be entertained by others, or
trust, the circumstances un-
States of the Union, are such
cipation, even if the desire
to accomplish it were universal, whilst the present
actual condition and general treatment of slaves
are such, as to leave the friends and advocates of emancipation no hope of bettering their condition gen rally,
by the success of their exertions. It is believed that
most erroneous notions on this subject (particularly as
relates to the condition and treatment of slaves) prevail—that entertained in the non slave-holding sections of
the country, and that it is the superficial and imperfect
view taken of the matter, by such of the citizens of non
slave-holding states as are actuated by good and humane intentions, that has caused the misguided zeal and
efforts which have become so threatening in their consequences. They have looked principally to the evils
they supposed them to be remedied, without due consideration, or being from their local situations,) qualified
to form just conceptions of the many and various difficulties to be encountered, and dangers to be apprehended, in carrying into effect their wishes and views. We
have no doubt, but that a large portion of our fellow citizens who have engaged in and are zealously pursuing
measures to effect a general emancipation of slaves are
actuated by the best motives, and conscientiously believe themselves to be performing a sacred duty of humanity but we are confident, that many of the
most intemperate and noisy declaimers upon the subject,
are influenced by very different motives.

We cannot permit ourselves to believe, that it is the *deliberate* purpose of any respectable portion of the people of the United States, much less of the constituted authorities of the General or any State Government to infringe the rights of the States, where slavery exists, or of the citizens holding slaves; yet it cannot be concealed, and ought not to be concealed, that opinions have been expressed as well in Congress, as in, if not by several State Legislatures, which look to the adoption of some measure *by the general Government* upon this subject, which cannot be effected but in violation of the rights and privileges of the former and with which the Government has nothing to do and with which it can *in no manner* interfere without overstepping the bounds of its authority, and trespassing upon rights, and assuming powers never conceded to it.

We have deemed it our duty, to invite your particular attention to this exciting subject, and to express freely, our views of its most vital importance, and sincerely recommend that it be distinctly made known, that we do not recognize in any of our sister States, or their citizens, any right to interfere with our slaves and the we unequivocally deny any authority in the general Government to legislate upon the subject of their emancipation, or to disturb our rights of property in them, in any manner whatsoever.

It is confidently hoped and believed, that a temperate, yet firm and determined expression of the unanimous resolution of the slave holding states, to adhere to and vindicate their rights on this subject, against all encroachments interference, would have a salutary effect in awakening all calm thinking, and well intentioned abolitionists, (and without their countenance and aid, the evil mentioned would be impotent, and soon cease) their efforts, to such deliberate reconsideration and thorough examination of the whole subject in all its aspects and tendencies, as would induce them to cease their hitherto—fruitless of any good, but too long to much mischief, and to produce carelessness, dissatisfaction, inquietude, and consequent insubordination of slaves, and very dangerous alarm and increased rigour on the part of masters.

We are encouraged to entertain this hope with much confidence, by the fact which we have understood and believe to be true, that almost every intelligent gentleman from any of the non slaveholding States, who has left home friendly to the abolition cause, and travelled extensively in the South, has had his mind changed and withdrawn his countenance and support from that cause. Such has been nearly the uniform result of those being acquainted fully, in any way, with the true state and general condition of slaves in the United States, and the various circumstances which render general emancipation impracticable, and the movements and proceedings with that view irritating to masters, prejudicial to slaves, and altogether impolitic and unwarrantable.

