MAMMOTH SHEET.

Office of the Saturday News } Philadelphia, November 26, 1856.

THE very liberal patronage bestowed on the SAPURDAY NEWS, since its commencement in July last, and a desire to meet that patronage by corresponding exer-tions, have induced us this week to publish a Double Number-being the largest sheet erer printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends the United States. To those of our friends who are practical printers, it need not be meationed that this undertaking has involved serious mechanical difficulties. The largest —or one of the largest presses in Philadel—phis is used for our ordinary impression—but this would accommuniate only a single but this would accommodate only a single page of the mammoth sheet, and we were opage of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in preparing the paper—in remaying and folding the sheets, &c., can only be estimated by those sheets, &c., can only be estimated by those who have seen the experiment made; and, and most entertaining, though added to the necessarily increased amount of ral departments of Novels, T. composition, press work, &c., these supplementary expenses have made an aggregate cost, which would have deterred many from engging in the enterprize. A gain of two thousand new subscribers will not repay the

actual cost of this single number. We flatter ourselves that, besides its extraordinary size, this number presents atlt contains the whole of Friendship's Offering for 1837, the London copy of which costs 81, and has 384 closely printed pages of let-ter press. Distinguished as the present age, and particularly our own country, has been for cheap reprints, we believe this surpasses any former instance. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellane. ous matter, an English annual, the largest yet received for the coming season; and they receive it, moreover, in a form that, from its novelty, gives it additional value.

Of the general character of the Saturday News we need not speak. That has now beas to require no com with newspaper postage. ment. We may take occasion to say, however, that in enterprize and resources we yield to no other publishers in this city or elsewhere, and we are determined that our paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to realize on promise, that no similar publication shall excel that which we issue. Our articles, but pricingly and solve the weare not asham. both original and selected, we are not ashamed to test by any compare son which can be adopted; and there is no periodical in the United States and the son beat which might nited States, monthly or weekly, which might wet be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability to merit success. Nor will it be the only effort—From time to time, as upportunity of the contract of t fers, we proprose to adopt extraordinary means for the interest and gratification of our subscribers.
