#### BRIEF MENTION OF AFRO-AMERICAN NEWS FROM VARIOUS QUARTERS.

A welcome reception was arranged for Bishop Abram Grant at Sierra Leone, Feb. 6, where he went to hold the annual conference of the A. M. E. Church.  
—A Bishop John Holliday of the A. M. E. Zion Church died at Little Rock, Ark., March 2, from the results of injuries received in a runaway accident. He was 73 years of age and was elected to the bishopric nine years ago at Pittsburgh.

—J. Thomas Butler of Philadelphia, now in the law department of Howard University, won the gold medal offered by the Alpha Phi Literary Society of Howard University in their annual prize debate. The subject was "Resolved, That Labor Unions shall be Abolished." Mr. Butler ably discussed the affirmative side and the consensus of opinion was that he deserved the honor. The judges were: Congressman George H. White, Hon. Judson W. Lyons, Prof. Kelly Miller.

Major Taylor, whose wonderful record-breaking achievements at Woodside Park, last Fall, earned him a world-wide reputation, is a prominent figure at the cycle show that is being held at the Second Regiment Armory. Attired in a most becoming evening dress suit, Major Taylor is showing the many fine qualities of the gear which he claims enabled him to bring the mile record so close to the minute and a half mark. The Major is a fluent talker and interests crowds of visitors.—Phila. Tribune.

Alderman J. B. Raymond was re-elected by a handsome majority at Altoona, Pa., he being the only Republican elected.

#### To Stay Wrong Doing.

To our brethren in the South.—The attention of the preachers' meetings of New York city and vicinity has been called to the rumor that there are both here in this city, and in certain centres in the South irresponsible agents who induce dependent and credulous colored persons to leave their homes in the South and come to New York city for employment under a promise of a place of labor at high wages as soon as they shall arrive in the city. We are informed that these agents not only fail to make good their promise but rob their victims of their money and then leave them to the cold charity of the city or worse still induce helpless females to enter wicked dens of vice as a means of livelihood.

As individuals we are able to testify that hundreds of young people, especially young girls, come from good homes in the South and fall an easy prey to the vicious element of this great city, thereby ruin both their health and character. We therefore urge all young persons proposing to come to this city to make ample provisions for their own accommodation while in this city seeking labor, or for their return home in case they should fail to obtain the employment expected, so that they shall suffer no circumstances be dependent upon strangers.

We appeal to our ministers, teachers and persons in official life in the South to urge their people to correspond with pastors of the churches of this city or friends whom they may know before planning or placing themselves absolutely at the mercy of strangers. The preachers' meetings make this appeal in behalf of parents, in behalf of the masses, in behalf of common morality and in behalf of the Church and the God of Jesus Christ.

#### Colored Operators.

The cotton mill at Charleston was bought some days ago by some capitalists, who are determined to employ colored operators. A few colored operators have been employed at this mill and they have given satisfaction; now it is proposed to increase the number. The president of the company said that he is willing to employ the colored operators at this mill on account of the conditions surrounding the place, but would not employ any of them in the upper part of the state.

Commenting upon this the Atlanta Journal said that the reason that colored operators will not be employed other than at the Charleston mill is because the machinery in the other mills is more complicated than that at Charleston and requires more skilled labor. We do not believe that this is the reason for the assertion of the president of the company. He knows the feeling against the colored people in the upper part of the state and for them to be employed and allowed to compete with the white operators, there would surely be trouble. In Charleston the sentiment is different. The Journal's phrase of the matter is incorrect.

#### The Mailster Boom.

How do our vociferous Colored Mailster shouters feel over the subway appointments. But Mr. Mailster is a friend to the "Brother in Black." Perhaps they will be given a job at digging or else be placed on the "dump." The colored brother will receive increasing disappointment from such a crowd who simply desire to fool him.

#### DOINGS OF SPECIAL INTEREST TO OUR MANY BALTIMORE CITY READERS.

Rev. James N. Deaver of Charlestown, Va., was in the city this week. Mr. Deaver was looking well and speaks encouragingly of his work.

Mr. Perry G. Walker returned this week from a very delightful visit to Cherrytown School, Northampton Co., Va.

Mr. Oscar Johnson of Front street, has been confined to his room by sickness during the past two weeks is now much improved.

Mr. W. K. Brown the popular barber in Short street, after a very prolonged sickness is himself again. He is looking well.

