Information About the Maryland Register and COMAR

MARYLAND REGISTER

The Maryland Register is an official State publication published every other week throughout the year. A cumulative index is published quarterly.

The Maryland Register is the temporary supplement to the Code of Maryland Regulations. Any change to the text of regulations published in COMAR, whether by adoption, amendment, repeal, or emergency action, must first be published in the Register.

The following information is also published regularly in the Register:

- Governor's Executive Orders
- Attorney General's Opinions in full text
- Open Meetings Compliance Board Opinions in full text
- State Ethics Commission Opinions in full text
- Court Rules
- District Court Administrative Memoranda
- Courts of Appeal Hearing Calendars
- Agency Hearing and Meeting Notices
- Synopses of Bills Introduced and Enacted by the General Assembly
- Other documents considered to be in the public interest

CITATION TO THE MARYLAND REGISTER

The Maryland Register is cited by volume, issue, page number, and date. Example:

- 19:8 Md. R. 815—817 (April 17, 1992) refers to Volume 19, Issue 8, pages 815—817 of the Maryland Register issued on April 17, 1992.

CODE OF MARYLAND REGULATIONS (COMAR)

COMAR is the official compilation of all regulations issued by agencies of the State of Maryland. The Maryland Register is COMAR's temporary supplement, printing all changes to regulations as soon as they occur. At least once annually, the changes to regulations printed in the Maryland Register are incorporated into COMAR by means of permanent supplements.

CITATION TO COMAR REGULATIONS

COMAR regulations are cited by title number, subtitle number, chapter number, and regulation number. Example: COMAR 10.08.01.03 refers to Title 10, Subtitle 08, Chapter 01, Regulation 03.

DOCUMENTS INCORPORATED BY REFERENCE

Incorporation by reference is a legal device by which a document is made part of COMAR simply by referring to it. While the text of an incorporated document does not appear in COMAR, the provisions of the incorporated document are as fully enforceable as any other COMAR regulation. Each regulation that proposes to incorporate a document is identified in the Maryland Register by an Editor's Note. The Cumulative Table of COMAR Regulations Adopted, Amended or Repealed, found online, also identifies each regulation incorporating a document. Documents incorporated by reference are available for inspection in various depository libraries located throughout the State and at the Division of State Documents. These depositories are listed in the first issue of the Maryland Register published each year. For further information, call 410-974-2486.

HOW TO RESEARCH REGULATIONS

An Administrative History at the end of every COMAR chapter gives information about past changes to regulations. To determine if there have been any subsequent changes, check the "Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed" which is found online at www.dsd.state.md.us/CumulativeIndex.pdf. This table lists the regulations in numerical order, by their COMAR number, followed by the citation to the Maryland Register in which the change occurred. The Maryland Register serves as a temporary supplement to COMAR, and the two publications must always be used together. A Research Guide for Maryland Regulations is available. For further information, call 410-260-3876.

SUBSCRIPTION INFORMATION

For subscription forms for the Maryland Register and COMAR, see the back pages of the Maryland Register. Single issues of the Maryland Register are \$15.00 per issue.

CITIZEN PARTICIPATION IN THE REGULATION-MAKING PROCESS

Maryland citizens and other interested persons may participate in the process by which administrative regulations are adopted, amended, or repealed, and may also initiate the process by which the validity and applicability of regulations is determined. Listed below are some of the ways in which citizens may participate (references are to State Government Article (SG), Annotated Code of Maryland):

- By submitting data or views on proposed regulations either orally or in writing, to the proposing agency (see "Opportunity for Public Comment" at the beginning of all regulations appearing in the Proposed Action on Regulations section of the Maryland Register). (See SG, §10-112)
- By petitioning an agency to adopt, amend, or repeal regulations. The agency must respond to the petition. (See SG §10-123)
- By petitioning an agency to issue a declaratory ruling with respect to how any regulation, order, or statute enforced by the agency applies. (SG, Title 10, Subtitle 3)
- By petitioning the circuit court for a declaratory judgment on the validity of a regulation when it appears that the regulation interferes with or impairs the legal rights or privileges of the petitioner. (SG, §10-125)
- By inspecting a certified copy of any document filed with the Division of State Documents for publication in the Maryland Register. (See SG, §7-213)

