HISTORY

Bowie State University is an outgrowth of the first school opened in Baltimore, MD, on January 9, 1865, by the Baltimore Association for the Moral and Educational Improvement of Colored People, which was organized on November 28, 1864 to engage in its self-appointed mission on a statewide basis. The first normal school classes sponsored by the Baltimore Association were held in the African Baptist Church located on the corner of Calvert and Saratoga streets. In 1868, with the aid of a grant from the Freedmen's Bureau, the Baltimore Association purchased from the Society of Friends a building at Courtland and Saratoga streets for the relocation of its normal school until 1883, when it was reorganized solely as a normal school to train Negro teachers.

The Baltimore Normal School had received occasional financial support from the City of Baltimore since 1870 and from the state since 1872. In 1871, it received a legacy from the Nelson Wells Fund. This fund, established before Wells' death in February 1943, provided for the education of freed Negro children in Maryland. On April 8, 1908, at the request of the Baltimore Normal School, which desired permanent status and funding as an institution for the education of Negro teachers, the state legislature authorized its Board of Education to assume control of the school. The same law re-designated the institution as a Normal School No. 3. Subsequently, it was relocated on a 187-acre tract in Prince George's County, and by 1914, it was known as the Maryland Normal and Industrial School at Bowie.

A two-year professional curriculum in teacher education which started in 1925 was expanded to a three-year program. In 1935, a four-year program for the training of elementary school teachers began, and the school was renamed Maryland State Teachers College at Bowie. In 1951, with the approval of the State Board of Education, its governing body, Bowie State expanded its program to train teachers for junior high schools. Ten years later, permission was granted to institute a teacher-training program for secondary education. In 1963, a liberal arts program was started, and the name was changed to Bowie State College.

In 1970, Bowie State College was authorized to grant its first graduate degree, the Master of Education. A significant milestone in the development of the graduate studies at Bowie State was achieved with the Board of Trustees' approval of the establishment of the Adler-Dreikurs Institute of Human Relations in 1975. Currently, the University offers bachelor's and master's degree programs and two doctoral degrees. Included in the inventory of degree programs is the Bachelor of Arts, Bachelor of Science, Bachelor of Science in Nursing, Master of Arts, Master of Arts in Teaching, Master of Education, Master of Science, Master of Science in Nursing, Master of Business Administration, Master of Public Administration, Doctor of Education in Educational Leadership, and Doctor of Applied Science in Computer Science.

On July 1, 1988, Bowie State College officially became Bowie State University, a change reflecting significant growth in the institution's programs, enrollment and service to the local area. On the same day, the University also became one of the constituent institutions of the newly formed University System of Maryland.

In 1995, Bowie State University won an 11-year \$27 million award from the National Aeronautics and Space Administration/National Science Foundation to become one of only six national Model Institutions for Excellence in science, engineering and mathematics. This award significantly strengthened the institution's academic infrastructure and enhanced an already excellent computer science and technology program that has consistently ranked first in the nation in graduating African American students with master's degrees.

Bowie State University, throughout its history, has achieved major milestones in spite of limited resources. In SPRING 2005, with the unveiling of the supercomputer built by its faculty and students, Bowie State emerged as a leader among higher education institutions in computing power. At the time of its unveiling, Bowie State's supercomputer, Xseed, was the fastest supercomputer at any higher education institutions in the state of Maryland, the eighth fastest in the United States, and among the top 200 fastest in the world.

Bowie State University has a long history as one of the nation's leaders in teacher education with 50 years of successive accreditation by the National Council of the Accreditation of Teacher Education (NCATE). Remaining true to a heritage of producing leaders in teacher education, the University reached a major milestone when it was approved to offer its first doctoral program in the field of education. For the first time in the history of the University, Bowie State University conferred an earned doctorate, with 16 persons receiving the Doctorate in Educational Leadership, during the May 2005 commencement. In 2007, the Department of Computer Science received approval to offer the Doctor of Applied Science degree.

INSTITUTIONAL IDENTITY

Established in 1865, Bowie State University is the oldest Historically Black Institution of higher learning in Maryland and one of the oldest in the nation. The University evolved from a normal school into a comprehensive university that offers a wide array of undergraduate, graduate, and professional programs. Currently, Bowie State University serves a diverse student population, providing educational opportunities that enable students to function in a highly technological and interdependent world. The University continues to honor its heritage of providing access to higher education for under-represented populations, with a commitment to African Americans. The University remains a leader in graduating African Americans in technological fields.

Bowie State University fosters a supportive, rigorous, and collaborative environment that nurtures excellence in academics and in professional and cross-cultural relationships. The University places particular emphasis on excellence in teaching and research on teaching methodology in order to improve the teaching-learning process. Bowie State University produces graduates who are leaders among their peers in a global community, who think critically, who value diversity, and who are committed to high moral standards.

Bowie State University is a leader in the infusion of technology into the curriculum while maintaining its role as an institution grounded in the liberal arts. The University is committed to providing a high-quality education that fosters learning and enhances skill acquisition and knowledge discovery based on proven pedagogies and an up-to-date curriculum for students at all levels. The University offers a comprehensive set of undergraduate programs that include the arts and humanities, business and management, teacher education, science and technology, and health and human services.

At the post-baccalaureate level, program offerings include the social sciences, information science and technology, and education. Students are able to pursue certificate programs as well as master's degrees in such disciplines as applied computational mathematics, business, computer science, counseling, counseling psychology, education, English, management information systems, nursing, and organizational communications. The University also offers two doctoral programs—one in computer science and one in educational leadership—and is exploring other doctoral programs in information technology and teaching.

The University is aggressively collaborating with its sister institutions and other agencies to address student retention issues (i.e., Coppin State University; Morgan State University; University of Maryland Eastern Shore; University of the District of Columbia; and the Maryland Higher Education Commission); increase the number of student internships; and provide research opportunities for faculty and students (i.e., Towson University; National Aeronautics and Space Administration; Naval Research Laboratory; University of Maryland, Baltimore; Howard University; and City University of New York); increase the number of computer technologists (i.e., University of Maryland College Park; Morgan State University; Johns Hopkins University; University of Maryland, Baltimore County; and Honeywell, formerly Allied Signal Corporation); enhance the quality of the police force (Prince George's County Police Academy); and enhance the quality of teaching in the county and State through Professional Development Schools, induction programs, and critical issues workshops (i.e., Prince George's County Schools; University of Maryland College Park, Towson University; and Prince George's Community College).

The University is committed to recruiting and retaining a student mix that reflects a population of honor students as well as those who demonstrate leadership qualities, display academic potential, and exhibit the motivation to learn. Bowie State University delivers instruction to a global audience of adult learners through traditional and alternative means.

Bowie State University's workforce consists of a diverse group of dedicated professionals who are committed to implementing the mission of the University. The full-time faculty, complemented by a highly qualified adjunct faculty and supported by a skilled staff, distinguishes itself through excellence in teaching, scholarship/research, and service. Effectively and efficiently, the University will continue to provide excellent educational services to its students through recruitment, development, and retention of a talented workforce.

VISION

Building on its image as a student-centered institution and its history as an HBCU, Bowie State University will provide its diverse student population with a course of study that ensures a broad scope of knowledge and understanding that is deeply rooted in expanded research activities. The University excels in teacher education and will become the premier teacher of teachers. Through the integration of internal business processes, technology, and the teamwork of administrators, faculty and staff, the University will be recognized statewide as a model of excellence in higher education for the effective and efficient use of human, fiscal, and physical resources.

MISSION

Bowie State University, through the effective and efficient management of its resources, provides high-quality and affordable educational opportunities at the bachelor's, master's, and doctoral levels for a diverse student population of Maryland citizens and the global community.

The educational programs are designed to broaden the knowledge base and skill set of students across disciplines and to enable students to think critically, value diversity, become effective leaders, function competently in a highly technical world, and pursue advanced graduate study.

The University is committed to increasing the number of students from under-represented minorities who earn advanced degrees in computer science, mathematics, information technology, and education.

Constituent needs, market demands, and emerging challenges confronting socioeconomic cultures serve as important bases in the University's efforts to develop educational programs and improve student access to instruction.

CORE VALUES

Everything we do as a University will be directed towards enhancing our quality and value to students, alumni, and the community. As the University progresses, we will continue to promote student academic success, public service, and scholarship while incorporating our core values:

- EXCELLENCE** - Promote a love for learning, discovery, and integration across a wide range of disciplines and interests.
- CIVILITY** - Foster an environment in which each individual is valued, can live safely, and can express himself or herself without fear of reprisal.
- INTEGRITY** - Promote a sense of justice, trust, consistency, and fair play.
- DIVERSITY** - Promote an awareness of and sensitivity toward differences of race, gender, ethnicity, national origin, culture, sexual orientation, religion, age, and disability.

ACCOUNTABILITY - Provide effective and efficient service all University constituents.

INSTITUTIONAL GOALS

- Goal 1 Provide high-quality and affordable academic programs and support services for all
students
- Goal 2 Support growth by enhancing recruitment, access, and retention efforts
University-wide
- Goal 3 Promote regional economic and workforce development
- Goal 4 Increase the University's external funding
- Goal 5 Promote effective and efficient use of institutional resources
- Goal 6 Enhance the University's image

UNIVERSITY BUILDINGS AND FACILITIES

The setting of the University has much to do with its special atmosphere. The serenity of the campus offers students a chance to study in an environment free from distractions. A mixture of classic Georgian and contemporary architecture, the twenty-one (21) buildings on campus include facilities that house academic and instructional programs, residential and auxiliary support services, and administrative and support activities. Nine (9) buildings provide space for instructional activities and offices for professional staff.

The Center for Business and Graduate Studies is three story masonry, dedicated, undergraduate, and postgraduate teaching facility with high quality interaction space for hands-on learning and pedagogical research. It was completed in 2007 and is located on the left at the main entrance to the campus. The facility currently houses the College of Business and the Graduate School.

The Computer Science Building began its life in 2002 as a “state of the art” facility that houses instructional, laboratory, and research spaces for Computer Science. It also houses instructional space for the Department of Mathematics, the Bowie Satellite Operations and Control Center, and the PRISEM Center.

The Center for Learning and Technology opened August 2000. It is a technology showcase designed to maximize interactions between faculty and students. The Center houses electronically equipped classrooms, interactive lecture halls, computer laboratories, a speech laboratory, and a three hundred-seat auditorium/conference center. The Schools of Education and Professional Studies share the Center for Learning and Technology. The Xseed supercomputer is also housed in the Center.

Martin Luther King, Jr., Communication Arts Center is the largest academic classroom and office facility on campus. First occupied in 1973, this building houses the Samuel L. Myers Auditorium, the Bowie State University Television and Radio stations, lecture halls, classrooms, and several specialized laboratories for programs in the arts, communications, English, foreign languages, music, television, radio, and theatre.

Thurgood Marshall Library was occupied in 1977. The building was designed to house a collection of 270,000 bound volumes and to seat over 1,000 patrons. In addition to general reading and service areas, there are twenty-two (22) small private rooms for student research, studying, and other academic uses. Two large display areas, one on each side of the main entrance are home to special pieces of art work and historical artifacts for Bowie State University. The renovated basement of the Library provides additional computer laboratories, instructional laboratories, media capabilities, and classrooms for students and faculty. Thurgood Marshall Library houses the Division of Information Technology.

Leonidas James Physical Education Complex is designed to accommodate students enrolled in physical education courses, as well as indoor intramural sports and intercollegiate athletic activities of the University. First occupied in 1973, this facility features a triple-court gymnasium, an exercise room, eight handball courts, and an eight-lane, 25-yard swimming pool. Spectator areas provide seating for 1,831 in the gymnasium and 196 in the pool area.

George M. Crawford Science Building provides state-of-the-art laboratories and support areas for the departments of Natural Sciences and Mathematics. Additionally, the facility houses classroom/lecture space. The Facility was originally constructed in 1967 and renovated in 1991.

Charlotte B. Robinson Hall was originally constructed in 1960 as a laboratory elementary school. The building is currently being used to house a small number of classrooms, the newly created Office of Faculty Research, and several administrative offices.

Residence Halls

The residence halls are Lucretia Kennard, Dwight Holmes, Towers, Harriet Tubman, Goodloe Apartments, Alex Hayley, and Christa McAuliffe Residential Complex. Students must meet special residency requirements to

reside in Goodloe Apartments, Alex Hayley, and Christa McAuliffe. Alex Hayley houses the University's resident honors students.

Office of the Registrar
Academic Calendar
2010 – 2011

FALL SEMESTER 2010

August 30	First Day of Classes (Regular and 1 st eight week session)
September 6	Labor Day (University Closed)
Aug 30 – Sept 3	Late Registration
September 3	Last Day to Add/Drop, or Register for class
September 16 & 18	English Proficiency Examination 1 st eight week session
September 24	Last Day to withdraw 1 st eight week courses
October 1	Last Day to apply for December 2010 Graduation
September 8	Graduate Comprehensive Examination Orientation
September 22	President’s State of the University FALL Convocation
October 2 & 9	Graduate Comprehensive Examination
October 8	Last Day to Remove SPRING 2010 Grades of “I”(Incomplete) Undergraduates Students
October 18-22	Mid -Term Evaluation for Undergraduates
October 22	End of 1 st Eight Week Classes (grades due within 72 hours) Mid Term Grades for Undergraduate due by 5 p.m.
October 25	Second Eight Week Classes Begin
October 29	Last Day to Add Drop for 2 nd eight week session
November 4 & 6	English Proficiency Examination 2 nd eight weeks
November 12	Last Day to change from Credit to Audit Last Day to drop with grade of “W”
November 15-19	Advisement Week (Undergraduates)
November 22	Winter/SPRING 2011 Registration
November 25-26	Thanksgiving Recess University closes on Wednesday, November 24th at 5:00 pm
November 29	Classes Resume
December 1-7	Final exams for December Graduation Candidates
December 10	Grades for ALL December Graduation Candidates due by Noon
December 8	Last Day of Classes
December 9	Reading Day
December 16	2 nd Eight Week Classes End
December 10-16	FALL 2010 Final Examinations for non graduating students
December 13 - 16	Graduation Clearance
December 16	Commencement Rehearsal
December 16	Last Day to change FALL 2009 Graduate Incomplete grades
December 17	December 2010 Graduation
December 20	Last Day to Submit Final Grades for Non Graduating Students
December 23	End of Semester (University closes at 5:00 p.m.)

All dates are subject to change

WINTER SESSION 2011

January 3	University Reopens
January 3	Winter Session Classes Begin
January 3 & 4	Winter Session Late Registration
January 7	Last Day to W/D from Winter Session
January 17	Martin Luther King Jr. Holiday (No Classes)
January 20-21	Late Registration
January 21	Last Day of Winter Classes
January 24	Final Winter Grades must be entered by 5 p.m.

SPRING SEMESTER 2011

January 24	First Day of Classes (Regular and 1 st eight week session)
January 24-28	Late Registration
January 24	Final Winter Grades Due by 5 p.m.
January 28	Last Day to Add/Drop, or Register for classes starting on 1/24
February 9	Comprehensive Exam Orientation
February 9	SPRING 2011 Convocation
February 15	Last Day to Apply for May 2011 Graduation
February 17 & 19	English Proficiency Exam 1 st eight week session
February 25	Last Day to Withdraw 1 st 8 week courses
March 4	Last Day to Remove FALL 2010 Incomplete Grades For Undergraduates
March 5 & 12	Graduate Comprehensive Qualifying Examination
March 14-18	Mid-Term Evaluation for Undergraduates Mid- Term Grades posted
March 18	End of 1 st Eight Week Classes
March 21-27	SPRING Break
March 28	Classes resume
March 28	2 nd Eight Week Classes Begin
April 1	Last Day for Add/Drop for 2 nd eight week session
April 7 & 9	English Proficiency Exam 2 nd eight week session
April 8	Last Day to Withdraw with (W) or Change from Credit to Audit
April 11-15	Advisement Week (Undergraduates)
April 18	Founder's Day
April 18	SUMMER/FALL 2011 Registration Begins
April 22	Last Day to Withdraw from 2 nd Eight Week Session
May 2 - 7	Final Exams for May 2011 Graduation Candidates
May 10	Grades for Graduating Students due by 5 p.m.
May 10	Last Day of Classes
May 11	Reading Day
May 12-18	Final Exams for Continuing Students
May 16- 19	Graduation Clearance
May 19	End of 2nd Eight Week-Session
May 19	Graduation Rehearsal
May 20	Commencement
May 20	Final Grades for non-graduating students due by 5p.m.
May 20	End of Semester

SUMMER SESSION 2011

Session I	May 31 – July 1	5 week
Session II	July 5 – August 5	5 week
Session III	May 31 – August 5	10 week

May 31	Session I and III classes begin
June 3	Last Day to Drop/Add for Sessions I and III
June 15	Last Day to Withdraw from Session I
June 30	Last day to apply for August graduation
July 1	Session I Classes End
July 5	Session I Grades Due
July 11	Last Day to Drop/Add Session II
July 20	Last day to Withdraw from Sessions II and III
Aug 5	Session II and III Classes End
Aug 8	Session II and III Grades Due

Joyce Larrick
Director, Bowie Community Network

Mathias Mbah, Ph.D.
Assistant Provost, Continuing Education and
External Program
B.A., M.A., M.S., State University of New York at
Binghamton
Ph.D., Howard University

Gail Medford, Ph.D.
Director, Center for Excellence in Teaching and
Learning
B.A., Xavier University
M.A., University of South Carolina
Ph.D., University of Maryland College Park

Dale M. O'Neal, M.Ed.
Director, Career, Coop & International Student
Services
B.S., M.Ed., Bowie State University

Terrayne Pittman
Director, Student Accounts
B.S., Bowie State University

Deborah Stanley, M.A.
Director, Financial Aid
B.S., M.A., Bowie State University

Darin Swain, M.A.
Assistant Vice President for Alumni Relations
B.S., M.A., Bowie State University

Tammi L. Thomas, M.B.A.
Director, University Relations and Marketing
B.S., Alabama State University
M.B.A., University of Baltimore

Monica N. Turner, M.A.
Director, TRIO Program
B.S., Drexel University
M.A., University of Maryland College Park

Ernest L. Waiters, M.P.A.
Chief of Police and Director, Campus Safety
B.S., Columbia Union College
M.P.A., Bowie State University

Gladys Watson, M.S.
Director, Office of Residence Life
B.A., Bard College
M.S., State University of New York, College,
Brockport

Todd Watson, B.S.
Bowie State Satellite Operations Control Center
(BSOCC)
B.S., University of Maryland College Park

Dr. Rita Wutoh, M.D.
Director, Health and Wellness Center
B.A. University of Virginia
M.P.H. Johns Hopkins University - Bloomberg
School of Public Health
M.D. University of Maryland at Baltimore

SCHOOL ADMINISTRATIVE OFFICERS

David E. Anyiwo, Ph.D.
Chair, Department of Management Information
Systems

B.S., M.S., University of Massachusetts
Ph.D., University of Virginia

Cheryl Blackman, Ph.D.
Chair, Department of Psychology
B.S., New York University
M.S., Ph.D., Howard University

Elaine J. Davis, Ph.D.
Chair, Department of Natural Sciences
B.S., St. Augustine's College
M.S., Atlanta University
Ph.D., Meharry Medical School

Samuel A. Duah, M.B.A., CPA
Chair, Department of Accounting, Finance, and
Economics
B.S., University of Maryland College Park
M.B.A., Atlanta University

Anne L. Gaskins Nedd, Ed.D.
Chair, Department of English and Modern
Languages
B.A., St. Augustine's College
M.A., Howard University
Ed.D. Temple University

Marion H. Harris, DPA
Chair, Department of Management, Marketing,
and Public Administration M.U.A., University of
Pittsburgh
M.P.A., DPA, University of Southern California

Barbara Jackson, Ph.D.
Chair, Department of Educational Leadership
B.S., D.C. Teachers College
M.A., Antioch College
Ph.D., Union Institute

Rhonda Jeter-Twilley, Ph.D.
Chair, Department of Counseling
B.A., Taylor University
M.S., University of Maryland, College Park
Ph.D., University of Pennsylvania

Clarence E. Knight, Jr., Ed.D.
Chair, Department of Fine and Performing Arts
B.M.E., M.M.E., Howard University
Ed.D., George Washington University

M. Sammye Miller, Ph.D.
Chair, Department of History and Government
B.A., Delaware State University
M.A.T., Trinity University
Ph.D., Catholic University of America

Marsha Mims-Word, Ed.D.
Special Assistant to the Dean, College of
Education
B.S., M.A., Ed.D. Bowie State University

Cosmas Nwokeafor, Ph.D.
Interim Dean Graduate School
B.A., M.A., Ph.D., Howard University

D. Elliott Parris, Ph.D.
Chair, Department of Behavioral Sciences and
Human Services
B.A. (Honors) University of London
M.A. University of California, Los Angeles
(UCLA)
Ph.D. University of California, Los Angeles
(UCLA)

Nelson Petulante, Ph.D.
Chair, Department of Mathematics
B.S., McGill University, Canada
M.S., Concordia University, Canada
Ph.D., University of Maryland College Park

Doris Polston, Ed.D.
Chair, Department of Social Work
B.A., Virginia State College
M.S.W., Howard University
M.Ed., Ed.D., Columbia University

Barbara Smith, M.Ed.
Chair, Department of Teaching, Learning, and
Professional Development
B.S., M.Ed., Bowie State University
Ed.S., The George Washington University

Sadanand Srivastava, Ph.D.
Chair, Department of Computer Science
B.S., University of Agra, India
M.S., University of Gorakhpur, India
M.A., University of Toronto, Canada
Ph.D., University of Windsor, Canada

COLLEGE OF ARTS AND SCIENCES

Dean: George Acquah
Department of Communications
Chair: Otis Thomas

Marie A. Brown, M.S.
Lecturer
B.S., North Carolina College of Theology
B.A., Bowie State University
M.A., North Carolina College of Theology

Rochelle R. Daniel, M.S.
Instructor
B.A., Howard University
M.S., University of Maryland University College

Dwight Ellis, J.D.
Lecturer
B.S., District of Columbia Teacher's College
J.D., George Mason University School of Law

Karima Haynes, M.A.
Lecturer
B.A., Clark Atlantic University
M.A., Northwestern University

Adrian Krishnasamy, Ph.D.
Assistant Professor
B.S., M.A., University of Central Missouri
Ph.D., Howard University

Kehbuma Langmia, Ph.D.
Assistant Professor
B.A., M.A., Yaounde University
Ph.D., Howard University

Chandra Norman Lipscomb, M.A.
Lecturer
B.S., Tennessee State University
M.A., University of Maryland, College Park

Pamela O'Brien, Ph.D.
Assistant Professor
B.A., Southern Methodist University
M.A., Ph.D., Indiana University

Otis Thomas, Ph.D.
Associate Professor of Communications
B.A., M.A., Webster University
Ph.D., Howard University

Donatus Uzomah, Ph.D.
Assistant Professor of Communications
B.A., University of Navarra (Spain)
MBA, Southeastern University
Ph.D., Howard University

Department of Computer Science

Chair: Sadanand Srivastava

Manjit S. Bhatia, Ph.D., D.Sc. (Emeritus)
Professor of Computer Science
B.S., M.S., University of Delhi
M.S., Johns Hopkins University
Ph.D., Florida State University
D.Sc., The George Washington University

Quincy Brown, Ph.D.
Assistant Professor of Computer Science
B.S., North Carolina A & T
M.S., Ph.D., Drexel University

Seonho Choi, Ph.D.
Associate Professor of Computer Science
B.S., Seoul National University
Ph.D., University of Maryland College Park

Hoda El-Sayed, D.Sc.
Assistant Professor of Computer Science
B.S., American University in Cairo (Egypt)
M.S., New Mexico State University
D.Sc., The George Washington University

James Gil de Lamadrid, Ph.D.
Associate Professor of Computer Science
B.S., M.S., University of Wisconsin
Ph.D., University of Minnesota

Joseph Gomes, D.Sc.
Assistant Professor of Computer Science
B.S., The University of Texas at Austin
M.A., D.Sc., The George Washington University

Patricia Hughes, M.A.
Assistant Professor of Computer Science
B.A., Middlebury College
M.A., University of Wisconsin

Lethia Jackson, D.Sc.
Associate Professor of Computer Science
B.S., North Carolina Agricultural and Technical
State University
M.S., North Carolina State University

D. Sc., The George Washington University

Soo-Yeon Ji, Ph.D.
Assistant Professor of Computer Science
M.S., National University
M.S., University of North Carolina
Ph.D., Virginia Commonwealth University

Darsana Josyula, Ph.D.
Assistant Professor of Computer Science
B. Tech., Kerala University (India)
M.S., Ph.D., University of Maryland College Park

Joan Langdon, Ph.D.
Professor of Computer Science
B.S., Hampton University
M.A., College of William and Mary
M.S., Old Dominion University
Ph.D., The American University

Velma Latson, M.S.
Lecturer of Computer Science
B.S., Clarion University of Pennsylvania
M.S., Hawaii Pacific University

Manohar Mareboyana, Ph.D.
Professor of Computer Science
B.E., M.Tech., Osmania University (India)
Ph.D., Indian Institute of Science

Clarence Ray, M.S.
Lecturer of Computer Science
B.S., Franklin Pierce
M.S., New Hampshire College

Sharad Sharma, Ph.D.
Assistant Professor of Computer Science
B. Arch., Birla Institute of Technology (India)
M. S., University of Michigan
Ph.D., Wayne State University

Sadanand Srivastava, Ph.D.
Professor of Computer Science
B.S., University of Agra, India
M.S., University of Gorakhpur (India)
M.A., University of Toronto (Canada)
Ph.D., University of Windsor (Canada)

Daryl Stone, D.Sc.
Assistant Professor of Computer Science

B.S., Bowie State University
M.S., Bowling Green University
D.Sc. George Washington University

Claude Turner, Ph.D.
Assistant Professor of Computer Science
B.S., M.S., City College of CUNY
Ph.D., City University of New York

Jie Yan, Ph.D.
Assistant Professor of Computer Science
B.S., M.S., Ph.D., Harbin Institute of Technology
(China)

Bo Yang, Ph.D.
Assistant Professor of Computer Science
B.S., M. Engr., Shandong University (China)
Ph.D., Pennsylvania State University

Department of English and Modern Languages

Chair: Anne L. Gaskins-Nedd

David Basena, Ph.D.
Associate Professor of English
B.A., P.G.D.E., Makerere University (Uganda)
M.A., Saint Cloud State University
M.A./T.E.S.L., Ph.D., Northern Arizona
University

Gerri Bates, Ph.D.
Assistant Professor of English
B.A., M.A., Morgan State University
Ph.D., Indiana University of Pennsylvania

Hardy M. Cook, Ph.D. (Emeritus)
Professor of English
B.A., M.A., Ph.D., University of Maryland
College Park

Brenda DoHarris, Ph.D.
Professor of English
B.A., M.A., Ph.D., Howard University
M.I.A., Columbia University
Julia C. Elam, D.A. (Emeritus)
Professor of English
B.A., M.A., Virginia State University
D.A., Carnegie-Mellon University

Adam Fischer, Ph.D.
Lecturer of English

A.B., Antioch College
M.A., University of Colorado
Ph.D., University of Massachusetts

Anne L. Gaskins-Nedd, Ed.D.
Professor of English
B.A., St. Augustine's College
M.A., Howard University
Ed.D., Temple University

Hoke Glover, M.F.A.
Assistant Professor of English
B.A., Bowie State University
M.F.A., University of Maryland College Park

Monika Gross, Ed.D.
Associate Professor of English
B.A., M.A., Virginia Commonwealth University
Ed.D., The George Washington University

Virginia B. Guilford, D.A. (Emeritus)
Professor of English
B.S., Lincoln University (Missouri)
M.A., DePaul University
D.A., Carnegie-Mellon University

Mary A. Harris, Ph.D.
Associate Professor of Spanish
B.A., E. Stroudsburg State University
(Pennsylvania)
M.A., University of Wisconsin, Madison
Ph.D., University of Oklahoma

Vivian Jackson, M.A.
Lecturer of Reading/English
B.A., Hunter College of City University of New
York
M.A., Columbia University, New York
M.S. Ed., City University of New York

Stephanie D. Johnson, M.S.
Assistant Professor of English/Smith Vidal
Literacy and Language Center Coordinator
B.A., Florida State University
M.S., Florida A & M University

David J. Kaloustian, Ph.D.
Associate Professor of English
B.A., M.A., University of Wisconsin, Milwaukee
M.Phil., Ph.D., Oxford University

Irmagard Langmia, M.A.
Lecturer of English
B.A., M.A., University of Yaounde (Cameroon)

Tanya McInnis, M.A.
Lecturer of English
B.A., Oakwood College
M.A., Miami University

Catherine Payne, L.L.B.
Lecturer of English (Acting Assistant
Coordinator, Writing Center)
B.A., M.A., University of Ibadan
L.L.B., University of West Indies

Kala Richardson, M.A.
Assistant Professor of Spanish
B.A., Delaware State University
M.A., Howard University

Rion Scott, M.A.
Lecturer of English
B.A., Howard University
M.A., George Mason University

Renee Shea, Ph.D.
Professor of English
B.A., Washington University
M.A., Northwestern University
Ph.D., University of Pennsylvania

Richard Sterling, Ph.D.
Professor of French
B.A., American University
M.A., Catholic University of America
Ph.D., Howard University

Sidney Walker, Ph.D.
Assistant Professor of English
B.A., Ottawa University
M.A., Ph.D., Howard University

Esther E. Ward-Simmons, Ph.D. (Emeritus)
Professor of English and Provost
B.A., Oakwood College
M.A., Andrews University
Ph.D., Howard University

C. Jenise Williamson, M.F.A.
Associate Professor of English

B.A., Oswego State University
M.F.A., University of Maryland College Park

Nicole Wilson, M.Ed.
Lecturer of English
B.S., M.Ed., Alabama Agricultural and
Mechanical University

Department of Fine and Performing Arts
Chair: Clarence E. Knight, Jr.

Robert Bartlett, M.A.
Lecturer in Theater and Technical Director
B.A., M.A., Bowie State University

Rene Charlow, M.F.A.
Assistant Professor of Theater
B.A., University of South Florida
B.A., Stillman College
M.F.A., Virginia Commonwealth University

Jennifer Dorsey, M.F.A.
Assistant Professor of Theater/Dance
B.F.A., New York University
M.F.A., University of Maryland College Park

Joan Hillsman, Ph.D.
Lecturer in Music, and Director, Gospel Choir
B.Mus.Ed., Howard University
Ph.D., Union Institute

Marymal Holmes, D.M.A.
Full Professor of Music and Coordinator of
Music
B.M., North Carolina School of the Arts
M.M., D.M.A., Catholic University of America

Clarence E. Knight, Jr., Ed.D.
Professor of Music
B.Mus.E., M.Mus.E., Howard University
Ed.D., George Washington University

Clayton Lang, M.F.A.
Assistant Professor of Fine Arts
B.F.A., Ohio University
M.F.A., Howard University

Gina Lewis, M.F.A.
Assistant Professor of Art
B.A., Norwich University

M.F.A., Howard University

Gail Medford, Ph.D.

Professor of Theatre

B.A., Xavier University

M.A., University of South Carolina

Ph.D., University of Maryland College Park

Tewodross Melchishua, M.F.A.

Assistant Professor of Fine Arts/VCDMA

B.F.A., Morgan State University

M.F.A., University of Maryland Baltimore

County

E. Clark Mester, Jr., M.F.A.

Associate Professor of Fine Arts

B.S., Villanova University

M.A., Morgan State University

M.F.A., Maryland Institute College of Art

Elliott Moffitt, M.A.

Assistant Professor of Theatre

B.A., North Carolina Agricultural and Technical
State University

M.A., New York University College of Arts and
Sciences

Gilbert E. Pryor, Jr., M.A.

Assistant Professor of Music Tech/Applied

Trumpet

B.Mus.Ed., Howard University

M.A., Bowie State University

Robert Ward, Ph.D.

Professor of Fine Arts

B.A., Norfolk State College

M.F.A., Howard University

Ph.D., University of Maryland College Park

Latonya Wrenn, M.M.

Lecturer of Music

B. M., University of Montevallo

M.M., Howard University

Adolph Wright, M.Mus.Ed.

Lecturer of Music and Band Director

B.Mus.Ed., M.Mus.Ed., Howard University

Department of History and Government

Chair, M. Sammye Miller

Benjamin Arah, Ph.D.

Assistant Professor of Government and
Philosophy

B.A., M.A., William Patterson College

M.A.,M.A., Ph.D., Howard University

M.D.E. University of Maryland University
College

Robert E. Birt, Ph.D.

Assistant Professor of Philosophy

B.A., Morgan State University

M.A., Ph.D., Vanderbilt University

Tamara L. Brown, Ph.D.

Assistant Professor of History

B.A., James Madison University

M.A., Ph.D., Howard University

Mario Fenyo, Ph.D.

Professor of History

B.A., University of Virginia

M.A., Yale University

Ph.D., American University

Frankie Hutton, Ph.D.

Associate Professor of History

B.S., North Carolina Agricultural and Technical
State University

M.A., University of South Carolina

Ph.D., Rutgers, State University of New Jersey

Joseph M. Kum, Ph.D.

Associate Professor of Government

B.A., University of Yaounde (Cameroon)

M.A., Ohio University

Ph.D., American University

J.D., University of Maryland, Baltimore

William B. Lewis, Ph.D.

Professor of Government

B.A., M.A., M.Div., Ph.D., Howard University

James C. Mauer, Ph.D.

Lecturer of African American Studies & Spanish
Civilizations

B.A., Grand Valley State University

M.A., Ph.D., Howard University

M. Sammye Miller, Ph.D.

Professor of History

B.A., Delaware State University
M.A.T., Trinity University
Ph.D., Catholic University of America

Frederick Mills, Ph.D.
Professor of Philosophy
B.A., State University of New York, Buffalo
Ph.D., American University

E. Rufus Ozomeyo, Ph.D.
Assistant Professor of History
B.A., University of Alaska, Anchorage
M.A., California State University, Long beach
Ph.D., Howard University

Ralph L. Parris, Ph.D.
Professor of Geography
B.A., Howard University
M.A., Catholic University of America
Ph.D., University of Sarasota

Diarra O. Robertson, Ph.D.
Assistant Professor of Government
B.A., Xavier University Louisiana
M.A., Clark Atlanta University
Ph.D., Howard University

George Sochan, Ph.D.
Assistant Professor of History
B.A., Wheaton College
M.A., Ph.D., Loyola University of Chicago

Adrian Taylor, Ph.D.
Lecturer of Professor of Philosophy and African
American Studies
B.A., M.A., Ph.D., Howard University

Gerad Tikasingh, Ph.D.
Lecturer of African American Studies
B.A., Alma College
M.A., University of California (Berkeley)
Ph.D., University of the West Indies

Andreas I. Woods, Ph.D.
Assistant Professor of History
B.S. Morehouse College
M.A., Ph.D., Brown University

Department of Mathematics
Chair: Nelson Petulante

Olusola Akinyele, Ph.D.
Professor of Mathematics
B.S., Ph.D., University of Ibadan

Karen Benbury, Ph.D.
Professor of Mathematics
B.S., University of Chicago
M.A., Ph.D., University of Massachusetts

Abdusamad Kabir, Ph.D.
Lecturer of Mathematics
B.S., University of Maryland Eastern Shore
M.A., Washington State University
Ph.D., Polytechnic University, New York

Claudette Burge, M. S.
Lecturer of Mathematics
B.S., Langston University
M.S., Central State University, Oklahoma

Rufus Elemo, Ph.D.
Lecturer of Mathematics
B.S., University of Missouri, Rolla
M.S., Louisiana State University
Ph.D., University of Texas at Austin

Elena Klimova, Ph.D.
Lecturer of Mathematics
B.A., M.A., Moscow State Pedagogical
University
Ph.D., Higher Attestation Commission (Russia)

Chaobin Liu, Ph.D.
Assistant Professor of Mathematics
B.S., M.S., Qufu Normal University (China)
Ph.D. Temple University

Mehran Mahdavi, Ph.D.
Assistant Professor of Mathematics
B.S., M.S., Ohio University
Ph.D., University of Texas at Arlington

Malick Mbodj, M.A.
Lecturer of Mathematics
B.S., University of Senegal
M.A., Bowie State University

Nelson Petulante, Ph.D.
Associate Professor of Mathematics
B.S., McGill University
M.S., Concordia University
Ph.D., University of Maryland College Park

Nancy Shiplett, M.Ed.
Lecturer of Mathematics
B.S., Frostburg State University
M.Ed., Widener University

Roman Sznajder, Ph.D.
Associate Professor of Mathematics
M.S., University of Warsaw
M.S., Ph.D., University of Maryland, Baltimore

Department of Natural Sciences

Chair: Elaine J. Davis

Alan Anderson, Ph.D.
Assistant Professor of Biology
B.S., Ph.D.

Eric Bonsu, Ph.D.
Assistant Professor Chemistry
B.S., Ph.D.

Bradford Braden, Ph.D.
Professor of Biology
B.A., Johns Hopkins University
Ph.D., Indiana University

Uvetta Dozier, Ph.D.
Assistant Professor of Biology
B.S., Ph.D. Howard University

Claude G. Ferrer, Ph.D.
Lecturer of Biology
B.S., University of Arkansas
M.S., University of Florida
Ph.D., Howard University

Apostolos G. Gittis, Ph.D.
Assistant Professor of Physics
B.S., Sofia University
Ph.D., Virginia Polytechnic Institute and State University

Mikhail Y. Goloubev, Ph.D.
Lecturer of Physics
M.Sc., University of Memphis
M.Sc., Ph.D., University of Toronto

William Lawrence, Ph.D.
Professor of Biology

B.S., University of California-Santa Barbara
M.S., San Diego University
Ph.D., University of California, Davis

Ray Moharerrzadeh, Ph.D.
Associate Professor of Chemistry
B.S., Concordia University
Ph.D., Howard University

Neba Ngwa-Suh, M.S.
Assistant Professor of Biology
B.S. Clark College
M.S., Georgia Institute of Technology

Anne Osano, Ph.D.
Assistant Professor of Biology
B.S., Ph.D. Howard University

Patricia P. Ramsey, Ph.D.
Professor of Biology
B.S., Ph.D.

Deborah Rayfield, Ph.D.
Assistant Professor of Biology
B.S., Coppin State University
Ph.D., Howard University

Zelyn Richberg, M.S.
Lecturer of Biology
B.S., Voorhees College
M.S., Tennessee State University
M.S., Howard University

Sahlemedhin Sertsu, Ph.D.
Lecturer of Biology
B.Sc., College of Agriculture, HSIU
M.Sc., North Carolina State University
Ph.D., Tropical Institute, Jectus-Liebeig University

Steven Sheffield, Ph.D.
Assistant Professor of Biology
B.A., State University of New York
M.S., University of Maryland College Park
Ph.D., Oklahoma State University

Tamara A. Tatum-Broughton, Ph.D.
Assistant Professor of Biology
B.S., Xavier University
Ph.D., Howard University

George N. Ude, Ph.D.
Assistant Professor of Biology,
B.S., University of Ife
M.S., Obafemi Awolowo University
Ph.D., University of Maryland College Park

Anisha M. Williams-Campbell, Ph.D.
Assistant Professor of Biology
B.S., Johnson C. Smith University
Ph.D., Wayne State University

COLLEGE OF EDUCATION

Dean: Traki Taylor-Webb

Department of Counseling

Chair: Rhonda Jeter-Twilley

Cubie A. Bragg, Ph.D.
Associate Professor of Counseling
B.A., North Carolina Central University
M.A., Bowie State University
Ph.D., Union Institute

Norman Cohen, Ph.D.
Assistant Professor of Counseling
B.Sc., City College of New York
M.A., George Washington University
M.A., Bowie State University
Ph.D., Union Institute

Kimberly M. Daniel, Ph.D.
Assistant Professor of Psychology
B.A., Howard University
M.S., Ph.D., Pennsylvania State University

Karina Golden, Ph.D.
Associate Professor of Counseling
B.A., Lynchburg College
M.A., Ph.D., American University

Rosalyn V. Green, Ph.D.
Assistant Professor of Counseling
B.S., M.S., Bowie State University
Ph.D., Union Institute

Audrey Lucas Ph.D.
Assistant Professor of Counseling
B.A., University of the District of Columbia
M.A., Bowie State University

Ph.D., Howard University

Frank Norton, Ph.D.
Associate Professor of Counseling
B.A., University of Massachusetts
M.A., Ph.D., University of Denver

Rhonda Jeter-Twilley, Ph.D.
Associate Professor of Counseling
B.S., Taylor University
M.S., University of Maryland College Park
Ph.D., University of Pennsylvania

Jake Johnson, Ed.D.
Associate Professor of Counseling
B.A., M.S., University of Albany
Ed. D., George Washington University

Audrey Lucas, Ph.D.
Assistant Professor of Counseling
B.A., University of the District of Columbia
M.A., Bowie State University
Ph.D., Howard University

Frank Norton, Ph.D.
Associate Professor of Counseling
B.A., University of Massachusetts
M.A., Ph.D., University of Denver

Henry J. Raymond, Ed.D.
Full Professor of Counseling
B.S., Lincoln University (Missouri)
M.Ed., Bowie State University
Ed.D., George Washington University

Jennifer West, Ph.D.
Assistant Professor
B.A., Howard University
M.S., Towson University
Ph.D., University of Michigan

Otis Williams, III, Ph.D.
Assistant Professor
B.A., Bowie State University
M.S., Johns Hopkins University
Ph.D., Howard University

Department of Teaching, Learning, and Professional Development

Chair: Josephine Wilson

Marion Amory, Ed.D.
Assistant Professor of Education
B.A., Fisk University
M.Ed., Duke University
Ed.D., Boston University

Marshina Baker, M.S.
Lecturer of Health Education
B.S., Saint Augustine's College
M.S., North Carolina Central University

Joy Banks, Ph.D.
Associate Professor of Education
B.S., Eastern Michigan University
M.A.T. University of Michigan
Ph.D. University of Connecticut

Constance Brooks, Ed.D.
Associate Professor of Education
B.S., District of Columbia Teacher's College
M.A., Howard University
Ed. D., George Washington University

Thelon B. Byrd, Ph.D.
Professor of Special Education
B.A., Lincoln University
Ph.D., University of Michigan

Barrie S. Ciliberti, Ph.D.
Associate Professor of Education
B.A., Ursinus College
M.A., Georgetown University
Ph.D., Catholic University of America

Bruce W. Crim, Ph.D.
Associate Professor of Education
B.S., University of Tampa
M.A., University of South Florida
Ph.D., University of Maryland College Park

Julius Davis, Ed. D.
Assistant Professor of Education
B.S. Lincoln University
M. Ed. Edinboro University
Ed. D. Morgan State University

William Drakeford, Ph. D.
Assistant Professor of Education
B. A. Fairmont State College
M. Ed. Frostburg University

Ph. D. University of Maryland College Park

Eva Garin, Ed. D.
Associate Professor of Education
B.A., University of Maryland College Park
M.A., Pennsylvania State University
Ed. D., University of Maryland College Park

Rochelle Matthews-Somerville, Ph.D.
Assistant Professor of Education
B.A., Bowie State University
M.S., University of Kansas
Ph.D., University of Nebraska at Lincoln

John M. Organ, Jr., Ed.D.
Professor of Education
B.S., Virginia State University
M.Ed., Lynchburg College
Ed.D., George Washington University

Barbara Smith, M.Ed.
Assistant Professor of Education
B.S., M.Ed., Bowie State University
Ed.S., George Washington University

Clarence M. Stewart, Jr. Ed.D.
Associate Professor of Education
B.A., M.S., North Carolina Central University
Ed.D., American University

Lucille B. Strain, Ph.D.
Professor of Education
B.A., Benedict College
M.Ed., Ph.D., Ohio State University

Felicia Valdez, Ed.D.
or of Education
B.A., M.A., Antioch University
Ed.D., George Washington University

Gwendolyn Williams, Ed.D.
Assistant Professor of Education
B.A., Hampton University
M.A., University of the District of Columbia
Ed.D., University of Maryland College Park

UNDERGRADUATE ADMISSIONS

ADMISSION PHILOSOPHY

Admission to Bowie State University is granted to qualified applicants who will benefit from the University's academic and social experiences. The University is especially well-equipped to support students who see value in our academic offerings and opportunities.

BASIS OF SELECTION

New students are eligible for admission at the beginning of FALL and SPRING terms. New students who transfer at least 24 credit hours to Bowie State may also be eligible to begin in SUMMER or winter terms. Applications are reviewed on a rolling basis. Admissions decisions are determined by your academic performance, standardized college exams, recommendations of appropriate school officials, and other evidence deemed indicative of the your ability to successfully complete a collegiate course of study. Bowie State University does not discriminate against any student on basis of age, race, creed, religion, handicap, gender, nationality, ethnic origin or any other unrelated characteristics.

APPLYING FOR ADMISSION

Application for Admission

- You must submit the application for admission via the web.
- Use the URL below for detailed instructions for creating your personal account, completing and submitting the application admission.

<https://www.applyweb.com/apply/bowie/>

Priority Application Deadlines

- FALL April 1
- SPRING November 1

Application Fee

- \$40.00 The application fee is nonrefundable.

HIGH SCHOOL APPLICANTS

High School Transcript

- Admission consideration is given to applicants who have earned the standard high school diploma from an accredited high school
- Request an official copy of your high school transcript showing at least six semesters of work, or at least through the completion of your junior year.
- Transcripts are considered official when received directly from the issuing institution in a sealed envelope with the school's seal and/or official signature.
- Six-semester transcripts can be used to evaluate your admissibility. Your enrollment for the application term is based upon review on your final eight-semester transcript with graduation date.

High School Curriculum – Admission consideration is given to applicants who have completed a minimum of the following:

- English** 4 years or units
- Mathematics** 3 years or units, including Algebra, Geometry and Algebra II
- Social Science** 3 years or units
- Natural Science** 3 years or units
- Foreign Language** 2 years or units

SAT I and ACT Scores

- Applicants applying for admission directly from high school are required to submit SAT or ACT scores.
- Scores submitted directly to Bowie State from the testing agency are preferred.
- The test score requirement is waived for applicants who graduated high school three or more years before the proposed enrollment date
- Bowie State University SAT code: 5401
- Bowie State University ACT code: 1712

Preferred Admission – Academic Requirements

Minimum GPA	SAT (critical reading + math)	ACT
3.00	800-849	17
2.60	850-899	18
2.00	900	19

Conditional Admission

Who is Eligible for Conditional Admission

- Applicants who have earned at least the academic credentials listed in the chart below are considered for conditional admission.

Minimum GPA	SAT (critical reading + math)	ACT
2.00	740-829	16

Applicants Offered Conditional Admission are Subject to These Terms:

- Work closely with an academic mentor assigned by the Academic Advisement Center
- Successfully complete any necessary developmental coursework in English, reading or mathematics with a grade of “C” or higher by the end of the third semester of matriculation

- *If full-time* - Earn a minimum of 24 semester hours with a minimum 2.00 GPA by the end of the first year of enrollment.
- *If part-time* – Earn of minimum 2.00 GPA upon earning 24 semester hours.
- Failure to meet these terms will result in dismissal from the University. Conditionally admitted students who are academically dismissed from the University may only apply for readmission with an earned Associate’s Degree.

Application Fee Waivers

- Bowie State will honor economic hardship fee waiver requests if both of these criterion are met
 1. Applicant submits all required application documents with the fee waiver form/request, and
 2. Applicant submits fee waiver form/request by the priority application deadline for the application term.
- Bowie State University participates in the College Board Fee Waiver Program.

Placement Assessment and Exam

All entering freshmen are required to complete an initial academic assessment in English, mathematics and reading. The University offers courses and other academic enrichment programs to strengthen areas deemed necessary by the assessment. Based upon the results of your individual assessment, certain academic enrichment work may be required.

Admission Prior to High School Graduation

Admission decisions rendered and issued prior to high school graduation are subject to re-evaluation upon the receipt of the final high school transcript with graduation date. Your admission decision is contingent upon your successful completion of the high school curriculum in a manner that qualifies you for admission to the University according to the academic standards indicated.

CONCURRENT ENROLLMENT

Who is Eligible for Concurrent Enrollment?

High school juniors and seniors who seek to take undergraduate courses, but do not intend to begin work towards a degree at this time are eligible for concurrent enrollment

Applicants for Concurrent Enrollment Must Provide the Following:

- Completed application for admission
- \$40.00 non-refundable application fee
- Unofficial high school transcript
- Recommendation from high school guidance counselor
- Principal’s approval to participate in concurrent enrollment

Program Guidelines

- Concurrent enrollment admission consideration is given to applicants who have earned at least a 2.50 cumulative GPA at the time of application
- Concurrently enrolled students may enroll in a maximum of six (6) credit hours per semester, depending upon academic background and current high school course load
- Payment of the standard fee per credit hour is required each semester.
- Concurrent enrollment participants who choose to enroll at Bowie State as degree candidates must reapply for standard admission and provide the required official application materials.

TRANSFER APPLICANTS

Who is Eligible to Transfer

- Transfer admission is considered for applicants at all class levels.
- No minimum credit hours or units are required.
- Transfer consideration is given for all academic terms.

Official Transcripts - Transcripts are considered official when received directly from the issuing institution in a sealed envelope with the school's seal and/or official signature.

- University Transcripts**
 - Official academic transcripts are required from all colleges and/or universities you have attended, regardless of grade point average or number of hours completed.
- High School Transcripts**
 - You must submit an official high school transcript if you have earned less than 24 transferrable hours.

SAT or ACT

You must submit SAT or ACT scores if (1) you have earned less than 24 transferrable hours and (2) you completed high school less than three years before your intended enrollment date

Minimum Requirements

- College GPA** Applicants earning at least a 2.00 cumulative GPA in all college coursework are considered for regular admission
- Academic Standing** Good academic standing and/or eligibility to return to previous institution for full-time study is required for admission consideration
- High School GPA** If a high school transcript is required to complete your admission file, you must have earned at least a 2.00 cumulative GPA
- SAT or ACT** Applicants who are required to submit test scores must meet the minimum score requirements for preferred admission

SAT and ACT Scores

- Bowie State University SAT code: 5401
- Bowie State University ACT code: 1712

Evaluation of Transfer Credits

- An official transcript is required for formal credit evaluation. At the discretion of University personnel, unofficial transcripts may be used for advising or counseling.
- We make every effort to match your transferable courses to our General Education and academic discipline coursework.
- In most cases, coursework from regionally accredited institutions for which you've earned at least a "C" or better is transferable, if comparable coursework is offered at Bowie State.
- The University reserves the right to deny transfer credit for coursework completed at institutions prior to enrollment at Bowie State, but not listed on the application for admission.
- Review transfer evaluations carefully. Questions and/or concerns regarding evaluation of transfer credit should be resolved within 21 days of completed initial evaluation.

- The University reserves the right to revoke offers of admission for transfer applicants who do not maintain the minimum 2.00 cumulative GPA through the most recent semester of attendance at last school attended.

Placement Assessment and Exam

- Exemption from the standard placement assessment is granted to applicants who transfer the equivalent of three hours in both college-level mathematics and English.

GED RECIPIENTS

Official GED Transcript and Score Report

- Request an official copy of your GED transcript and score report.
- Transcripts are considered official when received directly from the issuing institution in a sealed envelope with the school's seal and/or official signature.

Minimum Requirements

- Individual Score** **450** standard score
- Total Score** **2250** combined score of the five subject areas
- ACT** Optional.
- SAT** Optional.

HOME SCHOOLED APPLICANTS

Bowie State welcomes applications from nationally and/or regionally recognized home-school programs.

Official Transcript of Academic Work

- Official transcripts with traditional letter or numerical grades or narrative assessment of academic progress are required
- Some applicants may also be required to submit curriculum vitae describing course content, instructional materials and an evaluation of student work.

SAT I and ACT Scores

- Applicants applying for admission directly from high school are required to submit SAT or ACT scores.
- Scores submitted directly to Bowie State from the testing agency are preferred.
- The test score requirement is waived for applicants who graduated high school three or more years before the proposed enrollment date
- Bowie State University SAT code: 5401
- Bowie State University ACT code: 1712

MATURE ADULT POLICY

- Applicants who have not attended high school or college for a period of at least three (3) consecutive years may be considered for admission without penalty for previous academic record.
- Applicants are required to submit official academic transcripts
- Applicants who have not yet attended a college or university must provide proof of standard high school diploma or its equivalent.

APPEALING THE ADMISSION DECISION

- Requests for admission decision appeals must be made in writing and addressed to the Director of Admissions
- Appeals are reviewed by committee.
- Final decisions are communicated in writing within 14 business days

RE-ADMIT STUDENTS

Priority Application Deadlines

- FALL April 1
- SPRING November 1

Application Fee

- There is no application fee for readmission.

Application for Admission

- Please do not complete the standard application for admission. Please contact the Office of Admission for the proper form.

Review of Applications

- Readmission applications are reviewed and evaluated by several University units before decisions are rendered.
- Applicant files are reviewed for issues related to, but not limited to
 - satisfactory academic progress;
 - academic standing;
 - student judiciary concerns; and
 - satisfactory financial status.
- Official transcripts are required from any college or university attended since last enrolled at Bowie State.

RESIDENCY POLICY

(VIII-2.70 Approved by the Board of Regents August 28, 1990; Amended July 10, 1998)

I. POLICY

It is the policy of the Board of Regents of the University System of Maryland (USM) to recognize the categories of in-state and out-of-state students for purposes of admission, tuition, and charge differentials at those constituent institutions where such differentiation has been established. The student is responsible for providing the information necessary to establish eligibility for in-state resident status. Students who are financially independent or financially dependent, as defined herein, shall have their residency classification determined on the basis of permanent residency, which for purposes of this policy shall be determined by the criteria set forth in I. A. through E. below. A student will be assigned In-State Status for admission, tuition, and charged differentially only if the student, or in the case of a financially dependent student, the student's parent, guardian, or spouse fulfills all of the following.

A. An In-State student is a student whom the University determines to be a permanent resident of the State of Maryland. For the purpose of this policy,

“Permanent Resident” is defined as a person who satisfies all the following conditions and has done so for at least twelve (12) consecutive months

36 *2008-2009 Undergraduate Catalog*

immediately prior to and including the last date available to register for courses in the semester/term for which the person seeks In-State Status:

1. Is not residing in the State of Maryland primarily to attend an educational institution; and
2. Owns and continuously occupies or rents and continuously occupies living quarters in Maryland. There must exist a genuine deed or lease in the individual’s name reflecting payments/rents and terms typical of those in the community at the time executed. Persons not having such a lease may submit an affidavit reflecting payments/rents and terms as well as the name and address of the person to whom payments are made which may be considered as meeting this condition. As an alternative to ownership or rental of living quarters in Maryland, a student may share living quarters in Maryland which are owned or rented and occupied by a parent, legal guardian, or spouse; and
3. Maintains within Maryland substantially all personal property; and
4. Pays Maryland income taxes on all earned taxable income, including all taxable income earned outside the state; and
5. Registers all owned motor vehicles in Maryland in accordance with Maryland Law; and
6. Possesses a valid Maryland driver’s license, if licensed, in accordance with Maryland law; and
7. Is registered in Maryland, if registered to vote; and
8. Receives no public assistance from a state other than the State of Maryland or from a city, county, or municipal agency other than one in Maryland; and
9. Has a legal ability under Federal and Maryland law to live permanently without interruption in Maryland.

B. In addition, persons with the following status shall be accorded the benefits of In-State Status for the period in which they hold such status:

1. A full-time or part-time (at least 50 percent time) regular employee of the University System of Maryland.
2. The spouse or financially dependent child of a full-time or part-time (at least 50 percent time) regular employee of the USM.
3. A full-time active member of the Armed Forces of the United States whose home of residency is Maryland or one who resides or is stationed in Maryland, or the spouse or a financially dependent child of such a person.

Bowie State University 37

4. For UMUC, a full-time active member of the Armed Forces of the United States on active duty, or the spouse of a member of the Armed Forces of the United States on active duty.
5. A graduate assistant appointed through the University System of Maryland for the semester/term of the appointment. Except through prior arrangement, this benefit is available only for enrollment at the institution awarding the assistantship.

C. Students not entitled to In-State Status under the preceding paragraphs shall be assigned out-of-state status for admission, tuition, and charge-differential purposes.

D. Assignment of in-state classification will be made by the University upon an

assessment of the totality of facts known or presented.

E. The following circumstances raise a presumption that the student is residing in the State of Maryland primarily for the purpose of attending an educational institution.

1. The student was attending high school or residing outside Maryland at the time of application for admission to a USM institution.
2. The student is both (a) not financially independent and (b) is financially dependent upon a person not a resident of Maryland.
3. The burden shall be on the student to rebut the presumption.

II. PROCEDURES

A. An initial determination of In-State Status will be made by the University at the time a student's application for admission is under consideration. The determination made at that time, and any determination made thereafter, shall prevail for each semester/term until the determination is successfully challenged in a timely manner.

B. A change in status must be requested by submitting a USM "Petition for Change in Classification for Admission, Tuition and Charge Differential." A student applying for a change to In-State Status must furnish all required documentation with the petition by the last published date to register for the forthcoming semester/term for which a residency classification is sought.

C. The student shall notify the institution in writing within fifteen (15) days of any change of circumstances that may alter In-State Status.

D. In the event incomplete, false, or misleading information is presented, the institution may, at its discretion, revoke In-State Status and take other disciplinary actions provided for by the institution's policy. Such action may include suspension or expulsion. If In-State Status is gained due to false or misleading information, the University reserves the right to retroactively assess all Out-of-State charges for each semester/term affected.

E. Each institution of the University System of Maryland shall develop and publish additional procedures to implement this policy. Procedures shall provide that on request the President or designee has the authority to waive any residency criterion as set forth in Section I, if it is determined that the student is indeed a permanent resident and the application of the criteria creates an unjust result. These procedures shall be filed with the Office of the Chancellor.

III. DEFINITIONS

A. *Financially Dependent*: For purposes of this policy, a financially dependent student is one who is claimed as a dependent for tax purposes, or who receives more than one-half of his/her support from a parent, legal guardian, or spouse during the twelve (12) month period immediately prior to the last published date for registration for the semester or session. If a student receives more than one-half of his/her support in the aggregate from a parent and/or legal guardian and/or spouse, the student shall be considered financially dependent on the person providing the greater amount of support.

B. *Financially Independent*: A financially independent student is one who (1) declares himself or herself to be financially independent as defined herein; (2) does not appear as a dependent on the Federal or State income tax return of any other person; (3) receives less than one-half of his or her support from any other person or persons; and (4) demonstrates that he or she provides through self-generated support one-half or more of his or her total expenses.

- C. *Parent*: A parent may be a natural parent, or if established by a court order recognized under the laws of the State of Maryland, an adoptive parent.
- D. *Guardian*: A guardian is a person so appointed by a court order recognized under the laws of the State of Maryland.
- E. *Spouse*: A spouse is a partner in a legally contracted marriage.
- F. *Child*: A child is a natural child or a child legally adopted pursuant to a court order recognized under the law of Maryland.
- G. *Self-generated*: Describes income which is derived solely from compensation for an individual's own efforts as evidenced, for example, by Federal or State W-2 forms or IRS Form 1099 where interest income is based upon finances created from one's own efforts. For the purposes of this policy, grants, stipends, awards, benefits, loans, and gifts (including Federal and State aid, grants, and loans) may not be used as self-generated income.
- H. *Regular Employee*: A regular employee is a person employed by the USM who is assigned to a state budget line or who is otherwise eligible to enroll in a State retirement system. Examples of categories NOT considered regular employees *Bowie State University 39* are graduate assistants, contingent employees, if-and-when-needed and temporaries.

IV. IMPLEMENTATION

This policy as amended by the Board of Regents on November 27, 2000 shall be applied to all student residency classification decisions made on or after this date.

INTERNATIONAL APPLICANTS

Priority Application Deadlines

- FALL April 1
- SPRING November 1

Application Fee – all fees must be in US currency

- A non-refundable \$40.00 fee is required to process your application.

Non-Degree Status

- International students on F-1 Visas are not eligible for admissions as non-degree students.

Academic Credentials and Official Transcripts

- Send official and/or notarized academic credentials and/or official transcripts directly to Bowie State University.
- If your official academic credentials require translation and/or evaluation, send the evaluation directly to Bowie State University. Educational Credential Evaluators, Inc. (www.ece.org) or World Education Services (www.wes.org) are among our trusted evaluation partners.
- Transfer applicants must submit official transcripts from each college or university attended. Failure to provide information from all previously attended institutions may result in the immediate cancellation of your application for admission.

High School and/or Secondary School

- Applicants must be graduates of a secondary school and submit a first or second division General Certification of Education (or its equivalent for those applying from the British Commonwealth).

- Basic courses in Algebra, English, Geometry, History, Natural Sciences and other academic subjects should have been taken in secondary school. The applicant should have achieved a thorough knowledge of the English language.
- All school records must be certified by school officials and sent with your application.

Minimum Requirements

- GPA:** Candidates who have earned at least a 2.00 cumulative grade point average are considered for regular admission.

SAT and ACT

- SAT Bowie State University SAT code: 5401
- ACT Bowie State University ACT code: 1712

TOEFL – May be required if native language of language of instruction is something other than English. Minimum scores for the three versions of the exam are:

- Paper Test 500** or higher
- Computer Test 173** or higher
- Internet Test 73** or higher
- TOEFL scores will be waived for applicants who are:
 - o Graduates of high schools within the United States, or
 - o Students whose native language or language of instruction is English, or
 - o Students transferring to Bowie State University after at least one year at another English language college or university
- Information on the TOEFL exam may be obtained by writing to:
Education Testing Service • Box 899 • Princeton, NJ 08540 • USA

Financial Statement

- Applicants must provide a notarized financial statement from a United States Embassy showing that the applicant has enough support for study in the United States.
- The Affidavit of Support cannot be used in lieu of a bank statement
- Bank statements must be dated within the last six months
- The Financial Guarantee must have the signature of an authorized bank representative or agent of a recognized sponsoring organization
- All supporting documents have the official seal of a Notary
- The following are acceptable sources and required documentation of funds:
 - a. Personal – current letter from applicant verifying the amount of applicant’s funds in US dollars and the date the bank account opened. The letter must be on official bank letterhead and addressed to Bowie State University
 - b. Parent, Spouse or Sponsor in the United States – (1) notarized Affidavit of Support and (2) letter from parent’s, spouse’s, or sponsor’s bank and the date the account opened.
 - c. Parent, Spouse or Sponsor Outside the United States – (1) notarized letter from the individual(s) in English indicating the relationship and the amount of money that will be made available in US dollars and (2) a letter from parent’s, spouse’s or sponsor’s bank indicating the current balance and the date the account opened.
 - d. Government, Employer or International Organization – an official letter from the sponsor addressed to Bowie State University and signed by an authorized representative of the agency or organization. The letter must indicate the amount of the award in US dollars and must detail the terms of the award.

Admission for International Students

- Admission decisions are based upon acceptable academic credentials and clearance by the International Student Advisor.
- Applicants, who are currently in the US, must contact the Dean of Students for a clearance interview at (301) 860-3393.
- Applicants who are outside the US must report to the Dean of Students upon arrival in the US before registering for classes.
- The University reserves the right to require official documentation of any claim.

Issuing the I-20

- I-20 forms are issued once all required documents are received and admission is granted to the applicant.
- The I-20, an official acceptance letter and other necessary documents are included in the acceptance materials.
- The I-20 is not released to a third party. It is issued only to the applicant or mailed directly to the permanent home address listed on the application for admission.
- Prior to enrollment, you must present an original copy of the I-20 to the Designated School Official (DSO) showing Embassy authorization to enroll as a student with an F-1 Visa and the I-94 card.

SEVIS I-901 Fee

- Once the I-20 is has been issued, you are responsible for paying the \$100 fee (U.S. currency) directly to the Department of Homeland Security
- The I-901 fee must be paid prior to your scheduled Embassy appointment. Failure to pay this fee may result denial of F-1 status.

DEFERRED ADMISSION

If you defer your admission for one semester, and if funds are available, you may also defer your admission scholarship for that period. If admission is deferred for more than one academic term, you must meet the applicable scholarship requirements for the deferred entry term.

FINANCIAL REGULATIONS AND EXPENSES

Financial Requirements for Registration

All students who register for classes incur a financial obligation to the Bowie State University. Students are responsible for all charges incurred at the University. Failure to attend classes does not constitute withdrawal from the Institution or a class. Students must formally withdraw from the University or a class through the Registrar's Office. Any adjustment in charges will follow the policy presented in the *Schedule of Classes* (www.bowiestate.edu).

Returning students will not be permitted to register for a subsequent semester until all financial obligations, including current semester fees, parking violations, library fines, and any other outstanding charges, have been paid. Account balances must be cleared before students will be allowed to participate in future registrations and graduation or to receive transcripts or diplomas.

Cancellation of a student's registration may occur if the bill is not paid in full or if approved arrangements have not been made to cover the outstanding balance. Bill due dates and class cancellation dates are published on the University Website (www.bowiestate.edu.)

Failure to receive a billing statement does not relieve the student of the payment obligation.

Payment Policy

Acceptable payment methods are cash, check, money order, cashier's check, certified check, MasterCard, Visa, American Express, and Discover Card. Payment may be made at the Student Accounts Office, by credit card on-line through Bulldog Connection, or by check or credit card through the Interactive Voice Response System.

Students who register before the billing date will receive a bill via e-mail and must make payment or approved payment arrangements prior to the bill due date or their enrollment may be canceled.

Students who register after the billing date may review their bill on-line via Bulldog Connection and must pay their bill or make approved payment arrangements prior to the due date of the bill or enrollment may be cancelled.

Students who register for the 2nd 8 week session are expected to make payment or approved payment arrangements at the time of registration.

Approved payment arrangements authorized by Board of Regents policy are:

1. Students who are approved for a Guaranteed Student Loan.
2. Third Party Billings (sponsor pays all or part of the students' charges).
3. Students who are enrolled in a University approved installment payment program.

If the sponsor does not pay the University within 60 days of the billing date, the student will then be responsible for full payment of the balance due and will not be permitted to register for a subsequent semester until all financial obligations have been paid. Account balance must be cleared before students will be allowed to participate in future registrations, graduation or to receive transcripts.

The student is responsible for any portion of tuition and fees not covered by the third party agency.

The University does not participate in employer reimbursement plans where the student is reimbursed tuition expenses from his/her employer.

4. Financial aid awarded by the institution that has not been completely processed.

Students who register during late registration will incur a \$50.00 late registration fee. During late registration, payment for semester charges is due and payable at the time of registration.

Returned Checks

In the event that a check rendered as payment is returned by the bank unpaid for any reason, the privilege of using a personal check as payment to the University will be immediately revoked. A fee of \$30.00 will be assessed for any returned check.

If the University determines that a student's check is invalid, his/her courses are removed for the PeopleSoft Registration system and he/she must officially withdraw from the University. If the student fails to withdraw, he/she remains liable to the University for all incurred charges.

Errors in Billings

The University retroactively adjusts accounts and bills if accounting errors or charge omissions are identified.

Referral to Collection Agency

The University will make every effort to collect all outstanding balances pursuant to State of Maryland regulations. Delinquent accounts are reviewed and considered for submission to the State Central Collections Unit (SCCU). As an agency of the State of Maryland, the University is required by state law to refer delinquent accounts to the State Central Collections Unit. At the time of referral, a collection charge of 17% is added to the balance of the account, plus any additional attorney and/or court costs. In addition, SCCU is authorized by state law to intercept an individual's state income tax refund or other payment made through the State to apply toward an outstanding debt. The SCCU also reports delinquent accounts to credit bureaus.

FALL 2010 - SCHEDULE OF CHARGES

All charges are subject to change without prior notice

<u>Undergraduate (In State)</u>				<u>Undergraduate (Out of State)</u>			
Credits	Tuition	Mandatory Fees	Total	Credits	Tuition	Mandatory Fees	Total

Summer 2010 Refund Withdrawal Schedule

Refunds are allowed for full-time and part-time undergraduate and graduate students. Refund percentages are based on the official start of the term.

Session I

Classes Begin May 31, 2011-July 01, 2011

100% Adjustment	On/Before June 03, 2011	Tuition and Fees (fulltime/part time)
50% Adjustment	On/Before June 08, 2011	Tuition only (part-time only)
No financial adjustment after June 8, 2011		

Session II

Classes Begin July 05, 2011-August 05, 2011

100% Adjustment	On/Before July 11, 2011	Tuition and Fees (fulltime/part-time)
50% Adjustment	On/Before July 13, 2011	Tuition only (part-time only)
No financial adjustment after July 13, 2011		

Session III

Classes Begin May 31, 2011-August 06, 2011

100% Adjustment	On/Before June 03, 2011	Tuition and Fees (part-time only)
50% Adjustment	On/Before June 10, 2011	Tuition only (part-time only)
No refunds/adjustments for courses dropped after June 10, 2011		

Special Note to Undergraduate Fulltime students: If you are registered as a fulltime student (12 credit hours or more) and later drop to a part-time status (less than 12 credits) after the official add/drop date, you will not be entitled to refunds and/or financial adjustments based on a per credit hour charge. Charges for the term shall remain at the fulltime rate.

“NOTE: Notwithstanding any other provision of this or any other University publication, the University reserves the right to make changes in tuition, fees, and other charges at any time such changes are deemed necessary by the University System of Maryland Board of Regents.”

SUMMARY OF TUITION AND FEES

The University charges tuition and a variety of semester and annual fees, including mandatory, laboratory, examination, room and board, and parking. For a complete list fees, see the **Schedule of Charges** on Bulldog Connection (<http://bulldogconnect.bowiestate.edu/>).

Acceptance Fee

When accepted, a student must pay an acceptance fee, which will be credited to the student's account and applied to subsequent charges. The acceptance fee is nonrefundable and will be held to the student's credit for a period of one year. If the student does not enroll at Bowie State University during that year, the acceptance fee will revert to the University.

Activity Fee

An activity fee is assessed annually for full-time undergraduate students. The amount is reduced for part-time students. These funds are used by student organizations for class dues, student publications, dramatics, social events, assembly programs, and other student projects.

Athletic Fee

An athletic fee is assessed annually for full-time undergraduate students. The amount is reduced for part-time students. These funds are used by the Athletic Department to help support the athletic programs of the University.

Cooperative Education Fee

A cooperative education fee is charged per work assignment for each participating student for counseling services, for personal visits from the Coordinator of the Cooperative Education Program while on the job, for mailing all student co-op publications, and for being considered a full-time registered student while working.

Developmental Education Course Fee

A developmental education course fee is charged to all students enrolled in a developmental mathematics, English, or reading course. This fee is assessed for each developmental course.

Diagnostic Assessment Fee

A diagnostic assessment fee is charged to first- and second-year students, including transfer students. This fee will support costs associated with providing assessment tests and related prescriptive support plans for freshman and sophomore students.

English Proficiency Fee

A fee is assessed for the **English Proficiency Examination**, a graduation requirement which must be satisfied by all students receiving a bachelor's degree from the University.

Graduation Fee

A graduation fee is assessed undergraduate and graduate as a one-time expenditure to students once they apply for graduation. This fee covers the processing of transcripts and related documents provided to external bodies at the request of the student. This fee offsets the cost of commencement.

Health Services Fee

The University offers comprehensive insurance for all full-time students to cover medical expenses resulting from an accident or illness. Each full-time student entering the University is required to register for the **Student Health Insurance Plan** each year. The insurance cost, which includes medical expenses,

hospital costs, laboratory tests, and x-rays, is included on each student's **Statement of Fees**. Contact the Office of Student Affairs for details.

ID (BowieCard)

An annual fee is charged to cover the cost of improving and maintaining the system. If a card is lost or stolen, a replacement fee will be charged.

Late Registration Fee

A late registration fee is charged to any student who completes registration during the late registration period as designated in the University Calendar. Complete registration includes the payment of fees at the Student Accounts Office and the depositing of the required forms with the Registrar.

Property Damage Fee

Students will be held wholly liable for willful damage to University property.

Residence Hall Damage Fee

A \$50.00 damage fee (breakage deposit) per resident student, payable upon a student's initial registration, is charged. If damage to or loss of property is caused by the occupants of a specific room, those occupants will be billed for the damage or loss. If responsibility for the damage or loss cannot be determined, the cost of repairs or replacement will be billed to all occupants of the buildings on a pro-rata basis. If a student does not pay the bill for damages assessed against him/her, his/her deposit will be reduced by the amount of the bill. At the end of each year, non-returning students, upon request, will be refunded the unexpended balance of their damage fees. Returning students will be expected to pay, each semester, an amount sufficient to maintain their deposit at the \$50.00 level and also pay any charges for breakage in excess of \$50.00, which may have been assessed against them.

Residence Hall Living Costs

Students who live on campus after the first day of classes are required to pay the entire room and board fee. If a student must leave the University because of extenuating circumstances, he/she is required to complete a **Housing Contract Cancellation Form** for review by the Central Housing Office. If it is approved, the student will be charged for room and prorated for board charges. Approved cancellation requests submitted at the end of the first semester will be charged a severance fee. If the request is denied, charges will be assessed for the entire room and board fee.

Adjustments for board fees are provided for residents who student-teach or are away from campus for more than fifteen (15) days to participate in University-approved activities. To secure the adjustment, a written request for approval must be submitted to the Vice President for Student Affairs. No adjustments or refunds will be provided for meal plans after mid-term or the eighth week of classes, whichever comes first.

Student Teaching Fee

Each student engaged in student teaching as part of the instructional program is charged a fee to pay the supervising teachers at the participating schools.

Technology Fee

The purpose of this fee is to meet the growing technological needs of the students.

Textbooks

Textbooks are required of all students. All required texts may be purchased through the University Bookstore. Each student should have available approximately \$600.00 per semester to purchase textbooks.

University Centre Operating Fee

A University Centre operating fee is assessed annually for full-time undergraduate students. The amount is reduced for part-time students. These funds are used to help maintain the operations of the J. Alexander Wiseman University Centre.

University Construction Fee

A University construction fee is assessed annually for full-time undergraduate students. The amount is reduced for part-time students. These fees are used to fund the debt service on University auxiliary construction projects.

Vehicle Registration Fee

Parking permits are required of all enrolled students, faculty, staff, and visitors who park motor vehicles on the campus. The parking permits are valid for a full academic year from September 1 through August 31. The permit charges are published in the **Schedule of Charges** (bulldogconnect.bowiestate.edu/).

Payment for parking permits is made at the Student Accounts Office in the Henry Administration Building. The receipt for reserved parking permits must be presented to the Office of Campus Safety in the McKeldin Gymnasium. The receipt for all other parking permits may be presented to the Office of Campus Safety in Robinson Hall or the McKeldin Gymnasium.

FINANCIAL AID

LOCATION

Henry Administration Bldg, Suite, 1100, 301-860-3540

Fax: 301-860-3549

www.bowiestate.edu

The Office of Financial Aid offers financial assistance to students in the form of scholarships, grants, loans, and student employment. These programs are funded by the U.S. Department of Education, the State of Maryland, the District of Columbia and Bowie State University. Grants and loan programs are need based; scholarships use merit, special talents and academic achievements as the criteria for awarding funds. Students who need assistance with college costs should apply for financial aid. Aid programs help with the difference in the cost of education and the contribution of the student and or parent.

Upon completion of the Free Application for Federal Student Aid (FAFSA), The U.S. Department of Education calculates the student's expected family contribution (EFC). The EFC is determined from a formula that considers factors such as income, assets, family size and number of family members in college.