**CONFIRMATION SERVICES.**—On Thursday evening of next week at 8 o'clock the Rt. Rev. Dr. Paret, Bishop of Maryland will visit St. James Church, High street, near Lexington, for the purpose of administering the rite of Confirmation. These confirmation services are usually largely attended.

**THE JUNIOR AUXILIARY.**—The annual monthly meeting and service of the Junior Auxiliary of St. James Church was held last Sunday afternoon and was delightfully interesting from beginning to end. Miss Marie Young and Master James Burley Anderson read a very instructive paper on church work among the Indians, and a very appropriate reading was rendered by Miss Alma Kelly. Miss Susie R. Stewart gave an interesting account of the course of lectures, held recently, on Missions, at Emmanuel Church, Cathedral and Read Streets. Miss Gertrude Anderson reported the proceedings of the general meeting of all the Junior Auxiliaries of the city held at Emmanuel Church, and which was addressed by Bishop Paret. Miss Mackall the head of the Babies' Branch, through the pastor, made a splendid report of the work of that department. The singing was hearty and much enjoyed.

The Hannibal Colored Republican Club of 10th ward met Monday March 13th, and elected the following officers: Eugene Thomas, President; Chas. Chapel, Vice-President; Thomas Wilson, Financial Secretary; J. T. Green, Recording Secretary; Robt. Garner, Sergeant-at-arms; Barton Bummerville, Treasurer. The working committee made their report that after canvassing the ward they had 95 per cent. of the colored voters are loyal for Mr. Hooper for Mayor after which the club unanimously endorsed Mr. Hooper for Mayor and Mr. J. Frank Robinson for executive. The club has a membership of 68 and meets at 1428 E. Madison st.

Opening service of Y. M. C. A., new home, Druid Hill Ave. and Hoffman St., at 4:30 P. M. next Sunday. Ladies and Gentlemen are cordially invited. Speakers: Rev. Gilmour Cummings, now of Morgantown West Va., a former Baltimorean and a graduate of Drew Theological Seminary, Prof. F. R. Handy of Morgan College, and others. The music at this service will consist of songs, instrumental and vocal, under the charge of Mr. J. C. Anderson. Come and be with the young men in their initial service in their new home. "House Warming" at the new quarters of the Y. M. C. A., Friday night, March 24th. Warm time for all.

#### AN EXCELLENT IDEA.

#### Outcome of the Very Successful Charity Concert.

The Charity Concert given by the Principal and teachers of No. 10 Grammar and Primary school a few weeks ago, proved to be a financial success. About \$60 was realized. Mr. Trusty the Principal has decided, with the teachers of the school who favor the plan, to associate with themselves an equal number of sympathetic citizens patrons of the school, and constitute an Educational and Charitable Association for the improvement of the condition of the poor of the race. Nothing has yet been definitely decided but it is in the mind of Principal Trusty to create a fund for the purposes of the association by donations, concerts etc and in the fall to employ a woman as district visitor whose duty it shall be to systematically visit the homes of all the patrons of the school and other colored persons in the district, and in course of such visitations to acquire definite information with respect to the material, moral and other welfare of the people. The Association can then intelligently help and guide those who may need its help, and at the same time the bond of sympathy between teacher and parent will be greatly strengthened by direct contact with the Association's representative. Whatever remains of the amount already realized from the Charity Concert after needy cases have been relieved, will be held as a nest-egg for the Association.

#### Colored Clerk at the Hooper Headquarters.

Among the many persons employed at the Hooper Headquarters during the preliminary work for the Mayorality election, are Mr. Frank Lee a reliable colored gentleman who fills a clerical position along side of the other members of the clerical force, and Mr. Wm. Lansey the Ex-Street Superintendent, who fills the important position of private messenger to Mr. Geo. R. Gaither the Chairman of the Committee.

At Mt. Zion Baptist Church Rev. Henry has been delivering a series sermons on the Lord's Prayer. Rev. has brought out quite an amount of thoughtful thoughts to the soul. C. W. Pullitt delivered a sermon. It being Trustees Sunday school Rally day \$15 was raised.

##### AGERSTOWN.

The revival service at the Primitive Church closed Sunday night. The church was quiet but not conversions.