Having thus, in a cursory manner, alluded to the various subjects to which we considered it proper to direct your attention, we cannot conclude this communication without the expression of our earnest hope that all your deliberations may be characterized by wisdom, moderation and firmness; and that they may redound to the interest, the prosperity, and glory of the State. Maryland, at this moment, occupies a most conspicuous station among her sisters of the Union. She has within her the rapid strides to wealth and power in most of the States, which have distinguished the last few years, and has wisely determined to enter the lists of competition. We need not dwell at length upon the advantages of her geographical position. They are such as must force themselves upon the attention of every individual possessing the smallest reflection on the subject. It is, therefore, the clearest dictates of a wise policy, and no less the duty of a prudent Legislature, that these advantages with which the God of nature has blessed us, should be made instrumental in advancing the power and welfare of the state. To effect these great and permanent objects, the internal improvement law of last May session was passed; and we cannot refrain from expressing it as our deliberate conviction, that the friends of that most liberal and beneficent act, will be most successfully achieved before the lapse of many years, should nothing occur to blight the animating prospects which we now enjoy. Upon the completion of the great works of improvement designed to connect the Chesapeake with the waters of the Ohio, a new era will commence in the State—an era of increasing population, and of agricultural, manufacturing and commercial prosperity, such as we have never yet known. Under these circumstances, we hope that no measures will be taken which will retard this auspicious event, but on the contrary, that all will unite to hasten its approach, as all are equally interested in its consummation.

We have only to add, gentlemen, that we shall be found ever ready to co-operate with you in any measure likely to advance the interests and welfare of the people of the State, and to communicate to you such information as may be required, on subjects pertaining to the department of the Government.

With the highest consideration,
We have the honour to be,
Your Obd't. Servts.

Walter B. C. Worthington
vs.
Fielder Bowie, Thomas Lyles, William Smith, and Margaret his Wife, and others.

THE bill filed in this case in substance states, that Fielder Bowie, one of the defendants, sometime in the year 1817 purchased of a certain David Carcaud, now deceased, two tracts or parcels of land lying in Prince George's county, in the state of Maryland, called "Leith" and "Discovery," containing the first two hundred acres, and the last eight acres and one half of an acre, for the sum of $5,373—that the whole of the said purchase money has been paid, but that no deed of said lands was ever made by said Carcaud, to said Bowie—that complainant has since become the purchaser of both of said parcels of land at a sale made by the Sheriff of Prince George's county, of the property of said Bowie, and has fully paid the purchase money thereof.

The bill further states, that the said David Carcaud died leaving two children, William M Carcaud and Sarah Carcaud, his heirs at law, and legal representatives—That William M Carcaud, the son of David Carcaud, has also departed this life, leaving an only son, David Carcaud, Junior, who is also dead, leaving the following children, all of whom are minors, his heirs at law, to wit: David Carcaud, Thomas Carcaud, Gilbert Carcaud, William Carcaud, and Mary Letitia Carcaud, now residing in Calvert county—That Sarah Carcaud, the daughter of David Carcaud, intermarried with a certain Thomas H Lyles, and that she and her said husband have also departed this life, leaving the following children their heirs at law, to wit: David C. Lyles, Henry Lyles, William C. Lyles, Thomas Lyles, and Margaret Lyles—That David C. Lyles is also dead, leaving the following minor children, his heirs at law, George D. Lyles, Dennis Lyles, and Maria Lyles, residing in Anne Arundel county—That Henry Lyles is living in Calvert county, and William C. Lyles in Anne Arundel county—That Thomas Lyles is now residing in the state of Ohio, and that Margaret Lyles, having intermarried with one William Smith, is now with her said husband residing in the state of Mississippi.

The object of the bill is to obtain a decree for the conveyance of the aforesaid lands to the complainant.

It is thereupon ordered, that the complainant by causing a copy of this order to be inserted in some newspaper once in each of three successive weeks before the first day of February next, give notice to the said non-resident defendants of the object and substance of this bill, that they may be warned to appear in this court in person, or by solicitor, on or before the tenth day of May next, to answer the premises, and shew cause, if any they have, why a decree should not be passed as prayed.

Richard Cromwell
vs.
Nancy Johnson and others.

THE object of this suit is to obtain a decree for the sale of certain mortgaged lands mentioned in the proceedings, situated in Anne Arundel county, or to relieve the complainant of a certain debt therein mentioned.