Need is determined using the following formula:

Cost of Education (COA)

-Expected Family Contribution (EFC)

Financial Need

The cost of education includes costs such as tuition and fees, room and board, which are considered direct cost, other components including transportation, books and personal expenses are indirect cost.

Deadlines and Application Procedures

Students interested in applying for financial assistance, must complete the FAFSA form, this is an annual process which is available to students after January 1 and can be complete at the U.S. Department of Education's website: www.fafsa.gov.

Students and parents must also apply for a Personal Identification Number (PIN) at www.pin.gov. The PIN is an electronic access code that serves as your personal identifier; it allows you to sign binding documents electronically, access documents and correct your FAFSA on line.

Students should complete the FAFSA each year by March 1. March 1 is the priority deadline for federal and institutional funding. It is also the deadline for Maryland Higher Education Programs. Students must list Bowie State (002062) as a recipient of information processed by the central processor for the Department of Education.

Applications are processed on a rolling basis with March 1st being a priority for all completed applications. Students who submit their documentation resulting in a completed application by June 1 are guaranteed a financial aid offer prior to the start of the semester. However students who apply late should not expect consideration for limited campus based financial aid.

It is highly recommended that students follow the steps listed below to ensure maximum funding in a timely manner:

- Complete the FAFSA as soon as possible after January 1
- Complete the admissions process early
- Submit all requested documentation when requested

Important Deadlines

January 1	The Free Application for Federal Student Aid becomes available (www.fafsa.gov)
March 1	The priority date for full consideration of all aid for Bowie State University
March 1	Maryland residents must complete the FAFSA to be considered for state grants offered by MHEC
April 15	Students interested in applying for BSU Institutional Scholarships must complete the BSU Institutional Scholarship Application.
June 1	All documents must be received to ensure an official financial aid offer prior to start of the FALL semester
June 29	District of Columbia residents must apply for DC app. www.seo.dc.gov
December 1	Final deadline to submit documents for FALL only student
December 1	All documents must be received to ensure an official financial aid offer prior to start of the SPRING semester

Eligibility Requirements

Students must meet the following general requirements for determining eligibility for federal and institutional aid:

- demonstrate financial need
- be a U.S. citizen or eligible non-citizen
- have a high school diploma or GED
- have a valid Social Security number
- maintain Satisfactory Academic Progress
- be enrolled or accepted as a degree-seeking student
- be registered with the Selective Service (if required)
- certification that you are not in default on a federal loan or do not owe money on a federal student grant

Verification

The U.S. Department of Education selects random applications for verification. If selected, students must provide signed copies of federal income tax returns, verification worksheets and other requested supporting information. The Office of Financial Aid may also request verification documents if information submitted is inconsistent.

Financial needs will be recalculated based on submitted verification documents and corrections will be transmitted electronically to the U.S. Department of Education to update the Student Aid Report (SAR). Differences between information reported on the FAFSA and verification documents may result in adjustments to financial aid.

The Office of Financial Aid encourages students to respond promptly and completely to any request for additional information. Verification documentation must be submitted by the last date of attendance. Failure to respond to the request for verification documents will result in the cancellation of any financial aid award(s).

Changes in Aid

Federal Title IV regulations will not permit a student to receive aid totaling more than the cost of education. Bowie State University may revise or cancel federal or institutional aid whenever the university becomes aware of information that changes a student's eligibility for aid, including changes in the student's Cost of Education or EFC. Other examples of circumstances that can result in revision or cancellation of existing aid includes the following:

- receiving additional aid at any time not already considered as a part of the student's aid package
- changes in residency (for example, from on-campus to commuter)
- change from out-of-state to in-state tuition
- changes to EFC resulting from verification
- changes to enrollment level (for example, from full-time to part-time)
- withdrawal from the university

Transferring of Financial Aid

Not all financial Aid is transferrable. Most aid will not transfer from one institution to another. Eligibility for the Federal Pell Grant, and some state grants may transfer. Students who have already processed a FAFSA to attend a school must request that the U.S. Department of Education send a copy of the FAFSA results to Bowie State University by indicating the school code on the FAFSA form. Students who have accepted state aid, must contact the state agency to ensure funds will be sent to BSU.

Institutional Grants

Bowie State University Grant Program

Bowie State University Institutional Grants (Mission and Diversity) are awarded to undergraduate students on the basis of financial need and/or first generation college students and need. These grants offer monetary awards based on the available funding. Students who wish to be considered for the BSU Institutional Need-Based grants should complete and submit the FAFSA by March 1. Students must demonstrate need by completing the Free Application for Federal Student Aid (FAFSA) form.

The Office of Financial Aid processes applications in EFC order, students must be Pell eligible and processing begins with the lowest EFC continuing through to the highest EFC. March 1, is the priority deadline, however processing of applications continue after the March 1, but late applicants cannot expect consideration due to limited funding,

FEDERAL STUDENT AID PROGRAMS

Federal Pell Grant

The Federal Pell Grant Program provides grants to undergraduate students who exhibit financial need and meet other eligibility requirements. The Federal Pell Grant is gift aid and does not have to be repaid. It is considered to be the foundation of financial aid to which other aid may be added. Pell Grants are awarded based on enrollment status (full-time, part-time, or less than half-time). Award

limits vary based on Congressional budgeting each year.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant (FSEOG) Program is intended to supplement the Federal Pell Grant and provide additional assistance to the neediest undergraduate students. The average award ranges from \$200 to \$4,000 per year.

Academic Competitiveness Grant (ACG)

This federal grant is for first-year students who graduated from high school after January 1, 2006 and second-year students who graduated from high school after January 1, 2005. A student may receive an ACG grant of up to \$750 for the first academic year of study and up to \$1,300 for the second academic year of study.

Recipients must have the following qualifications:

- U.S. citizenship or eligible non-citizen
- Federal Pell Grant recipient
- Completion of a rigorous high school program of study (required of both first- and second-year students)
- Full-time enrollment in a degree program
- A first-year student (0–29 earned units) must not have taken any college courses after graduating from high school
- A second-year student (30–59 earned units) must have a cumulative BSU GPA of at least 3.0
- A second-year student with transfer units must have at least a 3.0 GPA for the units accepted for transfer

National Science and Mathematics Access to Retain Talent Grant (National SMART Grant)

This federal grant is for third- and fourth-year students who are pursuing college majors in high demand in the global economy. A student may receive up to \$4,000 if the student has the following qualifications:

- U.S. citizenship or eligible non-citizen
- Federal Pell Grant recipient
- Full-time enrollment in an undergraduate degree program
- Cumulative BSU GPA of at least 3.0
- Third- (60–90 earned units) or fourth-year student (90–120 earned units)

In addition, students must declare a BSU major approved by the U.S. Department of Education for this grant. Each term, recipients must take at least one course specific to the eligible major. These majors are found in science, mathematics, technology, engineering and critical foreign languages. For a list of all qualifying majors, please visit the U.S. Department's Web site at <http://studentaid.ed.gov/>.

TEACH Grant

The TEACH Grant Program provides up to \$4,000 per year (\$16,000 total for an undergraduate program) to full-time students who plan to teach full time in high-need subject areas at schools serving students from low-income families. Students who attend less than full-time may receive reduced grant amounts. The general eligibility requirements for receiving a TEACH Grant include the following:

- U.S. citizenship or eligible non-citizen status
- Completion of a FAFSA, although demonstrated financial need is not required
- Cumulative GPA of at least 3.25 throughout the student’s academic program, or a score above the 75th percentile on a national standardized college admissions test
- Undergraduate in first undergraduate degree program of study
- Acceptance into an eligible degree program, majoring in education and pursuing a certification in a high need subject area, or majoring in a high need subject area with the intent of also completing teacher certification
- Completion of an Agreement to Serve and counseling each year

TEACH Grant recipients must agree to teach for at least four full years within eight years of finishing their teacher preparation program. They must teach in elementary or secondary schools that have been identified by the U.S. Department of Education as serving pupils from low-income families. These schools are listed in the U.S. Department of Education’s Annual Directory of Designated Low-Income Schools for Teacher Cancellation Benefits. www.tcli.ed.gov

TEACH Grant recipients must also teach in high need subject areas, including bilingual education and English language acquisition, foreign language, mathematics, reading, science or special education. There may be additional teacher shortage areas identified at the time a student begins teaching. These teacher subject shortage areas (not geographic areas) are listed in the U.S. Department of Education’s Annual Teacher Shortage Area Nationwide Listing. www.ed.gov/about/offices/list/ope/pol/tsa.doc

Annually, TEACH Grant recipients must sign a service agreement to acknowledge that failure to complete the teaching obligation will mean repaying the grant as a Federal Direct Unsubsidized Loan, with interest accruing from the date that the grant funds were disbursed.

Additional information can be found at:
www.bowiestate.edu/admissions/financial_aid/types/grants/TEACHGrant/

Federal Work-Study Program (FWS)

This need-based Federal Title IV program allows undergraduate degree candidates to work and earn money for educational expenses. The university pays aid from this program through paychecks every two weeks. The eligibility does not offset direct university charges such as tuition and fees. FWS awards depend on available funding and financial need.

Federal Perkins Loan Program

The Federal Perkins Loan is a need-based, low-interest loan available to exceptionally needy undergraduate and graduate students. The loan has a 5% interest rate and is interest-free until nine (9) months after graduation or separation from Bowie State University. The Loan is made with Bowie State University with a share contributed by the federal government, and the Loan must be repaid to Bowie State University. The average award ranges from \$1,500 to \$4,000 per year. All Perkins loan borrowers must attend an entrance interview prior to receiving their loans. Perkins Loan recipients must schedule an entrance interview with the Perkins Loan Coordinator located in the Controller’s Office.

William D. Ford Federal Direct Loan Program

Bowie State University participates in the William D. Ford Federal Direct Loan Program (usually referred to as the Direct Loan Program). Bowie State University’s status as a direct lending institution precludes

the University from processing any loans from private banks or other lending institutions. The U.S. Department of Education is the lender and will pay the student through the school. The application requirements for these loans are the same as for other federal grant and loan programs. Borrowers must carry at least 6 units per semester.

Students are usually offered two types of loans, a **subsidized** depending on the amount of need and or an **unsubsidized** loan.

Depending on the amount of need, an aid offer may include an interest-subsidized loan or an unsubsidized loan. Some students receive both subsidized and unsubsidized loans. With a subsidized loan students are not charged interest until the repayment period begins at the end of the six month grace period. The grace period begins when the borrower graduates, drops below the required 6 credits for enrollment or withdraws from the University. With an unsubsidized loan interest accrues during enrollment, throughout the grace period and during repayment.

Dependent Direct Loan Annual Limits

Grade Level	Earned Units	Annual Loan Limits	Additional Unsubsidized Loan	Total Unsubsidized Loan Eligibility
Freshman	0-29	\$3500	\$2000	\$5500
Sophomore	30-59	\$4500	\$2000	\$6500
Junior	60-89	\$5500	\$2000	\$7500
Senior	90+	\$5500	\$2000	\$7500

Independent students may receive a higher amount of unsubsidized loan. Independent freshmen and sophomores may be eligible for up to \$4000 in additional loan funds; juniors and seniors \$5,000. (please refer to the FAFSA form for criteria for independency)

The interest rate for Direct Loans made after July 1, 2009 is fixed at 5.6%, In addition to annual loan limits, the Federal Direct Loan program also has aggregate limits.

New student borrowers to BSU must complete an electronic Master Promissory note (MPN) and an on-line entrance counseling session before receiving any disbursement of loan proceeds to the student's university account. Students must have a PIN assigned by the U.S. Department of Education prior to signing their note electronically over the web. Additional information on the MPN, PIN and entrance interview can be found at www.studentloans.gov or at www.dlsonline.com .

Direct Loan Aggregate Loan Limits

	Combined Based Limit for Subsidized and Unsubsidized Loans	Additional Limit for Unsubsidized Loans	Total Limit for Unsubsidized Loans (minus subsidized amounts)
Dependent Undergraduate	\$23,000	\$8000	\$31,000
Independent Undergraduate	\$23,000	\$34,500	\$57,500

Direct PLUS Loan

The Direct PLUS Loan Program enables parents of dependent students an opportunity to borrow up to the cost of education minus all other aid received. Applicants do not have to demonstrate need; however, dependent students are encouraged to use their full eligibility for a direct subsidized or unsubsidized loan before being considered for a PLUS Loan. The U.S. Department of Education approves a loan from this federal program only after an evaluation of the parent borrower's credit history. If a parent is denied a PLUS Loan, the student may be eligible to receive additional unsubsidized funds.

Interest begins to accrue at the time of disbursement. The interest rate for new PLUS loans is a 7.90 percent. The parent borrower has the option of to begin repayment either 60 days after the loan is fully disbursed or six months after the dependent student on whose behalf the parent borrowed ceases to be enrolled for at least a 6 units. A new PLUS borrower must complete an electronic Master Promissory note (MPN) before receiving any disbursement of loan proceeds to the student's university account. Parent(s) must have a PIN assigned by the U.S. Department of Education prior to signing their note electronically over the web. Additional information on the MPN and the PIN can be found at www.studentloans.gov or at www.dlsonline.com .

Prior to graduating or leaving college all loan borrowers are required to complete an exit counseling session on-line at www.studentloans.gov or at www.dlsonline.com. This on-line exit counseling session provides borrowers information on their rights and responsibilities.

Maryland State Scholarship Programs

The State of Maryland offers scholarship and grant programs based on a student's financial need, talents, and gifts, or career choice. March 1 is the mailing deadline for the FAFSA to be considered for Maryland State scholarships and grants.

Applicants must be residents of Maryland, must be accepted for admission or enrolled in a regular undergraduate program at an eligible Maryland institution, or accepted for admission or enrolled in a 2-year terminal certificate program in which the course work is acceptable for transfer credit for an accredited baccalaureate program at an eligible Maryland institution, and must be enrolled as either a full-time (12 or more credits per semesters) or part-time (6-11 CREDITS per semester) undergraduate student.

Some state scholarships require special applications and have different deadlines. For more information about state scholarships, students can call the Maryland State Office of Student Financial Assistance at 410-260-4565, or visit www.mhec.state.md.us

Bowie State University Institutional Scholarship

Students who wish to apply for BSU Institutional Scholarships should complete and submit the Bowie State Institutional Scholarship Application by April 15. Applicants should have at least a 2.5 cumulative grade point average. Notifications of awards are sent directly to students prior to the start of the FALL semester. SPRING awards are made if funds are available. For additional information, please visit www.bsu/admissions/financialaid.

Bowie State University Academic Scholarships

The University offers academic scholarships based on ACT, SAT and high school GPA scores. Additional Information can be found at www./bowiestate.edu/admissions or by contacting the Admissions Office at (301) 860-3415.

DISTRICT OF COLUMBIA FINANCIAL AID PROGRAMS

The District of Columbia State Education Office (SEO) will award up to \$10,000 to qualified students to attend eligible public universities and colleges nationwide through the DC OneApp. The DC OneApp is the only method which a college-bound District resident may apply for funding from the District's three college financial aid grants: **DCTAG**, **DCLEAP**, and **DCAS** – using one application. The DC OneApp is located on-line at www.seo.dc.gov.

FINANCIAL AID POLICIES

Satisfactory Academic Progress (SAP)

A. PURPOSE:

To satisfy federal requirements which are mandated by the Department of Education and to ensure requirements that the University developed with the intent to apply a consistent and reasonable standard of academic progress.

B. POLICY:

It is the policy of the Bowie State University to develop standards of Satisfactory Academic Progress (SAP) in accordance with federal regulations and requirements. The University's Satisfactory Academic Progress Policy (SAP) consist of reviewing several components, a quantitative (number of credits completed), and qualitative (grade point average), maximum time frames, all of which are measured on an annual basis at the end of the academic year (SPRING term).

Financial Aid applicants must comply with the Satisfactory Academic Progress (SAP) Policy as a condition of continued eligibility. Please note that the Financial Aid SAP requirements differ from the University academic satisfactory academic progress policy

Financial aid programs which are affected by the SAP policy include: Federal Pell. Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Perkins Program, Federal Work Study, Federal Academic Competitiveness Grant (ACG), National Science and Mathematics Access To Retain Talent Grant (SMART), William D. Ford Federal Direct Loan programs (Subsidized, Unsubsidized, PLUS), University Grants (Mission and Diversity) and State Grants/scholarships and all other programs which require the monitoring of academic progress.

C. PROCEDURE

For financial aid purposes, a student is considered to be in good standards if the following criteria are met:

- Undergraduate students must maintain accumulative grade point average of 2.00 and pass at least 67% percent of the cumulative hours attempted by the end of their second academic year of enrollment.

Maximum Time Frame

Undergraduate students seeking their first degree must earn their degrees within the maximum allowable time frame regardless of their program of study. The maximum time frame is 180 CREDIT or 12 academic terms (whichever occurs first). Students who exceed the maximum time frame cannot receive financial aid until they have completed their current program change to and/or been accepted into a new program.

Students attending less than fulltime and or attending a winter or SUMMER session, enrolls in a different degree or certificate-seeking program will not be charged with a full term of attendance, however credit hours and grade point average (GPA) will be used to determine SAP.

What Counts as Attempted Credits

An attempted credit includes graded courses that receive one of the following: (A, B, C, D, F,) non graded courses (I, S, AU, W, U, NG, and PS).

Winter and SUMMER session grades will not be included in the evaluation of SAP; however credits earned will be included in the yearly total for the next evaluation period. All incompletes, withdrawals, failures and repeats are included in attempts when determining SAP for financial aid.

To calculate the percentage of credits completed, total all attempted BSU credits, and then total all completed BSU credits. Divide the number of completed credits by the number of attempted credits.

- $\text{Total Completed Credits} / \text{Total Attempted Credits} = \text{Percentage Completed}$

Failure to Meet Minimum SAP Requirements

Financial Aid Probation

Students who meet at least one of the following conditions will be placed on financial aid probation for one academic year.

- Cumulative grade point average is less than a 2.00 but greater than 1.00 and student fails to complete 67% of cumulative hours attempted.
- Cumulative grade point is 2.00 and student failed to complete 67% of cumulative hours attempted
- Cumulative grade point average is less than 2.00 but greater than 1.00 and student passed 67% of cumulative hours attempted

Students who are placed on financial aid probation are allowed to keep all funds awarded for the upcoming academic year.

Financial Aid Suspension

A student who fails to meet minimum SAP requirements at the end of the probationary period will be placed on financial aid suspension. By the end of the second evaluation period, students who do not have a cumulative grade point average of 2.00 and have not passed at least 67% of cumulative hours attempted will not be eligible to receive financial aid until SAP requirements are met.

A student who fails to achieve a cumulative grade point average of at least 1.00 at the end of the academic year will be immediately placed on financial aid suspension; this suspension will remain in effect until SAP requirements are met.

Reinstatement of Financial Aid

Financial aid may be reinstated on a probationary status by meeting the minimum requirements for SAP or by an approved appeal. A student who has lost financial eligibility has the right to make a written appeal if extenuating circumstances exist and can be documented. If aid is not reinstated, suspension will remain in effect.

Non-enrollment at BSU or enrollment at another institution does not restore eligibility. The cumulative GPA that was received prior to leaving BSU remains in effect upon your return to BSU.

Appeals

All appeals for reinstatement of financial aid must be submitted to the Financial Aid SAP Appeals Committee. This appeal letter should address any mitigating circumstances that prevented you from achieving the required criteria(s) for making and or maintain satisfactory academic progress. Supporting documentation must accompany your appeals request. **Any appeal letters submitted without supporting documentation will not be reviewed.** The appeal letter should include how your circumstances have changed and what steps you will take to ensure meeting SAP in the future. It is not necessary to discuss your need for financial aid as part of your rationale for reinstatement of financial aid. The assumption is that any student filing an appeal is doing so based upon financial need.

Appeals must be based on one of the following:

- Administrative Withdrawal
- Death of an immediate family member
- Medical Problems not resulting in an administrative withdrawal
- Personal

Incompletes (I), audit (AU), pass (PS) and unreported grades (NG) are not included in credits earned. It is your responsibility to notify us when grades have changed to actual grades to ensure a reevaluation of your progress.

Appeal letters and supporting documentation must be submitted within ten days of the date of the notification that aid has been suspended-**NO EXCEPTIONS.**

Approval and denial notifications will occur within two weeks of receipt of required documentation. Please note for all approved appeals, aid offers will be granted based on funds available at the time.

Default Management Policy

Default is the failure to repay a loan in accordance with the terms of the promissory note. Default may also result from failure to submit requests for deferment or cancellation on time. To facilitate the management of the Direct and Perkins Student Loan Programs, Bowie State University has implemented the following plan.

- A. All Perkins loan borrowers must attend an entrance interview prior to receiving their loans. Perkins Loan recipients must schedule an entrance interview with the Perkins Loan Coordinator located in the Controller's Office.
- B. All Direct Loan borrowers are required to complete entrance counseling session on-line

at www.studentloans.gov or at www.dlssonline.com.

- C. The entrance interviews will include information on loan interest rates, grace periods, penalty charges and fees, borrowers' rights and responsibilities, deferment and cancellation or postponement procedures, consolidation issues, and any other terms or conditions of the loan.
- D. Academic transcripts will be withheld for Perkins and Direct Loan defaulters.
- E. All Perkins Loan recipients will be required to complete an exit interview. It will include the information in the entrance interview and information on the average indebtedness of loan recipients, information on the anticipated monthly repayment, a review of repayment and consolidation options, and a review of the consequences of failure to repay the loan. Perkins Loan recipients must schedule an exit interview with the Perkins Loan Coordinator located in the Controller's Office. Loan recipients will not be allowed to graduate until they have completed the exit interview.
- F. All Direct Loan recipients will be required to complete an exit interview on-line at www.studentloans.gov or at www.dlssonline.com.
- G. It will include the information in the entrance interview and information on the average indebtedness of loan recipients, information on the anticipated monthly repayment, a review of repayment and consolidation options, and a review of the consequences of failure to repay the loan. The exit interview for Direct Loan borrowers is available online at www.studentloans.gov or at www.dlssonline.com.
- H. Loan recipients will not be allowed to graduate until they have completed the exit interview.
- I. The University will provide updated information to the various lenders and guarantors as requested.
- J. The University will forward delinquent (240 days past due) Perkins Loan accounts from its billing agency to its collection agency. Prior to the collection agency submission (15-240 days past due), default prevention letters are sent out through the Billing Agency's Early Intervention Program. In addition, the Billing Agency will contact the local credit bureau to report any delinquencies. The collection agency, using various collection techniques (i.e., skip-tracing, Tax Refund Intercept Program), will attempt to secure payment on an account in default. If payment has not been made the account is returned to the institution for assignment to the Department of Education.

Return of Title IV Financial Aid

When a student withdraws from all courses during a term when the student is receiving student aid, the Office of Financial Aid must determine what portion of the student's aid (not including Federal Work-Study) will revert to the aid programs. The Office of Financial Aid must use a statutory refund formula required by the U.S. Department of Education to determine what portion of aid paid to university charges has been "earned" and what portion must be considered "unearned."

The percentage of assistance earned is equal to the percentage of the term completed as of the day the student withdraws. (If the withdrawal occurs after the 60 percent point, the percentage of aid earned is 100 percent.) The amount of aid not earned by the student is calculated by determining the

complement of the percentage of assistance the student earned. That percentage is then applied to the total amount of grant and loan assistance disbursed for the term. If the student received more grant or loan assistance than the amount earned, the university or the student (or both) must return the unearned funds to the aid programs.

STUDENT CODE OF CONDUCT

Students are expected to conduct themselves in a manner which is consistent with the Core Values (Excellence, Civility, Integrity, Diversity, and Accountability), purpose, goals, and objectives of Bowie State University. In particular, all students have the privilege to learn, subject only to their own initiative and ability, uninhibited by the behavior of others. The University reserves the right to deny admission to any applicant, to discontinue the enrollment of any student, or to withhold the degree of any student if, in the opinion of University authorities, a student's behavior is in continuous or serious violation of the Student Code of Conduct established by the faculty, students, and administration and published in the Student Handbook. Academic honesty, as defined in the Student Handbook, is required of all students.

The Bowie State University Man and Woman

Standards and Expectations

University administrators, faculty, and staff are individually and collectively committed to assisting each student in his/her personal development and providing the quality education necessary to achieve his/her goals. The University also takes seriously its obligation to nurture and to assist each student in developing his/her personal character. However, it is incumbent upon each student to assume personal responsibility for his/her conduct and behavior. Bowie State University presumes, therefore, that the student:

Seeks to Develop Self Academically, Physically, and Spiritually

Possesses an unquenchable thirst for knowledge and is responsive to new ideas and different dimensions of thought. The student does not abuse or violate his/her physical and spiritual well-being and has a strong sense of positive self-esteem.

Values Life

Accepts, respects, and celebrates racial, gender, and cultural diversity as a natural part of our social fabric. He/she behaves and interacts with others with dignity and respect, refusing to violate or abuse the rights of others, and is willing to assist those in need or in distress.

Has Integrity

Has a value system and code of ethics that foster positive personal growth and development. The student is true to his/her personal convictions and is unwilling to compromise personal values and standards of behavior.

Is Dependable

Follows through on self-assigned tasks as well as those to which he/she has been assigned and is timely in carrying out those assignments.

Sets High Personal Standards

Is goal and solution-oriented, refuses to accept mediocrity, and continues to seek excellence in whatever he/she undertakes.

Has Effective Communication Skills

Strives to develop and master effective verbal and writing skills. He/she clearly understands that poor communication skills can have a deleterious impact on his/her professional growth and development.

Is Aware of His/Her History

Recognizes the richness of his/her legacy and understands the need to learn from and apply the lessons of one's cultural, racial, and personal history. He/she is aware of past and present contributions his/her ancestors have made to the nation and the global community as well.

Knows and Abides By the Rules of Social Decorum

Clearly understands that verbal abuse, rowdiness, fighting, impoliteness, and other forms of social misconduct are unwarranted and unacceptable social behavior.

Understands Appropriate Dress

Recognizes the need to dress appropriately for the situation, event, or environment and that the manner of dress will frequently reflect how he/she is received, socially and professionally.

Has Pride in Bowie State University

Behaves in a manner which will reflect self-respect and respect for the University. He/she will defend the integrity of the University and will work to enhance its reputation. He/she knows the lyrics to the *BSU Alma Mater*.

Office of Judicial Affairs

Judicial Officer: Dorothy Holland

The Judicial Affairs Officer (JAO) administers and enforces the Student Code of Conduct. The JAO is primarily responsible for the overall coordination of all disciplinary proceedings on campus and the recommendation of educational sanctions offered to students for infractions of the University's policies and procedures. The JAO conducts student hearings; ensures standards of due process; and consults with faculty, staff, and students regarding student conduct issues.

Student Clubs, Organizations, Fraternities, Sororities, and Honor Societies*African Student Association*

This club promotes global understanding and cultural appreciation of African nations and their peoples.

Alpha Chi Honor Society

The Maryland Alpha Chapter of Alpha Chi National Honor Society was chartered at Bowie State University on June 3, 1975. Alpha Chi is a campus-wide society that promotes fellowship throughout its member organizations. Membership requires that a candidate be at least a junior, rank in the top 10% of his/her class, and be outstanding with respect to services to the University.

Alpha Kappa Alpha Sorority, Inc.

Alpha Kappa Alpha Sorority, founded on January 16, 1908, at Howard University, was organized to "cultivate and encourage high scholastic and ethical standards, improve the social stature of the Negro, promote unity and friendship among college women, and keep alive within the alumnae, an interest in college life...." The Eta Chapter at Bowie State University was established on January 18, 1969.

Alpha Kappa Mu Honor Society

The purpose of Alpha Kappa Mu is to promote high scholarship, encourage sincere and zealous endeavors in all fields of knowledge and service, cultivate a high order of personal living, and develop an appreciation for scholarly work and scholarly endeavors in others. No more than 10% of the total number of students graduating in a given year may be eligible for membership, and the cumulative grade-point average shall not be lower than 3.3. Eligible members receive an invitation and inductions occur during the SPRING semester.

Alpha Nu Omega Fraternity, Inc.

This fraternity offers the campus a Greek-lettered organization whose purpose, symbols and codes of conduct are based on Christian principles found in the Holy Bible.

Alpha Nu Omega Sorority, Inc.

This sorority offers the campus a Greek-lettered organization whose purpose, symbols and codes of conduct are based on Christian principles found in scripture to minister to the spirit, soul, and body of the whole person as well as to promote excellence.

Alpha Phi Alpha Fraternity, Inc.

Alpha Phi Alpha Fraternity, Inc., founded at Cornell University on December 4, 1906, is the first predominantly African American collegiate fraternity started in the United States. It strives to promote scholarship, manly deeds, and love for all mankind. The Eta Zeta Chapter at Bowie State University was established in November 1970.

Alpha Psi Omega

National honorary theatre society.

Apostolic Campus Ministry

Soul thirsty? Campus Ministry exists to provide an environment where any and all Bowie State University students may have the opportunity to fellowship, worship, and study the Bible in small groups. Members also have the opportunity to participate in regular prayer meetings as well as to meet and fellowship with other students.

Bio-Med Club

This club serves as a medium by which information on careers in the biological sciences and the medical field is shared. Workshops, meetings, and guest speakers are hosted by the Bio-Med Club.

Bowie State University Cheerleaders

Bowie State University cheerleaders provide spirit and support to the BSU family. The cheerleading squad is busy throughout the academic year cheering during football and basketball seasons and participating in other campus events.

Bowie State University Soccer Club

This club provides the campus with educational and competitive opportunities in intramural and intercollegiate soccer.

CAAS Club

Established in 1999, the Child and Adolescent Studies Club encourage community service activities that involve children, adolescents, and families who are in need. The Club membership is primarily composed of CAAS and Human Services majors, but all students are invited. Projects are service-oriented

Campus Ministries

Campus Ministries is a non-denominational group open to all students for the purpose of prayer, spiritual growth, and development.

Chi Eta Phi Sorority, Inc.

Chi Eta Phi Sorority, Inc. is a professional association for registered professional nurses and student nurses (male and female) representing many cultures and diverse ethnic backgrounds.

Circle K International

The Club was chartered March 27, 1997, and comes under the auspices of Circle K International. Membership is open to any student of good character who is officially enrolled at least half-time at the University. The Club provides an array of opportunities for personal, leadership, and professional development.

Commuter Club – “C-Unit”

The Commuter Club represents the commuter population in the Student Government Association. Involvement in the Commuter Senate ensures that the special needs of commuters are addressed.

Computer Technology Club

This organization is the Bowie State Computer Technology Chapter of the Association for Computing Machinery (ACM). Its purpose is to promote an increased knowledge of the science, design, development, construction, language, and applications of modern computing machinery.

Delta Mu Delta National Honor Society

The Gamma Kappa Chapter of Delta Mu Delta National Honor Society in Business Administration was established at Bowie State University in December 1977. This Society promotes higher scholarship in training for business and recognizes and rewards scholastic attainment in business subjects. To be eligible for membership in the Society, a student must be a business major, must have completed at least one-half of the work required for a baccalaureate degree, and must have achieved a cumulative grade point average of 3.2 or higher.

Delta Sigma Theta Sorority, Inc.

Delta Sigma Theta Sorority, Inc. was established January 20, 1913, at Howard University. The Zeta Delta chapter was formed at Bowie State University on April 16, 1968. The Sorority emphasizes scholarship, fellowship, and public service.

Education Club

The Education Club offers students interested in education as a major or minor, the opportunity to establish relationships with other students in the field. This club actively sponsors programs that focus on a variety of contemporary issues in education.

Figures of Speech (English Club)

Figures of Speech is composed of English majors and minors and students of other majors who are interested in promoting a better understanding and appreciation of notable literary figures and their works. The English Club occasionally sponsors poetry slams and academically supports its members.

Entrepreneurship Club

This Club provides students with opportunities for networking and meeting other students and business faculty. Lectures, tours, and other career oriented activities are promoted and supported.

Eyes Wide Shut

Eyes Wide Shut's goal is to provide an environment in which African American gay, lesbian, bisexual, transgender, queer, questioning, and straight supportive students can freely assemble in order to provide mutual support and to address the campus and community on pertinent issues. The organization strives to develop educational programs in order to work towards the elimination of oppressive myths, misconceptions, and stereotypes.

Freshman Class

This organization serves as the official voice of the Freshman Class.

Finance & Economics Club

The mission of the Finance and Economics Club is to engage the business students at Bowie State University in a process of career building through networking with other business organizations, institutions, and community groups. The club started in 2005 and has been one of the most active clubs on campus.

Groove Phi Groove Social Fellowship, Inc.

The purpose of Groove Phi Groove is to promote academic awareness, promote unity and fellowship amongst college and graduate level men, and create intelligent and effective leadership in order to improve the stature of Bowie State University students.

History & Government Organization

The History and Government Club promotes interest in and appreciation of history and government. Specifically, it promotes activities that provide a better understanding of political life at the domestic and international levels, a historical analysis of events, and an understanding of the significance of the interdependency of nations.

Honors Student Organization

The Honors Student Organization provides for the social and cultural interests of the students in the Honors Program, assists in accomplishing the goals of the Program, and represents students in the Program to the Student Government Association and the administration.

International Game Developers Association (IGDA Club)

The purpose of the IGDA Club is to learn more about the video game industry and to understand the concept of creating a video game.

International Student Association

The International Student Association (ISA) exchanges cultural and educational ideas and promotes mutual understanding and better communication between the international students and the broader University community.

Iota Phi Theta Fraternity, Inc.

Founded in 1963 at Morgan State University, Iota Phi Theta aims to mold young men into viable contributors to the organization and to society. The Mu Chapter was founded on the campus of Bowie State University in 1971. Iota Phi Theta is a member of the Council of Independent Organizations.

Junior Class

This organization serves as the official voice of the Junior Class.

Kappa Alpha Psi Fraternity, Inc.

Kappa Alpha Psi Fraternity, Inc. was founded and chartered January 5, 1911, on the campus of Indiana University at Bloomington. Each chapter of the Fraternity has the same fundamental purpose, which is "achievement in every field of human endeavor." The Epsilon Sigma Chapter at Bowie State University was founded on May 8, 1969.

Lambda Pi Eta

Lambda Pi Eta is the official communication studies honor society of the National Communication Association (NCA). Their purpose is to recognize, foster and reward outstanding scholastic achievement in communication studies and to stimulate interest in the field of communications.

Latino/Hispanic Student Association

The Latino/Hispanic Student Association brings all Latino students together for the betterment of good relations among all students, regardless of race, cultural, and political relationships. They exchange ideas, thereby bringing the formation of a more active and progressive student community.

Lighthouse Campus Ministries

Lighthouse Campus Ministries seeks to engage the students of Bowie State University into deeper knowledge and relationships with Christ. Through bible study, service projects, fellowship, worship and missions, Lighthouse members also serve their community.

Management Information Systems Club

The Management Information Systems Club creates an atmosphere where a network of students will help others pursuing their education in management information systems.

Muslim Student Association

This club unites Muslim students on campus and provides a source of information to the student body at Bowie State University.

National Association of Black Accountants

The purpose of the National Association of Black Accountants is to provide African American accountants and aspiring accountants a vehicle for networking and to provide valuable information on opportunities and influential contacts in the business world.

National Council of Negro Women, Inc.

The National Council of Negro Women, Inc. (NCNW) is a council of national African American women's organizations and community-based sections. Founded in 1935, the NCNW mission is to lead, develop, and advocate for women of African descent as they support their families and communities. NCNW fulfills this purpose through research, advocacy, and national and community-based services and programs on issues of health, education, and economic empowerment in the United States and Africa.

National Pan-Hellenic Council

The Pan-Hellenic Council serves as a standard-setting and implementing body for the affiliate organizations in the areas of educational programming, community service, social functions, and the intake of new members. It also monitors and regulates the actions of member organizations as they affect campus life. The Pan-Hellenic Council of Bowie State University currently is composed of representatives from the local chapters of each of the following national Greek letter sororities and fraternities: Alpha Phi Alpha Fraternity, Inc.; Alpha Kappa Alpha Sorority, Inc.; Delta Sigma Theta Sorority, Inc.; Iota Phi Theta Fraternity, Inc.; Kappa Alpha Psi Fraternity, Inc.; Omega Psi Phi Fraternity, Inc.; Phi Alpha Psi Sorority, Inc.; Phi Beta Sigma Fraternity, Inc.; Phi Omicron Psi Fraternity, Inc.; Sigma Gamma Rho Sorority, Inc.; and Zeta Phi Beta Sorority, Inc.

National Society of Black Engineers

The Student Chapter of the National Society for Black Engineers meets regularly to discuss items of interest to future engineers, to listen to invited speakers, and to plan trips to national meetings of NSBE.

Omega Psi Phi Fraternity, Inc.

The Omega Psi Phi Fraternity was founded in the FALL of 1911 by three Howard University students and their faculty advisor, Ernest E. Just. The fraternity became the first Greek-lettered organization to be founded on an HBCU campus. In 1968, Bowie State's chapter Epsilon Sigma was formed. The chapter follows four cardinal principles on which the organization is based. These principles are manhood, scholarship, perseverance, and to uplift.

Pan-African Student Youth Movement

This organization fights for the liberation, political and economic independence of all people of African descent.

Phi Alpha Honor Society

On April 21, 1998, the Eta Lambda Chapter of Phi Alpha Honor Society for Social Work Students was chartered at Bowie State University. Eta Lambda Chapter is the only chapter at a historically black college in the State of Maryland. The purpose of the National Social Work Honor Society is to promote academic excellence in social work and related disciplines, to encourage service to humanity, and to stimulate research in social welfare. To be eligible for membership, a student must be a social work major and must have achieved junior status, completed 30 semester hours or more at Bowie State University, completed 12 hours or more of required social work courses, achieved an overall grade point average of 3.2, and achieved a 3.2 grade point average in required social work courses. The student must also be willing to participate in community service projects.

Phi Beta Sigma Fraternity, Inc.

The basic purpose of Phi Beta Sigma Fraternity is to foster brotherhood, service, and scholarship. Phi Beta Sigma is a real brotherhood dedicated to service through application of education obtained in scholarship. It has been a service organization since its founding and has implemented many programs geared towards service to people in their various communities.

Public Relations Student Society of America (PRSSA)

The PRSSA chapter provides students opportunities to gain practical and real-world experience in the field of public relations. They also learn and hone decision-making, planning, and leadership skills which are critical in today's society to be successful in the global marketplace.

Psychological Society

The Psychology Club offers lectures, discussions, and field trips for psychology majors and for students who are interested in learning more about the discipline. All students are eligible for membership.

Residence Life Hall Council

Each of the residence halls, including Christa McAuliffe Residential Complex, has a governing board called the Hall Council. The Council is made up of several positions: president, vice-president, secretary, treasurer, and historian. The Council also includes the hall king and queen, who will represent the hall during the homecoming festivities. The council, with the help of residents, decides on activities that will be held inside the hall, such as, community service or social projects.

Students in Free Enterprise

The mission of this organization is to provide members with an opportunity to make a difference and develop leadership, teamwork and communication skills through learning, practicing and teaching the principles of free enterprise.

Sigma Gamma Rho Sorority, Inc.

Sigma Gamma Rho Sorority, Inc. was founded by seven school teachers at Butler University in 1922. The sorority's mission is to enhance public service, leadership development and the education of our youth.

Sigma Tau Delta Honor Society

The Nu Nu chapter of Sigma Tau Delta at Bowie State University is charged with conferring honor upon those accomplished students who have displayed a desire to foster growth in the discipline of English. As scholars of literature and the English language, we acknowledge our responsibility to encourage a mastery of written expression, to promote worthwhile reading, and to foster a spirit of literary fellowship between the organization and the global community.

Social Work Club

The Social Work Club offers students interested in social work as a major the opportunity to establish relationships with other students in the field. This Club provides students the unique opportunity to sponsor programs and activities promoting that promote positive activities at the university and community levels. Participation is mandatory.

Social Work Spanish Club

The Social Work Spanish Club is an extension of the Spanish language laboratory requirement. It provides an opportunity for students to build their bilingual capability within a social work milieu. Students will have the experience of total immersion through conversation, role plays, and other learning engagement strategies. The department of English and Foreign Languages and the department of Social Work are jointly coordinating this activity.

Society of Sophisticated Ladies

This club brings all female students together for the betterment of good relations among all students, regardless of social, race, and political relationships, in an effort to form a more active and progressive student community.

Student Alumni Association

A student program that cultivates relationships between students and alumni, enhances the college experience through exciting, memorable events, and promotes "Bowie State University" pride and tradition.

Student Athletic Advisory Committee

This organization acts as a vehicle of communication between the CIAA member institutions and the NCAA.

Student Nurses Association

This club provides support for Nursing majors and fosters positive interactions among and between the members. It also presents opportunities for students to network.

Swing Phi Swing Social Fellowship, Inc.

This club seeks to provide community service, scholarship, and fellowship through discipline, effective leadership, and unity. It also seeks to foster and maintain better relationships among women of all races and creeds, while promoting sisterhood among the membership and throughout the community.

Symphony of Soul Marching Band

The Symphony of Soul band provides all students with opportunities for musical growth and enrichment.

The Spectrum

The Spectrum is the newspaper by, for, and about the students of Bowie State University. The mission of *The Spectrum* is to inform the Bowie State community, students, staff, and faculty of matters of importance to our community, to serve as an open forum for discussion by the community, and to offer students the opportunity to master the skills and refine the talents necessary for a career in journalism. *The Spectrum* is published every two weeks during the school year and is free to all members of the University community.

TRIO Student Advisory Board

The mission of the TRIO Student Advisory Board (TSAB) is to actively assist and serve the needs of Student Support Services (SSS) students, in addition to being the bridge that connects the University, staff, and faculty.

Women's Studies Club

This club promotes awareness of women's studies and women's history through the use of forums, social events, trips, etc.

Zeta Phi Beta Sorority, Inc.

The Zeta Phi Beta Sorority, founded at Howard University on January 16, 1920, was incorporated under the laws of the District of Columbia on March 30, 1923. The objectives of finer womanhood, sisterly love, and scholarship have brought together women from all parts of the world. Women who have similar tastes and aspirations, similar potential for the highest personal attainment, and similar desires for concerted action to improve the conditions of the African communities around the world are the foundation of Zeta Phi Beta. The Omicron Gamma Chapter at Bowie State University was established on April 22, 1968.

PUBLICATIONS

The Bulldog—*The Bulldog* is the yearbook published by the senior class. It provides maximum opportunities for student planning and student work and serves as a history not only of the seniors, but also of the classes and the general activities of the University.

The Spectrum—*The Spectrum* is the official student newspaper of the University. It is edited and published by the Journalism Club, which is composed of students from all classifications—freshmen, sophomores, juniors, and seniors—and funded by the Student Government Association.

The Torch: A Journal of Student and Faculty Writings—*The Torch* is the official literary magazine of the University. Published twice a year by the Creative Writing Program in the Department of English and Modern Languages, *The Torch* is designed to encourage creative expression and scholarly articles by students. The SPRING issue always includes the winning entries of the Annual Creative Writing Contest.

STUDENT LIFE AND ACADEMIC SUPPORT SERVICES

New Student Orientation

The New Student Orientation Program is committed to making the student's transition to college as smooth as possible. Its programs and services encourage students to take full advantage of University programs and services; assist students in achieving maximum academic, personal and career development; familiarize students with University regulations and policies; and provide the opportunity for students to meet faculty, staff, and peer leaders. Placement testing and initial advisement take place during the New Student Orientation Program.

Housing and Residential Life

Director: Gladys Watson

The Office of Residence Life is committed to providing a safe, secure, aesthetically pleasing, and inclusive home for resident students. We are dedicated to academic excellence, service, student leadership, and maintaining a living/learning environment. Since we are an integral part of a student's overall educational experience, the residence halls complement the classroom experience by providing residents with an intimate place to develop and enhance the life skills needed to be successful in any campus-wide, national, or international forum.

Students wishing to live on campus must pay a \$100.00 housing application fee which will be credited to the student's account. Each student is also responsible for a \$50.00 security deposit. If there are no outstanding charges on the student's account, the security deposit will be refunded at the end of his/her residency.

Athletics

Director: Anton Goff

Intercollegiate Athletics

Bowie State University offers a well-balanced athletics program for men and women in thirteen varsity intercollegiate sports. The athletics program is designed to enhance institutional loyalty and school spirit among students, faculty, staff, alumni and the community.

Students are encouraged to participate in intercollegiate programs. The men's program competes in football, basketball, cross-country, and track. The women's program competes in basketball, volleyball, softball, bowling, tennis, cross-country, and track. Our teams have the opportunity to compete in conference, regional, and national championships as full members of the National Collegiate Athletic Association (NCAA), Division II, and the Central Intercollegiate Athletic Association (CIAA).

To be eligible to participate in intercollegiate athletics, students must meet all NCAA (Division II), conference and institution standards. Please contact the Director of Athletics or the Associate Director of Athletics for Operations, or refer to the Athletics website at www.bsubulldogs.com for additional information.

For updates on the teams, schedules, and scores, please check the Bowie State University Website (www.bowiestate.edu) or call the athletics sports information office at 301-860-3574.

Intramural Sports

The department of Intramural and Recreational Sports Programs is committed to offering safe, quality programs and services to Bowie State University in order to foster personal growth and development. To achieve this goal, the department promotes healthy lifestyle choices in an environment that values, embraces, and enriches individual differences. The mission of the department of Intramural and Recreational Sports Programs is to provide:

- the campus community with the opportunity to participate in a variety of intramural sports and recreational activities in a clean and safe environment.
- structured and organized programs while assisting in the fulfillment of such basic human needs as relaxation, socialization, accomplishment, maintenance of physical fitness, character growth, and most important, enjoyment.
- the entire BSU community with the opportunity to participate together in a non-antagonist environment but with friendly competition.
- the students with avenues to provide input on their opinions on how to make the program better to meet their growing needs.

The department of Intramural and Recreational Sports Programs strives to be student-friendly and is committed to excellence in providing quality programs and activities for the campus community.

Gymnasium and Athletic Facilities

The gymnasium and other athletic facilities are provided for recreation and sports activities for Bowie State University students.

Commuter Affairs and Community Services

The Office of Commuter Affairs and Community Services (CACS) advise C-Unit, the Bowie State University Commuter Student Organization. CACS offers programs and services geared to the needs of the BSU commuter student population. The CACS office promotes commuter student awareness of campus resources, events, programs and activities.

Bowie State University Symphony of Soul Band Program

Director: Adolph Wright

The Bowie State University (BSU) Band Program is comprised of the Marching, Pep, Concert, and Jazz Bands. The Marching Band is the largest student organization on campus, with a traveling contingent of 270 members. The Pep Band supports both men and women's athletics including both CIAA and NCAA Tournament games. The Pep Band was once dubbed "Best Band" at the CIAA Basketball Tournament. The Jazz Band emphasizes diverse jazz styles and literature, ensemble performance, and improvisation. The Concert Band performs representative works in all styles from classical to avant-garde. Students who participate in the band program learn discipline, responsibility, and social awareness. Membership in the BSU Band Program is by audition or invitation and is open to all BSU students. Should you need additional information, contact University Bands at (301) 860-3762 or awright@bowiestate.edu.

University Centre / Wiseman Center

The J. Alexander Wiseman University Centre helps to build community through its organizations, programs, and facilities. The Centre provides opportunities for meaningful experiences through self-directed activities, self-governance, leadership workshops, and community service. The Centre's co-curricular activities encompass all dimensions of student development and are intellectually stimulating, culturally enriching, and recreational.

Programs and Special Events

Director: Sharon Glaster

The Office of Programs and Special Events assists the Office of Student Life with its activities programming and provides informative publications of upcoming events to the campus community. By providing quality programs and disseminating information, the Office encourages Bowie State University to support such programs regularly. By participating in educational, social, emotional, spiritual, cultural, physical, and intellectual activities, students will become well-rounded citizens and will be better prepared to serve their communities upon leaving Bowie State University.

Leadership Institute

The Student Leadership Institute is a week-long intensive, interactive, and stimulating learning program for newly elected student leaders from many Historically Black Colleges/Universities who are committed to uplifting their organizations and their schools. The Institute is held annually in late SPRING at Bowie State University.

The primary goal of the Student Leadership Institute is to help participants develop as leaders. More specifically, the objectives of the Institute for student leaders at HBCUs are to teach students to:

- Understand the mission and purpose of HBCUs
- Understand the pivotal and important role of student leaders on HBCU campuses
- Develop an appreciation for planning and organizing activities and events
- Serve as catalysts on their respective campuses for empowerment and change
- Understand and appreciate the concept of leadership development, apply its principles, and serve the black community by promoting progress in the world and uplifting the nation
- Be able to look at themselves as a part of a team with the administration and faculty instead of seeing themselves as separate entities

Academic Advisement Center

Acting Director: Aurora Burke

The Academic Advisement Center (AAC) at Bowie State University is committed to assisting students in identifying and completing their educational goals in a friendly, helpful, and professional environment. The Center's professional advisors deliver services to all students at the University, but they focus primarily on the advisement, development, and retention of first- and second-year students.

Upon acceptance to Bowie State University (BSU), each student is assigned an Academic Advisement Specialist who, in partnership with a faculty advisor, guides the student through an educational journey. Successful academic advisement occurs when the student, Academic Advisement Specialist, and faculty work together as partners with the shared responsibility of ensuring the academic progression and success of the student. Academic advisement involves assisting students in the selection of courses, identification of programs of study, and review of their life and career goals.

All students are expected to meet with their assigned Academic Advisement Specialist twice during each semester, especially during Academic Advisement Week, and the FALL and SPRING registration periods. In addition to the standard advisement services, the Center provides intervention services and academic monitoring for conditionally admitted students and probationary students.

The goals of the Academic Advisement Center are to:

- Inform students about educational and career options, graduation requirements, and academic policies and procedures;
- Assist students in personal and professional growth and development;
- Aid students in the creation of educational programming consistent with their interests, abilities, and career aspirations;
- Monitor student performance and progression each semester;
- Promote relationships with students that are characterized by trust, mutual respect, and openness; and
- Refer students to the available campus resources.

ADA (Americans with Disabilities Act) Services

Director: Michael Hughes

Mission

The mission of the Office of Disability Support Services is to ensure that students with disabilities have full access to all programs and services at Bowie State University. This Office also seeks to educate faculty, staff, and administrators regarding disabilities in an effort to create greater sensitivity towards individuals who are disabled.

Philosophy Statement

Students with disabilities will be assessed by the same standards that apply to all students. The faculty is not expected to lower its expectations or its standards. The various services and accommodations provided by Disability Support Services are designed to give students every opportunity to be full participants in the academic process. Accordingly, Disability Support Services seeks to minimize or eliminate the need for faculty to provide accommodations for students with disabilities. This approach emphasizes the students' responsibilities and independence. This will allow the faculty to devote its attention to instruction. Additionally, Disability Support Services also provides an appropriate level of counseling regarding accommodation services.

Bowie State University's Compliance with the Americans with Disabilities Act

It is the policy of Bowie State University to make sure that all of its services, facilities, and accommodations are made accessible to individuals with disabilities in accordance with the *Americans with Disabilities Act*.

Office of Testing Services

Director: Doris Gillard

The Office of Testing Services coordinates and administers placement tests and the English Proficiency Examination. All first-time freshmen and transfer students who have not completed their English, reading, and mathematics requirements are required to take placement examinations prior to registering for classes. **Performance on the placement examinations determines the courses in which students must enroll. All students, including first-time adult learners, register for the courses in which they are placed.**

The **English Proficiency Examination** is a graduation requirement which must be satisfied by all students receiving a bachelor's degree from the University. Native and transfer students should take the examination upon completion of English 101 and English 102. However, transfer students who

completed their English composition requirement at another university should take the examination during their first semester of enrollment at the University.

The Office of Testing Services (OTS) also administers standardized tests—the Praxis I Paper-based Test and the Law School Admission Test (LSAT). Please visit <http://www.ets.org/praxis> for specific information on registration, dates, times, etc. For detailed information on the LSAT, go to <http://www.lsat.com>. Additionally, OTS offers courtesy testing.

During the next academic year, OTS expects to administer the College Level Examination Program (CLEP) and to assist Bowie State's academic departments with the administration of make-up and course-credit examinations.

OTS is located in suite 302 in the Center for Learning and Technology. Please feel free to visit the office and/or call us at 30.860.3295. You may also visit our website at www.bowiestate.edu/community/tservices.asp.

Student Support Services/TRIO Program

Director: Monica Turner

The **Student Support Services** program (SSS) is designed to provide support to two hundred low-income, first generation, and/or disabled U.S. citizens attending Bowie State University. Once accepted into the program, TRIO Achievers (SSS participants at Bowie State University) are offered individual writing and study skills instruction, tutorial services, personal counseling, workshops, and a variety of other academic support services. We provide Dell laptop loans, a technology laboratory, and audio/visual resources. TRIO Achievers also enjoy culturally enriching activities including graduate school tours, dinner theaters, dance performances, and much, much more. Services are available to participants from freshmen year until graduation, and all services are free of charge. Students are encouraged to start working with the Program during their first year at Bowie State University. However, we always welcome the opportunity to work with continuing students throughout the academic year.

All services and activities are completely funded by the U. S. Department of Education and are at no additional cost to the student. Learn more about the program at www.bsutrio.com.

PRISEM Centers

Interim Coordinator: Elaine Davis

PRISEM is a variation of the word prism and serves as an acronym for Preparation, Resources and Information for Success, Excellence and Merit. Prisms are primarily known for their ability to disperse light rays. When white light shines through one side of the prism, a rainbow of colors appear on the other side. Conceptualizing the prism as a representation of the PRISEM Center, the light entering represents Bowie State University's academics. Better prepared students emerge from the other side demonstrating that our center is the point of dispersion for **P**reparation, **R**esources and **I**nformation for **S**uccess, **E**xcellence and **M**erit.

The PRISEM Center was established in 1996 under the sponsorship of the Model Institutions for Excellence Initiative. The Center is a centralized and systematic unit that supplements the support services of Bowie State University. Students receive academic assistance via an array of programs and services. Included in this array are trained Peer Tutors. They are certified by the College Reading & Learning Association to provide individual, small group, traditional, and satellite tutoring. A main

objective is to enhance the academic performance of Bowie State University's students as they travel the road towards graduation.

PRISEM Centers are located in the Computer Science Building, Suite 107 (301-860-3999) and the Thurgood Marshall Library, 1st Floor Annex (301-860-3314).

International Student Services

Director: Robert Batten

Bowie State University proudly offers its challenging and dynamic graduate and undergraduate academic programs to qualified students from around the world. The Office of Career, Cooperative Education and International Student Services facilitates the entry of international students into the United States so that they can begin or continue their academic programs at Bowie State University. Transfer students from accredited U.S. colleges and universities are also welcome to apply for admission. Please note that the English language proficiency is required for admission, and certain levels of financial support are required in order to qualify for admission as an international student. Detailed information concerning international student immigration processing can be found on the University's website at www.bowiestate.edu/CampusLife/career/iss/.

Career Services and Cooperative Education

Director: Dale O'Neal

The Office of Career, Cooperative Education and International Services works diligently to provide career planning and assistance with job placement for current students and alumni; while facilitating the entry, enrollment and matriculation of international students. This office assists in developing students holistically by providing opportunities for and to them to engage in meaningful work-related seminars, career fairs, practical work experiences, co-op experiences, and internships.

The Career Development component provides an array of services to students and alumni. The staff offers both one-on-one and group advisement on topics such as career decision-making, career assessment, resume and cover letter preparation, interviewing skills and techniques, and job search strategies. Job placement assistance is readily available to all students. The office maintains information on current full-time and part-time employment opportunities and serves as a resource for both employers and job seekers. Outreach services include participation in local career fairs, presentations in classes, and meetings with prospective employers. Additionally, we assist students with internship placements.

The Cooperative Education (Coop) component is based on the principle that well educated individuals can develop most effectively through an educational pattern that, at regular intervals, plunges them into the reality of the world beyond the campus. By doing this, we challenge our students to become the finest professionals within their chosen fields and assist them in finding cooperative education placements. There are two types of placements offered at Bowie state University - Parallel Co-op (full-time school, part-time work)- a student may petition for six (6) credits while participating in this program and Alternating Co-op (alternating full-time work, part-time school) - a student may petition for twelve credits while participating in this program.

International Services provides assistance and support services to Bowie State University's international students. Additionally, we develop and implement programs and services for the purpose of recruitment, retention, and education of international students. Other services include admissions counseling and document processing, immigration advisement, outreach, and cultural programming.

We also provide supportive counseling to students who need assistance making the cultural transition to the United States.

Henry Wise Student Health and Wellness Center

Director: Rita Wutoh

All registered students are required to submit a complete health history and a record of immunizations to the Henry Wise Student Health and Wellness Center prior to admission. Documentation regarding the status of the meningitis vaccination should be submitted to the housing department where that immunization is required.

All registered students; full-time, part-time and graduates, are eligible for a range of primary care services offered in the Student Health and Wellness Center. All students are assessed a health fee as part of their tuition. Students are expected to pay for services such as laboratory testing and physical examinations for certain types of employment. Students are referred to health care resources in the community for services that are unavailable in the Health Center. The Center is staffed with a nurse practitioner, a registered nurse, and a part-time physician. All services and records are confidential and information on a student's condition or health status will not be released without the student's written consent.

All full time undergraduates are required to have health insurance that covers expenses incurred for medical services beyond the scope of the Student Health and Wellness Center. A low-cost group Accident and Sickness Insurance Policy designed specially for Bowie State University students is available through the University. International students are required to purchase the student health insurance.

Counseling and Student Development Center

Director: Tonya Swanson

Confidential counseling services are available for all full-time and part-time undergraduate and graduate students. These services include personal, social, and vocational counseling. The professional staff assists students in resolving problems that may impede their educational progress. Additional services include a computer-based career guidance system, student workshop series, Crisis Hotline, community services, and leadership development.

BowieCard Office

The mission of the Bowie Card Office is to provide the University community with a standardized form of identification with the ability to access a variety of University services and activities.

The BowieCard serves as the meal card, check cashing card in the BSU Bookstore, athletic access card, library card, and much more. Additionally, when funds are deposited on the card, it becomes a debit card that allows you to make "cash-free" purchases for food and snacks in the book store and from vending machine purchases. Copies can also be made. The card is not transferable and should only be used by the person to whom it is issued. The BowieCard official ID card is required for all students, faculty, and staff.

Bowie State University provides its students, faculty, and staff with a fully integrated ID card system that offers capabilities for the following:

1. Full color, digitized photo identification;
2. Library privileges;

3. Event access;
4. Meal plan access in the Student Restaurant;
5. Debit card capabilities for the following:
 - BSU bookstore
 - Student Restaurant
 - Alex Haley Convenience Store
 - Sub-Connection
 - Snack Bar
 - Gold Room
 - Jazzman's
 - Café ala Carte
 - Smoothies and More
 - Copy Machines
 - Computer Laboratory Printers
 - Vending Machines
 - Parking Fees and Fines

The first identification card is free with proof of paid tuition and fees. There is a \$10 replacement fee for a lost or stolen identification card.

Department of Public Safety

Chief: Ernest L. Waiters

The mission of the Department of Public Safety (DPS) is to ensure that academic learning at Bowie State University is conducted in a safe, secure environment. DPS is an organized law enforcement agency operating in the campus community. The Office is vested with full police authority under the provisions of Educational Article 13-201 of the Annotated Code of Maryland. The officers are fully trained and certified by the Maryland Police Training Commission in all areas of law enforcement responsibilities, including criminal investigation, patrol procedures, traffic control, emergency medical assistance, and the safe care and use of firearms. The DPS provides year-round, 24-hour-a-day security and law enforcement to the University community. Patrol and dispatch services are provided, with access to municipal, state, and county emergency services available when needed.

The Department also handles parking requirements for the University. Parking permits are required of all enrolled students, faculty, staff, and visitors who park motor vehicles on the campus. Permits are valid for a full academic year, September 1st through August 31st. Visitors must obtain a temporary parking permit from the DPS in Robinson Hall upon entering the campus. Vehicles parked at a meter are not required to be registered, but must not be in violation of that meter. Meters are enforced from 7:00 a.m. to 7:00 p.m., Monday through Friday. Parking fee information is available online in the Bowie State University Schedule of Fees.

All unregistered vehicles, illegally parked vehicles, or vehicles with outstanding parking violations will be ticketed and/or towed at the owner's or operator's expense. As of October 1, 1992, the Motor Vehicle Administration requires all students enrolled in an accredited university, and operating an out-of-state vehicle in the State of Maryland, to obtain a non-resident vehicle permit from the MVA if the vehicle will be operated in the State of Maryland for more than 30 days. The non-refundable registration fee for the non-resident vehicle permit is \$20.00 for a year. It can be renewed annually as long as the student is attending school in Maryland and the registration is current. Failure to obtain the non-resident vehicle permit will result in a fine of \$500.00 for the first occurrence; subsequent occurrences will result in fines of \$1,000.00 each. Questions may be directed to the MVA at 410-768-7174.

The Office of Campus Safety publishes two booklets: Jeanne Cleary Disclosure Act Information and BSU Parking Rules and Regulations. These booklets contain rules and regulations that govern parking at Bowie State University and are issued upon request or may be found on the Bowie State University Website.

For information on parking and permit regulations, see Vehicle Registration Fee. You also may call the Public Safety Office at 301-860-4050 with specific questions or concerns.

SPECIAL PROGRAMS AND RESOURCES

THURGOOD MARSHALL LIBRARY

Interim Dean: Marian Rucker-Shamu

The Library offers a variety of materials and services to its users. Information about what is available in the collections is available through the Library's online public access catalog. Additionally, electronic databases offer a vast amount of information. Library orientation and instruction in the use of its resources are available in formal and informal settings.

Current library holdings number more than 300,000 items. The Library subscribes to more than 700 periodicals, newspapers, and other serials in paper format. Access to thousands of periodicals, many offering full-text articles, is available electronically through *Research Port*. A collection of reference materials, periodicals, and items reserved for class assignments is also available. The Library includes study carrels, a group study room, and two instruction classrooms.

Thurgood Marshall Library is able to borrow any items requested by students, faculty, and staff that are not readily available. The materials are borrowed from other libraries in the University System of Maryland and Affiliated Institutions (USMAI) through a cooperative lending agreement, or from other libraries world-wide through formal interlibrary loan agreements. Members of the Bowie State University community may borrow materials directly from libraries of the USMAI libraries with a current *BowieCard* that has been activated at the Thurgood Marshall Library circulation desk.

The Thurgood Marshall Library is dedicated to providing state-of-the-art information technology for use by its patrons. The Library is also equipped for wireless Internet access.

SCHOOL OF GRADUATE STUDIES

Interim Dean for Graduate Studies: Cosmas U. Nwokefor

The School of Graduate Studies guides and directs, administers, and manages the University's graduate programs. Graduate programs are designed to meet the needs of students seeking professional advancement, career mobility, or further enrichment. Graduate Studies also provides leadership for the Graduate Council and the Graduate Assistantship Program.

Courses are offered in 16-week sessions meeting once a week in the evenings and on the weekends or in a time-shortened format of two concentrated eight-week sessions in the regular academic semester and in weekend workshop formats, both on- and off-campus. Courses are offered during the year at various sites in Maryland. The workshops are designed for and geared toward the interest of working adults in industry, government, education and social service agencies.

Whether students wish to pursue a degree or a certificate, improve their professional capabilities, or enrich their personal lives, they may choose from among the many graduate offerings at the University. Additional information may be obtained from the Internet (<http://www.bowiestate.edu>) via email (graduatestudies@bowiestate.edu) or by contacting the School of Graduate Studies at 301-860-3406.

CONTINUING EDUCATION AND EXTERNAL PROGRAMS

Director: Jerry Isaac

The Office of Continuing Education and External Programs (CEEP) provides high-quality continuing education and lifelong learning opportunities for professional development, personal enrichment,

career transitions, and academic growth. The Continuing Education and External Programs unit helps to fulfill the University's outreach mission and facilitates access to an outstanding education for a diverse community of adult learners within Maryland, Asia, and Europe by utilizing delivery systems and technologies that expand access.

Continuing education forms new linkages with the community by serving audiences that are not currently served by the university and by adding new services to the community that the university is already serving. By so doing, the university strives to maintain a mix of private public service activities that meet the needs of individuals and organizations. Through internal partnerships with academic departments and administrative offices of the University, the Continuing Education and External Programs unit offers non-credit programs, off-campus credit courses, contract programs, and on-site demand training, both as a continuing education initiative and in response to expressed needs and demand. The University's undergraduate and graduate course offerings provide many opportunities for professional and personal growth, including traditional and non-traditional courses both on- and off-campus. In addition to the regular semesters on the main campus and the overseas sites in Asia and Europe, students may earn credits in the MINI-SEMESTER and in SUMMER school. The Portfolio Program provides the opportunity for students to earn college credit for their life experiences. Continuing education units (CEUs) may be earned through workshops and conferences.

Courses are offered in 16-week sessions, meeting once a week in the evenings, on the weekends, in two concentrated eight-week sessions in the regular academic semester, or in workshop format, both on- and off-campus. The workshops are designed for and geared toward the interest of working adults in industry, government, and social service agencies.

Whether students wish to pursue a degree or a certificate, improve their professional capabilities, or enrich their personal lives, they may choose from among the many offerings of the Continuing Education and External Programs unit.

Additional information may be obtained from the Internet (www.bowiestate.edu), via email (CEEP@bowiestate.edu), or by contacting the Continuing Education and External Programs Office at 301-860-3592.

Off-Campus Sites

Bowie State University responds to the educational needs of employers, working adults, homemakers, military personnel, and senior citizens by offering courses off-campus at various locations throughout the State. These courses are tailored to meet the demands of working adults on-site or near the job in the evening and on weekends, often in time-shortened formats. Course offerings at the centers focus on business administration, education, computer technology, and psychology, with offerings in other areas such as communications, and biology. Center coordinators may be contacted for additional information. Off-Campus Centers and Programs are listed below:

UMS Shady Grove Center

9640 Gudelsky Drive
Rockville, MD 20850
(301) 738-6043 • FAX (301) 738-6030
Director: Mr. Jerry Isaac

Overseas Programs

- Graduate Programs at military installations throughout Europe and Asia*
- Graduate Education Program in Greece
- Undergraduate Teacher Education Certification courses throughout Asia*

**Cooperative programs with University of Maryland University College*

SUMMER Semester

Bowie State University's SUMMER School offers a wide variety of courses that provide individuals with the opportunity to accelerate a degree program, explore a special interest, or acquire new skills.

Several SUMMER sessions are offered from June through mid-August. Course offerings are designed to allow continuing students to take general education and major requirements that will enable them to shorten their time-to-degree. Our courses are also available to students from other colleges and universities. Students who have just graduated from high school have an opportunity to get a head start in the University program of their choice. A maximum of seven semester hours, or two courses, may be taken in each session.

Credit courses and workshops are available during the day, in the evenings, and on weekends.

Interested persons should contact Continuing Education and External Programs (301-860-3592; toll free 877-772-6943, x3592) for SUMMER session information.

MINI-SEMESTER

The January MINI-SEMESTER, a three-week session, is designed to give students and faculty the opportunity to explore topics in an intense and focused session. A student may accelerate his/her degree program, explore a special interest, or acquire new skills. Graduate and undergraduate credit and non-credit courses and workshops are available during the day, in the evening, and on weekends. A maximum of seven semester hours may be taken in the MINI-SEMESTER.

Interested persons should contact Continuing Education and External Programs at (301-860-3592; toll free 877-772-6943, x3592).

The Portfolio Program (Credit for Life Experience)

Non-traditional undergraduate students who have formally applied to Bowie State University, have been accepted, and have paid the application and acceptance fees may apply for credit for experiential learning through the Portfolio Program. Normally, a student should apply to the Portfolio Program during the first semester of enrollment at the Institution. A portfolio that documents and describes adult learning experiences may be done independently or by participating in a Portfolio Development Seminar following guidelines in the Student Guide to Portfolio Development.

The Portfolio Counselor will assist students in analyzing, evaluating, and identifying those features of their experiential repertoire that may be converted into academic credit. The appropriate academic department makes the credit recommendation to the dean. Upon the dean's approval academic dean, the student will be notified of the decision.

A student may be granted a maximum of 30 undergraduate semester hours through the Portfolio Program. No more than 60 combined semester hours may be awarded to an undergraduate student based on experiential learning and CLEP or USAFI Examinations.

Awarded credits are posted on the student's transcript after he/she has paid tuition and the assessment fee and has forwarded a receipt to the Office of the Registrar. Payment must be made during the semester in which the student is awarded credit.

Contact Continuing Education and External Programs at 301-860-3406; toll free 877-772-6943, x3592 for information.

Distance Education

Distance Education at Bowie State University provides the opportunity for students to complete undergraduate and graduate degrees as well as graduate certificate and teacher licensure programs. Distance Education programs are taught by the same faculty who teach our on- and off-campus programs and have the same content, objectives, and outcomes.

Online programs provide opportunities for busy individuals to continue their education in off-campus settings of their choice. Using the Internet, students are able to connect with instructors and other students. Courses have synchronous components, which require students to log in at scheduled times to participate in live discussions, and asynchronous components, which allow students and instructors to communicate via e-mail and discussion boards at times that are convenient for them. Some courses specify a limited number of visits to the campus.

The University's faculty and staff are committed to ensuring the success of online learners. Courses are delivered on Bowie State University Cable Television, the University System of Maryland's Interactive Video Network (IVN), the Maryland National Guard Distance Education Network, and the World Wide Web.

Contact Continuing Education and External Programs at 301-860-3406; toll free 877-772-6943, x3592 for information.

Telecommuting Center and Community Network

Director: Joyce E. Larrick

Telecommuting Centers are a popular work option and are seen as a welcomed alternative to a tiny and cramped home office. Working at home may not be an option for some employees that have child or elderly care responsibilities. Some employees lack the discipline to work at home. Others may like the separation of home and work, or desire the collegiality of working outside the home. Responding to the needs of its community, Bowie State University, through the combined interests of government and education, developed the Bowie State University Telecommuting Center. The Center opened in June 1998, as a Pilot of the U.S. General Services Administration's Interagency Telecommuting Pilot Project.

The Center is located on the lower level of the Thurgood Marshall Library and houses professional and technologically advanced workstations for use by government and private sector workers. The BSU

Center is furnished with ergonomic module components, Pentium Internet accessible computers, voice mail, a laser printer, a copier and a fax machine, a lockable file for personal items, conference room seating for eight, a scanner, a shredder, a microwave, a refrigerator, and other small general office equipment.

The BSU Telecommuting Center, funded by the U.S. General Services Administration, is open 24 hours, 7 days a week. Call 301-860-4939 for further information or visit us on the web at www.tc.bowiestate.edu.

UNIVERSITY HONORS PROGRAM

Director: Monika E. Gross

MISSION

The University Honors Program is designed to provide a value-added learning experience to academically talented undergraduate students through a series of complementary and coordinated programs. Designed to stimulate students to their fullest potential in academic excellence and leadership, the Program nurtures those students who aspire to become academicians, business men and women, professionals in law and medicine, and public servants.

Academic Components

- Rigorous intellectual challenge in special honors sections.
- Opportunity to earn honors credit by undertaking approved honors projects.
- Notation on the transcript of all honors work.
- Designation on transcript of "Honors Scholar" for completion of 24 honors credits.

Administrative Component

- Availability of staff members who are familiar with advisement, record keeping, monitoring students' progress, and setting the overall tone of the program.

Cultural Components

- Honors Student Organization to foster leadership among students in the Honors Program.
- Special Events Committee to plan trips, social activities, and newsletters.
- Honors library and study room especially for honors students' use.
- Special arrangements for interviews with potential employers.
- Recognition at Honors Convocation.
- Opportunity to attend national, regional, statewide, and local activities.
- An honors residential facility, designed to foster an intellectually stimulating environment.

Curriculum

Students who enter the Honors Program as freshmen must complete a minimum of 24 credits from among the following or from their major course of study through the honors contract:

Courses		Description	Sem. Hrs.
COSC	111/112	Honors Computer Science	3/4
ENGL	101	Honors Expository Writing	3
ENGL	102	Honors Argument and Research	3
FRSE	101	Honors Freshman Seminar	3
HIST	114	Honors African American History before 1865	3
HIST	115	Honors African American History after 1865	3
MATH	150	Honors Pre-Calculus	4
HUMN	201	Honors Humanities	3
PHIL	205	Honors Ethics and Public Policy	3
PSYC	101	Honors Introduction to Psychology I	3
SOCI	101	Honors Introduction to Sociology	3

Application

Admission to the Honors Program is competitive. Matriculating students, both full and part-time, who meet the criteria, may be admitted to the program.

Incoming freshmen may apply if they meet the following criteria:

- Combined SAT score of 1100 or higher, and

- Cumulative Grade Point Average of 3.3 or higher.

Transfer students may apply if they have completed at least 15 semester hours, have at least four semesters remaining in college, and meet at least one of the following criteria:

- Good standing in an honors program in current or prior college;
- Cumulative grade point average of 3.5 in college; or
- 3.5 grade point average in the last 24 semester hours taken in college.

Current students at Bowie State University may apply if they have completed at least 15 semester hours, have at least four semesters remaining in college, and meet at least one of the following criteria:

- Cumulative grade point average of 3.3 at Bowie State University; or
- 3.3 grade point average in the last 24 semester hours taken at Bowie State.

Application Procedure

Obtain an application packet from the Director of the University Honors Program:

Complete the application form and return it to:

Director, University Honors Program
Thurgood Marshall Library, Suite 279D
Bowie State University
Bowie, Maryland 20715

Have the required reference forms returned directly to the Director, as detailed in the application packet, and complete an interview with the Honors Committee or its designee.

Academic Expectations

Students must maintain a cumulative grade point average of 3.3 in order to remain in good standing in the Program. Students who fail to maintain a GPA of 3.3 for more than one semester will be withdrawn from the Program.

THE BOWIE STATE SATELLITE OPERATION AND CONTROL CENTER

Director: Todd Watson

The Bowie State University Satellite Operation and Control Center (BSOCC) is a joint venture between Bowie State University and NASA's Goddard Space Flight Center. This unique program features a student training facility and NASA control center located on the Bowie State University campus.

Under the supervision of professionals, students take part in the daily work of spacecraft flight operations, earning several different levels of mission controller certification.

Through BSOCC, the university has developed outreach activities that raise community awareness in aeronautics and space technology. As students participate in the monitoring satellites, they receive opportunities to study and pursue careers in new science and technology fields.

For additional information on the program contact BSOCC at (301) 860-3879.

MILITARY SCIENCE

Chair: Major Timothy Blackwell

MISSION

The Army ROTC Program provides college men and women training and experiences in the art of organizing, motivating, and leading others. This Program develops self-discipline, physical stamina, and personal bearing that contribute to success in any career. The first two years of military training in the Reserve Officer Training Corps are strictly voluntary for any student who is a United States citizen. An individual taking these ROTC courses incurs absolutely no obligation to future military service. These two years comprise the basic course, which is normally completed during the freshman and sophomore years.

Students who decide to pursue a career in Military Science after the completion of the freshman and sophomore years may attend the four-week ROTC Leader Training Course at Fort Knox, Kentucky in lieu of completing the freshman and sophomore ROTC courses.

The four-week Leader Development and Assessment Course at Fort Lewis, Washington is attended during the junior and senior years by those Cadets meeting the necessary qualifications. Upon successful completion of the Leader Development and Assessment Course, Cadets are qualified for commissioning in the Active Army, the Army Reserve, or the Army National Guard provided they complete their final year of Military Science and graduate from the University.