EXECUTIVE ORDER 01.01.2011.08

Fiscal Years 2012, 2013 and 2014 State Employees' Reduction Recovery Plan (Rescinds Executive Order 01.01.2010.11)

WHEREAS, In recent years, the State of Maryland faced a significant fiscal crisis, exacerbated by a national recession and declining revenues, all of which necessitated reductions in the budgets for Fiscal Years 2009, 2010, and 2011;

WHEREAS, To address the revenue shortfalls during this period, the O'Malley-Brown Administration has reduced planned spending by \$6.8 billion since taking office and has eliminated over 5,300 State positions, while avoiding significant layoffs;

WHEREAS, As a significant part of the State's cost-containment efforts, State employees have been required to participate in carefully managed furlough and salary reduction plans, pursuant to Executive Orders 01.01.2008.20, 01.01.2009.11 and 01.01.2010.11;

WHEREAS, Additional savings have been achieved as a result of the service reduction days implemented in conjunction with the aforementioned Executive Orders;

WHEREAS, Maryland State employees and their exclusive bargaining representatives have partnered with the State in an effort to ameliorate the impact of the fiscal crisis on the State; and

WHEREAS, In consideration of the past sacrifices made by State employees for the greater good of the citizens of Maryland, furloughs, salary reductions, and increased health and retirement costs, it is in the interest of the State to afford employees with some manner of relief.

NOW, THEREFORE, I, MARTIN O'MALLEY, GOVERNOR OF THE STATE OF MARYLAND, BY VIRTUE OF THE AUTHORITY VESTED IN ME BY THE CONSTITUTION AND LAWS OF MARYLAND, HEREBY, EFFECTIVE JULY 1, 2011, PROCLAIM THE FOLLOWING EXECUTIVE ORDER AND RESCIND EXECUTIVE ORDER 01.01.2010.11:

A. Except as provided in paragraph E, this Executive Order applies to all non-contractual employees of the State of Maryland, including employees of agencies with independent salary setting authority or independent personnel systems, employees of the Maryland Food Center Authority, the Maryland Port Administration, and the Maryland Stadium Authority.

B. "Employees of 24/7 operations" means direct care employees in health, juvenile services, and correctional facilities; police officers employed by the State at the rank of first sergeant or below, except those in administrative or clerical positions; and other employees designated by the Secretary of Budget and Management who work on a shift schedule providing services as part of a 24-hour operation.

C. (1) For Fiscal Year 2012, Fiscal Year 2013, and Fiscal Year 2014, routine State government operations shall be significantly curtailed on the following days: the Friday before Labor Day; the day before Thanksgiving; the work day before the Christmas holiday; the work day before the New Year's holiday; and the Friday before Memorial Day. The only exception to this list will be that the Maryland Department of Transportation employees will have a service reduction day on the day after Thanksgiving instead of the day before Thanksgiving.

The Secretary of Budget and Management shall authorize paid administrative leave for the aforementioned five days for non-contractual, non-24/7 State employees.

(2) Except for employees in Bargaining Unit I, employees of 24/7 operations will receive five days of Administrative Leave at the beginning of Fiscal Year 2012, Fiscal Year 2013, and Fiscal Year 2014. The use of such Administrative Leave shall require supervisor approval and shall be authorized in a manner that minimizes the use of overtime at each affected agency. The Administrative Leave may be used at any time prior to the employee's separation from State employment. Employees are not entitled to compensation for unused Administrative Leave.

(3) Bargaining Unit I employees who were affected by the Fiscal Year 2011 State Employees' Furlough and Temporary Salary Reduction Plan will be credited with Administrative Leave Days effective on June 30, 2011, as follows:

(a) Members who were earning less than \$40,000 in Fiscal Year 2010 will receive three Administrative Leave Days.

(b) Members who were earning \$40,000 or more in Fiscal year 2010 will receive five Administrative Leave Days.

Use of Administrative Leave shall require prior supervisory approval. The Administrative Leave may be used at any time prior to the employee's separation from employment with the State, but employees are not entitled to compensation for unused Administrative Leave.

