Glorious News—Powell Taken.—An express has just arrived in town from Fort Peyton stating that POWELL, and 50 warriors have been taken prisoners. They are now on their way to town.
Since writing the above, the prisoners have been brought to town and confined in the Fort. There are upwards of 80 warriors. Powell, Co-hajj, and several subchiefs are among the captured. The capture took place about a mile from Fort Peyton. The talk was a very short one. They stated that they had been invited by Philip to come and bear what propositions were to be made to them, that they did not come to deliver themselves up as prisoners, and nothing was said that seemed to indicate that they were yet conquered. As soon as this fact was ascertained, a preconcerted signal they were surrounded by our troops and all taken prisoners. They were completely surprised and captured without bloodshed.
The following particulars are contained in a private letter to a gentleman at Savannah. It is dated at St. Augustine, Oct. 27.
"We made a glorious haul yesterday. Powell, and all the war chiefs except three, are now lodged in the Fort, with eighty of their warriors—the bone and sinew of their nation. Seventy Negroes came in a day or two since, and a large number are now at Volusia, whither a steambot goes this morning to get them.
"Powell and his band came with the avowed intention of having a talk, but probably with the real one of endeavouring to rescue Philip who fell into our hands some days ago, as all were armed. Yesterday they arrived about 2 miles from here, and sent in a messenger to Gen. Hernandez, who went out to see them; Gen. Jesup also proceeded to the vicinity of their camp, and while they were talking with Gen. H. they were suddenly surrounded by 200 horse; so suddenly that they had not time to raise a single rifle, though all had one by their sides. They were marched to town, and are safely under lock and key, and there they will be kept, if watchfulness and a strong guard can keep them there."

general signal, the troops closed in upon them and made them prisoners. It is said that one Indian and a squaw escaped, having been at some distance from the others in obtaining water. It was upon the determined language of Powell, not to migrate that caused Gen. Hernandez to pursue the course he did. Powell, no doubt believed that he was the victor and not the vanquished, and that he would be accorded to his own terms and they would be accorded to him. He is now our prisoner, and all hope of escape, from his present confinement in our Fort utterly impossible.
Seventy or eighty Negroes, came into Fort Peyton a few days ago, having escaped from the Indians; they chiefly belong to Col. Ross, of Stateburg, (S. C.) Maj. Harriot, of Charleston, and Estate of Woodruff.
It is supposed that the capture of Powell, and Co-hajj, will tend to important results; and that now Micanopy and Jumper, with Alligator, and Sam Jones, will come in.
The Indians captured had but very little powder in their horns, and the majority of the rifles were in bad order—almost useless. There were forty rifles taken, and about twenty-seven pieces.
Gen. Hernandez takes up the line of march tomorrow, as far as Musquico and Volusia, for the purpose of scouring the country and bringing in all parties of Indians and Negroes that may be discovered. He will return in a few days, when I will give the result of his expedition, together with a correct description of Osceola.
We have now in our Fort as prisoners, the following Chiefs—Powell, Co-hajj, Phillip, Co-co-co-cho, (son to Phillip) Blue Snake, Es-cho, Billy, and Sarcumaggo—besides several minor Chiefs with about 140 or 150 Indian Warriors, Squaws, and their children. I think the facial spirit must now be dampened, and that they cannot hold out much longer.
October 23.
N. B. Ten more Warriors captured this morning by Maj. Ashby. It appears that they came into Fort Peyton to enquire for Powell, when they were taken prisoners.

DE. BRANDRETH
WANT: SO COLLEGE, SO INSTITUTION, SO HOSPITAL, SO CHURCH, BY BRING QUITS SATISFIED TO REST ON THE PATRONAGE OF THE PUBLIC FOR THE SUCCESS OF HIS GRANDFATHERS' **VEGETABLE UNIVERSAL PILLS.**
THE unprecedented success which has resulted from the adoption of Brandreth's Pills, during a period of upwards of 25 years, the numerous and extraordinary cures which they have performed upon hundreds of individuals whom they have rescued from almost inevitable death, after they had been pronounced incurable by the most eminent of the faculty—justify Dr. Brandreth, the proprietor of this Vegetable Universal Medicine, in warmly and conscientiously recommending it to the especial notice of the public.
Dr. Brandreth wishes mankind to consider this truth, that health solely depends on the state of purity in which the blood is kept, every part of the body being supplied daily with new blood from the food consumed, consequently, according to the purity of that blood, so must the state of the body be more or less healthy. To obtain therefore, the most direct purifier of the blood, is a question of no little importance to every individual.
That Brandreth's Pills are the most direct purifiers of the blood, there will be no doubt when it is considered that they have gained their present very extensive sale by their own intrinsic merit proved by the numerous cures which they have accomplished in every variety of disease.
The peculiar action of these pills is most surprising; their operations being more or less powerful, according to the purity of the circulating fluid. On a person in a fair state of health, who is only costive or slightly bilious, they will be scarcely felt; on the contrary, if the complaint be chronic, and the constitution be much deranged, the effect generally at first is most powerful, until the system be freed from some of its most vitiated and turgid humours. This accomplished, does sufficient to cause two or three copious evacuations daily, will soon remove the disease, and the constitution will be restored to a state of health and renewed vigor.
As a general Family Medicine, these Pills stand unrivalled. In many of the lingering complaints also, with which the human system is afflicted, they have been highly successful. The use of a few boxes will, in most cases, convince the patient of their beneficial properties. Indeed, a fair trial is all that is needful in their recommendation.
