MAMMOTH SHEET.

OFFICE OF THE SATURDAY NEWS } AND LITERARY GAZETTE. Philadelphia, November 26, 1836.

THE very liberal patronage bestowed on the SATURDAY NEWS, since its commencement in July last, and a desire to connecement in July 1231, and a desire to meet that patronage by corresponding exertions, have induced us this week to publish a Double Number—being the largest sheet ever printed in Philadelphia for any purpose, and the largest literary paper ever printed in the United States. To those of our friends who are practical printers, it need not be mentioned that this undertaking has involved serious mechanical difficulties. The largest errous mechanical dimenties. The largest errous of the largest presses in Philadelphia is used for our ordinary impression but this would accommodate only a single but this would accommodate unity a super of the mammoth sheet, and we were obliged, therefore, to work four forms at different periods. The care used in preparing the paper—in removing and folding the sheets, &c., can only be estimated by those there is a not a programment made: and who have seen the experiment made; and, added to the necessarily increased amount of semposition, press work, \$c., these supple mentary expenses have made an aggregate sost, which would have deterred many from engaging in the enterprize. A gain of two thousand new subscribers will not repay the

actual cost of this single number.

We flatter curselves that, besides its extraordinary size, this number present- a:tractions that entitle it to some attention. -It contains the whole of Friendship's Offer ing for 1837, the London copy of which costs 84, and has 384 closely printed pages of let-ter press. Distinguished as the present age, own country, has been for cheap reprints, we believe this surpssees any former instance. For four cents subscribers to the Saturday News receive, in addition to their ordinary supply of miscellane-eus matter, an English annual, the largest yet received for the coming season; and they receive it moreover, in a form that, from its sorelty, gives it additional value.

Of the general character of the Saturday News we need not speak. That has now besome so well known as to require no com ment. We may take occasion to say, howment. We may take occasion to say, howaver, that in enterprize and resources we
yield to no other publishers in this city or
elsewhere, and we are determined that our
paper shall not be surpassed. We have entered the field prepared for zealous competition, and we stand ready in every way to rea
lize our promise, that no similar publication
shall excel that which we issue. Our articles,
both original and selected, we are not ashamboth original and selected, we are not asham both original and selected, we are not assumed to test by any comparison which can be adopted; and there is no periodical in the United States, monthly or weekly, which might not be proud of many of our contributors.

The issuing of this number may be regarded as an evidence of our intention and ability as an evidence of our intention and ability.

of as an evidence of our intention and solly to merit ancess. Nor will it be the only effort.—From time to time, as upportunity of fers, we proprose to adopt extraordinary means for the interest and gratification of our