D. The Secretary of Budget and Management, the heads of every other personnel system, and the appointing authorities shall take all action as necessary or desirable to implement this plan.

E. This Executive Order does not apply to:

(1) The Legislative Branch;

(2) The Judicial Branch;

(3) Officers whose compensation may not lawfully be reduced under Article III, § 35 of the Maryland Constitution;

(4) Employees designated as entirely or partially exempt from any provision of this Executive Order by the Secretary of Budget and Management;

(5) Employees of the Maryland Automobile Insurance Fund and the Injured Workers' Insurance Fund; and

(6) Employees of the University System of Maryland, St. Mary's College of Maryland, Morgan State University and Baltimore City Community College.

GIVEN Under My Hand and the Great Seal of the State of Maryland, in the City of Annapolis, this 20th day of May, 2011.

MARTIN O'MALLEY

[11-13-37]

EXECUTIVE ORDER 01.01.2011.09**Maryland Health Quality and Cost Council
(Rescinds Executive Order 01.01.2007.24)**

WHEREAS, Maryland is committed to being a national leader in the delivery of quality health care for its citizens;

WHEREAS, Maryland had undertaken a serious and collaborative effort to enhance the quality of health care and reduce its cost through the work of the Health Quality and Cost Council established in 2007 by Governor Martin O'Malley's Executive Order 01.01.2007.24;

WHEREAS, Since its inception, the Council has brought together private and public partners to build on existing quality and cost control efforts underway in the private sector, to leverage grant opportunities from the federal government, and to launch new initiatives;

WHEREAS, Through these efforts Maryland has become a national leader in advancing evidence-based medicine, patient-centered medical homes, strategies to encourage wellness, prevention, and chronic care management, the reduction of healthcare-associated infections, the reduction and elimination of racial and ethnic health disparities, and other efforts to improve quality and control costs;

WHEREAS, The federal Patient Protection and Affordable Care Act (ACA) offers an additional opportunity for states to address the urgent need to improve quality and rein in the runaway costs that threaten the long-term viability of our health care system;

WHEREAS, Health economists and other experts agree that current health care spending in the United States is unsustainable; in fact, in 2009, the country spent on health care an estimated \$2.5 trillion, or 17.3% of gross domestic product, with this amount likely to increase to 19.6% by 2019;

WHEREAS, In the United Health Foundation's annual assessment of the health of state populations, Maryland is above average, ranking 21st overall and 20th in health determinants; the State performs even better in some specific indicators, placing 6th in smoking prevalence, 10th in immunization coverage, 2nd in per capita number of primary care physicians, 5th in percentage of children in poverty, 16th in self-reported health status, and 17th in cardiovascular disease;

WHEREAS, While Maryland's health and quality rankings show significant strengths, they also suggest the need for improvement; for example, the State ranks 33rd in health outcomes overall, 32nd in early prenatal care, 25th in obesity prevalence, 34th in diabetes, 32nd in cardiovascular and cancer deaths, 31st in premature deaths, 39th in indicators measuring the degree to which residents enjoy long and healthy lives, 35th in geographic disparities, 41st in infant mortality, and 50th in infectious diseases. With respect to treatment of these conditions, Maryland ranks 34th in avoidable hospital use and costs;

WHEREAS, Racial and ethnic health disparities also persist in the State, with rates of diabetes, infant mortality, obesity, and other indicators showing disparities for ten of the fourteen leading causes of death;

WHEREAS, Maryland in recent years also has made significant gains in certain areas, with rates of preventable hospitalizations, smoking prevalence, and cardiovascular and cancer deaths all decreasing markedly;

WHEREAS, Maryland's implementation of the ACA is projected to save the State \$850 million over the next ten years and reduce the number of the State's uninsured by half;

WHEREAS, These substantial savings will begin to reverse themselves at the end of the decade unless the State succeeds in bending the cost curve and significantly reducing growth in health care spending;

WHEREAS, This coverage expansion will fall short of its potential to improve health without a dual focus on improvements in the quality of care afforded to both the current and newly insured;

WHEREAS, In Maryland, the private health care sector has begun to advance efforts to improve health care quality by reducing mistakes, waste and inefficiency, and by increasing accountability and quality through the provision of comparative provider performance data to consumers; and

WHEREAS, This Administration seeks to facilitate, support, and supplement these efforts by providing coordination, leadership, and innovation between the private and public health care sectors toward their shared goal of promoting both better health and better health care value.

