The Morning Chronicle of August 19, says the returns from England, Scotland and Ireland, may now be said to be completed, for the only places from which they have not been received are the counties of Slizo, Cork and Longford. I have been induced by what I believe to be the wishes of a large portic. of the people of this county, and more particularly of the Sixth Election District, to offer myself as a Candidate to represent you in the next General Assembly of the State. The peculiar circumstances of the times, the phitical situation of our county, and the inflamed state of party spirit, which forgetting its legithaste object, seeks now only the aggrandizement of its votaries, seem imporiously to demand thaban effort should be made to place the guardianship of our public affairs in the care of those whose only object and moting from thence with the east end of the brick.
