

the capital executions in Canada were about to cease?  
Mr. Labouchere said he was happy to inform the House that communications had been received from Sir John Colborne and Sir G. Arthur, in which those gallant officers stated that they did not imagine any further capital executions would be necessary.  
**STEAM CONVEYANCE TO AMERICA.**  
We are extremely happy to learn that Her Majesty's government has entered into a contract for conveying the mails by large and powerful steam vessels from Liverpool to Halifax, and thence by branch steamers to Boston, and in the summer to Quebec. The mercantile interests, not only in the North American colonies, but also in the United States, will be gratified to learn that instead of a monthly communication as formerly, steamers will now be despatched on the 1st and 15th of each month. The enterprising contractor has engaged with three able and scientific builders, Messrs. Wood, at Port Glasgow, to build three ships of 1000 tons each, in which Robt. Napier, Esq. is to place engines of 400 horse power. From the past success of Messrs. Wood and Napier, we doubt not, when their vessels are on their station in April, 1840, they will be quite unrivalled; and moreover that the cute observation of "Sam Slick," that "the route via Halifax is the shortest way to New York," will be verified by demonstration.—*Glasgow Courier.*  
**FRANCE.**  
The elections having resulted unfavorably to the Cabinet, the ministers again tendered their resignation on the 8th, and it was accepted.— Marshal Soult was then sent for by the King, and subsequently M. Thiers was also called in. Negotiations for the formation of a new Cabinet were in progress until the 20th. On that day the new ministers presented to the King an outline of the policy on which they would conduct, as follows:—  
1st. That France should declare war against Don Carlos. 2d. That France should declare to Austria that she would not allow of a marriage between an Austrian prince and the young Queen Isabella, as had been proposed by Prince Metternich. 3d. That the affairs of Belgium must be considered as settled. 4th. That the war with Mexico should be persevered in. 5th. That the conversion of the five per cent. rents should be adopted. 6th. That certain concessions should be made to the growers of beet-root sugar. 7th. That the question of electoral reform should be adjourned. 8th. That the laws of September should be revised; and 9th, and principally, that the *presidence reele* should be insisted on, or in other words, that except on very state occasions, the King should not preside at the council of ministers.  
To these conditions the King refused his assent, declaring that, if necessary, he would rather submit to be deposed than accede to the terms insisted on; but the latest postscript from Paris says that he afterwards withdrew his refusal, and expressed his willingness to accede to the conditions.  
The constitution of the new ministry had not been officially announced; but it is given as follows by the London papers:  
Thiers, Foreign Affairs.  
Passy, Interior.  
Humann, Finance.  
Dupin, Justice and Religion.  
Ducarre, Marine.  
Dufoure, Commerce.  
Sauzet, Public Works.  
Villemain, Public Instruction.  
The Paris Diorama had been destroyed by fire, with the three paintings on exhibition.  
**CANADIAN AFFAIRS.**  
The following is from the Brighton Gazette. We do not by any means vouch for its accuracy, the Brighton Gazette being the most violent of all the anti-ministerial papers, on Canadian affairs. The statement is very improbable.  
We hear—and believe—(incredible as the statement may appear)—that the government has assured Judge Bedford, the father of the 97 resolutions, who was raised to the bench by Lord Gosford, and who was suspended by Sir John Colborne, that he and his two French brethren shall be restored to the bench; that that they do not intend to confirm the suspension; that matters must remain quiet just now but that when the new system (whatever it be) shall be set going for Lower Canada, the three suspended judges shall be again exalted to the bench; although to make such an intention public at this moment might embarrass the ministry.  
**THE BOUNDARY QUESTION.**  
London, March 21.—A good deal of anxiety prevails amongst the leading parties connected with the commerce of the United States and our North American colonies, in consequence of the unpleasant accounts respecting the disputed territory. People of the first information have to-day openly expressed their opinion that this rupture, for such it is, however the ministerial scribbles may gloss the matter, is pregnant with incalculable mischief, not only to our own settlements, but as regards our relations with the U. States, the Government of which does not appear to have the power to restrain the borders of reckless vandals that infest the border frontiers of the self-styled land of liberty. It is maintained that our Government alone are to be blamed for the unpleasant political aspects which have for some time threatened our supremacy from the other side of the Atlantic; with a crippled navy it is not to be expected that the despots of the world, whether monarchial or republican, would respect British dictation.—*Morning Post.*

