LOGIST'S STUDY. ills ranged around the room MRS. ATKINS, and CHILD liscovered. ll, my good Mrs. Atkins, I rought your son to be ex-

re; and a widow, especially not help feeling anxious au ut in life. To be sure, I , a girl, and this boy—but buble. One does not know em, poor things!

s father, and take him into oper time; but the boy, it olish book, called Robinson to go to sea. Why don't organs? He wont hurt he is so bold and full of yourself up, William,

is the young gentlemen!

Dr. B.—Undoubtedly, my good Mrs. Atkin difference of ear is attended with difference faculty. The perceptive ergans, for instantible with their interference faculty. The perceptive ergans, for instantible with their interference frees in opposition to the so the ground of morality would be to proceed upon an instance of ears, and talking to herself. I shall you no harm. The doctor feels the child head—Mrs. Atkins walks about the room, los ing at the casts, and talking to herself. A lar distinctiveness—a prodigious combatinence framers strongly developed—adhesimates and continued of the discussion on the large of the truth of our existee, the casts are recognized in the constitution. I never saw the propensities so strong the casts of the constitution of th aminod. I never saw the propensities so strop ly indicated. Let him go to sea, by all near-indeed, it would be of no uso if you were to to to keep him at home: with such a france a sides it would be a thousand pities. The all the organs that make a great warlored perb distinctireness—a finer comb menes the Lord Nelson! I should like to sive a cast of the state of th

Mrs. A.—An: wen-may:
Dr. B.—Acquisitees strong too!
Mrs. A.—Ay dy—what's that?
Dr. B.—Why, it means a desire to posse which is a boy, probably shows itself in a love markets and apples, without being very serun love as to the means by which they are as lous as to the means by which they are acqu

Mrs. A .- O! it's a wonderful art! See, W. liam, how the doctor finds you out! Yes, be-take shame to say it—stole all our apples off c nonpareil tree, last year, and we can't keep eberry in the garden for him. I can tr his sister any where, she's such a good, qui little thing; but William-

Dr. B .- Never fear Mrs. Atkins-it's an e cellent organ under proper government, a will turn to a desiro to capture Dutch spice shi and Spanish argosies. You must send him

Mrs. A .- Ah! well a-day! But doctor h is it that you can tell all these things?

-Why, look here, my good madam, you see that projection on the side of just her Mrs. Atkins; here my good lady. If I had an ther child, I could show you in a moment wh I mean.

Mrs. A .- Run and fetch your sister, William Dr. B .- Ay, then I can explain the diffe ence-I'll venture to say there is not such combativeness-whydon't you go for your sist my little man, as your mama bids you? Mrs. A -- Why do you stand there like a size

pleton? Go for Fanny, this moment! Child .- Pray, mamina, don't be angry, I a

Mrs. A .- On dear! dear! this is one of W liam's unlucky tricks! Get along you good for nothing hussey. What will the doctor say be made such a fool of?

Dr. B .- Make a fool of me, Mrs. Atkins! should like to see the person that could do that It is not all the tricks of men, women, and ch dren that can put down Phrenology. But I gi you warning, my good madam, that whate trouble you may have with your son, you wi have more with your daughter. I was ner mistaken in my life, and there are organs in the little noddle fit to belong to Joan of Arc. Go morning, Mrs. Atkins. She'll follow the dry I tell you-or go to sea. Good morning, madar Make a fool of a phrenologist, indeed!

From the New York Evening Star. Summary of Foreign Intelligence. They have their hail storms, also in England

on being put by the chair, the The damage done recently by one of them the county of Essex amounted to ten thousa A most extraordinary scene took place r cently at Edinburgh, in the execution of Jam

Bell for the murder of Sergeant Major Mor head. The executioner was so affected that I shed tears in adjusting the rope whereby co siderable delay was occasioned. After the c was let down it was a minute nearly before t drop fell, during which, the poor criminal show with a convulsive tremor. The mob was in

dignant and disposed for a rescue.
Sheridau Knowles has returned in high sp es, sir, if you will have the rits (that is in his usual spicits) from the Union are a great pleasure, but ed States. His complimentary benefit at New York, produced him more than five hundred an

fifty pounds sterling.' The following ingenious theft is about

clever a thing of the kind as we have seen:— On Friday a gentleman accidentally slippe down in Fleet street, and put his arm through ogy is precisely what will rs. Atkins. Our discovered to that point, by observing natural indications. My wn, I think, sent you to mel r; he told me that by looking take of your hat. William take of your hat, William—

note, said, now I shall take three pounds, an our pardon, sir, I will. Mr. tleman, who protending to be greatly annoyed eling his bump—organs, I left the house, asserting that he should seek re be able to tell me what to do paration in another quarter. It was afterward like to bring him up to the discovered that the note was a forged one! discovered that the note was a forged one!

One of the London Coaches recently carried down to Liverpool, 300,000 pounds of specie is dollars, weighing about 19 tons, together with

numerous passengers.

We had thought our climate the most value ble of any known, and the most extreme in the ble of any known, and the most extreme in the following the he is so bold and full of vicissitudes. We perceive, however by the fol-shamefaced before company lowing extract of a letter dated in July, that Dumfries, in Scotland, may challenge a comparison we believe with any of the capricious changes

we besteve with any of the copricious changes of a thing, in spite of his by by half for a boy. Fanch alike that if it were not should not know them a cose, doctor, that's only their thing as calculating, even if we should take

paramost with Mr. M Kenzie, and the mys In four minutes I descended about a mile, and reach in dietrine of the cycles to boot. Not madays ago the thermometer fail almost instant meter fail almost instant sum clothing and a parlour fire, upon the sam clothing thing, such a degree of ings of every living thing, such a degree of majort as could only be resisted thy nerves facel and sine we of iron.

