I am, very respectfully. and sincerely, your friend your obedient servant, ANDREW JACKSON.

Hon. R. B. TANEY.

From the N York Gaze'te, of Friday last. THE DAY.

Yesterday may really be called the aug, for on none, have that when tribute was paid to Washington, was there ever witnessed a more give such of the proceedings as came under our observation. The order of procession as previously published, was fully complied with, and at no time in our recollection, prevailed more generally a spirit of lamentation for the departed compatriot and friend of Washington.

The weather was changeable during the day, and at different times there was a shower, and passing at no great height over the city, but after the procession was on the move, the I was enabled to observe the arrangement of

cession began to move from the City Hall, and it reached Castle Garden about six. Here an impressive and able eulogium on the character of the deceased, was delivered by the Hon. Judge Talmadge, whose manner and feelings, drew tears from the venerable patriots of the Revolutionary struggle, and also many others who were within the reach of the Orator's voice.

Between the President of the United States the house tops, in the windows and doors of small distance. It was fleer, while subject of the resignation of his office as procession, were seen nearly the whole popu- steam. procession, were seen nearly the whole population of the city, and yet no disorder or confusion was witnessed. Nothing was ever more impressive. The Urn, and the Eagle, which

> We were much gratified at the close of the ceremonies of the day, by the respect which was paid to the venerable General Morton.

On retiring from the Battery, the various military corps complimented the commandant of the day by a passing salute at his residence of the fields had a tinge of yellow.

have the citizens of New York, and our sojourning French residents paid to the memory
of Lafayette, the highest tribute of respect to one, who in peace or in war, had no equal, We hourly look for the particulars of the

funeral of the distinguished character who is the accelerated velocity of the motion lethe subject of this notice, and however soli- to perceive an increase of wind, and gar citous many of our readers may be, we can reason to dread being carried off to Dear Sir:—Your resignation of the apsenot but hope, that the occasion will have been At 5.25, thermometer 77 dg. ointment of Secretary of the Treasury, consolemnized in France without the least dis To descend rapidly became also
