SUPPLEMENT TO THE GLOBE.

PROSPECTUS FOR TILE CONGRESSIONAL GLOBE AND APPENDIX.

THESE works have been published by us for six years. There are now measubscribers for them, probably, than for any other paper published in the United States; certainly more than there are for any other paper published in this District. This large and increasing subscription is conclusive. vidence of their usefulness. They are invaluable to all who feel an interest in the prated States—perhaps in the world. Our po-sition at the seat of Government enables us gress in detail, for our daily paper. This done, it requires, comparatively, but a small additional expense to change them to the forms of the Congressional Globe and Appendix. If it were not for these circumstances, we could not publish them for tour times

The Congressional Globe is made en d condensed. The year and nays on all important subjects are given. It is published weekly, with small type, on sixteen royal quarto pages.

The Appendix contains the speeches of the

members at full length, written out by themselves, and is printed in the same form as the Congressional Globe. It is published as fast as the peeches can be prepared. Usually there are more numbers printed for a ession than there are weeks in it.

Each of these works is complete in itself. But it is desirable for every subscriber to have both; because, if there should be ary ambiguity in the synopsis of a speech in the Congressional Globe, or any denial of its correctness, it may be removed at once, by referring to the speech in the Appendix.

Indexes to both are sent to sub-cribers, as.

soon as they can be prepared after the adjournment of Congress.

TERMS: For one copy of the Congressional Globe,

One copy of the Appendix, St. Six copies of either of the above works will be sent for \$5, twelve copies for \$10,