The Great Western.—This unrivalled ship will sail from Kingroad this day, between nine and three o'clock. She takes out 105 passengers, and a quantity of goods, consisting of silks, printed cottons, worsted stuffs, hardware, and a large stock of jewelry. Among the pas-

sengers are Mr. Kay, a government messenger with despatches; Lord Frederick Paulet, Lieut. Col. Oldfield, and Capt. John Forbes. Judge Haliborn, alias "Sam Slick, the Clockmaker," is also a passenger, who is going home to Nova Scotia.  
The government are on the point of sending out an expedition to the Antarctic Circle, for the purpose of making magnetic observations in the southern hemisphere. The ships to be employed on this service are the Erebus and Terror; and the charge of the expedition is entrusted to that talented officer Capt. James Ross. The other ship will be commanded by Commander F. R. M. Crozier.—*Hampshire Telegraph.*  
**BELGIUM.**  
The Chamber of Deputies, after 14 days of debate, agreed to accept the treaty as proposed by the London Conference, by a vote of 58 to 42. The assent of the Senate was confidently expected. The decision of the Chamber caused no excitement out of doors. The dispute between Belgium and Holland may be looked upon as settled.  
**OBITUARY.**  
Died, on Sunday morning last, in the 68th year of his age, NICHOLAS BREWER, Esq.  
"He, in the 68th year of his age, closes the earthly career of another of the most active, firm, steady and undeviating politicians of this State, and of this age. A man who, as an opponent, was always a Man, open, undisguised, straight forward, and high minded. As a friend, no man was ever more ardent, whole-hearted and sincere.  
"For several years, and until attacked by the disease which finally carried him off, Mr. Brewer represented this City in the House of Deputies, of which he was one of the most useful and influential members. He seldom spoke in the House: when he did, his speech was always brief, to the purpose—and never failed to command attention. It may be truly said, that a delegate more devoted to the interests of his constituents has never represented any people. Twice or thrice at earlier periods of his life he served as Elector of the Senate of this State—a station usually appropriated to the most popular man in each community.  
"As a next door neighbour and most intimate friend—as an associate for the third of a century in every political struggle—in peace and in war—through good and through evil report—in prosperity and in adversity—sickness and health—we have known and can truly testify of Nicholas Brewer, as a high-minded, public-spirited, patriotic, amiable man—a man of inflexible integrity in public as in private life."

**ON LOW SPIRITS.**  
Low spirits is a certain state of the mind, accompanied by indignation, wherein the greatest evils are apprehended upon the slightest grounds, and the worst consequences imagined. Ancient medical writers supposed this disease to be confined to those particular regions of the abdomen technically called hypochondria, which are situated on the right or left side of that cavity, whence comes the name hypochondriac.  
Symptoms. The common corporeal symptoms are, flatulency in the stomach or bowels, acrid eructations, costiveness, spasmodic pains and often an utter inability to perform the ordinary duties of life. Irritability or engaging in anything that demands vigour or courage. Alas! languidness—the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied by a total derangement of the nervous system. The mental feelings are peculiar traits of ideas that haunt the imagination and overwhelm the judgment, exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.  
Causes. A sedentary life of any kind, especially severe study, protracted to a late hour in the night, and rarely relieved by social intercourse or exercise, a dissolute habit, great excess in eating and drinking, immoderate use of mercury, violent purgatives, the suppression of some discharges, (as the obstinate retention of the menses) or long continued eructation; relaxation or debility of one or more important organs within the abdomen is a frequent cause.  
Treatment. The principal objects of treatment are, to remove indignation, strengthen the body, and enliven the spirits, which may be effected by exercising daily hours, regular meals, pleasant conversation—the bowels (if costive) should be carefully regulated by the occasional use of a mild aperient. We know nothing better adapted to obtain this end, than Dr. Wm. Evans' *Pain-Expeller Pills*, (as the object is to clear the bowels) being once cleared, his inextinguishable Camomile Pills, (which are tonic, anodyne, and anti-spasmodic) are an infallible remedy, and without dispute have proved a great blessing to the numerous public.  
Some physicians have recommended a free use of mercury, but it should not be resorted to; in many cases it greatly aggravates the symptoms.  
**A REAL BLESSING TO MOTHERS.**  
*Dr. W. Evans' Celebrated Soothing Syrup for Children Cutting their Teeth.*  
This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without this Syrup in the nursery where there are young children; if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