...one would infer from a perusal of the News, that Mr. Watty is a most remarkable character. If a very ordinary man like Mr. Watty is enabled to draw forth so much attention, by reason of his skill in practical politics, the colored brethren who have enjoyed such facilities for acquiring greatness, as never fall to the lot of Mr. Watty, ought to take courage and exceed in "greatness" the aspirant for councilmanic honors from the 14th ward.

The News being witness, Mr. Watty has made such success in practical politics as entitles him to a front seat among the shrewdest politicians in the Malster Republican camp. While we have no special admiration for "professional politicians," yet there is a little consolation in the fact, that even in such skillful enterprises, the Negro shows ability in this as in other matters. If it is an oratorical contest at Harvard, the colored brother is there; if it is a slugging match the brother in black is there also, and not at the tail end, either, and now as a clever, shrewd and a master politician, able to pull the wool over the eyes of Democrats and Republicans, a diploma-less colored gentleman stands in the front rank. Verily we are coming! We are in it every way, going and coming. There is only one Hiram Watty, and the News indicates that his name will descend to posterity as the only little "black Napoleon" who has succeeded in having greatness thrust upon him by reason of his wonderful and resourceful faculties. Great was "King" Hiram a friend of Solomon!

SATURDAY MARCH 18 1899  
Colored Representative.

...now no more the eleventh as the stronghold of the black regiment," but in the 14th ward the majority of the voters are colored men. Simply the majority of the voters are colored men. It is not a sufficient reason that the representative in Council from that ward be colored. And while, the matter is entirely at is peculiar to the voters of the 14th ward, yet, secondarily, even greater importance, it is a fair of vital concern to the people of the whole City of Baltimore.

...As important and helpful a thing as is office-holding, yet to the race in this city, there is something more important. In the various legislative efforts of Mr. Cummings, service in committees, speeches upon the floor, and other useful services he has impressed the collective life of the dominant race for good, not for himself, but for the race. This last statement cannot be appreciated by a man who has not the brains to take it in. But it is nevertheless an undeniable fact, that every single member of the race, who is fearless, able and faithful to his trust, placed in like position as Mr. Cummings, of necessity, exerts a far greater and more extensive influence for good for the race of which he is a member than it is possible for him to do on his own behalf, selfish though he may be.

...From the foregoing it will appear most evident, to all, but very narrow and extremely selfish men, the very great importance of electing a colored man to the City Council from the 14th ward. It is not simply a ward matter but a matter which concerns every colored person in the City of Baltimore. Let the colored voters of the ward, therefore, select an honest, capable, straightforward and fully equipped man and send him to the City Council to represent the higher and steadily advancing interests of the citizens of Baltimore. Such a man, who like Mr. Cummings, will not only be loyal to his race and city but also a graceful ornament of good government.

...Evening an Watty has done enough part of his duty to make a mistake by cooperating with the best element of white citizens who represent the business interests of the city. Mr. Hooper can always be depended upon to do honestly and fairly by all.

**Negro Nonsense and Negro Force.**  
Nothing but force will cause the negro to make a man and citizen of himself. Philosophy, rhetoric or logic will have no effect in compelling the negro to start, shoes and dry good stores or any other kind of store. All the philosophy the negro wants is force and when he gets plenty of that behind him he will realize his condition. From existing circumstances he is getting the necessary force. Sometime ago a union league was organized for the purpose of compelling every merchant in town to employ a negro clerk. This league intended to do great wonders. The result of the league's work was, that Mr. Hahn, the shoe man at the corner of 7th and K streets, north-west informed the president of the league that he intended to promote a colored man to a salesman. The league sent broadcast throughout the city that Hahn, the shoe man had made a negro salesman. This young colored man was allowed to wait on such colored customers that went to Hahn's store and asked for him. When he was not waiting on them he would return to his old business wrapping up shoes, which business he is doing this day at the same old stand. This bluff lasted about two or three months. The league died and so have many of its members. There have been several enterprises started in this city, but more or less all of them have died a natural death or by starvation or the managers robbing the company. There is one negro enterprise in this city, the Capital Savings Bank and the Bee ventures the assertion that two-thirds of the depositors are white people. Out of a population of 90,000 negroes not one-ninth deposits in this bank, not even our school teachers who can be seen monthly going to white banks. Moral: Why should the white people be requested to do what Negroes refuse to do for themselves. — Washington Bee.

