Lakes, Rivers and Canals-Commerce, Manufactures, Agri-culture, and the arts ge-nerally, of the Unit-ed States.

EMBRACING ALSO The extent, Boundaries, and Natural product tions of the principal subdivisions, the La-titude and Longitude of Cities and Towns, with their hearing and distance from important places - and including other interesting and valuable Geographical, Historical, Political, and Statistical information—with the census of 1830, and the Post Offices, from the latest Official List.

BY WILLIAM DARBY, ESQ.

OF MARYLAND. AUTHOR OF A VIEW OF THE UNITED STATES,

AND THEODORE DWIGHT, JR. ESQ. OF NEW YORK.

The importance to the citizens of the U. The importance to the cirizens of the continuous that it is not continuous that the continuous and the depen of their learning.

The soundness of cirizener thus given to one standard Local gy of England has, this one standard Local gy of England has, this one standard local gy of England has, this one private in the frequently, aimost daily, feets the cirizens of circumstatures, even happiny pre the convenience and necessity of such a book of reference. Of similar works, embracing the Universe, it may with truth be said of the most voluminous of them, that they are neces satily brief, and greatly dencient in reference could it be otherwise in a work, which in the compass of 800 or 1000 pages, comprises as orde a field. -

No such work, exclusively devoted to the United States, is now extant. None has ever been pooltshed—and the only one of a similar kind ever issued from the piess, was a pocker volume of less than three hundred pages; no nas that been re printed in ten years. Within that period, important changes in the country which it is the object of a Gazetteer to em the civil, literary, geographical and statistical condition of the country, has materially chango; and these changes are not to be found re d d in any single volume.

sed Gazeiteer have undertaken to suppl And in presenting it to the public for their purposage, the publisher feels confident that found as copious-as complete-and The names of the respectable gentlemen win have undertaken its compilation—one of whom is already well known as the author of severa aluable geographical works-will, it is belies a curacy of the proposed volume. The labour of more than two y ars has aiready been bestowed upon it; and it is presumed that acces ins been had, to every publication which could in any degree enhance the value of the work.

The work will be har-isomely printed in Foolscap 8 co. on good paper, cold-pressed, and published (in Volumes of about 400 pages each) on the first day of every month, publisher to undertake a second and improved dition A Map of the United States, (no contained in the former) will be added to the work; and the publisher confidently believes. that such in asures have been taken to secur a careful revision of the first, as will ensure the accuracy of the forthcoming edition. Wil

The paper will be of a fine quality, and the type new and handsome.

The volume will be of a royal octavo size. Vol. I. (to be published on the 1st of Januaty,) will contain