The Army ROTC offers four-, three-, and two-year scholarships. Students selected for scholarships receive a tax free subsistence allowance ranging from \$300-\$500 a month, for up to ten months. Additionally the scholarship will pay \$1200 annually for textbooks, classroom supplies, and equipment. More information may be obtained by contacting the Military Science Department.

Green to Gold

If you are currently on active duty or have completed your service, you may already have fulfilled the requirements for the Basic Course. You may be eligible to enroll directly in the Advance Course and complete ROTC in just two years.

Basic Course Requirements for ROTC Participation

A candidate for ROTC training must:

1. be of good moral character;
2. be a citizen of the United States, however, foreign students may participate;
3. be physically able to participate in the program of instruction;
4. meet other entrance requirements as determined by the department chairperson, current Army regulations, and University policies, and
5. be a full-time student (undergraduate 12 CREDITS or more and graduate 9 credits or more)

A student who does not meet all of the above requirements should consult with the Department of Military Science to determine if waivers can be granted.

Texts and Uniforms

Basic course students do not receive monetary allowances unless on scholarship. The Department furnishes all textbooks and uniforms. Students will be required to reimburse the department/government for loss of uniform items or other equipment.

Advanced Course Requirements

You (Juniors, Seniors, and Graduate Students) must:

1. have a minimum of two years remaining at the University as a full-time student, graduate or undergraduate level;
2. meet all other requirements for the basic course;
3. meet medical requirements for the advanced course;
4. possess qualifications for becoming an effective Army officer;
5. agree to accept a commission if offered, as a U.S. Army, Army Reserve or Army National Guard Officer and serve on active duty if required; and serve four years on active duty if required and
6. meet other requirements as determined by the department chairperson, current Army regulations, and University policies.

A student who does not meet all of the above requirements should consult with the Department of Military Science to determine whether waivers can be granted.

Financial Allowances

Each cadet on scholarship or enrolled in the advanced course receives subsistence pay ranging from \$300-\$500 per month. Books and uniforms are furnished to all Cadets. Cadets are paid a travel allowance to and from the Leadership Development and Assessment Course (LDAC), and while at the LDAC, Cadets are paid approximately \$900.00 per month. The stipend allowance is up to \$5,000.00 per year.

Curriculum Courses			Sem. Hrs.
MISC	101	Leadership and Development I	1
MISC	102	Leadership and Development II	1
MISC	105-106	Leadership Laboratory	1
MISC	205-206	Leadership Laboratory	1

Air Force ROTC

Air Force Reserve Officer Training Corps (AFROTC) is available to Bowie State University students through an agreement with the University of Maryland College Park. AFROTC courses are scheduled so that Bowie State students can complete all AFROTC requirements during one morning per week (Thursdays) at the College Park campus. In addition, students are eligible to compete for AFROTC scholarships and flying programs. The four-, three-, and two-year scholarships pay tuition, books, fees, and a monthly stipend. After graduation from the University and successful completion of the AFROTC requirements at the University of Maryland College Park, students are commissioned as second lieutenants in the Air Force. Students interested in AFROTC may contact:

AFROTC Det 330
University of Maryland College Park
Cole Field House, Room 2126
College Park, MD 20742-4321
(301) 314-3242/7649; Afrotcdet330@umd.edu

OFFICE OF MEDIA OPERATIONS

Director: Vera Chesley

The Office of Media Operations (OMO) provides centralized and coordinated media-based instructional technology support to the University community. The Office has five (5) major functions.

The *Media Center* provides direct classroom instructional support services and a variety of instructional technology equipment and materials as well as training in the use of instructional technology equipment. Media Center personnel also set-up, deliver to, and retrieve instructional technology equipment from classrooms. The Media Operations viewing room has a seating capacity of fifteen (15), is equipped with a 32-inch television, a DVD player, a VHS videocassette recorder, and a computer. The room is available for video screening small class seminars and presentations. Additionally, the Media Center provides transparency production, audio duplication for Foreign Language courses, and lamination services. Requests for services must be made at least 24 hours in advance. Please call 301-860-3900 or come to the Media Center on the lower level of the Library, Suite 080.

Smart Classroom Support: OMO ensures that Smart classrooms equipped with Smart Boards, visual presenters, VCRs, DVDs, LCD projectors, and other instructional technology equipment are operational and maintained. Furthermore, OMO maintains two electronic classrooms located on the lower level of the Library, Suite 080, which are equipped with video cameras, an instructor's computer, microphones, visual presenters, VHS recorders, and Smart boards. These technology-enhanced classrooms are also equipped with the University System of Maryland's Interactive Video Network (IVN), which transmits and receives via Internet protocol distance education programs from other IVN affiliates, and organizations across the country and the world. OMO personnel are responsible for training and assisting instructors and students in the use of Smart classroom equipment in all buildings.

Teleconferencing Services: The Teleconference Center is located in the OMO Suite, Room 080K, and is equipped with the USM IVN system. Teleconferencing services include videoconferencing for professional development and organizational and/or University of Maryland System meetings. Requests must be submitted at least 2 weeks in advance.

Special Event Services: OMO provides technical assistance in the planning and implementation of special events occurring on the Bowie State University campus. Services include providing LCD projectors, public address systems, and videoconferencing.

Instructional Facility Design: OMO personnel serve as consultants in the design of new instructional facilities on the campus of Bowie State University. This service includes design, layout and use of instructional spaces, as well as the selection of instructional technology equipment for general and specialized classrooms, lecture halls, and auditoriums.

Information and Academic Support Systems

Associate Provost Al Valbuena

The Information and Academic Support Systems provides leadership, support, service, and access to information technology and telecommunication resources in support of higher education, customer support, and public service. Reporting to the President, Our mission is to empower our costumers to dramatically improve their education and business performance by enabling interoperability between diverse technology systems and streamlining their business processes.

The vision of the Information and Academic Support Systems is to support the mission of Bowie State University in the delivery of quality education and services to our students through all facets of their experience before, during, and after their enrollment at the university. The focus is on the basics of improving service quality and to offer cost effective strategic solutions to the ever increasing technology needs of the campus community.

The main objective is to provide student-centric technology support and services to enhance and enrich their chosen field of study as well as teach them how to effectively use information technology in all facets of a student's "preparations" for life.

Other objectives include supporting the students, administration, faculty, and staff for all of their technology needs with efficient and quality customer service. The Information and Academic Support Systems' personnel work as a team to provide quality services and courteous customer service to the campus community. IASS strives to consistently provide optimum service without interruption to the campus community.

The Information and Academic Support Systems consistently maintains and refurbishes the University's infrastructure to secure the information, enhance information access and usage, implement leading edge technologies, and facilitate personnel and student development. General inquiries and requests for assistance should be directed to the Enterprise Support Services Helpdesk at extension 2-HELP (2-4357) on campus, 301-860-4357 or send email to [helpdesk@ bowiestate.edu](mailto:helpdesk@bowiestate.edu) .

Official Communication Email Policy

The University has adopted email as the primary means for sending official communications to students. Academic advisors, faculty, and campus administrative offices use email to convey important information and time-sensitive notices. All enrolled students are provided a University email address. Students are responsible for keeping their email address up to date or for forwarding email to another address. Failure to check email, errors in forwarding email, and returned email due to mailbox full or user unknown situations will not excuse a student from missing announcements or deadlines.

OFFICE OF EQUAL EMPLOYMENT OPPORTUNITY (EEO)

EEO Officer: Glenn A. Issac

Bowie State University, a public entity and recipient of Federal financial assistance, has the responsibility to create a fair and impartial process to investigate allegations of discrimination. This responsibility is mandated under both Federal and State Civil Rights Statutes and their implementing regulations. Consistent with those laws, the State of Maryland through Executive Order 01.01.1995.19 (Code of Fair Employment Practices) mandates the responsibility of enforcing Equal Employment Opportunity laws.

This Office also develops and facilitates communications within the campus community; investigates and reviews complaints of discrimination; prepares statistical reports and projects; develops and

implements workshops and seminars relevant to EEO and Labor Relations issues; serves as a liaison; prepares position statements, reports, and responses; serves as the University's representative in fact finding conferences, mediation, and other administrative proceedings; collects and analyzes relevant data; and interprets and communicates federal and state laws and regulations.

In 2003, the Office assumed responsibilities for Labor Relations for the University. These duties and responsibilities include the following:

- Oversees and takes the lead in collective bargaining processes including *grievances*, arbitration hearings, and contract negotiations.
- Implements labor relations programs *interpret and administer contracts with respect to grievances*, wages and salaries, management practices, and other contract stipulations.
- Confers with executive management, *deans*, directors, *HR personnel*, labor representatives and employee groups to negotiate policy as well as *resolve individual issues*.

ACADEMIC REGULATIONS AND REQUIREMENTS

Standards of Work Required

Each student at Bowie State University must demonstrate that he/she is making satisfactory academic progress in accordance with University policy. Satisfactory academic progress is determined solely on the basis of grade point average. A cumulative grade point average of at least 2.0 is considered satisfactory.

Amount of Work Required

A student who attempts at least twelve (12) credit hours per semester is considered a fulltime student. Full-time students should expect to spend thirty-five (35) or more hours per week on their college work, in addition to those hours spent in class.

Undergraduate Catalog

Normally, a student should expect to graduate under the catalog in effect at the time he/she is admitted to the University. If it becomes necessary for a department to change its program during a student's matriculation at the University, the student will be expected to meet any new requirements (see *University Catalog Policy Statement*).

A student who interrupts his/her attendance at the University for more than four consecutive semesters can not claim the right to the program of his/her original enrollment at the University.

Registration

Registration occurs during mid-semester of the FALL and SPRING semesters. All currently enrolled students are encouraged to register early. First-time entering students will be encouraged to register immediately following the completion of their orientation and placement tests. The Schedule of Classes lists course offerings for each semester and is available on the Bowie State University Website.

Registration guidelines are as follows:

1. Students must be accepted by the University and continuously enrolled to register.
2. After consulting with a faculty advisor or an academic advising specialist of the necessary courses and course requirements, students must register on-line using Bulldog Connection on the University Website.
3. Students must meet the payment deadline, which is usually in January for the SPRING semester and August for the FALL semester, prior to attending classes. A late registration period is held for students who fail to register early or during orientation; however, a late registration fee is charged.

Schedule Adjustment

The schedule adjustment period is the first five days of classes of each semester. Students must use Bulldog Connection to add, audit, or drop classes. After the official registration and schedule adjustment period is over, students must use Bulldog Connection to withdraw formally from the class by the specified deadline for that semester to avoid receiving an unsatisfactory grade for a registered class. If the student withdraws from the class by the specified deadline for that semester, the grade of "W" will be recorded on the transcript. A student who drops below twelve (12) semester hours will become a part-time student. The following stipulations apply:

1. Students may add, drop, or change sections of a course before the end of the schedule adjustment period.
2. After the schedule adjustment period, students who withdraw from a class will be given the grade of "W."
3. Failure to drop or withdraw from a class officially will result in a grade of "F."

Adding a Class

Students who are registered may add courses during open enrollment and during the add period. If students wish to add a course that is closed, they may add the course only with the chairperson's approval.

Auditing a Class

Students who wish to participate in selected courses but are not seeking academic credit may opt to enroll on an audit basis. Students must pay tuition and fees for audited courses whether enrolled full-time or part-time.

Dropping a Class

Students who wish to drop a course(s) may do so through Bulldog Connection self-service during open enrollment and during the drop period only. If students drop a course during the drop period, this means that all entries for the course are dropped completely from their transcript. It is students' responsibility to view their schedule on Bulldog Connection and make sure their schedule is correct.

The last day on which courses may be dropped is published in the **Academic Calendar** for each semester/term.

All courses in which students are enrolled after the final drop date will be entered permanently on their academic record.

Class Attendance

All students are required to register officially and pay tuition and fees before attending classes.

Students are expected to attend classes and laboratory experiences, take all examinations, and participate in other learning activities as designated by the instructor. A student may be advised by the instructor to withdraw from a course for excessive absences. Five (5) or more unexcused absences may result in the student's receiving a grade of "F" for the course.

A student who is absent from class because of circumstances beyond his/her control and wishes to obtain an excuse must submit documentation to the Chair of his/her academic school requesting an official written excuse to be given to the instructor. The student must provide to his/her instructor the written excuse from the Chair.

Course Time Scheduling

Most day classes are offered between 8:00 a.m. and 5:00 p.m. as follows: Monday, Wednesday, and Friday for 50 minutes; Tuesday and Thursday for 75 minutes. Evening classes are usually scheduled from 5:00 p.m. to 7:30 p.m. or 7:35 p.m. to 10:05 p.m. and meet once a week. Additionally, courses may be offered on Saturday and Sunday for longer periods. Off-campus courses may be offered in eight-week

sessions meeting twice a week for two and one-half hours or once a week for five hours. Distance learning options are also available via Internet and interactive video. Students should review the *Schedule of Classes* (<http://bulldogconnect.bowiestate.edu/>) published online each semester for more information about specific classes.

Dean's List

Within any given semester, a degree-seeking student who completes twelve (12) or more semester hours in regular, graded courses (excluding grades of "NG," "P," "PS," "S," "U," "W," "CR," and "I") with a semester grade point average of 3.50 or higher will be placed on the **Dean's List**.

Satisfactory Performance

A student whose cumulative grade point average is at least 2.00 will be considered as making satisfactory academic progress at Bowie State University.

Unsatisfactory Performance

Students with a cumulative grade point average of less than 2.00 FALL into one of three categories: warning probation or academic dismissal. Credit hours are earned at Bowie State University with grades of 'A', 'B', 'C', or 'D'.

1. Academic Warning

Any student who for the first time, fails to meet the requirement for satisfactory performance will be placed on academic warning.

2. Probation

Students whose cumulative grade point average FALLs below 2.00 at the end of a second semester will be notified in writing to seek counseling and guidance from the Academic Advising Center.

3. Academic Dismissal

Students who have incurred a warning and probation will be academically dismissed at the end of any semester if their cumulative grade point average FALLs below 2.00. A student dismissed from the University for poor academic performance must wait a minimum of one year from the date of a dismissal before being eligible to reapply for admission to the University.

Any student who for the third time fails to meet the requirements for satisfactory performance will be permanently dismissed from the University.

After attempting forty-five (45) or more semester hours, any student who receives a probationary warning for two consecutive semesters will be automatically dismissed.

No student transferring to Bowie State University will be academically dismissed at the end of the first semester if his/her cumulative grade point average is 1.00 or higher. After this first semester, the student will be subject to normal standards for academic progress. This provision does not apply to students reinstated or readmitted to Bowie State University.

Withdrawal from the University

Official withdrawal from the University after classes begin and before the end of the semester requires that the student complete an *Application for Withdrawal* and file it with the Office of the Registrar. Additionally, veteran students should consult the Veterans Program Assistant for special regulations.

A student who wishes to withdraw from the University must seek an appointment with his/her Dean as part of the withdrawal process. Students withdrawing must have written clearances from the listed offices.

Failure to officially withdraw from the University will result in grades of “F” for the courses in which the student is enrolled. A student withdrawing from the University after the last day to drop a course may ask to receive a grade of “W.”

Return after Withdrawal

Students who withdraw from the University and wish to return must:

1. complete a Readmission Application that can be obtained from the Website (www.bowiestate.edu/Admissions/Undergraduate/) and submit it to the Office of Admissions;
2. submit official transcripts from institutions attended while separated from the University; and
3. receive a readmission or acceptance letter from the University.

Reinstatement

Students applying for reinstatement (readmission) to the University must submit a readmission application and other college transcripts if the student attended another institution while away from Bowie State University. If the student attended another institution and his/her cumulative GPA is below a 2.0, the student will be denied readmission. Credits successfully earned at another institution must be approved by the academic department and the Office of Enrollment before they can be applied to the student’s program.

Readmission after Academic Dismissal

1. After one year, a student can reapply to the University, via the Office of Admissions.
2. A student who is academically dismissed can appeal to the University Readmission Appeals Committee.
3. Students must submit a program of study.

Readmission after Social Suspension (refer to *Student Handbook*)

Students who are dismissed as a result of social suspension can apply for readmission at the end of the suspension period, by forwarding a letter to the Judicial Affairs Officer requesting readmission. The Dean of Student Affairs will determine whether or not the suspension must remain in effect for a longer time.

Expulsion from the University

A student who is expelled is ineligible for readmission to the University.

Academic Clemency Policy

Undergraduate students returning to Bowie State University after a separation of a minimum of five calendar years may petition the appropriate dean to have up to sixteen (16) semester hours of previously earned and/or failing grades and credits removed from the calculation of their cumulative grade point average (GPA). These credits may not be used toward graduation requirements. Once grades/credits have been excluded from the cumulative grade point average, they will not be recalculated into the student’s grade point average. The petition will be evaluated at mid-semester of the student’s first semester of return to the University. The student must follow the procedure outlined below:

1. Students wishing to take advantage of the clemency policy must have been readmitted to the University.
2. The student must petition for clemency during the first semester of his/her re-admittance to the University. The **Academic Clemency Form** may be secured from the Office of the Registrar.
3. The petition should be submitted no later than the end of the first year of the student's return to the University. The petition must be completed and signed by the chairperson and academic dean.
4. Once the Dean has approved or denied the student's request for academic clemency, the decision will be forwarded to the Office of the Registrar for processing.

Student Credit Load

Students usually complete a program of study for the baccalaureate degree in four (4) to six (6) years. To complete most programs in four (4) years, the student must maintain good academic standing and successfully complete 30-36 semester hours each academic year. The minimum requirement for graduation is one hundred and twenty (120) semester hours; some programs such as elementary and early childhood/special education require more, in keeping with NCATE and state standards.

A student's academic credit load is normally fifteen (15) hours per semester. A student may register for a **maximum of two courses** per SUMMER session and for a **maximum of two courses** in the winter MINI-SEMESTER. **Incoming freshmen placed in three developmental courses are restricted to no more than thirteen (13) semester hours during the first semester of enrollment.** Students are assessed an additional fee for each developmental course.

The minimum semester hour load for a full-time student is twelve (12) semester hours, and the maximum semester load is eighteen (18). Students who are in good academic standing—cumulative GPA of 3.50 or higher based on thirty (30) consecutive quality hours completed at Bowie State University—may pursue up to twenty-one (21) semester hours in a semester with the permission of the Dean of his/her School. Students wishing to enroll in more than twenty-one (21) semester hours must have maintained a cumulative grade point average of 3.75 or higher and demonstrated the ability to manage the course load sought. Full-time students with semester hours in excess of eighteen (18) will pay the per semester hour rates beyond eighteen (18) semester hours.

Classification of Students

Students are classified according to the following semester hours:

Freshman	0 – 29
Sophomore	0 – 59
Junior	60 – 89
Senior	90+

Course Numbering

All courses are numbered according to the following scheme:

099-100	Developmental
101-199	Primarily for Freshmen
200-299	Primarily for Sophomores
300-399	Primarily for Juniors

400-499	Primarily for Seniors
500 and up	Graduate Courses

Grading System

The following is a description of the criteria used in assigning letter grades:

A	4.0	Superior
B	3.0	Above Average
C	2.0	Average
D	1.0	Below Average
F	0.0	Failure
S	0.0	Satisfactory (Cannot be used for developmental courses.)
U	0.0	Unsatisfactory (A student must repeat any course in which he/she receives a grade of "U.")
I	0.0	Incomplete "I" Grade (A grade of "I" is given by a faculty member when a student is unable to complete required course work because of verifiable medical reasons or documented catastrophic events beyond the control of the student and only with approval of the School Dean. No credit is given for the incomplete grade until the faculty member assigns a regular grade. In any event, the "I" must be converted to a regular grade within six weeks of the start of the following semester. After six weeks, the grade of "I" automatically becomes "F" if the professor does not submit the grade.)
PS	0.0	Pass
CR	0.0	Credit for Experience
AU	0.0	Audit (Given when a student has registered and attended a course for audit rather than for credit. A student wishing to audit course(s) must indicate this intent during registration or the time period specified in the <i>Schedule Bulletin</i>. Tuition for audits will be assessed on the same basis as tuition for credit courses.)
W	0.0	Withdrawal (Given for courses that are officially dropped within the specified period of time printed in each semester's <i>Schedule Bulletin</i> .)
NG	0.0	No Grade (Given when grades are not submitted by faculty.)

Transcript Notations

Honors	Recorded after the course title to indicate that the course was at the Honors level
--------	---

Grade Point Average (GPA)

1. Grade point average is computed by dividing the total number of quality points accumulated in courses for which a grade of "A," "B," "C," "D," or "F" has been assigned by the total number of semester hours attempted in those courses. Courses for which a grade of "CR," "PS," "S," "W," "I," "U," or "NG" has been assigned are not included in computing the GPA.
2. Each of the following letter grades has a numerical value. Multiplying this value by the number of semester hours for a particular course gives the number of quality points earned for that course.
3. When a course is repeated, only semester hours and quality points for the higher grade assigned for that course are counted in the total semester hours attempted and total quality points.
4. An example of how a semester GPA and a cumulative GPA are calculated is given below:

Course	Quality Hours	Grade	Quality Points
ENGL 101	3 x 2	C	6
MATH 120	3 x 3	B	9
BIOL 102	4 x 4	A	16
PSYC 101	3 x 1	D	3
HIST 110	3 x 0	F	0

Current Semester Totals	16	34
Previous Semester Totals	27	74
	43	108

SEMESTER GPA = Semester quality hours/Semester hours attempted = $34/16 = 2.125$

CUMULATIVE GPA = Total quality hours/Total semester hours attempted = $108/43 = 2.511$

Course Repeat Policy

Students may repeat courses or may be required to repeat courses for the purpose of increasing mastery in a course. When a course is repeated, only semester hours and quality points for the higher grade are counted in the student's grade point average. The original grade remains on the student's transcript, but is marked "excluded from statistics," signifying the removal of the semester hours and quality points for that course from the student's grade point average.

Grade Changes

Grade changes, excluding "I" and repeated courses, must be made within one year. The records of all persons who received the bachelor's degree are closed six weeks after the official date of graduation. **Any changes to the permanent record must be made before this date.**

Student Grade Appeal Procedures

Students who have documentation that an error was made in the determination of a course grade or desire to appeal a grade due to alleged arbitrary and capricious grading must first discuss the concern with the faculty member involved. If there are unresolved issues, the student may initiate the grade appeal process. The student must direct the appeal in writing, with documentation, through the appropriate channels: Instructor, Department Chair, School Dean, and Provost. If a course assignment grade is in dispute, the student must initiate the appeal no later than ten (10) working days after receiving the grade. If a final grade is in dispute, the student must submit an appeal no later than thirty (30) days from the end of the semester during which the grade was received. Procedures are detailed below.

1. The student must initially consult with the instructor for a satisfactory resolution of the appeal. If the instructor is no longer with the University or if the student is unable to resolve the issue with the instructor, the student must present the complaint in writing to the Department Chair.
2. The Department Chair will convene a Departmental Appeals Committee for resolution. If the student is not satisfied with the decision of the Departmental Appeals Committee, the Chair renders a decision.
3. If the complaint cannot be resolved at the Departmental level, the student must present the complaint in writing to the School Dean within fifteen (15) days after receiving notification of the Department's decision.
4. The School Dean will render a final resolution.

University Policy Regarding Academic Honesty

Students are expected to conform to a strict standard of academic honesty. Cheating on examinations, plagiarism, unauthorized collaboration with others on assignments, submitting without authorization duplicate assignments for credit in more than one course, and improper acknowledgment of sources of material are intolerable offenses that carry serious penalties.

Policy on Plagiarism

1. Plagiarism is the act of representing another's ideas, words, or information as one's own. Every student writing a paper should be aware of the following principles.
 - a. All directly quoted materials must be identified as such by quotation marks. The source(s) of this material must be acknowledged.
 - b. When borrowed ideas or information is not directly quoted by a student, the student should have so assimilated this material that it is indeed being expressed in his/her own words. However, just as in the case of direct quotations, the sources of such borrowed ideas or information must be acknowledged.
2. The sources of ideas or information lying well within the realm of common knowledge (i.e., material that would be known by **anyone** familiar with the subject under discussion) need not be acknowledged.
3. Students guilty of plagiarism are subject to severe penalties, ranging from failure for the assignment to failure in the course or, in extreme cases, dismissal from the University. The instructor, in consultation with the Departmental Chair and the School Dean, shall determine the appropriate sanction to be imposed. Students appealing the imposed sanction must present their appeal in writing to the Provost for a final resolution.

Procedures for Handling Cases of Alleged Infractions of Academic Honesty

1. Faculty members are required to deal directly with any academic infractions. Actions taken must reflect the seriousness of the infractions and could range from a verbal warning, an assigned grade of "F" for the course, academic suspension, to dismissal from the University.
2. In cases where the instructor concludes that the infraction is severe, a recommendation may be made to the Dean for academic suspension or dismissal from the University.
3. The Dean may arrange a hearing with individuals (faculty members from another department and student from the Judicial Board) to evaluate the appeal. The Dean will render a final resolution.

Change of Address, Name, and Social Security Number

Students are expected to notify the Office of the Registrar of any change in their local or permanent addresses by completing the **Change of Personal Data Form**, which is available for download on the University Website. **Students who have a change in name** must notify the Office of the Registrar and provide the appropriate documentation (i.e., marriage license, divorce decree authorizing use of name, or court order). Name changes **can not** be made without the appropriate documentation to support the change.

Students wishing to change social security numbers must submit a valid copy of a social security card and complete the **Change of Personal Data Form**, which is available for download on the University website.

Declaring a Major (Academic Plan)

Students may declare a major (academic plan) on the application for admission, from the various programs listed in this catalog. After being admitted to the University, students must submit a **Declaration of Major/Plan Form** to change a major (academic plan).

The major course of study is the academic plan in which the student seeks the degree. These programs have been approved by the Board of Regents and other regulatory agencies as required for their continued offering.

Students are required to declare a major after two semesters and no later than the FALL of their third semester. The student may not revert to an undeclared status once the major is declared. Transfer students must declare a major no later than the end of the first semester of enrollment at the University.

A **concentration** (sub-plan) is a focused area of study within the student's major that is formally recognized by the University and will appear on the student's transcript.

A **track** (sub-plan) is a focused area of study within a student's major. Although formally recognized by the University, it will not appear on the student's academic records.

Double Majors

A double major requires the completion of all requirements for each of two majors. A student who wishes to complete a second major simultaneously with his/her primary major of record must obtain written permission in advance from the appropriate departments or programs and schools. General education courses taken for one major may be counted, as appropriate, for the primary and secondary majors.

Changing a Major

Students wishing to change majors or change from undeclared status to a major must adhere to the following procedure:

1. Obtain a **Declaration of Major Form** from the Office of the Registrar.
2. Meet with the chair of the department in which the student wishes to declare a new major. If the change is granted, the chair will assign the student a new advisor.
3. Return the **Declaration of Major Form** to the Office of the Registrar for processing.
4. Students will be required to meet graduation requirements under the catalog in effect at the time he/she requests the change.

When there has been a discontinuation of a major, students have one year in which they can be grandfathered in under the old major and must complete their current major requirement within that one-year timeframe.

Non-Degree Seeking Students

Non-degree seeking students will not be allowed to complete more than thirty (30) semester hours without approval from the Assistant Provost for Continuing Education and External Programs.

Students who have been denied admission to Bowie State University **will not** be permitted to attend as non-degree students.

Concurrent Undergraduate-Graduate Registration

Students enrolled in their last semester of study at Bowie State University may register for graduate level courses but must meet the following requirements and adhere to the following process.

The student must:

1. Have a 3.0 or higher GPA;
2. Have passed the Bowie State University **English Proficiency Examination**;
3. Have completed a hundred and five (105) credits which count toward graduation;
4. Be making satisfactory progress in his/her major;
5. Secure permission from his/her Department Chair;
6. File an application for conditional admission into the graduate program; and
7. Register for no more than six (6) semester hours.

The student must be granted regular admission to the Graduate School before initiating further course work.

Courses Taken at Other Institutions

Students who wish to take courses at other institutions at anytime while attending Bowie State University must complete the **Permission to Enroll at Another Institution Form**. The **Permission Form** must be signed by the Department Chair and Dean of the School in which the student expects to earn a degree and submitted to the Office of the Registrar **prior to the student's enrollment at another institution**. Students are also **required** to:

1. Be in good academic standing (2.00 or better).
2. Have fewer than sixty-four (64) earned semester hours.
3. Be enrolled in course(s) at a university/college that offers equivalent level (100, 200, 300, etc.) courses to those offered at Bowie State. (Credits earned in developmental courses are not transferable to Bowie State University.)

Students who have earned sixty-five (65) or more total semester hours (including any transfer credits) may **not** take courses at any community college for the purpose of transferring the credits earned there toward a degree from Bowie State University. If permission is granted in advance by the Chair of the Department and processed by the Office of the Registrar, students may take courses at any accredited four-year institution for the purpose of transfer providing that the total number of transfer credits does not exceed ninety (90).

Students may **not** take courses at other institutions if they are within the last thirty (30) semester hours required for a degree. However, up to six (6) semester hours will be allowed if approved in advance by the Chair of the Department and School Dean and processed by the Office of the Registrar.

Credit will be awarded only for those courses in which the student **earns a grade of “C” or better**. The grade or quality points earned are not posted on the student’s academic record at Bowie State University nor is the grade included in the calculation of the student’s grade point average at Bowie State University. The student is responsible for requesting that an official transcript be sent to the Office of Registrar for any course approved and taken at another institution.

Course work in which a grade of “F” has been earned at Bowie State University may **not** be repeated at other institutions.

USM Concurrent Inter-Institutional Registration Program

University undergraduate students participating in the Concurrent Inter-Institutional Registration Program should obtain permission from their Dean. Course work counts as resident credit. Students participating in this program must be enrolled full time in a degree program at University of Maryland College Park, for the semester in which these courses are taken. It is not recommended that students take inter-institutional courses in their final semester.

ADDITIONAL MEANS OF EARNING CREDIT

Credit for Service in the Armed Forces

Credits may be awarded for educational experience in the Armed Services as recommended in the American Council on Education’s Guide and approved by the University. Veterans and military personnel must be formally admitted to the University and must submit a copy of the *Veteran’s Report of Separation* (DD 214 Form) to both the Registrar’s Office and the Admissions Office. Training completed through formal service schools (DD 295) and *Defense Activity for Non-Traditional Education Support* (DANTES) may be submitted for consideration. Official transcripts are required. Credits will be granted for course work that pertains to a student’s major.

Transfer Credits

Credits toward a degree will be accepted from only accredited collegiate level institutions for courses that are equivalent to those offered at Bowie State University. After the student has been approved for admission as an undergraduate, the Admissions Office, in conjunction with the chair of the appropriate academic department or designee, will evaluate credits for university-wide use. Transferable credits applicable to the program of study will count toward graduation, **but only credits earned at Bowie State University will be used to compute the GPA for graduation**. Grades of “D” from institutions outside the State of Maryland are not transferable to Bowie State University. “D” grades are transferable to Bowie State University from accredited Maryland institutions, **with the exception of** courses in the student’s major.

Course work in which a grade of “F” has been earned at Bowie State University **may not** be repeated at other institutions.

Advanced Placement Credit

Bowie State University will award advanced standing to entering freshmen on the basis of Advanced Placement Examination results. Scores of 3 to 5 will be awarded appropriate credit.

Students must submit official copies of the AP Examination scores to the Office of Admissions. Credits will be awarded according to the following chart:

DEPT	SUBJECT	SCORE	CREDITS	RELATED COURSE(S)
ART	History of Art	3, 4	3	ART 300
BIOL	Biology	4	4	BIOL 102
		5	8	BIOL 102 or 103 or 105

CLEP Examinations

The University recognizes that many experiences relevant to a student's education occur in places other than the traditional classroom setting. Students may receive advanced credits through the College-Level Examination Program (CLEP) administered for the College Entrance Examination Board by Educational Testing Service (ETS).

Scores earned must be in or at the 50th percentile for awarding credit. The following conditions apply.

1. Students must be admitted and have matriculated at the University for one semester before credit is posted;
2. Students cannot use CLEP credits as part of the final 30 semester hours, and the final 30 semester hours must be taken in residence;
3. To receive credit, the CLEP test must have been taken at a nationally recognized CLEP Test Center approved by ETS; and
4. An official score report must be forwarded to the Office of Admissions for evaluation.

CLEP examinations posted on transcripts from other institutions will be accepted if the examination has been approved by Bowie State University and the scores reported are equal to or higher than those required by the Institution. It is the responsibility of the student to request that the Educational Testing Service forward a copy of the official score report to the Office of Admissions.

If a student has a question about a test item, his/her score report, or any other aspect of a CLEP examination that his/her test center cannot answer, write to: CLEP, PO Box 6600, Princeton, NJ 08541-6600 or visit <http://www.collegeboard.org>.

Bowie State University awards credits for **CLEP Examinations** as indicated in the following chart:

SUBJECT	SCORE	SEM. HRS	EQUIVALENT

Students should forward their ACT/PEP score reports to the Office of Admissions for evaluation.

Credit by Examination – Challenge Examination

Students wishing to gain credit by demonstrating their prior mastery of the content of a course, must pass a “challenge examination.” Challenge examinations are prepared and graded by the academic department responsible for the course for which the credit is being requested. If a passing score is obtained, credit is awarded, but no grade is assigned. Credit is designated on the student’s transcript as “CR.” Students must contact the chair of the department responsible for courses for which they are seeking credit. The following conditions apply:

1. Students must be admitted and matriculating at the University;
2. Students must register and pay for the course prior to the end of the Add/Drop period.
3. Credit by examination courses cannot be used as a basis for removing incomplete grades and withdrawals or as a basis for changing grades; and
4. No examination may be attempted more than once.

GRADUATION AND DEGREE REQUIREMENTS

The graduation ceremony at Bowie State University is held at the end of the FALL and SPRING semester. Bowie State University awards the Bachelor of Arts and Bachelor of Science degrees. *The degrees are conferred and noted on the academic transcript at the end of the FALL and SPRING semesters and at the end of the SUMMER session.*

All undergraduate records are closed no later than six weeks after the official date of graduation. **There will be no changes made on the permanent academic records after this date.**

Graduation Application

Students expecting to complete graduation requirements by the end of the FALL, SPRING, or SUMMER session, must complete the **online Graduation Application** by the published deadline date located in the Schedule of Classes each semester.

Degree Requirements

Degree requirements vary according to the major content area completed in an academic discipline. The academic departments are responsible for establishing and disseminating clearly defined degree requirements. Specific degree requirements are described in this catalog under each academic department. For example, national examinations may be required by various departments as a part of

assessment and are, therefore, required for graduation. Students should refer to that section of the catalog that deals with programs of study.

The Office of the Registrar maintains the official record of all students enrolled in the University. *Each student is responsible for working with an assigned advisor in the major department to ensure that the courses being completed meet the departmental requirements.* All students should maintain their own personal academic files, which should include copies of all grades, documents, and materials that are related to the degree. **Only students academically and financially cleared are allowed to participate in the graduation ceremony.**

A student who satisfactorily meets the following requirements will receive a Bachelor of Science or a Bachelor of Arts degree. Requirements for the Bachelor of Arts degree include 12 semester hours of a foreign language. **All undergraduate records are closed no later than six weeks after the official date of graduation. There will be no changes made on the permanent academic records after this date.**

1. **Residency Requirement** - Students matriculating at Bowie State University must complete the final thirty (30) semester hours in residence (courses taken at Bowie State University or at one of the University System of Maryland schools, with permission) in partial fulfillment of graduation requirements. Credits received for CLEP, portfolio, military, or transfer credits may not be used to fulfill the residency requirement.
2. **Credit Requirements** - The minimum requirement for graduation is 120 semester hours, which must include at least thirty-two (32) semester hours of upper-level course work.
3. **Successful Completion of a Major** - All students must earn a grade of "C" or better in the major content area courses and in other courses defined as an integral part of the major.
4. **Cumulative Grade Point Average (GPA)** - All students must have a cumulative grade point average of 2.00 or higher to graduate. The GPA is computed by using only courses taken at Bowie State University.
5. **Credit in All Required General Education Courses** - All students must successfully complete the general education requirements as specified. Students must earn a grade of "C" or better in Expository Writing (ENGL 101), and Argument and Research (ENGL 102).
6. **Outcomes Assessment Examinations** - All students must demonstrate achievement of knowledge related to the major content area. The required standard or assessment is defined by the department and the major. Failure to achieve expected outcomes may delay graduation (see requirements under programs of study).
7. **Bowie State University English Proficiency Examination** - The **English Proficiency Examination** is required for graduation and must be taken upon completion of Expository Writing (ENGL 101) and Argument and Research (ENGL 102). Transfer students who completed their English composition requirements at another university must take the **English Proficiency Examination** during their **first semester** of enrollment at Bowie State University.

Graduation with Honors

Graduation with honors is a tribute that recognizes academic achievement. If a student's overall cumulative GPA is 3.5 or higher but less than 3.65, a student graduates with the distinction of Cum Laude; 3.65 or higher but less than 3.85, Magna Cum Laude; and 3.85 or higher, Summa Cum Laude. At least thirty (30) semester hours must be earned in upper level courses (300-400) with grades of "C" or better.

A native student's cumulative GPA for graduation with honors is based on all college work at Bowie State University. A transfer student who has earned at least 60 semester hours at Bowie State must have a 3.5 or higher GPA for work completed at the University and at other colleges and universities.

Honors status at graduation applies only to students who are seeking their first degree.

Honors will consist of the following cumulative grade point averages:

3.85 - 4.00	Summa Cum Laude
3.65 - 3.84	Magna Cum Laude
3.50 - 3.64	Cum Laude

Academic Recognition

A transfer student who has earned 30-59 semester hours at Bowie State University and has a GPA of 3.5 or above at Bowie State and at other colleges and universities will graduate with academic recognition. Graduation with Academic Recognition will appear on the student's transcript.

Transcripts

Students are not charged for transcripts. However, an express fee of \$10.00 (official and unofficial) will be charged for "while-you-wait" transcripts (three are the maximum). "While-you-wait" service is available on Wednesdays from 9:00 a.m. to 6:30 p.m.

Student Records

The University maintains students' educational records in accordance with the *Family Educational Rights and Privacy Act of 1974* as amended (Buckley Amendment). Records of students are not released without their consent, except for that information that the institution classifies as Public Directory Information. Public Directory Information may be given to any inquirer. Bowie State University designates the following as Public Directory Information: School or division of enrollment, periods of enrollment, degrees awarded, honors, and major field.

Students who wish to withhold the release of any of this information must submit a written request to the Office of the Registrar. Unless under legal compulsion, all information (not identified as directory information) regarding students' records shall be denied.

Family Educational Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, sets forth requirements regarding the privacy of student records. FERPA governs:

- The release of these records (known as education records) maintained by an educational institution and
- Access to these records. This law applies to K-12 as well as postsecondary education.

Students have three primary rights under FERPA. They have the right to:

- Inspect and review their education records
- Have some control over the disclosure of information from their education records.
- Seek to amend incorrect education records.

In addition, students have the right to file a complaint with the U.S. Department of Education if they believe one of their primary rights have been violated.

Institutions must annually notify students currently in attendance of their rights by means that are likely to be read by students. The most common examples are in the student handbook, catalog, or student newspaper. This notice also applies to any student pursuing education via distance education or any other non-traditional educational delivery process.

Institutions may not disclose information contained in education records with the student's written consent except under conditions specified in the Act. An institution is not required to disclose information from a student's education records to the parents of dependent students but may exercise its discretion to do so. It is the responsibility of an institution to ensure that information is not improperly disclosed to the parents of the students.

FERPA applies to the education records of persons who are, or have been, in attendance in postsecondary institutions, including students in cooperative and correspondence study programs and in any non-traditional education delivery process, such as distance learning.

GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS

The GEIR (General Education and Institutional Requirements) is structured to provide a coherent, integrated liberal arts education to a diverse population. The purpose of the GEIR is to assist students in developing their personal capabilities in such a way as to reach the highest level of personal achievement and to make their maximum contribution to society. A flexible program of general courses and major requirements is designed to enable students to acquire a broad general education and competence in a field of concentration. In particular, the general education program aims to:

1. teach students the skills needed for writing, speaking, reading, and critical thinking;
2. develop students' knowledge bases in the natural sciences, social sciences, and humanities as a background for understanding the problems facing them as human beings;
3. teach students how to apply their skills and knowledge so that they can find, evaluate, and use the vast amount of available information;
4. develop a historical consciousness and an appreciation for the arts;
5. discern and evaluate the values that shape responsible members of society;
6. develop an interest in lifetime wellness; and
7. teach students to become independent, lifelong learners.

This Program will provide a sound basis for skills required in all majors, as well as the analytical skills and the cultural and intercultural awareness required of all college-educated individuals. Recognizing that many students, particularly in their early years in college, are undecided about their career choices, the general education program will further increase their awareness of career opportunities available to them and help them to make decisions in their best interests.

The GEIR is developed in conformance with the guidelines of the University System of Maryland (USM) and the Maryland Higher Education Commission (MHEC). Because of an ongoing evaluation by the University, USM, and MHEC, changes may occur in the general education requirements. Every attempt will be made to notify the student when these changes occur. However, "the General Education Program a student takes at one public college or university will transfer without further review to another public institution without the need for a course-to-course match. That is, courses defined as general education by one institution will transfer as general education even if the receiving institution does not offer that specific course or has not designated that course as general education." This policy applies to State of Maryland institution as stated in the COMAR General Education Standards for General Education courses.

Departments may select and recommend to the Schools' and University Curriculum Committees additional courses for approval as general education requirements.

GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS

General Education Requirements

One course in each of two disciplines in arts and humanities (six semester hours)

Discipline/Courses: Philosophy, Speech, Theatre, Art, Music, Modern Languages, Literature, Interdisciplinary African American Studies.

ART	101	2D Design

PSYC	101	General Psychology
PSYC	200	Introduction to Psychopathology
SOCI	101	Introduction to Sociology
SOCI	203	Deviant Behavior

Two science courses, at least one of which shall be a laboratory course (seven to eight semester hours)

Discipline/Courses: Biology, Chemistry, Physics, and Physical Science Courses

BIOL	101	Biological Science
BIOL	203	Oceanus
CHEM	107	General Chemistry I Lecture/Lab
PHSC	100	Physical Science
PHSC	101	Earth Science I
PHYS	271	General Physics I
PHYS	272	General Physics II

One course in mathematics at or above the level of college algebra (three semester hours)

Discipline/Courses: Math or Statistics Courses

MATH	116	Introduction to Mathematical Ideas
MATH	118	Finite Mathematics
MATH	125	College Algebra
MATH	141	Precalculus I
MATH	150	Precalculus
MATH	215	Elements of Calculus
MATH	225	Calculus I

Two courses in English composition (six semester hours)

Disciplines/Courses: English Composition Courses:

ENGL	101	Expository Writing
ENGL	102	Argument and Research

Once course in technology (three semester hours)

Discipline/Courses: Business Information Systems or Computer Science

BUIS	260	Computer Applications for Business
COSC	110	Computer Literacy and Applications
COSC	111	Computer Principles and Technology
COSC	112	Computer Science I
COSC	113	Computer Science II
CTEC	125	Introduction to Visual Basic

Free General Education Electives (nine semester hours)

Courses chosen in consultation with a departmental advisor from any category within the General Education Course List

Total General Education Requirements - 40 semester hours

Institutional Requirements

One course in Health and Wellness (three semester hours)

Disciplines/Courses:

HEED	102	Life and Health/ Fund. of Sex Education
HEED	200	Fundamentals of Sex Education
IDIS	210	Contemporary Issues in Women's Health

Freshman Seminar (three semester hours)

FRSE	101	Freshman Seminar
------	-----	------------------

Total Institutional Requirements

6 semester hours

PROGRAMS OF STUDY

COLLEGE OF ARTS AND SCIENCES

Dean: George Acquah

The College of Arts and Sciences was formally created in 1995. It is composed of seven academic departments: Communications, Computer Science, English and Modern Languages, Fine and Performing Arts, History and Government, Mathematics, and Natural Sciences. In addition, the Department of Military Science (ROTC) is housed in the College of Arts and Sciences. Faculty members in the College are continuously engaged in a variety of scholarly and creative activities. The undergraduate Computer Science program is accredited by the Computing Accreditation Commission of ABET.

MISSION

The College of Arts and Sciences provides the liberal arts and sciences foundation for all undergraduate programs. Taught by a community of scholars, students learn to examine their world, appreciate their culture, better understand themselves, and prepare for graduate and professional school and the workforce.

VISION

The College will be recognized for innovative pedagogical and disciplined-based research. Its dynamic and inspiring faculty-scholars will produce a cadre of creative, competent, productive, lifelong learners.

GOALS

1. Improve student recruitment in all Arts and Sciences degree areas
2. Increase retention and graduation rates of students in selected disciplines
3. Increase the number of undergraduate and graduate programs that meet the needs of state region, and the nation
4. Conduct five-year assessments of increase of all Arts and Sciences programs
5. Increase the number of proposals submitted to funding agencies

DEPARTMENT OF COMMUNICATIONS		
MAJOR	CONCENTRATION	DEGREE OFFERED
COMMUNICATIONS	Broadcast Journalism Emerging Media Print Journalism Public Relations	BA, BS

Chair: Otis Thomas

Associate Professors: Otis Thomas

Assistant Professors: Adrian Krishnasamy Kehbuma Langmia Pamela O'Brien

Instructors: Rochelle R. Daniel

Lecturers: Marie A. Brown, Dwight Ellis, Karima Haynes, Chandra Lipscomb

MISSION

Bowie State University's Department of Communications' mission is to educate, mentor, and prepare students of diverse cultural backgrounds for successful careers in traditional and new media fields, including broadcast journalism, public relations, print journalism, emerging media, and graduate studies in organizational communications. We enhance students' analytical and critical thinking skills, leadership abilities, and oral and written communications skills that are mandatory in order to meet the challenges of a global society. The Department extends its mission to the entire student population through its oral communications and public speaking courses as part of Bowie State University's general education requirements.

The Department of Communications draws upon the rich history of Historically Black Colleges and Universities (HBCU) to foster minority contributions in professional communications. Our faculty members have professional experience in communications and are engaged in cutting edge, innovative and scholarly research that enhances their teaching in the classroom.

Bowie State University is strategically positioned in the Washington-Baltimore corridor, which allows the Department to draw upon a rich resource of professional and academic expertise. We engage students by providing opportunities for them to achieve the highest level of excellence in professional communications.

DESCRIPTION OF THE DEPARTMENT

The Department curricula lead to a BA/BS degree in communications with concentrations in Broadcast Journalism, Emerging Media, Print Journalism, and Public Relations. Majors must earn a grade of "C" or better in all required communications courses, as well as all courses in the student's chosen minor. Students who wish to earn a BA degree are required to complete 12 semester hours in a foreign language in addition to other requirements. To earn a degree in communications, the student must successfully complete a minimum of 120 semester hours.

Undergraduate programs within the Department prepare students for entry into the communications professions and for subsequent graduate or advanced study. After completing ENGL 101 and ENGL 102,

Composition and Literature I and II, students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English composition requirements at another university must take the *English Proficiency Examination* during their first semester of enrollment at the University.

GOALS

1. To provide education in the various fields of communications that will produce graduates capable of assuming leadership roles in their respective fields of study
2. To produce well-informed individuals who are able to cope with rapid social and technological changes within our society and to access information, evaluate it critically, and codify it into effective messages for various audiences
3. To provide continuing education for professional development and personal enrichment of practicing professionals
4. To provide an education that will prepare students to seek additional graduate learning or certification in professional communications

COMMUNICATIONS

GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS

(46-47 Semester hours) See page 111 for the full list of University General Education and Institutional Requirements. General Education Electives must be selected with the help of the student's academic advisor.

CONCENTRATIONS

BROADCAST JOURNALISM

The Broadcast Journalism program provides students with the education and skills needed to pursue a career in a state-of-the-art broadcast news and digital production industry. This entails broadcast news writing and announcing, as well as working with television cameras, producing, and directing television and/or radio news programs. Students will have the opportunity to be involved in producing television programs for BSU-TV and radio programs for WBSU.

EMERGING MEDIA

The Emerging Media program provides students with the skills required to pursue careers in content programming, sales, advertising, and administration within both traditional and emerging technology industries. Due to the increasing convergence within the media, managers need to have a fundamental understanding of how all aspects of media organizations function (from planning to production to distribution to evaluation). In addition, a program of sound business fundamentals will be provided to accompany core media classes.

PRINT JOURNALISM

The Print Journalism program focuses on providing the education and skills required to work in the area of traditional and/or online print journalism, i.e. newspaper, magazine, and/or online industry. Students also acquire the writing, reporting, and editing skills that are necessary to pursue a career in these industries. Students will have the opportunity to work with the student newspaper, *The Spectrum*.

PUBLIC RELATIONS

The Public Relations Concentration provides the student with the education and skill to help organizations build goodwill and long-term relationships with their publics. The student will learn to manage organizational crisis, how to write effective press releases, and build long-lasting organizational relationships with the community.

CORE REQUIREMENTS (36 semester hours)

			Sem. Hrs.
COMM	101	Oral Communications	3
COMM	103/104	Public Speaking or Voice and Diction	3
COMM	240	Introduction to Mass Communications	3
COMM	324	Public Relations	3
COMM	334	Publicity Techniques	3
COMM	336	Advertising Copywriting	3

DEPARTMENT OF COMPUTER SCIENCE		
MAJOR	CONCENTRATION	DEGREE OFFERED
COMPUTER SCIENCE		BS
COMPUTER TECHNOLOGY		BS

Chair: Sadanand Srivastava

Professors: Seonho Choi, Joan Langdon, Manohar Mareboyana, Sadanand Srivastava

Professor Emeritus: Manjit Bhatia

Associate Professors: Hoda El-Sayed, James Gil de Lamadrid, Lethia Jackson

Assistant Professors: Quincy Brown, Joseph Gomes, Patricia Hughes, Soo-Yeon Ji, Darsana Josyula, Sharad Sharma, Daryl Stone, Claude Turner, Jie Yan, Bo Yang

Lecturers: Velma Latson, Clarence Ray

Staff: Carolyn Clark, Administrative Assistant
Haydar Teymourlouei, System Administrator

MISSION

The mission of the Computer Science Department is to serve the educational needs of the Baltimore-Washington area community in general and the Southern Maryland region in particular, by offering its citizens opportunities to seek and complete high quality education in fields related to the science and application of computer and information technology.

GOALS

1. To prepare new generations of computer and information technology professionals, arming them with the quality education necessary for them to excel in the development and/or application of computing technology.
2. To provide an academically rigorous environment by exposing students to outstanding teaching and quality programs and by offering enriching experiences that help students to develop intellectually and professionally.
3. To support the University's historic commitment to the African American community through programs that promote minority enrollment in computer science/computer technology.
4. To provide high quality education for computer science/computer technology students by promoting:
 - quality instruction to prepare students for a career or further studies in computer science/computer technology;
 - the attitudes and discipline of professionalism in computer science/computer technology; and
 - high academic standards and performance through student-faculty interaction and support.
5. To assist the University community in achieving excellence in computer and information

technology and to ensure that all students learn to utilize computing resources in their disciplines of study.

6. To constantly update the curriculum and upgrade the computer laboratories incorporating new developments in this dynamic field.
7. To establish and support cooperative linkages with local governmental, business and educational institutions in order to:
 - provide students with practical experiences, SUMMER opportunities, and future career options;
 - permit joint research projects; and
 - serve the community-at-large.
8. To continue to expand research and development activities and thereby providing students and faculty opportunities for solving problems of interest to the scientific community and the society-at-large.

ASSISTANTSHIPS AND FINANCIAL ASSISTANCE

The Department of Computer Science recognizes the high cost of education today and makes every effort to offer financial assistance to qualified students through a variety of programs. For further information, please contact the Department directly.

STUDENT ACTIVITIES

Students are invited to take advantage of the student activity program, which is an integral part of their educational experience at Bowie State University.

A wide variety of educational, social, cultural, and recreational events is provided, particularly through the Bowie State Computer Technology Club. The Bowie State Computer Technology Club (BSU-CTC) is a student chapter of the Association for Computer Machinery (ACM), an international professional organization. The BSU-CTC is a network of students helping other students pursue their computer science education. Its activities include tutorial workshops, Internet services, field trips, dissemination of information on employment, graduate studies, fellowships, scholarships, etc., and programming contests. All students are invited to become members of this fast growing club.

BACHELOR OF SCIENCE IN COMPUTER SCIENCE PROGRAM

The Computer Science Program is accredited by the Computing Accreditation Commission (CAC) of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012, telephone: (410) 347-7700.

Educational Objectives

The Bachelor's Degree recipients of the Computer Science Program

- (1) Will apply theoretical principles and practical tools and techniques in computing to solve real-world problems.
- (2) Will communicate effectively orally and in writing, as an individual and as a member of a team.
- (3) Will become professionally employed and/or enrolled in advanced graduate studies in Computer Science or a related area.

Upon completion of at least 58 credits of required and elective courses in Computer Science, 14 credits of required courses in Mathematics, 14 credits of required Science courses, and additional University requirements, a student will be awarded the B.S. degree in Computer Science. Elective courses give students the opportunity to investigate topical areas of special interest. Cooperative education

programs are also available to our students. The total number of credits required for an undergraduate degree in Computer Science is 120. All students must take and pass the Bowie State University *English Proficiency Examination*.

Program Outcomes

Graduates of the Computer Science Program will, by the time of graduation, have the following knowledge, abilities, and appreciation of professional standards.

- (1) Knowledge of mathematical and scientific foundations, algorithms, programming languages and computer science theory, and the ability to apply this knowledge to analyze a problem, define computing requirements for its solution, and design a practical solution.
- (2) Knowledge of computer hardware architecture and software systems, and the ability to use development principles in the design, implementation and evaluation of software to meet specifications of varying complexity.
- (3) The ability to perform effectively to solve a problem as a member of a team.
- (4) Knowledge and appreciation of professional standards and ethical, legal, security and societal issues in computing, with the ability to analyze the impact of computing practices on society.
- (5) The ability to communicate effectively, orally and in writing.
- (6) Recognition of the need to pursue life-long professional development, and an ability to update practices and skills to remain current in computing.

DEGREE REQUIREMENTS

I. REQUIRED COMPUTER SCIENCE COURSES (49 semester hours)

I. REQUIRED COMPUTER SCIENCE COURSES (49 semester hours)			Sem. Hrs.
COSC	112	Computer Science I	4
COSC	113	Computer Science II	4
COSC	208	Discrete Structures	3
COSC	214	Data Structures and Algorithms	4
COSC	254	Computer Organization	4
COSC	330	Systems Programming I	3
COSC	350	Programming Languages	3
COSC	354	Computer Architecture	3
COSC	370	Computer Ethics, Social and Legal Issues	3
COSC	374	Object-Oriented Design	3
COSC	414	Operating Systems	3
COSC	428	Design and Analysis of Algorithms	3
COSC	430	Systems Programming II	3
COSC	480	Senior Capstone	3
COSC	495	Senior Seminar	3

II. ELECTIVES IN COMPUTER SCIENCE (9 semester hours)

A minimum of 9 semester hours of 200-400 level courses in COSC or CTEC, with at least 3 semester hours at 300 – 400 level. Mathematics courses Numerical Analysis I (MATH 460) and Numerical Analysis II (MATH 461) may be used in this category.

III. REQUIRED MATHEMATICS COURSES (14 semester hours)

MATH	225	Calculus I	4
MATH	226	Calculus II	4
MATH	228	Linear Algebra	3
MATH	240	Probability and Statistics	3

IV. REQUIRED COURSES IN NATURAL LABORATORY SCIENCES (14 semester hours)

Fourteen credits of Science to include:

- a. Ten credits of Physics as follows: PHYS 271, and PHYS 272 including labs
and

- b. Four credits of Chemistry (CHEM 107 including its lab or higher level) **or** Biology 102 or higher level biology course for Biology majors.

V. REQUIRED ENGLISH COURSE (3 semester hours)

ENGL	362	Advanced Technical Writing II	3
------	-----	-------------------------------	---

NOTE: Computer science majors must earn a grade of “C” or better in each course in areas I through V above.

VI. GENERAL EDUCATION REQUIREMENTS (18 semester hours)

English Composition (6 semester hours)

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3

Arts and Humanities (6 semester hours)

COMM	101	Oral Communication	3
_____	_____	Arts and Humanities Elective	3

Choose from designated General Education courses in art, literature, modern languages, music, philosophy, and theater. (The Arts and Humanities Elective must be in a discipline other than COMM.)

Social Sciences (6 semester hours)

HIST	114	African American History or	3
HIST	115	African American History	3
_____	_____	Social Sciences Elective	3

Choose from designated General Education courses in anthropology, economics, geography, political science, psychology, social work, sociology, or interdisciplinary social science. (The Social Sciences Elective must be in a discipline other than HIST.)

NOTE: **Science** (7-8 semester hours), **Mathematics** (3 semester hours), and **Technology** (3 semester hours) General Education Requirements are satisfied by required courses in areas I through IV.

Free General Education Electives (9 semester hours)

Choose, with Departmental advisement, from designated General Education courses in any category. Usually, a course in area I (**Technology** category) and courses in area IV (**Science** category) fulfill this requirement.

Note: The Department reserves the right to specify suitable General Education courses, in keeping with COMAR, for its majors.

VII. INSTITUTIONAL REQUIREMENTS (6 semester hours)

Freshman Seminar (3 semester hours)

FRSE	101	Freshman Seminar	3
------	-----	------------------	---

Freshman Seminar (FRSE 101) is required for all entering freshmen and for all transfer students with fewer than 12 CREDITS.

Health and Wellness (3 semester hours)

Choose one of the General Education courses designated for this category.

HEED	102	Life and Health	3
HEED	200	Fundamentals of Sex Education	3
IDIS	210	Contemporary Issues in Women’s Health	3

General Electives

The remaining credits needed to make the total at least 120 should be chosen by the student in consultation with his/her advisor.

SAMPLE PROGRAM: This is a sample only. Most students will not follow the sample exactly as shown. It is very important that students consult regularly with their departmental advisor, to determine their best program.

MINOR IN COMPUTER SCIENCE

A minor in Computer Science can be obtained by completing 28 credits in computer science (with a grade of 'C' or better in each of the attempted courses). These courses must include COSC 112, 113, 208, 214, 254 and 9 additional credits in computer science courses at the 200 level or above. The student is required to satisfy the prerequisite for each course attempted.

SECOND DEGREE: BACHELOR OF SCIENCE IN COMPUTER SCIENCE

(For holders of a bachelor's degree in other fields)

A person who wishes to obtain a Bachelor of Science in Computer Science and already holds a Bachelor's degree in another field is permitted to count toward the new degree any completed courses that can be used to satisfy requirements such as general education. Any person interested in this opportunity should make an appointment with a computer science advisor to discuss his/her case in detail.

BACHELOR OF SCIENCE IN COMPUTER TECHNOLOGY PROGRAM

The Bachelor of Science in Computer Technology Program is for the student whose primary interest is in applying computing technology to create real-world Information Technology (IT) systems. Graduates of the Program will be prepared to combine their knowledge of current computer tools and technologies and their expertise in effective communication within field settings.

Upon completion of at least 64 credits of required and elective courses in Computer Technology and Computer Science, 17 credits of required courses in Mathematics, English and Sciences, and additional University requirements, a student will be awarded the B.S. degree in Computer Technology. Elective courses give students the opportunity to pursue advanced courses in areas of IT. Cooperative education programs are also available to our students. The total number of credits required for an undergraduate degree in Computer Technology is 120. All students must take and pass the Bowie State University English Proficiency Examination.

Program Outcomes

Graduates of the Computer Technology Program will, by the time of graduation, have the following knowledge, abilities, and appreciation of professional standards.

- (1) Students will demonstrate knowledge of mathematical, scientific and programming foundations, current concepts and practices in core information technologies, and the ability to apply this knowledge to analyze a problem, define computing requirements for its solution, integrate best practices and standards and their application, and design a practical solution.
- (2) Students will demonstrate knowledge of computer hardware architectures and software systems, and the ability to use development principles to analyze user needs; design, select, create and integrate into the user environment a computer-based system; and evaluate and administer the solution.
- (3) Students will demonstrate the ability to perform effectively to solve a problem as a member of a team.
- (4) Students will examine the need for professional standards and evaluate ethical, legal, security and societal issues in computing, with the ability to analyze the impact of computing practices on society.
- (5) Students will construct, organize and formulate effective communication, orally and in writing.

(6) Students will recognize the need to pursue life-long professional development, and demonstrate an ability to update practices and skills to remain current in computing.

DEGREE REQUIREMENTS

I. CORE COMPUTER SCIENCE/COMPUTER TECHNOLOGY

COURSES (34 semester hours)			Sem. Hrs.
COSC	111	Computing Principles and Technologies	3
COSC	112	Computer Science I	4
COSC	113	Computer Science II	4
COSC	208	Discrete Structures	3
COSC	214	Data Structures & Algorithms	4
CTEC	214	Client Operating Systems	4
CTEC	222	UNIX Operating System	3
CTEC	226	Introduction to Database Development	3
CTEC	294	PC Architecture	3
CTEC	302	Computer Networking	3

II. CTEC PROGRAM TRACKS (12-24 semester hours)

A. COMPUTER NETWORKING AND SYSTEM ADMINISTRATION TRACK

CTEC	305	Server Administration I	3
CTEC	335	Network Protocols (TCP/IP)	3
CTEC	405	Server Administration II	3
CTEC	410	Internet Technology	3
CTEC	435	UNIX System Administration	3

Note: Total number of required CTEC Program electives: 15 semester hours

B. DATABASE DEVELOPMENT AND ADMINISTRATION TRACK

CTEC	300	Database Architecture	3
CTEC	324	Database Application Development	3
COSC	420	Database Management	3
CTEC	424	Database Administration	3

Note: Total number of required CTEC Program electives: 18 semester hours

C. COMPUTER AND NETWORK SECURITY TRACK

CTEC	335	Network Protocols (TCP/IP)	3
CTEC	345	Foundations of Computer and Network Security	3
CTEC	350	Principles and Methods of Intrusion Detection and Prevention	3
CTEC	402	Software and Operating System Security	3
CTEC	445	Fundamentals of Cryptography and Applications	3

Note: Total number of required CTEC Program electives: 15 semester hours

D. INTERNET TECHNOLOGY AND MULTIMEDIA TRACK

CTEC	225	Visual Basic Programming	3
CTEC	293	Internet Programming I	3
CTEC	332	Internet Scripting Languages	3
CTEC	335	Network Protocols (TCP/IP)	3
CTEC	393	Internet Programming II	3
CTEC	415	Internet Applications I	3
ART	230	Introduction to Computer Graphics	3
ART	396	2D Digital Animation I	3

Note: Total number of required CTEC Program electives: 6 semester hours

III. CTEC PROGRAM ELECTIVES (6-18 semester hours)

Note: A student in one track may take a CTEC or COSC course not required by their track as an elective, provided the student satisfies the prerequisite(s) for the selected course. Technical courses from other disciplines may be allowed with prior approval by the department chairperson.

IV. REQUIRED MATHEMATICS COURSES (7 semester hours)

MATH	215	Elements of Calculus	4
MATH	240	Probability and Statistics	3

V. COURSES IN NATURAL LABORATORY SCIENCES (7-8 semester hours)

Two courses from two different natural sciences; At least one course must have an associated laboratory experience. For example:

BIOL		Biology	
CHEM	—	Chemistry	
PHSC	—	Physical Science	
PHYS	—	Physics	

VI. REQUIRED ENGLISH COURSE (3 semester hours)

ENGL	362	Advanced Technical Writing II	3
------	-----	-------------------------------	---

NOTE: Computer technology majors must earn a grade of “C” or better in each course in areas I through VI above.

VII. GENERAL EDUCATION REQUIREMENTS (18 semester hours)**English Composition (6 semester hours)**

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3

Arts and Humanities (6 semester hours)

COMM	101	Oral Communication	3
—	—	Arts and Humanities Elective	3

Choose from designated General Education courses in art, literature, modern languages, music, philosophy, and theater. (The Arts and Humanities Elective must be in a discipline other than COMM.)

Social Sciences (6 semester hours)

HIST	114	African American History or	3
HIST	115	African American History	3
—	—	Social Sciences Elective	3

Choose from designated General Education courses in anthropology, economics, geography, political science, psychology, social work, sociology, or interdisciplinary social science. (The Social Sciences Elective must be in a discipline other than HIST.)

NOTE: Science (7-8 semester hours), Mathematics (3 semester hours), and Technology (3 semester hours) General Education Requirements are satisfied by required courses in areas I through IV.

Free General Education Electives (9 semester hours)

Choose, with Departmental advisement, from designated General Education courses in any category. Usually, courses in area I (**Technology** category) and a prerequisite course in area III (**Mathematics** category) fulfill this requirement.

Note: The Department reserves the right to specify suitable General Education courses, in keeping with COMAR, for its majors.

VIII. INSTITUTIONAL REQUIREMENTS (6 semester hours)**Freshman Seminar (3 semester hours)**

FRSE	101	Freshman Seminar	3
------	-----	------------------	---

Freshman Seminar (FRSE 101) is required for all entering freshmen and for all transfer students with fewer than 12 CREDITS.

Health and Wellness (3 semester hours)

Choose one of the General Education courses designated for this category.

HEED	102	Life and Health	3
HEED	200	Fundamentals of Sex Education	3
IDIS	210	Contemporary Issues in Women's Health	3

General Electives

The remaining credits needed to make the total at least 120 should be chosen by the student in consultation with his/her advisor.

MINOR IN COMPUTER TECHNOLOGY

A minor in Computer Technology can be obtained by completing the 34 semester hours listed as CORE COMPUTER SCIENCE/TECHNOLOGY COURSES (with a grade of "C" or better in each of the attempted course). Students are required to satisfy the prerequisites for each course.

THE "2 + 2" COMPUTER TECHNOLOGY PROGRAM

The Department offers a program for holders of an associate degree; this program leads to a Bachelor of Science in Computer Technology. The student entering this program will have completed the core requirements of a computer technology program and some general education credits at a community college or junior college. The student must complete the remaining general education and institutional requirements, upper division courses and elective courses at Bowie State University.

ADMISSION TO THE PROGRAM

A student will be admitted to this program if he or she has:

1. An associate degree in computer technology or closely related area and
2. A cumulative grade point average of at least 2.5 (on a scale of 4).

Note: A student with an Associate Degree in an area other than Computer Technology may be admitted to the program upon successful completion of selected computer science and technology courses that will be determined by the Department.

GRADUATION REQUIREMENTS

1. Completion of at least 120 semester credit hours of which at least 60 credit hours must be completed at Bowie State University.
2. Completion of at least 24 semester credit hours of computer science technology requirements at Bowie State University.
3. Completion of the general education and institutional requirements of Bowie State University.
4. Successful completion of the *English Proficiency Examination*. Meeting all other relevant graduation requirements as specified in the University catalog.

PROCEDURE

To pursue this program, the student will meet with the 2+2 Program Coordinator to draw up a Program of Study, which lists the courses to be taken to satisfy the program requirements. The selection of courses will be made based on the courses already completed. The 2+2 Program Coordinator will advise each student individually.

DEPARTMENT OF ENGLISH AND MODERN LANGUAGES		
MAJOR	CONCENTRATIONS	DEGREE OFFERED
ENGLISH	Creative Writing Language and Literature	BA
	Secondary Education	BS

Chair: Anne L. Gaskins-Nedd

Professors: Brenda DoHarris, Anne L. Gaskins-Nedd, Renee H. Shea, Richard Sterling

Associate Professors: David Basena, Gerri Bates, Monika Gross, Mary A. Harris, David Kaloustian, C. Jenise Williamson

Assistant Professors: Hoke Glover, Stephanie Johnson (Smith Vidal Literacy and Language Center Coordinator), Kala Richardson, Kwaku Sidney Walker

Lecturers: Adam Fischer, Vivian Jackson, Irmagard Langmia, Tanya McInnis, Catherine Payne (Smith Vidal Literacy and Language Center Assistant Coordinator), Valerie S. Prince, Rion A. Scott, Nicole Wilson

MISSION

The Department of English and Modern Languages supports the University's goals and priorities by creating an environment of academic excellence that will enable our students to develop critical thinking skills and comprehensive knowledge bases. Completing a degree in English at Bowie State University will enable them to become engaged, productive citizens in the academic or professional world. Moreover, the Department is committed to developing curricula, utilizing technology and enhancing library resources to assist students to become proficient in communicating, teaching English and modern languages, researching and analyzing literature and modern languages, and performing successfully on local and national exit examinations.

GOALS

1. To facilitate access by offering transitional courses in reading and English.
2. To use technology, as appropriate, to enhance learning in all disciplines within the Department.
3. To ensure that the curriculum addresses diversity in its broadest sense.
4. To enhance the majors' and minors' literary and cultural exposure beyond the classroom.
5. To maintain a creative learning environment by encouraging faculty development.
6. To offer innovative programs in literature, world languages, and writing.
7. To produce majors who are fully prepared for the job market and/or to pursue graduate study.
8. To forge connections between the departmental faculty, other academic departments, and the community.
9. To seek external funding for curriculum development, pedagogical research, and faculty development.
10. To assist the University in increasing its retention and graduation rates.

DESCRIPTION OF THE DEPARTMENT

The Department offers the Bachelor of Arts (BA) with concentrations in Creative Writing and Language and Literature and a track in Africana Literature, and the Bachelor of Science (BS) in Secondary Education. It also offers six minors: Creative Writing, Literature, Literature of the African Diaspora, French, Spanish, and Hispanic Culture. Students seeking teacher certification, via the BS degree, must apply for admission into the Department of Teaching, Learning, and Professional Development

To receive a BA degree or a BS degree in English, the student must successfully complete at least 120 semester hours. Entering students must officially declare English as a major, and students who change their major after having begun matriculation at the University must submit a *Declaration of Major/Program Form*. All students who declare English as a major will be evaluated (1) after the completion of, Introduction to Literature (ENGL 236), the introductory course to the major, and (2) periodically throughout their matriculation at the University

Students who pursue a major or a minor in English must earn a grade of "C" or above in all English language and literature courses, and all students taking English 100, 101, or 102 and Reading 100 or 101 must earn a "C" or higher. All students who minor in a modern language or who take modern language courses to meet discipline requirements must earn a grade of "C" or higher in each course. All students must take and pass the Bowie State University *English Proficiency Examination (EPE)*.

The Department also offers the Master of Arts (MA) in English degree for individuals who (1) have earned the traditional bachelor's degree in English and allied fields (e.g., language arts, humanities) and wish to supplement that degree with training in literature and rhetorical theories and in humanities computing; (2) now teach on the secondary or collegiate level and wish to investigate literary and rhetorical theories and practices; and (3) wish to pursue doctoral studies upon completion of the master's degree.

GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS FOR THE BACHELOR OF ARTS AND BACHELOR OF SCIENCE DEGREES*

English Composition (6 semester hours—two courses in English composition)

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3

Arts and Humanities (6 semester hours—one course in each of two disciplines)

_____	_____	Arts and Humanities Elective	6
-------	-------	------------------------------	---

Natural Sciences (7-8 semester hours—two science course, at least one of which shall be a laboratory course)

_____	_____	Natural Sciences Electives	7/8
-------	-------	----------------------------	-----

Mathematics (3 semester hours—one course in mathematics at or above the college level)

MATH	_____	Mathematics Elective	3
------	-------	----------------------	---

Social Sciences (6 semester hours—one course in each of two disciplines in social and behavioral sciences)

HIST	114	African American History to 1865 or	
HIST	115	African American History Since 1865	3
_____	_____	Behavioral Sciences Elective	3

Technology (3 semester hours—one course in technology)

FREN	201-202	Second-Year French I and II or	6
SPAN	101-102	First-Year Spanish I and II	6
SPAN	201-202	Second-Year Spanish I and II	6

*Note: *The language requirement is for BA majors only. Students must pursue **12 hours in either** French or Spanish*

Special BA and BS Degree Requirements

All English majors must:

- Pass the Bowie State University *English Proficiency Examination* immediately after completing ENGL 102, Argument and Research. Transfer students should take the *English Proficiency Examination* the first semester of matriculation.
- Take the Senior Comprehensive Examination.
- Present an original research-based paper, creative work, or investigative report at the Senior Symposium.

BA majors must also:

- Take 12 hours in French or a foreign language approved by the chair.

Students are encouraged to take SUMMER courses and attend MINI-SEMESTER in order to have a manageable semester load.

Note: The Department reserves the right to specify suitable general education courses for its majors, in keeping with COMAR.

**BACHELOR OF ARTS IN ENGLISH - CONCENTRATION:
LANGUAGE AND LITERATURE**

The Language and Literature concentration leading to the BA in English provides students with a solid grounding in English and foreign language skills; textual interpretation and writing; American, British, and World literatures; and critical tools and theoretical perspectives. The track provides a balance between traditional literature surveys and period courses and courses in which the organizing principle is generic, thematic, or theoretical. Students with the Language and Literature B.A. may go on to graduate studies, teaching or publishing, or any career in which superior critical thinking, analytical, and communication skills are essential.

**BACHELOR OF SCIENCE IN ENGLISH
CONCENTRATION: TEACHER EDUCATION**

The English Education program is offered jointly by the Department of English and Modern Languages and the Department of Teaching, Learning, and Professional Development. Students in this Program are assigned an advisor in the Department of English and Modern Languages and in the Department of Teaching, Learning, and Professional Development. This Program is designed specifically to prepare students to teach English at the secondary school level. The curriculum exposes the student to those topics stressed in the National Council of the Teachers of English (NCATE) standards and meets the requirements for teacher certification in the State of Maryland.

Special BS Degree Requirements

To be formally admitted to the education component of the Program, the student must apply to the Teacher Education Program, usually after completion of appropriate courses taken during the freshman/sophomore years. The application procedure requires the student to compile a brief portfolio, undergo an interview with a representative of the Admission and Retention Committee, and finalize arrangements to successfully complete PRAXIS I. In addition, to complete the Program successfully, the student must pass the appropriate sections of the Teacher Competency Exams (PRAXIS I and PRAXIS II). For further information, the student should consult his/her advisor in the Department of Teaching, Learning, and Professional Development.

BS majors must also:

- Take ENGL 337 geared for teaching adolescent literature in secondary school.
- Take ENGL 470 the semester before student teaching.
- Apply for admission to the Teacher Education Program.
- Apply for Directed Teaching and Seminar the semester prior to being placed.
- Have results of PRAXIS I and II sent to the Department of Teaching, Learning, and Professional Development.

MINOR PROGRAMS

CREATIVE WRITING

A minor in creative writing consists of 18 hours and is designed for students who desire to enhance their creative talents in any of the literary genres: Poetry, fiction, drama, etc.

CORE REQUIREMENTS (18 semester hours)			Sem. Hrs.
ENGL	256	Introduction to Creative Writing	3
ENGL	257-260	Choose one genre	3
ENGL	357-360	Choose two genres	6
ENGL	455-456	Advanced Creative Writing I	6

LITERATURE

A minor in literature consists of 18 semester hours and will enhance the critical, analytical, and writing skills of students in other majors.

CORE REQUIREMENTS (18 semester hours)			Sem. Hrs.
ENGL	301-302	English Literature I and II	6
ENGL	316-317	American Literature I and II	6
ENGL	324/325	African American Literature I or II or	
ENGL	408	Shakespeare's Problem Plays, Trag. and Rom. or	
ENGL	409	Chaucer	3
ENGL	425	Seminar in African American Literature	3

LITERATURE OF THE AFRICAN DIASPORA

A minor in literature of the African diaspora consists of 18 semester hours and is designed for students who desire exposure to other cultures via the best in literary expression and seek enhancement of their analytical and writing skills.

