MAMMOTH SHEET. OFFICE OF THE SATURDAY NEWS } Philadelphia, November 26, 1856.

THE very liberal patronage hestowed on the SATURDAY NEWS, since its con neacement in July last, and a desire to to n nencement in July last, and a desire to neet that patronage by corresponding exertions, have induced us this week to publish a *Double Number*—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest -rone of the largest presses in Philadel-phia is used for our ordinary impression-but this would accommodate only a single page of the mammoth sheet, and we were ooliged, therefore, to work four forms at different periods. The care used in preparing the paper—in removing and folding the heets, &c., can only be estimated by those who have seen the experiment made; and, added to the necessarily increased amount of composition, press work, &c., these supple mentary expenses have made an aggregate cost, which would have deterred many from engaging in the enterprize. A gain of two thousand new subscribers will not repay the

actual cost of this single number. We flatter ourselves that, besides its extractions that entitle it to some attention—
