MAMMOTH SHEET. OFFICE OF THE SATURDAY NEWS ? AND LITERARY GAZETTE.

Philadelphia, November 26, 1836. THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to someticement in July last, and a desired that patronage by corresponding exer-tions, have induced us this week to publish meet that publish a Bouble Number—being the largest sheet erer printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest—or one of the largest presses in Philadelphia is used for our ordinary impression—but this would accommodate only a single but this would accommodate only a single sage of the mammoth sheet, and we were o-bliged, therefore, to work four forms at dif-

ferent periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supple composition, press work, good those maggregate mentary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprize. A gain of two thousand new subscribers will not repay the

tractions that entitle it to some attention.—
It contains the whole of Friendship? Off. ag for 1837, the London copy of which costs 84, and has 384 closely printed pages of letter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellaneous matter, an English annual, the largest yet received for the coming season; and they eceive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the Saturday News we need not speak. That has now bere no com ment. We may take occasion to say, however, that in enterprize and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper such that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be adopted; and there is no periodical in the United States monthly or weekly, which might nited States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort—From time to time, as opportunity offers, we proprose to adopt extraordinary means for the interest and gratification of our subscribers.