CORE REQUIREMENTS (18 semester hours)			Sem. Hrs.
ENGL	211	Literatures of the World	3
ENGL	326	Literature of the Caribbean	3
ENGL	327	African Literary Expression	3
ENGL	—	English Elective	3
FREN	304	Introduction to French Literature	3
SPAN	430	Open Seminar in Hispanic Literature	3

FRENCH LANGUAGE

The French minor is a 21-credit-hour program that offers the students learning experiences that help them understand, speak, read, write, and listen in the target language with a high level of proficiency. The French language minor will enable students to compete in area businesses and industries with international branches.

CORE REQUIREMENTS (21 semester hours)			Sem. Hrs.
FREN	201-202	Second-Year French I and II	6
FREN	301-302	French Conversation I and II	6
FREN	303	Introduction to French Literature I or	
FREN	304	Introduction to French Literature II or	
FREN	326	Francophone Cultures and Literatures	3
FREN	327	French Culture and Civilization	3
FREN	340	French for Special Purposes (Business, Communication, etc.)	3

Recommendations: FREN 201, 202, 301, and 302 should be taken in sequence before proceeding to other courses. A maximum of six transfer credits will be accepted provided they were completed during the two-year period preceding enrollment at Bowie State University.

SPANISH LANGUAGE

A Spanish language minor may be used with any major in the University, including areas such as business, social work, psychology, education, and science. Students will gain a significant auxiliary skill with the acquisition of a foreign language. The Spanish language minor is a 21-credit-hour program offering learning experiences that prepare students to understand the language at the conversational level and to use it in a variety of settings. The Spanish language minor will prepare the Bowie graduate to move into a variety of employment areas or to continue graduate studies at schools where a foreign language is a prerequisite for admission.

CORE REQUIREMENTS (21 semester hours)			Sem. Hrs.
SPAN	101-102	First-Year Spanish I and II	6
SPAN	201-202	Second-Year Spanish I and II	6
SPAN	301-302	Spanish Conversation and Composition I and II	6
SPAN	204	Spanish Phonetics and Phonology or	
SPAN	308	Spanish Structure	3

HISPANIC CULTURE

The Hispanic culture minor is an 18-credit-hour program that offers the student an opportunity to gain a deeper understanding of Hispanic culture through study of historical, economic, artistic, literary, and political developments in the Spanish-speaking world. Students will also gain a deeper understanding of Spanish cultures and their interaction with the United States. The minor offers students opportunities to prepare for graduate study at schools where a foreign language is a prerequisite for admission.

DEPARTMENT OF FINE AND PERFORMING ARTS		
MAJOR	CONCENTRATION	DEGREE OFFERED
FINE ARTS	Art (Studio) Music Music Technology Musical Theatre	BA
THEATER ARTS	Act/Directing	BS
Visual Communication, Digital & Media Arts (VCDMA)		BA

Chair: Clarence E. Knight, Jr.

Professors: Clarence E. Knight Jr., Robert Ward, Marymal Holmes, E. Clark Mester, Jr., Gail S. Medford

Associate Professor: Tewodross Melchishua

Assistant Professor: Renee Charlow, Jennifer Dorsey, Clayton Lang, Gilbert Pryor, Elliott Moffitt, Gina Lewis

Lecturers: Bob Bartlett, LaTonya Wrenn, Adolph Wright

Director of University Bands: Adolph Wright

Assistant Band Director: Billy Bennett

MISSION

Consistent with the University's overall mission, the Department of Fine and Performing Arts is dedicated to providing a comprehensive and holistic education that will produce empowered graduates prepared to meet the challenges of their discipline, stay abreast of technology, and embrace diversity. The Department fosters community outreach that perpetuates an overall appreciation of visual arts, music, dance, and theatre and their recognition of the arts in academe.

GOALS

1. To provide a progressive and rigorous curriculum with activities that ground students in the arts holistically, as well in their specific areas of concentration.
2. To recruit, retain and graduate academically sound and diverse student populations.
3. To encourage individual creativity and experimentation in interdisciplinary activities, in arts as a business, and in overall aesthetics.
4. To cultivate critical thinking through individual and collective examinations of quality in the arts and

aesthetics.

5. To offer the most current technological advances employed in art/design, music, dance and theatre.
6. To expose students to a variety of cultural experiences that enhances their artistic repertoire and develops their appreciation for diversity.
7. Through partnerships, alliances and/or collaborative experiences, increase departmental support and visibility.
8. To foster on the campus and in surrounding communities an appreciation of the arts as a cultural force in society.
9. To strengthen viable human and fiscal resources and maintain accountability to both the university and the public

OBJECTIVES

1. To offer courses which stimulate students to learn about art and creative self-expression, as a part of their cultural growth.
2. To foster an appreciation for the value of art experiences.
3. To acquaint students with Fine and Performing Arts practices of various cultures, from prehistoric times to the present.
4. To show the relationship of the fine and performing arts to other fields of learning.
5. To encourage students who demonstrate interest and potential for artistic growth to continue the study of art in its various forms.
6. To provide students with a strong base in the visual and performing arts, research, technology and professional performance and exhibition.

DEPARTMENT OF FINE & PERFORMING ARTS REQUIREMENTS

The Department of Fine & Performing Arts (DFPA) offers two programs that lead to the Bachelor of Arts (BA) or Bachelor of Science (BS) degrees. Students may seek a major in Fine Arts with a concentration in Art (Studio), VCDMA, Music, or Music Technology and receive a Bachelor of Arts degree. Students in the Theatre Arts program will concentrate in Musical Theatre or Acting/Directing and receive a Bachelor of Science degree. The minimum number of credit hours required for both Bachelor's Degrees is 120. Students who choose to concentrate in a particular area must consult each semester with a Fine and Performing Arts faculty advisor.

SPECIAL REQUIREMENTS

Students pursuing the BA in Fine Arts must take 12 semester hours of a foreign language.

ADMISSION REQUIREMENTS

The student must officially declare Fine Arts or Theater, with their concentration, as a major by entering it on his/her initial application for admission or by submitting the *Declaration of Major/Program Form*. Fine Arts/Theater majors must earn at least a grade of "C" in the required Fine Arts/Theater core courses taken in the major or the course must be repeated. Fine Arts/Theater majors who show evidence of a fundamental weakness in an area of study may be required by the Department Chair to take additional study in the deficit area. All students applying for admission as Fine Arts/Theater majors are expected to demonstrate their skills via portfolio or performance, as appropriate.

Students are encouraged to take SUMMER courses in order to have a manageable semester load. Students must successfully pass the English Proficiency Exam. It is recommended that the exam be taken after successful completion of English 101 & 102 and before the end of the junior year.

Note: The Department reserves the right to specify suitable general education courses for its majors, in keeping with COMAR.

ART (STUDIO) CONCENTRATION

MISSION

The Art (studio) concentration is designed to acquaint the students with the basic areas of disciplines within the visual arts, to offer formal instructions in media techniques, and to stimulate the development of talent and creativity through aesthetic enrichment, individual interpretation and experimentation. The program is also designed to give the student a sound background in the visual arts for further study in graduate school and professional art school in the studio arts. Students are prepared to enter the workforce at the entry level in the studio arts, gallery, exhibition and/or museum studies fields, and with visual arts organizations. Students will receive an orientation to entrepreneurship and self-promotional initiatives.

Program

Goals & Objectives:

To strengthen students' knowledge, demonstrative skill and application of studio arts (painting, drawing/illustration, design, sculpture, ceramics and mixed media) and the elements and principles of art/design

1. To produce students that are highly qualified for various opportunities and careers in the visual arts and industry
2. To provide students with a sound foundation in art history, criticism and theory, especially the art and contributions of people of African descent and many other cultures
3. To provide the global community with visual artists that are critical thinkers, problem solvers, as well as culturally and environmentally conscious designers & producers
4. To assist students in career and future educational pursuits, such as graduate studies, and networking with the professionals in the art, visual communication, museum/gallery and related industries
5. To provide students access to state-of-the art studio arts equipment and technology, as well as the ability to conduct research and participate in collaborative and interdisciplinary projects, and public art and/or commissioned art projects
6. To introduce students to visual and media artists, designers and especially those of color who have contributed to the field of technology, digital art/design & media arts
7. To further introduce contemporary visual artists/designers incorporating art with technology into their creative work and in various industries

Career Opportunities

The field of studio arts is a challenging and expanding industry that intersects with many other areas such as design. Students will be exposed to a liberal arts program that provides access to technology, research and training to enter this vast career with success. There are various opportunities in the studio arts, production and related arts industries. The Baltimore/Washington metropolitan area is a major center for the arts,

government, entertainment and business, both nationally and internationally. This rapidly expanding area will allow graduates to find creative employment and research opportunities in related fields.

Additionally, Art faculty actively assists students with obtaining internships and/or apprenticeships, and at times employment opportunities in the field, both locally and nationally. The vast employment opportunities available for art graduates include:

- practicing studio artist
- educational institutions
- museums and galleries
- arts organizations
- textile industries
- design and animation studios
- book, magazines and newspapers
- packaging firms
- publishing houses
- production design
- advertising agencies
- corporate design departments
- government and non-profit organizations

ADMISSION REQUIREMENTS

A student must officially declare Fine Arts as their major, and Art as a concentration, by entering it on his/her initial application for admission or by submitting the *Declaration of Major/Program Form*. All students applying for admission to Art programs are expected to demonstrate their skills via a portfolio that highlights 10 (or more) examples of professional quality artwork; design, illustration, ceramics, drawing, sculpture, digital art/graphics, photography and painting. This should be submitted via a CD-ROM or DVD-ROM; or through slides. Work should be labeled with title, brief description, medium, and dimensions.

Students must also take the necessary prerequisites (carefully read course descriptions) and meet with their academic advisor BEFORE registering for any class. The DFPA Academic Advisor must approve all courses before registration. Students are accepted into the program and then proceed after successfully completing required foundation, core and university courses, and faculty portfolio reviews; they will continue onto an area of concentration as candidates/majors.

ADVISEMENT

All studio art and VCDMA majors must work closely with a faculty advisor within their concentration. Failure to do so could prolong matriculation through this program.

PROGRAM REQUIREMENTS

Art students must maintain an average of 2.5 or better in all major courses to meet requirements for graduation. Art students who show evidence of a fundamental weakness in an area of study will be required to take additional study work in the deficit area, and/or repeat courses. Students who fail to correct any deficiency, maintain an average of 2.5 or better in all major courses and pass portfolio reviews will not be allowed to graduate from this program.

INTERNSHIP OR APPRENTICESHIP

Students are also required to complete an internship or apprenticeship in their respective field by taking ART 491 Internship in Art & Visual Communication. It is highly suggested students complete at least two (2) or more professional internship experiences prior to graduation. Students will work closely with a Fine

Art/VCDMA Internship Coordinator and BSU Career Services Office, to identify internship and future employment opportunities. Successfully passing ART 491 is a mandatory requirement for graduation.

ART EXHIBITIONS

All art students are required to submit quality artwork to the juried student art exhibitions each semester. It is suggested that art students should also submit artwork to various local and national art/design and/or media competitions or exhibitions. Successfully passing ART 498 Gallery Seminar is a requirement for graduation.

PORTFOLIO REVIEWS & SENIOR THESIS EXHIBITION

PORTFOLIO REVIEWS & SENIOR THESIS EXHIBITION

Upon completion of foundation courses and no later than the end of their sophomore year, students are to submit a portfolio and participate in their first mandatory faculty portfolio review and evaluation. At the end of their junior year students will participate in their second mandatory faculty review and evaluation. Art students are expected to develop and maintain a comprehensive portfolio of course work and independent art projects for periodic inspection and evaluation. This begins in the freshman year and **MUST** be maintained up to and until graduation. Art students are required to participate in a minimum of two (2) scheduled faculty reviews in order to:

1. Advance to 300/400 level art courses
2. Meet requirements for graduation, and submit work for senior thesis course and final exhibition

Students are also to meet regularly with faculty and advisor and submit work for their senior art exhibition, this coincides with passing the course, ART 498 Senior Thesis Exhibition. Students must submit a portfolio that consists of 20 or more professional quality works to be proposed for ART 498 and their senior exhibition. All work for ART 498 and final senior exhibition must be submitted early, or no later than the midterm of the previous semester prior to taking ART 498. All artwork for senior show and final portfolio must be approved by Art/VCDMA advisor, and by all Art/VCDMA faculty.

DFPA, ART & VCDMA ACTIVITIES

Students are expected to participate in DFPA, ART and/or VCDMA (campus) related activities including theatrical/musical/dance performances, lectures, film screenings, exhibitions, workshops, conferences, recitals, etc. as well as off campus events such as field trips, conferences, studio/museums/gallery visits and more, that further enrich the academic and artistic experience.

ADDITIONAL PROGRAM REQUIREMENTS

Students pursuing the BA in Fine Arts must take 12 semester hours of a foreign language, and 12 semester hours of art/design (related) history, theory and/or criticism, including an additional (and mandatory) ART 405 African American Art History, for a total of 15 credits in art history. Students are also required to maintain a professional portfolio and have regularly scheduled portfolio reviews with faculty. Students must also successfully pass the English Proficiency Exam. It is recommended that the exam be taken after successful completion of English 101 & 102; before the end of the junior year.

PLEASE NOTE: It is recommended that students who plan to apply for graduate school or work as practicing studio artists directly after the completion of their bachelor's degree take additional hours of advanced studio courses in at least one studio concentration area. Art students should try to focus in the area of emphasis: 3D, 2D, or Integrated Media to allow students to specialize in one or two media.

It is also highly recommended (not required) that students take additional advanced courses in English, Business/Marketing and/or Communication as necessary. These courses will further assist students in developing and mastering technical and research skills, as well as skills in effective written and verbal

communication.

TRANSFER STUDENTS

Transfer students must submit a portfolio with their application and send to the ART or VCDMA coordinator/advisor for review. Students who transfer in with 12 credit hours or more are not required to take Freshman Seminar.

MINOR CONCENTRATION

ART/VCDMA

Students may minor IN ART/VCDMA by consulting with the advisor and the VCDMA advisor/coordinator. A minor in ART/VCDMA consists of 21 CREDIT hours; six (6 studio and 1 art history course). Classes normally consist of foundation and introductory courses and one or more advanced course.

Visual Culture & Museum Studies

The Baltimore/DC area is surrounded by countless opportunities related to fine arts, preservation and research in the visual arts. The minor was created to support students who have an interest in careers and research areas related to art history, theory, criticism, as well as pop culture and museum-related studies. The minor will also empower and prepare students for working in the local and national museum, galleries and arts organizations.

Students are also required to assist with ART 498 Senior Thesis & Gallery Seminar and/or ART 491 Internship & Apprenticeship in Art/Visual Communications to assist with art research, preservation, exhibition preparation and removal in both the Amos White IV Gallery of Art & Harambee Gallery in the Department of Fine & Performing Arts, and online galleries via the DFPA or ART/VCDMA website, for a minimum of one semester. Students must successfully pass a minimum of 24 credits hours in art history, studio and/or related courses. Students should speak to an advisor for approved courses.

FACILITIES

The Art program in the Department of Fine & Performing Arts, is always working on providing students with access to the latest in technology, equipment, art preparation materials and innovation. Currently, there are four (4) art studios for: painting, printmaking, sculpture, ceramics, design and photography. In addition, there are two (2) darkrooms and one (1) state-of-the-art Apple digital media and VCDMA Art lab. In this lab we offer but are not limited to:

Hardware:

1. Apple iMacs
2. Apple Mac Pros
3. Scanners
4. Digital still/video cameras

Software:

- Adobe Creative Suite
- Adobe/Macromedia Studio 8
- ToonBoom Studio
- Final Cut Studio
- After Effects
- Apple iMovie
- Apple iWork
- Apple iLife
- Microsoft Office

- Arkaos VJ

Students also have access to the latest technology and equipment in digital video production, visual effects, lighting and digital photography, green screen and backdrops. Art students may also have access (with permission from VCDMA faculty and requests from Art faculty) for research, printing, scanning and limited internet access in the VCDMA digital arts lab, usually 6 to 7 days of the week with evening and weekend lab access; as well as DVD's, materials, books, professional and industry journals dedicated to art/design, visual communication, animation, media studies, etc. both in the lab and also in the undergraduate library. The DFPA provides 18-hour access to studios for design, digital imaging, drawing, painting, printmaking, sculpture, traditional arts & crafts and ceramics. There is also access for students to traditional and digital photography equipment and darkrooms. Students also have access to the *BSU X Seed*, the university's (and one of the country's) fastest supercomputers, for production, storage, rendering, research and collaboration with other departments, schools and universities worldwide.

LIBRARY AND RESEARCH

Students in Art (Studio) has access for research from a variety of sources such as art and design periodicals, journals, resources and more, that cover various software training and tutorials, including subscriptions to Communication Arts, Computer Arts, and other professional art/design, history, theory & criticism; media arts, books, DVDs, films, magazines and online resources.

BOWIEHAUS

BOWIEHAUS is a student based art/design and marketing incubator and research project. Its goal is to teach Art & VCDMA students how to design products and/or services; and to provide opportunities for students to gain experience in marketing those products through sound business practices. Art, design and technology are combined with business entrepreneurship to prepare students to become successful before and after graduation.

NETWORKING, STUDENT & PROFESSIONAL ORGANIZATIONS

THE ARTIST GUILD

The Artist Guild is a creative arts organization for students studying Art and Visual Communication and Digital Media Arts, but is open to all other students who are interested in promoting the visual arts. One of the guild's purposes is to raise and maintain a high standard of quality of visual art, design, and visual communication, networking with art and design professionals, and to produce awareness in visual arts on campus, with other institutions and HBCUs, and throughout the community. Membership in the Artist Guild is mandatory for all Art/VCDMA students.

Students are also encouraged to join and participate in regular workshops, meetings, salons, presentations (on and off campus) sponsored by arts/design or media related organizations such as: the American Graphics Arts Association (AIGA), The Art Director's Club of DC, Black Artists of DC, Animator's Association (ASIFA), The National Conference of Artists (NCA), College Arts Association (CCA), National Arts Educator's Association (NAEA); The Association of Independent Video & Filmmakers (AIVF), FocusOnDesign, The Washington Project for the Arts, the International Game Developer's Association and the National Alliance of Artists from Historically Black Colleges and Universities (NAAHBCU), SIGGRAPH, Cultural Development Corporation, and many more. Many local designers, digital and traditional artists, animators and filmmakers regularly come to the Art/VCDMA program and the DFPA to give participate in career days, exhibitions, guest lectures, conduct workshops and portfolio reviews.

VISUAL COMMUNICATION, DIGITAL AND MEDIA ARTS (VCDMA) CONCENTRATION

MISSION

The Visual Communication and Digital Media Arts (VCDMA) concentration is one that enables and empowers students for a career in visual communication, digital and media arts. Students who follow this concentration are introduced to opportunities in graphic design, digital art & imaging new media and multimedia. By building upon foundation courses, students merge skills in art, technology and communication. Students are prepared to enter the workforce at the entry level in visual communication, design, new media, multimedia and/or continue onto graduate studies after successfully completing the VCDMA program.

All VCDMA students are required to complete their core or art and foundation courses and then select specified courses based on their specific track or concentration. Additionally, students from other departments may seek to minor in VCDMA and should develop a track scheme with faculty in VCDMA. The minimum number of semester hours required for the Bachelor's of Arts Degree in Fine Arts with a concentration in VCDMA is 123 CREDITS. Students who choose to concentrate in a particular area must consult with a VCDMA Faculty advisor.

PROGRAM

Goals & Objectives:

1. To strengthen students' knowledge, demonstrative skill and application of visual communication, design, digital art and the elements and principles of art/design
2. To produce students that are highly qualified for various opportunities and careers in visual communication, media production and digital art
3. To provide the global community with visual artists that are critical thinkers, problem solvers, as well as culturally and environmentally conscious designers & producers
4. To provide fine arts majors a survey of courses in design, including new media, including animation/motion graphics, digital video, web/multimedia; installation art, textile/fashion and product design
5. To assist students in career and future educational pursuits, with networking with the professionals in the art, visual communication, entertainment and media industries
6. To provide students access to state-of-the art digital imaging & multimedia technology, as well as the ability to conduct research and participate in collaborative and interdisciplinary projects
7. To introduce students to visual and media artists, designers and especially those of color who have contributed to the field of technology, digital art/design & media arts
8. To further introduce contemporary visual artists/designers incorporating art with technology into their creative work and in various industries

Career Opportunities

The field of visual communication is a successful and expanding industry. Students will be exposed to a liberal arts program that provides access to technology, research and training to enter this vast career with success. There are various opportunities in advertising in print, multimedia, product and fashion design; as well as in new media (motion graphics, video, animation and game design). The Baltimore/Washington metropolitan area is a major center for the arts, government, entertainment and business, both nationally and internationally. This rapidly expanding area will allow graduates to find creative employment and research opportunities in related fields.

Additionally, VCDMA faculty actively assists students with obtaining internships and at times employment opportunities in the field, both locally and nationally. The vast employment opportunities available for art/visual communication graduates include:

- design and animation studios
- online design companies
- video game and development companies
- book, magazines and newspapers
- packaging firms
- publishing houses
- production design
- advertising agencies
- corporate design departments
- museums and galleries
- educational institutions
- government and non-profit organizations
- cable, local and international television networks and stations

ADMISSION REQUIREMENTS

A student must officially declare Fine Arts as their major, and VCDMA as a concentration, by entering it on his/her initial application for admission or by submitting the *Declaration of Major/Program Form*. All students applying for admission to VCDMA programs are expected to demonstrate their skills via a portfolio that highlights 10 (or more) examples of professional quality artwork; design, illustration, ceramics, drawing, sculpture, digital art/graphics, photography and painting.

This should be submitted via a CD-ROM or DVD-ROM; or through slides. Work should be labeled with title, brief description, medium, and dimensions. Students must also take the necessary prerequisites (carefully read course descriptions) and meet with their academic advisor BEFORE registering for any class. The DFPA Academic Advisor must approve all courses before registration. Students are accepted into the program and then proceed after successfully completing required foundation, core and university courses, and faculty portfolio reviews; they will continue onto an area of concentration as candidates/majors.

PROGRAM REQUIREMENTS

VCDMA students must maintain a 2.5 or better in all major courses to meet requirements for graduation. VCDMA students who show evidence of a fundamental weakness in an area of study will be required to take additional study work in the deficit area, and/or repeat courses.

Failure to correct any deficiency, maintain a 2.5 or better in all major courses, and/or failed portfolio reviews will be considered grounds for students to leave the VCDMA program.

PORTFOLIO REVIEWS & SENIOR THESIS EXHIBITION

PORTFOLIO REVIEWS & SENIOR THESIS EXHIBITION

Upon completion of foundation courses and no later than the end of their sophomore year, students are to submit a portfolio and participate in their first mandatory faculty portfolio review and evaluation. At the end of their junior year students will participate in their second mandatory faculty review and evaluation. Art students are expected to develop and maintain a comprehensive portfolio of course work and independent art projects for periodic inspection and evaluation. This begins in the freshman year and **MUST** be maintained up to and until graduation. Art students are required to participate in a minimum of two (2) scheduled faculty reviews in order to:

1. Advance to 300/400 level art courses
2. Meet requirements for graduation, and submit work for senior thesis course and final exhibition

Students are also to meet regularly with faculty and advisor and submit work for their senior art exhibition, this coincides with passing the course, ART 498 Senior Thesis Exhibition. Students must submit a portfolio that consists of 20 or more professional quality works to be proposed for ART 498 and their senior exhibition. All work for ART 498 and final senior exhibition must be submitted early, or no later than the midterm of the previous semester prior to taking ART 498. All artwork for senior show, and final portfolio must be approved by Art/VCDMA advisor, and by all Art/VCDMA faculty.

INTERNSHIP OR APPRENTICESHIP

Students are also required to complete an internship or apprenticeship in their respective field by taking ART 491 Internship in Art & Visual Communication, in their respective career field prior to graduation. It is highly suggested students complete at least two (2) or more professional internship experiences prior to graduation. Students will work closely with VCDMA Internship Coordinator and BSU Career Services Office, to identify internship and future employment opportunities. *Please Note:* Successfully passing ART 498 & ART 491 are requirements for graduation.

ART EXHIBITIONS

All VCDMA Students are required to submit quality artwork to the juried student art exhibitions each semester and be juried or have selected into one (1) exhibition per year, for a total of four (4) exhibitions prior to graduation. It also suggested that VCDMA students should also submit digital art, design, videos, animation, media, etc. to various local and national art/design and/or media competitions or exhibitions.

DFPA, ART & VCDMA ACTIVITIES

Students are expected to participate in DFPA, ART and/or VCDMA (campus) related activities including theatrical/musical/dance performances, lectures, film screenings, exhibitions, workshops, conferences, recitals, etc. as well as off campus events such as field trips, conferences, studio/museums/gallery visits and more, that further enrich the academic and artistic experience.

ADDITIONAL PROGRAM REQUIREMENTS

Students pursuing the BA in Fine Arts must take 12 semester hours of a foreign language, and 12 semester hours of art/design (related) history, theory and/or criticism, including a mandatory ART 404 History of Modern Art. Students are also required to maintain a professional portfolio and have regularly scheduled portfolio reviews with faculty. Students must also successfully pass the English Proficiency Exam. It is recommended that the exam be taken after successful completion of English 101 & 102; before the end of the junior year. It is also highly recommended (not required) that students take additional courses in English, Business/Marketing, Computer Science and/or Communication as necessary. These courses will further assist students in developing and mastering technical and research skills, as well as skills in effective written and verbal communication.

TRANSFER STUDENTS

Transfer students must submit a portfolio with their application and send to the ART or VCDMA coordinator/advisor for review. Students who transfer in with 12 credit hours or more are not required to take Freshman Seminar.

MINOR CONCENTRATION

ART/VCDMA

Students may minor IN ART/VCDMA by consulting with the advisor and the VCDMA advisor/coordinator. A minor in ART/VCDMA consists of 21 CREDIT hours (6 studio and 1 art history course). Classes normally consist of foundation and introductory courses and one or more advanced course.

Visual Culture & Museum Studies Minor

The Baltimore/DC area is surrounded by countless opportunities related to fine arts, preservation and research in the visual arts. The minor was created to support students who have an interest in careers and research areas related to art history, theory, criticism, as well as pop culture and museum-related studies. The minor will also empower and prepare students for working in the local and national museum, galleries and arts organizations.

Students are also required to assist with ART 498 Senior Thesis & Gallery Seminar and/or ART 491 Internship & Apprenticeship in Art/Visual Communications to assist with art research, preservation, exhibition preparation and removal in both the Amos White IV Gallery of Art & Harambee Gallery in the Department of Fine & Performing Arts, and online galleries via the DFPA or ART/VCDMA website, for a minimum of one semester. Students must successfully pass a minimum of 24 credits hours in art history, studio and/or related courses. Students should speak to an advisor for approved courses.

FACILITIES

The VCDMA area in the Department of Fine & Performing Arts, is always working on providing students with access to the latest in technology, equipment, art preparation materials and innovation. Currently, there are four (4) art studios for: painting, printmaking, sculpture, ceramics, design and photography. In addition, there are two (2) darkrooms and one (1) state-of-the-art Apple digital media and VCDMA lab. In this lab we offer but are not limited to:

Hardware:

1. Apple iMacs
2. Apple Mac Pros
3. Scanners
4. Color printers and digital still cameras

Software:

1. Adobe Creative Suite
2. Adobe/Macromedia Studio
3. ToonBoom Studio
4. Final Cut Studio
5. After Effects
6. Apple iMovie
7. Apple iWork
8. Apple iLife
9. Microsoft Office
10. Arkaos VJ

Students also have access to the latest technology and equipment in digital video production, visual effects, lighting and digital photography, green screen and backdrops. Students also have access to research, printing, scanning and full internet access in the VCDMA digital media arts lab, usually 6 to 7 days of the week with evening and weekend lab access; as well as DVD's, materials, books, professional and industry journals dedicated to art/design, visual communication, animation, media studies, etc. both in the lab and also in the undergraduate library.

The DFPA provides 18-hour access to studios for design, digital imaging, drawing, painting, printmaking, sculpture, traditional arts & crafts and ceramics. There is also access for students to traditional and digital photography equipment and darkrooms. Students also have access to the BSU X Seed, the university's (and one of the country's) fastest supercomputers, for production, storage, rendering, research and collaboration with other departments, schools, and universities worldwide.

LIBRARY AND RESEARCH

Students in VCDMA and Art (Studio) has access for research from a variety of sources such as art and design periodicals, journals, resources and more, that cover various software training and tutorials, including subscriptions to Communication Arts, Computer Arts, and other professional art/design, animation, history, theory & criticism; media arts, books, DVDs, films, magazines and online resources.

BOWIEHAUS

BOWIEHAUS is a student based art/design and marketing incubator and research project. Its goal is to teach Art & VCDMA students how to design products and/or services; and to provide opportunities for students to gain experience in marketing those products through sound business practices. Art, design and technology are combined with business entrepreneurship to prepare students to become successful before and after graduation.

NETWORKING, STUDENT & PROFESSIONAL ORGANIZATIONS

ARTIST GUILD

The Artist Guild is a creative arts organization for students studying Art and VCDMA, but is open to all other students who are interested in promoting the visual arts. One of the guild's purposes is to raise and maintain a high standard of quality of visual art, design, and visual communication, networking with art and design professionals, and to produce awareness in visual arts on campus, with other institutions and HBCU's, and throughout the community. Membership in the Artist Guild is mandatory for all Art/ VCDMA students.

Students are also encouraged to join and participate in regular workshops, meetings, salons, presentations (on and off campus) sponsored by arts/design or media related organizations such as: the American Graphics Arts Association (AIGA), The Art Director's Club of DC, Black Artists of DC, Animator's Association (ASIFA), The National Conference of Artists (NCA), College Arts Association (CCA), National Arts Educator's Association (NAEA); The Association of Independent Video & Filmmakers (AIVF), FocusOnDesign, The Washington Project for the Arts, the International Game Developer's Association and the National Alliance of Artists from Historically Black Colleges and Universities (NAAHBCU), SIGGRAPH, Cultural Development Corporation, and many more. Many local designers, digital and traditional artists, animators and filmmakers regularly visit the VCDMA program and the DFPA to give participate in career days, exhibitions, guest lectures, conduct workshops and portfolio reviews.

MUSIC CONCENTRATION

Students majoring in Fine Arts may select music as an area of concentration. An audition before a faculty member is required of all Fine Arts Majors wishing to concentrate in music. A theory placement examination is required of all incoming students. This evaluation is to determine the level at which a student must begin in the theory sequence.

REQUIRED COURSES (28 semester hours)

			Sem. Hrs.
MUSC	145	Music History	3
MUSC	146	Music History since 1810	3
MUSC	155	Basic Music Theory	3
MUSC	156	Intermediate Music Theory	3
MUSC	255	Advanced Music Theory	3
MUSC	256	Contemporary Music Theory	3
MUSC	110	Introduction to Electronic Music	3

MUSC	212	Notation	2
MUSC	157	Sight Singing	2
ART	470	Self Promotion and Marketing in the Arts	3

Students must complete the equivalent of 6 semesters of large ensemble (i.e. Choir, Concert, Marching, or Jazz bands) and applied music (Instrumental, Piano, and/or Vocal participation.) Students are required to participate in an ensemble each semester they are enrolled at BSU. (Note: Only 8 credits may be applied to the concentration.) Students in Vocal Concentration are required to take MUSC 301 and 304 (Diction and Vocal Literature). Four credits of music electives may be used for this purpose.

AUDITION REQUIREMENTS

Vocal-

One Italian Art Song and one song from the following categories: German Lied, French Chanson, English or American Art Song, African-American Spiritual, as well as sight-reading.

Piano-

Major and minor scales and arpeggios, sight-reading, three contrasting pieces from different periods (i.e. Baroque, Classical, Romantic and Contemporary).

Instrumental-

Wind instrumentalist (i.e. trumpet, clarinet, etc.), guitarist, pianist, bassist, and percussionist should prepare published solo literature that best exhibits technique and musicianship. Instrumentalist will be asked to play major scales including the chromatic scale. In addition, percussionist will be asked to execute the 26 Essential Rudiments as required by the **National Association of Rudimental Drummers**.

Percussionist must perform on three of the following instruments: Snare Drum, Melodic Percussion (Marimba, Xylophone, etc.), Timpani, and/or Trap Set.

Rhythm section instrumentalist (Keyboard, Bass, Trap drums, etc.) must display competence in playing "time" as well as demonstrate solo ability in any three of the following styles of music: Swing, Latin, Jazz Waltz, or Contemporary (Funk, Gospel, Rock, Fusion, etc.).

All instrumentalists will be required to demonstrate sight-reading skills.

Proficiencies

A student must demonstrate standard proficiencies in musicianship and piano. Each student must pass periodic performance evaluations. Specific requirements include:

- a. Basic scale in 2-3 octaves (studied during that semester)
- b. Basic chord progressions
- c. 2 prepared pieces
- d. Traditional arrangements of the Star Spangled Banner, America, Maryland My Maryland and Lift Every Voice and Sing

Recitals

All recital repertoire must be selected, by the Instructor, from music studied during applied lessons at Bowie State University.

Each student will be required to perform a, 45 to 60 minute, recital at the end of their senior year as a final requirement for graduation. The following prerequisites must be satisfied or accomplished prior to the presentation of a senior recital:

1. Recommendation by the student's advisor.
2. A grade of "B" or better in all performance-related courses.
3. Students must register for seminar each semester they are enrolled in the DFPA Music Concentration and perform in at least one student seminar per semester prior to junior recital.
4. Satisfactory rating in all performance evaluations.
5. Students preparing for the Senior Recital will be expected to perform excerpts of the program before a committee of music faculty members at least 30 (thirty) days prior to the scheduled recital date.
7. All repertoire must be pre-selected by the applied music instructor and memorized.

Junior Recitals

1. The length of the recital should be at least 30 minutes
2. Music is selected from repertoire studied in applied lessons
3. Junior recitals should be scheduled for the second semester of the student's Junior year

Senior Recitals (Must be performed as a partial fulfillment of requirements for graduation from Bowie State University)

1. The length of the recital should be at least 45 minutes
2. Music is selected from repertoire studied in applied lessons
3. Should be scheduled at the end of Senior year
4. All music must be memorized
5. Students preparing for the Senior Recital will be expected to perform excerpts of the program before a committee of music faculty members 30 (thirty) days prior to the scheduled recital date.

Jury

Juries are required of all music students, at the end of every semester, prior to Final Exams

***See Jury Form**

Juries will measure progress in applied lessons. Preparation for juries should include the following:

1. Two prepared pieces of contrasting styles (i.e. Etudes, Hanon Studies, Scales, Arpeggios)
2. Literature as designated by Applied Instrumental or Vocal Instructor.

The objectives are:

1. To offer students with a variety of practical experiences in performing groups and other environments;
2. To provide multi-cultural experiences that will facilitate effective interaction in diverse environments; and
3. To provide experiences in the latest technology in Music.

Piano Requirements: Three contrasting pieces, five scales, Sight-reading, and Arpeggios, as well as demonstrated knowledge of history and literature of the compositions

Vocal Requirements: Four pieces in contrasting styles and two different languages, as well as know the keys and poetic content of each song

Instrumental Requirements: As designated by applied teacher in keeping with the requirements of Department of F&PA/Music

MINOR CONCENTRATION

Students who wish to pursue a minor in music are required to complete the following:

MUSC	155	Theory I	3
MUSC	156	Theory II	3
MUSC	145	Music History	3
MUSA	—	Ensembles	4
MUSA	—	Performances Studies	<u>5</u>

MUSIC TECHNOLOGY CONCENTRATION

MISSION

The Program will provide students with solid instruction in the variety of ways computer technology is employed in the music industry. It will cover essentials such as computer software, basic studio design, arranging, songwriting, Internet and World Wide Web applications. Courses in music theory and music history give a broad background in the understanding of music styles and genres. A course in business rounds out the curriculum and allows for the understanding of law as it applies to contracts, copyright and the electronic media. A Performance Senior Project is required to complete the concentration. In addition to the 28 semester hours of the Music Technology Concentration, students must successfully complete 93 semester hours of General Education and Fine Arts Requirements. It is suggested that all students enroll in an applied lesson each semester of enrollment, and participate in one of the several performance opportunities.

Admission Requirements

All students applying for admission into the Music Technology Concentration must take a music fundamentals and theory placement test. The results of this test will determine the student's level of understanding of music fundamentals and basic theory principals and assist in the advisement of the appropriate theory level. Students will also have to take an applied instrument evaluation exam to demonstrate sight-reading and performance knowledge. Students should provide a CD with examples of music compositions and/or arrangements that they have prepared using the appropriate software packages available for either the PC or Mac computer platforms. Students can setup auditions and personal interviews through the Music Technology Coordinator.

Student should prepare 3 short selections for the applied audition and will be asked to perform various scales and arpeggios, and given sight-reading materials. Interviews and auditions must be done prior to acceptance into the discipline. A visual/audio interview on DVD can be provided by the student that is unedited-nonstop for a 15 to 20 minute period. It should have explanation of what is being done and credit for the composers/arrangers of the pieces demonstrated. If a DVD is rendered for audition, the sight-reading requirement will be giving the day the student is officially on campus. Appointments can be made by calling (301)860-3750/53 or via email to gpryor@bowiestate.edu. The DVD and CD packet can be mailed to DFPA, Bowie State University 14000 Jericho Park Road MLK RM 238A, Bowie, MD 20715.

REQUIRED COURSES (28 semester hours)

			Sem. Hrs.
ART	470	Self Promo/ Entertainment Business	3
MUSC	110	Introduction to Music Technology	3
MUSC	111	Keyboard Technology I	2
MUSC	155	Music Theory I	3
MUSC	211	Keyboard & Computer Sequencing	3
MUSC	212	Computer Notation	3
MUSC	311	Electronic Comp and Arranging I	2
MUSC	312	Electronic Comp and Arranging II	3
MUSC	410	Multimedia Recording and Production I	2
MUSC	411	Multimedia Recording and Production II	3
MUSA	411	Recital (Senior Project)	0
MUSA	—	Applied Instrument	1

The objectives are:

1. Explore the physical properties of analog and digital sound, synthesizers, microphones, music recording, and the history of electronic music.

2. Develop knowledge of the use of Musical Instrument Digital Interface (MIDI) techniques. Learn how to sequence with workstations, computers. Learn editing and mixing techniques.
3. Develop knowledge of the fundamentals of musical composition and arranging for song writing and commercial jingles while utilizing electronic instruments and devices. Notation for small and large ensembles and arranging concepts are among the areas of instruction.
4. Develop skills to interface with multimedia projects. Preparation of websites, multi-media Power point presentations and animation.
5. Gain knowledge and understanding of various recording media (CD, HD, DVD, and, Mini Disk), microphone and sound mixers for live and recording concepts.
6. Gain knowledge of the aspects of the business of music including, contracts, management, self-promotions, copyright, Internet and other electronic media.

TOTAL SEMESTER HOURS: 120

The above is a suggested profile for study. Advisement is mandatory for proper course sequence.

Senior Project Guidelines

There are two types of Senior Projects:

Recital Project: 30-40 minutes of live (real time) performance, containing original music or arranged selections prepared with sequencing and notation techniques. Program will be advertised and appropriately done as guided by the standards and procedures which govern MUSA 410. It is suggested that the student employs his/her applied instrument as part of this program. Works prepared should be of contrasting nature, (jazz, popular, blues, classical, and urban contemporary).

Collaborative Project: 30-40 minutes of live or real time performance incorporating dance, theater, film, and video or computer animation produced in conjunction with a second artist or artists. Works prepared should be of contrasting nature (jazz, popular, blues, classical, urban contemporary).

All performance materials should be constructed with the consideration of the performance arena used to assure a good balance of sound, and maximum audience enjoyment.

Appropriate credit should be given to all participants for their contributions and each should adhere to the rules that establish good concert ethics throughout the presentation.

Permission for taping, use of materials, images and videotaping should be discussed with the coordinator to assure that all legal and copyright responsibilities are met.

THEATRE ARTS PROGRAM

The Theatre Arts program at Bowie State University offers the Bachelor of Science degree, with a choice of studies in Musical Theatre or Acting/Directing; for non-majors, the program offers a minor in theatre arts or dance. The rigorous program is designed to offer historical, theoretical and experiential studies in acting, directing, stagecraft, dance, children's theatre, and the fundamentals of theatre research and scholarship, as students train in the traditional skills necessary for successfully entering professional theatre and for succeeding in graduate studies. The program includes continuous assessment and evaluation throughout a student's matriculation, beginning with an audition at the onset of the freshman year and ending with a capstone seminar course that requires the submission of a cumulative portfolio. A mid-point evaluation of potential success in the program is also included and usually occurs when approximately sixty credits are acquired. Taking advantage of the University's location and the abundance of community and professional theatre in surrounding areas, the faculty encourages students to participate in off-campus as well as on-campus productions and guides the majors to develop their personal visions of theatre and dance as dynamic and diverse cultural elements of any society.

MISSION

The purpose of the Theatre Arts program is to prepare students for successful entrance into the professional theatre and/or advanced academic study. Through mentorship, practical training, and academic rigor, the program produces graduates with a unique artistic vision, a strong work ethic, and an appreciation for theatre as a dynamic cultural force.

Program Goals

1. Cultivate good stewards of the performing arts through progressive academic theatre and performance studies.

2. Build community connections and partnerships that support the program by fostering artistic growth and providing professional opportunities.
3. Ensure and maintain continuous accountability to students, faculty, staff, and the general public.

Expected Student Outcomes and Competencies

Throughout the program of study and upon graduation, student should demonstrate

- 1) the ability to analyze a variety of performance and dramatic texts
- 2) interdisciplinary knowledge of the theatre arts by clearly articulating its
 - a. history
 - b. performance elements
 - c. production processes
 - d. dramatic literature
 - e. stagecraft areas
 - f. use of technology
- 3) the ability to effectively utilize voice and body as an instrument of performance
- 4) the ability to effectively market self in the business of theatre and dance
- 5) the ability to recognize the universality of theater and dance as global and cultural expressions of humans.

Program Requirements

To successfully matriculate through and graduate from Theatre Arts, majors must meet the following requirements:

1. Complete the basic requirements of the University, as published in its various documents, and demonstrate satisfactory growth within the program.

Graduation Requirements: All BSU majors require a minimum of 120 semester hours.

2. Earn a minimum grade of "C" in courses taken in theatre and dance; otherwise courses in question must be repeated.
3. Participate in all levels of student assessment in the program, as outlined in the Department’s Student Handbook.
4. Throughout matriculation, develop a comprehensive portfolio ready for submission in THEA 461 or 462, which is the senior capstone seminar.
5. Fulfill all performance and crew assignments **each** semester, except where specific exemptions have been approved in advance (i.e., poor grades, lengthy illnesses, emergencies).
6. Accrue a minimum of 120 hours (15 hours per semester) and production and/or lab theatre/dance work during matriculation in the program.
7. Participate in at least two off-campus and three on-campus auditions each year (winter and SUMMER included).
8. Annually attend departmental events in the areas of art, music and dance. Evidence of such attendance and/or participation will be required in the portfolio.
9. Take additional course or laboratory work in any area of study or competency where fundamental weaknesses may be found.

MAJOR	CONCENTRATION	DEGREE OFFERED	MINORS
HISTORY AND GOVERNMENT	History Government History (Social Studies) Education	BS, BA BS, BA BS	Geography Philosophy Women's Studies Pre-Law History Government Pan African Studies International Relations Public Policy Historical Management

Chair: M. Sammye Miller

Professors: Mario D. Fenyo, William B. Lewis, Frederick B. Mills, M. Sammye Miller, Ralph L. Parris

Associate Professors: Joseph M. Kum, Frankie Hutton

Assistant Professors: Benjamin Arah, Robert Birt, Tamara L. Brown, E. Rufus Ozomeyo, Diarra O. Robertson, George S. Sochan, Andreas Woods

Lecturers: James Mauer, Adrian Taylor, Gerad Tikasingh

MISSION

The Department contributes to Bowie State University's major mission as a regional comprehensive liberal arts university. It provides an atmosphere that promotes intellectual development, scholarship, and critical thinking for its diverse student body. In addition, students who major in history and government have the opportunity to experience the responsibilities and rewards of leadership. This combination of learning and personal challenge enables our graduates to face the demands of the twenty-first century with confidence.

GOALS

Consonant with Bowie State University's mission as an institution of higher learning committed to a tradition of free inquiry, the goals of the department are:

1. To foster an atmosphere conducive to the fruitful exchange of ideas between students and faculty.
2. To train students proficiently in content and methodology in the departmental concentrations

of their choice.

3. To provide opportunities for critical study which will build marketable skills in a variety of fields.
4. To give students in the sequences a level of training which will enable them to succeed in graduate studies and professional schools, or to pursue careers in academia, government, or business.

DESCRIPTION OF THE DEPARTMENT

The Department offers an interdisciplinary degree program in history and government with concentrations in History, History Education and Government, as well as minors in the following areas: **geography, philosophy, history, pan African studies, women's studies, historical management, government, international relations, public policy, and pre-law.** The program aims to provide students with a broad understanding of the complex historical, social, economic, and political forces within society, and it seeks to promote students' critical thinking skills. Students who choose either the history or the government sequence may pursue either a BA or a BS degree. Students who choose the history (social studies) education program must pursue a BS degree. To receive a BA/BS in History and Government, the student must complete 120 semester hours. To receive a BS in History and Government with a history (social studies) education concentration, the student must complete 128/129 semester hours. The minors in the Department are based on specific courses and have the following credit hours: geography (15), philosophy (15), history (18), pan-African studies (12), women's studies (18), historical management (18), government (X), international relations (12), public policy (12), and pre-law (15).

GRADUATION REQUIREMENTS

1. Foreign Language: Students in the BA program must take and pass, with a "C" or better, 12 semester hours of a second language other than English. In some cases, a foreign language proficiency examination may be substituted for the course requirement.
2. Senior Thesis: Students, except those in the history (social studies) education concentration, must write a thesis paper in their senior year.
3. Comprehensive Examination: Students must take and pass a written departmental comprehensive examination in their concentration during the senior year.
4. The Bowie State University *English Proficiency Examination*: All majors must take and pass the Bowie State University *Writing Proficiency Examination* after successful completion of ENGL 101 and ENGL 102, *Expository Writing* and *Argument and Research*. Transfer students who completed their English composition requirements at another university must take the *Writing Proficiency Examination* during their first semester of enrollment at Bowie State.
5. History (Social Studies) Education Majors must take PRAXIS I and PRAXIS II and achieve a passing score set by the Maryland State Department of Education in order to be certified by the State of Maryland. Passing scores on the PRAXIS are a prerequisite for several courses in the professional sequence, including methods courses and student teaching. Passing scores on all PRAXIS II are required for graduation.

BACHELOR OF ARTS/BACHELOR OF SCIENCE HISTORY AND GOVERNMENT MAJOR

The Department of History and Government offers the Bachelor of Arts (BA) and the Bachelor of Science (BS) degrees in history and government. Students who wish to earn the BA degree are required to complete twelve semester hours of a foreign language in addition to other requirements. The BA/BS degrees in history and government require a minimum of forty-two semester hours for majors in the history concentration and forty-five semester hours for majors in the government concentration. The BS

degree in history and government requires thirty-six semester hours for majors in the history (social studies) concentration.

Students who wish to pursue a major or minor in history and government must earn a grade of “C” or higher in departmental courses.

Students are encouraged to take SUMMER courses and attend MINI-SEMESTER in order to have a manageable semester load.

Note: The Department reserves the right to specify suitable general education courses, in keeping with COMAR, for its majors.

GENERAL HISTORY CONCENTRATION

The General History Concentration consists of a total of forty-two hours in history course work. Eighteen hours are in history survey courses, eighteen hours are in upper level history courses, and six hours consist of the two parts of the Senior Seminar. These courses are to be taken sequentially with most of the history survey courses being taken before the upper level ones are taken. In any case, the choice of courses must be made in cooperation with the faculty advisor to ensure successful and timely completion of the degree requirements and to prepare for the senior year comprehensive examination and the writing of the thesis paper. Finally, all eighteen hours of history survey courses and all eighteen hours of upper level history courses must be taken before the student takes the two seminar courses.

The General History Concentration is designed as a traditional liberal arts program that emphasizes theory and research so that the student is prepared for graduate studies in history. Should the student wish to graduate with a Bachelor of Arts degree, rather than a Bachelor of Science degree, then, the student must satisfy a foreign language requirement, which can also be met by passing a Foreign Language Proficiency Examination. Students who wish to pursue graduate studies in history are strongly encouraged to take twelve hours of Foreign Language Electives and, thereby, to graduate with a BA.

HISTORY SURVEY COURSES (18 semester hours)			Sem. Hrs.
HIST	110	World Civilization to 1500	3
HIST	111	World Civilization since 1500	3
HIST	114	African-American History to 1865	3
HIST	115	African-American History since 1865	3
HIST	201	United States History to 1865	3
HIST	202	United States History since 1865	3
Total Hours of History Survey Courses			18

For History majors some of the above courses may be included in the program as core departmental requirements or as general education electives, under the social sciences and other general education electives categories.

HISTORY SUB-FIELDS

There are three sub-fields of upper level history courses, which are the African Sub-Field, the European Sub-Field, and the United States Sub-Field. History Majors must take two courses in each of the three sub-fields for their eighteen hours of upper level course work (300-level or higher) in history.

AFRICAN SUB-FIELD			Sem. Hrs.
HIST	360	Survey of African Civilizations to 1500	3

HIST	361	Survey of African Civilizations since 1500	3
HIST	362	History of East and Southern Africa	3

HISTORY MINOR

The minor in history consists of 18 credit hours, and it is based on the following: HIST 114 (General Education Requirement), two survey courses, and three upper level elective courses (300/400 level courses). The core requirements serve as prerequisites for the upper level elective courses (300 and 400 level in Africa, Europe or United States) that the student may select as part of his minor. Before a student takes certain upper level courses, he must have completed survey courses among the core requirements. For instance, in order to take upper level courses in the United States, the student must have completed the United States survey courses. Moreover, in order to take upper level courses in either Africa or Europe, the student must have completed the World Civilization survey courses.

Students who wish to minor in history must earn a “C” or higher in all history courses.

History Minor	Hrs.
HIST 114 African American History to 1865 or	
HIST 115 African American History since 1865	3
Survey Courses (any two)	6
HIST 110 World Civilization to 1500	
HIST 111 World Civilization since 1500	
HIST 201 United States to 1865	
HIST 202 United States since 1865	
<u>Upper Level Elective Courses (any three)</u>	<u>9</u>
Total Hours	18

The upper level course selections are from the following areas: Africa, Europe, and the United States.

HISTORICAL MANAGEMENT MINOR

The historical management minor enables students to seek careers in a variety of professions as archivists, records managers, museum curators, and librarians in both the public and private sectors. In addition to theoretical preparation, historical management offers the candidate fieldwork experience with some institutions in the greater Washington area.

RELATED REQUIREMENTS

BUAD	201	Introduction to Accounting I	3
BUAD	341	Principles of Management	3
BUAD	471	Human Resource Management	3
BUAD	460	Information Systems Management	3

HIST	---	History Electives	9
PSYC	204	Elementary Statistics in Psychology or	
SOCI	309	Elementary Statistics in Sociology	3

PAN-AFRICAN STUDIES MINOR

This an interdisciplinary sequence of courses that enables students to focus on the role African people have played in shaping world civilizations. Pan-African studies offers vital training in methods and research in the social sciences. This training will prepare students for graduate and professional studies as well as careers in the public and private sectors.

RELATED REQUIREMENTS

HIST	361	Survey of African Civilizations	3
GOVT	240	Black Politics in the United States	3
GOVT	251	Africa in World Politics	3
ENGL	209	Afro-American Literature	3
			12

HISTORY AND SOCIAL STUDIES TEACHING CONCENTRATION

The student-educator candidate must meet criteria set by both the Maryland State Department of Education (MSDE) and the university. In terms of semester hours, the student must complete thirty-six hours in history, thirty-seven hours in professional education, and twenty-four hours in the social and behavioral sciences. The hours in history include the following: eighteen hours of history survey, fifteen hours of upper level history, and HIST 497. The thirty-three hours of survey history courses and of upper level history courses must be taken before the student takes HIST 497. All candidates in history or social studies teaching will receive a departmental evaluation with the faculty of the department whereupon a recommendation is made on the student's ability to continue in the teacher education program.

HISTORY SURVEY COURSES

Same courses & same number of hours as majors in General History Sequence	Sem. Hrs.
	18

UPPER LEVEL HISTORY COURSES

Five Upper Level History Courses	Sem. Hrs.
	15

The student must take two courses in each of two sub-fields and one course in the third sub-field. The sub-fields are the following: Africa, Europe, and the United States. To graduate, the student must have, at least, one course in each sub-field and two courses in two sub-fields. The listing of courses, according to sub-fields, is under History Concentration.

GOVERNMENT CONCENTRATION

The Government Concentration is designed to enhance the student's liberal arts education and also to

nurture an understanding of the role of the government and the citizen in a polity. To this end, the program puts an emphasis on the core themes and subjects in three sub-fields. Students in the Government Concentration must successfully complete a minimum of forty-five semester hours in government courses. They will select at least two courses from each sub-field and these courses are to be taken sequentially and in accordance with the profile for the concentration. The choice of courses must be made in cooperation with a faculty advisor. Should the student wish to graduate with a Bachelor of Arts degree, rather than a Bachelor of Science degree, then, the student must satisfy a foreign language requirement, which can also be met by passing a Foreign Language Proficiency Examination. Students who wish to pursue graduate studies in government are strongly encouraged to take twelve hours of Foreign Language Electives and, thereby, to graduate with a BA.

CORE REQUIREMENTS (12 semester hours)			Sem. Hrs.
GOVT	140	Introduction to Comparative Politics	3
GOVT	145	Scope and Methods of Political Science	3
GOVT	315	Early Political Philosophy	3
GOVT	391	Research Methods in Political Science	3
			12

RELATED REQUIREMENTS (12 semester hours)			Sem. Hrs.
ECON	211	Principles of Macroeconomics or	
ECON	212	Principles of Microeconomics	3
COSC	110	Computer Literacy and Applications	3
ENGL	255	Advanced Composition or	
ENGL	361	Technical & Report Writing	3
PYSC	204	Elementary Statistics in Psychology or	
SOCI	309	Elementary Statistics in Sociology	3
			12

SUB-FIELDS

Students are required to take two courses from each of the following sub-fields: American Government, Comparative and International Politics, and Political Philosophy. At least one course from each sub-field has to be at or above the 300-level.

AMERICAN GOVERNMENT			Sem. Hrs.
GOVT	150	Introduction to Public Policy	3
GOVT	232	US State and Local Government	3
GOVT	235	Legal Rights and Remedies	3
GOVT	240	Black Politics in the United States	3
GOVT	283	Urban Politics and Policy Analysis	3
GOVT	317	US Constitutional Law and History I	3
GOVT	318	US Constitutional Law and History II	3
GOVT	319	Law and Politics	3
GOVT	348	US Legislative Process	3
GOVT	351	US Political Parties	3
GOVT	355	Political Behavior	3

COMPARATIVE/INTERNATIONAL POLITICS			Sem. Hrs.
GOVT	215	Political Geography	3
GOVT	250	Government and Politics of Africa	3
GOVT	251	Africa in World Politics	3
GOVT	300	Women and Politics	3
GOVT	301	International Organizations	3

GOVT	320	International Law	3
GOVT	321	Government and Politics of Western Europe	3
GOVT	327	Government and Politics of the Middle East	3
GOVT	330	Theories and Comparative Politics	3

POLITICAL PHILOSOPHY

Sem. Hrs.

GOVT	316	Modern Political Philosophy	3
GOVT	400	Black Political Thought	3

GOVERNMENT MINOR

The government minor is designed for students who wish to broaden their knowledge of the scope and impact of government in society. The minor is designed to complement existing programs of the university by instructing students in the basics government and citizens in the polity. This includes exposing students to the key themes and concepts in politics at the local, national, and international levels. Pursuant to this objective, students must obtain 15 credit hours in the discipline by completing the following courses: GOVT 130 (Introduction to Political Science), GOVT 231 (US National Government), GOVT 315 (Early Political Philosophy), GOVT 145 (Introduction to Comparative Politics) or GOVT 342 (International Relations), and one additional government elective.

Courses			Sem. Hrs.
GOVT	130	Introduction to Political Science	3
GOVT	231	US National Government/Politics	3
GOVT	315	Early Political Philosophy/Theory	3
GOVT	140	Intro to Comparative Politics or	
GOVT	342	International Relations	3
GOVT	—	Any Government Elective	3

INTERNATIONAL STUDIES MINOR

This is an interdisciplinary sequence of courses in International Studies. However, emphasis will be placed on Africa and its interaction with its diaspora and world. The curriculum is dynamic enough and designed to prepare students for graduate school and careers in government, business and international organizations. It should also provide students with a multicultural education as well as enhance their language and communication skills so that they can become effective citizens in an interdependent world. In essence, this concentration aims to provide the requisite training that would enable the student to become a competent professional in the field of international affairs.

The courses within the International Studies minor focus on international political economy, area and comparative studies and international politics.

RELATED REQUIREMENTS			Sem. Hrs.
ECON	341	International Economics	3
GOVT	251	Africa in World Politics	3
GOVT	320	International Law	3
HIST	360	Survey of African Civilization to 1500 or	
HIST	361	Survey of African Civilizations since 1500	3

OTHER DEPARTMENT MINORS

GEOGRAPHY MINOR

Geography is a specialized field of study and is basic to a liberal arts education. The Geography Track is concerned with the reality of the human habitat in regional environments; with the ways space is organized for economic, social and political purposes; with the manner in which natural resources are utilized and developed and their uses; and with the relationships between these considerations and public policy. Its sphere is the whole world. Students who wish to complete the track in geography must earn a grade of "C" or higher in all Geography courses.

CORE REQUIREMENTS (15 semester hours)			Sem. Hrs.
GEOG	101	Elements of Geography I	3
GEOG	102	Elements of Geography II	3
GEOG	—	Geography Electives	9
			15

PHILOSOPHY MINOR

The philosophy curriculum is multicultural and promotes a critical understanding of the foundations of the humanities and the natural sciences. A thematic and historical approach is used to study the fundamental features of the universe (metaphysics), how one knows (epistemology), and how one ought to live (ethics). GOVT 315 and GOVT 316 may be used as philosophy electives.

Students who wish to complete the minor in philosophy must earn a grade of "C" or higher in all philosophy courses.

CORE REQUIREMENTS			Sem. Hrs.
PHIL	101	Introduction to Philosophy	3
PHIL	103	Introduction to the Principles of Reasoning	3
PHIL	—	Philosophy Electives	9
			15

WOMEN'S STUDIES MINOR

The track in Women's Studies provides an interdisciplinary approach to the study and analysis of the intersection of race, gender, and class. The program is designed to complement existing programs and the academic mission of the university by providing students with a comprehensive educational experience by developing their understanding of the contributions of women in diverse fields of human activity and thought. It introduces students to the intellectual work, theories, concepts, and experiences of women from multiple perspectives that transcend disciplinary boundaries. The required number of semester hours for a track in Women's Studies is eighteen semester hours, which are to be chosen from the required courses and the elective courses. A student's program, based on the student's interests, should be designed in consultation with a Women's Studies academic advisor. Students who wish to complete the **minor** in Women's Studies must earn a grade of "C" or higher in all Women's Studies

courses.

CORE REQUIREMENTS (12 semester hours)			Sem. Hrs.
HIST	204	Black Women's History	3
HIST	205	Introduction to Women's Studies	3
GOVT	300	Women in Politics	3
HIST	350	Women in American Society	3
			12

ELECTIVE REQUIREMENTS (6 semester hours required)			Sem. Hrs.
HIST	380	Special Topics in Women's Studies	3
HIST	496	Independent Study in History	3
PHIL	200	Women and Philosophy	3
PHIL	400	Independent Study in Philosophy	3
GOVT	483	Independent Study in Political Science	3
IDIS	210	Contemporary Health Issues for Women	3
SOWK	407	Male-Female Relationships	3
SOCI	304	Sex Roles, Marriage, and the Family	3
ENGL	353	Special Topics in Women's Literature	3
FREN	352	Francophone, African, and Caribbean Women Writers	3

PRE-LAW MINOR

The Department offers a pre-law **minor**. The law and related courses are designed to develop the writing, the critical thinking, and the analytical skills necessary for admission to and success in law school. Students who are interested in going to law school are strongly advised to develop their writing proficiency and to choose rigorously analytical courses for all of their electives. Students should consult regularly with faculty advisors for a suitable course sequence that would fit individual needs.

RELATED REQUIREMENTS FOR PRE-LAW MINOR			Sem. Hrs.
GOVT	235	Legal Rights and Remedies	3
GOVT	317	US Constitutional Law and History I or	
GOVT	318	US Constitutional Law and History II	3
GOVT	320	International Law	3
PHIL	103	Introduction to the Principles of Reasoning	3
PHIL	203	Symbolic Logic	3
			15

DEPARTMENT OF MATHEMATICS		
MAJOR	CONCENTRATION	DEGREE OFFERED
MATHEMATICS	Pure Mathematics Mathematics Education Applied and Computational Mathematics Dual Degree Mathematics/Engineering Program	BS

Chair: Nelson Petulante

Professors: Olusola Akinyele, Karen Benbury, Mehran Mahdavi, Nelson Petulante, Roman Sznajder

Associate Professors: Abdusamad Kabir,

Assistant Professors: Chaobin Liu

Lecturers: Claudette Burge

MISSION

The Department of Mathematics exists to serve the educational needs of all students for whom mathematical knowledge is either a pleasure or a necessity. Through its courses and programs, the Department aims to assist the University in meeting its institutional goals and in enabling students across all disciplines to fulfill their educational objectives. Courses and programs are designed to equip graduates with a range of contemporary skills and professional attitudes conducive to success in employment or higher study.

GOALS

1. To provide a quality education in mathematics such as will enable the students to meet the challenges and to reap the opportunities of an increasingly diverse and technologically oriented society.
2. To provide for the students a rich learning environment that cultivates and fosters the attitudes and disciplines essential to professional competence and growth.
3. To optimize the academic performance of students through a combination of traditional teaching, individual mentoring and advisement.
4. To maintain an environment of active research among the faculty and to involve students in research projects under faculty supervision.
5. To prepare students for graduate studies in mathematics and for mathematically intensive careers in government, industry or education.
6. To establish mutually beneficial arrangements with other academic departments, area school systems, colleges, and universities.
7. To maintain strong linkages with regional private and government institutions in support of the department's educational and research interests.

8. To assist the University in achieving its goal of excellence in computer and information technology by providing a full range of service courses for other departments possessing a technological or scientific orientation.
9. To actively support the University's historic commitment to the African American community by instituting programs and generating grant proposals that aim to promote minority achievement in the fields of mathematics, science, computer science, technology and education.
10. To continually monitor and sustain, through a systematic process of assessment and modification, the integrity and contemporary relevance of departmental course offerings and programs.

REQUIRED EXAMINATIONS

All students must take the *English Proficiency Examination* after successful completion of ENGL 101 *Expository Writing* and ENGL 102 *Argument and Research*. Transfer students who have completed their English Composition requirements elsewhere should take the BSU English Proficiency Exam during the first semester of enrollment at BSU. Mathematics Education (MAED) majors must take and pass both parts (Praxis I and II) of the State-approved teacher competency examinations.

DEPARTMENTAL POLICY STATEMENTS

1. Very important: students in all disciplines are strongly advised to complete all of their General Education courses in mathematics by the end of their sophomore year, at the latest. Failure to do so could result in delayed graduation.
2. Any student, including any transfer student without a completed AA or higher college degree, whose program of study requires him or her to take a general education course in mathematics must take the University-approved Mathematics Placement Test. The placement test is required to determine the appropriate level of placement. Please confer with your academic advisor to make the appropriate arrangements.
3. All prerequisites for all courses in mathematics must be successfully completed with a grade of "C" or better.

BACHELOR OF SCIENCE MATHEMATICS

The Department offers a Bachelor of Science Degree in Mathematics with four options: Pure Mathematics, Mathematics Education, Applied and Computational Mathematics and Dual Degree Mathematics/Engineering. The Dual Degree Mathematics/Engineering program is a special program offered by Bowie State University in conjunction with other universities such as UMCP, UMBC, GWU and Howard. Under this program, a student attends Bowie State University for three academic years and the receiving university for an additional two years.

GRADUATION REQUIREMENTS

1. All students must pass the Bowie State University *English Proficiency Examination* to graduate.
2. A grade of "C" or better is required in all courses designated as part of the mathematics major, including all courses in mathematics, the natural sciences, technical writing and computer science.

DEGREE REQUIREMENTS

Every student majoring in Mathematics must meet three sets of requirements:

I. GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS

The following list of General Education and Institutional requirements applies only to students in the Pure Mathematics, Applied and Computational Mathematics and Mathematics Education tracks. Students in the Dual Degree Mathematics/Engineering Program are subject to a special set of General Education and Institutional requirements as described further below.

ALL TRACKS EXCEPT DUAL DEGREE MATH/ENGINEERING

GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS

See catalog for the full list of University General Education and Institutional Requirements.

English Composition (6 semester hours)

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3
			6

Arts and Humanities (6 semester hours)

COMM	101	Oral Communication	3
PHIL	103	Introduction to Principles of Reasoning	3
			6

Social Sciences (6 semester hours)

HIST	114	African-American History to 1865 or	
HIST	115	African-American History since 1865	3
ECON	211	Principles of Macroeconomics	3
			6

Sciences (8 semester hours)

PHYS	271	General Physics I	3
PHYS	201	Physics Laboratory I	2
CHEM	107	General Chemistry	3
			8

Mathematics (3 semester hours)

MATH	___	Mathematics Elective*	3
			3

Technology (3 semester hours)

COSC	112	Computer Science I	4
			4

General Education Electives (9 semester hours)

(Any course from the General Education list of courses)

9

Institutional Requirements (6 semester hours)

FRSE	101	Freshman Seminar	3
HEED	102/200	Life and Health/ Fund. of Sex Education or	
IDIS	210	Women's Health Issues	3
			6

**Note: Mathematics Education majors must take MATH 450: Overview of College Mathematics as their general education mathematics elective.*

Note: The Department reserves the right to specify suitable, program specific general education courses, in keeping with COMAR, for its majors.

DUAL DEGREE MATHEMATICS/ENGINEERING PROGRAM ONLY

Required General Education Courses (36 semester hours)			Sem. Hrs.
COSC	112	Computer Science I	4
ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3
FRSE	101	Freshman Seminar	3
COMM	103	Public Speaking	3
CHEM	107	General Chemistry	3
PHYS	271	General Physics I	3
PHYS	201	Physics Laboratory I	2
HIST	114	African-American History to 1865 or	
HIST	115	African-American History since 1865	3
HEED	102/200	Life and Health/ Fund. of Sex Education or	
IDIS	390	Women's Health Issues	3
ECON	211	Economics or	
PSYC	101	Psychology	3
ANTH	102	Anthropology or	
PHIL	103	Philosophy	3

II. CORE COURSES FOR ALL MATHEMATICS MAJORS

(27 to 30 semester hours, depending on track)

In addition to the General Education and Institutional Requirements listed above, every Mathematics major (specializing in any track: Pure Mathematics, Applied and Computational Mathematics, Mathematics Education, or the Dual Degree Math/Engineering program) must complete all of the following core requirements (in Mathematics and English), except where indicated with an asterisk (read carefully):

COURSE CODE	COURSE TITLE	Sem. Hrs.
ENGL 361	Technical Writing	3
MATH 225	Calculus I	4
MATH 226	Calculus II	4
MATH 228	Linear Algebra	3
MATH 232	Multivariable Calculus	4
MATH 240	Intro. to Probability and Statistics	3
MATH 252*	Computational Methods	3
MATH 305	Prelude to Advanced Mathematics	3
MATH 320*	Introduction to Number Theory	3

*Exceptions: MATH 252 is not required for Mathematics Education majors. MATH 320 is not required for Dual Degree Math/Engineering majors. No other exceptions apply.

III. REQUIREMENTS AND SAMPLE PROGRAMS FOR SPECIFIC TRACKS

A. REQUIREMENTS FOR A MAJOR IN PURE MATHEMATICS

(42 semester hours in addition to the course requirements listed above)

Required Courses in Mathematics (12 semester hours)

MATH	420	Abstract Algebra I	3
MATH	421	Abstract Algebra II	3
MATH	430	Advanced Calculus I	3
MATH	431	Advanced Calculus II	3
			12

Elective Courses in Mathematics (15 semester hours, at least 9 at the 400 level)

MATH	300	Differential Equations	3
MATH	310	Introduction to Geometries	3
MATH	342	Mathematical Probability	3
MATH	344	Mathematical Statistics	3
MATH	400	Partial Differential Equations	3
MATH	410	History of Mathematics	3
MATH	428	Advanced Linear Algebra	3
MATH	440	Introduction to Optimization Theory	3
MATH	450	Overview of College Mathematics	3
MATH	460	Numerical Analysis I	3
MATH	461	Numerical Analysis II	3
MATH	470	Complex Analysis	3
MATH	485	General Topology	3
MATH	490-494	Selected Topics in Mathematics	3 each
MATH	495-497	Advanced Problem Seminar	1 each
MATH	499	Senior Seminar	2

Other requirements (15 semester hours)

CHEM	170	Chemistry Laboratory I	2
COSC	113	Computer Science II	4
PHYS	272	General Physics II	3
PHYS	202	Physics Laboratory II	2
Free Elective(s)		No restriction	4

COMPETENCIES (PURE MATHEMATICS TRACK)

The primary focus of Pure Mathematics is the exploration of mathematical ideas for their own sake, unconstrained by considerations of practical application. Thus, Pure Mathematics qualifies both as an art and a science. Practiced for its distinct beauty, it is capable, nevertheless, of yielding results of great practical significance. At the core of an education in Pure Mathematics is the development of analytical reasoning and the ability to think in the abstract. Possession of these skills enables the Pure Mathematician to probe the limits of pure reason and to explore and solve problems in various scientific fields.

Major in Pure Mathematics Program Goals

1. To provide a strong foundation for graduate study in mathematics, particularly in the pure areas related to algebra, number theory, and analysis.
2. To provide a versatile and broad-based background in higher mathematics for students aspiring to pursue careers in industry, government or academia.

3. To develop and cultivate the rigorous modes of abstract reasoning applicable to any formal system.

COMPETENCIES (APPLIED AND COMPUTATIONAL MATHEMATICS TRACK)

Applied Mathematics is the application of classical and modern mathematical techniques to solve practical problems in science, engineering, and business. At the heart of an education in Applied Mathematics is the development of analytical reasoning and its application to practical problems. The applied mathematician develops and analyzes mathematical models of physical phenomena and collects/interprets data in order to identify relationships, patterns, and the likely impact of modifying one or more parameters. Several of the courses in this program illustrate exactly how mathematics is used in real applications such as predicting the evolution and behavior of physical phenomena. Applied mathematicians have the skills needed to obtain employment in fields as diverse as aerospace, oil exploration, manufacturing, geology, actuarial science, chemistry, communications, and computing. Health sciences, Applied sciences, and Engineering offer additional prospects to Applied mathematicians in the academic, business, industrial, and government sectors. The basic skills required to succeed in any of these fields are acquired in the Applied and Computational Mathematics Program. This program also provides a strong foundation for graduate school.

Major in Applied and Computational Mathematics Program Goals:

1. To provide a strong foundation for graduate study in mathematics particularly in the applied areas related to differential equations, optimization, mathematical modeling, operations research, and numerical analysis.
2. To provide a good background of marketable skills for students electing to seek positions as applied mathematicians in industry or government.
3. To develop and cultivate the rigorous principles of analytical reasoning which can be applied directly to a wide variety of industrial problems.

C. REQUIREMENTS FOR A MAJOR IN MATHEMATICS EDUCATION

The Secondary Mathematics Education Program is hosted jointly by the Department of Mathematics and the College of Education. Students in this program are assigned an advisor in the Department of Mathematics and an advisor in the College of Education. To be formally admitted to the education component of the program, the student must submit an application to the Teacher Education Program, usually after completion of a set of appropriate courses in Education taken during the freshman year. The application procedure requires the student to compile a brief portfolio and to undergo an interview with a representative of the Admission and Retention Committee of the College of Education. In addition, the student must take and pass the appropriate sections of the State-approved teacher competency exams (Praxis I and Praxis II). For further information, please consult your advisor in the College of Education. The following course requirements (46 semester hours) are in addition to the requirements described above.

Required Courses in Mathematics (12 semester hours)

MATH	310	Introduction to Geometries	3
MATH	410	History of Mathematics	3
MATH	414	Methods of Teaching Sec. School Math	3
MATH	420	Abstract Algebra I	3

Required Courses in Education (34 semester hours)

EDUC	101	Introduction to Education	3
EDUC	201	Human Growth and Development	3
EDUC	311	Managing the Diverse Classroom	3
EDUC	316	Foundations of Education	3
EDUC	402	Assessment and Evaluation	3
SCED	305	Practicum III	1
SCED	401	Directed Teaching and Seminar	12
SPED	403	Orientation to Special Education	3
SCED	450	Methods of Teaching Reading/SCED	3

Note: Mathematics Education majors must take MATH 450: Overview of College Mathematics as their general education mathematics elective.

COMPETENCIES (MATHEMATICS EDUCATION TRACK)

This program is designed specifically to prepare students to teach mathematics at the secondary school level. The curriculum exposes the student to those topics stressed in the National Council of Teachers of Mathematics (NCTM) standards for secondary mathematics and meets the requirements for teacher certification in the State of Maryland. Through their coursework, students fulfill the main requirements

for a major in Mathematics, assuring a strong basic knowledge of the subject matter. In addition, their teaching skills are developed through an appropriate sequence of education courses.

Major in Mathematics Education Program Goals

1. To provide a level of mastery in the field of mathematics sufficient to enable the graduate to teach all mathematics courses at the secondary level (pre-algebra through calculus).
2. To provide, through example, models of teaching excellence and professionalism appropriate for educators in the field of mathematics.
3. To provide a foundation for higher studies should the student decide to pursue a graduate degree in mathematics or a related field.
4. To implement, practice and promulgate the professional and academic standards prescribed by the National Council of Teacher of Mathematics (NCTM) and the National Council for the Accreditation of Teacher Education (NCATE).

D. REQUIREMENTS FOR A MAJOR IN MATHEMATICS

DUAL DEGREE MATHEMATICS/ENGINEERING PROGRAM

This program is offered by Bowie State University in conjunction with several other cooperating institutions (including The George Washington University, Washington, D.C.; the University of Maryland, Baltimore County; Howard University, Washington, D.C.; Morgan State University, Baltimore; and the University of Maryland College Park). Under this program, the student attends Bowie State for the first three academic years and the receiving university for the final two academic years. Upon successful completion of the Engineering sequence, the student receives a BS degree in engineering from the receiving institution. Then and only then does Bowie State University award a BS degree with a major in Mathematics. The BSU phase of the program requires a minimum of 90 semester hours of course work: 36 in general education (see above), 27 in core requirements (see above) and 27 additional semester hours as outlined below. Very Important: Every student in the program is required to consult with the Dual Degree Math/Engineering Program Coordinator in the Department of Mathematics to map out the specific sequence of courses appropriate to his/her chosen specialty in engineering. Some specialized programs in engineering may require the student to take additional courses (or course substitutions) in the appropriate field before transferring to the receiving institution.

