## NOMINATION.

We understand that the Democratic Conver tion of the third Congressional Instrict, com-posed of Baltimore and Harford counties, which met on Saturd y last, nominated John T. H WORTHINGTON, for re-election, the cote being 64 for Mr. WORTHINGTON and 84 for JANES W.

The Frederick Herald of Siturday sayer-During the ensuing week, there will be a gemeral common oment made of the H rvest in Frederick and Midd etown values, and we arhappy to say that up to the present time, nothing has occurs d, so fir as we have heard, to the most ra eye was need the better—it she was mar the fine prospect which has beretofore exist to be rejected with frowns, she would desfore it ted of a meet luxuriant and tull crop. The gol den fields have thus far escaped the influence of the mildew and the rust. (which the frequent rains of late gave some occasion to fear) and also the storus and the hail, which in some plasame day and at the same place, in presenting days f propitious weather, it is hoped, will enable the same place in presenting the s to the freenen of said county. Alexander ble the husbandenen hearti y to rejoice over

THE CROPS.

The Fredericksburg Arena says: -- The Hat rest has commenced in this vicinity. The wenther has been very favourable, and, we be lieve, of those whose crops were injured by the fly, there are few who are not agreeably disuppointed in the improvements made within the last three wecker"

The Hagerstown Torch Light, speaking of the prospect in Washington Co., says; -- Tak-ing he Wheat, Rye, Oats and Corn Crops, in general, se doubt whether they have in this county, presented a more cheering prospect within the last twenty-years, than they do at present. With the exception of a few fields they all promise an abundant yield. The corn, however, must necessarily depend very much upon the weather through the month of August. The others may be considered as beyond risk excepting only from hail."

DROUGHT IN THE SOUTH. The Charleston Courier of the 20th-me that a refreshing rain had broken the previously

prevailing drought.