The bill states, that one Nancy Johnson was, in or about the year eighteen hundred and seventeen, appointed the guardian of one Eleanora Sewell, then an infant, under the age of sixteen years—that the complainants became a security upon the guardian's bond of the said Nancy—that to secure the complainant against all liabilities which he might incur as security aforesaid, the said Nancy conveyed to him a certain tract or parcel of land situate in Anne Arundel county, containing two hundred and seventeen and two-eighths acres, more or less, which was conveyed to said Nancy (then named Nancy Sewell) by a certain Rezin Hammond of Rezin—that a part of said two hundred and seventeen and two-eighths acres have been conveyed absolutely to the complainant—that said Eleanora has now arrived at the age of eighteen years—that the sum of nine hundred and twenty-three dollars are due from said Nancy Johnson as guardian to the said Eleanora, and is unpaid, and that the said complainant is liable for the said sum of money upon the said guardian's bond—and that suit has been brought for the same against this complainant—and the said bill and its amendments state, that the said land, or so much of it as has not been absolutely conveyed to the complainant, has been sold to one Charles Salmon, and by him sold to one Frederick Backman, and that said Salmon has departed this life, and left Edward W. Salmon, Charles W Salmon, Ann M. E. Salmon, Hamilton H. Salmon, Warren L. Salmon, Simon B. Salmon, Philip A Salmon, and Eliza A Salmon, his heirs at law, all of whom are infants under the age of twenty-one years.

It appearing from the petition of the complainant in this cause, that one of the defendants (Charles W. Salmon) is not a resident of this state, it is thereupon ordered, that the complainant by causing a copy of this order to be inserted in some newspaper once in each of four successive weeks before the 28th day of January next, give notice to the said Charles W Salmon of the object and substance of this bill, and warn him to appear in this court in person, or by guardian, on or before the 2d day of May next, to answer the premises, and shew cause, if any he has, why a decree should not pass as prayed.

This property is situated near the Government-House, lately owned and occupied by Gen. Richard Harwood of Thos; the whole is in fee simple, and the title indisputable.

I will also sell the House and Premises, situate on Church street, where I lately resided, and at present occupied by Richard W. Gill, Esq.; this house is in excellent repair, and well calculated for a large genteel family; there are nine Rooms, and seven fire places, every necessary out building attached to the lot; large dry Cellars under the whole house. This property is immediately in the centre of the city, and for health and comfort is not surpassed by any situation in Annapolis. The whole is in fee simple, and title indisputable.

Also, Plattsburg, containing together with some contiguous Lots, seventeen or eighteen acres, now in an excellent state of cultivation, a large Garden attached, with every variety of Shrubbery and Fruit, the whole recently enclosed with substantial locust and red cedar posts and chesnut rails; there are also upon the premises a large Barn and Stabling, with other necessary out houses. Persons who may be disposed to engage in the wood and timber business, would find it advantageous to purchase this estate—excellent Landings on South River and Severn—The estate runs to both rivers, and should the Canal ever be made, as contemplated, from Washington to Annapolis, it must necessarily pass through this estate to reach the waters of the Severn. I will sell a great bargain in the whole, or any part of the property here advertised, and to capitalists who desire to make investments an excellent opportunity is offered.

MAMMOTH SHEET.

OFFICE OF THE SATURDAY NEWS AND LITERARY GAZETTE.
Philadelphia, November 26, 1836.

THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a *Double Number*—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has it solved serious mechanical difficulties. The largest—or one of the largest presses in Philadelphia is used for our ordinary impression—but this would accommodate only a single page of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supplementary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprize. A gain of two thousand new subscribers will not repay the actual cost of this single number.

We flatter ourselves that, besides its extraordinary size, this number presents attractions that entitle it to some attention.—it contains the whole of *Friendship's Offering* for 1837, the London copy of which costs $4, and has 384 closely printed pages of letter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For *four cents* subscribers to the *Saturday News* receive, in addition to their ordinary supply of miscellaneous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the *Saturday News* we need not speak. That has now become so well known as to require no comment. We may take occasion to say, however, that in enterprize and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to realize our promise, that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be adopted; and there is no periodical in the United States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort—From time to time, as opportunity offers, we proprose to adopt extraordinary means for the interest and gratification of our subscribers.
