From the Baltimore Republican.

A few returns have been received from O-hio. Our opponents allege that they have ob-bained a majority of thirteen hundred in Muskingum county, and we presume it must be correct. The county has always been exceed ingly unstable, sometimes giving a majority of three or four hundred on one side and sometimes on the other. Supposing that the statement is correct, the probability is that we have lost a member of Congress, and that Mr. Howell, the Bank candidate, is elected. They allege, also, that Belmot county has gon in their favour and that Mr. Bell, the Bark man, is re-elected. What foundation there may be for the assertion or calculation we may be the assistance of the same unable to say; but supposing it be correct, they have gained nothing in that district. On the other hand, we have accounts from 18 out they have gained nothing in that district. On exchange a salute from the battery with out the other hand, we have accounts from 18 out of 19 districts in Franklin county, which has the deep mouthed cannon speak from shore to shore, across the noble river which separates but which now gives us a small majority, and Licking county will secure the re-election of Licking county will secure the re-election of Mr. McLene, who was elected two years ago the auspicious result. The Battery yesterday evening was the scene of one of the most brilliant and animating spectacles which that theatre of many a pageant ever presented to the eyes of freemen. On the receipt of the news confirming the tidings of our glurious victory in New ersey, arrangements were hastily made to exchange a salute from the Battery with ou

lin consequence of two opposition candidates remaining against him, and upon whose re-election we did not calculate. Mr. Kilgore, a lackson man, is elected in the Jefferson district; thus rendering it probable that two Jackson mean and two Bank men have been elected, so far as the returns have been received. Since writing the above, accounts have been received which state that Mr. Kenon, Jackson man, is elected in the Jefferson of the democracy on this side, before the formatch was applied to the answering piece of match was applied to the answering piece of match was applied to the answering piece of the democracy on this side, before the formatch was applied to the answering piece of match was applied to the answering piece of the democracy on this side, before the democracy on this side, before the formatch was applied to the answering piece of match was applied to the answering piece of match was applied to the answering piece of the democracy on this side, before the formatch was applied to the answering piece of match was applied to the answering piece of the democracy on this side, before the formatch was applied to the answering piece of match was applied to the answering piece of match was applied to the answering piece of the democracy on this side, before the formatch was applied to the answering piece of match was applied to the answering piece of the democratic papers.