Required Courses in Mathematics (9 semester hours)

MATH	300	Differential Equations	3
MATH	400	Partial Differential Equations	3
MATH	430	Advanced Calculus I	3
			9

Elective Courses in Mathematics (3 semester hours: any one of the following)

MATH	265	Introduction to Engineering Design	3
MATH	342	Mathematical Probability	3
MATH	344	Mathematical Statistics	3
MATH	428	Advanced Linear Algebra	3
MATH	431	Advanced Calculus II	3
MATH	440	Introduction to Optimization Theory	3
MATH	460	Numerical Analysis I	3
MATH	461	Numerical Analysis II	3
MATH	470	Complex analysis	3
MATH	490-494	Selected Topics in Mathematics	3 each

Other requirements (15 semester hours)

CHEM	170	Chemistry Laboratory I	2
CHEM	108	General Chemistry II	3
CHEM	180	Chemistry Laboratory II	2
PHYS	272	General Physics II	3
PHYS	202	Introductory Physics II (Laboratory)	2
PHYS	273	General Physics III	3
			15

Special Requirements: Some specialized programs in engineering may require the student to take additional courses (or course substitutions) in the appropriate field before transferring to the receiving institution. For complete details, please consult the Dual Degree Math/Engineering Program Coordinator in the Department of Mathematics.

**RECEIVING INSTITUTIONS
(SELECTED PLANS)****Bowie State University/The George Washington University Plan**

A student who is admitted to Bowie State University and who successfully completes the Bowie State phase of the dual-degree in engineering curriculum will be recommended for acceptance into the George Washington University phase of the program to complete degree requirements in one of the following fields of engineering: civil, electrical, mechanical, or systems analysis engineering.

Bowie State University/University of Maryland, Baltimore County Plan

A student who is admitted to Bowie State University and who successfully completes the Bowie State phase of the dual-degree in engineering curriculum with a minimum GPA of 3.0 will be recommended for acceptance into the College of Engineering at the University of Maryland, Baltimore County. The student entering the program at the University of Maryland, Baltimore County, may choose from among the following engineering specialties: chemical and biochemical, computer, and mechanical engineering.

Bowie State University/Howard University Plan

A student who is admitted to Bowie State University and who successfully completes the Bowie State phase of the dual-degree in engineering curriculum with a minimum GPA of 3.0 will be recommended

for acceptance into the College of Engineering, Architecture and Computer Sciences at Howard University. The student entering the program at Howard University may choose from among the following specialties: civil, chemical, electrical, and mechanical engineering and systems and computer science.

Bowie State University/University of Maryland College Park Plan

A student who is admitted to Bowie State University and who successfully completes the Bowie State phase of the dual-degree in engineering curriculum with a minimum GPA of 3.0 will be recommended for acceptance into the College of Engineering at the University of Maryland College Park. At the University of Maryland College Park, the student may choose from among the following engineering specialties: aerospace, agricultural, chemical, civil, computer, electrical, engineering materials, fire protection, mechanical, and nuclear engineering.

Bowie State University/Morgan State University Plan

A student admitted to Bowie State University who successfully completes the Bowie State phase of the dual-degree in engineering curriculum with a minimum GPA of 3.0 will be recommended for acceptance into the College of Engineering at Morgan State University. The student entering the program at Morgan State University may choose from among the following engineering specialties: civil, electrical, and industrial engineering.

COMPETENCIES (DUAL DEGREE MATHEMATICS/ENGINEERING PROGRAM)

Dual Degree Mathematics/Engineering Program Goals

1. To provide a sufficient level of mathematical preparation for students intending to pursue engineering degrees at cooperating institutions.
2. To provide a foundation for graduate study in Engineering or Applied mathematics.
3. To develop and cultivate the principles of mathematical reasoning and research which may be applied directly to a wide variety of industrial/engineering problems.

DEPARTMENT OF NATURAL SCIENCES		
MAJOR	CONCENTRATION	DEGREE OFFERED
BIOLOGY		BS
BIOINFORMATICS		BS
SCIENCE EDUCATION		BS

Chair: Elaine J. Davis

Professors: Bradford Braden, Elaine J. Davis, William Lawrence, Patricia Pierce Ramsey

Associate Professors: Ray Moharerrzadeh, Deborah Rayfield, George Ude

Assistant Professors: Alan Anderson, Eric Bonsu, Anisha Campbell, Uvetta Dozier, Apostolos Gittis, Neba Ngwa-Suh, Anne Osano, Steve Sheffield, Tamara Tatum-Broughton

Lecturers: Claude Ferrer, Mikhail Goloubev, Zelyn Richberg, Sahlemedhin Sertsu

Laboratory Coordinators: Christina Silver Marshall, Jessica Owens, Zelyn Richberg, Sreekala Varma

MISSION

The mission of the Department is to assist the University in meeting its mission and goals by providing a quality education in science and technology, thereby enabling students to achieve their educational goals. Graduates of the Department will be provided opportunities that will assist them in adjusting to future changes and develop a sense of professionalism in their fields of study.

GOALS

1. To provide a quality education in biology, chemistry, and physics so that the students will be prepared to meet the challenges of an increasingly technological society.
2. To provide students an environment that encourages and fosters the attitudes and disciplines essential to professional growth.
3. To improve students' academic performance through careful advising, monitoring, and tutoring activities.
4. To create and foster environments for experimental and theoretical research among the faculty and to involve students in research assignments and projects under faculty supervision and through external research internships.
5. To prepare students for graduate studies or career assignments in government, industry, or education.
6. To maintain strong linkages with regional private and government institutions in support of the Department's educational and research activities.

7. To maintain the viability of programs through systematic and continuous evaluation and modification

Opportunities are given to upperclassmen to take liberal, scientific and technology-related fields; an advisor from his or her major field must approve each student's elective program.

REQUIRED EXAMINATIONS

All majors in the Department of Natural Sciences must take and pass the Bowie State University *English Proficiency Examination* after successful completion of ENGL 101 *Expository Writing* and ENGL 102, *Argument and Research*. Transfer students who completed their English composition requirements at another institution must take the Bowie State University *English Proficiency Examination* during their first semester of enrollment at the University. As a graduation requirement, all science education majors must take and pass (according to the Maryland Department of Education passing score) both parts (Core Batteries and Specialty) of the PRAXIS Examination. All other degree candidates must take the specialty part of the Graduate Record Examination (GRE) or a recognized standardized test in their area of study.

BACHELOR OF SCIENCE DEGREE (BIOLOGY, BIOINFORMATICS, SCIENCE EDUCATION)

BIOLOGY

Upon completion of at least 34 required semester hours in biology courses plus 16 semester hours in biology electives, 20 semester hours in required chemistry courses, 10 semester hours in required physics courses, 4 semester hours in a required mathematics course, and approximately 37 semester hours of general education courses, a student will be awarded the BS degree in biology. The total number of semester hours needed to acquire the BS is approximately 120-121. Adequate pre-medicine and pre-dentistry courses are provided in the biology program to prepare students to enter medical and dental schools. Recent graduates of the Department are currently enrolled in schools of medicine, dentistry, veterinary medicine, podiatry, and other allied health and engineering and graduate schools.

Majors are required to earn a grade of "C" or better in all required biology, chemistry, and mathematics courses.

Because MATH 225 (Calculus I) or MATH 215 (Elements of Calculus) is the terminal mathematics course for majors in biology, this course must be taken at Bowie State University. Biology electives must be above the BIOL 101 level sequence. Students majoring in biology must meet two sets of requirements as outlined below:

I. CORE BIOLOGY AND RELATED SCIENCE COURSES

The CORE requirements (BIOL 102, 103, 105, 209) will serve as the prerequisites for all other biology courses offered in the major. CHEM 107 is the prerequisite courses for CHEM 108. Each prerequisite **MUST** be successfully completed with a grade of 'C' or better **BEFORE** enrolling in the Required Core Courses. Registration for BIOL 403 will **ONLY** be allowed during the senior year.

Students successfully completing the Required Prerequisite Courses, Required Core Courses and Biochemistry II qualify for a sub-plan in the field of chemistry.

Required Prerequisite Courses (25 semester hours) Sem. Hrs.

BIOL 102	Introductory Biology	4
BIOL 103	General Zoology	4
BIOL 105	General Botany	4

BIOL 209	General Genetics	4
CHEM 107	General Chemistry I (lecture/lab	4
MATH 215	Elements of Calculus	4

Required Core Courses

BIOL 204	Cell Biology	4
BIOL 303	Molecular Biology	4
BIOL 309	General Microbiology	4
BIOL 402	General Physiology	4
BIOL 403	Biology Seminar	2
CHEM 108	General Chemistry II Lec./Lab	4
CHEM 201	Organic Chemistry I Lec./Lab.	5
CHEM 202	Organic Chemistry II Lec./Lab.	5
CHEM 309	Biochemistry I	3
PHYS 251	Physics I (non-calculus based) or	
PHYS 271	Physics I (calculus based) Lec/Lab	5
PHYS 252	Physics II (non-calculus based) or	
PHYS 272	Physics II (calculus based) Lec/Lab	5

All required core courses must be completed with a grade of C or better.

CORE ELECTIVES

Core electives are to be selected from the course listing below. Students must include in their selection at least 15/16 semester hours at the 300-400 level with a minimum of 8 semester hours at the 400 level excluding BIOL 403 (Biology Seminar, a core requirement). Core electives must be successfully completed with a grade of "C" or better.

BIOL 205	Biology of Environmental Pollution	3
BIOL 301	Heredity and Human Affairs	3
BIOL 304	Biology of Drug Plants	3
BIOL 310	Pathogenic Microbiology	4
BIOL 311	Human Anatomy and Physiology I	4
BIOL 312	Human Anatomy and Physiology II	4
BIOL 404	Cancer Biology	3
BIOL 405	Independent Investigations	1-6
BIOL 407	Ecology of Environmental Adaptation	3
BIOL 410	Immunology	3
BIOL 415	Plant Physiology	4
BIOL 462	Topics in Biology	3
BIOL 421	Bioinformatics	3
BIOL 451	Field Biology	3
CHEM 412	Biochemistry II	3

BACHELOR OF SCIENCE DEGREE IN BIOINFORMATICS

Program Description

Bowie State University's B.S. degree in Bioinformatics offers a multidisciplinary *deductive* view of Biology. Combining Experimental Biology, Mathematical Modeling of Biology from Molecule to system, and use of Information Technologies to develop or apply large data structures, Bioinformatics is rapidly developing into an applied science leading to solutions for problems which have been resistant to experimental methods.

The Bioinformatics curriculum is an intensive 4 year Honors program that will enable the graduate to pursue a career in these technologies or provide a strong framework for continuation to post-baccalaureate education.

Program objectives:

This program is designed to provide opportunities to the students to attain advanced knowledge in the application of computational and mathematical methods for the study of biomacromolecular systems. The specific objectives are:

- i) to provide students with a broad knowledge of the structure and function of macromolecules in biological systems
- ii) to develop students ability to understand and competently use the mathematical and computational tools which have been developed to understand and model the biology of macromolecules
- iii) to develop advanced educational skills to meet the demands of the biotechnology industry
- iv) to prepare students for, and foster an interest, in a post- baccalaureate education in the biology of macromolecules, biotechnology and bioinformatics

Program Requirements:

- i) Completion of Institutional General Education requirements as outlined in undergraduate catalog
- ii) Completion of requirements for a Bachelors degree in Bioinformatics with a letter grade of C or above.

Prerequisite Courses:

BIOL	102	General Biology	4
BIOL	209	General Genetics	4
CHEM	107	General Chemistry I	4
MATH	225	Calculus I	4
COSC	112	Computer Science	3

Core Courses:

BIOL	204	Cell Biology	4
BIOL	303	Molecular Biology	4
BIOL	421	Bioinformatics	4
BIOL	462	Topics in Biology	3
CHEM	108	General Chemistry II	4
CHEM	201	Organic Chemistry I	5
CHEM	202	Organic Chemistry II	5
CHEM	309	Biochemistry I	3
COSC	113	Computer Science II	3
COSC	214	Data Structures	3
COSC	420	Database	3
MATH	226	Calculus II	3
MATH	228	Statistics	3
PHYS	271	Physics I	5
PHYS	272	Physics II	5

Core Electives:

Core electives are to be selected from the courses listed below. The student must include at least one Biology elective, one Chemistry elective and one Math elective plus two electives from any 400 level STEM (Science Technology Engineering Mathematics) course.

BIOL	405	Investigations	3
BIOL	410	Immunology	3
CHEM	401	Physical Chemistry	3
CHEM	412	Biochemistry II	3
MATH	232	Multivariate Calculus	3
MATH	400	Partial Differential Equations	3

SCIENCE EDUCATION

A science education major must meet three sets of requirements:

CORE PROFESSIONAL REQUIREMENTS (37 semester hours) Sem. Hrs.

EDUC 101	Introduction to Education (prerequisite ENGL 101)	3
EDUC 201	Human Growth and Development	3
ENGL PRO	Pass the English Proficiency Examination	0
EDUC 311	Managing the Diverse Classroom	3
EDUC 314	Assessment for Reading Instruction	3
EDUC 316	Foundations of Education (admission to teacher education)	3
SCED 304	Methods of Teaching/SCED(PRAXIS II Specialty)	3
SCED 305	Practicum III	1
SCED 401	Directed Teaching and Seminar/SCED	12
SPED 403	Orientation to Special Education	3
SCED 450	Methods of Teaching Reading/SCED	3
EDUC 402	Tests and Measurements**	3
PSYC 202	Psychology of Learning**	3

**In addition to the core professional education courses above, the Department strongly urges students enrolled in secondary education to take the above named courses.

COLLEGE OF BUSINESS

Dean: Anthony C. Nelson, Ph.D.

MISSION

The mission of the College of Business is to support the goals and priorities of Bowie State University by providing traditional and non-traditional students in under-served communities within the county, state and nation, the skills required to strengthen the individual competencies in the different areas of specialization in business and public administration through curriculums of their chosen areas of concentration in an increasingly global market place which provides online education and “real world” experience. The college emphasizes academic excellence through technological innovation, integrity in teaching, professional development, outreach, applied and instructional research

GOALS

1. Develop programs and processes to enhance student learning, professional development and success.
2. Ensure use of relevant technology in all aspects of student learning.
3. Create and sustain an environment that is supportive of scholarly activities.
4. Develop collaborative research projects with public and private organizations.
5. Maintain a positive, collegial, supportive and conducive environment, in which the organizational structure and processes ensure efficient and effective operations and accountability.
6. Promote and improve the image and reputation of the College of Business with the intent of increasing external fundraising.
7. Develop and implement plans and programs that increase the placement of College of Business graduates and encourage businesses to recruit College of Business graduates.

DESCRIPTION OF THE DEPARTMENTS

The College of Business consists of three separate departments and a program in business technology. The three departments are:

- Accounting, Finance, and Economics
- Management Information Systems
- Management, Marketing, and Public Administration

The departments offer a Bachelor of Science degree in Business Administration with seven concentrations: Accounting, Banking and Finance, Economics, Business Information Systems, General Business, Management. In addition, the Management Concentration offers two specialty tracks: Small Business/Entrepreneurship and Industrial Relations.

The College of Business places special emphasis on excellence in teaching, research in teaching methodology and the learning process as a means of enhancing teaching excellence and improving instructional effectiveness. Computer application is stressed in all disciplines.

Entering students are required to successfully satisfy the requirements for the business mathematics proficiency course, BUAD-100*. Majors are required to earn at least a “C” grade in all courses in their major program. Graduating seniors are encouraged to take the national standardized Graduate Management Admission Test (GMAT) during the FALL semester of their senior year. After completing English Expository Writing (ENGL 101) and Argument and Research (ENGL 102), students must take and

successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English composition requirements at another institution must take the Bowie State University *English Proficiency Examination* during their first semester of enrollment at the University.

Students are expected to familiarize themselves and comply with the College of Business and departmental graduation standards. Each student's program is individually reviewed and may be adjusted to reflect the student's academic background and career goals.

**The three semester hours for this course meet the proficiency requirement and do not count toward the 120 semester hours required for graduation. It is a prerequisite for Principles of Accounting (ACCT 211).*

BUSINESS ADMINISTRATION MAJOR

I. GENERAL EDUCATION AND INSTITUTIONAL REQUIREMENTS (46-47 Semester Hours)

One course in each of two disciplines in arts and humanities (6 Semester Hours)

PHIL	103	Introduction to the Principles of Reasoning *	3
—	—	Arts and Humanities Elective (COMM 101 or 103 recommended)	3

(Discipline/Courses: Communications, Theatre, Art, Music and Modern Language- COMM 101,103; ENGL 211, 212, 213, THEA 100, 105, 110; FREN 101, 102; SPAN 101,102;)

*Accounting majors should take PHIL-305, Ethics and Public Policy

Two science courses, at least one of which shall be a laboratory course (7-8 Semester Hours)

—	—	Science Elective I	3/4
—	—	Science Elective II	3/4

(Discipline/Courses: Biology, Chemistry, Physics, and Physical Science Courses-BIOL 101, BIOL 203; CHEM 107, , PHYS 271, PHYS 272, PHSC 100, PHSC 101)

One course in mathematics at or above the level of college algebra (3 Semester Hours)

MATH	125	College Algebra or higher	3
------	-----	---------------------------	---

(Discipline/Courses: Math-MATH 116, MATH 118, MATH 125, MATH 141, MATH 150, MATH 215, MATH 225)

Two courses in English composition (6 Semester Hours)

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3

One course in each of two disciplines in social and behavioral sciences (6 Semester Hours)

HIST	114	African-American History to 1865 or	
HIST	115	African-American History since 1865	3

(Discipline/Courses: Economics, History, Anthropology, Political Science Sociology, Psychology, Geography, Social Work or Interdisciplinary Social Sci.-ECON 211, 212; SOCI 101, 203; CRJU 201; GOVT 130, 140, 231, 240; GEOG 101; CAAS 101, 282; PSYC 101, 200)

Free General Education Electives (9 Semester Hours)

ECON	211/212	Principles of Macro/Microeconomics	6
—	—	Principles of Macro/Microeconomics and General Education Elective*	3
—	—	General Education Elective (COMM 103/	

MATH 215 recommended) 3

*Students who satisfied Principles of Macro/Microeconomics are encouraged to take COMM 103, ENGL 211, 212, 213 or MATH 141, 215)

One course in technology (3 Semester Hours)

BUIS 260 Computer Applications in Business 3

Institutional Requirements (6 Semester Hours)

HEED 102/200 Life and Health/ Fund. of Sex Education **or**
 IDIS 210 Contemporary Health Issues for Women 3
 FRSE 101 Freshman Seminar and Information Literacy 3

Students are encouraged to take SUMMER courses and attend MINI-SEMESTER in order to have a manageable semester load.

Note: In keeping with COMAR, the College of Business reserves the right to specify suitable general education courses for all majors.

CORE SCHOOL REQUIREMENTS (48/51 semester hours) **Sem. Hrs.**

BUAD	100	Business Mathematics	
MGMT	101	Introduction to Business	3
ACCT	211-212	Principles of Accounting I and II*	6
FINA	320	Principles of Finance	3
MKTG	231	Principles of Marketing	3
MGMT	241	Principles of Management	3
MGMT	344	Organizational Behavior	3
BUAD	350-351	Business Law I and II	6
ECON	321	Money and Banking	3
ECON	351	Business and Economics Statistics	3
ECON	_____	Economics Elective (300 or 400 level)	3
ENGL	361	Technical & Report Writing	3
MGMT	440	Business Strategy and Policy	3
_____	_____	Electronic Commerce/College of Business Elec.	3
BUAD	480	Production and Operation Management**	3
ECON	483	Quantitative Methods for Decision Making	3

*BUAD 100 (Business Mathematics) is a prerequisite for ACCT 211 (Principles of Accounting) and ACCT 211 is a prerequisite for ACCT 212.

** Not required for Accounting Majors, Accounting majors are required to take PHIL 305, Ethics and Public Policy.

DEPARTMENT OF ACCOUNTING, FINANCE AND ECONOMICS		
MAJOR	CONCENTRATION	DEGREE OFFERED
BUSINESS ADMINISTRATION	Accounting Banking and Finance Economics	BS

Chair: Samuel Duah

Professor: Granville Sawyer

Associate Professor: William Davidson,

Assistant Professors: LaTanya Brown, Samuel Duah, Fiseha Eshete, Joseph Lanciano, Sunando Sengupta, Regina Tawah

Lecturers: Symon Manyara, Bernard McNeal

MISSION

This Department provides students with competence in the key areas of accounting, banking and finance and economics. The students will gain the theoretical, analytical, organizational and technical skills needed to be successful in the domestic and international business environment.

DESCRIPTION OF THE DEPARTMENT

The Department of Accounting, Finance, and Economics offers a Bachelor of Science degree in business administration with three concentrations: Accounting, Banking and Finance, and Economics.

Entering students are expected to successfully satisfy the requirements for the business mathematics proficiency course by taking BUAD 100 (Business Mathematics). All majors are required to earn at least a "C" grade in all courses in their major program. Graduating seniors are encouraged to take the national standardized Graduate Management Admission Test (GMAT) during the FALL semester of their senior year. After completing *Expository Writing* (ENGL 101) and *Argument and Research* (ENGL 102), students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English composition requirements at another institution must also take the Bowie State University *English Proficiency Examination* during their first semester of enrollment at the University.

Students are expected to familiarize themselves and comply with the College of Business and their respective department's standards for graduation. Each student's program is individually reviewed and may be adjusted to reflect student's academic background and career goals.

ECONOMICS MINOR PROGRAM

Students majoring in areas other than business may pursue a minor in economics by taking 18 semester hours of 300-400 level economics courses. The eighteen semester hour do not include Principles of Macroeconomics (ECON 211) and Principles of Microeconomics (ECON 212), which are required general education electives.

MISSION

The mission of the MIS Department reflects the five core values of Bowie State University: excellence, civility, integrity, diversity, and accountability. The Department seeks to produce graduates who are technologically astute, think critically, and demonstrate proficiency in information technology fields. It provides a nurturing environment that facilitates intellectual growth, scholarship, and independence for its students and faculty. Students are afforded the opportunity to experience a state-of-the-art, balanced, and highly viable information systems education. Its graduates are prepared for leadership in the application of information technology to solve business and societal problems and to seize opportunities in the constantly changing marketplace. In pursuing this mission, the Department strives to maintain an energetic research agenda.

DESCRIPTION OF THE DEPARTMENT

The Department of Management Information Systems offers a Bachelor of Science degree in Business Administration with a concentration in Business Information Systems.

Entering students are expected to successfully satisfy the requirements for the business mathematics proficiency course by taking BUAD-100 (Business Mathematics). All majors are required to earn at least a "C" grade in all courses in their major program. Graduating seniors are encouraged to take the national standardized Graduate Management Admission Test (GMAT) during the FALL semester of their senior year. After completing *Expository Writing* (ENGL 101) and *Argument and Research/ENGL 102*, students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English composition requirements at another institution must also take the Bowie State University *English Proficiency Examination* during their first semester of enrollment at the University.

Students are expected to familiarize themselves and comply with the College of Business and their respective department's standards for graduation. Each student's program is individually reviewed and may be adjusted to reflect student's academic background and career goals.

COLLEGE OF EDUCATION

Dean: Traki Taylor-Webb

The programs in the College of Education are accredited by the National Council for the Accreditation of Teacher Education (NCATE) and approved by the Maryland State Department of Education. The School graduates competent teaching personnel for positions in local educational agencies within the State of Maryland and many other areas. Students majoring in early childhood/special education receive dual certification upon graduation. Students majoring in elementary education complete a comprehensive program of liberal arts studies and a concentration of professional courses in teaching.

MISSION

The mission of the College of Education at Bowie State University is to prepare instructional leaders of all races who are competent in their content specialty, grounded in the knowledge bases of their discipline, and sensitive to the ethnicity of the students they serve for positions in public and private schools in Maryland and school systems in other states. The School's teacher education program model rests upon a legacy of the best practices in the field of education and upon what research tells us about teaching and learning. Established in September 2000, the College of Education has adopted the following theme for its academic programs: "Preparing Competent and Caring Educators for a Diverse World." The School strives through its programs to develop candidates who become academic scholars, skillful instructional leaders, and reflective practitioners in the schools and communities in which they work. It focuses on productivity and accountability of faculty, professional development, and specific development within its three academic departments: the Department of Counseling; the Department of Educational Studies and Leadership; and the Department of Teaching, Learning, and Professional Development.

VISION STATEMENT

The College of Education has the primary responsibility for coordinating University efforts designed to prepare individuals to assume positions of teaching, counseling and educational leadership in P-12 school settings. This task is accomplished through the development and delivery of the School's professional curriculum and competent faculty. The undergraduate and graduate programs are structured to prepare professionals to meet the teaching-learning challenges of contemporary society. Based on a strong liberal arts foundation, the pedagogical curriculum prepares candidates to meet world class standards with the knowledge, skills and dispositions necessary to be effective and proficient professionals in a variety of education settings. Candidates master the use of technology as an instructional tool, assess students through the use of multiple approaches, and create positive learning environments for diverse populations.

GOALS

The overarching goals of the Bowie State University College of Education are to:

1. Provide a general education experience that includes theoretical and practical knowledge gained from studies in communications, humanities and fine arts, mathematics, science, and social sciences;
2. Ensure, through a professional studies component, the transmission of knowledge about the social, historical, and philosophical foundations of education; theories of human development and learning; research and experience-based principles of effective practice; and the impact of technology and social changes on schools;
3. Provide a well-planned sequence of field experiences in diverse settings that enable candidates

- to relate professional knowledge to the realities of practice in schools and classes;
4. Offer opportunities for candidates to reflect upon the effectiveness of their teaching, to develop insights and judgments about what they do and why they do what they do, and to make decisions about teaching that will enhance pupil understanding and success;
 5. Ensure, through courses and experiences, the development of critical thinking and values-based decision-making, effective communication, and positive professional collaboration in the educational arena;
 6. Maintain the viability of its programs through systematic and continuous evaluation and modification; and
 7. Maintain linkages with community stakeholders for the mutual benefit of the School and its departments, the University, and the community.

The College of Education at Bowie State University fosters exemplary teaching, supports scholarly research, and endeavors to improve the lives of the citizenry of the state of Maryland. Toward this end, the School offers contemporary, relevant, and service-oriented educational programs that are guided by the standards of excellence set forth by professional associations and accrediting organizations. The School offers a sequence of courses for secondary teaching majors and works collaboratively with the University's departments of Mathematics, Natural Sciences, English and Modern Languages, and History and Government to prepare secondary teachers. Since becoming a separate professional school within the Bowie State University structure, the College of Education has accomplished major goals in the areas of technology, marketing, retention, high-quality programming at the undergraduate and graduate levels, and professional development school partnerships.

Clinical Associate Professor: Carol West

Lecturer: Marshina Baker

ADMISSION TO THE TEACHER EDUCATION PROGRAM

After completion of appropriate courses, candidates are required to formally apply for admission to the Teacher Education Program. All candidates must schedule a formal interview with the Teacher Education Committee. Interviews are held each semester. Before admission is granted, a candidate's application for admission to Teacher Education must be formally approved by the Teacher Education Committee and signed by the Committee Chair. The Committee's decision is final. Candidates may be referred for additional course work, counseled into other non-teaching areas, or denied admittance to the program.

Criteria for admission to the Teacher Education Program

1. A grade point average of 2.5 in total course work.
2. Completion of a minimum of 32 semester hours.
3. Must pass the *English Proficiency Examination*.
4. Demonstrated proficiency in speech and writing.
5. Completion of EDUC 101, Introduction to Education, and EDUC 201, Human Growth and Development with a grade of "C" or better.
6. Must pass PRAXIS I.
7. A typewritten, three-page autobiography, submitted at least a week before the interview, focusing on the following:
 - a. Work experience

- b. Special interests
 - c. Direct experience with children
 - d. Out-of-state travel experience
 - e. Philosophy of education
8. Submission of evaluation forms from two faculty members.
 9. Successful formal interview with the Admission and Retention Committee for Teacher Education.
 10. A letter of approval from the Chair of the Admission and Retention Committee.

English Proficiency Examination, PRAXIS I and PRAXIS II

All degree-seeking undergraduate teacher education majors must pass the Bowie State University *English Proficiency Examination*. Students are required to take this examination after the completion of ENGL 101 *Expository Writing* and ENGL 102 *Argument and Research*. The *English Proficiency Examination* is a prerequisite for several courses and a graduation requirement.

The PRAXIS I is a requirement for all candidates who declare education as a major. Scores from the PRAXIS I will be compared to the criterion set by the Maryland State Department of Education. Students not scoring at the acceptable criterion will be required to seek additional assistance. These students, under the direction of an advisor, will sign a contract to attend appropriate learning laboratories on campus and submit a work folio containing total hours and assignments completed.

Candidates must take PRAXIS I and PRAXIS II and achieve a passing score set by the Maryland State Department of Education in order to be certified by the State of Maryland. Passing scores on the PRAXIS I are prerequisites for several courses in the professional sequence, including methods courses and student teaching. Passing scores on all PRAXIS II related to the declared major are required for graduation.

Students have the option of taking EDUC 220, Test Criterion for Certification, and participating in the Student Teacher Education Preparation Program (STEPP) Laboratory. Both experiences are designed to maximize students' success on the PRAXIS I, however, students who take the PRAXIS I test and fail to pass the test must take EDUC 220 as a required course.

& IINTERNSHIP PHASE II) STUDENT TEACHING*

To become eligible to student teach, a candidate must meet all of the Admission to Teacher Education Criteria and the following eight requirements at the time of application (one semester *prior* to student teaching):

1. Admission to Teacher Education.
2. Must pass the Bowie State University *English Proficiency Examination*.
3. Completion of a minimum of 100 semester hours.
4. Cumulative grade point average of 2.5 in the major and in all courses completed.
5. A grade of "C" or better in all professional sequence courses offered in the Department.
6. Completion of required education courses, method courses, Year Long Internship Phase I & II and PRAXIS I & II.
7. Passing scores on the PRAXIS I.
 - a. Reading. (passing score 177)
 - b. Writing. (passing score 173)
 - c. Mathematics (passing score 177)
 OR
 Minimum SAT score of 1100 or ACT score of 24

8. Passing scores on the PRAXIS II.
(Specialty areas)
 - a. Specialty Area (SA) is a graduation requirement. ECED/SPED majors must take two early childhood education tests and two special education content knowledge area tests.
9. Recommendation and approval for student teaching by the secondary department (secondary education majors only).

**Student teaching applications must be submitted to counties the semester before placement. All requirements must be fulfilled before initiation of the admission process.*

Year Long Internship Phase II

The final grade in the Year Long Internship Phase II must be a “C” or better. Phase II of the Year Long Internship experience is a non-paid, full-time public school experience in a Professional Development School (PDS). It is fulfilled in the county/city schools with which the University has a Professional Development School Agreement.

Second Bachelor’s Degree: Teacher Certification

Candidates who hold a baccalaureate degree and wish to become certified teachers must enroll as *second-degree* students. Each student also must schedule an interview with the Assessment Coordinator in the Department of Teaching, Learning, and Professional Development and obtain (prior to the interview) an evaluation of his/her transcript by the Maryland State Department of Education (200 West Baltimore Street, Baltimore, MD 21201; Attention: Division of Certification and Accreditation).

The Assessment Coordinator of the Department, with the Department Chairperson must advise all second-degree candidates. Second-degree candidates must meet the PRAXIS testing requirement and fulfill all of the course requirements of their selected major. In their first semester at the University, second-degree candidates also must pass the Bowie State University *English Proficiency Examination* and be admitted to teacher education.

Independent Study

Independent Study cannot be used to satisfy any of the General Education requirements. A student must receive permission from the Department Chair before being allowed to take *Independent Study*.

Field Experiences

The field experience components of EDUC 101, Introduction to Education, and EDUC 201, Human Growth and Development, cannot be taken within the same semester.

Certificate of Eligibility to Teach

A *Certificate of Eligibility for State Certification* is given to candidates who successfully complete all requirements of a Maryland state-approved teacher education program. The *Certificate of Eligibility* may be obtained by the applicant’s employer or by the applicant directly from the Teacher Certification Division of the Maryland State Department of Education in Baltimore, Maryland.

ELEMENTARY EDUCATION PROGRAM

The Elementary Education Program prepares candidates for careers in elementary teaching. Candidates complete a comprehensive, multidisciplinary program of study and a sequence of professional courses in education, theory, and a method of elementary teaching. Candidates pursuing a degree in Elementary Education must complete 123 semester hours of course work.

The undergraduate program in Elementary Education has a three-fold purpose:

1. To give candidates a solid knowledge base that includes a multi-disciplinary academic program of study, knowledge of pedagogy, and knowledge of learners and their characteristics.
2. To give candidates an opportunity to practice a repertoire of best teaching practices.
3. To encourage in student's attitudes and skills necessary for reflection and problem solving, and an attitude and belief that "learning to teach" is a lifelong process.

EARLY CHILDHOOD/SPECIAL EDUCATION PROGRAM

The Early Childhood/Special Education Program is organized to provide prospective teachers with essential competencies needed to effectively meet the intellectual, emotional, and social needs of young children. The goal of the program is to prepare prospective teachers with the methodology, knowledge, and diagnostic skills imperative to meeting the diverse needs of typical and atypical primary students. The Early Childhood/Special Education Program views learning from a cognitive behavioral developmental perspective and universal design theory. Particular emphasis is placed on determining what the child already knows, while acknowledging the fact that many children will not have had experiences commensurate with their peers. The Program prepares prospective teachers to build on the child's strengths, background knowledge, and experiences. From this perspective, the child is conceptualized as an active learner who functions within a broader ecological context that includes the family, the community, and a culturally and linguistically pluralistic society. Upon graduation, early childhood/special education majors qualify for dual certification by the State of Maryland. Candidates pursuing a degree in Early Childhood/Special Education must complete 126 semester hours of course work.

SECONDARY TEACHING PROGRAM

Secondary Teacher Education may be selected as a track for candidates enrolled in departments with state-approved programs and with courses in the methods of teaching the major subject.

The Secondary Education Track is designed to buttress the theoretical knowledge base with sound educational classroom practices. The Secondary Education candidate has field experiences embedded in EDUC 101, Introduction to Education, EDUC 201, Human Growth and Development, and SPED 403 Orientation to Special Education. The methods courses are coordinated conceptually through the inclusion of a common core of teaching strategies and issues.

SPORT MANAGEMENT PROGRAM

The Bachelor of Science Degree in Sport Management is designed to address current deficiencies specific to the growing needs of the Sport Management Industry. The program is designed to provide opportunities for students to attain specific foundational training in the area of managing sports in society and also specialize in areas of concentrations associated with Sport Management. Bowie State University's program is also designed to produce sport managers who will contribute to the expansion of Maryland's competitiveness in the growing sporting industry. Furthermore, the management of sport programs is constructed to provide a comprehensive education with enrichment experiences that will enable students to develop the proper skills and necessary competencies needed for the public as well as the private work force sector settings.

PROGRAM REQUIREMENTS

The undergraduate course of study will require four academic years to complete. The total numbers of hours for completion of the degree will be 120 semester hours.

Students who transfer into the Sport Management program from other institutions or from majors within the University should expect to complete at least 54 – 60 hours of work within the Department, depending on the track, in addition to any unfulfilled University requirements.

DETAILED REQUIREMENTS (120 semester hours)

Students are required to earn 120 semester hours in three knowledge areas, general education (46 semester hours), Sport Management (47 semester hours) and a Concentration (27 semester hours). Students choose their concentration in consultation with their advisor.

SPORT MANAGEMENT COURSES

SPM	101	Introduction to Sport Management	3
SPM	210	Role of Sports in Society	3
SPM	203	Ethics in Sport	3
PSYC	312	Sports Psychology	3
SPM	303	Sports Marketing and Promotion	3
SPM	305	Facility Management and Design	3

WORKSHOPS IN EDUCATION

The Department responds to the changing educational needs of the Bowie State student and the school community in constructing timely workshops that address current issues. Any group wishing a particularly designed workshop or institute should consult the Department of Teaching, Learning, and Professional Development.

COLLEGE OF PROFESSIONAL STUDIES

Dean: Antoinette Coleman

The College of Professional Studies, formerly a part of the College of Education and Professional Studies, was established on July 1, 2001. The School is composed of four departments: Behavioral Sciences and Human Services, Nursing, Psychology, and Social Work. It fosters exemplary teaching, scholarship and research, and service to the community through its professional academic programs. The College of Professional Studies embraces the University's core values—excellence, civility, integrity, diversity, and accountability—as well as service, social justice, and trust.

MISSION

The mission of the College of Professional Studies is to provide an array of service-oriented educational programs that are guided by standards of excellence as set forth by professional associations and accrediting organizations.

The academic programs empower students to become leaders by providing the foundations of essential theory and practice that prepare them for beginning roles in various service-oriented professions. Through interdisciplinary collaboration students learn to value diversity, think critically, and integrate technology into their preparation for study at the graduate level and for life long work.

VISION

The College of Professional Studies will empower future professional leaders to be life long learners and to serve humanity in a diverse and global society.

GOALS

1. Deliver competitive professional academic programs that ensure the integration of theory, practice, and technology to meet the needs of a diverse and rapidly growing global society.
2. Support student academic achievements to shorten time-to-degree.
3. Increase school and university resources through external funding sources and partnerships.
4. Initiate and sustain collaborative efforts to support faculty scholarship and research.

DEPARTMENT OF BEHAVIORAL SCIENCES AND HUMAN SERVICES		
MAJOR	CONCENTRATION	DEGREE OFFERED
CHILD AND ADOLESCENT STUDIES	Community Based Corrections Forensic Science Social Justice	BS, BA
CRIMINAL JUSTICE		BS, BA

TECHNOLOGY		BS

Chair: D. Elliott Parris

Associate Professors: Marsha Jackson, Annie Ruth Leslie, Kinuthia Macharia, D. Elliott Parris

Assistant Professors: Charles Adams, Kim Barnett, Dorothy Fardan, Charla McKinzie, Freddie Vaughns, William Welch

Lecturers: Judith Fitzgerald, Barbara Lynch-Freeman, Petrina Shateen, Marcia Thompson

MISSION

The Department of Behavioral Sciences and Human Services is committed to the University's Mission Statement, Goals, and Objectives. The Department is dedicated (1) to providing its majors with general competence and skills in the behavioral sciences and human services as well as specific competencies and skills in their chosen areas of concentration and (2) to continuing its strong programs in both behavioral sciences and human services, while aggressively exploring linkages between the two perspectives that will enhance research and service to the metropolitan area, state, and region.

GOALS

Each of the units has specific goals and objectives. However the general departmental undergraduate goals are the following:

1. To offer an undergraduate experience in Sociology/Criminal Justice and Child and Adolescent Studies that enables students to acquire skills that enhance their employability in related occupations;
2. To provide an undergraduate experience that enables students to fully prepare for graduate training;
3. To provide directions, support, and stimulation to majors; and
4. To provide relevant service courses/programs to the University community.

DESCRIPTION OF THE DEPARTMENT

The Department of Behavioral Sciences and Human Sciences is composed of four undergraduate majors:

- Child and Adolescent Studies
- Sociology
- Criminal Justice
- Technology Criminal Justice/Law Enforcement

Child and Adolescent Studies and the Sociology major offer either a B.A. or B.S. degree. The B.A. degree requires 12 semester hours of a foreign language, while the B.S. does not. The Sociology with Criminal Justice Concentration major and the Technology Criminal Justice/Law Enforcement major offer B.S. degrees. The Technology Criminal Justice/Law Enforcement Track is limited to transfer students who enter Bowie State University with an associate's degree (60 semester hours) in a technology curriculum and who therefore need only 60 more of 120 semester hours towards completing a bachelor's degree. The department also offers minors in Sociology, Criminal Justice and Child and Adolescent Studies.

THE CHILD AND ADOLESCENT STUDIES MAJOR (Formerly PEDODOGY)

This major introduces students to the scientific study of the life, development, and socialization of children and adolescents. The Child and Adolescent Studies Program is an interdisciplinary undergraduate program that prepares the student for a wide range of research, assessment, evaluation and management opportunities in institutions and agencies serving children and adolescents, such as: juvenile correctional institutions, Head Start administration and programs, counseling centers, children's hospitals and hospices, daycare centers, schools, social welfare agencies, adoption agencies, youth centers, clinical settings, street outreach, transitional living, entrepreneurship, and more.

Majors are required to earn at least a "C" in all courses in their major. Seniors also are required to perform a year of field placement. After completing ENGL 101 and ENGL 102, *Expository Writing and Argument and Research*, students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who complete their English composition requirements must take the *English Proficiency Examination* during the first semester of enrollment at the University. Exceptions to, or substitutions for, the following major requirements are considered only through a formal process of departmental recommendations. To receive a degree in Child & Adolescent Studies, the student must complete 120 hours.

The Child and Adolescent Studies Program provides:

1. Small classes
2. Integration of learning to experience
3. Day, evening, and SUMMER classes
4. Courses to enhance parenting and professional skills
5. Counseling and training services for students, incarcerated mothers and welfare to work mothers, and others
6. Cultural pedagogical models
7. Cultural coping strategies
8. Indigenous storytelling

THE SOCIOLOGY MAJOR

Students who major in Sociology have the option of pursuing the BA degree (language required) or the BS degree. This major provides students with 18 semester hours of a “core” that emphasizes training in theory and research methodology. Students then focus their studies in Criminal Justice or Sociology. The Criminal Justice concentration provides students with 30 hours in this field, including a practicum or field experience course. The Sociology concentration consists of 18 semester hours in sociological topics including SOCI 203: Deviant Behavior, and SOCI 408: Collective Behavior.

Majors are required to earn at least a “C” grade in all Sociology and Criminal Justice courses in their major program. After completing ENGL 101 and ENGL 102, *Expository Writing and Argument and Research*, students must take and successfully pass the Bowie State University *English Proficiency*

Examination. Transfer students who completed their English Composition requirements must take the *English Proficiency Examination* during their first semester of enrollment at the University. To receive a BA/BS in Sociology, the student must successfully complete 120 semester hours.

Exceptions to, or substitutions for. The following major requirements are considered only through a formal process of departmental recommendations.

BACHELOR OF ARTS/SCIENCE IN SOCIOLOGY

In order to earn a degree, a student must complete 120 hours. Of these, 40-41 are General Education Requirements and 6 are Institutional Requirements as follows:

INSTITUTIONAL REQUIREMENT (6 semester hours)

FRSE 101	Freshman Seminar (not required for transfer students with 12 or more semester hours)		3
----------	--	--	---

Transfer students not taking Freshman Seminar **MUST SUBSTITUTE THREE (3) OTHER SEMESTER HOURS TO BE INCLUDED IN THEIR TOTAL OF 120 HOURS.**

HEED 102	Contemporary Health or		
IDIS 210	Contemporary Health Issues of Women		3

GENERAL EDUCATION REQUIREMENTS (40-41 semester hours)

English Composition (6 semester hours) – Two courses in English composition

ENGL 101	Expository Writing		3
ENGL 102	Argument and Research		3

Arts and Humanities (6 semester hours) – One course in each of two disciplines

DISCIPLINE COURSES: Philosophy, Communications, Theatre, Art, Music, and Modern Languages

_____	_____	Arts/Humanities	3
_____	_____	Arts/Humanities	3

Social Science and Behavioral Sciences (6 semester hours) – One course in each of two disciplines

DISCIPLINE COURSES: History, Economics, Anthropology, Political Science, Psychology, Sociology, Geography, Social Work or Interdisciplinary Social Science. (Must include 3 semester hours of African American History)

HIST 114	African-American History to 1865 or		
HIST 115	African-American History since 1865		3
_____	_____	Social/Behavioral Science	3

Natural Science (7-8 semester hours) – Two science courses, at least one of which shall be a laboratory course

DISCIPLINE COURSES: Biology, Chemistry, Physics, and Physical Science.

_____	_____	Science	4
_____	_____	Science	3 or 4

Mathematics (3 semester hours) – One course in mathematics at or above the level of college algebra

_____	_____	Math	3
-------	-------	------	---

Technology (3 semester hours) – One course in technology

Discipline Courses: Business Information Systems or Computer Science

_____	_____	Technology	3
-------	-------	------------	---

Free General Education Electives (9 semester hours) – Departmental advisement, chosen from any category within the General Education Course List

Courses numbered “100” or less in Communication Skills and in Mathematics are developmental courses and as such are not included in the 120 credit hour graduation requirement, and thus constitute additional semester hours beyond 120 hour requirement.

REQUIRED FOR MAJOR – SOCIOLOGY CORE COURSES

ANTH	102	Introduction to Anthropology	3
SOCI	101	Introduction to Sociology	3
SOCI	307	Sociological Theory	3
SOCI	309	Elementary Statistics in Sociology	3
SOCI	412	Methods of Sociological Research	3

**BACHELOR OF ARTS/SCIENCE IN SOCIOLOGY
CRIMINAL JUSTICE CONCENTRATION**

In order to earn a degree, a student must complete 120 hours. Of these, 40-41 are General Education Requirements and 6 are Institutional Requirements as follows:

INSTITUTIONAL REQUIREMENT (6 semester hours)

FRSE 101 Freshman Seminar (not required for transfer

Students with 12 or more semester hours) 3

Transfer students not taking Freshman Seminar MUST SUBSTITUTE THREE (3) OTHER SEMESTER HOURS TO BE INCLUDED IN THEIR TOTAL OF 120 HOURS.

HEED	102	Contemporary Health or	
IDIS	210	Contemporary Health Issues of Women	3

GENERAL EDUCATION REQUIREMENTS (40-41 semester hours)

English Composition (6 semester hours)

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3

Arts and Humanities (6 semester hours) – One course in each of two disciplines

DISCIPLINE COURSES: Philosophy, Speech, Theatre, Art, Music (except workshops), Modern Languages, Interdisciplinary African-American Studies.

—	—	Arts/Humanities Elective	3
—	—	Arts/Humanities Elective	3

Social and Behavioral Sciences (6 semester hours) – One course in each of two disciplines

DISCIPLINE COURSES: History, Economics, Anthropology, Political Science, Psychology, Sociology, Geography, Social Work or Interdisciplinary Social Science. (Must include 3 semester hours of African American History)

HIST	114	African-American History to 1865 or	
------	-----	--	--

HIST	115	African-American History since 1865	3
_____	_____	Social/Behavior Science Elective	3

Natural Science (7-8 semester hours) – Two science courses, at least one of which shall be a laboratory course

DISCIPLINE COURSES: Biology, Chemistry, Physics, Physical Science.

_____	_____	Science	4
_____	_____	Science	3-4

Mathematics (3 semester hours) – One course in mathematics at or above the level of college algebra

_____	_____	Math	3
-------	-------	------	---

Technology (3 semester hours) – One course in technology

DISCIPLINE COURSES: Business Information Systems or Computer Science

Technology	3
------------	---

Free General Education Electives (9 semester hours) – Departmental advisement, chosen from any category within the General Education Course List

Courses numbered “100” or less in Communication Skills and in Mathematics are developmental courses and as such are not included in the 120 credit hour graduation requirement, and thus constitute additional semester hours beyond 120 hour requirement.

REQUIRED FOR MAJOR – SOCIOLOGY CORE COURSES

ANTH	102	Introduction to Anthropology	3

BACHELOR OF SCIENCE IN TECHNOLOGY

CRIMINAL JUSTICE/LAW ENFORCEMENT TRACK

The student entering the Technology Program in Criminal Justice/Law Enforcement will possess an Associate of Arts degree with a minimum of 2.5 cumulative grade point average, having completed approximately 40 hours of a technology curriculum. The student will complete the remaining General Education requirements, upper division, and elective courses in the field of Criminal Justice/Law Enforcement and related general electives at the University. Sixty hours of additional course work are ordinarily required to complete the technology degree.

After completing ENGL 101 and ENGL 102, *Expository Writing* and *Argument and Research*, students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English Composition requirements at another institution must take the *English Proficiency Examination* during their first semester of enrollment at the University.

Approval of the total course of study by the Coordinator is required. Programs should avoid duplication of previous course work. The student is advised to consult with the Criminal Justice/Law Enforcement Coordinator to plan elective courses in Criminal Justice/Law Enforcement.

Academic Advisor: Kenneth Dovale MS

MISSION

The mission of the Department of Nursing is to provide quality academic programs that offer learners the opportunity to expand their knowledge base and pursue advanced study. The nursing curricula prepare professional nurses who demonstrate excellence in practice, apply ethical principles, display leadership skills, think critically, value diversity, and participate in research, scholarship, and community service. The Department of Nursing is committed to increasing the number of underrepresented minorities in the nursing profession.

The Baccalaureate Nursing Program is approved by the Maryland Board of Nursing.
The Baccalaureate Nursing Program is accredited by the National League for Nursing Accrediting Commission.

National League for Nursing Accrediting Commission

3343 Peachtree Road, NE
Suite 500
Atlanta, Georgia 30326

Department of Nursing Goals

- Provide quality programs supportive of the learning needs of students
- Maximize opportunities to support recruitment, access, and retention efforts for students
- Promote local and regional workforce development
- Promote effective and efficient use of departmental resources

PROGRAM OVERVIEW

Bachelor of Science in Nursing

The Department of Nursing offers a Bachelor of Science in Nursing (BS) for students interested in becoming a professional nurse. Students may select from a tradition track or an accelerated track. Transfer and second degree students are encouraged to select the accelerated track. Graduates of this program are eligible to take the state licensure examination to become registered nurses.

A Baccalaureate Nursing completion program for Registered Nurses (with a Maryland license) is also offered. In the baccalaureate program, students acquire a sound liberal education with content from the social sciences, arts, humanities, sciences, and computer science. The curriculum provides students with comprehensive nursing knowledge and skills.

Graduates will be critical thinkers who have the ability to provide nursing care in a variety of healthcare settings, assume leadership roles, and adapt to the changing healthcare environment. The baccalaureate program provides a foundation for graduate education. To complete a BS degree, the student must complete 121 – 123 CREDITS, depending on the program.

Baccalaureate Curriculum Program Outcomes

Upon completion of the baccalaureate nursing program, the graduate will be able to:

1. Evaluate the impact of caring behaviors on patient outcomes.
2. Appraise the effects of communication techniques on proposed outcomes.
3. Appraise the effectiveness of culturally congruent care on client outcomes.
4. Evaluate the outcomes of ethical dilemmas in client care situations.
5. Appraise health policies and proposed laws that effect nursing practice.
6. Integrate critical thinking with independent judgment to promote optimal wellness to families and communities.
7. Evaluate as a leader, the concepts of power and empowerment and autonomy and advocacy in managing nursing practice.
8. Compares and contrasts leadership styles within the nursing structures and health care systems in reference to sociocultural, political, economic, legal, and ethical influences.
9. Utilize research findings for decision-making and rationale for nursing interventions.
10. Critique components of research studies.
11. Assume accountability for meeting the changing health care needs of diverse populations representing the global community, through the continuation of personal, professional, and educational development

Bowie State University
Department of Nursing

Baccalaureate Nursing Student Policies

The policies in this section of the handbook are applicable to *baccalaureate students* enrolled in the nursing programs. These policies are consistent with and supplement Bowie State University policies. The *Bowie State University Undergraduate Catalog* is the principle document governing policies and procedures for students. The Office of Student Services also provides a student handbook, *The Agenda*. Students are responsible for accessing and reviewing the documents that govern undergraduate students.

Admission Policies

BS NURSING ADMISSION REQUIREMENTS

Incoming Freshmen:

High School - College Preparatory program

- **GPA 3.0 average in High School Math (Algebra, Geometry, Algebra 2, Pre-Calculus)**
- **GPA 3.0 average in High School Sciences (Biology, Chemistry, Physics, or other advanced science courses)**
- **Eligible to enroll in Math 141 based on Math placement tests at BSU**
- **Submission of an application to the Department of Nursing in the SPRING semester**

Transfer students and those who were not eligible for admission in the freshmen year may apply during the SPRING semester for a FALL admission into the sophomore year of the nursing program. The admission criteria effective for students admitted into the sophomore year:

- **Students should have completed the freshmen year of courses according to the progression plan for traditional baccalaureate students with an overall GPA 2.75 and 2.5 GPA in Science prerequisites.**
- **Required science courses completed within 5 years of admission date**
- **Students will submit an application to the department of nursing in the SPRING semester.**
- **Students who are admitted to the program and have not taken NURS 101 must successfully complete NURS 101 during the SUMMER session prior to the FALL sophomore entry.**

The admission process is competitive with a maximum admission of 120 students to upper level nursing courses.

ACCELERATED BS NURSING ADMISSION REQUIREMENTS

Second degree and transfer students:

- **Must have successfully completed all general education courses required for the baccalaureate nurse program**
- **Must have a 3.0 cumulative GPA**
- **Must have a 3.0 cumulative GPA in science and math courses**
- **Science courses completed within 5 years of admission date**
- **Must have evidence of success as a fulltime student (12 or more credits in one semester)**

This program begins in the SUMMER and requires year round study for 18 months.

There are a designated number of admissions established each year.

RN to BS Admission Requirements

- **Licensure as a Maryland RN**
- **Admission to Bowie State University**
- **Completion of Nursing Prerequisites**
- **Minimum cumulative GPA of 2.0**
- **Submission of the RN to BS application**

General Policies

Academic Honesty and Dishonesty- Nursing students are expected to conform to a strict standard of academic honesty. In addition to the Bowie State University Undergraduate Catalog, academic dishonesty includes exhibiting unethical or illegal behaviors including falsification of documents. Students are required to sign the Academic Honesty and Dishonesty form, which is placed in the student's academic folder in the nursing department. Students will be recommended for dismissal from the nursing program when academic dishonesty is confirmed. Please refer to the BSU Undergraduate Catalog for policies about academic dishonesty.

Communication Methods – The faculty and staff provide program and curriculum information through the use of Bowie email accounts, ANGEL, and the Nursing Department web site. Students are expected to review these electronic sources at least weekly. Technology is an integral part of the nursing curriculum.

Financial Aid – Financial assistance at BSU is available through various sources. Opportunities are available to students to receive funds if they meet the specified criteria. Personnel in the Financial Aid Office will assist students in exploring financial assistance for which they may be eligible. The Financial Aid Office is located in the Henry Building.

Governance – It is expected that students will participate in governance within the Department of Nursing (DON) and in the University. The mechanism for participation in governance of the University is through the BSU Student Government Association. The mechanism for participation in the governance of the department of nursing is through the Student Nurses Association and student representation on the DON Curriculum Committees. Input from students is encouraged and welcomed regarding the courses and activities of the DON. It is therefore the responsibility of students to serve as representatives to the Undergraduate Curriculum Committee. The Student Nurse Association will hold elections annually, in the FALL to select representatives to the Undergraduate Curriculum Committee (UCC). The Student Nurse Association shall elect one student representative from each cohort admitted. The Student Nurse Association shall have one vote through its collective student representatives.

Office Hours – The Department of Nursing Office is open Monday through Friday from 8:30 a.m. until 5:00 p.m. All faculty maintain office hours, which are listed on course syllabi. A listing of the office hours for each faculty member is available for review in the nursing office, and also on the bulletin board next to the office door of the faculty member.

Request for Leave of Absence – Students may request a leave of absence for personal or family medical emergencies. Students requesting a leave of absence for medical emergencies must have official documentation to support the request. The request must be made in writing 14 days prior to the start of the intended leave. The student must also meet with their advisor regarding this request. The approval for the leave request will be made by the Faculty Organization. Student progression in the nursing program will be based on course availability.

Required Fees – Throughout the nursing program, students are required to pay for the following items:

- Assessment Technologies Institute (ATI)
- Nursing Exit Exam
- Comprehensive Exit Exam
- Clinical Laboratory

These fees are collected as part of the semester charges and are in addition to any and all charges for tuition, room, board, and other general BSU student fees.

Course Policies

Class Attendance – Students are expected to attend and to participate in all class sessions. Students are required to notify faculty of absences or delays. Students are responsible for all academic content covered at all times.

Clock Hours and Credit Hours – In lecture courses one credit hour is equal to a 50 minute time period per week. In clinical courses one credit hour is equal to four (4) clock hours of clinical per week. In lab courses one credit hour is equal to three (3) clock hours.

Cancellation of Classes – Any cancellation of classes by the University is broadcast over local radio and television stations. When classes are cancelled clinical experiences are also cancelled.

Grading Criteria – The grading scale for undergraduate students in the Department of Nursing is as follows:

A = 92 – 100

B = 83 – 91

C = 75 – 82

D = 68 – 74

F = below 67.5

Late Assignments – Assignments turned in late will not receive credit unless a specific authorization has been granted by the faculty for health or other reasons. In the event of illness or emergency, students are responsible for making arrangements with the appropriate faculty member.

Progression Policies

Progression – Nursing course content is planned in a sequential manner so that each course builds upon previous course content. Students must complete all courses sequentially as outlined in the progression plan. Students must be enrolled into the corresponding clinical nursing courses when enrolled into the didactic course. Students must satisfactorily complete the clinical and didactic courses to progress to the next level. Students who are unsuccessful in one of the courses must retake the didactic and corresponding clinical course.

In order to progress in the nursing program, students must earn a “C” or better in the general education courses.

Progressive testing with standardized exams will be used to evaluate student competence of completed course materials. Opportunities for online practice prior to each exam will be provided. Two attempts are allowed for each exam. Students must achieve minimal proficiency level in order to progress in the nursing program. Students who are unsuccessful after two attempts, but have successfully completed the course must complete 20 hours of remediation.

Students must complete the nursing program within five (5) years from the date of admission into the nursing program.

Academic Standing – All students are required to complete a minimum of 62 CREDITS in the nursing major according to the progression plan. Nursing students must earn a grade of “C” or higher in all nursing courses and maintain a 2.5 grade point average (GPA) to be in good academic standing.

Student Advisement – All students must meet with their advisor to prepare for registration each semester and in a proactive manner throughout the semester. Advisement sessions are used for planning student progression, discussing professional issues and concerns, and obtaining assistance that may be needed. Students are encouraged to make an appointment for advisement.

Academic Warning – Students earning a grade less than “C” in a nursing course at mid-term must meet with the course faculty member to develop a written plan of action to assist the student to improve academic standing. The plan of action will be documented on the progress report form. This document is placed in the student’s Department of Nursing record and the student receives a copy. Students will receive a mid-semester grade.

Dismissal from the Program – When a student is recommended for dismissal from the nursing program, the Department Chairperson will provide written notification of dismissal. Students dismissed for academic reasons may apply for admission to the nursing program after one academic year. Students will be recommended for dismissal from the undergraduate nursing program under the following conditions:

1. Earning a grade lower than “C” in two different nursing courses or in one repeated nursing course.
2. Failure to meet the requirements for progression.
3. Earning a grade of “W” or an “AU” in three nursing courses.
4. Exhibiting conduct that is unprofessional, incompetent, unethical, or illegal in the clinical/practicum settings as outlined by the *American Nurses’ Association Code for Nurses*, the *DON Academic Honesty and Dishonesty* document, and the clinical agency policy.
5. Cheating on examinations, plagiarism, or improper documentation or falsification of clinical activities as outlined in the *BSU Undergraduate Catalog* and the *DON Academic Honesty and Dishonesty* document.
6. Performance in an unsafe manner while providing care to a client. (*In addition, the student will be immediately removed from the clinical area.*)
7. If any student presents to the clinical area chemically impaired by drugs or alcohol. (*In addition, the student will be immediately removed from the clinical area.*)

Grade Appeal – Students should follow the procedures outlined in the BSU Undergraduate Catalog for grade appeals.

Grievance Policy – Students should attempt to resolve all grievance issues at the lowest level. Discuss the issue with the faculty. In the event that the issue needs further review, the chain of command within the DON should be followed. If there is no resolution within the DON, then sources outside the Department may become involved. The grievance process pertains to all matters except grades. The time frame for initiating a grievance is within five (5) weekdays of the event. The process must be followed in the sequence listed:

Grievances of Clinical Faculty decisions - if not resolved at this level notify Course Coordinator of continuation of the grievance process within 5 weekdays of the event.

Grievances of Course Faculty decisions or any progression issues - if not resolved at this level notify the Program Coordinator. Students will submit their version of the grievance typed and include a description of the original event. The program coordinator will review the issue and determine if it should be forwarded to the APG committee. If the grievance is moved to the next level, the program coordinator will inform the student, faculty, and APG committee. A summary of all activities that have occurred will also be forward to the APG committee.

Submit to the chair of APG committee.

Admission Progression and Graduation Committee (APG) Chairperson within 5 weekdays of the decision.

The APG Committee may invite other nursing student representatives to hear grievances related to clinical practice. The recommendation of the APG Committee will be referred to the DON Faculty Organization for final decision.

Prior to rendering a decision, the Faculty Organization will may invite the student to present all documents and other evidence during the Faculty Organization meeting. A decision will be rendered within 30 days.

Students who wish to continue the grievance process outside of the DON must follow the BSU policy related to grievance.

Chain of Command beyond the DON

- Dean, College of Professional Studies
- Provost and Vice President for Academic Affairs or Designee
- The President

Application for Graduation – Students who anticipate meeting all requirements for graduation must apply for graduation by the deadline date as posted by the University Registrar on the BSU website. The University establishes graduation fees and set deadline dates. The Office of the Registrar can assist you in matters related to this issue.

English Proficiency Examination – The English Proficiency Examination (EPE) is a graduation requirement that must be satisfied by all students receiving a bachelor’s degree from BSU. All students should take the examination upon completion of English 102. However, transfer students who completed their English requirements at another university should take the examination during their first semester of enrollment at Bowie State University. Students must successfully complete the English Proficiency Exam prior to enrollment into nursing courses with clinical experiences.

Graduation Requirements – Graduation requirements for the Bachelor of Science in Nursing (BS) degree are:

1. Successful completion of all general education and prerequisite course requirements.
2. Successful completion of the English Proficiency Examination.
3. Completion of all nursing course requirements and electives as specified by the DON.
4. Completion of a minimum of 120 credit hours with a minimum cumulative GPA of 2.0 on a 4.0 scale and a minimum grade of “C” in all Nursing courses. Refer to the Undergraduate Catalog for a discussion of quality points and grade point averages.
5. Successful completion of the Department of Nursing Comprehensive Exit Examination.
6. Submission of the Application for Graduation.
7. Clearance of all financial obligations by the Business Office.

Exit Survey – Graduating students will participate in an exit survey during their final semester of study. The survey is designed to obtain information about your experiences in the nursing program.

Clinical Policies

Students are expected to abide by the policies of the healthcare facility and the Department of Nursing. The clinical nursing faculty must know the location for all students during the entire clinical period. Students are not to leave the grounds of the healthcare facility without approval. This includes lunch breaks and early dismissals.

Clinical courses must be taken concurrently with the corresponding theory course. All undergraduate students must achieve a grade of “C” or above in the theory course and clinical course in order to progress to the next level in nursing.

Lateness/Absence

Students are expected to report to the clinical setting on time (specific time as defined by the faculty in the course). Students must provide appropriate notification of lateness or absence to the clinical instructor, preceptor, and/or clinical site. If a student is late, the clinical instructor or preceptor has the right to tell the student that they cannot participate in clinical activities for that day. Lateness will be converted to absences. The following formula will be used to convert lateness to absences:

2 Occurrences of lateness in a 2 credit course = 1 absence

Two Absences may result in failure of the clinical course. Clinical absences must be made up per instructor requirements.

Insurance

All students are required to have health insurance coverage. Fulltime students may purchase health insurance through the University.

All students are required to be covered by professional student liability insurance. The University purchases insurance on the student’s behalf. Fees for the insurance are included in the student’s tuition bill. **Registered Nurse** students are also encouraged to independently purchase professional liability insurance.

Students may purchase liability insurance from any company of their choosing. The following company provides insurance policies for nursing students.

NSO (Nursing Service Organization) Malpractice Insurance
159 E. County Line RD
Hartford, PA 19040
Phone: 1-800-247-1500 Fax: 1-800-739-8818 Email: service@nso.com

Health Requirements

The Department of Nursing (DON) does not discriminate on the basis of physical disabilities. However, any applicant with a physical or emotional problem that may impact clinical or classroom performance must notify the academic advisor in the DON upon submission of application to the DON.

The DON requires submission of the following information prior to enrolling into clinical nursing courses:

1. The completed BSU Department of Nursing Physical Examination/Health History Form

2. Immunization – Documentation of vaccination or immunity required
 - a. Polio series completed
 - b. DTP series completed
 - c. Tetanus Booster: Td within 10 years of completion of DTP series, and thereafter
 - d. MMR Titer or MMR Vaccinations #1 and # 2 if you are non-immune
 - e. Hepatitis B Series – 3 doses (Strongly Recommended) or a Signed Waiver
 - f. Varicella Titer or Varicella Vaccination if you are non-immune
3. Current Documentation of negative PPD (within one year) or documentation of a normal Chest X-ray within the last five years.
4. Completed criminal background clearance through PreCheck Services (\$49.50). Information for online application will be provided in the Department of Nursing.
5. Urine drug screen may be required by healthcare facilities through PreCheck Services (\$46.50). Information for online application and payment will be provided by the Department of Nursing.

Some services, including PPD tests and immunizations are available to students at the Wellness Center on campus for a nominal fee. Contact the wellness center at (301) 860-4171 for more information or to schedule an appointment.

Professional Documentation for Clinical Experiences – Prior to starting the clinical all students are required to submit and maintain a copy of:

1. Documentation of current CPR certification (American Heart Association BLS – Health Care Provider course)
2. All students who are Registered Nurses are required to maintain a current Maryland nurse’s license that substantiates their legal standing for the practice of nursing and current nurse liability insurance.
3. Student Nurse Liability Insurance may also be required for traditional nursing students.

All of the above documentation must be submitted to the course faculty by the date assigned. The deadline will be strictly enforced; there is no grace period. Students will be notified in writing if they do not meet the above requirements. Students will not be allowed to attend clinical if the above requirements have not been met (these will be counted as absences/ see absence policy).

Clinical Course Policies – The following policies apply to BS clinical courses:

1. Students must pass a dosage test prior to start of clinical in the junior and senior year nursing courses.
2. Clinical site assignments for students are made at the discretion of the course faculty member.
3. If the student is placed in an agency where he/she is employed, the clinical assignment will not be on the unit where he/she is employed.
4. Students are responsible for their own transportation to clinical sites. The DON uses a variety of healthcare agencies for clinical placements. These agencies are located in the Baltimore-Washington metropolitan area.

Uniforms

All Students

All students will purchase the designated BSU nursing student uniform (pants with tops or dress, and lab coat) with BSU patch in the semester before beginning clinical. The BSU patch must be sewn on the Left sleeve at the shoulder line.

1. Identification badge with student's name and picture must be worn at all times
2. Hair must be worn above the uniform collar. If hair length is below the collar, it must be worn pinned up or tied back.
3. Full length white lab coats or washable white or navy blue sweaters may be worn in the clinical area. Students are expected to remove their sweater or lab coat when providing direct client care.
4. Fingernails must be without polish and no longer than $\frac{1}{4}$ of an inch. Polished, designer and artificial nails are not permitted.
5. Jewelry is limited to one pair of stud earrings, wedding rings, & watch.
6. Students must maintain appropriate personal hygiene; strongly scented cosmetics are not permitted.
7. All white leather shoes with closed toe and closed, low heel are required.
8. Lab coats must be worn when not in uniform during visits to the clinical areas when care will not be given. Name pins and the DON patch must be worn on the lab coats and students must introduce themselves to staff.
9. Blue jeans may NOT be worn under lab coats.
10. Lab coats must be white and full length.
11. Lab coats must be worn in the nursing lab during simulation and when practicing skills.

Women

1. All skirts or dresses must be at an appropriate length for bending and stretching activities. Students will be dismissed from clinical if the instructor considers the uniform too short.
2. Pantsuits may be worn.
3. A full length non-cling slip must be worn under the uniform dress.
4. White stockings or panty hose are to be worn with dresses.
5. White knee high stockings may be worn with pants.

Men

1. White pants and top.
2. Pants must be fitted and an appropriate length.
3. White socks must be worn with pants.

Uniforms during Community Health and Psychiatric Mental Health Experience

Nursing students adhere to the course-specific uniform policy. Information regarding the policies will be given to students by course faculty.

Failure to adhere to these uniform requirements may result in dismissal from the clinical area, and will be reflected in the clinical evaluation.

Equipment Required for Clinical Experiences

1. A watch with a sweep second hand.
2. A stethoscope with bell and diaphragm.
3. Black ink pen.
4. Other equipment as specified in the course syllabus.

Accidents During Clinical Experience

If a nursing student is injured during the clinical experience he/she should report immediately to the faculty and charge nurse on the unit. Students may be required to go to Employee Health or the Emergency Department depending on the severity of the injury and the policies of the agency.

Fees for these visits may not be covered by the agency and students are required to maintain their own health insurance.

Reporting of Illness/Absence

1. It is the responsibility of the student to follow the course instructor's procedure to report absence due to illness.
2. When the student is hospitalized, the DON must be notified immediately.
3. Students who have experienced a hospitalization or extensive illness (3 days) must submit to the course faculty in writing, an official statement from the health care provider permitting return to clinical practicum.

Pregnancy

1. A student who is pregnant may continue in clinical experiences as long as her health status is satisfactory and she is able to complete her clinical assignments.
2. Students who are pregnant should consult with the faculty member in advance of their clinical assignment. Some agency regulations determine assignments during pregnancy.
3. For the safety of the student who is pregnant, she must not enter areas where radioisotopes or x-ray therapy is being administered.
4. Students who deliver during the semester must present in writing an official statement of health clearance from the health care provider permitting return to clinical practicum.

Standard Precautions

Students are required to implement Standard Precautions in all clinical settings where they may come into contact with blood and other body fluids. Standard Precautions should be used when in contact with human tissues, cerebrospinal, synovial, pleural, peritoneal, pericardial, and amniotic fluids. Students who are exposed to body fluids while in the clinical/practicum setting should notify the preceptor, responsible faculty, and the appropriate supervisory person in the agency. The student should follow-up with procedures available for employees of the clinical facility. This includes the right to request patient testing, individual counseling, and obtaining follow-up information for health care.

Procedures for Handling Blood and Body fluids:

1. Handle all blood and body fluids following Standard Precautions.
2. Wash hands and other skin surfaces before and immediately after contact with body fluids.
3. Wear protective barriers appropriate for the procedure being performed when anticipating exposure to body fluids.
4. Use gowns for splashes, goggles and masks for splatters, and gloves when handling fluids.
5. Do no recap or manipulate needles or sharps in any way. Place them immediately in puncture resistant containers after use.
6. Place resuscitation equipment where respiratory arrest is predictable. Refrain from direct client care if you have exudative lesions.

The Department of Nursing reserves the right to update and change the above policies at any time. A copy of the policies is posted on the department's web site. It is the students' responsibility to stay current and informed of the changes. If any changes occur, students will be notified and they will be able

to view the changes on the department's web site. Significant changes made to the policies will require students to sign and date a new acknowledgement form. All new nursing students are to read the policies and sign and date the acknowledgement form attached. This must be submitted on your first day of class.

Academic Honesty and Dishonesty

There is an expectation that academic honesty is upheld in the University and the Department of Nursing (DON).

Academic honesty is defined by the DON as academic activities that are truthful and authentic. Academic dishonesty is defined by the DON as academic activities that are deceitful. Academic dishonesty includes cheating on examinations, plagiarism, unauthorized collaboration with others on assignments, and submitting without authorization duplicate assignments for credit in more than one course. Academic dishonesty also includes exhibiting unethical or illegal behaviors, and falsification of documents and clinical activities.

Plagiarism is the act of representing another's ideas, words or information as one's own. Every student writing a paper should be aware of the following principles:

- All directly quoted materials must be identified as such by quotation marks. The sources of this material must be acknowledged.
- When borrowed ideas or information is not directly quoted by a student, the student should have so assimilated this material so that it is clearly being expressed in his/her own words. Just as in the case of direct quotations, the sources of such borrowed ideas or information must be acknowledged.
- The sources of ideas or information lying well within the realm of common knowledge (i.e. material that would be known by anyone familiar with the subject under discussion) need not be acknowledged.

Students who are academically dishonest will be recommended for dismissal from the program.

I have read and understand the above statements regarding academic honesty and dishonesty and agree to adhere to the statements.

DEPARTMENT OF PSYCHOLOGY		
MAJOR	CONCENTRATION	DEGREE OFFERED
PSYCHOLOGY		BA, BS

Chair: Cheryl H. Blackman

Professors: Jesse H. Ingram

Associate Professors: Cheryl H. Blackman, Patricia Westerman

Assistant Professors: John Bryant, Katrina Kardiasmenos, Ometha Lewis-Jack

Lecturers: Cornelia Brooks

MISSION

The Department of Psychology is committed to the mission, goals, and objectives of the University. The department prepares students for leadership in a global community through the development of their knowledge and skills in the history and theories of psychology, human development, and understanding of individual differences. Research and field experiences prepare students for graduate education and professions in psychology.

GOALS

1. To provide a high quality education to students so that they are prepared to enter graduate or professional schools.
2. To prepare students for graduate studies by providing a general psychology experience that includes theoretical and practical knowledge about the discipline.
3. To provide a well-planned sequence of field experiences in diverse settings that enable students to relate professional knowledge to the understanding of self, others, societies, and cultures at large.
4. To create and foster an environment for research among faculty and encourage student research under the supervision of the faculty.
5. To maintain a rigorous program through expansion and continuous revision of the undergraduate curricula.
6. To provide relevant service courses to the University community.

DESCRIPTION OF THE DEPARTMENT

The Department offers two degree programs in Psychology: a Bachelor of Science (BS) and a Bachelor of Arts (BA). These programs are designed to prepare students for graduate school in major areas of Psychology such as Clinical, Developmental, Experimental, and Social. Also, they meet the academic needs of students who are preparing for careers in health and education. Professionally-oriented courses, research experiences, practica, and close faculty-student mentoring are emphasized as a means of enabling students to reach their academic and professional goals.

Students who major in psychology may choose to pursue either the BA or the BS degree. The total number of semester hours required for an undergraduate degree in Psychology is 120. The BA degree program consists of 40 semester hours of psychology in combination with the study of a foreign language (12 semester hours).

The BS degree program provides intensive para-professional training in psychology. In this program, 52 semester hours in psychology provide students with skills in such areas as psychological measurement and research methodology, including computer assisted data analysis. Practical experience is gained through practicum placements in mental hospitals, social service agencies, counseling practices, government offices, research institutions, and other professional settings.

Psychology majors must earn a “C” or better in all psychology courses in their major program. After completing ENGL 101 and ENGL 102, *Argument and Research* and *Expository Writing*, students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English composition requirements at another university must take the *English Proficiency Examination* during their first semester of enrollment at the University.

Exceptions to, or substitutions for, the following major requirements are considered only through a formal process of departmental recommendations.

DEPARTMENT OF SOCIAL WORK		
MAJOR	CONCENTRATION	DEGREE OFFERED
SOCIAL WORK		BS

Chair: Doris S. Polston

Associate Professors: Doris S. Polston, Pamela Love-Manning

Assistant Professors: Makeba T. Green, Kesslyn Brade- Stennis, Emory Perkins

Lecturer: Priscilla R. Huff, Velva R. Taylor Spriggs

MISSION

The Social Work Program's mission is congruent with the University's mission. The primary mission of the baccalaureate Social Work Program at Bowie State University is to offer a sound educational program that is designed to prepare students with the values, knowledge, and skills for entry into the social work profession as generalist practitioners. Students are expected to have a commitment to improving human conditions, a desire for promoting social justice for vulnerable and oppressed persons and a desire for engaging in scholarly research and critical thinking concerning societal issues and social problems. Students who complete the program are not only prepared to work with diverse and multilevel client systems as generalist practitioners, but they are also equipped to continue their education at the graduate level.