**The Primary Next Week.**  
On Friday of next week the Republican primary will take place. The importance of this spring's election, under the new charter, can not be over-estimated. Circular letters have been sent out to Republicans of Baltimore in favor of good government asking them to join in a letter to the Hon. Alcaeus Hooper requesting him to be a candidate for the Republican nomination for the mayoralty. It would be well for all who are so disposed, and who have not as yet, to immediately send in their names to be appended to this great document, evincing the popular desire for a firm, courageous and thoroughly capable man to preside over the affairs of this city for the next four years. Let all citizens who are interested in good government and the perpetuity of the Republican party in municipal control, go to the polls, Friday of next week, and cast their ballots for the nomination of Mr. Hooper. Mr. Hooper during his former administration demonstrated his freedom from the clutches of spoilsmen, and evinced such a manly independence as would insure the conduct of affairs in the very best interests of all the people of Baltimore. Mr. Hooper has demonstrated in many ways that he is a sincere friend of the race, and that from fundamental conviction which finds its root in the brotherhood of all men rather than as an expression of an ardent desire to use Negroes for the advancement of his own personal ambition. Mr. Hooper if elected will not be indifferent to the educational needs of the race, but the continued advancement of our schools, and the substitution of colored teachers in the schools now taught by white teachers will receive from him such attention as will be evidenced in the realization of the desire and earnest wish of colored citizens. Mr. Hooper's association and practical efforts in connection with the various philanthropic and charitable enterprises in this city indicate those noble and refined feelings within which impel him to undertake for their brethren, and are so necessary to be exerted on our behalf as a young and aspiring people.

**A Very Useful Thing.**  
None of us have as much faith in God as we ought to have. The increase of what we already have would do us much good. Our faith, oft-times, is very weak. So many things we can not understand. The function of pain, suffering, discomfort, disappointment and many such like things we understand not. Persevere we must and faith we must have to enable us to do. Bishop Huntington of Central New York, a man of wonderful spiritual powers, has the following most beautiful and helpful words. Read it, think about it and then cry, "Lord increase our faith." The good Bishop says:  
"In the life of faith the soul continually pursues God through all that hides him, and, if faithful, never stops in this pursuit. All roads bring it nearer to God; all things are means of leading it to him. Whether God afflicts or comforts the souls it will equally adore him to be indeed its Lord and its God. If we had faith we should be at peace with all creatures, thanking them in our hearts for all the sufferings they cause us, because they greatly help to perfect us. The more nature rebels, the more firmly will faith say: "All comes from God, or is allowed by him, and therefore all is good."

**Mrs. Altona F. Sampson,** wife of the late Rev. W. W. Sampson, died at her home in Jacksonville, Fla., March 2, 1899, in the seventieth year of her age. She went with her family from Cleveland to Jacksonville twenty seven years ago. She is survived by two sons and two daughters, Joseph A. Sampson, of Jacksonville, Mrs. Carrie B. Ballou, of Baltimore, W. W. Sampson, of Boston, and Mrs. Ada H. Thompson, of Jacksonville, and several grand children. She was buried from the Episcopal Church, Rev. Messrs. White and Cassey officiating. Mrs. Sampson was born at Warronton, N. C. She moved to Cleveland in 1849, and lived there until 1871, when she moved to Jacksonville. She was a woman of the most lovable nature, and her Christian life was an inspiration to all who knew her. — N. Y. Age.

Every republican voter should go to the primary and there indicate his will and pleasure with respect to those aspiring for nomination to various places. It is a patriotic duty.

**SYRUP OF FIGS**

**NEVER IMITATED**

**THE EXCELLENCE OF SYRUP OF FIGS**

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

SUCCESSFUL ENTERPRISE BASED ON MERITS.

The Importance of Informing the Public of the Value of an Article Through the Leading Newspapers.

The few remedies which have attained to wide-world fame, as truly beneficial in effect and giving satisfaction to millions of people everywhere, are the products of the knowledge of the most eminent physicians, and presented in the form most acceptable to the human system by the skill of the world's great chemists; and one of the most successful examples is the Syrup of Figs, manufactured by the California Fig Syrup Co. Unlike a host of imitations and cheap substitutes, Syrup of Figs is permanently beneficial in its effects, and therefore, it promotes good health, while inferior preparations are being cast aside and forgotten. In olden times if a remedy gave temporary relief to the bowels, it was used, and then, if it failed, it was discarded. It was thought good, but now, in the days of scientific medicine, the remedy must give satisfaction to all. If you have never used Syrup of Figs, give it a trial; you will be pleased with it, and recommend it to your friends or to an invalid who suffers from constipation, indigestion, colds, headaches, biliousness, or other ills resulting from an inactive condition of the kidneys, liver and bowels.

