THESE works have been published by us I for six years. There are now more subscribers for them, probably, toan for any other paper published in the United States; certainly more than there are for any other paper published in this District. This large and increasing subscription is conclusive e-vidence of their usefulness. They are invaluable to all who feel an interest in the proceedings of Congress. No other publication gives them so full, nor half so cheap. It is, indeed, the cheapest publication in the United States—perhaps in the world. The Congressional Globe is made up of the daily proceedings of the two houses of Congress, and the speeches of the men.bers, condensed. The year and nays on all important subjects are given. It is published weekly, with small type, on sixteen royal

quarto pages. members at full length, written out by themselves, and is printed in the same form as the Congressional Giove. It is published as fast as the speeches can be prepared. Usually there are more numbers printed for a session than there are weeks in it.

Each of these works is complete in itself. But it is desirable for every subscriber to have both; because, if there should be aty ambiguity in the synopsis of a speech in the Congressional Globe, or any denial of its correctness, it may be removed at once, by referring to the speech in the Appendix.

Indexes to both are sent to subscribers, 22
