A recall of that interesting spectacle in connection with the painting, will 'indicate to posterity,' two noble models of public spirit and pure patriotism, and keep alive to future ages of the Republic the cherished recollection of, and highest veneration for, the useful lives and glorious examples of Wash-ington and Carroll.

We have employed Mr. Thomas Fletcher, (the artist from whom several other swords ad been heretofore procured by the State, and whose work we understand had given satisfiction.) to make the swords directed by the last General Assembly to be procured and presented to Cloonel Nathan Towson, now paymaster General of the United States Army, and to Captain John Gallagher of the United States Navy. These swords are intended as testimonials of the admiration and gratitude of their native State, for the distinuished gallantry and highly valuable services of those officers during the late war with Great Britain. They have but recently been ordered. The delay bas been occasioned by our desire to procure before ordering them, cessary to having them I signed correctly and corresponding to ments of the gallant officers for whom they are intended.

Under the resolution relative to a State Mip.' John H Alexander, esquire, was, in May last, appointed an engineer to examine, and collect all the information, plats, and reports of surveys, for Canals, Rail Roads and other public works, which have been made by. or under the authority of this state, or any company incorporated by the state, or under the authority of the corpor ton f the city of B lime? And under the colution frela-tive to a Geological Survey,? Dector Julius T. Ducatel, was, at the same time, appointed an assistant, to act in conjunction with said engineer, and to make the necessary geological researches, and report to us upon pediency and probable cost of a geological survey of the state,?

The report of these gentlemen has not been received, but we have been informed by them that it is in preparation, and will shortly be ready to be submitted to your consideration.

In pursuance of the resolution authorising and requesting us to contract for the re-building of the centre division of the State Tobac-co Warehouse, No. 2, in the tity of Balti-more, and for such other repairs as might be found requisite to put the said warehouse in to their connection by such canala as may be found necessary to effect a safe and direct navigation through the said sounds, it seems to have been considered very desirable to obtain the aid of an experienced engineer from the United States corns, to said in making the contemplated angrees. An emplication had been able to complete repairs, in May last, we employed Mr. Murphy, a builder of experience an competency, to superintend the said work. Mr. Murphy's report and account have just the United States corns, to said in making the language of the complete repairs, in May last, we employed Mr. John N. Murphy, a builder of experience and warehouse in complete repairs, in May last, we employed Mr. John N. Murphy, a builder of experience and warehouse in complete repairs, in May last, we employed Mr. John N. Murphy, a builder of experience and complete repairs, in May last, we employed Mr. John N. Murphy, a builder of experience and complete repairs, in May last, we employed Mr. John N. Murphy, a builder of experience and complete repairs, in May last, we employed Mr. John N.