Emergency Regulations

Under State Government Article, §10-111(b), Annotated Code of Maryland, an agency may petition the Joint Committee on Administrative, Executive, and Legislative Review (AELR), asking that the usual procedures for adopting regulations be set aside because emergency conditions exist. If the Committee approves the request, the regulations are given emergency status. Emergency status means that the regulations become effective immediately, or at a later time specified by the Committee. After the Committee has granted emergency status, the regulations are published in the next available issue of the Maryland Register. The approval of emergency status may be subject to one or more conditions, including a time limit. During the time the emergency status is in effect, the agency may adopt the regulations through the usual promulgation process. If the agency chooses not to adopt the regulations, the emergency status expires when the time limit on the emergency regulations ends. When emergency status expires, the text of the regulations reverts to its original language.

Title 08

DEPARTMENT OF NATURAL RESOURCES

Subtitle 02 FISHERIES SERVICE

08.02.05 Fish

Authority: Natural Resources Article, §4-215, Annotated Code of Maryland

Notice of Proposed Action

[11-156-P]

The Secretary of Natural Resources proposes to amend Regulation .21 under **COMAR 08.02.05 Fish**.

Statement of Purpose

The purpose of this action is to amend the recreational season for catching black sea bass. The black sea bass fishery is managed cooperatively under the provisions of the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan (FMP) developed by the Mid-Atlantic Fisheries Management Council (MAFMC) and the Atlantic States Marine Fisheries Commission (ASMFC). States manage these three species within 3 nautical miles (4.83 km) of their coasts, under ASMFC's plan for summer flounder, scup, and black sea bass. The applicable species-specific federal regulations govern vessels and individual fishermen fishing in federal waters of the exclusive economic zone (EEZ), as well as vessels possessing a summer flounder, scup, or black sea bass federal charter/party vessel permit, regardless of where they fish.

The National Marine Fisheries Service (NMFS) published the proposed rule for the recreational management measures (size limit, possession limit, and season) for the black sea bass fishery in the Federal Register (Vol. 76, No. 77) on April 21, 2011. Based on coast-wide quotas, the MAMFC recommended measures designed to reach a 41 percent reduction in landings from the 2010 landings. In the proposed rule, MAMFC agreed to reinstate last year's recreational limits in federal waters if the ASMFC develops and implements a state-waters conservation equivalency system that, when paired with

the federal status quo measures, would provide the necessary conservation to ensure the 2011 recreational harvest limit will not be exceeded. ASMFC has approved Addendum XXI to the Black Sea Bass FMP that describes conservation equivalency approaches for black sea bass recreational management measures in state waters. Based on this addendum, ASMFC has approved recreational management measures for Maryland that are status quo with 2010. Those recreational limits are: 12 ½ inch minimum size, the possession limit of 25 fish and a recreational season of May 22 — October 11 and November 1 — December 31.

The proposed action for the black sea bass recreational fishery provides the necessary conservation to ensure the 2011 recreational harvest limit will not be exceeded. If the Department does not adopt the proposed season, Maryland will be out of compliance with ASMFC. If Maryland is out of compliance, ASMFC can recommend to the Secretary of NMFS to make a determination to close Maryland’s fishery.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

I. Summary of Economic Impact. There is minimal to no economic impact to recreational anglers because there is almost no fishery in Maryland State waters due to the life history of black sea bass. The fish are harvested in federal waters and landed in state waters. The Atlantic States Marine Fisheries Commission (ASMFC) has recommended that Maryland adopt the federal measures that became effective April 21, 2011. If the Department does not adopt the federal dates, Maryland will be out of compliance with ASMFC. If Maryland is out of compliance, ASMFC can recommend to the Secretary of NMFS to make a determination to close Maryland’s fishery.