Consistent with the mission of Bowie State University, the Social Work Program serves a diverse population, reaching students in the southern most tip of Maryland. It is the only social work program in the University of Maryland System located in the Washington Metropolitan Area. Social work majors at Bowie State University reflect the University's commitment to honor its heritage of providing access to higher education for African Americans and other under-represented populations. The students enrolled in the Social Work Program include a substantial number of nontraditional undergraduate students who are employed in the field of human services while pursuing their degrees primarily through evening course offerings.

The strength-based, problem-solving/planned change process model, combined with an ecological approach, provides the underpinnings of the social work curriculum. Also reflecting societal demands, requirements for classes in professional writing, Spanish, and American Sign Language have been added to the curriculum.

GOALS

The goals of the Social Work Program at Bowie State University reflect the purposes, values, and ethics of the Social Work profession.

1. Prepare graduates as competent entry-level generalist practitioners who can effectively work with individuals, families, groups, communities, organizations, and particularly African Americans and other groups that experience oppression and discrimination.
2. Prepare graduates to analyze and address social and economic justice issues.
3. Prepare graduates for generalist social work practice demonstrating values, ethics, standards, knowledge, and skills that guide the profession.
4. Prepare graduates for continued professional development.
5. Prepare graduates as critical thinkers throughout their professional careers.
6. Prepare graduates for practice with diverse populations and populations-at-risk.

BACHELOR OF SCIENCE IN SOCIAL WORK

The Social Work Program is a four-year program that offers both theoretical and practical learning experiences designed to prepare graduates for entry-level professional social work practice. Using a generalist's approach, Social Work majors must be able to utilize a variety of modes of intervention in the framework of a problem-solving practice model. The Social Work Program will enable the graduate to move into one of several employment areas or to continue studies at a graduate school of social work. A student pursuing a Bachelor of Science Degree in Social Work is not expected to take a minor. The major consists of 46 hours in Social Work. The Program is accredited by the Council on Social Work Education. Social Work majors must obtain a minimum grade of "C" in all of their social work courses. Grades below a "C" within the major are not accepted for credit toward graduation.

After completing ENGL 101 and ENGL 102, Composition and Literature I and II, students must take and successfully pass the Bowie State University *English Proficiency Examination*. Transfer students who completed their English composition requirements at another institution must take the Bowie State University *English Proficiency Examination* during their first semester of enrollment at the University. The Social Work curriculum consists of the General Education and Institutional Requirement courses, Social Work content courses, and courses from the related social science disciplines. The Social Work content phase of the curriculum consists of those areas of core knowledge that form the foundation of professional preparation. The program places great emphasis on its field instruction practicum courses that provide students with the necessary opportunities to translate theory-based learning into practice. Exceptions to, or substitutions for, the following major requirements are considered only through a formal process of program/department recommendations. To receive a BS in Social Work, the student must complete 120 semester hours.

COURSE REQUIREMENTS (Option 1: Spanish)

CORE COURSES (37 semester hours)			Sem. Hrs.
SOWK	200	Introduction to the Profession of Social Work	3
SOWK	201	Social Welfare Policy I	3
SOWK	202	Social Welfare Policy II	3
SOWK	300	Stages of Development	3
SOWK	301	Human Behavior and the Social Environment	3
SOWK	302	Social Work Research	3
SOWK	400	Social Work Methods I	3
SOWK	401	Social Work Methods II	3
SOWK	402	Field Instruction I (and Seminar)	5
SOWK	403	Field Instruction II (and Seminar)	5
SOWK	404	Social and Ethical Issues Seminar	3

CORE ELECTIVES (9 semester hours of the following)

SOWK	303	Poverty: Myths and Realities	3
SOWK	305	Social Work with Children	3
SOWK	306	Social Work with Black Families	3
SOWK	307	Social Work in the Health Field	3
SOWK	308	Realities of Aging	3
SOWK	309	Social Work and Addictions	3
SOWK	310	Law and Social Work	3
SOWK	311	Social Work in Corrections	3
SOWK	405	Social Work with Small Groups	3
SOWK	406	Social Work with Communities	3
SOWK	407	Male-Female Relationships	3
SOWK	499	Selected Readings	3

RELATED REQUIREMENTS (36 semester hours)

ENGL	361	Technical and Report Writing	3
ENGL	210	Intro to English Grammar	3
GOVT	283	Urban Politics & Political Analysis	3
PSYC	204	Elementary Statistics in Psychology or	
SOCI	309	Sociology	3
PSYC	410	Group Dynamics	3
SOCI	310	Race/Ethnic Relations	3
SOCI	407	Rural Sociology	3
SOCI	409	Urban Problems	3
SPAN	101	First Year Spanish I	3
SPAN	102	First Year Spanish II	3
SPAN	201	Second Year Spanish I	3
ECON	211	Macroeconomics	3
SOCI	101	Introduction to Sociology	3

GENERAL EDUCATION REQUIRMENTS**English Composition** (6 semester hours)

ENGL	101	Expository Writing	3
ENGL	102	Argument and Research	3

Arts and Humanities (6 semester hours)

COMM	101	Oral Communication	3
PHIL	—	Philosophy Elective	3

Social Sciences (6 semester hours)

PSYC	101	Introduction to Psychology	3
HIST	114	African-American History to 1865 or	
HIST	115	African American History since 1865	3

Sciences (7-8 semester hours)

BIOL	101	Biological Science	4
—	—	Science Elective (Lab. recommended)	3/4

Mathematics (3 semester hours)

MATH	116	Introduction to Mathematical Ideas	3
------	-----	------------------------------------	---

Technology (3 semester hours)

COSC	110	Computer Literacy and Applications or	3
COSC	111/112	Computing Prin. And Tech./Comp. Sci. I	3/4

Institutional Requirements (6 semester hours)

FRSE	101	Freshman Seminar	3
HEED	102	Life and Health	3

Free General Education Electives (0 semester hours)

Note: Social work majors are required to complete 3 specific courses (9 credit hours) under related requirements.

COURSE DESCRIPTIONS

ACCT: ACCOUNTING COURSE DESCRIPTIONS

ACCT 211 PRINCIPLES OF ACCOUNTING I (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite(s): BUAD 100, BUAD 101; MGMT 101. This course focuses on accounting principles, conventions, and concepts underlying financial reporting. Emphasis is placed on the accumulation of financial data, the processes of organizing it for presentation, and its use by managers for decision-making.

ACCT 212 PRINCIPLES OF ACCOUNTING II (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite: ACCT 211. This course focuses on accounting principles, conventions, and concepts underlying financial reporting. Emphasis is placed on the accumulation of financial data, the processes of organizing it for presentation, and its use by managers for decision-making.

ACCT 311 INTER ACCOUNTING I (FALL, SPRING) 3 CREDITS

Prerequisite(s): ACCT 211, 212. These courses are a comprehensive study of the current accounting theories supporting the generally accepted accounting principles. The focus will be on problem solutions relating to the classification and evaluation of all accounts associated with the various types of accounting systems and their proper inclusion in the published financial statements, including a review and an understanding of all pronouncements, concepts, and principles relating to the accounting process.

ACCT 312 INTER ACCOUNTING II (FALL, SPRING) 3 CREDITS

Prerequisite(s): ACCT 311. These courses are a comprehensive study of the current accounting theories supporting the generally accepted accounting principles. The focus will be on problem solutions relating to the classification and evaluation of all accounts associated with the various types of accounting systems and their proper inclusion in the published financial statements, including a review and an understanding of all pronouncements, concepts, and principles relating to the accounting process.

ACCT 313 COST ACCOUNTING (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite(s): ACCT 212. This course is a study of the fundamental procedure of cost accounting, including cost definition, classification, and allocation, as related specifically to inventory valuation considerations associated with job order costing and processing costing, as well as such related areas as joint-product and by-product costing and the treatment of waste and spoilage.

ACCT 315 INCOME TAX ACCOUNTING (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite(s): ACCT 212. This course is a study of the important provisions of the federal tax laws, using illustrations, selected problems, and the preparation of returns.

ACCT 316 CORP & PARTNERSHIP ACCT (FALL, SPRING) 3 CREDITS

Prerequisite(s): ACCT 212. This course focuses on those special tax provisions which are unique to corporations and partnerships. Also included are evaluations of potential tax consequences associated with managerial decisions.

ACCT 413 GVT & INSTITUTIONAL ACCT (FALL, SPRING) 3 CREDITS

Prerequisite(s): ACCT 311. This course emphasizes the concept and use of funds in accounting for nonprofit institutions. The basis of accounting for municipal and other governmental units, with emphasis on fund accounts, and the related budgetary and encumbrance procedures, also will be discussed.

ACCT 416 MANAGERIAL ACCOUNTING (SPRING, SUMMER) 3 CREDITS

Prerequisite(s): ACCT 212. This course is a study of the cost relationships associated with a broad range of managerial decision-making. Concepts included relate to break-even contribution margin (direct US absorption accounting, variance analysis budgeting, including capital budgeting considerations, relevant costs, inventory planning and control, transfer costing) and linear programming techniques.

ACCT 417 ACCOUNTING SYSTEMS (FALL, SPRING) 3 CREDITS

Prerequisite(s): ACCT 311 and BUIS 260. This course explores systems fundamentals relating to the design requirements to accommodate the flow of accounting information associated with an economic transaction. Consideration is given to such accounting fundamentals as internal controls and adequacy of information needed to complete the requirements of validation, recognition, valuation, and matching. Attention is also given to the part played by the accounting system as an integral part of the management information system.

ACCT 418 AUDITING (SPRING, SUMMER) 3 CREDITS

Prerequisite(s): ACCT 311. This course emphasizes factors involved in the design and installation of accounting systems: the organization, volume and types of transactions, charts of accounts, accounting manuals, the reporting system, techniques of report writing will be discussed.

ANTH: ANTHROPOLOGY COURSE DESCRIPTIONS

ANTH 102 INTRODUCTION TO ANTHROPOLOGY (FALL, SPRING) 3 CREDITS

This course is a study of human evolution, racial origins, fossil man, prehistoric cultures, problems of race, nationality, language, and growth and spread of religion and culture.

ANTH 301 PEOPLES AND CULTURES OF AFRICA (FALL Only) 3 CREDITS

This course is a study of Africa, including its ethnic and tribal divisions and its cultural behavior, with attention given to the similarities and differences in structure and function of cultural elements.

ANTH 302 PEOPLES OF THE WORLD (SPRING Only) 3 CREDITS

This course is a cross-cultural description and analysis of cultural and social institutions. The cultures of a representative number of groups will be studied in terms of their implications for present-day society. Biological and cultural facts about living races are reviewed and analyzed.

ANTH 304 LANGUAGE AND CULTURE (Periodically) 3 CREDITS

Prerequisite: Upper Division Status. This course is a study of language, its nature, its structure, and its cultural setting as a system of human communication and interaction through which man understands man and develops a view of the world.

ANTH 305 ANTHROPOLOGICAL THEORY (Periodically) 3 CREDITS

Prerequisite(s): Upper Division Status. This course reviews various schools of thought, contributions of scholars, and major concepts that have developed into systematic theory; techniques and methods as related to archaeology, cultural and social anthropology; selected theoretical and methodological problems.

ANTH 405 URBAN ANTHROPOLOGY (Periodically) 3 CREDITS
 This course is designed to familiarize students with the scope of urban anthropology through use of the comparative, cross-cultural perspective. Topics include the nature, roles, functions, and cultures of cities, as well as the urbanization process and the urban problems that currently face our society.

ART: ART COURSE DESCRIPTIONS

ART 100 ART FUNDAMENTALS 3 CREDITS
Prerequisite(s): Non Art Majors Only. This course is a study of the spatial arts from the point of view of balance, proportion, rhythm, and harmony. Students will experiment with materials such as plastics, cloth, paper, paint, and dye.

ART 101 2 CREDITS-D DESIGN 3 CREDITS
 This course is a study of visual organization. Theories of spatial organization and designing in various materials will be studied. An introduction to the elements and principles of art and design. This course is required for all Art & Computer Graphic (VCDMA) students.

ART 102 3 CREDITS-DESIGN II 3 CREDITS
Prerequisite(s): ART 101. This course will emphasize the innovative use of various materials and techniques in two and three-dimensional design. A continuation of concepts using the elements and principles of art and design. This course is required for all Art & Computer Graphic (VCDMA) students.

ART 103 CRAFTS 3 CREDITS
 This course will provide experiences in fundamental principles of design and the manipulation of two and three dimensional art forms.

ART 110 INTRO TO DRAWING 3 CREDITS
 This course provides the fundamentals in the practice of drawing in various media, development of artistic discrimination and drawing skills. This course is required for all Art & Computer Graphic (VCDMA) students.

ART 111 LIFE DRAWING 3 CREDITS
 This course is a study of the costumed and nude figure. This course is required for all Art & Computer Graphic students.

ART 198 COOP - ART 4 CREDITS

ART 201 CERAMICS (HAND BUILDING) 3 CREDITS
 This course provides studio experience in hand forming processes and decorative techniques. Encounters surveying the ceramic arts. This course is required for all Art concentration students.

ART 202 CERAMICS (WHEEL THROWING) 3 CREDITS
 This course provides studio practice in wheel throwing techniques and design, kiln firing, and elementary clay and glaze technology. This course is required for all Art concentration students.

ART 210 PRINTMAKING I 3 CREDITS
 This course provides an exploration of woodcut, lithographic, and serigraphic techniques. This course is required for all Art concentration students.

ART 211 PRINTMAKING II 3 CREDITS
 This course provides an in-depth study of etching and lithographic techniques. Traditional and experimental processes will be explored.

ART 230 INTRO TO COMP GRAPHICS 3 CREDITS
 This is a survey course and introduction to computer basics and computer graphics. It will consist of a study of the basic elements and principles of design, traditional art/design techniques and an introduction to basic paint-oriented (raster) design software.

ART 231 VISUAL LITERACY 3 CREDITS
 This course is an introduction to visual literacy, color theory and basic typography. Students are guided through projects that apply effective visual problem solving for art & design, with an emphasis on typography, print and presentation. Students learn to apply the elements and principles design in both traditional (hand/paper) and digital design.

ART 250 PHOTOGRAPHY I 3 CREDITS
 This course is a study of the basic principles of the photographic process, including the proper use and maintenance of the camera and related equipment and the techniques of lighting, developing, printing, and mounting.

ART 251 PHOTOGRAPHY II 3 CREDITS
 This course is a continuation of ART 250. Special emphasis is placed on advanced techniques and artistic merits of photographic imaging.

ART 270 FASHION NETWORK 3 CREDITS
 This course introduces students to fashion design, Students will learn the basics of fashion illustration, as well as the fundamental principles of the fashion network: Design, Production, Marketing/Sales and Communication.

ART 298 COOP-ART 4 CREDITS

ART 299 ART SURVEY 3 CREDITS
Prerequisite(s): ENGL 102. Great epochs of art will be studied. Emphasis will be placed on art as a humanistic study and as a record of human experience.

ART 301 ART HISTORY I 3 CREDITS
Prerequisite(s): ENGL 102. This course is a survey of architecture, the decorative arts, sculpture, and painting from ancient through medieval times and the relation of art to the society and culture of each period. This course is required for all Art & Computer Graphic (VCDMA) students.

ART 302 ART HISTORY II 3 CREDITS
Prerequisite(s): ENGL 102. This course explores the nature of the Renaissance, European, and American art from the fifteenth century to the present time, and is a continuation of the relationship of art to the society and culture of each period. This course is required for all Art & Computer Graphic (VCDMA) students.

ART 310 PORTRAIT & FIGURE SCULPT 3 CREDITS

Armature construction and practical experience in creating basic forms in metal, clay, plaster, wood, and stone will be provided.

ART 311 SCULPTURE (SUBRACTIVE) 3 CREDITS

*Prerequisite(s): ART 102 and ART 110. * No Prerequisite(s) for Non-Art Majors. This course is a continuation of Art 310 with emphasis given to the development of individual projects. This course is required for Art concentration students.*

ART 320 INTRO TO PAINTING 3 CREDITS

This course provides creative experiences in paint media. Emphasis will be placed on pictorial organization and various techniques.

ART 321 EXPERIENTIAL PAINTING & DIG TEX 3 CREDITS

Prerequisite(s): ART 320 & 330. This course is a continuation of Art 320 with emphasis on using Photoshop to create digital paintings, collages, assemblage and mixed media projects. Painting on textiles will be given specific focus and attention.

ART 340 INTRO TO VISUAL COMMUNICATIONS 3 CREDITS

Prerequisite(s): ART Majors: ART 101 or ART 110/111 and ART 331. This course is an introduction to decision-making in the production of Visual Communication. This course blends technology with creativity to give depth in the understanding of spatial organization, image/color selection, and service bureau interfacing. Focus on techniques using vector and raster software and the elements and principles of art & design. This course is required in the Computer Graphics (VCDMA) concentration.

ART 341 ADV VIS COMM ILL & DES TECH 3 CREDITS

Prerequisite(s): ART 340. This course is an introduction to advanced decision-making in the production of Visual Communication. This course expands upon prior knowledge of technology and established creativity and imaging capabilities to solve advanced problems in page layout and service bureau interfacing. This course is an elective in the Computer Graphics (VCDMA) concentration.

ART 342 NEW MEDIA: INSTALLATION & PUB 3 CREDITS

This course encourages students to use skills and knowledge acquired in traditional art and computer graphics foundation courses. It also allows students and opportunity to combine the concepts of mixed (multi) media, digital, installation and public art. It further encourages students to explore creative uses of technology as a tool in fine art production. This course allows students to further develop skills in working in spatial environments. Students will work on a variety of lessons and activities and independently throughout the semester on one major public art of installation project, model and/or presentation.

ART 352 DIGITAL PHOTOGRAPHY 3 CREDITS

The course introduces students to the concepts and techniques necessary to create, edit, and store color photographic images using digital technology. Units on color theory, image-editing, printing options and digital image storage will also be covered. Art 352 also focuses on personal exploration using technology as a creative medium for visual expression.

ART 360 DIGITAL CINEMATOGRAPHY I 3 CREDITS

Prerequisite(s): Junior Standing, ART MAJORS: ART 340 and ART 350; NON ART MAJORS: ART 331. This course is a study of the principles of digital video/cinema including the use, operation, basic digital video editing, as well as the developing narratives and scripts for short video projects and excurses.

ART 361 DIGITAL CINEMATOGRAPHY II 3 CREDITS

Prerequisite(s): Junior Standing. ART MAJORS: ART 360. This course is a continuation of ART 360; emphasis is on special digital video & compositing techniques, as students will develop a short digital video project over the course of the semester.

ART 396 2 CREDITS-D ANIMATION I 3 CREDITS

Prerequisite(s): ART 340; NON-VCDMA/ART MAJORS: ART 340; MUSC 410. This course is an introduction to animation using state-of-the-art software and hardware for motion graphics. It provides a study of animation principles & techniques in producing two-dimensional digital animations.

ART 397 2D DIGITAL ANIMATION II 3 CREDITS

Prerequisite(s): ART 496. As a continuation of ART 496 this course allows students to develop skills in two dimensional digital animation production, character animation motion and title graphics and advanced animation principles. Students will work on a variety of lessons throughout the semester and on an extended animated production.

ART 398 COOP - ART 6 CREDITS

ART 402 CERAMICS III 3 CREDITS

This course is a study of the composition and computation of ceramic glazes and clay bodies and includes laboratory practice in the development of aesthetic qualities in glazes and clay bodies. This course is an elective in the Art concentration.

ART 404 HISTORY OF MODERN ART 3 CREDITS

This course is a study of painting, architecture, and sculpture since the French Revolution.

ART 405 AFRICAN AMERICAN ART HISTORY 3 CREDITS

This course is a study of African-American art from colonial times to the present.

ART 408 VISUAL CULTURE 3 CREDITS

A visual study and critical discourse on the aesthetics of contemporary art and theory as it intersects with urban culture, and artistic movements such as hip-hop (and others). This course explores the aesthetics, philosophies and foundations of contemporary Black culture, by focusing on technology, music, spoken word and visual expressions rooted within the culture.

ART 450 MULTI WKSHP: WEB DES & DIG MED 3 CREDITS

Prerequisite(s): ALL: Junior Standing; ART MAJORS: ART 340 & ART 350 or 360; (Music Tech Majors: MUSC 411; NON ART MAJORS: ART 340. This course is designed to give the student an opportunity to explore the creative possibilities in multimedia; including interactive, web design and presentation graphics media. This course is required in the Computer Graphics (VCDMA) concentration.

ART 470 SELF PROMOTION & MKGT FOR THE 3 CREDITS

Prerequisite(s): Permission only. The course focuses on developing and expanding the students' use of technology components, skills and practices such as: the integration of video, print design and online media to create proper marketing materials to promote the student's future chosen careers in the visual and/or performing arts.

ART 480 THE ART OF SML BRONZE CAST 3 CREDITS

This course is designed for both beginning and advanced level students in the exploration of the process and the world history of bronze casting. Students will investigate one or more cultures known historically for their bronze casting and integrate those styles into their own art

work. During the semester, students will participate in all aspects of the bronze casting process: creating the artwork, investing, wax burnout, bronze pouring, chasing, finishing, patination, and presentation. This course is an elective in the Art concentration.

ART 490 MUSEUM, GALLERY & STUDIO SEM 3 CREDITS

Prerequisite(s): Senior Art Majors Only or Permission of Instructor. Professional Orientation: the students will be exposed to the problems of the artist in dealing with the public: marketing, displaying and sound business practices; gallery and museum relations; goals, purposes and operations of art museums and galleries. Visitations to museums and galleries in Baltimore, Washington, DC, New York, and/or other major art centers will be scheduled. This course is required for all Art concentration students.

ART 491 INTERN IN ART, VISUAL COMM & M 2 CREDITS

Prerequisite(s): Junior/Senior Standing; ART 450 (for COMPUTER GRAPHICS concentration); ART 490 (for ART concentration). All students need at least 24 credits in studio (art or computer graphics) area of major and area of concentration. This internship course is intended to help students in Art & Computer Graphics make their way into the professional art, design/multimedia and visual communications world. The class serves as a bridge between students both professionals in the various art/design industries and students. This course is for all Art & Computer Graphic (VCDMA) students.

ART 495 ADV DIG IMAG: TOP IN DESIGN & 3 CREDITS

Prerequisite(s): Junior Standing, ART MAJORS: ART 450 & 350 or 360; NON ART MAJORS: 340. This is an advanced course in digital imaging and visual communication design. It is designed to provide an in-depth study of design principles, including working with clients, creative briefs and strategies for advertisement and visual marketing. Product and packaging design will also be covered. This course is required in the Computer Graphics (VCDMA) concentration.

ART 498 GALLERY SEMINAR & SENIOR THES 3 CREDITS

Prerequisite(s): Art Majors Only. Junior or Senior Standing. The care, handling, preparation, identification, arranging, exhibiting, and associated problems and responsibilities of gallery work will be explored. Students will develop effective strategies for marketing and promoting ones' work through a portfolio (slides, physical, website and CD-ROM/DVD). The course includes a formal display of student's artwork through an exhibition and professional portfolio. Students must demonstrate a cross section of comprehensive work and must submit a minimum of 20 pieces for faculty review prior to exhibition. Successful completion of course will require students to participate in all aspects of gallery presentation. This course is required for all Art & Computer Graphic students (VCDMA).

ART 499 INDEPENDENT STUDY 3 CREDITS

Prerequisite(s): Fine Arts Majors and Minors & Permission only. Advanced study for Fine Arts majors who desire further study in a particular area. May be repeated for a maximum of 6 credits semester hours. The student must have a GPA of 2 CREDITS.0 or better in their major. Consent of the Instructor and department chairman is required before a student is permitted to register for any independent study course. *Prerequisite(s):* Fine Arts Majors and Minors & Permission only. Advanced study for Fine Arts majors who desire further study in a particular area. This course is an elective in the Art & Computer Graphics (VCDMA) concentration.

ART: ART & VISUAL COMMUNICATON AND DIGITAL MEDIA ARTS (VCDMA) COURSE DESCRIPTIONS

ART 100 ART FUNDAMENTALS (NON-ART MAJORS ONLY) 3 CREDITS

This course is a study of the spatial arts from the point of view of balance, proportion, rhythm, and harmony. Students will experiment with materials such as plastics, cloth, paper, paint, and dye.

ART 101 2D-DESIGN 3 CREDITS

This course is a study of visual organization. Theories of spatial organization and designing in various materials will be studied.

ART 102 3D-DESIGN 3 CREDITS

Prerequisite(s): ART 101. This course will emphasize the innovative use of various materials and techniques in two- and three-dimensional design.

ART 103 CRAFTS 3 CREDITS

This course will provide experiences in fundamental principles of design and the manipulation of two- and three-dimensional art forms.

ART 110 INTRODUCTION TO DRAWING 3 CREDITS

This course provides the fundamentals in the practice of drawing in various media, development of artistic discrimination, and drawing skills.

ART 111 LIFE DRAWING 3 CREDITS

This course is a study of the costumed and nude figure.

ART 201 CERAMICS (HAND BUILDING) 3 CREDITS

This course provides studio experience in hand forming processes and decorative techniques. Encounters surveying the ceramic arts.

ART 202 CERAMICS (WHEEL THROWING) 3 CREDITS

This course provides studio practice in wheel throwing techniques and design, kiln firing, and elementary clay and glaze technology.

ART 210 PRINTMAKING I 3 CREDITS

This course provides an exploration of woodcut, lithographic, and serigraphic techniques.

ART 211 PRINTMAKING II 3 CREDITS

This course provides an in-depth study of etching and lithographic techniques. Traditional and experimental processes will be explored.

ART 299 ART SURVEY (NON-ART MAJORS ONLY) 3 CREDITS

(formerly ART 300) *Prerequisite(s):* ENGL 102. Great epochs of art will be studied. Emphasis will be placed on art as a humanistic study and as a record of human experience.

ART 301 ART HISTORY (PREHISTORIC THROUGH GOTHIC) 3 CREDITS

Prerequisite(s): ENGL 102. This course is a survey of architecture, the decorative arts, sculpture, and painting from ancient through medieval times and the relation of art to the society and culture of each period.

ART 302 ART HISTORY (RENAISSANCE THROUGH ROMANTIC) 3 CREDITS

Prerequisite(s): ENGL 102. This course explores the nature of the Renaissance, European, and American art from the fifteenth century to the present time, and is a continuation of the relationship of art to the society and culture of each period.

ART 310 PORTRAIT AND FIGURE SCULPTURE 3 CREDITS

Armature construction and practical experience in creating basic forms in metal, clay, plaster, wood, and stone will be provided.

ART 311 SCULPTURE (CARVING) 3 CREDITS

This course is a continuation of ART 310 with emphasis given to the development of individual projects. No Prerequisite(s) for non-art majors. Art majors must complete ART 102 and ART 110/111.

ART 320 INTRODUCTION TO PAINTING 3 CREDITS

This course provides creative experiences in paint media. Emphasis will be placed on pictorial organization and various techniques.

ART 321 EXPERIMENTAL PAINTING (DIGITAL TEXTILES) 3 CREDITS

Prerequisite(s): ART 320 and 330. Formerly Experimental Painting. This course is a continuation of Art 320 with emphasis on using Photoshop to create digital paintings, collages, assemblage, and mixed-media projects. Painting on textiles will be given specific focus and attention.

ART 230 INTRODUCTION TO COMPUTER GRAPHICS 3 CREDITS

(formerly ART 330) *Prerequisite(s): ART MAJORS: ART 101 and 102 (or ART 310/311).* This is a survey course and introduction to computer basics and computer graphics. It will consist of a study of the basic elements and principles of design, traditional art/design techniques, and an introduction to basic paint-oriented (raster) design software.

ART 231 VISUAL LITERACY: ELEMENTS OF DESIGN, COLOR, AND TYPOGRAPHY 3 CREDITS

(formerly ART 331) *Prerequisite(s): ART MAJORS: ART 330. NON MAJORS: 330 (or COSC 112)* As a continuation of ART 330, this course is an introduction to visual literacy, color theory, and basic typography. Students are guided through projects that apply effective visual problem solving for art and design with an emphasis on print and presentation. Students learn to apply the elements and principles design in both traditional (hand/paper) and digital design. This course further develops students' skills and ability to use object-oriented graphics and incorporate these with other raster graphics and software tools and art techniques.

ART 340 INTRODUCTION TO VISUAL COMMUNICATION: 3 CREDITS

Prerequisite(s): ART MAJORS: ART 101 or ART 110/111 and ART 331; MUSC 312. NON-MAJORS: ART 331. Formerly Introduction to Desktop Publishing. This course is an introduction to decision-making in the production of visual communication. This course blends technology with creativity to give depth in the understanding of imaging techniques, image/color selection, and print service bureau interfacing. Focus on the successful application of elements and principles of art/design and raster based graphics.

ART 341 ADVANCED VISUAL COMMUNICATION: ILLUSTRATION AND DESIGN TECHNIQUES 3 CREDITS

Prerequisite(s): ART 340. Formerly Advanced Desktop Publishing. This course is an introduction to advanced decision-making in the production of visual communication. This course expands upon prior knowledge of technology and established creativity and imaging capabilities to solve advanced problems in page layout and print service bureau interfacing. Special focus on vector based graphics, advanced typography, and color theory will be covered.

ART 342 NEW MEDIA: INSTALLATION AND PUBLIC ART 3 CREDITS

Prerequisite(s): ART MAJORS: Art 310 (or 311), Art 320 and Art 330 (or 340). NON MAJORS: Art 340. This course encourages students to use skills and knowledge acquired in traditional art and computer graphics foundation courses. It also allows students an opportunity to combine the concepts of mixed (multi) media, digital, installation, and public art. It further encourages students to explore creative uses of technology as a tool in fine art production. This course allows students to further develop skills in working in spatial environments. Students will work independently on a variety of lessons and activities throughout the semester on one major public art or installation project, model, and/or presentation.

ART 250 PHOTOGRAPHY I 3 CREDITS

(formerly ART 350) This course is a study of the basic principles of the photographic process, including the proper use and maintenance of the camera and related equipment and the techniques of lighting, developing, printing, and mounting.

ART 351 PHOTOGRAPHY II 3 CREDITS

This course is a continuation of ART 350. Special emphasis is placed on the artistic merits of photographic imaging.

ART 352 DIGITAL PHOTOGRAPHY 3 CREDITS

Prerequisite(s): ART 350. The course introduces students to the concepts and techniques necessary to create, edit, and store color photographic images using digital technology. Units on color theory, image-editing, printing options, and digital image storage will also be covered. ART 352 also focuses on personal exploration using technology as a creative medium for visual expression.

ART 360 DIGITAL CINEMATOGRAPHY I: 3 CREDITS

MAJORS: *Prerequisite(s): ART 340 or MUSC 312.* Others: By Permission of Instructor. (Formerly Cinematography I). This course is a study of the principles of digital video/cinema including the use, operation, basic digital video editing, as well as the developing narratives and scripts for short video projects and exercises.

ART 361 DIGITAL CINEMATOGRAPHY II: ADVANCED DIGITAL VIDEO EDITING AND COMPOSITING TECHNIQUES 3 CREDITS

Prerequisite(s): Junior Standing, ART 360. Formerly Cinematography II. This course is a continuation of ART 360. Emphasis is on special digital video and compositing techniques, as students will develop a short digital video project over the course of the semester.

ART 370 FASHION NETWORK 3 CREDITS

This course introduces students to fashion design, Students will learn the basics of fashion illustration, as well as the fundamental principles of the fashion network: Design, Production, Marketing/Sales and Communication

ART 396 2D DIGITAL ANIMATION I: INTRODUCTION TO 3 CREDITS

Prerequisite(s): ART 340; MUSC (MUSC 410); NON-MAJORS: By Permission of Instructor. (formerly ART 496). This course is an introduction to animation using state-of-the-art software and hardware for motion graphics. It provides a study of animation principles as well as techniques in producing two-dimensional digital animations.

ART 397 2D DIGITAL ANIMATION II: ADVANCED ANIMATION & 3 CREDITS

(formerly ART 497) *Prerequisite(s): ART 396.* As a continuation of Art 396, this course allows students to develop skills in two-dimensional digital animation production, character animation, motion graphics, and advanced animation principles. Students will work on a variety of lessons throughout the semester and on an extended animated production.

ART 402 CERAMICS III (MINI SEMESTER) 3 CREDITS

This course is a study of the composition and computation of ceramic glazes and clay bodies and includes laboratory practice in the development of aesthetic qualities in glazes and clay bodies.

ART 404 HISTORY OF MODERN ART (SPRING ONLY) 3 CREDITS

Prerequisite(s): ENGL 102. This course is a study of painting, architecture, and sculpture since the French Revolution.

ART 405 AFRICAN AMERICAN ART HISTORY 3 CREDITS

Prerequisite(s): ENGL 102. This course is a study of African American art from colonial times to the present.

ART 408 VISUAL CULTURE: CONTEMPORARY ISSUES IN ART, AESTHETICS, AND CULTURE 3 CREDITS

Prerequisite(s): ENGL 102. A visual study and critical discourse on the aesthetics of contemporary art and theory as it intersects with urban culture and artistic movements such as hip-hop. This course explores the aesthetics, philosophies, and foundations of hip-hop by focusing on musical, poetic (spoken word), and visual expressions rooted within the culture. Visual and performance artists who have been influenced by and who incorporate hip-hop into their work will also be studied. Students will also study the relationship between hip-hop to visual art, multimedia, video/film, as well as with other cultures, and the political, social, and historical movements in African American history.

ART 450 MULTIMEDIA WORKSHOP: WEB DESIGN AND 3 CREDITS

Prerequisite(s): ALL: Junior Standing; ART MAJORS: ART 340; MUSIC: MUSC 410; NON-MAJORS: By Permission of Instructor. This course is designed to give the student an opportunity to explore the creative possibilities in multimedia including interactive, web design, and presentation graphics media.

ART 470 SELF PROMOTION & MARKETING FOR THE ARTS 3 CREDITS

Prerequisite(s): Advanced Standing and by Permission of Instructor only. The course focuses on developing and expanding the students' use of technology components, skills, and practices, such as the integration of video, print design, and online media to create proper marketing materials to promote the students' future chosen careers in the visual and/or performing arts.

ART 480 THE ART OF SMALL BRONZE CASTING (MINI SEMESTER) 3 CREDITS

This course is designed for both beginning and advanced level students in the exploration of the process and the world history of bronze casting. Students will investigate one or more cultures known historically for their bronze casting and integrate those styles into their own artwork. During the semester, students will participate in all aspects of the bronze casting process: creating the artwork, investing, wax burnout, bronze pouring, chasing, finishing, patination, and presentation.

ART 490 MUSEUM, GALLERY, AND STUDIO SEMINAR 3 CREDITS

Prerequisite(s): Senior Art Majors Only or Permission of Instructor. Professional Orientation: the students will be exposed to the problems of the artist in dealing with the public: marketing, displaying, and sound business practices; gallery and museum relations; and goals, purposes, and operations of art museums and galleries. Visitations to museums and galleries in Baltimore; Washington, DC; New York; and/or other major art centers will be scheduled.

ART 491 INTERNSHIP IN ART AND VISUAL COMMUNICATION 3 CREDITS

Prerequisite(s): By Permission of Instructor, and at least 24 credit hours in area of concentration/major. This advanced internship and apprenticeship course is intended to help students in art and VCDMA (computer graphics) make their way into the professional art, design/multimedia, and visual communications world. The class serves as a bridge between students both professionals in the various art/design industries and students.

ART 495 ADVANCED DIGITAL IMAGING: TOPICS IN DESIGN 3 CREDITS

Prerequisite(s): Junior Standing, *ART MAJORS: 450; NON-MAJORS: 340.* Formerly Advanced Computer Imaging. This is an advanced course in digital imaging and visual communication design. It is designed to provide an in-depth study of design principles, including working with clients, creative briefs, and strategies for advertisement and visual marketing. Product and packaging design will also be covered.

ART 496 3D ANIMATION & MODELING I 3 CREDITS

Prerequisite(s): Majors: Art 396; Non-Majors: Permission by instructor. This course is an overview of 3D computer animation & modeling. Through in-class lectures, assignments and homework, students will be instructed on how to use 3D software for basic modeling, rendering, lighting, scripting and setup for animation. Different methods of conceptualizing characters will be discussed and illustrated. There will also be instruction in using a bitmap based paint and illustration application to create textures, compositing and simulation.

ART 498 GALLERY SEMINAR AND SENIOR THESIS 3 CREDITS

Prerequisite(s): Art Majors and Permission Only. Senior Standing. Formerly Gallery Seminar. Students must have completed a series of upper-level and advanced art or computer graphics courses (300-400) prior to signing up for this course. It is also expected that students can demonstrate a mastery of technical and creative skills and a professional and cumulative body of artwork. The care, handling, preparation, identification, arranging, exhibiting, and associated problems and responsibilities of gallery work will be explored. Students will develop effective strategies for marketing and promoting one's work through a portfolio (slides, physical, website, and CD-ROM/DVD). The course includes a formal display of students' artwork through an exhibition and professional portfolio. Students must demonstrate a cross section of comprehensive work and must submit a minimum of 20 pieces for faculty review prior to exhibition. Successful completion of course will require students to participate in all aspects of gallery presentation.

ART 499 INDEPENDENT STUDY (FALL, SPRING) 3 CREDITS

Prerequisite(s): Fine Arts Majors and Minors and Permission only. Advanced study for fine arts majors who desire further study in a particular area. May be repeated for a maximum of 6 semester hours. The student must have taken two or more courses in the area in which he/she elects to do independent study and should have an average of 2.5 or better in that area. Consent of the instructor and department chairman is required before a student is permitted to register for any independent study course.

BIOL: BIOLOGY COURSE DESCRIPTIONS

BIOL 101 BIOLOGICAL SCIENCE (FALL, Winter, SPRING, SUMMER) 4 CREDITS

This course is a study of the methods by which biological knowledge is acquired and tested and includes the general characteristics of living matter and a survey of the animal and plant kingdoms, with emphasis on the evolutionary sequences and study of the important vital systems. *This Course Should Not Be Taken By Biology Majors.* (Note: Non-majors may take the course for honor credit).

BIOL 102 INTRODUCTORY BIOLOGY (FALL, SPRING, SUMMER Periodically) 4 CREDITS

This course is designed to introduce the concepts of cellular and molecular biology, basic chemistry, the chemistry of life, and genetics.

BIOL 103 GENERAL ZOOLOGY (FALL, SPRING, SUMMER Periodically) 4 CREDITS

This course is a study of the principles of invertebrate and vertebrate zoology, with emphasis on the development of phyla in the animal kingdom, their embryonic development, structure and function, classification, gross and microscopic anatomy.

BIOL 105 GENERAL BOTANY (FALL, SPRING) 4 CREDITS

This course is a study of algae and fungi, with emphasis on structure, function, classification, phylogenetic relationships and ecology. Angiosperms and gymnosperms, with emphasis on structure, function, classification, phylogenetic relationships and ecology, will be explored.

BIOL 107 INTRODUCTION OF HUMAN BIOLOGY (SUMMER Periodically) 4 CREDITS

Prerequisite(s): BIOL 102. This course is a study of the biology of human structure and function.

BIOL 198 COOP BIOLOGY 12 CREDITS

BIOL 202 INDEPENDENT STUDY (Periodically) 2 CREDITS

Prerequisite(s): BIOL 101 or 102. This course is designed solely for non-science majors and especially for Elementary Education majors and includes research into a specified area of biology or physical science encompassing library, laboratory and, if necessary, field experiences.

BIOL 203 OCEANUS (FALL, SPRING) 3 CREDITS

A fully online distance education course accessed through BSU OnLine. This course focuses on basic oceanography, marine biology and Man's impact on the oceans environment. Course cannot be used to satisfy requirements for Biology majors, being primarily designed to meet general education non-laboratory sciences requirements. There is no textbook, no study guide- all material, including weekly assessments and media content delivered through BSU Online. Students must use and check BSU Email and BSU Online at least twice weekly. Access to the Internet is required for adequate access to course content and other materials. Orientation is also staged to BSU Online. Examinations [midterm, final] are done in person in a proctored environment, but using the BSU Online interface. *This course should not be taken by Biology majors.*

BIOL 204 CELL BIOLOGY (FALL Only, SPRING Periodically) 4 CREDITS

Prerequisite(s): BIOL 102, 103, 105; CHEM 107, 108. This course emphasizes the relationship between the structure and function of cell organelles.

BIOL 205 BIOLOGY ENVRMNTL. POLLU. (FALL, or SPRING Periodically) 3 CREDITS

Prerequisite(s): BIOL 102. This course is a study of the environment as a system, including characteristics and requirements of the living environment of plants, animals and man, and improving the quality of life and the future of mankind.

BIOL 209 GENERAL GENETICS (FALL, SPRING, SUMMER Periodically) 4 CREDITS

Prerequisite(s): BIOL 102. This course examines the concept of inheritance, its basis and societal impact. Inheritance is studied from various standpoints where mendelian genetics, molecular genetics, cytogenetics, population and quantitative genetics are emphasized. Various tools and exercises are designed to reinforce each of the aforementioned aspects during the laboratory sessions.

BIOL 298 COOP BIOLOGY 12 CREDITS

BIOL 301 HEREDITY & HUMAN AFFAIRS (FALL, SPRING, SUMMER) 3 CREDITS

This course emphasizes the latest information emanating from the field of medical genetics, with particular reference to the physiological, neurological and morphological disorders, diseases, etc. Lecture only; recommended for non-science majors.

BIOL 303 MOLECULAR BIOLOGY (FALL, SPRING) 4 CREDITS

Prerequisite(s): BIOL 102, 209; CHEM 201, and 202. This course is designed to examine the molecular organization of cells and cellular processes; the synthesis and regulation of DNA, RNA and Protein synthesis; viruses and plasmid DNA molecules, and the concepts and techniques involved in recombinant DNA.

BIOL 304 BIOLOGY OF DRUG PLANTS (FALL, SPRING) 3 CREDITS

Prerequisite(s): BIOL-102 and BIOL 105. This course is the study of biology of such plants as opium, DMT, marijuana, mescaline, psilocybin, cocaine, jimsonweed, ergot, strychnine, and digitalis; active principles and the parts used as drugs; diseases and disorders; genetic manifestations; use and misuse of drugs; and effects on human health, including the mental and social well being of man.

BIOL 309 MICROBIOLOGY I (FALL, SPRING) 4 CREDITS

Prerequisite(s): BIOL 102 and 209.

BIOL 310 MICROBIOLOGY II (FALL, SPRING) 4 CREDITS

Prerequisite(s): BIOL 102. Biology majors are required to successfully complete BIOL-309. This course studies virology, medical parasitology, and mycology.

BIOL 311 HUM ANAT & PHYSLOGY I (FALL, SPRING, SUMMER) 4 CREDITS

Prerequisite(s): BIOL 102, 103. This course focuses on the structure and function of the human body from molecular to whole individual level, providing current principles of anatomical terminology and techniques, histology, and the integumentary, skeletal, muscular, nervous, and sensory systems. The effects of age, stress and pathology (disease) on normal systems are incorporated throughout the course.

BIOL 312 HUM. ANAT. & PHYSIOLOGY (FALL, SPRING, SUMMER) 4 CREDITS

Prerequisite(s): BIOL 311. This course focuses on the structure and function of the human body from molecular to whole individual level, providing current principles of the endocrine, circulatory, immune, respiratory, digestive, urinary, and reproductive systems. The effects of age, stress, and pathology (disease) on normal systems are incorporated throughout the course

BIOL 398 COOP-BIOLOGY 6 CREDITS

BIOL 402 GENERAL PHYSIOLOGY (FALL, SPRING) 4 CREDITS

This course is a study of chemical, physical properties, and living activities of protoplasm at cellular level and an introduction to the physio-chemical basis of vital processes.

BIOL 403 BIOLOGY SEMINAR (FALL, SPRING) 2 CREDITS

Prerequisite(s): Biology Core Courses and CHEM 107, CHE, 108, CHEM 201 and CHEM 202. Limited to senior biology majors, this course offers intensive practice in the process of research within the body of peer-reviewed scientific lecture, presentation, synthesis and discussion of selected scientific topics and problems. Course is open only to biology and biology education majors who have successfully completed at least 90 semester hours in the biology sequence.

BIOL 404 INTRO TO CANCER BIOLOGY (FALL) 3 CREDITS

Prerequisites: BIOL-101 or BIOL-102. This courses will provide students with a basic knowledge of the etiology, epidemiology, and sociology of common cancers associated with children, women, and men. Students will be introduced to health disparities associated with cancers.

BIOL 405 INVESTIGATIONS (FALL, SPRING, SUMMER) 1 CREDIT

Prerequisite(s): Internal/External Research Experience and an Approved Application. This course is designed to give experience in handling biological materials and techniques involved in research investigations.

BIOL 407 ECOL. OF ENV. ADAPTATION (Periodically) 3 CREDITS

Prerequisite(s): BIOL 102, 103, 105, 209. This course is an analysis of the environmental factors affecting the evolution, adaptation, distribution, and functional processes of plant and animal communities. Considerable emphasis will be placed on ecological concepts.

BIOL 410 IMMUNOLOGY (SPRING Only) 3 CREDITS

Prerequisite(s): BIOL102, 209, 204. BIOL 303 and CHEM 309 (may be taken concurrently) Strongly Recommended. This course is designed to provide students with knowledge of the molecular and cellular nature of the immune system. Upon completion of this course, students will have a basic knowledge of the innate and adaptive immune responses, and the structure and function of lymphocytes, antibodies, T-cell receptors and accessory proteins. Also included are the molecular and cellular aspects of immunity to bacteria and viruses, autoimmunity, allergies, transplantation immunology, and vaccines.

BIOL 411 ENDOCRINOLOGY (Periodically) 4 CREDITS

Prerequisite(s): BIOL 102, 103, CHEM 108. This course is an in-depth study of the human endocrine system and the mechanism of hormone action.

BIOL 415 PLANT PHYSIOLOGY (SPRING Only) 4 CREDITS

Prerequisite(s): BIOL 102, 105, CHEM 108. This course is a study of plants as a dynamic organism of metabolic systems which determine the vital responses to the environment and the vital processes of growth, development, reproduction, and perennation. Importance of plants in the flow of energy through the biosphere and the use of modern technology in the chemical evolution of life will be discussed.

BIOL 421 BIOINFORMATICS (FALL Only) 3 CREDITS

Prerequisite(s): CHEM 309, BIOL 303. This course provides instruction in and practical applications of the tools and techniques employed in Bioinformatics. Included are methods for prediction of protein structure, homology modeling, sequence alignment and database searching, comparative genome analysis and structure-based drug design.

BIOL 451 FIELD BIOLOGY (Periodically) 3 CREDITS

Prerequisite(s): BIOL 102, 105, 415. This course emphasizes the collection and classification of selected biological materials from different environments.

BIOL 462 TOPICS IN BIOLOGY (Periodically) 3 CREDITS

Prerequisite(s): Biology Core Courses, CHEM 202. This course is designed to explore topics in the field of biology pertinent to human welfare and the exploration of science.

BUAD: BUSINESS ADMINISTRATION COURSE DESCRIPTIONS

BUAD 100 BUSINESS MATHEMATICS (FALL, SPRING, SUMMER) 3 CREDITS

This course is designed to develop and strengthen student proficiency in the application of basic mathematics to business activities. This course does not count towards graduation requirements. This course is a Prerequisite(s) for ACCT 211.

BUAD 101 INTRO. TO BUSINESS 3 CREDITS

This is a survey course designed to acquaint students with the basic functional areas of business enterprises and covers terminology and functional issues facing managers. This course acquaints students with international aspects of business.

BUAD 130 FUND OF CONTRACTING 3 CREDITS

Prerequisite(s): BUAD 100 and BUAD 101 or Permission of Instructor. This survey course introduces the organization and utilization of the Federal Acquisition Regulation and DOD Supplement to the FAR (DFARS), as well as ethics and basic contract law. Students are also introduced to the fundamentals of contracting. This is an accelerated course that encompasses the entire contracting process from receipt of a purchase request through contract completion, including close-out.

BUAD 198 COOP-BUAD 12 CREDITS

BUAD 230 FUND OF CONTRACTING II 3 CREDITS

Prerequisite(s): BUAD 130. This course provides essential fundamentals for the student and practice of price, cost, and proposal analysis. Various case scenarios and actual cost analysis are used to illustrate and integrate the various concepts and techniques covered in the course. Topics include the review of contracting environment, use and importance of market research, sources cost price analysis, application of price-related factors in the determination of reasonableness, methods for analyzing direct and indirect costs, methods for performing profit analysis, ethics in contract pricing, and selection of current pricing topics. Contract Pricing is designed to provide entry-level contracting personnel with a solid foundation for practice analysis and negotiation analysis.

BUAD 298 COOP - BUAD 12 CREDITS

BUAD 330 INTERMEDIATE CONTRACT 3 CREDITS

Prerequisite(s): BUAD 130. This course presents experienced, intermediate-level contracting personnel with an intensive examination of the life cycle phases of contracting, including the pre-award phase of contracting (acquisition planning, solicitation, evaluation, and award), and post award contract administration, plus contracting problem analysis and resolution. Case studies challenge students to apply ethical principles, statutes, regulations, and sound business judgment in the resolution of contract problems. Major course topics include acquisition planning, contracting methods (with an emphasis on formal source selection and noncommercial acquisitions), contract administration (including contract surveillance and quality assurance), financial management, termination, and dispute resolution.

BUAD 350 BUSINESS LAW I (FALL, SPRING) 3 CREDITS

Prerequisite(s): PHIL 103 or PHIL 305 and MGMT 241. Junior Standing or Permission of Instructor. These courses provide a basic understanding of the principles of business law and their application to commercial activities relating to contracts, agency, torts, property, sales, business organizations, commercial paper, and commercial transactions.

BUAD 351 BUSINESS LAW II (FALL, SPRING) 3 CREDIT

Prerequisite: BUAD 350. Permission of the Department. These courses provide a basic understanding of the principles of business law and their application to commercial activities relating to contracts, agency, torts, property, sales, business organizations, commercial paper, and commercial transactions.

BUAD 352 INTERNATIONAL BUSINESS 3 CREDITS

A study of the basic theories, principles, and practices concerning business activities across national boundaries. Emphasis is placed on managing resources, cultural diversities, international trade and investment, and the role of the multinational enterprise in global resource transfers.

BUAD 401 ADV ACCOUNTING I 3 CREDITS

Prerequisite(s): ECON 351. This course is a survey and application of research methodology as a tool in decision-making. It emphasizes theory, design, data-gathering, and evaluation.

BUAD 430 INTER CONTRACT: PRICING 3 CREDITS

Prerequisite(s): BUAD 330. This course reinforces both pricing skills taught in Fundamentals of Contract Pricing I and II. The course develops skills in price analysis, advanced pre-award pricing decisions, and general contract pricing. The course is primarily quantitative in nature, focusing on statistical and economic analysis tools.

BUAD 450 ISSUES IN BUS ETHICS (SPRING Only) 3 CREDITS

Prerequisite(s): Seniors Only. Current issues of ethics in the society as they affect business behavior will be discussed through panel presentation and class participation. Social responsibility of business, environmental issues, human rights and technological progress, business ethics and the evolution of social values exemplify the topics which will be presented from multidisciplinary perspectives by visiting experts, with the instructor moderating the class discussion.

BUAD 453 GOVERNMENT CONTRACT LAW 3 CREDITS

Prerequisite(s): BUAD 330. This course introduces basic legal principles and sources of contract law as they apply to the Government's acquisition of supplies and services, as well as construction services. Government Contract Law provides an understanding of the impact of Government Contract Law on daily decision-making in acquisition. Court cases and administrative decisions (General Accounting office, Board of Contract Appeals) are discussed with emphasis on how the law affects the Government/Contractor interface and how to avoid legal disputes and maintain business relationships

BUAD 615 TAX MGMT 3 CREDITS

BUIS: BUSINESS INFORMATION SYSTEMS COURSE DESCRIPTIONS

BUIS 260 COMPUTER APP IN BUSINESS (FALL, SPRING, MINI-SEMESTER) 3 CREDITS

Prerequisite(s): BUAD 101; MGMT 101. This is a survey course of computer applications and of information needs in business. Emphasis will be placed on microcomputer hardware and software applications from the perspective of the individual user. A review will be conducted of the standard productivity software packages available to support a microcomputer-based executive work station. Included are descriptions of and hands-on work, electronic spreadsheets, file and database management systems, graphic packages, accounting, and other common application packages. Emphasis is placed on business software, rather than on program development. Students participate in a series of application practice sessions at an introductory level and use these packages to solve progressively advanced business problems during the semester.

BUIS 305 INTRODUCTION TO OBJECT-ORIENTED PROGRAMMING (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite(s): BUIS 206. This course introduces students to the object-oriented (OO) approach to programming with emphasis on solving business problems. Proper object-oriented design principles and practices are emphasized throughout the course. First, students learn how to use the standard classes, and then learn to design their own classes. Real world programs are also used as examples throughout the course.

BUIS 360 INFOR SYSTEMS FOR MGMT (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite(s): BUIS 260 or Academic Plan is equal to COSC-BS. This course is a survey of the concepts, theory, and techniques of information systems for management. Emphasis is on the role of information itself and on computer-based information systems as aids to the control and operation of the organization. Case studies are used to illuminate the general manager's role in planning, specifying requirements, and evaluating and controlling such systems.

BUIS 361 ANAL AND DESIGN OF BUAD INFO SYSTS (FALL, SPRING, SUMMER) Formerly BUAD 361 3 CREDITS

Prerequisite(s): BUIS 260. This course provides students with an understanding of the principles involved in the analysis and design of an information system. Tools, techniques, and information systems development methodologies will be reviewed. In addition, a major project involving the analysis and design of an information system will be required.

BUIS 362 DATABASE FOR BUSINESS (FALL, SPRING) 3 CREDITS

Prerequisite(s): BUIS 260. This course provides an understanding of how data resources can be managed to support decision-making within organizations. It will examine the use, development, and implementation of organizational databases and how the database environment is used to support decision-making. Database design and implementation issues will be addressed from both a logical and physical perspective. In addition, strategic and administrative issues of databases will be considered.

BUIS 367 PRINCIPLES OF INFORMATION SYSTEMS SECURITY (FALL, SPRING) 3 CREDITS

Prerequisite(s): BUIS 260. This course provides the foundation for understanding the key issues associated with information security and assurance with special emphasis on the various business, managerial and administrative aspects. Students will be exposed to the spectrum of security models, methodologies, policies, standards, procedures, and technologies as well as other security activities such as risk management, contingency, and incidents response, and e-business security. The course provides a rich learning experience using several case studies, hands-on exercises and projects.

BUIS 461 TELECOMM FOR BUSINESS (FALL, SPRING) 3 CREDITS

Prerequisite(s): BUIS 360. This course provides students with an overview of the principles of telecommunications. It will cover the business applications of telecommunications technology, data-enhancing flow of information within the organization, design of telecommunications systems, and hardware and software analysis of needed specifications for designing telecommunications systems.

BUIS 462 DECISION SUPPORT SYSTS (SPRING Only) 3 CREDITS

Prerequisite(s): BUIS 361 and BUIS 362. This course is an introduction to the analysis, design, and application of information systems used in the direct support of managerial decision-making. This course will cover the design and construction of specific management support tools

such as Decision Support Systems, Executive Support Systems, Group Decision Support Systems, and Expert Systems. Laboratory work will include construction of prototype support systems and expert systems.

BUIS 463 ELECTRONIC COMMERCE (SPRING, SUMMER) 3 CREDITS

Prerequisite(s): BUIS 360. This course provides students with an understanding of the basic technology of the Internet and the World Wide Web. It also will cover the tools, skills, business concepts, strategic opportunities, and social issues that surround the global information infrastructure and the emergence of electronic commerce.

CAAS: CHILD AND ADOLESCENT STUDIES

CAAS 101 INTRO TO CHILD & ADOLESCENT STUDIES (FALL, SPRING) 3 CREDITS

This course is an introduction of the theories, practices and trends in the human service profession and specifically how they relate to children and adolescence. The course will examine current events, situations and best practices in regards to children and their families.

CAAS 250 CHILD AND FAMILY LIFE SKILLS (FALL) 3 CREDITS

Prerequisite(s): CAAS 101. The course is designed to explore contemporary issues affecting children, youth and families. Specific topics will include the marital/family system, parent/child interaction, divorce, death of a family member, chronic illness and theoretical approaches to family study. Students will also gather insights into differing lifestyles and how this impacts children and youth.

CAAS 260 CHILD ABUSE & NEGLECT (FALL) 3 CREDITS

Prerequisite(s): CAAS 101. This course will examine historical and contemporary issues affecting the maltreatment of children/adolescents in regards to child abuse and neglect. The course will raise awareness of how society has evolved to address the growing problem of child abuse and neglect. It will enable students to recognize symptoms and signals of child abuse.

CAAS 270 SOCIOLOGICAL ISSUES (FALL) 3 CREDITS

Prerequisite(s): CAAS 101. This course will focus on socialization issues of children as it pertains to violence in the home, poverty, substance abuse, violence in schools, crime, and being a part of a blended family.

CAAS 280 RUNAWAY & HOMELESS YOUTH (FALL) 3 CREDITS

Elective: This course will explore reasons why children/youth runaway or end up homeless and on the streets. It is an interdisciplinary course with strong underpinning from interactionist and conflict theories. Students will examine the emotional, social, psychological and political dimensions of this growing societal problem. Special attention will be given to child sexual abuse and domestic violence issues.

CAAS 282 DOMESTIC & FAMILY VIOLENCE (SPRING) 3 CREDITS

Elective: This course will cover the history of domestic and family violence, current theories, the causes of violence in the family, interventions and preventative models to curb family and domestic unrest and the affects of family violence on children and youth.

CAAS 306 INTRODUCTION TO FIELD (SPRING) 3 CREDITS

Prerequisite(s): CAAS 101; CAAS 250; CAAS 260; and CAAS 270. The course is designed to enhance students' knowledge of being a change agent, advocate and indirect service provider for children and youth in mental health, medical, k-12th grade educational or preschool settings. In addition this course prepares the student for CAAS 424 & 425, Field and Seminar I & II.

CAAS 314 REG, POL & ADM OF CHILD (SPRING) 3 CREDITS

Prerequisite(s): CAAS 101; CAAS 250; CAAS 260; and CAAS 270. The course was developed to expose students to the rigors and decisions of administrators, policymakers and/or entrepreneurs. This course will give the student insights into the management and administration of those human service agencies that service children and youth.

CAAS 350 SIGN LANGUAGE I (FALL) 3 CREDITS

This course teaches the fundamentals of sign language, including those basic concepts and theories necessary for working effectively in programs aimed at providing services to children and youth with serious hearing loss and related problems.

CAAS 351 SIGN LANGUAGE II (SPRING) 3 CREDITS

Prerequisite(s): CAAS 350. This course is offered to those students who wish to broaden and continue their usage of sign language.

CAAS 354 LEG AND ETH HUM SERV STANDARDS (SPRING) 3 CREDITS

Prerequisite(s): CAAS 101; CAAS 250; CAAS 260; and CAAS 270. This course is developed to focus on the moral and ethical milieu of leadership: the values, theories, strategies, behaviors and skills that provide a framework for principled decisions in human service organizations.

CAAS 360 ART, MUSIC, DANCE & PLAY THERA (SPRING) 3 CREDITS

Prerequisite(s): CAAS 101; CAAS 250; CAAS 260; and CAAS 270. Students will be exposed to current trends and techniques that will help children who have been abused as well as help young children develop a sensitivity and appreciation of the fine arts.

CAAS 412 THERAPY WITH CHILDREN ADOL (FALL) 3 CREDITS

Prerequisite(s): CAAS 306; CAAS 314; CAAS 354 and CAAS 360; Co-requisite: CAAS 424. This course is done in association with CAAS 424, Field & Seminar I. The course will provide a foundation for understanding and working with children/adolescents in agency or institutional settings.

CAAS 420 COMMUNITY CHILD AND ADOLESCENT STUDIES (SPRING) 3 CREDITS

Elective: This course has a focus on promoting community change, policies and systems as they relate to children and adolescents. The student will explore the significance of improving communities through policy analysis utilizing the systems approach.

CAAS 424 FIELD AND SEMINAR I (FALL) 6 CREDITS

Prerequisite(s): CAAS 306; CAAS 314; CAAS 354 and CAAS 360; Co-requisite: CAAS 412. The first of a two part practicum/field experience mandatory for fulfillment of the CAAS degree. Students complete twenty (20) hours per week with a community agency or program. The emphasis of this course will focus on the child/adolescent in group settings, i.e., family unit, school. Through the practicum experience the student will begin to integrate classroom theory and discussion as well as apply and shape materials learned to real life situations.

CAAS 425 FIELD AND SEMINAR II (SPRING) 6 CREDITS

Prerequisite(s): CAAS 424: Part two of the practicum experience designed to provide real life work experiences through placement in community settings. Students do twenty (20) hours per week applying knowledge gained in the classroom to circumstances faced in their respective agency/program.

CHEM: CHEMISTRY COURSE DESCRIPTIONS

- CHEM 105 INTRO TO COLLEGE CHEMISTRY (FALL, SPRING) 4 CREDITS**
Prerequisite(s): None, MATH 099 strongly recommended. This is an overview of chemistry which will include, English-metric unit conversions, atomic structure, chemical nomenclature, the mole concept, stoichiometry, chemical reactions, physical behavior of gases and solutions, acid-base theory, and nuclear chemistry. It is designed for those students who have little or no chemistry background. Three hours lecture, two hours recitation per week.
- CHEM 107 GENERAL CHEMISTRY I (LECTURE/LAB) (FALL, SPRING) 4 CREDITS**
Prerequisite(s): MATH 141 or MATH 125. The lecture portion of the course focuses on the fundamental principles of chemistry dealing with structure of matter, valence, gases, oxidation, equations, formation of compounds, and solution of problems. The laboratory component includes experiments in measurement principles, gravimetric analysis, physical behavior of gases and chemical reactions in solutions. Three hours lecture, two hours laboratory per week.
- CHEM 108 GENERAL CHEMISTRY II (LECTURE) (FALL, SPRING) 4 CREDITS**
Prerequisite(s): CHEM 107 or MATH 141. This course is a continuation of CHEM 107. The lecture portion focuses on chemical reactions in solutions, chemical thermodynamics, equilibrium, ionic equilibrium, chemical kinetics, and electrochemistry, the general theory of acids and bases and nuclear chemistry. The laboratory component includes experiments in thermodynamics, kinetics, electrochemistry, physical behavior of gases and chemical reactions in solutions. Three hours lecture, two hours laboratory per week
- CHEM 201 ORGANIC CHEMISTRY I (LECTURE) (FALL, SPRING) 5 CREDITS**
Prerequisite(s): CHEM 107. The lecture portion of the course will include chemical bonding, acid/base theory, thermodynamics, kinetics, organic structure, isomerism, stereochemistry, infrared spectroscopy, NMR nuclear magnetic resonance spectroscopy, mass spectroscopy, nomenclature principles, and the chemistry of several organic chemical functional groups. The laboratory portion of the course will include methods of purification/separation of organic chemicals, chemical kinetics, instrumental analytical techniques, and several organic syntheses. Three hours lecture, three hours laboratory per week.
- CHEM 202 ORGANIC CHEMISTRY II (LECTURE) (FALL, SPRING) 5 CREDITS**
Prerequisite(s): CHEM 201. This course is a continuation of CHEM 201. The lecture portion of the course will include oxygen containing functional groups, aromaticity, benzene and its derivatives, carbanions, nitrogen containing functional groups, heterocyclics, and nuclear magnetic resonance. The laboratory portion of the course will consist of organic syntheses and qualitative organic analysis. Three hours lecture, three hours laboratory per week.
- CHEM 301 QUANTITATIVE ANALYSIS (LEC) 3 CREDITS**
Prerequisite(s): CHEM 107. Lecture and laboratory. This course will focus on the fundamental theory and practice of volumetric, gravimetric, and instrumental methods of analysis. The student is trained in chemical calculations as applied to quantitative analysis. Three hours of lecture a week.
- CHEM 302 INSTRUMENTAL ANALYSIS 4 CREDITS**
Prerequisite(s): CHEM 201, 202. This course focuses on the basic theory, technique, and application of various instrumental method of analysis. Two hours of conference and six hours of laboratory a week.
- CHEM 309 BIOCHEMISTRY I (LEC) (FALL and SPRING) 3 CREDITS**
Prerequisite(s): CHEM 202. This course is a study of structure and function of proteins and carbohydrates. Topics include role and importance of water in biochemical reactions; introduction to structural and thermodynamic elements of enzymology and biochemical pathways; structure and function of allosteric proteins with a particular emphasis on hemoglobin; and carbohydrate metabolism, citric acid cycle, and oxidative phosphorylation.
- CHEM 311 QUANTITATIVE ANAL (LAB) 2 CREDITS**
This lab must be taken concurrently with lecture CHEM 301. This course is a three-hour laboratory.
- CHEM 320 INSTRUMENT ANALYSIS 2 CREDITS**
- CHEM 401 PHYSICAL CHEMISTRY I (LEC) (Periodically) 3 CREDITS**
Prerequisite(s): PHYS 272, and MATH 300. This course is an introduction to atomic and molecular structure and elementary thermodynamics. Three hours of lecture a week. (This course may be offered without corequisite laboratory.)
- CHEM 402 PHYSICAL CHEMISTRY II (LEC) (Periodically) 3 CREDITS**
Prerequisite(s): CHEM 401 and CHEM 410. This course is a continuation of Physical Chemistry II, CHEM 401, including chemical kinetics and photochemistry. (This course may be offered without the corequisite laboratory.)
- CHEM 405 SEMINAR IN CHEMISTRY (Periodically) 2 CREDITS**
Prerequisite(s): Senior Standing Only. This course is a discussion of advanced topics in inorganic, organic, analytical, physical chemistry, and biochemistry.
- CHEM 406 RESEARCH IN CHEMISTRY 1 CREDIT**
This course is an introduction to the literature of chemistry and the techniques of research.
- CHEM 410 PHYSICAL CHEMISTRY I (LAB) (Periodically) 2 CREDITS**
This lab must be taken concurrently with lecture CHEM 401. This course is a three-hour laboratory.
- CHEM 412 BIOCHEMISTRY II (SPRING) 3 CREDITS**
Prerequisite(s): CHEM 201, 202, and 309. This course is a study of structure of lipids and steroids, metabolism of lipids, glycogen, amino acids, gluconeogenesis, and the structure and function of muscle proteins, biological membranes, and membrane proteins.

COMM: COMMUNICATIONS COURSE DESCRIPTIONS

- COMM 101 ORAL COMMUNICATION (FALL, SPRING) 3 CREDITS**

This course is designed to give theory and practice in the basic oral skills necessary for effective communication. It is intended that this course will correlate with the other courses offered in communication skills in order to increase the student's articulation. (*NOTE: May be taken for honor's credit*).

COMM 103 PUBLIC SPEAKING (FALL, SPRING) 3 CREDITS

This course is a study of the basic principles and types of speeches, with practice in composition and delivery of speeches.

COMM 104 VOICE AND DICTION (FALL, SPRING) 3 CREDITS

This course is designed to critically scrutinize and improve student articulation, pronunciation, and voice quality.

COMM 198 COOP-COMM (FALL, SPRING) 12 CREDITS

COMM 215 INTRODUCTION TO NEWS WRITING (FALL, SPRING) 3 CREDITS

Prerequisites: ENGL 101 and ENGL 102. This course explores the technique of news writing and news gathering, constant practice in the writing of news stories and emphasizes policy, principles, and concepts basic to the field.

COMM 216 ADVANCED NEWSPAPER WRITING (SPRING Only) 3 CREDITS

Prerequisite: COMM 215. This course is a review of journalism concepts and principles with an expanded survey of news room policy and related problems, role of mass media in shaping public opinion, and emphasizes the responsibility and ethical principles of journalism.

COMM 219 HISTORY OF JOURNALISM (FALL, SPRING) 3 CREDITS

This course is a study of journalism in the United States from colonial times to the present, with special attention on the present and to the newspaper's relation to society.

COMM 240 INTRODUCTION TO MASS COMMUNICATIONS (FALL, SPRING) 3 CREDITS

Prerequisites: COMM 101 or 30 Semester Hours. This course explores theories and principles of mass communication with emphasis on effects of the mass media (print, electronic, and books), the media as institution, and their various roles in contemporary society.

COMM 242 SURVEY OF EMERGING MEDIA (SPRING Only) 3 CREDITS

This course will explore "new Media," and its impact on traditional media models, by discussing how society has reacted to the historical creations of new media: from the printing press, to television, to the World Wide Web, to blogging. In addition, questions of how new media will shape industry structure, management, advertising and production, and culture will be addressed.

COMM 248 INTRODUCTION TO BROADCAST NEWS (FALL, SPRING) 3 CREDITS

This course is designed to provide students with professional skills training in electronic news gathering, interviewing, story developing, writing, reporting, editing, and producing news for television.

COMM 298 COOP-COMM (FALL, SPRING) 12 CREDITS

COMM 320 NEWS EDITING (SPRING Only) 3 CREDITS

Prerequisite: COMM 215. This course enables students to work in actual newsroom conditions to explore the general principles of newspaper make-up, writing headlines and leads, news writing, building feature stories and broadcast news, reporting skills, editorial policy, and judgments in processing materials for publication.

COMM 321 THE MAGAZINE ARTICLE (FALL Only) 3 CREDITS

This course is a study of the modern magazine article with constant practice in writing all kinds of magazine material. The role of the magazine in society with review of the specialty magazine story and feature placement; magazine photography, advertising, and writing for publication and pay will be discussed.

COMM 322 ANNOUNCING (FALL, SPRING) 3 CREDITS

This course is a study and use of announcing techniques under professional direction, including mike techniques, fundamentals of voice projection, diction, timing, pronunciation, poise, interviews, commercials, and narration.

COMM 323 WRITING FOR THE ELECTRONIC MEDIA (FALL) 3 CREDITS

This is a basic course in writing for the electronic media (educational and commercial) and is a laboratory in program design and writing skills.

COMM 324 PUBLIC RELATIONS (FALL, SPRING) 3 CREDITS

Prerequisite: COMM 240. This course is a study of the fundamental concepts and skills in the public relations field. Students will learn the definition, nature, scope, and warranty of public relations activity. Tasks and responsibilities such as the number of theoretical foundations (including among others, communication theory, inter-organizational theory, decision-making and management theory and conflict-resolution theory) will be addressed.

COMM 325 BROADCAST ADVERTISING AND SALES MANAGEMENT (SPRING Only) 3 CREDITS

A study of the development of commercial aspects of journalism, including the techniques and application of modern commercial methods used in the media.

COMM 331 TELEVISION PRODUCTION (FALL, SPRING) 3 CREDITS

This course is a studio production of information to be used in an instructional environment, intended particularly for students planning a career in industry, government, or education where television as a communication channel would be effective. Students will plan, produce, and evaluate the effectiveness of instructional information projects. Innovative application of televised materials relevant to the student's chosen profession is encouraged.

- COMM 332 PUBLICATION DESIGN AND PRODUCTION (FALL Only) 3 CREDITS**
Prerequisite: COMM 101. This course is an introduction to electronic publishing, using microcomputers. Students learn how to design and produce magazines, newsletters, newspapers, and flyers of professional quality. This course introduces students to the fundamentals of graphic manipulation, text editing, layout, and printing.
- COMM 333 TELECOMMUNICATIONS MANAGEMENT (FALL Only) 3 CREDITS**
This course is designed to expose students to emergent telecommunications administrative and policy issues. This course will also provide students with knowledge of strategies and applications of telecommunications in management.
- COMM 334 PUBLICITY TECHNIQUES (FALL Only) 3 CREDITS**
Prerequisite: COMM 240 or Plan is not equal to COMM-BA or COMM-BS. This course is an analysis of the various publicity skills and techniques that cover several closely associated areas such as publicity mechanism used in the field of public relations and advertising. Students are familiarized with the various publicity types and theories.
- COMM 336 ADVERTISING COPYWRITING (SPRING Only) 3 CREDITS**
This course will explore the theoretical foundations and practical application of advertising and PR campaigns. Students will learn and practice advertising copywriting for the print and electronic media.
- COMM 341 MEDIA ETHICS (FALL, SPRING) 3 CREDITS**
This course deals with ethical problems that communications practitioners face in the performance of their professional duties. It explores a wide range of issues dealing with matters such as truth, fairness, and objectivity, invasion of privacy, conflicts of interests, violence, and pornography, and perceived biases of the media.
- COMM 350 ONLINE JOURNALISM (SPRING Only) 3 CREDITS**
This involves the application of the Internet and the World Wide Web as tools for journalistic practice. Students will learn how to prepare materials – including writing and editing, and gathering and disseminating information via the Internet and the World Wide Web, and to become Internet content editors for electronic publications.
- COMM 398 COOP-COMM 6 Credits**
- COMM 403 INTERCULTURAL COMMUNICATIONS (SPRING Only) 3 CREDITS**
This course is a consideration of the role that culture, gender, race and class play in human communication. It includes a review of current theories, structures, relations and interactions within varying culture settings.
- COMM 404 ORGANIZATIONAL COMMUNICATIONS (SPRING Only) 3 CREDITS**
This course explores theory and research on communication problems, patterns, practices in business, government, and professional organizations. The relation of communication to administration and human relations is discussed.
- COMM 419 PUBLIC OPINION (SPRING Only) 3 CREDITS**
Prerequisite: COMM 324. This course explores the foundations of the dimension of public opinion and how opinion polls structure political and organizational opinion. It also explores the conceptualization of how attitude, values, and opinions structure political and business arenas.
- COMM 420 PUBLIC RELATIONS WRITING (FALL Only) 3 CREDITS**
Prerequisite: COMM 324. This course explores the structure and format of various public relations writing. Skills and techniques that cover several closely associated areas such as writing for public relations, copy dissemination, media use, and media network design also are discussed. These techniques range across internal and external (print, electronic and radio) media. Students will learn the various differences between public relations and prose writing by looking at various memos, business letters, e-mail writing, and the usage of the inverted pyramid style of journalistic writing.
- COMM 421 BROADCAST PROGRAMMING I (FALL, SPRING) 3 CREDITS**
This course enables research into problems and theories of programming for air, including formats. It enables constant student practice and guidance in techniques of preparation of program schedules, radio-TV traffic, “block programming”, and innovations as well as issues in broadcast program practice.
- COMM 423 COMMUNICATION LAW, POLICY, AND ADMINISTRATION (FALL, SPRING) 3 CREDITS**
This course explores the structure and function of the law in its relationship to the mass media and the relevance of this relationship to the problem of coverage, libel, and Freedom of Information Acts.
- COMM 424 ADVANCED PUBLIC RELATIONS (SPRING Only) 3 CREDITS**
Prerequisite: COMM 240 and 324. This course analyzes the detailed ramifications of various subdivisions and levels of operation found within the framework of public relations administration. These include such activity sectors as marketing, public relations, public affairs, publicity and media relations, community relations, international public relations, financial and shareholder relations, consumer relations, employee relations, fund-raising, and membership development.
- COMM 425 RADIO PRODUCTION I (FALL, SPRING) 3 CREDITS**
Students learn the practical aspects of radio production, editing, studio technology, and scripting.
- COMM 426 RADIO PRODUCTION II (FALL, SPRING) 3 CREDITS**
Prerequisite: COMM 425. This is a lecture laboratory course for writing, research, persuasive communication, and the production of programs utilizing Radio Production I Skills.

