Three Dellars per annum. Doctor W. EVANS' SOOTHING SY-RUP, FOR CHILDREN TEETH-

Prepared by himself.

TO NOTHERS AND NURSES. To not the theorem and the guns produces the passage of the Teeth through the guns produces the transformer and dangerous symptoms. It is known by transformer that there is great irritation in the meath and mother that there is great irritation in the meath and mother than process. The guns swell, the secretary transformer artifact in grains is increased, the child is seized with free training in ion of saliva is increased, and sudden fits of crying, watchings, starting in used and sudden fits of crying, watchings, starting in he sleep, and spasms of peculiar parts; the child shriek he sleep, and spasms of peculiar parts; the child shriek with extreme violence, and thrusts its fingers into it with extreme violence, and thrusts its fingers into its price of the contractions are not smeather. the step, and the violence, and thrusts its fingers into its with extreme violence, and thrusts its fingers into its worth. If these precursory symptoms are not speedily sterited, spasmodic convulsions universally supervene, and son cause the dissolution of the infant. If methers when the third it has been stilled with these distributions are supervened and the spasmodily standard spanning symptoms, would apply Dr. William Evans' Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being seddenly attacked with that fatal malady, convulsions.

A REAL BLESSING TO MOTHERS.

Dr. IV. Evans' Celebrated Soothing Sy-Dr. W. Evana? Celebrated Soothing Syrup, for Children Cutting their Teeth. This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, sefficacious, and so pleasant, that no child will refiss to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should serre be without the Syrup in the nursery where there any soung children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives cas by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

**Proof Positive of the Efficacy of Dr. Evans' Soothing Syrup.

preventing Convulsions, Fevers, &c.

Proof Positive of the Efficacy of
Dr. Evans' Soothing Syrup.

To the Agent of Dr. Evans' Soothing Syrup:
Dear is — The great benefit afforded to my suffering infant by your Soothing Syrup, in a case of protracted and saful dentition, must convince every feeling parent lowessential an early application of such an invalua it medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute suffering, that it was attacked with convulsions, and my wife and amily supposed that death would soon release the like from anguish till we procured a bottle of your Syng, which as so on as applied to the gums a wonderful change was produced, and after a few applications the child displayed obvous relief, and by centinuing in its me, I am glad to inform you, the child has completely meavered and no recurrence of that awful complaint has since occurred, the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful prinssion to make this acknowledgment public, and will gladly give any information on this circumstance.

If A gentleman who has made trial of Dr. W. E. nar Soothing Syrup in his family, (in case of a teething child,) wishes us to state that he found it entirely effectual in relieving pain in the gums, and preventing the consequences which sometime follow. We cheerfully comply with his request.—N. York Sun.

If We believe it is generally acknowledged by those who have tried it, that the Soothing Syrup for Children (atting Teeth, advertised in another column, is a highly useful article for the purposes for which it is intended. Eighly respectable persons, at any rate, who have made use if it, do not hesitate to give its virtues the sanction of their names.—Boston Tracteller.

If A SEVERE CASE OF TEE TII-ING, IVITH SUMMER COMPLAINT, cared by the infallible American Soothing Syrup of Dr. W. Evans.

ING, WITH SUMMER COMPLATIVE, cared by the infallible American Soothing Syrup of Dr. W. Evans. Mrs. McPherson, residing at No. 8, Madison street, called a few days since at the medical office of Dr. W. Evans. 100 Chatham street, N. Y. ad purchased a bottle of the Syrup for her child, who was suffering exeruciating pain during the process of Estition, being momentarily threatened with convulsions, its bowels too were exceedingly loose, and no food could be retained on the stomach. Almost immediately on its application, the alarming symptoms encited on its application, the alarming symptoms ensions, its bowels too were exceedingly loose, and no food could be retained on the stomach. Almost immediately on its application, the alarming symptoms entirely seased, and by continuing the use of the syrup on the gums, the bowels in a short time became quite natural. As a tribute of gratitude for the benefit afforded the child, the mother came of her own accord, and freely sanctioned publicity to the above. Pray be puticular in applying at 100 Chatham street, as there are several counterfeits advertised. No other place in the city has the genuine for sale.

If IMPORTAINT TO MOTHERS.—Children greatly suffer much uneasinees from cutting their greatly suffer much uneasinees from cutting their

TIMPORTANT TO MOTHERS.—candle greatly suffer much uneasiness from cutting their tests. Whatever dangerous or fatal symptoms attend this process of nature, they are produced invariably from the highly irritated and inflamed condition of the parts—therefore the principal indications of cure are to abate the inflammation, and to soften, soothe, and relax the the inflammation, and to soften, soothe, and relax the guns. If that is effected, the infant is preserved from subsequent fever, inflammation, spasmodic cough, twitching of tendons, croup, canker, and convulsions, tiplaying their fatal consequences. If mothers, nurses, or guardians have their babes tortured with painful and protracted dentition, and this notice attracts their stending, they should not be deterred from purchasing a bottle of EVANS SOOTHING SYRUP for Children Testing the incomparable yittee of which in bottle of EVANS SOOTHING SYRUP for Children Tecthing, the incomparable virtue of which in completely relieving the most distressing cases (when applied to the infant's gums as directed) is invaluable. The remedy has restored thousands of children when on the verge of the grave, to the embraces again of their distracted parents, attacked with that awful and mortiferous malady—Convulsions.

DIRECTIONS.

Please shake the bottle when first opened. When children begin to be in pain with their toeth shooting in their gums, put a little of the Syrup in a tea. spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately for the milk would lake the syrup off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operation of inacing the gums, which always makes the next tooth much harder to come thro' and sometime: causes death. Sold at Dr. W. Evans' Office, 100 Chatham street, Kev York; and by all his Agents through out the Union. New York; and by all his Agents through out the Union