In the process of manufacturing the pleasant family laxative made by the California Fig Syrup Co., and named Syrup of Figs, figs are used, as they are pleasant to the taste, but the medicinal properties of the remedy are obtained from an excellent combination of plants known to be medicinal laxative and to act most beneficially. As the true and original remedy, named Syrup of Figs, is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist beneficially in the purchase of the genuine. Beware of the worthless imitations manufactured by other parties. The Company has selected for years past the leading physicians of the United States through which to inform the public of the merits of its remedy.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving relief by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of this medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: **Dr. J. C. In other months we forget the harsh winds of Spring. But they have their use, as some say, to blow out the bad air accumulated after Winter storms and Spring thaws. There is far more important accumulation of badness in the veins and arteries of humanity, which needs Hood's Sarsaparilla.

This great Spring Medicine clarifies the blood as nothing else can. It cures scrofula, kidney disease, liver troubles, rheumatism and kindred ailments. Thus it gives perfect health, strength and appetite for months to come.

**Kidneys**—My kidneys troubled me, and on advice took Hood's Sarsaparilla which gave prompt relief, better appetite, my sleep refreshing. It cured my wife also. **MICHAEL BOYLE,** 3473 Denny Street, Pittsburg, Pa.

**Hidden Money in a Clock.**

An old clock three feet in height recently was given to Warren Academy at Warren, Ill., for the use of the class in physics in demonstrating the laws of the pendulum. When set in the laboratory the clock refused to keep time. One of the instructors investigated the cause and found a roll of bank notes aggregating \$24 tucked away in the clock's works. The outer bill had been rusted through and was of the issue authorized by the act of 1882. It has been sent to Washington to be redeemed. The clock had been a long time stowed away as a useless piece of furniture.

**Creeping Consumption**

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. It creeps its way along. First, you think it is a little cold; nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night sweats.

The suddenness comes when you have a hemorrhage. Better stop the disease while it is yet creeping. You can do it with

**Ayer's Cherry Pectoral**

You first notice that you cough less. The pressure on the chest is lifted. That feeling of suffocation is removed. A cure is hastened by placing one of

**Dr. Ayer's Cherry Pectoral Plaster over the Chest.**

**Epilary** are said to have the most enormous powers of consuming food of any creature of the animal kingdom. According to a scientist's investigation a man who ate in proportion to the spider would consume in the first hours of the day a small alligator, or animal of similar size; in the next period, that is, by 7 a. m., a lamb would be eaten; by 9 o'clock a young camelopard; by 11 a sheep, and the latest dish would be a bird pie of 130 lbs. But the spider is also able to go many months without consuming any food.

**Modern Science Recognizes RHEUMATISM as a Disease of the Blood**

There is a popular idea that this disease is caused by exposure to cold, and that some localities are infected with it more than others. Such conditions frequently promote the development of the disease, but from the fact that this ailment runs in certain families, it is shown to be hereditary, and consequently a disease of the blood.

Among the oldest and best known residents of Bluffs, Ill., is Adam Yangudy. He has always been prominently identified with the interests of that place. He was the first President of the Board of Trustees, and for a long time has been a Justice of the Peace. He says: "I had been a sufferer of rheumatism for a number of years and the pain at times was very intense. I tried all the proprietary medicines I could think of or hear of, but received no relief.

I finally placed my case with several physicians and doctored with them for some time, but they failed to do me any good. Finally, with my hopes of relief nearly exhausted I read an article regarding Dr. Williams' Pink Pills for Pale People, which induced me to try them. I was anxious to get rid of the terrible disease and bought two boxes of the pills, I began using them about March, 1897. After I had taken two boxes I was completely cured, and the pain has never returned. I think it is the best medicine I have ever taken, and am willing at any time to testify to its good merits."—Bluffs (Ill.) Times.