- COMM 428 FILM DOCUMENTARY AND TELEVISION (SPRING Only) 3 CREDITS**
Prerequisite: COMM 331. This course provides students with the fundamental principles of documentary television and film productions. Emphasis will be on the process of documentary from conception, to writing, to on-screen presentation. The course will be divided between lecture on the history and purpose of documentaries and hands-on production experience.
- COMM 429 VIDEO EDITING (FALL Only) 3 CREDITS**
Prerequisite: COMM 331. This course acquaints students to the principles of video editing, including knowledge of post-production techniques. The basic knowledge about operating editing equipment will provide students with the fundamental skills to understand TV/Film production at its completion stage.
- COMM 430 COMMUNICATIONS RESEARCH (FALL Only) 3 CREDITS**
Prerequisite: COMM 101. This course is an introduction to the literature, concepts, problems, responsibilities, methods, techniques, and results of research in communications. Special attention will be given to progress in the field as it relates to needs assessments, acquisition of funds, and program evaluation.
- COMM 433 INFORMATION SYSTEMS AND TELECOMMUNICATIONS (SPRING Only) 3 CREDITS**
 This course analyzes the advances in telecommunications and their impact on individuals and institutions. Special attention will be given to the diversity and complexities in telecommunication systems and how they will affect and shape future society values, goals, and lifestyles.
- COMM 434 INDEPENDENT STUDY (FALL, SPRING) 1 CREDIT**
 This course provides a practical view and analysis of the professional field of communications through various professional activities, personal observations, and participation. The evaluation of the purpose, process, effectiveness, and efficiency of the field is explored.
- COMM 436 INTERNATIONAL TELECOMMUNICATIONS (FALL Only) 3 CREDITS**
 This course is designed to provide a comprehensive survey of telecommunication systems in the United States and other countries. Telecommunication technologies, global networks, and trans-national data systems will be explored. The role of telecommunications in cultural developments and in political and economic arenas will be studied. These exposures will assist the student in preparation to effectuate appropriate strategies in trans-continental communications.
- COMM 438 INTERNSHIP (FALL, SPRING, SUMMER) 3 CREDITS**
 This course provides on-the-job training experience in a professional communications media center (educational TV center, commercial TV center, General Electric, RCA, Commercial Credit Corporation, Instructional Media Centers, etc). Students will be required to demonstrate their understanding of the theory of communications media.
- COMM 497 METRO LAB NEWS (FALL, SPRING) 3 CREDITS**
Prerequisite: COMM 331. This course focuses on the fundamental concepts of writing, reporting and producing a half-hour newscast. The Metro News Lab provides students with professional training and experience in the development and processes mandatory for the production and completion of a live, studio newscast. This course is a practical guide for communication and broadcast journalism students in search of enhancing their knowledge, skills and abilities in the broadcast news industry.

COSC: COMPUTER SCIENCE COURSE DESCRIPTIONS

- COSC 110 COMPUTER LITERACY AND APPLICATIONS (FALL, SPRING) 3 CREDITS**
 This course is an introduction to fundamental concepts and applications of computing, designed for students with no prior training in computer use. Topics include: summary of personal and business uses of computers, from micros to mainframes; use of application software for word processing, spreadsheets and database management; survey of computer and communications systems' hardware components; development and use of system and application software; characteristics of high-level programming languages; accessing the Internet; and social issues. This course may be used to satisfy the *General Education Requirement in the Technology category*. (Note: This course does not qualify for computer science or computer technology major credit.)
- COSC 111 COMPUTING PRINCIPLES AND TECHNOLOGIES (FALL, SPRING) 3 CREDITS**
 This course provides a proficient foundation in general computer science and computer technology concepts. It includes a survey of selected computer topics to provide fluency in information technology as well as emerging and societal issues surrounding information technology. Students are introduced to computer hardware, programming, web page development, software applications and networking models. This course may be used to satisfy the *General Education Requirement in the Technology category*.
- COSC 112 COMPUTER SCIENCE I (FALL, SPRING) 4 CREDITS**
Prerequisite(s): None. (Students without programming experience may be advised to take COSC 111 before or concurrently with COSC 112.) This course is a study of the formal syntax and semantics of a programming language. Topics include expressions, assignments, declarations, control structures, arrays, data abstractions, subprograms, user interfaces, error handling, end of file handling, and string handling. Aspects of Software Engineering include top down design, structured programming, and style in programming conducted in a block structured language, such as Pascal, C, or C++. Ethical and social issues include information privacy, data reliability, data security, including wiretapping and encryption and ergonomics. This course may be used to satisfy the *General Education Requirement in the Technology category*.
- COSC 113 COMPUTER SCIENCE II (FALL, SPRING) 4 CREDITS**
Prerequisite(s): COSC 112. Prerequisite or taken concurrently: MATH 141 or MATH 150. This course explores the design and analysis of large scale systems of programs. Topics include testing, debugging, documentation, recursion, dynamic storage allocation, LIFO stacks, FIFO queues, trees, linked lists, routed I/O to multiple files, protecting software and other intellectual property, computer crimes, and constitutional and related issues. This course may be used to satisfy the *General Education Requirement in the Technology category*.

- COSC 190 INTERMEDIATE COMPUTER PROGRAMMING (FALL, SPRING) 4 CREDITS**
Prerequisite(s): At least one prior computer-programming course using a general purpose language or consent of the instructor. Prerequisite or taken concurrently: MATH 141 or MATH 150. This course presents and implements the formal syntax and semantics of a programming language. Topics include basic operations, control structures, arrays, data abstraction, subprograms, error handling, disk files, recursions, classes, introductory object-oriented programming, pointers, testing, and debugging. Structured programming is stressed. This course covers the content of two courses, COSC 112 and COSC 113, at an accelerated rate in one semester. A block structured language such as C, C++, or Java is used.
- COSC 208 DISCRETE STRUCTURES (FALL, SPRING) 3 CREDITS**
Prerequisite(s): COSC 113 or COSC 190 and either MATH 141 or MATH 150. This course is a study of mathematical topics needed for a major in computer science as follows: sets, relations, logic, graphs, mappings, functions, recursion, finite state machines, formal proof techniques, combinatorics, and recurrence relations.
- COSC 212 ASSEMBLY LANGUAGE PROGRAMMING (PERIODICALLY) 3 CREDITS**
Prerequisite(s): COSC 113 or COSC 190. This course is a study of computer structure and machine language, assembly language, addressing techniques, macros, file I/O, program segmentation and linkage, data and instruction representation, assembler construction, and interpretive routines.
- COSC 214 DATA STRUCTURES AND ALGORITHMS (FALL, SPRING) 4 CREDITS**
Prerequisite(s): COSC 113 or COSC 190. This course explores the definitions and implementations of basic data structures such as stacks, queues, linked lists, binary trees, etc.; internal searching and sorting algorithms; and garbage collection algorithms. Design of sort and search algorithms and introductory analysis associated with the basic data structures, as well as recursive algorithms, are discussed.
- COSC 254 COMPUTER ORGANIZATION (FALL) 4 CREDITS**
Prerequisite(s): COSC 113 or COSC 190. This course explores the relationships between control units, input-output devices, processors, and storage units. Topics include logic circuits design, coding (e.g., BCD, ASCII), number representation and arithmetic instruction set, register transfer operations, central processor organization, finite state machines, memory organization, I/O, and microprocessors.
- COSC 330 SYSTEMS PROGRAMMING I (FALL, SPRING) 3 CREDITS**
Prerequisite(s): COSC 112 or COSC 190. An introduction to UNIX systems programming. Topics include: UNIX shell programming; UNIX kernel and utilities; regular expressions; UNIX commands; development of shell programs to solve system problems; introduction to system calls.
- COSC 345/ CTEC 345 FOUNDATIONS OF COMPUTER AND NETWORK SECURITY (FALL) 3 CREDITS**
Prerequisite(s): CTEC 302 or COSC 485 or Consent of Instructor. This course will introduce students to the challenges and vulnerabilities in securing a computer networking system. Topics include the in-depth study of network border security, such as firewalls, intrusion detection systems, virtual private networking, penetration testing and network security architecture. This course is designed to develop the fundamental skills needed to analyze the internal and external security threats against a network, and to develop security policies that will protect an organization's information. Students will learn how to evaluate network and Internet security issues and design, and how to implement successful network security policies and strategies. In addition, they will learn how to expose system and network vulnerabilities and defend against them.
- COSC 350 PROGRAMMING LANGUAGES (FALL) 3 CREDITS**
Prerequisite(s): COSC 214. The comparative study of the fundamentals of several programming languages, including ALGOL, APL, FORTRAN, C, ADA, LISP, PL/1, etc, through their grammar and control structures is provided. Topics include BNF grammar, information binding, recursion, and data structures.
- COSC 352/ CTEC 350 PRINCIPLES AND METHODS OF INTRUSION DETECTION AND PREVENTION (FALL) 3 CREDITS**
Prerequisite(s): CTEC 302 or COSC 485 or Consent of Instructor. Concepts of intrusion detection, anomaly detection based on machine learning, signature-based detection using pattern matching, automated response to attacks using planning approaches, tracing intruders, predicting behavior of hackers to protect information and infrastructure assets, and security policy languages. Topics will also include: security standards; issues in network security including border protection (firewalls), issues in system security, including user authentication, malicious logic, such as viruses; digital privacy; potential personnel issues and concepts in security planning and auditing.
- COSC 354 COMPUTER ARCHITECTURE (SPRING) 3 CREDITS**
Prerequisite(s): COSC 254. This course is a study of principles of digital systems, floating-point arithmetic, communication methods, design of a simple computer, microprogramming on a simple computer, instruction sets, input/output, interrupt driven I/O, programmed output, memories, and addressing. Several well-known system architectures will be studied.
- COSC 370 COMPUTER ETHICS, SOCIAL AND LEGAL ISSUES (SPRING) 3 CREDITS**
Prerequisite(s): COSC 214, and ENGL 361 or ENGL 362. This course will examine the major ethical issues surrounding the use of computers and the responsibilities of those who work with computers. Readings will be assigned and will include, but will not be limited to, technical issues in computer science (software development), privacy, security, liability, the digital divide, hacking, intellectual property rights, viruses, proprietary software, worms and other animals, societal awareness, and many of the laws that relate to the preceding list of topics.
- COSC 374 OBJECT-ORIENTED DESIGN (FALL) 3 CREDITS**
Prerequisite(s): COSC 214. This course covers the design of object-oriented programs. Specifically, students will study software engineering topics, such as life-cycle management, the use of CASE modeling tools, such as UML diagrams, in requirements specification and system

organization, and object-oriented concepts, such as encapsulation, inheritance, and polymorphism. Students will acquire the ability to analyze a problem using object-oriented techniques.

COSC 375 OBJECT ORIENTED DESIGN AND DEVELOPMENT (PERIODICALLY) 3 CREDITS

Prerequisite(s): COSC 214. This course covers the design and development of object-oriented programs. Specifically, students will study object-oriented design methods, classes, inheritance, polymorphism, and software engineering issues. Students will acquire the ability to analyze a problem using object-oriented techniques. They also will learn a widely used object-oriented language such as JAVA, using a Unix platform.

COSC 402/ CTEC 402 SOFTWARE AND OPERATING SYSTEM SECURITY (SPRING) 3 CREDITS

Prerequisite(s): CTEC 214 or COSC 330 or Consent of Instructor. This course will examine security principles and practices important to operating systems and programming. Topics include: OS security architecture; memory security; authentication, including account and password protection mechanisms; assessing OS vulnerabilities; programming security and attacks such as buffer overflow attacks and writing secure code; application interaction; module control; auditing host security, including operational logs; malicious logic including viruses and virus protection; and security applications.

COSC 414 OPERATING SYSTEMS (SPRING) 3 CREDITS

Prerequisite(s): COSC 214 and COSC 330. This course is a study of batch systems, interactive systems, spooling systems, multiprogramming systems, I/O processors and techniques, intra-system communication, deadlocks, indefinite postponement, microprogramming, parallelism, and pipelining. Dynamic procedure activation, system structure, memory management, process management, and recovery procedures, and case studies of recent operating systems also will be covered.

COSC 418 PRINCIPLES OF COMPUTER GRAPHICS (FALL) 3 CREDITS

Prerequisite(s): COSC 214 or MATH 228. This course introduces students to basic concepts and essential principles of Computer Graphics from programming perspective. It includes topics such as Geometric Modeling, Lighting/Shading, Subdivision of Curves and Surfaces, Mesh Parameterization, Texture Mapping, Morphing, and Animation. Students will use a standard Computer Graphics Library and develop simple algorithms of Computer Graphics to reinforce the concepts.

COSC 420 DATABASE MANAGEMENT (FALL) 3 CREDITS

Prerequisite(s): COSC 214. This course is an introduction to concepts, design objectives, tools, and principles database management system software. Descriptors, structures, database system architectures, entities, relationships, and data models. The relational, network and hierarchical database models, normal forms, and canonical data structures will be studied as a basis for logical organization. Relational algebra and calculus, introduction to concurrency, and transaction management are studied.

COSC 423 AUTOMATA AND COMPUTATION THEORY (PERIODICALLY) 3 CREDITS

Prerequisite(s): COSC 208. This course is a study of finite-state machines, push-down automata, and Turing machines. The Resolution Principle as applied to propositional first-order logic, and aspects of mathematical logic with emphasis on applications to computing machines are discussed.

COSC 428 DESIGN AND ANALYSIS OF ALGORITHMS (SPRING) 3 CREDITS

Prerequisite(s): COSC 214. This course will include the design and analysis of algorithms. Algorithms that manipulate data structures such as lists, stacks, queues, trees, and graphs are discussed in terms of efficiency and existence. Algorithms for data compression, memory management, and advanced hashing techniques will be studied. Topics also include balancing algorithms, divide-and-conquer algorithms, dynamic programming, the greedy approach, backtracking, branch-and-bound, advanced search/sort techniques, the P=NP problem, parallel algorithms, and newly promoted algorithms will be studied and researched.

COSC 430 SYSTEMS PROGRAMMING II (SPRING) 3 CREDITS

Prerequisite(s): COSC 330. This course is a study of basic systems software (assemblers, loaders and linkers, macro processors, etc.). Basic constructs of the C/C++ language are reviewed with special emphasis on developing software using C/C++ in UNIX environment. Also covered are UNIX file access primitives: *open, creat, close, read, write, copyfile, lseek, fcntl*; files in multi-user environment: Call *umask*, commands *access, chmod, chown*, system calls *link, unlink, rename, stat, fstat*; directories, file systems and special files; process: *fork, exec, wait, waitpid*; process attributes; signals and signal handling; inter-process communication techniques; the terminal; sockets; I/O library; and library routines.

COSC 445/ CTEC 445 FUNDAMENTALS OF CRYPTOGRAPHY AND APPLICATIONS (SPRING) 3 CREDITS

Prerequisite(s): COSC 208. This course will examine the details of how some of the typical security protection measures work. Topics include: Certificate Authorities (CA), Public Key Infrastructure, Rivest-Shamir-Adleman (RSA) architectures, Data Encryption Standard, Pretty Good Privacy, steganography, and security standards. In addition, key cryptologic terms, concepts, and principles will be defined and explained as well as authentication, access control, non-repudiation, data integrity, and confidentiality issues.

COSC 454 EMBEDDED SYSTEM DESIGN (SPRING) 3 CREDITS

Prerequisite(s): COSC 354. This course explores the design of custom circuitry and single-purpose processors. The emphasis is on hardware/software codesign, using high-level tools to implement circuitry and program microprocessors. Topics covered are: digital circuitry, software development for general-purpose processors, single-purpose processors, memory systems, communication interfaces, finite state machines, concurrent processing models, control theory, integrated circuitry, synthesis levels and verification.

COSC 461 COMPILERS (SPRING) 3 CREDITS

Prerequisite(s): COSC 214. Grammars, lexical analyses, parsing algorithms, intermediate languages, storage assignment, code generation, global and peep-hole optimization, push-down stacks and run-time organizations are discussed. A significant programming project is required.

COSC 473 ARTIFICIAL INTELLIGENCE (FALL) 3 CREDITS

Prerequisite(s): COSC 214. This course is an introduction to basic concepts and techniques of artificial intelligence. Topics include: knowledge representation, search strategies, fuzzy and probabilistic reasoning, and theorem proving. Applications of AI languages and the design and construction of Expert Systems are discussed.

COSC 474 MACHINE LEARNING AND DISCOVERY (SPRING) 3 CREDITS

Prerequisite(s): COSC 473. Artificial intelligence techniques for knowledge acquisition by computers. Fundamental problems in machine learning and discovery. Systems that learn from examples, analogies, and solved problems. Systems that discover numerical laws and qualitative relationships. Projects centering on implementation and evaluation.

COSC 475 SOFTWARE ENGINEERING (FALL) 3 CREDITS

Prerequisite(s): COSC 214. This course introduces the student to major topics in software engineering such as: requirements specification, analysis and design, testing, project management, and implementation. Additional topics such as software life cycle models, the Unified Modeling Language (UML), agile software development techniques, configuration management, change control, and project documentation will be discussed.

COSC 480 SENIOR CAPSTONE (SPRING) 3 CREDITS

Prerequisite(s): COSC 350, COSC 354, COSC 414. This is a capstone course which integrates the material covered in core courses, namely Data Structures and Algorithms, Computer Organization, Systems Programming, Programming Languages, Computer Architecture and Operating Systems. The emphasis is on solving problems which require concepts from more than one area. Selected problems integrating the topics covered in these courses will be formulated, discussed, and solved.

COSC 485 DATA COMMUNICATIONS AND NETWORKS (FALL) 3 CREDITS

Prerequisite(s): COSC 214 and COSC 254. This course explores the fundamentals of data communication and computer networking: common carrier implications, tariffs, exchanges, concentrators, multiplexors, and buffering; circuit, message, and packet switching; network architectures and protocols; protocol standards, modeling, and analysis; cost and design; software considerations are emphasized.

COSC 490 SELECTED TOPICS IN COMPUTER SCIENCE (FALL, SPRING) 3 CREDITS

COSC 491

COSC 492

Prerequisite(s): Consent of Instructor. (Note: COSC 492 may be offered for Cooperative Education credits. Check class schedule or contact the Computer Science Department for more information). These courses are presentations of selected modern developments, advanced topics, and problem solving in computer science.

COSC 495 SENIOR SEMINAR IN COMPUTER SCIENCE (FALL) 3 CREDITS

Prerequisite(s): ENGL 361 or ENGL 362 and a minimum of one 400-level COSC course. Students research topics of interest including issues on professional ethics and responsibilities (ACM Code of Ethics and Computer Ethics). Written reports and presentations of complete projects are required.

CRJU: CRIMINAL JUSTICE COURSE DESCRIPTIONS

CRJU 201 INTRO TO LAW ENF & CRJU (FALL, SPRING) 3 CREDITS

Prerequisite(s): SOCI 101. This course examines the nature of criminal behavior in society, the functioning of police agencies, the procedures of prosecutors and judges, other correctional bureaucracies, and other forms of social control in a democratic society.

CRJU 314 STRESS MGMT IN CRJU (FALL, SPRING) 3 CREDITS

Prerequisite(s): CRJU 201. This course examines the alarming and detrimental problems of stress and burnout experienced by criminal justice/law enforcement personnel. Emphasis is placed on the nature of stress, its causes, its consequences, and the various techniques utilized to manage and control stress at both the individual and group levels.

CRJU 315 VICTIM AND CRIM JUSTICE (FALL, SPRING) 3 CREDITS

Prerequisite(s): CRJU 201. This course examines the impact of crime upon a variety of victims, e.g., victims of rape, drunk driving, robbery, and child and spouse abuse. It considers such topics as victim compensation, victim-offender relationship, as well as victimless crimes. This course covers techniques and laws used in dealing with detection, suppression, apprehension, and prosecution of violators. Implications for the individual and society concerning the control of such behaviors are reviewed and evaluated, as well as alternative social policies.

CRJU 316 ADV CRIM PROC & EVIDENCE (FALL, SPRING) 3 CREDITS

Prerequisite(s): CRJU 201. This course is a comprehensive examination of the rules of evidence in criminal cases. Through study of US Supreme Court cases and rulings, the following criminal procedure issues are examined: burden of proof, testimonial privileges, exclusionary rule, police searches, admissions and confessions, identification, and physical evidence.

CRJU 317 CORRECTIONS: THE PRISON INDUSTRIAL COMPLEX (FALL, SPRING) 3 CREDITS

This course examines how the American penal system developed into a prison industrial complex, reflecting the increased incarceration rates from the 1970's onward, frequently called "the imprisonment binge." Topics to be examined include: race and class bias; trend towards lockdown and supermax facilities; prison labor; prison profits; privatization; prison health care; guard conduct; women in prison; prisoner struggles and rebellions. A component of this course will include "an inside view" provided by incorporating actual prisoner cases, communications and writings into class work.

CRJU 403 CRIMINALISTICS I (FALL, SPRING) 3 CREDITS

Prerequisite(s): CRJU 201. This course is structured to serve as an introduction to the scientific methods used in modern-day criminal investigation and detection of and solution to criminal activity. Many of the vital phases of forensic investigation (forensics) are explored by means of lecture, laboratory experiments, and other selected applied assignments. Students learn how to accurately recognize what evidence may exist at a crime scene and what to do with it.

CRJU 404 CRIMINAL LAW: ELEMENTS AND PRINCIPLES (FALL, SPRING) 3 CREDITS

Prerequisite(s): CRJU 201 and CRJU 316. This course is a study of the basic concepts underlying criminal law and the essential elements of the offenses comprising the major crime categories, i.e., crimes against people, crimes against property, sex crimes, and victimless crimes. The focus is on legal rather than behavioral aspects.

CRJU 405 CRIMINALISTICS II (FALL) 3 CREDITS

Prerequisite(s): CRJU 201, CRJU 316 and CRJU 403. An Introduction to the complex scientific methods used in modern-day criminalistics with a concentration on biological evidence, determining cause of death, and the analysis of organic/inorganic matter. You will focus on the collection, preservation, and analytical study of biological evidence as it relates to criminal activity. Many of the vital phases of forensic investigation are explored by means of lecture, laboratory experiments, field trips, and other applied assignments. Students will learn how to accurately recognize analytical techniques such as chromatography, spectrophotometry, and other methods that are used to evaluate evidence collected at a crime scene. Each student will also study the reconstruction of mock biological evidence (i.e. body fluids, stain patterns of blood, deoxyribonucleic acid) from crime scene scenarios.

CTEC: COMPUTER TECHNOLOGY COURSE DESCRIPTIONS

CTEC 114 COMPUTING TOOLS AND ENVIRONMENTS (PERIODICALLY) 3 CREDITS

This course is an introduction to key computing environments in the information technology. These environments vary in computing platforms, user interface, and collection of tools and applications available. This course familiarizes students with basic concepts and functioning of Windows, MS DOS, UNIX operating systems as well as basic Internet tools and helps students gain versatile computer literacy.

CTEC 125 INTRODUCTION TO VISUAL BASIC (FALL, SPRING) 3 CREDITS

This course enables students to create applications using Visual Basic (VB) programming environment. Tools for creating GUI and the VB programming language will be explored, with emphasis on designing applications to solve problems using good programming techniques. Projects will involve constructing complete executable VB applications, including some which access relational databases. This course may be used to satisfy the *General Education Requirement in the Technology category*. (Note: This course does not qualify for computer science or computer technology major credit.)

CTEC 214 CLIENT OPERATING SYSTEMS (FALL, SPRING) 4 CREDITS

Prerequisite(s): COSC 111 or CTEC 114 or Equivalent. This course familiarizes students with basic concepts and functioning of Network Client operating systems. Topics covered include users, groups and policies, configuration, file systems, TCP/IP, setup, workgroups, domains, OSI model, and internetworking with remote access service.

CTEC 222 UNIX OPERATING SYSTEM (FALL, SPRING) 3 CREDITS

Prerequisite(s): COSC 111 or CTEC 114 or Equivalent. Introduction to UNIX operating system and commands. Topics include: file manipulation; directory structure; operating system performance; editors; UNIX shell scripts programming.

CTEC 225 VISUAL BASIC PROGRAMMING (FALL, SPRING) 3 CREDITS

Prerequisite(s): COSC 112 or COSC 190. This course enables students to create applications using Visual Basic.NET (VB.NET) programming environment. The emphasis will be on event-based programming. Tools for creating GUI in the VB programming language will be explored, with emphasis on designing applications to solve problems using good programming techniques. Projects will involve constructing complete executable VB.NET applications, including networked applications and database access.

CTEC 226 INTRODUCTION TO DATABASE DEVELOPMENT (FALL, SPRING) 3 CREDITS

Prerequisite(s): COSC 111 or CTEC 114 or equivalent. This course is an introduction to the fundamental skills that a student will need to be successful in developing personal databases. Topics include database modeling, database and database application design, database implementation with a relational model, and multi-user database processing.

CTEC 291 OBJECT-ORIENTED PROGRAMMING IN C++ (PERIODICALLY) 3 CREDITS

Prerequisite(s): COSC 113 or COSC 190. This course provides extensive coverage of the object-oriented approach including (1) Data abstraction, (2) Inheritance, and (3) Polymorphism. Topics include the relation of OOP to maintainability, reusability, and other aspects of software design and developments. The syntaxes and semantics of C++ constructs which support OOP will be covered.

CTEC 293 INTERNET PROGRAMMING I (FALL, SPRING) 3 CREDITS

Prerequisite(s): COSC 113 or COSC 190. This course introduces students to Internet Technologies (E-mail, Web Browsers, FTP, Telnet, CGI, and more). Students will develop web pages using the following Internet technologies, HTML, Javascript, and more.

CTEC 294 PC ARCHITECTURES (FALL) 3 CREDITS

Prerequisite(s): COSC 111 or CTEC 114 or equivalent. This course is an introduction to microcomputer architectures from a descriptive, functional point of view. Topics include CPU components, the instruction cycle, an overview of machine and assembly language (instruction sets, addressing modes), fundamental numeric and non-numeric data representation, busses, storage systems, and peripheral devices.

CTEC 298 SYMBOLIC COMPUTATIONS (PERIODICALLY) 3 CREDITS

Prerequisite(s): COSC 113 or COSC 190 and MATH 141 or MATH 150. This course is an introduction to symbolic computations using Mathematical software packages such as Mathematica, Matlab and Maple. Several diverse laboratory based projects serving the interests of students will be conducted. Mathematical level of the project will be consistent with the background of the students.

CTEC 300 DATABASE ARCHITECTURE (FALL, SPRING) 3 CREDITS

Prerequisite(s): COSC 113 or COSC 190, COSC 208, CTEC 226, and either COSC 330 or CTEC 222. This course provides a broad introduction to data modeling, relational data models, database design and development and management. Topics include mainframe vs. network centric (2-tier, 3-tier) environments, client/server, and distributed architectures. Students develop projects using SQL, PL/SQL, and Developer/2000.

- CTEC 302 COMPUTER NETWORKING (FALL, SPRING) 3 CREDITS**
Prerequisite(s): CTEC 214. This course provides a comprehensive introduction to network concepts and their implementation. Topics include basic network types, major network architectures, cables, cards, remote access network/inter-network connectivity, Internet services, LANs and WANs, client/server configuration issues, and troubleshooting.
- CTEC 305 SERVER ADMINISTRATION I (FALL, SPRING) 3 CREDITS**
Prerequisite(s): CTEC 302. This course provides a comprehensive introduction to server implementation and administration in any workgroup or domain environment. Topics include network hardware planning, network installation, data storage, configuring server components, intranets and the Internet, supporting network clients, and troubleshooting.
- CTEC 324 DATABASE APPLICATION DEVELOPMENT (FALL) 3 CREDITS**
Prerequisite(s): CTEC 300, COSC 208. This course is an in depth examination of the database application development process. Topics include database queries, software development life cycle, SQL, PL/SQL, PRO C, SQLJ, COBRA, and ODBC standards. Students will develop applications using these database languages.
- CTEC 332 INTERNET SCRIPTING LANGUAGES (SPRING) 3 CREDITS**
Prerequisite(s): COSC 330 or CTEC 222. This course provides concepts of shell programming, environment variables, profiling, Bourne Shell, Korn Shell, parameter passing, etc., as well as interfacing with editors such as 'ex' and 'sed'; interfacing with data processing tools such as Awk and Nawk; automation tools such as EXPECT; interfacing with windows tools; introduction to programming in Perl; and applications of scripting for fast prototyping.
- CTEC 335 NETWORK PROTOCOLS (TCP/IP) (FALL, SPRING) 3 CREDITS**
Prerequisite(s): CTEC 302. This course provides a comprehensive introduction to TCP/IP concepts and implementation on Windows Servers. Topics include IEP routing, host name resolution, IP address resolution, DHCP, WINS, NetBIOS, SNMP, and troubleshooting.
- CTEC 337 WIRELESS NETWORKING (FALL) 3 CREDITS**
Prerequisite(s): CTEC 302. This course examines the practical and theoretical aspects of today's wireless networks. Emphasis is on the installation, configuration, maintenance, troubleshooting and security of 802.11 ("wireless Ethernet") networks and study of related protocols in the context of the OSI Seven Layer Model.
- CTEC 340 MULTIMEDIA APPLICATION DEVELOPMENT (FALL) 4 CREDITS**
Prerequisite(s): COSC 214. This course is a study of the history, theory, and development of multimedia concepts and analysis of specific media. Students will be required to learn design, evaluation, and layout principles. Students will implement a multimedia project using an authoring system. Copyright issues and other ethical issues will be discussed.
- CTEC 345/ COSC 345 FOUNDATIONS OF COMPUTER AND NETWORK SECURITY (FALL) 3 CREDITS**
Prerequisite(s): CTEC 302 or COSC 485 or Consent of Instructor. This course will introduce students to the challenges and vulnerabilities in securing a computer networking system. Topics include the in-depth study of network border security, such as firewalls, intrusion detection systems, virtual private networking, penetration testing and network security architecture. This course is designed to develop the fundamental skills needed to analyze the internal and external security threats against a network, and to develop security policies that will protect an organization's information. Students will learn how to evaluate network and Internet security issues and design, and how to implement successful network security policies and strategies. In addition, they will learn how to expose system and network vulnerabilities and defend against them.
- CTEC 350/ COSC 352 PRINCIPLES AND METHODS OF INTRUSION DETECTION AND PREVENTION (FALL) 3 CREDITS**
Prerequisite(s): CTEC 302 or COSC 485 or Consent of Instructor. Concepts of intrusion detection, anomaly detection based on machine learning, signature-based detection using pattern matching, automated response to attacks using planning approaches, tracing intruders, predicting behavior of hackers to protect information and infrastructure assets, and security policy languages. Topics will also include: security standards; issues in network security including border protection (firewalls), issues in system security, including user authentication, malicious logic, such as viruses; digital privacy; potential personnel issues and concepts in security planning and auditing.
- CTEC 393 INTERNET PROGRAMMING II (SPRING) 3 CREDITS**
Prerequisite(s): CTEC 293. This course is a study of advanced programming and scripting languages. Topics covered include: advanced HTML features, Java, Perl, CGI, Intranet, database access via the Web, Web server technology security, and firewalls.
- CTEC 396 JAVA PROGRAMMING (FALL) 3 CREDITS**
Prerequisite(s): CTEC 293. This course is a study of the language Java. This course examines features of the language Java used in object oriented programming, such as inheritance and polymorphism; features involved in control, such as multi-threading: the Java event model and exceptions and features used for graphical user interface construction.
- CTEC 402/ COSC 402 SOFTWARE AND OPERATING SYSTEM SECURITY (SPRING) 3 CREDITS**
Prerequisite(s): CTEC 214 or COSC 330 or Consent of Instructor. This course will examine security principles and practices important to operating systems and programming. Topics include: OS security architecture; memory security; authentication, including account and password protection mechanisms; assessing OS vulnerabilities; programming security and attacks such as buffer overflow attacks and writing secure code; application interaction; module control; auditing host security, including operational logs; malicious logic including viruses and virus protection; and security applications.

CTEC 405 SERVER ADMINISTRATION II (SPRING) 3 CREDITS

Prerequisite(s): CTEC 305. This course provides a comprehensive introduction to Server implementation and administration in an enterprise computing environment. Topics include planning and installation, user and group management, policies and profiles, diverse client support, domain management, Internet Information Server, and troubleshooting.

CTEC 410 INTERNET TECHNOLOGY (SPRING) 3 CREDITS

Prerequisite(s): CTEC 302. This course focuses on the fundamentals of how computers communicate, what is the Internet, how the Internet works, and what the Internet can do for you. Topics include the Internet growth and adaptability, LAN Technology, Internet software, history of the Internet, global Internet and information infrastructure, packet switching, virtual networks, email, FTP, Telnet, and advanced web technologies.

CTEC 415 INTERNET APPLICATIONS I (FALL) 3 CREDITS

Prerequisite(s): CTEC 393. Concepts behind implementing a successful e-business application will be presented. The principles of control structures, object-based programming, and markup and scripting languages and their use in e-commerce applications will be studied.

CTEC 424 DATABASE ADMINISTRATION (SPRING) 3 CREDITS

Prerequisite(s): CTEC 300. This course is an in-depth examination of the tasks related to database administration. Students will design, implement, and manage their own database architecture. Emphasis will be on data distribution, security, backup/recovery, monitoring, and performance tuning.

CTEC 425 INTERNET APPLICATIONS II (SPRING) 3 CREDITS

Prerequisite(s): CTEC 415. This course emphasizes processes and technologies involved in designing, developing, implementing, and testing an e-commerce application. Concepts behind database and web site integration will be featured.

CTEC 426 EXPERT SYSTEMS (PERIODICALLY) 4 CREDITS

Prerequisite(s): COSC 113 or COSC 190. This course is an introduction to expert system architectures, logical deductions, reasoning with uncertainties, knowledge acquisition and representation, and rule based systems. A language such as LISP or PROLOG and an expert system shell such as CLIPS or OPS-5 will be used to allow students to construct some expert systems in this course.

CTEC 435 UNIX ADMINISTRATION (FALL) 3 CREDITS

Prerequisite(s): CTEC 222 or COSC 330. This course is a comprehensive introduction to the administration of a UNIX system. Topics include user management, device management, file system management, network management, booting up, shutting down, and management policies.

CTEC 440 HUMAN FACTORS (SPRING) 3 CREDITS

Prerequisite(s): CTEC 340. This course focuses on psychological, physiological, linguistics, and perceptual factors. Advantages and disadvantages of various interaction techniques will be discussed. Students will implement a project using Visual Basic.

CTEC 445/ COSC 445 FUNDAMENTALS OF CRYPTOGRAPHY AND APPLICATIONS (SPRING) 3 CREDITS

Prerequisite(s): COSC 208. This course will examine the details of how some of the typical security protection measures work. Topics include: Certificate Authorities (CA), Public Key Infrastructure, Rivest-Shamir-Adleman (RSA) architectures, Data Encryption Standard, Pretty Good Privacy, steganography, and security standards. In addition, key cryptologic terms, concepts, and principles will be defined and explained as well as authentication, access control, non-repudiation, data integrity, and confidentiality issues.

CTEC 495 SPECIAL TOPICS IN COMPUTER TECHNOLOGY (FALL, SPRING) 3 CREDITS

Prerequisite(s): Permission of Instructor. This course is a presentation of selected advanced topics in networks, databases, multimedia, or Internet applications.

DVRD: DEVELOPMENTAL READING COURSE DESCRIPTIONS

DVRE 99 ENGLISH AS A SECOND LANG 3 CREDITS

Required of all students who have been placed in the course by the University-approved English Placement test. This course is designed for students whose native language is not English and aimed at developing the student's listening, speaking, reading, and writing skills in English.

ECED: EARLY CHILDHOOD EDUCATION COURSE DESCRIPTIONS

ECED 301 THEORY & PRACTICES IN ECED 3 CREDITS

Prerequisite(s): EDUC 101, EDUC 201. This course is a study of the history and theory of early childhood education. Emphasis is placed on the skills and processes needed for the design and implementation of optimal learning environments and exploration of issues related to societal and cultural influences on young children's education, as well as significant learning theories.

ECED 303 METH TCHG LANG ARTS IN ECED 3 CREDITS

Prerequisite(s): ECED 301, Praxis 1 CREDIT and Admission to Teacher Education. This course emphasizes the interrelatedness of reading, writing, listening, and speaking and developing appropriate strategies for teaching students in the early grades. It is an exploration and evaluation of the content and materials for teaching the mechanics of writing and speech, oral and written expression, reading for pleasure and information and language enrichment. Practicum III is taken concurrently. Specialty Exam: SPED should be taken with this course.

ECED 305 METH TCHG READING IN ECED 3 CREDITS

Prerequisite(s): ECED 301, Praxis 1 CREDIT and Admission to Teacher Education. This course emphasizes the development of competencies essential for providing effective reading instruction for children. Students broaden their knowledge and understanding of the reading process, of children and their development and learning, and of the importance of literacy in a modern, technologically oriented society. Students integrate their professional knowledge and understandings with insights gained through actual experiences in schools. Required practicum will be school-based. Practicum III is taken concurrently. Specialty Exam: SPED should be taken with this course.

- ECED 306 METH TCHG SCIENCE IN ECED 2 CREDITS**
Prerequisite(s): ECED 301, Praxis 1 CREDIT and Admission to Teacher Education. This course is a study of the curriculum methods, concepts, techniques, and materials in the teaching of general science to children in the early grades. Required practicum will be school-based. Practicum III is taken concurrently. Specialty Exam: SPED should be taken with this course.
- ECED 310 METH TCHG SOC STDS IN ECED 2 CREDITS**
Prerequisite(s): EDUC 201, ECED 301, Praxis 1 CREDIT and Admission to Teacher Education. This course is a study of curriculum methods, materials, content, and organization of social studies programs. Practicum III is taken concurrently. Specialty Exam: SPED should be taken with this course.
- ECED 314 METH TCHG MATH IN ECED 3 CREDITS**
Prerequisite(s): EDUC 201, ECED 201, Praxis 1 CREDIT and Admission to Teacher Education. This course is designed to provide students with an understanding of the concepts, techniques, and materials in the teaching of mathematics to children in the early grades. Practicum III is taken concurrently. Specialty Exam: SPED should be taken with this course.
- ECED 316 PRACTICUM III - YR LONG INTERN 1 CREDIT**
Prerequisite(s): Taken concurrently with ECED 303, 305, 306, 310, 314. This course provides observation of instruction and the learning process in the early grades. Students have an opportunity to develop lesson plans, implement instruction, assess learning, and examine curriculum materials under the supervision of a master teacher. This practicum must be taken with methods courses. Practicum is completed on a Tuesdays and Thursdays for the full day. Praxis 1 CREDIT is required to apply for Student Teaching. This course is Phase 1 CREDIT of the Yearlong Internship.
- ECED 320 CREATIVE LRNG EXPS ECED 3 CREDITS**
Prerequisite(s): ECED 301; EDUC 101, EDUC 201. This course focuses content and techniques that teach students how to promote creativity in young children. Emphasis is placed on curriculum integration and teaching strategies for encouraging and guiding creative expression in art, music, dramatics, physical activities, and play. Methods of integrating creative approaches into the curriculum are examined.
- ECED 324 RHYS/GAMES/MUSC IN ECED 1 CREDIT**
- ECED 327 CHLD CARE/PARENT INVOLVE 3 CREDITS**
Prerequisite(s): EDUC 101, EDUC 201, and ECED 301. This course is an extensive examination of the rationale, goals, and techniques for developing a positive and supportive relationship with parents, family, and the community and is an exploration and evaluation of programs, methods, and materials for working with parents, auxiliary programs, services, and staff members.
- ECED 401 DIRECTED TCH SEM ECED 6 CREDITS**
Prerequisite(s): ECED 301, 305, 306, 310, 314, 316. The student participates in all of the activities of the teacher in the classroom, in the school, and in the community. Beginning with a period of observation and orientation, the students receive assignments of increasing difficulty from the master critic teacher until they are capable of assuming full responsibility for teaching. The placement for this course will be in Grades K - 3 CREDITS. The practical experience is accompanied by a regularly scheduled seminar. The student teacher follows the entire schedule of the school at which the student is placed.

ECON: ECONOMICS COURSE DESCRIPTIONS

- ECON 211 PRIN OF MACROECONOMICS (FALL, SPRING, SUMMER, MINI-SEMESTER) 3 CREDITS**
Prerequisite(s): MATH 116, 118, 125 or higher or Permission of Department.
 This course is a study of the basic macroeconomic concepts, economic institutions, and tools of analysis used in understanding the problems of inflation and unemployment, and the effects of fiscal and monetary policies on economic stability and growth. (NOTE: May be taken for honors credit.)
- ECON 212 PRIN OF MICROECONOMICS (FALL, SPRING, SUMMER, MINI-SEMESTER) 3 CREDITS**
Prerequisite(s): MATH 116, 118, 125 or higher or Permission of Department.
 This course is a study of microeconomics, explaining how the price of a product or a resource is determined under various market structures, how an economy's resources are allocated, and how factor incomes are determined. Current problems in domestic and international economics are explored. (NOTE: May be taken for honors credit.)
- ECON 311 INTERMEDIATE MACROECONOMICS (FALL) 3 CREDITS**
Prerequisite(s): ECON 211 and ECON 212. This course is an extension of macroeconomic and microeconomic theories to serve as a bond between the principles (level) and the advanced level courses. Macro and micro dimensions of economics will be taught during the first and second semesters, respectively.
- ECON 312 INTERMEDIATE MICROECONOMICS (SPRING) 3 CREDITS**
Prerequisite(s): ECON 211 and ECON 212. This course is an extension of macroeconomic and microeconomic theories to serve as a bond between the principles (elementary level) and the advanced level courses. Macro and micro dimensions of economics will be taught during the first and second semesters, respectively.
- ECON 313 ECONOMICS OF SPORTS AND ENTERTAINMENT (FALL) 3 CREDITS**
Prerequisite: ECON-211, ECON 212 or instructor's permission.
 Using the tools of microeconomics, this course is divided up into the economic analysis of sports and entertainment. They will begin with examining both professional and collegiate sports issues such as monopoly and monopony market structures, labor market issues including free agency and salary caps, and public policy issues related to stadium financing. The second part examines issues in the entertainment industry. This includes a discussion of the economics of various forms of media including movies, cable, and music. Finally, economic issues of casinos and amusement parks will be examined.
- ECON 321 MONEY, BANKING AND FINANCIAL MARKETS (FALL, SPRING, SUMMER) 3 CREDITS**
Prerequisite(s): ECON 211. This course is a study of the nature and function of money and credit, with emphasis on the roles played by depository institutions and of the structure of the financial market and the effects of regulatory agencies on the financial market and the money supply.

- ECON 331 BUSINESS AND ECONOMICS APPLICATION OF MATHEMATICS (SPRING) 3 CREDITS**
Prerequisite: ECON-211, ECON 212 or instructor's permission.
 This course is designed to introduce students to elementary calculus concepts that are directly related to business and economic theory and application. The goal is for students to learn calculus specifically to solve problems in business, management and the economic sciences. ECON-331 is specially designed for business majors and is not open to students majoring in Computer Science, CTECT, Biology, Mathematics or any Engineering programs. The course presents concepts and skills on limits and continuity; differential and integral calculus with applications from business, economics, and the social.
- ECON 341 INTERNATIONAL TRADE AND FINANCE (FALL Only) 3 CREDITS**
Prerequisite(s): ECON 211 and ECON 212 or Permission of Department. This course focuses on the theory of international trade, commercial policy and its relation to economic development. Balance of payments, international capital movements, and foreign exchange are examined against the background of current theories and policies.
- ECON 343 ECONOMICS OF EDUCATION (FALL Only) 3 CREDITS**
Prerequisite: ECON 211 and/or ECON 212.
 This course is designed to tackle the complex issues of the economics of education. The average student, in college, devotes a significant amount of time in preparing themselves for 'a better life'. By the time student graduates from college, they would have spent at least 16 years in school. The question then becomes, what is education for? Following that question is did Bowie State University increase earning potential? These are the fundamental questions this course seeks to address. After covering the basic issues, this course then explores the meaning and empirics of educational equity; the black-white achievement gap; the importance and dangers of early education; and the role of the government in providing education.
- ECON 351 BUS/ECON STAT I (FALL, SPRING, SUMMER) 3 CREDITS**
Prerequisite(s): MATH 125 and Junior Standing. This course focuses on the business and economics applications of descriptive and inferential statistics, including measures of central tendencies, dispersion, probability, regression and correlation analysis, hypothesis testing and parameter estimation.
- ECON 353 HEALTH ECONOMICS (SPRING) 3 CREDITS**
Prerequisites: ECON 211 and ECON 312.
 This course explores economic principles and its relationship to the field of health care. It will provide an introduction to the health care system in the U.S. We will discuss some of the key concepts that health economists use to analyze health care markets. Finally, we will apply these concepts to selected current issues in health policy.
- ECON 363 ECONOMICS OF DEVELOPING COUNTRIES (SPRING Only) 3 CREDITS**
Prerequisite(s): ECON 211 and ECON 212 or Permission of Department. This course is an inquiry into the nature, the causes, and the implications of the process of economic development that focuses on raising the economic well-being of nations.
- ECON 373 ENVIRONMENTAL AND RESOURCE ECONOMICS (SPRING) 3 CREDITS**
Prerequisite: ECON-211 and ECON 212 or instructor's permission: This course explores the origins of environmental problems, how to measure the value of environmental amenities, and the efficacy of specific forms of regulation, including mandated technologies, taxes, subsidies, and pollution permit trading. Topics include air and water pollution, climate change, the transition from fossil fuels to renewable energy sources, and sustainable development.
- ECON 383 ECONOMICS OF POVERTY AND INCOME DISTRIBUTION (SPRING Only) 3 CREDITS**
Prerequisite: ECON-211 and ECON 212 or instructor's permission: This course explores how economics can be used to explain and analyze the concepts, causes and effects of poverty and income inequality on various population groups. It will introduce students to the relevant economic theories of poverty and inequality and use empirical facts to define and measure poverty and inequality and assess the effectiveness of policies aimed at combating poverty and inequality in the United States and the developing world.
- ECON 400 SPECIAL TOPICS IN ECONOMICS (FALL, SPRING, SUMMER) 3 CREDITS**
To be approved by Department Chair and Instructor. This course will involve a wide spectrum of special topics in economic policy with one selected for each semester in which it is offered. Topics will cover a range of issues of concern to and debated in the society. They will be chosen based on the interests of students in the Business Administration program as a whole and Economics, in particular, and the different instructors' area of specialization. Examples of such topics include Crises in the Financial Market, The Housing Market, Global Warming, Globalization, Trade Policy, Race and Gender Discrimination, Health Care Policy, Social Security, Regulation versus Deregulation, Environmental Policy, Education Policy, Labor and Industrial Organization, among others
- ECON 412 INDUSTRIAL ORGANIZATION (FALL) 3 CREDITS**
Prerequisite: ECON-211 and ECON 312
 This is an advanced course in undergraduate Industrial Organization. Industrial Organization is essentially a branch of applied Microeconomics, which seeks to understand the causes and effects of various market structures on pricing and product choice. We focus on the behavior of firms in imperfectly competitive markets, which appear to be far more common than the perfectly competitive markets. Topics include price discrimination, oligopolistic competition, network externalities, collusion through contractual arrangements, advertising. Some introductory topic in Game Theory will be introduced
- ECON 421 URBAN ECONOMICS (SPRING Only) 3 CREDITS**
Prerequisite(s): ECON 211 and ECON 212. This course examines the economic base of urban areas and how these bases are related to employment, population, economic growth, and the economic and social structure. This course also is designed to analyze the economic

aspects of the most pressing urban problems, including housing, transportation, municipal finance, poverty, urban services, and the environment.

ECON 422 PUBLIC FINANCE AND BUDGETING (SPRING Only) 3 CREDITS

Prerequisite(s): ECON 211 and ECON 212. This course is a survey of the welfare implications of government expenditures, revenues and debt systems in view of principles of taxation and the criteria for public expenditures, with special reference to allocation, stabilization, and redistribution functions of the public sector.

ECON 423 MONETARY AND FISCAL POLICY (SPRING Only) 3 CREDITS

Prerequisite(s): ECON 321. This course is a study of the Monetarist and Keynesian Models and their applications to monetary and fiscal stabilization policies for the nation's economy.

ECON 448 MANAGERIAL ECONOMICS (FALL Only) 3 CREDITS

Prerequisite(s): ECON 211 and ECON 212. This course is a study of the economic aspects of the managerial decision making process in various market structures, with special emphasis on quantitative analysis.

ECON 483 QUANTITATIVE METHODS DM (FALL, SPRING) 3 CREDITS

Prerequisite(s): ECON 351. This course is a study of the quantitative techniques common in decision-making, with emphasis on application. Topics discussed include decision-making and decision analysis, linear programming, transportation and assignment problems, forecasting and time-series analysis, inventory concepts, and mathematical simulation.

ECON 493 ELEMENTS OF ECONOMETRICS (SPRING) 3 CREDITS

Prerequisite: ECON-211, ECON 212 and ECON 351

Introduction to Econometrics is a course that will focus on the development and application mathematical and statistical method to estimating the relationship between and testing the validity of economic theory. ECON-451 is an introductory course in Econometrics Methods. Elementary econometric models and techniques will be introduced in this course. Students are expected to acquire the skills necessary to do conduct regression analysis with real economic data. Computer programs such as SPSS, STATA, MINITAB, and Microsoft Excel will be used for running real-world problems.

ECON 498 ECON FOR ADM MGMT (For graduate students only) 3 CREDITS

EDUC: EDUCATION COURSE DESCRIPTIONS

EDUC 101 INTRO TO EDUCATION 3 CREDITS

This course provides an overview of American public education, the teaching profession, and contemporary issues that impact on public education. Students must also enroll concurrently in EDUC 102 Practicum I.

EDUC 102 PRACTICUM I 1 CREDIT

This course provides an opportunity for the student to assist with classroom activities in an early childhood, elementary or secondary setting. The practicum is completed on Tuesdays or Thursdays each week and extends for a full day. The practicum must be taken concurrently with EDUC 101.

EDUC 103 MICROCOMP IN AN EDUC SET 3 CREDITS

This course is an introduction to the use of microcomputers in the classroom. Topics will include how a computer operates, a short history of the development of the computer, the use of prepared software, an examination of existing software, and criteria for assessment of programs.

EDUC 201 HUMAN GRWTH AND DVMT 3 CREDITS

Prerequisite(s): EDUC 101. This course is a study of the biological, psychological, and social factors that influence the growth and development of the individual from conception to adulthood. Students enrolled in EDUC 201 are required to take Practicum II concurrently.

EDUC 202 PRACTICUM II 1 CREDIT

This course provides an opportunity for the student to complete a case study on an individual pupil in a public school setting. The practicum is completed on Tuesdays or Thursdays of each week and extends for a full day. The practicum must be taken concurrently with EDUC 201.

EDUC 210 EDUC OF CHILD IN CONT US 3 CREDITS

This course is a study of current educational issues and practices from a political, social, and urban view that explores contemporary problems in American education.

EDUC 218 SOC & POL ISSUES OF URB EDUC 3 CREDITS

Prerequisite(s): A course in sociology or government. This course is a study of social and political problems in urban education, particularly the relationship of education to social mobility and residential patterns; problems of desegregation; school decentralization and other forms of school governance; trends in teacher education.

EDUC 220 TEST CRITERION FOR CERTI 3 CREDITS

This course emphasizes enhancing the student's familiarity and contact with various standardized test formats and their specifications, objectives, instructions, item designs, and scoring formulas, with particular reference to the PRAXIS EXAMS. A testing fee will be assessed each student upon registration for the course. This course is a Prerequisite(s) for all other professional sequence courses. The Praxis Lab is a requirement with this course. The Praxis I is a course requirement.

EDUC 225 EDUCATION PSYCHOLOGY 3 CREDITS

EDUC 242 LITERATURE FOR CHILDREN 3 CREDITS

Prerequisite(s): EDUC 101, EDUC 201. This course is an orientation to the history, trends, values, and content of children's literature and its importance in the education of young children. Emphasis is on acquiring knowledge of a wide variety of contemporary children's books and strategies for appreciating, teaching, and evaluating.

EDUC 298 COOP 12 CREDITS

EDUC	298	EDUCATION COOP	12 CREDITS
EDUC	311	MANAGING THE DIVERSE CLSRM	3 CREDITS
<i>Prerequisite(s): EDUC 101, EDUC 201.</i> This course is an exploration of the characteristics and patterns of behavior of students within a diverse classroom. Students will develop strategies for managing an orderly and effective learning environment for students.			
EDUC	312	THE MIDDLE SCHOOL	3 CREDITS
This course explores the pre-adolescent and early adolescent and the endeavors of educational systems to meet his/her needs through the middle school. The unique nature of the eleven to fourteen age group emerging from a variety of psychological and social factors is addressed.			
EDUC	314	ASSESS FOR READING INSTR	3 CREDITS
<i>Prerequisite(s): EDUC 101, EDUC 201, EDUC 316.</i> This course is designed to provide teachers with research-validated strategies and assessment tools that can be used to enhance reading instruction and meet the needs of individual learners. Specifically, teachers will comprehend the many purposes of literary assessment and the tools and techniques required to achieve those different purposes. The dimensions of assessment to include norm-referenced instruments as well as alternative assessments will be utilized to provide an accurate and on-going depiction of the progress of readers.			
EDUC	315	PROCESSES AND ACQUISI OF RDNG	3 CREDITS
This course is designed to assist pre-service teachers in understanding the reading acquisition process. Introduction to language structures including spoken syllables, phonemes, graphemes and morphemes is included in this course. Participants will be introduced to current scientific research.			
EDUC	316	FOUNDATIONS OF EDUCATION	3 CREDITS
<i>Prerequisite(s): EDUC 101, EDUC 201.</i> The major historical, social, and philosophical concepts that undergird present educational philosophy, objectives, forms, and practices are explored in this course. Emphasis is also placed on discussion of the administration of the organization and the financing of public education laws dealing with American education and values and the teaching of values in a school setting. Admission to Teacher Education is a course requirement.			
EDUC	320	INSTRUC TECH FOR THE CLASSROOM	1 CREDIT
<i>Prerequisite(s): EDUC 201, ENGL 102, COSC 110, SPED 403.</i> This course provides strategies, resources, tools and organizational concepts for using technology to facilitate classroom learning and school administrative functions.			
EDUC	398	COOP-EDUC	6 CREDITS
EDUC	402	ASSESSMENT & MEASUREMENT	3 CREDITS
<i>Prerequisite(s): EDUC 101, EDUC 201.</i> This course is a study of the construction, validation, and use of tests for diagnosing levels of achievement and measuring educational outcomes. It is an introduction to the use, administration, and interpretation of standardized tests and performance-based assessments.			
EDUC	403	FUND OF SIGN LANG COMM	3 CREDITS
This course is designed to facilitate communication between hearing and deaf persons in the workplace, community settings, and other everyday situations and provides an overview of deafness and the deaf community and the use of sign language as a formidable tool of communication. Special attention is given to the use of a combination of traditional American signs, finger spelling, and other body dynamics that play an important role in conveying meaning. This course will not satisfy state certification special education requirements.			
EDUC	404	AD FUND OF SIGN LANG COM	3 CREDITS
This course is a continuation of the basic course, Fundamentals of Sign Language Communication. Primary focus is on increasing facility in finger spelling, receiving and sending signs. Special emphasis is placed on developing basic skills in learning the pattern of grammatical structure in the idiomatic language of signs in order to help students progress from formal sign language and finger spelling to manual communication as it is used in the deaf community. This course will not satisfy state certification special education requirements.			
EDUC	449	INDEPENDENT STUDY IN EDUCATION	3 CREDITS
This course provides individualized reading or research under the direct guidance of an instructor. A description of the program will be developed jointly by the instructor and the student and approved by the chair of the Department. Independent Study may not be used as a substitute for the general education requirements. The Department requires a cumulative average of 3 CREDITS.5 to admit a student for Independent Study.			

ELED: ELEMENTARY EDUCATION COURSE DESCRIPTIONS

ELED	301	THEORY & PRACTICE ELED	3 CREDITS
<i>Prerequisite(s): EDUC 101, 201, English Proficiency Examination, Registration for Praxis I.</i> This course is a study of the theory and teaching techniques appropriate for elementary school children. Attention is given to recent research on effective teaching; planning, implementing, and evaluating lessons; motivating and organizing for effective instruction; and techniques for meeting the needs of diverse school populations. Performance-based assessment is applied.			
ELED	303	METH TCHG LANG ARTS ELED	3 CREDITS
<i>Prerequisite(s): ELED 301 and Praxis I.</i> This course is a study of the language arts curriculum (listening, speaking, reading, and writing) and strategies for teaching the language arts. Examination of theories and philosophies related to literacy learning, as well as curriculum and classroom environments that allow children to emerge more fully into literacy will be conducted. Practicum III is taken concurrently Praxis II should be taken with this course.			
ELED	304	METH TCHG READING ELED	3 CREDITS
<i>Prerequisite(s): ELED 301, and Praxis I.</i> This course provides prospective teachers competencies and other attributes essential for delivering effective reading instruction for children in elementary schools. Students broaden their knowledge and understanding of the process of reading and the importance of literacy in a modern, technologically oriented society. Students integrate their professional knowledge through actual experiences in the schools. Practicum III is taken concurrently. Praxis II should be taken with this course.			
ELED	306	METH TCHG SCIENCE ELED	3 CREDITS
<i>Prerequisite(s): ELED 301, and Praxis I.</i> Concepts and techniques of teaching general science in the elementary school will be explored. Emphasis is placed on planning activities for the direct observation of phenomena in the classroom. Practicum III is taken concurrently. Praxis II should be taken with this course.			
ELED	310	METH TCHG SOC STDS ELED	3 CREDITS

Prerequisite(s): ELED 301, and Praxis I. This course is a study of concepts underlying the several social studies and the techniques and materials useful for understanding this content. Practicum III is taken concurrently. Praxis II should be taken with this course.

ELED 314 METH TCHG MATH ELED 3 CREDITS

Prerequisite(s): ELED 301, and Praxis I. This course explores the content and methods of teaching mathematical concepts and arithmetical skills. Practicum III is taken concurrently. Praxis II should be taken with this course.

ELED 316 YEAR LONG INTERNSHIP PHRASE I 1 CREDIT

This course will enable observation of model lessons in an elementary classroom, examination of curriculum materials, and teaching of selected lessons under the supervision of a master teacher. The practicum is completed on a Tuesday or Thursday for the full day. This practicum must be taken with methods courses. Praxis I required to apply for Student Teaching. Application is made for Student Teaching during this course.

ELED 398 COOP-ELED 6 CREDITS

ELED 401 DIR TCHG SEMINAR ELED 12 CREDITS

Prerequisite(s): ELED 301, all Methods courses Praxis II completed to apply. This is a semester-long course in which the student participates in all of the activities of the teacher in the classroom, in the school, and in the community. Beginning with a period of observation and orientation, the student receives assignments of increasing difficulty from the cooperating teacher until he/she is capable of assuming full responsibility for teaching. The semester is divided into an eight-week assignment in the intermediate and an eight-week assignment in the primary grades. The practical experience is accompanied by a regularly scheduled seminar. The student teacher follows the entire schedule of the school at which the student is placed.

ELED 410 DIAG & REMEDIAL READING 3 CREDITS

Prerequisite(s): A course in reading methods, EDUC 101, Praxis I. This course is a study of the important principles of diagnosis and remediation in reading, with appropriate emphasis on major causes of reading problems. Emphasis is placed on formal and informal procedures for diagnosing and remediating reading problems.

ENGL: ENGLISH COURSE DESCRIPTIONS

ENGL 100 INTERACTIVE ENGLISH (FALL, SPRING) 3 CREDITS

Prerequisite: Must Be Completed with a Grade of "C" or Better to Progress to ENGL 101. This course reviews basic English concepts and introduces students to college-level writing with an emphasis on basic grammar and mechanics and paragraph writing. This course also provides diverse interactive online and media rich content that engages visual and audio learners. Students will apply their learning to a variety of traditional and online writing activities.

ENGL 101 EXPOSITORY WRITING (FALL, SPRING) 3 CREDITS

Prerequisite must be completed with a grade of "C" or better to progress to ENGL 101. Expository Writing teaches the rhetorical, analytical, and comprehension skills necessary for academic success. The students are instructed to emulate the rhetorical strategies of professional writers. They use the word processor for writing and editing their essays. Throughout this course, students are given opportunities to develop oral communication skills and to continue their growth as readers and writers through exposure to interdisciplinary readings, ranging from the natural and social sciences to the humanities. (NOTE: May be taken for honors credit.)

ENGL 102 ARGUMENT AND RESEARCH (FALL, SPRING) 3 CREDITS

Prerequisite: ENGL 101 with a Final Course Grade of "C" or Higher. Argument and Research builds on the skills developed in Expository Writing (ENGL 101), focusing on analysis, synthesis and evaluation, logical thinking, the techniques of argument, writing about literature, and preparation of the documented essay. (NOTE: May be taken for honors credit.)

ENGL 210 INTRODUCTION TO ENGLISH GRAMMAR (SPRING) 3 CREDITS

This course is an introduction to the study of standard English grammar and its usage. The focus will be on lexical categories (parts of speech) with the goal of understanding how words from different lexical categories work together to form phrases, clauses, and sentences. The course will also explore how the basic English sentence can be transformed into other forms (such as questions, passive constructions, and compound and complex sentences) for rhetorical effectiveness.

ENGL 211 LITERATURES OF THE WORLD (FALL and SPRING) 3 CREDITS

Prerequisite: ENGL 101 and ENGL 102. This course introduces students to the world's major civilizations from ancient to modern. Focusing on the ethos of diverse cultures, students observe the ways a multiplicity of storytellers comment on their perception of themselves and their stories.

Students taking ENGL 211 satisfies either ENGL 338 or 339 (World Literature I or II, not both)

ENGL 212 THE AFRICAN AMERICAN LITERARY IMAGINATION (FALL) 3 CREDITS

Prerequisite: ENGL 101 and ENGL 102. This course explores how Africans in America have represented group and individual identities, aspirations and frustrations, and triumphs and defeats through the medium of writing. Focusing on selected texts from the enslavement era to contemporary literature, students will explore and analyze the trajectory of freedom, the resonance of culture, imaginations of Africa, and the politics of race.

ENGL 213 CINEMA OF AFRICA AND THE AFRICAN DIASPORA (SPRING) 3 CREDITS

Prerequisite: ENGL 101 and ENGL 102. The course will begin with the examination of the philosophical and cultural ideas represented in films of Africans in America. It will also focus on political, social, and traditional forces that shape the lives of Black people in the Caribbean, South America, and Continental Africa.

ENGL 236 INTRODUCTION TO LITERATURE (FALL) 3 CREDITS

Prerequisite: ENGL 102. English majors should take ENGL 236 as early as possible in their program of study. This course is a study of some of the major literacy genres including the short story, the novel, the autobiography, drama, poetry, and film with emphasis on intensive critical analysis. It also requires rigorous attention to the significant aspects of critical appreciation of literature with a view to having students consider literature reflectively and write about it fluently and articulately.

ENGL 250 INTRODUCTION TO FILM (Periodically) 3 CREDITS

Prerequisite: ENGL 102. This course is an introduction to the historical, technical, and aesthetic development of film as a literary genre. Topics to be studied include cinematic techniques, narrative and thematic structures, and the history and cultural significance of film from the silent screen through the latest advances in digital cinematography.

ENGL 253 STUDIES IN POPULAR CULTURE (Periodically) 3 CREDITS

Prerequisite: ENGL 102. This course will examine and analyze popular culture and its representation in different media ranging from such diverse examples as hip-hop music to sci-fi cinema. Specifically, manifestations of popular culture in literature, film, television, music, and advertising will be assessed, as will the growing role of technology in the creation and understanding of culture. In addition, this course will assess the rhetorical situation of the examined texts, and analyze those texts through the application of traditional rhetorical and literary methods.

ENGL 255 ADVANCED COMPOSITION (Periodically) 3 CREDITS

Prerequisite: ENGL 102. This course builds on the competencies developed in ENGL 101-102, stressing greater awareness of vocabulary, logic, rhetoric, and grammar. Through interdisciplinary readings, this course assists the students in communicating their ideas with simplicity and clarity.

ENGL 256 INTRODUCTION TO CREATIVE WRITING (FALL) 3 CREDITS

Prerequisite: ENGL 102. This course is an introductory experience in the writing of short stories and poetry, with attention given to techniques and forms. Students' work will be submitted for workshop criticism by the instructor and peers, but emphasis will be on published works as models.

ENGL 257 CREATIVE WRITING II: FICTION (Alternate SPRING Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 256 or Permission of Instructor. This course emphasizes the development of skills in writing in the genre of fiction, both short fiction and novel chapters. It is conducted primarily as a workshop to critique students' original work, with an emphasis on technique and for and close examination of published texts as models. Students read and respond to their peers' original creative work in terms of technique and form, with close examination of published texts as models. Voice and style will be introduced.

ENGL 258 CREATIVE WRITING II: POETRY (Alternate SPRING Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 256 or Permission of Instructor. This course emphasizes the development of skills in writing in the genre of poetry, both traditional and experimental. It is conducted primarily as a workshop to critique students' original work, with an emphasis on technique and form and close examination of published texts as models. Voice and style will be introduced.

ENGL 259 CREATIVE WRITING II: DRAMA (Alternate FALL Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 256 or Permission of Instructor. This course emphasizes the development of skills in writing in the genre of drama, both the short play and the full-length drama. It is conducted primarily as a workshop to critique students' original work, with an emphasis on technique and form and close examination of published texts as models. Voice and style will be introduced.

ENGL 260 CREATIVE WRITING II: NON-FICTION PROSE (Alternate FALL Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 256 or Permission of Instructor. This course emphasizes the development of skills in writing in the genre of non-fiction prose, more recently referred to as creative non-fiction. It is conducted as a workshop to critique students' original creative work, with an emphasis on technique and form and close examination of published texts as models. Voice and style will be introduced.

ENGL 298 COOP ENGLISH

ENGL 301 ENGLISH LITERATURE I (FALL) 3 CREDITS

Prerequisite: ENGL 102 and ENGL 236. This course is a survey of British literature and literary history from Old English through the eighteenth century. Major writers and works to be studied include *Beowulf*, Chaucer, Shakespeare, Donne, Jonson, Milton, Dryden, Pope, Swift, and Johnson.

ENGL 302 ENGLISH LITERATURE II (SPRING) 3 CREDITS

Prerequisite: ENGL 102 and ENGL 236. This course is a survey of British and Commonwealth literature and literary history from the Romantic period to the present. Major writers to be studied include Blake, Wordsworth, Coleridge, Byron, the Shelleys, Keats, Tennyson, the Brownings, Arnold, Yeats, Woolf, Joyce, T. S. Eliot, and Achebe.

ENGL 303 SPECIAL TOPICS IN BRITISH LITERATURE (Periodically) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is a study of British literature focusing upon special topics beyond the traditional categories of period and genre. Possible topics may include, but are not limited to, the following: medieval romance; the picaresque novel; gothic literature; literature, obscenity, and the law; fairy tales and fantasy literature; utopian literature; post-colonial literature; and literature and the other arts.

ENGL 316 AMERICAN LITERATURE I (FALL) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is a study of American writers and writings from colonial times to the mid-nineteenth century. Selected works will be examined in historical context and in their relationship to the political, social, and intellectual milieu in which they were produced.

ENGL 317 AMERICAN LITERATURE II (SPRING) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is a study of American writers and writings, from the rise of Realism to the present. This course includes considerations of the development of the American writer as reflected in American literature and the study of literary trends within the specified period.

ENGL 318 AMERICAN FICTION SINCE 1945 (Periodically) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is an examination of the leading novelists and the major trends in American fiction since World War II.

ENGL 319 SPECIAL TOPICS IN AMERICAN LITERATURE (Periodically) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is a study of American literature focusing upon special topics beyond the traditional categories of period and genre. Possible topics may include, but are not limited to, the following: Native American literature; Asian American literature; Chicano/a American literature; travel literature; Cold War literature; American autobiography; literature of specific geographic locations such as Washington, D.C., New York, or the Pacific Rim; and literature and the other arts.

ENGL 324 AFRICAN AMERICAN LITERATURE I TO 1926 (FALL) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course traces the development of the African American literary tradition from the end of the eighteenth century to the midst of the Harlem Renaissance in 1926. It will cover a variety of genres, including slave narratives, poetry, personal correspondence, essays, short stories, autobiographies, and novels. It will examine many literary conventions and innovations, including tropes such as the talking book and the tragic mulatto, and techniques such as written vernacular and jazz poetry.

ENGL 325 AFRICAN AMERICAN LITERATURE II, 1926 TO THE PRESENT (SPRING) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course traces the development of the African American literary tradition from the Harlem Renaissance to the present. It will examine the ways that modern and contemporary African American writers have explored political, social,

and aesthetic issues in a variety of genres: essays, poetry, fictionalized autobiography, novels, plays, etc. Among the many topics we will consider are: the “New Negro,” migration from the rural south to the urban north and west, the emergence of the Black Arts Movement, and the current “renaissance” in African American arts and letters.

ENGL 326 LITERATURE OF THE CARIBBEAN (Alternate FALL Semesters) 3 CREDITS

Prerequisite: ENGL 102 and ENGL 236. This course is an introductory survey of Caribbean literature from the beginning of the twentieth century to the present. It focuses on novels, short stories, poetry drama, and essays. Consideration is given to the developing Caribbean national consciousness and an emerging post-colonial posture as reflected in the literature of the Caribbean

ENGL 327 AFRICAN LITERARY EXPRESSION (Alternate FALL Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is a survey of selected poetry, short fiction, and novels of contemporary writers of West Africa and East Africa. Consideration also will be given to the oral and narrative traditions in Africa and their contributions to modern African literature.

ENGL 329 THE AFRICAN AMERICAN SHORT STORY (Alternate SPRING Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course provides an in-depth exploration of selected major African American short Story writers, such as Chesnutt, Hughes, Baldwin, Wright, Kelley, Petry, Bontemps, etc.

ENGL 330 AFRICAN AMERICAN POETRY AND POETICS (Periodically) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course provides an in-depth exploration of selected African American poets and their impact on American culture. Poets studied might include Phyllis Wheatley, Claude McKay, Langston Hughes, Gwendolyn Brooks, and Amiri Baraka. The course also seeks to enlarge and complicate our sense of African American and African diasporic poetics by looking at poets who rarely show up in the literature curriculum including Melvin B. Tolson, Bob Kaufman, Stephen Jonas, Kamau Brathwaite, Harryette Mullen, and Tracie Morris.

ENGL 331 THE AFRICAN AMERICAN VERNACULAR TRADITION (Periodically) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course is a study of the African American Vernacular Tradition from the period of enslavement to the present. Possible topics may include, but are not limited to, the following: spirituals, ballads, tales, speeches, sermons, work songs, blues, jazz, spoken word and rap songs. This course will also examine the ways in which the vernacular tradition informs the African American literary canon, including writing by Sterling Brown, Langston Hughes, Zora Neale Hurston, Etheridge Knight, Amiri Baraka, and Paule Marshall.

ENGL 337 LITERATURE FOR ADOLESCENTS (SPRING) 3 CREDITS

Prerequisites: ENGL 102, ENGL 236, EDUC 101, and passing scores on PRAXIS I and English Proficiency Examination. This course emphasizes readings in major genres, current and classic; determines reading levels for appropriate selection of classroom literature; explores interests and needs of adolescents; identifies sources of literary material for adolescents; and emphasizes techniques for and improving skills in the reading of various types of prose and poetry.

ENGL 340 MODERN DRAMA (Alternate SPRING Semesters) 3 CREDITS

Prerequisites: ENGL 102 and ENGL 236. This course considers trends in the theatre through analysis of representative plays by playwrights from Ibsen to the present. Analyses of developments in society and in the theatre as shaping forces in drama are conducted.

ENGL 345 INTRODUCTION TO GENERAL LINGUISTICS I (FALL) 3 CREDITS

Prerequisite: ENGL 102. This course is an introduction to trends in contemporary linguistic theory, language acquisition, and dialects, with special emphasis on phonetics, phonology, morphology, syntax, and semantics.

ENGL 346 INTRODUCTION TO GENERAL LINGUISTICS II (Alternate SPRING Semesters) 3 CREDITS

Prerequisite: ENGL 345. This course focuses on the most important syntactic rules of English and how these rules interact in the formation of individual sentences. Close attention will be given to analyzing English sentences.

ENGL 353 SPECIAL TOPICS IN WOMEN'S STUDIES (Periodically) 3 CREDITS

Prerequisite(s): ENGL 102 and ENGL 236. This is a study of literature written by and about women, focusing upon special topics beyond the traditional categories of period and genre. Possible topics may include, but are not limited to, the following: contemporary women writers; women in post-slavery and post-colonial environments; images of women in Renaissance Literature; images of women in Victorian writing by women and men; and the literary representation of mothers and daughters in twentieth-century fiction.

ENGL 357 CREATIVE WRITING III: FICTION (Alternate FALL Semesters) 3 CREDITS

Prerequisites: ENGL 102 and Junior Status, with at Least One Course in the ENGL 257-260 Series or Permission of Creative Writing Instructor. This course provides advanced practice in the techniques of writing fiction. It is conducted primarily as a workshop to critique students' original creative work, emphasizing the relationship between content (including technique and form) and style and published work as models.

ENGL 358 CREATIVE WRITING III: POETRY (Alternate FALL Semesters) 3 CREDITS

Prerequisites: ENGL 102 and Junior Status, with at Least One Course in the ENGL 257-260 Series or Permission of Creative Writing Instructor. This course provides advanced practice in the techniques of writing poetry. It is conducted primarily as a workshop to critique students' original creative work, emphasizing the relationship between content (including technique and form) and style, with close reading of published work as models.

ENGL 359 CREATIVE WRITING III: DRAMA (Alternate SPRING Semesters) 3 CREDITS

Prerequisites: ENGL 102 and Junior Status, with at Least One Course in the ENGL 257-260 Series or Permission of Creative Writing Instructor. This course provides advanced practice in the techniques of writing drama. It is conducted primarily as a workshop to critique students' original creative work, emphasizing the relationship between content (including technique and form) and style, with close reading of published work as models.

ENGL 360 CREATIVE WRITING III: NON-FICTION (Alternate SPRING Semesters) 3 CREDITS

Prerequisites: ENGL 102 and Junior Status, with at Least One Course in the ENGL 257-260 Series or Permission of Creative Writing Instructor. This course provides advanced practice in the techniques of writing non-fiction prose, most recently referred to as “creative non-fiction.” It is conducted primarily as a workshop to critique students' original creative work, emphasizing the relationship between content (including technique and form) and style, with close reading of published work as models.

ENGL 361 TECHNICAL WRITING (FALL, SPRING) 3 CREDITS

Prerequisite: Completion of ENGL 102. This course is a study of the particular requirements of technical and report writing, coupled with review and refinement of basic grammar and composition skills, designed to prepare students for career-related assignments. The course requires extensive work with computers, which includes word processing, graphics, and working on the Internet.

