PROSPECTUS OF A NEW PUBLICA-HON TO BE CALLED

The Catholic Periodical Library. Which is designed to be a reprint of all the best Catholic Works in the English Language, in weekly numbers, at 8 cents each.

THE dearth and scarcity of the best Catholic works must long have been a source of regret to every intelligent and observing Catholic in America. So limited has heen the sale, and so great the expense of printing these books, that but few individuals in the country have been sufficiently enterprising to undertake their publication; and their price, in consequence, has been more than proportionably high. In fact, so dear have Catholic books in general been, that it has been entirely impossible for the pourer members of the Catholic community, who stand most in need of instruction, and for whom the books have in general been compil ed, to obtain copies, even of those works which are nearly essential to the practice of

their religion.

The subscriber has long since observed this fact with the utmost regret, and may certainly say, that up to this time, he has at least done something to reduce the prices of the ost necessary Catholic works. Our religious books are still, however, extremely dear, and the Subscriber, depending on the support of a liberal and enlightened Catholic ommunity, bas determined to issue a Perioffical publication, which, by its cheapness, will place all the best Catholic works within the reach of the poorest individual; and from the neatness and elegance of its execution will be found worthy of a place in the librawhen the subscriber proposes to issue, ba-2 year cailed for by the exigencies of the community; and the capidly increas cen of the numbers of our Holy comes furly to justify him in the ex-THE STEAM BOAT Character of the numbers of our Holy MARYLAND will go to pectago, that it will meet with sufficient on Annapolis, on Sunday the course ment to enough him to conduct it sucthe lower end Bugon's wharf, at 9 o'clock, ing entirely in the liberality and generosity of his bodow Catholics of the United State and the Caradas has resolved to put it to