II. Types of Economic Impact.

E. On other industries or trade groups:	NONE	
F. Direct and indirect effects on public:	NONE	

III. Assumptions. (Identified by Impact Letter and Number from Section II.)

D. There is almost no fishery in Maryland State waters due to the life history of black sea bass. The majority of black sea bass are harvested in federal waters and landed in state waters; therefore, the economic impact is minimal. The Atlantic States Marine Fisheries

Commission (ASMFC) has recommended that states adopt the federal measures. If the Department does not adopt the federal dates, Maryland will be out of compliance with ASMFC. If Maryland is out of compliance, ASMFC can recommend to the Secretary of NMFS to make a determination to close Maryland’s fishery.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

JOHN R. GRIFFIN
Secretary of Natural Resources

Subtitle 02 FISHERIES SERVICE

08.02.05 Fish

Authority: Natural Resources Article, §4-2A-03, Annotated Code of Maryland

Notice of Proposed Action

[11-157-P]

The Secretary of Natural Resources proposes to amend Regulation .29 under **COMAR 08.02.05 Fish.**

Statement of Purpose

The purpose of this action is to renumber the references in the recreational creel limits and provide criteria for managing the snapper grouper complex by public notice. The recreational creel limits proposed and adopted earlier this year created a limit of seven fish for tilefish (including blueline tilefish, golden tilefish, and sand tilefish), one fish for grouper (including black grouper, gag grouper, goliath grouper, graysby, misty grouper, nassau grouper, red grouper, red hind, rock hind, scamp, snowy grouper, speckled hind, tiger grouper, warsaw grouper, wreckfish, yellowedge grouper, yellowfin grouper, and yellowmouth grouper), and 20 fish for any combination of the remaining species in the snapper grouper complex; however, the references to the species lists were incorrect and are being corrected in this proposal.

The proposed action also brings the method of dispersing public notices up to date by requiring public notices to be posted on the Fisheries Service’s website rather than in the newspaper. Comments received from stakeholders have indicated that the major newspapers, where the Department generally posts notices, are not the best form of communication for public notices. The other reason for posting on the website is that notices in the newspapers are very expensive. The Department wants to get the information out to more people. Not printing in the newspaper will allow the Department to use funds to

promote other avenues of disseminating information (Twitter, Facebook, text messaging, etc.).

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

I. Summary of Economic Impact. There may be a small economic benefit to the Department.

II. Types of Economic Impact.	Revenue (R+/R-)	Magnitude
	Expenditure (E+/E-)	
A. On issuing agency: Public notice printing	(E-)	Indeterminable
B. On other State agencies:	NONE	
C. On local governments:	NONE	
	Benefit (+) Cost (-)	Magnitude
D. On regulated industries or trade groups:	NONE	
E. On other industries or trade groups:	NONE	
F. Direct and indirect effects on public:	NONE	

III. Assumptions. (Identified by Impact Letter and Number from Section II.)

A. The average cost of printing a notice in a major newspaper is approximately \$400 for one day. The Department would save that amount by printing the notice on its website.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

Opportunity for Public Comment

Comments may be sent to Snapper Grouper Regulations, Regulatory Staff, Fisheries Service, B-2, 580 Taylor Avenue, Annapolis, MD 21401, or call 410-260-8300, or email to fisheriespubliccomment@dnr.state.md.us, or fax to 410-260-8310. Subject: Maryland Medicaid Reimbursement Changes

Add'l. Info: The Secretary of Health and Mental Hygiene is proposing to amend Regulations .15 and .15-1 under COMAR 10.09.06 Hospital Services, effective July 1, 2011. The amendments are proposed in order to ensure that fee-for-service payment rates are increased by 1.726 percent for hospitals in the District of Columbia. These new rates will also be used by Managed Care Organizations (MCOs) within the HealthChoice Program. The effect of this increase, combined with a requirement that hospitals in the District of Columbia have to accept fee-for-service rates from MCOs will result in a net decrease in payments of \$11.4 million. This compares to a payment of approximately \$248 million in calendar year 2010.

Copies of the amendments may be obtained by calling (410) 767-0579, or faxing (410) 333-5154, and are available for public review at the local health department in each county and Baltimore City.
