MAMMOTH SHEET. OFFICE OF THE SATURDAY NEWS } Philadelphia, November 26, 1836.

THE very liberal patronage hestowed on the SATURDAY NEWS, since its sommencement in July last, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a Double Number-being the largest sheet ever printed in Philadelphia for any purpose. ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest or one of the largest presses in Philadelphia to the largest phia is used for our ordinary impression— but this would accommodate only a single page of the mammoth sheet, and we were o-bliged, therefore, to work four forms at different periods. The care used in preparing sheets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supple mentary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprize. A gain of two thousand new subscribers will not repay the

actual cost of this single number.

We flatter ourselves that, besides its extraordinary size, this number presents at-It contains the whole of Friendship's Offering for 1837, the London copy of which costs 84, and has 384 closely printed pages of let-ter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellaneous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its sovelty, gives it additional value.

Of the general character of the Saturday News we need not speak. That has now become so well known as to require no comment. We may take occasion to say, howyield to no other publishers in this city or elsewhere, and we are determined that our paper shill not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to read the standard of the standard or th that, and we stand that no similar publication shall excel that which we issue. Our articles, both original and selected, we are not ashamed to test by any comparison which can be a-dapted; and there is no periodical in the U-nited States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and abili-ty to merit success. Nor will it be the only effort-From time to time, as opportunity of lers, we proprose to adopt extraordinary means for the interest and gratification of our abscribers,

If this shall not, it is so much trouble to get tas the only abuse of the kind we might be silent, but so frequent and glaring are these offences that it is time they were noticed and checked by the sovereign power in the State, the people. On the public highway murder is contraitted on an unoffending stranger. Without c.usc, without provocation, a whig blood of high connections perpetrates the foul deed upon a poor Dutchman. The Executive of Maryland places his power between the majesty of the offended laws and shields the guitty criminal from merited punishment by granting him a nolle prosequi. And why? Because the murderer and his connections were whigs. A set of de-based vagabonds are indicted for gambling.— To them also are nolle prosequis granted. And why? Because they are noisy whigs. To his Excellency, Thos. W. Vearcy,
Governor of Maryland. SIR:- I, with great satisfaction, have understood that it is the intention of the friends of Mr. James G. Storm, to petition your Excellency to grant the said James G. Storm, the State of Maryland writ of nolle prosequi. Mr. Storm was indicted at the last term of Baltimore City Court, for keeping a Faro Table, at which the game of Faro way played, upon the evidence of a miserable creature named Abraham Hyam, a man without character, reputation, or sympathy. The fact is doubtless true, and I presume that the friends of Mr. Storm do not mean to set up as a defence, his innocence. This much I do know, that Mr. Storm is an exceedingly amiable gentleman, with an interesting family wholly dependent upon him for subsistence; and I do et conscientiously believe that he was driven to his present pursuit, by stern and unavoidable necessity. I have known him as a friend and as a political partizan. As the former, I appreciate him as warm and faithful: as the latter, I know him to be a true and uncompromising Whig; in all respects a gentleman most worthy of your Excellency's clemency. Nothing, I am sure will more delight many of your Excellency's warmest friends and sincere admirers, than the successful termination of Mr. Storm's appli-

WHIG vs. TORY.

We were much gratified the other day by a visit we received from an old Revolutionary Soldier, who resides in this county—a real Whig of 76—not one of your modern Nova Scotia Whigs. The old man was in good spirits, and related many thrilling scenes, of which he had been an eye witness—of the privations and hardships he had endured while righting against the enemies of his country. "We have many an old tory among us now" says the old man; there is one in my neighborhood, who I know fought against his country in the last war—his name is S. I called at his house the other day, and he asked me if it was true, that I had received pension for my services; I told him it was so, and at the same time asked him if he had petitioned for pension yet as he was an Old Soldier. "Oh. no." says he, "I believe I papers and every thing necessary to draw the

"A very good reason, surely," says the old man to us But," save he this same man who fought against the liberty of his country is now called a Whig, and I am a tory, although I called a wing, and I am a tory, among a fought for my country, through the whole last war.