**A Woman Whaler.**

Undine King, wife of Captain A. King, of the whaling vessel which sails out of San Francisco to the Alaskan and Bering Seas, returning in November, believes that she is the woman whaler. She says a year or two more she will halting expedition on her own and she has a list of names of whalers who will ship with a in skins for a season. Mrs. King is from Connecticut and she married James King, who mates on an Arctic whaler. King got him the captaincy of so, and for eight seasons she and two children have accompanied Captain King in his voyages to the icebergs, hundreds of north of the Yukon River.

**Microbes Set Fire to Haystacks.**

There have been many theories to account for the spontaneous combustion of haystacks. This phenomenon is now ascribed to a microbe which breeds in the close, moist atmosphere of the hay and causes a fermentation which generates heat, and finally ignition. Herr Beunesch, who has an experimental farm at Meirhof, has long been making tests of hay under various conditions of moisture and pressure. During his experiments he discovered a method by which farmers can always be cognizant of the state of the interior of the stack. He has devised a kind of long form, by which a sample of hay can be drawn from any part of a stack at any time and examined, to see whether it is abnormally warm or not.—St. Louis Globe-Democrat.

**PERFECT womanhood depends on perfect health.**

Nature's rarest gifts of physical beauty vanish before pain.

Sweet dispositions turn morbid and fretful. The possessions that win good husbands and keep their love should be guarded by women every moment of their lives. The greatest menace to woman's permanent happiness in life is the suffering that comes from derangement of the feminine organs.

Many thousands of women have realized it too late to save their beauty, barely in time to save their lives. Many other thousands have availed of the generous invitation of Mrs. Pinkham to counsel all suffering women free of charge.

**PERFECT WOMANHOOD**

Mrs. H. J. GARRETSON, Bound Brook, N. J., writes: "DEAR MRS. PINKHAM—I have been taking Lydia E. Pinkham's Vegetable Compound with the best results and can say from my heart that your medicines are wonderful. My physician called my trouble chronic inflammation of the left ovary. For years I suffered very much, but thanks to Mrs. Pinkham's Vegetable Compound and kind advice, I am today a well woman. I would say to all suffering women, take Lydia E. Pinkham's medicine and your sufferings will vanish."

Mrs. MAGGIE PHILLIPPE, of Ladoga, Ind., writes:

"DEAR MRS. PINKHAM—For four years I suffered from ulceration of the womb. I became so weak I could not walk some without pain. After giving up all hope of recovery, I was cured by your medicine. I feel like a new woman now. My blood is pure, my nerves are strong, and I am able to do all my household duties. I feel like a new woman now. My blood is pure, my nerves are strong, and I am able to do all my household duties. I feel like a new woman now. My blood is pure, my nerves are strong, and I am able to do all my household duties."

**FOUND THE PHILIPPINES.**

The Discovery of the Islands by Magellan the Great Navigator.

With an expedition splendidly furnished by Emperor Charles V., Magellan set sail on August 10, 1519. He crossed the Atlantic, touched at the Bay of Rio de Janeiro, made his way southward, repressed savagely a dangerous mutiny, and on October 21 entered the strait which bears his name. On November 28 he passed out of it with only three of his five vessels left, and found himself and his rejoicing crews in the Pacific. He felt that he had succeeded, but he had miscalculated the vast extent of the new ocean; and sailing on for days and days, in some fashion missed this countless island of the Pacific, and did not see land until he reached the little group which he called the Ladrones, because the inhabitants stole a boat from him. There he lingered a short time, either at Rota or in the curious harbor of Gahan. From the Ladrones, which were discovered March 6, 1521, the weary voyage was continued until a new archipelago was reached, on the fifth Sunday of Lent. Gradually the magnitude of this new discovery became apparent, and Magellan named the new group in honor of St. Lazarus, on whose day it was discovered. They landed on Mindanao, made their way to Cebu, flattered themselves that they had converted and subdued the inhabitants, and then becoming involved in a tribal war, Magellan was killed, and his chosen successor, Serrano, was left behind to death and torture. Two ships escaped, one going east, and one, the Victoria, under Elcano, which left Timor on February 11, sailing still to the westward. On September 6, 1522, after many hardships and perils, the Victoria reached Spain, and a great voyage, the first which circled the globe, second only to that of Columbus in conception, and beyond all in the daring displayed and the distance traversed, came to an end.—From "The Spanish-American War," by Hon. Henry Cabot Lodge, in Harper's Magazine.