**THE BARON VON HUTCHELER HERB PILLS.**  
These Pills are composed of Herbs, which exert a specific action upon the heart, give an impulse or strength to the arterial system; the blood is quickened and equalized in its circulation through all the vessels of the body; the action taken place is corrected, and obstructions are removed, the blood is purified, and the body resumes a healthful state.  
These Pills, after much anxious toil and research, having been brought by the Proprietor to the present state of perfection, are the most efficacious of the medicinal medicines; and are so well adapted to the frame, that the use of them, by maintaining the body in the due performance of its functions, and preserving the vital stream in a pure and healthy state, causes it to last many years longer than it otherwise would, and the mind to become so composed and tranquil, that old age when it arrives, will appear a blessing, and not (as too many who have neglected their constitutions, or had them injured by medicines administered by ignorance) a source of misery and distress.  
They are so compounded, that by strengthening and equalizing the action of the heart, liver, and other viscera, they expel the bad acid or morbid matter, which renders the blood impure, out of the circulation, through the secretory ducts, to the passage of the bile, so that by the brisk or slight evacuations, which may be regulated by the doses of the *Herb Pills*, always remembering that while the evacuations from the bowels are kept up, the excretions from all the other vessels of the body will be going on in the same proportion, by which means the blood invariably becomes purified.  
Steady perseverance in the use of the *Herb Pills* will undoubtedly effect a cure even in the most acute or obstinate diseases; but in such cases the dose may be augmented according to the intensity of the disease. These Pills being so admirably adapted to the constitution, that they may be taken at all times.  
In all cases of Hypochondriacism, Low Spirits, Palpitations of the Heart, Nervous Irritability, Nervous Weakness, Fluctuating Tremors, Indigestion, Loss of Appetite, Flatulency, Heartburn, General Debility, Bodily Weakness, Chlorosis or Green Sickness, Flatulent or Hysterical Faintings, Hysterics, Headache, Hiccups, Sea Sickness, Night-Mare, Gout, Rheumatism, Arterial Disease, Cramp, Spasmodic Affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings, by a course of the *Herb Pills*.  
Nausea, Vomiting, Pains in the Side, Limbs, Head, Stomach or Back, Dimness or Confusion of Sight, Vertigo in the inside, alternate Flushings of Heat and Chillsiness, Tremors, Watchings, Agitation, Anxiety, Bad Dreams, Spasms, will in every case be relieved by an occasional dose of the *Herb Pills*.  
One of the most dangerous epochs to females is at the change of life; and it is then they require a medicine which will so invigorate their constitutions, and thus strengthen their constitutions as may enable them to withstand the shock. This medicine is the *Baron Von Hutcheler Herb Pills*.  
Those who have the care and education of females, whether the students or the sedentary part of the community, should never be without a supply of the *Herb Pills*, which remove disorders in the head, invigorate the mind, strengthen the body, improve the memory, and enliven the imagination.  
When the Nervous System has been too largely drawn upon or overstrained, nothing is better to correct and invigorate the drooping constitution than these Pills.  
**DIRECTIONS.**  
Baron Von Hutcheler Herb Pills are to be taken in the morning and night, when the Confusion is foul or times; the dose may be from three to twelve, or more, night and morning.  
General Depot for the sale of the *Baron Von Hutcheler Herb Pills*, 100 Chatham st. New York.  
The following are among many cures performed by the superior efficacy of *Baron Von Hutcheler Herb Pills*:  
*Diver Complaint, five years standing.*  
Mrs. Phoebe [name], of North Sixth street, Williams, had suffered for the last five years with *Diver Complaint*, was completely restored to health by the use of *Baron Von Hutcheler Herb Pills*. Symptoms: habit-

al continuance, total loss of appetite, constant pain in the right side, great depression of spirits could not lie in bed only on the right side, disturbed sleep, dimness of sight, brisic high coloured pain under the right shoulder blade, languor, lassitude, with other symptoms indicating a diseased state of the Liver.  
She was attended by three of the most eminent physicians, but found only temporary relief, until she procured some of *Baron Von Hutcheler Herb Pills*, which effectually relieved her of all the above distressing symptoms, and says she is perfectly cured.  
**Dyspepsia, five years standing.**  
Mr. John Sutherland, of 506 Water street, had been severely afflicted with dyspepsia for five years, with the following distressing symptoms: sickness at the stomach, headache, distension, faintness, palpitation of the heart, great distress at the pit of the stomach after eating, great fullness, acrid eructations, coldness and weakness of the extremities, emaciation, heartburn, disturbed rest, frightful dreams, flying pains in the chest, side, and back, costiveness, distaste for society or conversation, great lassitude upon the least exertion, and completely unable to attend to any business. Had applied to many eminent physicians, but could find no relief, and despaired of ever being cured. Was advised by a friend to make use of *Baron Von Hutcheler Herb Pills*, the first dose of which gave him great relief, and by persevering in taking the pills, according to the directions, for six months, was perfectly restored to health and the enjoyment of his family and friends.  
**Dyspepsia, eight years standing, cured by the use of the celebrated Baron Von Hutcheler Herb Pills.**  
Captain J. Davis, of the ship William, was labouring under the following symptoms, viz: violent pain in the stomach after eating, great pain in the head, vomiting up all his food, heartburn, dizziness, violent palpitation of the heart, great nervous irritability, spasms, great anger, costiveness, and so debilitated as to be unable to attend to any business; could find no relief until after he commenced using *Baron Von Hutcheler Herb Pills*, from which he found great relief in a few days, and in a few weeks was perfectly cured, and recommends every person similarly afflicted, to immediately commence using the *Herb Pills*.