To can scarcely believe the following state-Surely, it is not from fear that the sub successful to could have been resorted to emment whose may was until late, the

us of the seas. ha Ball - Englishmen will read the follow. with feelings which we will not attempt to

it by endeavouring to describe: Wabrich.-His Majesty's steam vessel Pluhas been altered from a man-of-war to has been some ander, Lieut, Duffil, is commission. This vessel will sail from folicit the beginning of next week, with LEllis and suite, as a yatcht, and not es a molwar, in order to enable him to pass the

adanelles. and are we come to this? Is the flag of Eng.

sted on both sides to effect a consummation breatly to be wished."

wated in England, a total failure, and the ar, my they, it descends to "the tomb of the pulcts" the better for his reputation. Let continue, say those transatlantic critics, to that his own clement his natural domains.

Lard King to the Hon. Ada Byron:

Ain sole durghter of my house and heart! To thee the Muse may sing— le play at length a fitting part, Wife to a noble King.

Mr. Clayton, the Western ceronaut, narrowing and a sudden and violent end, during a balstit Lexington, Ky. He had risen to an ele-

the me, the upper portion of the balloon burst the tremend of the mand I and the whole the fell two hard hundred feet, with the thorn of a store. The rapid descent was talkile checked; and now the most critical fired calmaces, presence of mind and activity with which to gull poor human nature. for an awful scene presented itself. The her part of the balloon, by the violent resis-ter of the atmosphere, in descending, had a presed against the surface of the network, but mad join a proposition of a part for any m resed against the surface of the network, as fund into a parachute, of about twenty. In fet indiameter; but though the centre of interest the parachute I and behold the naked white small meshes of the naked which small meshes of the naked which formed as sting surface, hung in ribbands, dashing ade to side, and producing a noise like the read sale of a ship in a tempest. This hurten noise was not producing by the rapid desent, but by the violent oscillatory and notary one of the parachute. At one moment I was at in a horizontal line with the parachute, then I was dashed through the air to a level as apposite side; thus describing art age of

ed the region of dense clouds. At this time I untied the upper end of my cable and held it in my hinds, three over my anchor and allowed it to awing at the full length of the rope; (150 feet) it was thrown at every vi-

bration, for above the level of my car.
On passing beneath the cloud, I saw the town of Athens a little to the south west of me—In five minutes On passing beneath the cloud, I saw the town of Athems a little to the south west of me—In five minutes
more I reached the ground with a pretty severe aboch,

The whole sustaining no injury worth mentioning. The whole belloon or parachute, was intantly flat on the ground, a mass of ribbons. A few dark faces (negroes) appeared at a short distance from me, with out-stretched hands— screaming—frightened to death at the huge machine that came whirling over their heads, and still more frightened when they saw me spring out of it.

OHIO AND MICHIGAN.

We have been shown a letter from Perry usual Parade Ground, on SATURDAY EVENING next, at 3 o'clock, in soldier-like telligencer, by a respectable citizen of state to a gentleman in this place, from which

we copy the following:—
Somerset, Perry Co. Ohio, Aug. 18, 1835. RESPECTED FRIEND:-Ohio is all tumult and fire against the proceedings of the citizens of and are we could be contained and the contained of the observation of the Michigan Territory. There is a secret movement of our troops. Our Rifle Regiment, has this

g his Ministers, the necessity of having the abolition, and burning with zeal to disseminate steramically settled, and that a disposition his opinions, betook himself, last Monday, to the good and ancient town of Worcester in Massachusetts, for the purpose of delivering a lecture The "Unionists" in the Potteries in England, on Slavery. Notice had previously been given, first degree of brutal oppression towards the ard at the appointed time the townhall was toselects which was not to be expected from lerably well filled with auditors of both sexeshe who have constantly on their tongues the some of them abolitionists, but the greater muneyed phrases of "equal rights" and "equal ber moved only for curiosity. The becturer had m." They have refused to permit the wo- made but little progress in his discourse before m was made from 10 to 12 shillings per the indications of disapproval, till a person present walked up in front of the desh, and took
away the lecture is notes. The betwee wee, of course, immediately supposed. A call was then made to clear the disreways for the feether. males to pass out. They refired, and after a few moments Mr. Scott and his triends left the Hall without melestation, further than that they straid prairie, the trackless pine forest and were accompanied by a large crowd to his lodgings, which we understand, he left in a short ings, which we understand, no feet an a configuration in the following is an epigram on the marriage time, making his departure from the town.

are, making his departure from the town.

A tolerably perceable and certainly effectival district in this State in the Congress of the certainly effective that the state in the Congress of the certainly effective that the state in the Congress of the certainly effective that the certainly effective the certainly effective the certainly effective that the certainly effective that the certainly effective the certainly method of putting an end to an unwelcome discourse, but a still better would it have been to stay away altogether.—N. Y. Commercial.

ABOLITION MOVEMENTS.

The abolitionists of New York have had ar immense printing establishment in Nausau street, constantly engaged in throwing off tracts at Lexington, Ky. He had risen to an eleon of about two miles, when the perilous bution through the United States mail. Three large power steam presses are at work day and night. They possess lists of every lawyer, eve-

ht3 minutes after 5, when at an altitude of lake, I discovered that the gas had complete in the southern states. It is supposed that this single establishment circulates by mail more parameterizing the surplus gas from surpended, preventing the surplus gas from whole domestic press of that region does.—N.