- ENGL 362 TECHNICAL WRITING FOR COMPUTER SCIENCE (FALL, SPRING) 3 CREDITS**
Prerequisite(s): Completion of ENGL 361 or Recommendation by the Computer Science Department. This course covers topics for writing technical documents in the field of computer science. Topics include using documentation, proofreading, editing, designing, and writing proposals, short reports, and other business communication. This course requires extensive work with computers.
- ENGL 370 SPECIAL TOPICS IN CARIBBEAN LITERATURE (Periodically) 3 CREDITS**
Prerequisite(s): ENGL 102 and ENGL 236. Possible topics for consideration in this course may include, but are not limited to, the following: literary interpretations of calypso and reggae music; Caribbean 'yard' literature; Caribbean autobiographical literature; Caribbean folk literature; Negritude writers of the Caribbean; the literature of Caribbean women writers; and the literature of colonization.
- ENGL 401 HISTORY OF THE ENGLISH NOVEL (Periodically) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course is a study of the history of the novel written in English from the realist and picaresque traditions of eighteenth-century novelists such as Defoe, Richardson, Fielding, and Smollett; through nineteenth-century prose stylistics such as Austen, the Brontës, Dickens, George Eliot, Hardy, and Conrad, and on through the stream-of-consciousness works of Woolf and Joyce and the post-colonial novels of Achebe, Ngugi Wa-Thiong'o Jean Rhys, and Salman Rushdie.
- ENGL 402 THE BRITISH ROMANTIC PERIOD (Alternate SPRING Semesters) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course is an intensive study in British Romanticism, focusing on the literary, historical, and cultural situation from ca. 1785-1830. Writers to be examined include Blake, Wordsworth, Coleridge, Byron, the Shelleys, and Keats; Hazlitt, De Quincey, Lamb, and Leigh Hunt; and Wollstonecraft, Barbauld, Charlotte Smith, Mary Robinson, Baillie, and Hemans.
- ENGL 403 THE VICTORIAN PERIOD (Alternate FALL Semesters) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course is an intensive study of the writers and culture of Victorian England. Writers to be studied may include Tennyson, the Brownings, the Brontës, Arnold, Wilde, and Conrad; and themes and topics may include aestheticism, industrialization and urbanization, gender and the "Woman Question," evolution, and imperialism and colonization.
- ENGL 404 ENGLISH PROSE AND POETRY OF THE SIXTEENTH CENTURY (Periodically) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This is a course in the literature of Great Britain from the late fifteenth century through the early seventeenth century covering writers such as Skelton, More, Wyatt, Tyndale, Elizabeth I, Spenser, Raleigh, Sidney, Marlowe, and Shakespeare. Topics may include the development of the sonnet, the Bible in English translation, exploration and travel writings, the pastoral, women in power, and revenge tragedy.
- ENGL 405 ENGLISH LITERATURE OF THE SEVENTEENTH CENTURY (Alternate SPRING Semesters) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course examines literary production in Great Britain from the early seventeenth century until the Restoration. Readings in Donne, Jonson, and Milton will be augmented with works by other poets such as Herbert, Marvell, Wroth, Vaughan, Crashaw, Herrick, and Philips, and prose writers such as Sir Francis Bacon and Hobbes. The literary production of the age will be considered in relation to other cultural determinants such as religion, gender and identity, education, the emergence of the media, and politics.
- ENGL 406 ENGLISH LITERATURE OF THE RESTORATION AND EIGHTEENTH CENTURY (Periodically) 3 CREDITS**
Prerequisites: Prerequisites: ENGL 102. This course covers the "long eighteenth century," from the Restoration until ca. 1785. Dryden, Aphra Behn, Congreve, Defoe, Swift, Pope, Addison and Steele, Lady Montagu, Samuel Johnson, Olaudah Equiano, Thomson, Gray, and Collins will be studied as representative authors. Topics will address cultural issues of the enlightenment, including the rise of periodicals, depictions of the culturally "other," diaries, science, realism and the rise of the novel, women writers, slavery, political liberty, and the ballad and other popular forms of writing.
- ENGL 407 SHAKESPEARE'S COMEDIES AND HISTORIES (Periodically) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course examines Shakespeare's early comedies and histories, including some attention to Shakespeare's historical sources and his use of dramatic technique, imagery, and language.
- ENGL 408 SHAKESPEARE'S PROBLEM PLAYS, TRAGEDIES, AND ROMANCES (FALL) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course examines some of Shakespeare's problem plays, tragedies, and romances and Elizabethan literary, social, and theatrical traditions. Consideration also will be given to Shakespeare's development as a dramatist and his use of dramatic technique, imagery, and language, particularly as they affect modern interpretation and stage production.
- ENGL 409 CHAUCER (Periodically) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course is a study of Chaucer's main texts in relation to fourteenth century literature and society.
- ENGL 416 20TH CENTURY AMERICAN LITERATURE (Periodically) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course is an in-depth exploration of the developments in American poetry, prose, and drama from 1900 to the present. Focus is on old trends, such as realism, naturalism, and existentialism, and on current trends.
- ENGL 417 CONTEMPORARY AMERICAN LITERATURE (SPRING) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course provides an analysis of the major trends in current literature—poetry, fiction, drama—with special emphasis on works written during the past decade, the Jewish and African American schools of fiction, the absurd drama, and experimental poetry.
- ENGL 418 MAJOR AMERICAN WRITERS ((Periodically) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course provides an intensive study of major American writers, from Poe to the present. This course will focus on no more than six authors in any given semester to permit analysis of background, characteristic themes, style, and critical response.
- ENGL 424 NEO-SLAVE NARRATIVES (SPRING) 3 CREDITS**
Prerequisites: ENGL 324 or ENGL 325. This course studies fictionalized and poetic treatment of the traditional slave narrative as rendered by contemporary African American writers such as Toni Morrison, Ishmael Reed, Octavia Butler, Charles Johnson, Edward P. Jones, Robert Hayden, Margaret Walker, Ernest Gaines and Lalita Tademy.
- ENGL 425 SEMINAR IN AFRICAN AMERICAN LITERATURE (Alternate SPRING Semesters) 3 CREDITS**
Prerequisites: ENGL 102 and ENGL 236. This course is an examination of novels and collections of short fiction by major contemporary African American novelists, such as Toni Morrison, Gloria Naylor, Ernest Gaines, etc.

- ENGL 436 MODERN EUROPEAN NOVEL (Alternate FALL Semesters) 3 CREDITS**
Prerequisites: Prerequisites: ENGL 102 and ENGL 236. This course is a study of major developments in the novel within the aesthetic and cultural milieu of European modernism. Major writers to be studied include Dostoevsky, Tolstoy, Kafka, Gide, Mann, Sartre, de Beauvoir, Camus, Unamuno, Woolf, Joyce, Lawrence, and Orwell. Topics may include narratology, the stream-of-consciousness novel, existentialism, technology and modernization, politics and the novel.
- ENGL 437 HISTORY OF LITERARY CRITICISM AND THEORY (SPRING) 3 CREDITS**
Prerequisite: Senior Standing and Permission of Chair. This course is a historical survey of literary criticism and theory since Plato culminating in an overview of contemporary theories, including psychoanalytic, Marxist, reader-response, feminist, deconstruction, New Historicist, race, and post-colonial theories and cultural criticism.
- ENGL 438 SEMINAR FOR MAJORS AND MINORS (SPRING) 3 CREDITS**
Prerequisite: Permission of Chair. This course is an intensive review across the genres of the English literary canon from its Celtic and Anglo-Saxon beginnings through the post-modern period. The course will also review American and African American literature. The course is designed to prepare majors and minors for graduate study and for professional careers. Of importance will be a senior comprehensive examination and a major research paper to be presented by each student at the senior symposium.
- ENGL 445 ADVANCED GRAMMAR (SPRING) 3 CREDITS**
Prerequisite: ENGL 102. This course is a practical focus on language form and usage. It is an intensive study of American English grammar, drawing upon contributions from traditional language scholarship and from more recent communicative approaches to grammar study.
- ENGL 446 HISTORY OF THE ENGLISH LANGUAGE (Alternate FALL Semesters) 3 CREDITS**
Prerequisite: Junior or Senior Standing. This course is a study of the origin and development of the English language. Some attention is given to the development of the English vocabulary, semantics, and social, regional and functional varieties of English usage.
- ENGL 455 ADVANCED CREATIVE WRITING I (FALL Every Three Years) 3 CREDITS**
Prerequisites: Two courses from ENGL 367, ENGL 358, ENGL 359, and ENGL 360, or permission of the Instructor. This course allows the more advanced student the opportunity to develop greater skills in writing fiction, poetry, plays, or nonfiction prose. It is conducted primarily as a workshop. Advanced Creative Writing I provides extensive analyses of students' works in progress.
- ENGL 456 ADVANCED CREATIVE WRITING II (SPRING Every Three Years) 3 CREDITS**
Prerequisites: Five Creative Writing Courses with a "C" or higher, or Permission of the Instructor. This course is an independent study in creative writing designed for the serious student writer who will work closely with a faculty member to produce a novella, a group of short stories, a collection of poetry, a play, or a significant work of creative nonfiction.
- ENGL 466 TECHNICAL EDITING (Periodically) 3 CREDITS**
Prerequisites: Working knowledge of at least one word processing system, ENGL 101 and 102, and ENGL 361 or Permission of Instructor. This course is an intensive study of and practicum for editing and designing complex documents such as technical manuals, proposals, and research reports. The course will provide students with the skills necessary for editing these documents as it applies to invention, arrangement, style, and delivery. Students will examine strategies for document management and explore the theoretical justifications for making editing decisions.
- ENGL 470 METHODS OF TEACHING ENGLISH (FALL only) 3 CREDITS**
Prerequisite: Permission of Chair Based on PRAXIS results. This course is a study of the objectives, methods, and materials in teaching English in the secondary school. Should be taken the first semester of the senior year with SCED 305 Practicum III.
- ENGL 498 TEACHING A SECOND LANGUAGE (Periodically) 3 CREDITS**
Prerequisite: Permission of Instructor. This course is a study of the new techniques and procedures for teaching a second language. Problems of teaching the language and the culture, traditional methods, audio-oral, and cognitive approaches will be discussed.

FINA: FINANCE COURSE DESCRIPTIONS

- FINA 222 PERSONAL FINANCE (SPRING Only) 3 CREDITS**
 This course focuses on the development and management of family income and the critical analysis of the potential benefits and associated cost of a particular financial decision. This course also emphasizes both short- and long-term financial goals. Issues to be examined include, but are not limited to, the development of a personal budget, efficient use of financial institutions and credits, strategy for financing both consumer expenditures and consumer durables, and, finally, building a financial future in terms of an efficient financial investment portfolio.
- FINA 320 PRINCIPLES OF FINANCE (FALL, SPRING) 3 CREDITS**
Prerequisite(s): ACCT 212, ECON 211, ECON 212. This course is an introduction to the principles, concepts, and techniques of business finance. This course focuses on the fundamentals of financial analysis, management of current assets, capital budgeting, capital structure, and external financing.
- FINA 323 SMALL BUSINESS FINANCE (FALL Only) 3 CREDITS**
Prerequisite(s): FINA 320. This course examines the financial management requirements facing small and entrepreneurial firms. Topics related to financial analysis, financial planning and strategy, obtaining and deploying funds, and selected issues of concern to small business owners/managers and entrepreneurs will be discussed.
- FINA 421 CORP FINANCE (SPRING Only) 3 CREDITS**
Prerequisite(s): FINA 320. This course examines the roles and functions of the financial manager. This course develops financial policies, skills, and techniques as they apply to financial problem-solving. This course will be supplemented by extensive readings and application of skills and techniques to selected problem situations faced by financial officers.
- FINA 422 INVESTMENTS (SPRING Only) 3 CREDITS**
Prerequisite(s): FINA 320. This course is a study of the principles and techniques used in the analysis, selection, and management of securities investments. This course examines the relationship between risk and return, factors influencing securities valuation, and the development of appropriate investment objectives.
- FINA 424 COMMERCIAL BANKING (FALL Only) 3 CREDITS**

Prerequisite(s): FINA 320 and ECON 321. This course analyzes the problems and policies concerning structure, organization and management, deposits, cash and liquidity management, lending, investing, trust services, international banking, and capital structure of commercial banks.

FREN: FRENCH COURSE DESCRIPTIONS

FREN 101 FIRST-YEAR FRENCH I (FALL, SPRING) 3 CREDITS

Designed for beginners, this classroom/laboratory course provides an introduction to the basic language skills (comprehension, speaking, reading, and writing), with emphasis on audio-lingual and writing skills. Laboratory work required.

FREN 102 FIRST-YEAR FRENCH II (FALL, SPRING) 3 CREDITS

Prerequisite: FREN 101. This course is a continuation of FREN 101, with additional drill in the Language Laboratory and increasing attention in class to the relationship between speaking and writing. Laboratory work required.

FREN 201 SECOND -YEAR FRENCH I (FALL) 3 CREDITS

Prerequisite: FREN 102. This course provides continued development of skills in listening, speaking, reading and writing, with oral discussion and continued presentation of grammar and syntax. Laboratory work required.

FREN 202 SECOND-YEAR FRENCH II (SPRING) 3 CREDITS

Prerequisite: FREN 201. This course focuses on intensive reading of texts dealing with literature and culture, with emphasis on speaking and writing along with vocabulary expansion. Laboratory work required.

FREN 279 STUDIES ABROAD: STUDIES IN FRANCOPHONE LITERATURES, LANGUAGES AND CULTURE 3 CREDITS

The first level of French study abroad designed to develop the practical application of the five basic language skills: speaking, listening, reading, and writing, with emphasis on Francophone culture. This course includes readings on Francophone culture, including the African and Caribbean contributions.

FREN 301 FRENCH CONVERSATION (Periodically) 3 CREDITS

Prerequisite: FREN 202. This course is designed to develop aural-oral proficiency in French through a variety of classroom and laboratory learning experiences.

FREN 302 FRENCH CONVERSATION (Periodically) 3 CREDITS

Prerequisite: FREN 301. This course is a continuation of FREN 301. Emphasis is placed on the development of aural/oral proficiency through discussion of contemporary events.

FREN 303 INTRODUCTION TO FRENCH LITERATURE (Periodically) 3 CREDITS

Prerequisite: FREN 302. This course focuses on French literature from the Middle Ages to 1800. This course consists of reading and analysis of representative texts of the major authors.

FREN 304 INTRODUCTION TO FRENCH LITERATURE (Periodically) 3 CREDITS

Prerequisite: FREN 303. This course is a continuation of FREN 303 and presents French Literature from 1800 to the present.

FREN 305 FRENCH PHONETICS (Periodically) 3 CREDITS

Prerequisite: FREN 302. This course is an intensive study of French pronunciation and diction. Practice in discriminating French phonemes and allophones and in transcribing in phonetic symbols is provided. Recitation of poems and rhythmic prose.

FREN 322 FRANCOPHONE AFRICAN AND CARIBBEAN WOMEN WRITERS (Periodically) 3 CREDITS

Prerequisites: French 201 and 202. This course is a study of the literature and cultural traditions of the French-speaking world outside of France, including Sub-Saharan Africa and the Caribbean. The study will focus on the following genres of postcolonial Francophone literature written by women: novels, short stories, legends, poetry, and drama.

FREN 326 FRANCOPHONE CULTURES AND LITERATURES (Periodically) 3 CREDITS

Prerequisite: FREN 302. This course is a comprehensive study of the origin and development of the cultures of the French-speaking world, including Louisiana, Haiti, Martinique, Guadeloupe, Quebec, Senegal, and the Bight of Benin. The study includes the literatures of these and other French-speaking areas.

FREN 327 FRENCH CULTURE AND CIVILIZATION (Periodically) 3 CREDITS

Prerequisite: FREN 302. This course is a comprehensive study of the origin and development of France and her place in history, with emphasis on her social, economic, intellectual, artistic, and cultural contributions.

FREN 340 FRENCH FOR BUSINESS (Periodically) 3 CREDITS

Prerequisite: French 202 or Equivalent. This course is designed to prepare business professionals to communicate effectively with French-speaking people and to enable students to embark on a career in international business by introducing them to the conventions and vocabulary of French-speaking business enterprises. This course prepares students for the certification of the Paris Chamber of Commerce.

FRSE 101 FRESHMAN SEMINAR 3 CREDITS

Freshman Seminar is designed to assist students' pursuit of academic excellence and their successful social and academic transition into Bowie State University. It consists of exploring Bowie State's history and, through engaging experiential and cultural activities, developing critical thinking skills for firm foundations that lead to higher education success. This course is required of all new students and transfer students with fewer than 12 CREDITS transferable semester hours.

GEOG: GEOGRAPHY COURSE DESCRIPTIONS

GEOG 101 ELEMENTS OF GEOGRAPHY (FALL, SPRING, SUMMER) 3 CREDITS

This course is an introductory course which provides a description of what exists at the surface of the earth and an explanation of how and why physical processes have acted to produce these varying phenomena. In addition, the four organizing traditions that have emerged through the long history of geographical thought (earth-science, culture-environment, location, and area analysis) will be considered. The map and computer are used as analytical tools.

GEOG 102 ELEMENTS OF GEOGRAPHY (SPRING ONLY) 3 CREDITS

This course is a continuation of Geography I. Emphasis is placed on location and area analysis in terms of human occupancy of the earth and the uniformity and differences that are recognized spatially on the earth's surface.

GEOG 110	INTERNATIONAL GEOGRAPHY (SPRING ONLY)	3 CREDITS
This course is a study of both the human elements and the physical elements within specific areas. Emphasis is placed on understanding of the realities of contrasts in wealth and poverty among nations.		
GEOG 211	ECONOMIC GEOGRAPHY (OFFERED EVERY TWO YEARS)	3 CREDITS
This course is a consideration of people's systems of livelihood, the distribution of these activities, explanations for the distributions, and the utilization of cultural and natural resources for economic gain.		
GEOG 215	POLITICAL GEOGRAPHY (OFFERED EVERY TWO YEARS)	3 CREDITS
This course is an introduction to the basic concepts of Political Geography and, specifically, how geography/location affects the struggle for power at the national and international levels.		
GEOG 220	GEOGRAPHY OF AFRICA (EVERY TWO YEARS)	2 CREDITS
This course is a general regional survey course which focuses on individual countries, with emphasis on political and sociological issues and the presentation of contemporary development prospects within a broad geographic framework.		
GEOG 300	ENVIRONMENTAL MANAGEMENT (EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): GEOG 101, GEOG 102, or Permission of Instructor.</i> This course is a discussion of selected problems that affect the natural environment--maintenance of renewable resources; conservation of non-renewable resources; reducing the effects of natural disasters; alleviating chronic damage; abating pollution by man; and coping with natural pollution.		
GEOG 496	INDEPENDENT STUDY GEOGRAPHY	3 CREDITS
<i>Prerequisite(s): 9 Hours of Geography or Permission of Instructor.</i> This course is an individualized course of independent study designed to allow the advanced student of geography to pursue a specialized topic or research project under supervision. An adequately documented report of publication quality will terminate the study.		

GOVT: GOVERNMENT COURSE DESCRIPTIONS

GOVT 130	INTRODUCTION TO POLITICAL SCIENCE (FALL, SPRING)	3 CREDITS
This course is an introduction to the basic concepts, theories, and perennial issues of the discipline. (This course is waived for students who transfer into the University with nine or more semester hours in the discipline.)		
GOVT 140	INTRODUCTION TO COMPARATIVE POLITICS (SPRING EVERY TWO YEARS)	3 CREDITS
This course is an introduction to the comparative study of how different polities approach problems of government and governing. The focus will be on comparing and contrasting developed and developing societies.		
GOVT 145	SCOPE AND METHODS OF SOCIAL SCIENCE (FALL ONLY)	3 CREDITS
This course is designed to provide students with an understanding of the basic concepts, principles, and research methods employed in social science.		
GOVT 150	INTRODUCTION TO PUBLIC POLICY (FALL ONLY)	3 CREDITS
This course is an introduction to the study of public policy and the models political scientists use to describe and explain political life.		
GOVT 215	POLITICAL GEOGRAPHY (SPRING EVERY TWO YEARS)	3 CREDITS
This course is an introduction to the basic concepts of political geography and, specifically, how geography/location affects the struggle for power at the national and international levels.		
GOVT 231	US NATIONAL GOVERNMENT (FALL ONLY)	3 CREDITS
This course is a study of both the structure of the national government and the process of power and influence in the political system.		
GOVT 232	US STATE AND LOCAL GOVERNMENT (SPRING ONLY)	3 CREDITS
This course is an examination of the constitutional basis, organization, and functions of state and local governments, including their political processes and intergovernmental relations.		
GOVT 235	LEGAL RIGHTS AND REMEDIES (FALL, SPRING)	3 CREDITS
This course explores the broad legal rights and responsibilities of individuals and raises questions about the nature of remedy as a judicial concept in the United States.		
GOVT 240	BLACK POLITICS IN THE UNITED STATES (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): GOVT 130 or Permission of Instructor.</i> This course provides an overview of Black leadership, as well as a comprehensive analysis of the socio-economic factors that shape Black politics in the United States.		
GOVT 250	GOVERNMENT AND POLITICS OF AFRICA (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): GOVT 130 or Permission of Instructor.</i> This course is a study of the government and politics of selected nations of Africa. Though emphasis will be placed on sub-Saharan Africa, the dominant themes will include pre- and post-colonial economic and political organization, political participation and ideologies, and nationalism.		
GOVT 251	AFRICA IN WORLD POLITICS (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): GOVT 130 or Permission of Instructor.</i> This course is an analysis of Africa's international relations, with a particular focus on interactions with Europe, Asia, and the United States in the post-Cold War years.		
GOVT 283	URBAN POLITICS AND POLICY ANALYSIS (FALL, SPRING)	3 CREDITS
This course is an analysis of the politics and governments of urban areas with a focus on how those governments generate and allocate resources in an attempt to cope with human problems in their polities.		
GOVT 300	WOMEN AND POLITICS	3 CREDITS
This course is an exploration of historical and contemporary women's political issues and the ways in which women have sought to address those issues within the political arena. The course examines different theoretical and methodological frameworks used to explain women's socio-political status, their issues, as well as their mobilization and empowerment through the political process.		
GOVT 301	INTERNATIONAL ORGANIZATIONS (SPRING ONLY)	3 CREDITS

Prerequisite(s): GOVT 242. This course is a study of those global institutions that keep order in an otherwise anarchic community of nations. The functions and operation of the United Nations and its subsidiary bodies are given great significance.

GOVT 315 EARLY POLITICAL PHILOSOPHY(FALL ONLY) 3 CREDITS

Prerequisite(s): GOVT 130 and Permission of Instructor. This course is a study of classical political philosophy from antiquity to the eighteenth century, with emphasis on ideas of justice, equality, freedom, government, and governing in the human polity.

GOVT 316 MODERN POLITICAL PHILOSOPHY (SPRING ONLY) 3 CREDITS

Prerequisite(s): GOVT 315 and Permission of Instructor. This course provides directed reading of the recurring and dominant themes in political thought, with stress on modern political ideologies, feminism, exploitation, and leadership.

GOVT 317 US CONSTITUTIONAL LAW AND HISTORY I (FALL ONLY) 3 CREDITS

Prerequisite(s): Junior Standing. This course is an examination of selected US Supreme Court decisions to discover the general principles of the US constitutional system. Special reference will be made to the role of the judiciary with topics such as judicial review, federalism, separation of powers, and the development and exercise of national powers.

GOVT 318 US CONSTITUTIONAL LAW AND HISTORY II (SPRING ONLY) 3 CREDITS

Prerequisite(s): GOVT 317. This course is a study of the development of political and civil liberties in contemporary American society, including first amendment freedoms of speech, press, association, and religion; aspects of the right to privacy; administration of criminal justice; and the fifth and fourteenth amendments' prohibitions of race and sex discrimination.

GOVT 319 LAW AND POLITICS (FALL Every Two Years) 3 CREDITS

Prerequisite(s): GOVT 317, GOVT 318, or Permission of Instructor. This course is an examination of the relationship between law and the political order, with a focus on the use of the legal procedure for political ends in different countries.

GOVT 320 INTERNATIONAL LAW (FALL ONLY) 3 CREDITS

Prerequisite(s): GOVT 242. This course is a study of the development, sources, and role of law in the community of nations, with an emphasis on the interplay of international politics and law among nations.

GOVT 321 GOVERNMENT AND POLITICS OF WESTERN EUROPE 3 CREDITS

Prerequisite(s): GOVT 130, GOVT 140 or Permission of Instructor. This course focuses on the government and politics of Western Europe since WW II. Emphasis will be on a comparative analysis of types of governments, political ideologies, leadership, and common concerns.

GOVT 325 GOVERNMENT AND POLITICS OF EASTERN EUROPE 3 CREDITS

Prerequisite(s): GOVT 130, GOVT 140, or Permission of Instructor. This course is a comparative study of the government and politics of Eastern European states since 1917. Though the Russian Republic will be a primary focus, its relations with other states in the region will be examined, particularly since the collapse of communism.

GOVT 327 GOVERNMENT AND POLITICS OF THE MIDDLE EAST 3 CREDITS

Prerequisite(s): GOVT 130, GOVT 140, or Permission of Instructor. This course is a comparative study of the major governments and political issues in selected Middle Eastern states. Emphasis will be on the region's peoples, political conflicts, and leadership patterns.

GOVT 330 THEORIES OF COMPARATIVE POLITICS 3 CREDITS

Prerequisite(s): GOVT 130 and GOVT 140. This course is a study of the major approaches to the field of comparative politics. Specifically, it will be an analysis of the major political issues in a comparative perspective through a review of the major schools of thought and concepts of political change, evolution, or revolution.

GOVT 338 US FOREIGN POLICY (SPRING EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): GOVT 242 or Permission of Instructor. This course is an analysis of the individuals, institutions, and factors that have affected the conduct of US foreign policy since the founding of the Republic. The focus will be on historical trends and future issues of concern.

GOVT 342 INTERNATIONAL RELATIONS (FALL ONLY) 3 CREDITS

Prerequisite(s): GOVT 130 and GOVT 140. This course is an examination of the concepts and themes of international politics as well as the basic factors that motivate and guide interactions in international society.

GOVT 348 US LEGISLATIVE PROCESS (SPRING EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): GOVT 130, GOVT 231, or Permission of Instructor. This course is a comparative analysis of legislatures in national and state governments with an emphasis on rules and procedures, party leadership, relationship to the executive, interest groups, and legislative behavior.

GOVT 351 US POLITICAL PARTIES (FALL EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): GOVT 231. This course is a study of the growth, structure, and function of political organizations in the US. However, the focus will be on the place of the dominant party system in the US polity.

GOVT 355 POLITICAL BEHAVIOR (FALL EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): Junior Standing. This course is an overview of factors that influence political participation in a polity. An application of the scientific method to the study of public opinion and attitudes as well as voting behavior in the US will be stressed.

GOVT 360 FIELDWORK IN POLITICAL SCIENCE (FALL, SPRING) 6 CREDITS

Prerequisite(s): Junior or Senior Only. This course explores internships in legislative and administrative agencies or projects utilizing the political process to bring about social change. This course requires a field placement and a weekly evaluative seminar.

GOVT 391 RESEARCH METHODS IN POLITICAL SCIENCE (SPRING ONLY) 3 CREDITS

Prerequisite(s): COSC 110; PSYC 204 or SOC 309. This course is an analysis of the nature and problems of research in political science with consideration given to the acquisition of skills in qualitative and quantitative analysis.

GOVT 400 BLACK POLITICAL THOUGHT (SPRING ONLY) 3 CREDITS

Prerequisite(s): Junior or Senior Only. This course is a review of the major Black thinkers who have made significant contributions to political thought. The focus will be on how they address the enduring problems of race and class, equality and justice, and unity and conflict in the human polity.

GOVT 460 ADVANCED FIELDWORK IN POLITICAL SCIENCE (SPRING ONLY) 3 CREDITS

Prerequisite(s): GOVT 360. This course is essentially a continuation of GOVT 360.

GOVT 462 CAPSTONE SEMINAR IN POLITICAL SCIENCE (FALL ONLY) 3 CREDITS

Prerequisite(s): Graduating Senior. This course is a review of the major concepts, themes, and methods of the discipline so as to be better prepared for the departmental comprehensive examination.

GOVT 463 CAPSTONE SEMINAR IN POLITICAL SCIENCE II (SPRING ONLY) 3 CREDITS

Prerequisite(s): Graduating Senior. This course is a review of some of the major philosophical and political questions to enable the successful completion of a senior thesis paper.

GOVT 482 HONORS SEMINAR IN POLITICS (SPRING ONLY) 3 CREDITS

Prerequisite(s): Senior Standing and Permission of Instructor. This course is an intensive study of selected issues in political science, such as government and governance, war, cooperation and interdependence, the environment, poverty, and hunger.

GOVT 483 INDEPENDENT STUDY IN POLITICAL SCIENCE (FALL, SPRING) 3 CREDITS

Prerequisite(s): Junior or Senior Standing. This course is an advanced research project, guided readings, and/or paper undertaken with the approval of the department.

HEED: HEALTH EDUCATION COURSE DESCRIPTIONS

HEED 102 LIFE AND HEALTH (FALL, SPRING, SUMMER, MINISEMESTER) 3 CREDITS

This course explores scientific and philosophical applications of knowledge related to various health practices which affect student lives in society today. Emphasis is placed on areas of nutrition, mental and emotional health, human sexuality, drugs, diseases, physical fitness, and consumer health. It is designed to help students live healthy and satisfying lives. Opportunity will be provided for students to improve their knowledge of basic health and fitness concepts and principles in order to develop a personal health and fitness model to be utilized for their entire lives. This course is an institutional requirement for all students. (NOTE: May be taken for honors credit.)

HEED 200 FUNDAMENTALS OF SEX EDUCATION (FALL, ODD YEAR) 3 CREDITS

Emphasis is placed on the biological and psychosocial aspects of human sexuality and the understanding of human sexual behavior at various growth stages and the principles and values which enable humans to function in today's society.

HEED 422 DRUGS AND NARCOTICS (SUMMER) 2 CREDITS

Emphasis is placed on the use and misuse of drugs and narcotics and the health problems involved and the acquiring of knowledge of the origin and development of drugs and narcotics, their purposes, shortcomings, dangers, and signs of misuse.

HEED 454 INDEPENDENT STUDY IN HEALTH EDUCATION 1-3 CREDITS

Prerequisite(s): Permission of department coordinator.

HIST: HISTORY COURSE DESCRIPTIONS

HIST 110 WORLD CIVILIZATION TO 1500 (FALL, SPRING) 3 CREDITS

Prerequisite(s): None. This course is a survey of world history from earliest times until the early modern period. It traces the economic, political, social, and cultural development of the civilizations of the world.

HIST 111 WORLD CIVILIZATION SINCE 1500 (FALL, SPRING) 3 CREDITS

Prerequisite(s): ENGL 101. This course is a survey of world history from the early modern period to the present. It traces the economic, political, social, and cultural development of the major civilizations of the world.

HIST 114 AFRICAN-AMERICAN HISTORY TO 1865 (FALL, SPRING) 3 CREDITS

Prerequisite(s): ENGL 101. This course is a history of Black American life from its African background to the end of the Civil War.

HIST 115 AFRICAN-AMERICAN HISTORY SINCE 1865 (FALL, SPRING) 3 CREDITS

Prerequisite(s): ENGL 101. This course is an analysis of the role of Black American life from the Civil War to the present.

HIST 201 UNITED STATES HISTORY TO 1865 (FALL, SPRING) 3 CREDITS

Prerequisite(s): None. This course is a survey, primarily of the social, political, and economic developments, from the "age of discovery" to the "era of the Civil War." The nature of colonialism and a survey of the major intellectual and cultural trends in American society during the first 100 years are discussed.

HIST 202 UNITED STATES HISTORY SINCE 1865 (FALL, SPRING) 3 CREDITS

Prerequisite(s): ENGL 101. This course focuses primarily on the social, political and economic nature of the nation from the Civil War to the present. Emphasis is on such issues as the evolution and development of corporate capitalism and the emergence of the "welfare state."

HIST 204 BLACK WOMEN'S HISTORY: COLONIAL TIMES 3 CREDITS

This course examines Black women's lives from the colonial period to the present. It highlights their activities and contributions within the family, workforce and the Black community. Special emphasis will be placed on the roles of Black women in slavery, in the feminist and civil rights movements, and in the creation of the cultural arts and sciences.

HIST 205 INTRODUCTION TO WOMEN'S STUDIES 3 CREDITS

This course explores the ways in which womanhood or gender shapes the experiences of women and how race, class, ethnicity, and kinship separate women from each other.

HIST 260 BLACK HISTORY THRU FILM (FALL, SPRING) 3 CREDITS

Prerequisite(s): ENGL 101. Black History thru Film, an in-depth study of historical movements and issues, uses the audiovisual mediums of documentary video and popular film as a means of conveying and assessing the discipline of history.

HIST 300 COLONIAL AMERICA TO THE REVOLUTION 3 CREDITS

Prerequisite(s): HIST 201. This course is an examination of the development of the seaboard colonies, the administration by the British Empire, and the struggle between France and Great Britain for control of North America. Emphasis is on the causes of the American rebellion and the struggle for independence, the government, economy, and society under the Articles of Confederation, and the development of the Constitution.

HIST 304 THE ANTEBELLUM SOUTH 1800-1860 (FALL EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): HIST 201. This course is a political, economic, and social examination of the American South between 1800-1860.

HIST 305	CIVIL WAR AND RECONSTRUCTION	3 CREDITS
<i>Prerequisite(s): HIST 201 and HIST 202.</i> This course is an intensive examination of the causes and results of the Civil War as well as an account of the economic, social, and political forces helping to shape the Reconstruction period.		
HIST 306	AMERICAN BUSINESS AND URBAN HISTORY--1877-1920	3 CREDITS
<i>Prerequisite(s): HIST 202.</i> This course is an analysis of America's evolution into a mature industrial society and how industrialization affected immigration, urbanization, domestic reforms, segregation, culture and society, and it concludes with America's participation in World War I.		
HIST 307	CONTEMPORARY AMERICA SINCE WORLD WAR II	3 CREDITS
<i>Prerequisite(s): HIST 202.</i> This course is a continuation of United States history since World War II, with special emphasis on the Cold War, the Civil Rights movement, the urban revolts, the Great Society and its problems, recent cultural changes, and America's role in world affairs .		
HIST 317	RENAISSANCE AND REFORMATION (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): HIST 110 or HIST 111 or Permission of Instructor.</i> This course is a study of the political, economic, social, and cultural changes in Western Europe between 1350 and 1650.		
HIST 320	EUROPE FROM 1815 TO 1914 (FALL EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 111 or Permission of Instructor.</i> This course is a study of the political, economic, social, and cultural developments in Europe from the end of the Napoleonic Wars to the outbreak of World War I.		
HIST 321	ECONOMIC HISTORY OF EUROPE (EVERY THREE YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 110 and HIST 111.</i> This course is an analysis of the economic institutions of Europe from the manorial system of the Middle Ages to the corporate enterprises of today.		
HIST 322	20TH CENTURY EUROPE (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): HIST 111 or Permission of Instructor.</i> This course considers World War I, the Versailles Peace Settlement, domestic and international developments, World War II, the Cold War, the end of European empires, the Welfare State and its problems, the European Union, and the FALL of Communism and its aftermath.		
HIST 328	SOVIET UNION AND RUSSIA IN THE TWENTIETH CENTURY (Every Two Years)	3 CREDITS
<i>Prerequisite(s): HIST 111 or Permission of Instructor.</i> This course focuses on the rise, the establishment, and the FALL of the Soviet Union.		
HIST 331	THE FRENCH REVOLUTION AND NAPOLEON (FALL ONLY)	3 CREDITS
<i>Prerequisite(s): HIST 111 or Permission of Instructor.</i> This course is a study of the causes, course, events, and aftermath of the French Revolution and Napoleonic Wars.		
HIST 337	THE HISTORY OF BRITAIN TO 1688 (EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 110.</i> This course is a survey of the development of Britain since the Roman Occupation to the Revolution of 1688, with an emphasis on English history after the Norman Conquest. Consideration is given to the origins of medieval institutions and their development through the Tudor-Stuart Era.		
HIST 338	THE HISTORY OF BRITAIN SINCE 1688 (EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 111.</i> Following sequentially HIST 337, this course is a survey of British history since 1688 with a concentration on political, socio-economic and cultural developments since 1832. An important theme of this course is the fashioning of modern Britain into the United Kingdom.		
HIST 340	CULTURE AND HISTORY OF LATIN AMERICA	3 CREDITS
<i>Prerequisite(s): HIST 110, HIST 111, or Permission of Instructor.</i> This course is a historic, cultural, and geographic approach to the study of Central America, the Caribbean, and South America.		
HIST 350	WOMEN IN AMERICAN SOCIETY	3 CREDITS
Women in American Society examines women's roles from re-colonial times to the present.		
HIST 360	SURVEY OF AFRICAN CIVILIZATIONS TO 1500 (FALL ONLY)	3 CREDITS
<i>Prerequisite(s): HIST 110.</i> This course is an introductory survey of African history to 1500. Emphasis is on the evolution of the peoples and nations, their civilizations, and the rise and FALL of indigenous states.		
HIST 361	SURVEY OF AFRICAN CIVILIZATIONS SINCE 1500 (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): HIST 111.</i> This course is a continuation of HIST 360 and is a survey of the evolution of African nations.		
HIST 362	HISTORY OF EAST AND SOUTHERN AFRICA	3 CREDITS
<i>Prerequisite(s): HIST 111 or Permission of Instructor.</i> This course focuses on the breakdown of colonial rule, the rise of African nationalism, and the independence movement in East and Southern Africa in the 20th century.		
HIST 380	SPECIAL TOPICS IN WOMEN'S STUDIES	3 CREDITS
This is an interdisciplinary course designed to examine selected issues, subject areas, and themes within the academic field of Women's Studies which are not covered in-depth in the core courses. The specific topics of the course will vary. Special topics may include, but are not limited to, the following: "Women of Africa and the African Diaspora", "Women and the Law", "Women and Religion", Gender and Global Issues" and "Third World Women".		
HIST 390	METHODS OF TEACHING HISTORY (FALL ONLY)	3 CREDITS
<i>Prerequisite(s): ENGL 101.</i> This course focuses on the methods and techniques for the presentation of historical materials, with primary emphasis on the preparations, motivations, and procedures in testing and evaluation as they relate to history. History majors seeking certification must take his course, along with EDUC 304, <i>Methods of Teaching</i> .		
HIST 400	AMERICAN INTELLECTUAL HISTORY (FALL EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 201 and HIST 202.</i> This course is a survey of the history of ideas from the Colonial Era to the Civil War. Consideration is given to the major socio-economic, political, and literary issues of the period. Such topics as the Puritan Dilemma, the Rights of Man, transcendentalism, romanticism, abolitionism, and communitarianism will be discussed. This course also will cover the evolution and development of the history of ideas from the Civil War to the present.		
HIST 402	DIPLOMATIC HISTORY OF THE US (SPRING EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 201 and HIST 202.</i> This course focuses on the relations of the United States with the world, with emphasis on the economic, political, and ideological elements determining policy.		

HIST	404	DIPLOMATIC HISTORY OF EUROPE (FALL ONLY)	3 CREDITS
<i>Prerequisite(s): HIST 110 and HIST 111 or Permission of Instructor. This course is a study of international relations within Europe and relations of Europe with the rest of the world, including the political, economic, and ideological phenomena affecting and determining policy from 1870 to the present.</i>			
HIST	420	EUROPEAN INTELLECTUAL HISTORY	3 CREDITS
<i>Prerequisite(s): HIST 110 and HIST 111 or Permission of Professor. This course is a survey of the history of ideas from the early modern period (Renaissance and Reformation) to the postmodern period (late 20th century).</i>			
HIST	441	THE MILITARY EXPERIENCE IN AMERICA	3 CREDITS
<i>Prerequisite(s): HIST 201 and HIST 202. This course is a study of the role and influence of the Military in the development of the United States from the early Republic to the present.</i>			
HIST	460	FIELDWORK IN HISTORICAL MANAGEMENT	6 CREDITS
<i>Prerequisite(s): ENGL 101. This course is an internship in historical agencies and museums and requires a field placement and weekly evaluative meetings.</i>			
HIST	461	IMPERIALISM IN AFRICA (SPRING EVERY TWO YEARS)	3 CREDITS
<i>Prerequisite(s): HIST 111. This course is a detailed study of the rise and FALL of colonial rule in Africa since 1860.</i>			
HIST	496	INDEPENDENT STUDY IN HISTORY (SPECIAL PERMISSION)	3 CREDITS
<i>Prerequisite(s): Permission of Instructor. This is an individualized course of independent study designed to allow the advanced student of history to pursue a specialized topic or research project under supervision. An adequately documented report of publication quality will terminate the study.</i>			
HIST	497	SENIOR SEMINAR I (FALL ONLY)	3 CREDITS
<i>Prerequisite(s): All history survey courses and five upper level history courses from the three Sub-Fields and Permission of Instructor. The primary objective of this course is to prepare students to take the comprehensive examination in history.</i>			
HIST	498	SENIOR SEMINAR II (SPRING ONLY)	3 CREDITS
<i>Prerequisite(s): All history survey courses and six upper level history courses from the three Sub-Fields and Permission of Instructor. The primary objective of this course is for the student to research and write a thesis paper that is based on primary and secondary sources. A secondary objective is for the student to understand the nature of historical study and the philosophy of history.</i>			

HUMA: HUMANITIES COURSE DESCRIPTIONS

HUMA	201	CULTURE AND HUMANITIES	3 CREDITS
While introducing the study of humanities, this course explores the concept of culture and humanity as seen through arts and story. Students will determine a practical understanding of culture, including pop culture, as they develop skills in critically examining the fine and performing arts, film, literature, myth and folklore.			

IDIS: INTERDISCIPLINARY COURSE DESCRIPTIONS

IDIS	201	INTERNSHIP	2 CREDITS
IDIS	202	INTERNSHIP	2 CREDITS
IDIS	210	WOMEN'S HEALTH ISSUES	3 CREDITS
This lecture course examines selected women's health issues. Special emphasis is placed on physical and psychological changes that occur throughout a woman's cycle, with special consideration given to diverse populations. Students gain a better understanding of preventive health practices, common health concerns, and resources available to address these concerns. This course is open to anyone interested in the health of women in America. Non-nursing majors only.			
IDIS	211	CYBERSPACE, THE INDIV & SOC	3 CREDITS
Cyberspace is the name given to the space' where humans and modern information/communications technology interact. This course explores the personal cultural and societal implications of cyberspace computer mediated communications (CMC) and the Internet. It examines contemporary technological advances comparing and contrasting them with the effects of previous technologies such as the printing press telephone radio and television. It presents current work in sociology psychology communications political science popular culture and information and computer science in order to help students gain an understanding of the impact that advanced information/communication technologies have on society: education business. religion civic engagement health care government commerce and international relations. Students taking this course should have a basic understanding of how to access readings communicate and conduct research online.			
IDIS	301	INTERNSHIP	2 CREDITS
IDIS	402	INTERNSHIP	2 CREDITS
IDIS	405	INTER HLTH AND CULT OF THE DIA	4 CREDITS
IDIS	450	ALTER INTER FOR HLTH/WEL	3 CREDITS
This is a survey course designed to examine relationships among the human body, mind, behavior and health status. Various modes for interventions with human coping, health promotion, and modes for wellness maintenance will be explored as alternatives to more traditional approaches to the human health dilemma. Emphasis is given to increasing students' level of knowledge about alternative intervention practices and to selected practical applications.			
IDIS	460	TRANSCULTURAL HEALTH and WELLNESS	3 CREDITS
This course is designed to increase students' knowledge level and professional awareness concerning health and wellness practices in a multi-cultural society. Theoretical models and data collection guides are used to explore the ways and conditions under which individuals define their health status. Cultural factors that may influence illness behaviors and health promotion activities are examined.			
IDIS	470	ETHICAL ISSUES IN HEALTH CARE	3 CREDITS

This lecture/discussion course is designed to introduce students to the basic concepts, theories, principles, and critical thinking processes relevant to health care ethics. Content will focus on ethical issues commonly encountered in daily practice in health care and in health care delivery systems. Important ethical issues in health care and health care delivery will be reviewed and analyzed. The pivotal role of the health care practitioner in the quality of day-to-day delivery of care and the changing health care system will be addressed from an ethical perspective.

IDIS 491 HONORS THESIS SEM 1 CREDIT

Prerequisite(s): *Written Approval of Honors Program Director.* This course enables intensive reading and research under the direction of a faculty mentor, leading to the writing and defense of an honors thesis and reading and constructive criticism of other students' thesis. Theses successfully completed are deposited in the Thurgood Marshall Library. This course is intended for students who will also use the thesis to complete a major research requirement of another course. Seniors in good standing in the Honors Program may write a thesis in any discipline, provided that they can obtain the agreement of a faculty mentor in that discipline. Seniors who are members of the honor society in a particular discipline must write a thesis in that discipline. No student may receive credit for this course and for IDIS 493. Permission is granted only to students who have already obtained the agreement of a faculty mentor and who submit a preliminary proposal at the time they request entrance to the seminar.

IDIS 493 HONORS THESIS AND SEM 3 CREDITS

Prerequisite(s): *Same as IDIS 491.* This course enables intensive reading and research under the direction of a faculty mentor, leading to the writing and defense of an honors thesis and reading and constructive criticism of other students' theses. Theses successfully completed are deposited in the Thurgood Marshall Library. No student may receive credit for this course and IDIS 491. Restriction: Students in this course will not be permitted to use the thesis to satisfy the research requirements of other courses; students who wish to use the thesis in conjunction with other courses should register for IDIS 491 and receive only one credit.

KSWH: SWAHILI COURSE DESCRIPTION

KSWH 101 ELEMENTARY KISWAHILI (FALL, SPRING) 3 CREDITS

This course will help students acquire the ability to speak, read, write, and listen to Modern Standard Swahili at the elementary level. It will also prepare students to learn any language of Bantu origin. Lab is required.

MATH: MATHEMATICS COURSE DESCRIPTIONS

MATH 99 TRANSITION TO COLLEGE MATH 4 CREDITS

Prerequisite(s): *Open to all students who need it or who have been so placed by the University-approved Mathematics Placement Test.* Transition to College Mathematics is appropriate for students who need a review of intermediate algebra (Algebra I & II) as indicated by a University-administered placement test. In addition, this course is intended to help students develop effective learning skills in the area of mathematics. Extensive use of graphing calculators and computers should be expected. Transition to College Mathematics does not carry University credit.

MATH 115 MATH FOR ELEM SCH TEACH 4 CREDITS

Prerequisite(s): *DVMT 090 or MATH 099 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* This course, in elementary mathematics, is designed for the prospective elementary school teacher. The main emphasis is on mathematical thinking and problem solving. Topics include: Problem solving strategies, mathematical reasoning, elementary set theory, properties of integers, rational and real number systems.

MATH 116 INTRO TO MATHEMATICAL IDEAS 3 CREDITS

Prerequisite(s): *DVMT 090 or MATH 099, or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* Proceeding from a liberal arts perspective, we sample the elementary principles and methods of five distinct areas of mathematics: logic, set theory, probability, statistics, and geometry.

MATH 118 FINITE MATHEMATICS 3 CREDITS

Prerequisite(s): *DVMT 090 or MATH 099 or direct placement by way of the University-approved Mathematics Placement test or by way of transfer credit.* This course comprises an elementary treatment of the following topics: functions and their graphs, linear and quadratic functions, elementary set theory, systems of equations; matrices, linear inequalities, linear programming, permutations and combinations, elementary probability, and statistics. The use of graphing calculator/computer should be expected.

MATH 125 COLLEGE ALGEBRA 3 CREDITS

Prerequisite(s): *DVMT 090 or MATH 099 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* This course is meant to serve as a general education elective in mathematics for students majoring in fields other than mathematics, science, engineering, computer science and computer technology. Proceeding from a general education perspective, this course explores applications of polynomial, rational, algebraic, exponential, and logarithmic functions. Extensive use of graphing calculators and computers should be expected.

MATH 126 PRECALCULUS 4 CREDITS

Prerequisite(s): *MATH 125 or Placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* Topics in trigonometry include: sine and cosine laws, inverse trigonometric functions, trigonometric equations, graphs of trigonometric functions and their inverses and applications. In addition, this course covers polar coordinates and sequences and series. Extensive use of graphing calculator/computer should be expected. This course will not be offered after the FALL Semester of 2005. Students must take MATH 142 instead.

MATH 140 ELEMENTS OF STATISTICS 3 CREDITS

Prerequisite(s): *MATH 099 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* This course offers an introductory treatment of basic concepts of statistics and their applications in various fields. This course will not be offered after the FALL Semester of 2005.

MATH 141 PRECALCULUS I 3 CREDITS

Prerequisite(s): *MATH 099 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* This course is designed to meet the needs of students whose major requires Calculus. In preparing the student for calculus and other courses in science and mathematics, this course explores the algebraic, graphical and numerical properties of linear, polynomial, rational, exponential and logarithmic functions. Additional topics include the binomial theorem and sequences and series. Extensive use of a graphing calculator should be expected. This course is not recommended as a general education mathematics elective for majors in fields other than mathematics, science, engineering, computer science, and computer technology.

MATH 142 PRECALCULUS II 3 CREDITS

Prerequisite(s): *MATH 141 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit.* This course is the second in a two-semester sequence, MATH 141 Precalculus I and MATH 142 Precalculus II. It is designed for students whose major requires a Calculus course. MATH 142 continues the students' preparation for Calculus by exploring trigonometry, including fundamental

definitions and identities, functions of sums and differences of angles, sine and cosine laws, inverse trigonometric functions, trigonometric equations, graphs of trigonometric functions and their inverses. This course is not recommended as a general education mathematics elective for majors in fields other than mathematics, science, engineering, computer science, and computer technology.

MATH 150 HONORS PRECALCULUS 4 CREDITS

Prerequisite(s): Honors status or special written permission from the Chair of the Department of Mathematics. This course explores the properties of linear, polynomial, rational, exponential, logarithmic, trigonometric and inverse trigonometric functions. Additional topics include the binomial theorem and sequences and series. Although use of the graphing calculator should be expected, the main focus will be on the analysis of ideas. Students cannot receive credit for either Math 141 or Math 142 after successfully completing Math 150.

MATH 198 COOP-MATH 12 CREDITS

MATH 205 SOFTWARE AND TECH FOR MATH 3 CREDITS

Prerequisite(s): MATH 141 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit. This course presents appropriate uses of graphing calculators, software packages and internet resources for the mathematics classroom.

MATH 210 ELEMENTARY GEOMETRY 3 CREDITS

Prerequisite(s): DVMT 090 or MATH 099 or 125 or direct placement by way of the University-approved Mathematics Placement Test or by way of transfer credit. This course covers the fundamentals of logical reasoning and the elements of geometry (Euclidean plane and solid, coordinate, Non-Euclidean). Topics include points, lines, planes, polygons, measurements, and transformations. The use of graphing calculator/computer should be expected.

MATH 215 ELEMENTS OF CALCULUS 4 CREDITS

Prerequisite(s): MATH 141 or MATH 125 or equivalent transfer credit. This course offers a treatment of the elements of calculus appropriate for students majoring in the social and life sciences, computer technology and business. (Not open to students majoring in Computer Science, Mathematics or the Dual Degree Mathematics/Engineering Program). The use of graphing calculator/computer should be expected.

MATH 225 CALCULUS I 4 CREDITS

Prerequisite(s): MATH 126 or MATH 142 or MATH 150 equivalent transfer credit. This is the first of a two-course sequence in the study of the Calculus of one variable, concentrating on methods and applications of differentiation. Topics include: limits and continuity of real functions of one variable, differentiation and anti-differentiation of the standard elementary functions, the chain rule, Rolle's Theorem, the Mean Value Theorem, simple applications to optimization problems, graphing techniques, and an introduction to integration. Extensive use of graphing calculator/computer should be expected.

MATH 226 CALCULUS II 4 CREDITS

Prerequisite(s): MATH 225 or equivalent transfer credit. This course provides the sequel to Calculus I. We concentrate on methods and applications of integration, and series summation. Topics include: various techniques of integration, including exact and approximate techniques, applications to problems involving work and solids of revolution, and an introduction to power series, including Taylor and MacLaurin series. Extensive use of graphing calculator/computer should be expected.

MATH 228 LINEAR ALGEBRA 3 CREDITS

Prerequisite(s): MATH 226. Through this course, the student learns the basic concepts of linear algebra including vector spaces, linear systems, matrices, determinants, linear transformations, eigenvectors and eigenvalues and the theory of quadratic forms. Extensive use of graphing calculator/computer should be expected.

MATH 232 MULTIVARIABLE CALCULUS 4 CREDITS

Prerequisite(s): MATH 226 and MATH 228. Through this course we extend the basic notions of Calculus I and Calculus II to the realm of multivariable functions. From a study of the fundamental properties of vectors in 3 CREDITS-space, we progress to vector-valued functions, vector fields, partial derivatives, line integrals, surface integrals, flux integrals, and finally to the three famous theorems of Green, Stokes, and Gauss. Use of graphing calculator/computer should be expected.

MATH 240 INTRO PROBABILITY & STAT 3 CREDITS

Prerequisite(s): MATH 141 or equivalent transfer credit. This course aims to develop the basic statistical skills pertinent to a wide range of applications. The range of applications encompasses such diverse areas as the Social Sciences, the Life Sciences, Business, Agriculture, and Education. Topics include: random variables, data distributions, descriptive statistics, discrete and continuous probability models, statistical inference, hypothesis testing, and correlation and regression. Use of graphing calculator/computer and/or online delivery of course content should be expected.

MATH 252 COMPUTATIONAL METHODS 3 CREDITS

Prerequisite(s): COSC 112 and MATH 228. The computer is used to solve problems such as solution of a single algebraic equation; numerical quadrature; matrix operations; solution of large systems of linear equations; least squares techniques. Use of graphing calculator/computer should be expected.

MATH 265 INTRO TO ENGINEERING DES 3 CREDITS

Prerequisite(s): MATH 225 or equivalent transfer credit. This course is designed to lay a strong foundation in the engineering sciences upon which the student will later develop a professional program during the upper division years. The curriculum includes instruction in basic engineering principles, lessons in team organization, evaluation of design concepts, and the use of various software packages. The student is expected to participate in a team assigned to design and develop a prototype of a product.

MATH 298 COOP-MATH 12 CREDITS

MATH 300 DIFFERENTIAL EQUATIONS 3 CREDITS

Prerequisite(s): MATH 226 and MATH 228. This course comprises an introduction to the basic concepts, theory, methods, and applications of ordinary differential equations. The course covers the following topics: elementary methods for solving first order differential equations, second order differential equations, Laplace transform method for solving higher order linear equations with constant coefficients and systems, the matrix method for solving linear systems with constant coefficients, eigenvalues and eigenvectors of matrices and their use for solving differential equations, series solutions method for solving second order linear differential equations, and numerical methods. Use of graphing calculator/computer should be expected.

MATH 305 PRELUDE TO ADVANCED MATH 3 CREDITS

Prerequisite(s): MATH 226 and MATH 228. This course bridges the gap in logical precision between 200-level courses and more sophisticated courses such as abstract algebra and advanced calculus. After an excursion through the basic elements of logic and set theory, including methods of proof and disproof, the course proceeds to a rigorous treatment of the preliminary concepts of abstract algebra and real analysis. Topics include: relations, functions, groups and subgroups, Archimedean field axioms, and some fundamental results of point set topology pertaining to the real number line.

MATH 310 INTRO TO GEOMETRIES 3 CREDITS

Prerequisite(s): MATH 225. This course develops the elements of Euclidean and non-Euclidean geometries through a logically systematic postulate approach. Use of graphing calculator/computer should be expected.

MATH 320 INTRO TO NUMBER THEORY 3 CREDITS

Prerequisite(s): MATH 305. Elementary Number Theory concerns the study of the arithmetic structure of the system of natural numbers. A sampling of topics includes: the Chinese Remainder Theorem, multiplicative functions, the Mobius Inversion Formula, primitive roots, the Law of Quadratic Reciprocity, algorithms for solving linear and quadratic congruences, introduction to Diophantine equations, and some applications to cryptography. The use of graphing calculator/computer should be expected.

MATH 342 MATHEMATICAL PROBABILITY 3 CREDITS

Prerequisite(s): MATH 232. This course provides an intermediate level introduction to probability theory. Topics include: discrete and continuous probability distributions, moments, expected values, characteristic functions, and the Central Limit Theorem. The use of graphing calculator/computer should be expected.

MATH 344 MATH STATISTICS 3 CREDITS

Prerequisite(s): MATH 342. This course provides an intermediate level treatment of frequency distributions, statistical measures, sampling techniques, hypothesis testing, analysis of variance and regression and correlation analyses. The use of graphing calculator/computer should be expected.

MATH 350 PRAXIS II MATHEMATICS 3 CREDITS

The main purpose of this course is to prepare students for the PRAXIS II mathematics content exam required by the state of Maryland for teacher certification in the teaching specialty of secondary mathematics. The material covered in this course ranges from topics in basic arithmetic, elementary algebra, geometry and trigonometry to topics in calculus, linear algebra, discrete mathematics, computer algorithms and the principles of mathematical modeling.

MATH 398 COOP-MATH 6 CREDITS

MATH 400 PARTIAL DIFFERENTIAL EQS 3 CREDITS

Prerequisite(s): MATH 232 and MATH 300. Solutions of second order partial differential equations using Fourier and Laplace transforms. Topics include classification of linear second order equations, Fourier series, generalized Fourier series, the Sturm-Liouville problem, heat equation, wave equation, Laplace's Equation, Dirichlet problem, Fourier integral, and Fourier transform. The use of graphing calculator/computer should be expected.

MATH 410 HISTORY OF MATHEMATICS 3 CREDITS

Prerequisite(s): MATH 226 and MATH 320. This course traces the development of mathematics from around 1900 B.C. to around 1900 A.D. Special attention is given to the period of the Greeks (600 B.C.-200 A.D.), the period of the development of calculus (17th century), and the period of the institution of the modern style of rigor (19th century).

MATH 414 METH FOR TEACH SEC SCH MATH 3 CREDITS

Prerequisite(s): MATH 310 and successful completion of EDUC 220 and SCED 302. Mathematics 414 provides the Mathematics Education Major with experience and first hand information on the best practices, approaches, materials, and content supported by effective schools, expert opinion and research in mathematics education in the secondary schools. This course also includes a nine (9) day practicum in the Prince George's Public School System, TBA by the instructor and based on the students' schedules. This course helps to prepare the student for the student teaching experience.

MATH 420 ABSTRACT ALGEBRA I 3 CREDITS

Prerequisite(s): MATH 305 and MATH 320. This sequence of two courses offers a rigorous introduction to modern abstract algebra. Topics include groups, rings, fields, integral domains and the homomorphisms that operate between them.

MATH 421 ABSTRACT ALGEBRA II 3 CREDITS

Prerequisite(s): MATH 305 and MATH 320. This sequence of two courses offers a rigorous introduction to modern abstract algebra. Topics include groups, rings, fields, integral domains and the homomorphisms that operate between them.

MATH 428 ADVANCED LINEAR ALGEBRA 3 CREDITS

Prerequisite(s): MATH 232 and MATH 305. Proceeding from a rigorous perspective, we examine the properties of finite dimensional vector spaces over arbitrary fields and the linear transformations that operate between them.

MATH 430 ADVANCED CALCULUS I 3 CREDITS

Prerequisite(s): MATH 232 and MATH 305. This course include a rigorous treatment of the elements of point set topology, sequences and series, continuity, differentiability, Riemann-Stieltjes integration, function sequences, and, time permitting, some special functions and Fourier series.

MATH 431 ADVANCED CALCULUS II 3 CREDITS

Prerequisite(s): MATH 232 and MATH 305. This course includes a rigorous treatment of the elements of point set topology, sequences and series, continuity, differentiability, Riemann-Stieltjes integration, function sequences, and, time permitting, some special functions and Fourier series.

MATH 440 INTRO TO OPTIMIZATION THEORY 3 CREDITS

Prerequisite(s): MATH 228 and MATH 232. This course offers an introduction to convex analysis, unconstrained optimization in n-dimensional Euclidean space, convex programming and duality. Analysis of two nonlinear algorithms will be studied: Newton's method and the method of steepest descent.

MATH 450 OVERVIEW OF COLLEGE MATH 3 CREDITS

Prerequisite(s): MATH 226, 228, 240, 305 and 320. This course consists of a sequence of distinct modules, each devoted to the treatment of a specific fundamental result, principle, or theme in college level mathematics, providing a grand synthesis of the entire undergraduate mathematics curriculum. Topics include: the Fundamental Theorem of Algebra, the Fundamental Theorem of Arithmetic, the Fundamental Theorem of Calculus, the Central Limit Theorem, the PRINCIPLES of Mathematical Induction, the Five Famous Formulas of College Mathematics, and some famous proofs by contradiction.

MATH 460 NUMERICAL ANALYSIS I 3 CREDITS

Prerequisite(s): MATH 228, MATH 232, MATH 252 and MATH 300. Elements of the theory and application of numerical analysis using computers; solution of linear and nonlinear systems of equations; computation of eigenvalues and eigenvectors; basic approximation theory; interpolation techniques; numerical quadrature; solution of ordinary and partial differential equations. Extensive use of graphing calculator/computer should be expected.

MATH 461 NUMERICAL ANALYSIS II 3 CREDITS

Prerequisite(s): MATH 228, MATH 232, MATH 252 and MATH 300. Elements of the theory and application of numerical analysis using computers; solution of linear and nonlinear systems of equations; computation of eigenvalues and eigenvectors; basic approximation theory; interpolation techniques; numerical quadrature; solution of ordinary and partial differential equations will be discussed. Extensive use of graphing calculator/computer should be expected.

MATH 470 COMPLEX ANALYSIS 3 CREDITS

Prerequisite(s): MATH 232. This course provides an introduction to the theory and applications of functions of a complex variable. Topics include: complex numbers, analytic and harmonic functions, elementary functions, Cauchy-Riemann equations, contour integration, Cauchy-Goursat theorem, Cauchy's integral formula, series and the residue calculus.

MATH 485 GENERAL TOPOLOGY 3 CREDITS

Prerequisite(s): MATH 305. This course develops the fundamental concepts of general topology. Topics include topological spaces, continuity, homeomorphism, identification topology, quotient spaces, separation axioms, countability axioms, compactness, connectedness, local connectedness, path components, and metrizable spaces.

MATH 490 SELECTED TOPICS IN MATHEMATICS 3 CREDITS

Prerequisite(s): Written consent of the Instructor. Selected modern developments in pure or applied mathematics are presented.

MATH 491 SELECTED TOPICS IN MATH 3 CREDITS

Prerequisite(s): Consent of the Instructor. These courses focus on the presentation of selected modern developments in pure or applied mathematics.

MATH 492 SELECTED TOPICS 3 CREDITS

Prerequisite(s): Consent of the Instructor. These courses focus on the presentation of selected modern developments in pure or applied mathematics.

MATH 493 INTRO OPTIM THEORY 3 CREDITS

Prerequisite(s): Consent of the Instructor. These courses focus on the presentation of selected modern developments in pure or applied mathematics.

MATH 494 SELECTED TOPICS IN MATH 3 CREDITS

Prerequisite(s): Written consent of the Instructor. Selected modern developments in pure or applied mathematics are presented.

MATH 495 ADVANCED PROB SEMINAR 1 CREDIT

Prerequisite(s): MATH 228 or Consent of the Instructor. Solving problems from previous Putnam Competitions is the principal activity of these courses. The problems are drawn from the entire spectrum of mathematical inquiry including Algebra, Analysis, Geometry, Number Theory, Logic, Combinatorics, and Probability. Enrollees are expected to participate as members or alternate members of the BSU Team in the William Lowell Putnam Competition, held annually in December.

MATH 496 PUTNAM MATH 1 CREDIT

Prerequisite(s): MATH 228 or Consent of the Instructor. Solving problems from previous Putnam Competitions is the principal activity of these courses. The problems are drawn from the entire spectrum of mathematical inquiry including Algebra, Analysis, Geometry, Number Theory, Logic, Combinatorics, and Probability. Enrollees are expected to participate as members or alternate members of the BSU Team in the William Lowell Putnam Competition, held annually in December.

MATH 497 ADVANCED PROB SEM 1 CREDIT

Prerequisite(s): MATH 228 or Consent of the Instructor. Solving problems from previous Putnam Competitions is the principal activity of these courses. The problems are drawn from the entire spectrum of mathematical inquiry including Algebra, Analysis, Geometry, Number Theory, Logic, Combinatorics, and Probability. Enrollees are expected to participate as members or alternate members of the BSU Team in the William Lowell Putnam Competition, held annually in December.

MATH 499 SENIOR SEMINAR 2 CREDITS

Prerequisite(s): Senior status as a mathematics major and written consent of the instructor. Students research topics of interest and complete projects under the supervision of a faculty member. Written reports and presentations required. The use of graphing calculator/computer should be expected.

MCOM: MASS COMMUNICATIONS COURSE DESCRIPTIONS

MCOM 215 INTRO TO JOURN I 3 CREDITS

MCOM 330 VISUAL ARTS COMM 3 CREDITS

MGMT: MANAGEMENT COURSE DESCRIPTIONS

MGMT 101 INTRODUCTION TO BUSINESS (FORMERLY BUAD 101) (FALL, SPRING, SUMMER) 3 CREDITS

This is a survey course designed to acquaint students with the basic functional areas of business enterprises and covers terminology and functional issues facing managers. This course acquaints students with international aspects of business.

MGMT 130 FUNDAMENTALS OF CONTRACTING (FALL, SUMMER) 3 CREDITS

This survey course introduces the organization and utilization of the Federal Acquisition Regulation and DOD Supplement to the FAR (DFARS), as well as ethics and basic contract law. Students are also introduced to the fundamentals of contracting. This is an accelerated course that encompasses the entire contracting process from receipt of a purchase request through contract completion, including close-out.

MGMT 230 FUND OF CONTRACTING II (SPRING, SUMMER) 3 CREDITS

Prerequisite(s): MGMT 130 or Permission of Department. This course provides essential fundamentals for the student and practice of price, cost, and proposal analysis. Various case scenarios and actual cost analysis are used to illustrate and integrate the various concepts and techniques covered in the course. Topics include the review of contracting environment, use and importance of market research, sources cost price analysis, application of price-related factors in the determination of reasonableness, methods for analyzing direct and indirect costs, methods for performing profit analysis, ethics in contract pricing, and selection of current pricing topics. Contract Pricing is designed to provide entry-level contracting personnel with a solid foundation for practice analysis and negotiation analysis.

MGMT 241 PRINCIPLES OF MANAGEMENT (FALL, SPRING, SUMMER) 3 CREDITS

Prerequisite(s): BUAD 101; MGMT 101. This course is a study of the principles, processes, and practices of organizational management. This course examines the basic tasks of the modern manager, including planning, organizing, leading, controlling, staffing, and decision-making.

MGMT 330 INTERMEDIATE CONTRACTING 3 CREDITS

Prerequisite(s): MGMT 130 or Permission of Department. This course presents experienced, intermediate-level contracting personnel with an intensive examination of the life cycle phases of contracting, including the pre-award phase of contracting (acquisition planning, solicitation, evaluation, and award), and post award contract administration, plus contracting problem analysis and resolution. Case studies challenge students to apply ethical principles, statutes, regulations, and sound business judgment in the resolution of contract problems. Major course topics include acquisition planning, contracting methods (with an emphasis on formal source selection and noncommercial acquisitions), contract administration (including contract surveillance and quality assurance), financial management, termination, and dispute resolution.

MGMT 344 ORGANIZATIONAL BEHAVIOR (FALL, SPRING) 3 CREDITS

Prerequisite(s): MGMT 241. This course focuses on the managerial analysis of human behavior in organizations, with special emphasis on organizational theory and application to case studies and real situations. Topics include motivation, perception, communication, leadership, power and negotiations, group behavior, organizational culture and change.

MGMT 345 PRIN OF SUPER & LEADSHP (SPRING Only) Formerly MGMT 343 3 CREDITS

Prerequisite(s): MGMT 241. This course is an examination of the supervisory functions of leadership, emphasizing the tasks, roles, and practices requisite for first-line effectiveness. Topics include motivation of people, organization of work, performance appraisal and counseling, and decision-making

MGMT 346 MANAGEMENT OF NON-PROFIT ORGANIZATIONS (SPRING Only) 3 CREDITS

Prerequisite(s): ACCT 211/212; MGMT 241. This course is a survey of the organizational objectives and the socio-economic environment of non-profit organizations; it critically evaluates the applicability of private sector efficiency criteria to such organizations and examines the scope and application of management principles to community-based non-profit organizations.

MGMT 347 MANAGEMENT PROBLEMS (FALL Only) 3 CREDITS

Prerequisite(s): MGMT 241. This course focuses on managerial decision processes. Students seek to apply skills, learning, principles, and techniques to organizational situations through case analyses. Readings and class discussion supplement analyses.

MGMT 352 INTERNATIONAL BUSINESS 3 CREDITS

Prerequisite(s): MGMT 241; MKTG 231; ECON 211, ECON 212. Junior Standing. This course is an examination of the nature and scope of international business and the diverse environments in which international business managers must operate. An overview of the theories of international trade and economic development is presented to provide a basic understanding of the differences between the former international firm and the present day multinational enterprise. Managerial aspects of organizational structure, strategy, culture, human resources, and leadership are emphasized. A worldview perspective of transactional managerial challenges in terms of access to markets, new markets, specialized resources, and new sources of information is provided.

MGMT 371 LABOR RELATIONS & LAW (FALL Only) 3 CREDITS

Prerequisite(s): MGMT 241. This course is a study of the history and the law pertaining to the operations of organized labor, the dynamics of labor-management relationships, and the effect of the labor-management relationship on the workplace and the economy. This course also includes collective bargaining, labor-management cooperation, labor productivity, and global competition.

MGMT 401 APPLIED RESEARCH METHODS (SPRING Only) 3 CREDITS

Prerequisite(s): ECON 351. This course is a survey and application of research methodology as a tool in decision-making. It emphasizes theory, design, data-gathering, and evaluation.

MGMT 410 THE BUSINESS OF MUSIC 3 CREDITS

Prerequisite: Senior Standing or Permission of Instructor. Workshop/seminar course, which considers issues, concepts and strategies for entry and participation in music and entertainment as a business. Course examines the structure, dynamics, economics and relations among performers and artists, agents and representatives, intermediaries and producers, venues, media and other industry participants. It also considers markets, revenue/royalty flows, distribution and critical issues of law and public policy.

MGMT 430 INTERMEDIATE CONTRACT PRICING (SPRING Only) 3 CREDITS

Prerequisite(s): MGMT 330. This course reinforces both pricing skills taught in Fundamentals of Contract Pricing 1 CREDIT and II. The course develops skills in price analysis, advanced pre-award pricing decisions, and general contract pricing. The course is primarily quantitative in nature, focusing on statistical and economic analysis tools.

MGMT 440 BUSINESS STRATEGY & POL (FALL, SPRING) 3 CREDITS

Prerequisite(s): FINA 320, MGMT 241, MKTG 231, ECON 211, ECON 212. This course examines processes by which organizations, especially profit-seeking businesses scan and adapt to their environments. Issues to be examined include the planning function, development of goals and objectives, assessment of requisite organizational competences, appropriate structure, and related issues of strategy, policy and competitive posture.

MGMT 441 ENTREP & NEW ENTERPRISES (FALL Only) 3 CREDITS

Prerequisite(s): MGMT 241 MKTG 231, ECON 211, ECON 212, KINA 320. This course focuses on the development and management of new enterprises. It concentrates on practice, entrepreneurship and its Prerequisite(s), and skills-building. It includes topics such as new venture financing, business planning, deal structuring and negotiations, and the transformation from entrepreneur to business person.

MGMT 442 SMALL BUS OPER AND MGMT (SPRING Only) 3 CREDITS

Prerequisite(s): ECON 211/212, FINA 320, MKTG 231, MGMT 241. Senior Standing. This course examines the problems, issues, and opportunities of operating and managing small businesses. Functional topics as they relate to entrepreneurship are included. Issues of scale dis-economics, insufficiency of resources, market niche, venture financing, and business planning are addressed.

MGMT 446 MANAGEMENT SEMINAR (Offered Occasionally) 3 CREDITS

Prerequisite(s): ECON 211, ECON 212; FINA 320; MGMT 241, MGMT 344. Senior Standing. Cumulative GPA of 3.00 or Permission from Instructor. A management course in which the topics covered center around a theme related to some significant issues in the management of organizations. The theme is selected by the instructor. Course includes reading assignments, discussions, experiential activities, and other appropriate learning techniques. Seminar participants produce a seminar research paper on a topic related to the theme.

MGMT 449 BUS STRATEGY AND POLICY 3 CREDITS

Prerequisite(s): FINA 320, MGMT 241, ECON 211, ECON 212. Senior Standing. This course examines processes by which organizations, especially profit-seeking businesses, scan and adapt to their environments. Issues to be examined include the planning function, development of goals and objectives, assessment of requisite organizational competences, appropriate structure, and related issues of strategy, policy, and competitive posture. (This is a capstone course.)

- MGMT 453 GOVERNMENT CONTRACT LAW 3 CREDITS**
Prerequisite(s): MGMT 330. This course introduces basic legal principles and sources of contract law as they apply to the Government's acquisition of supplies and services, as well as construction services. Government Contract Law provides an understanding of the impact of Government Contract Law on daily decision-making in acquisition. Court cases and administrative decisions (General Accounting office, Board of Contract Appeals) are discussed with emphasis on how the law affects the Government Contractor interface and how to avoid legal disputes and maintain business relationships.
- MGMT 471 HUMAN RESOURCE MGMT (FALL Only) 3 CREDITS**
Prerequisite(s): MGMT 344. This course analyzes the selection, development, utilization, assessment, and reward of the work force to accomplish employee and organizational goals. This course examines recruitment, selection, reduction in force, performance evaluation, training and development, compensation, organizational change, and legal constraints.
- MGMT 472 CONFLICT MANAGEMENT (FALL Only) 3 CREDITS**
Prerequisite(s): MGMT 344. This course is a study of the underlying factors contributing to personal and organizational conflicts, with emphasis on methods of preventing, managing, and resolving conflict at each level of the business environment. This course includes reading and research assignments, case studies, class discussion, and experiential activities.
- MGMT 480 PRODUCTION AND OPER MGMT (FALL, SPRING) 3 CREDITS**
Prerequisite(s): MGMT 241 and ECON 351. This course is an examination of the processes and techniques of decision-making widely used in the context of production and operations planning, analysis and control. Topics studied include design and development of products; resource allocation; scheduling and utilization of people, materials and equipment; and quality and quantity control of processes, using techniques such as linear programming, critical-path analysis, time-series analysis, and network scheduling.
- MGMT 490 ISSUES IN BUAD ETHICS 3 CREDITS**
 Seniors Only. Current issues of ethics in the society as they affect business behavior will be discussed through panel presentation and class participation. Social responsibility of business, environmental issues, human rights and technological progress, business ethics and the evolution of social values exemplify the topics which will be presented from multi-disciplinary perspectives by visiting experts, with the instructor moderating the class discussion.

MISC: MILITARY SCIENCE COURSE DESCRIPTIONS

- MISC 101 LEADERSHIP & DEVELOP I 1 CREDIT**
 Introduction to various leadership styles and their effects on organizations. The study of the United States Army as a profession and the historical growth and development of the Army, stressing the magnitude of management implications; the significance of military courtesy, disciplines, customs and traditions of the service; development of leadership abilities through practical exercises and physical fitness.
- MISC 102 LEADERSHIP & DEVELOP II 1 CREDIT**
 Introduction to various leadership styles and their effects on organizations. The study of the United States Army as a profession and the historical growth and development of the Army, stressing the magnitude of management implications; the significance of military courtesy, disciplines, customs and traditions of the service; development of leadership abilities through practical exercises and physical fitness.
- MISC 105 LEADERSHIP LAB I 1 CREDIT**
Prerequisite(s): None. The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence and command and directional control. These are essential to the craft of military science.
- MISC 106 LEADERSHIP LAB I 1 CREDIT**
Prerequisite(s): None. The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence and command and directional control. These are essential to the craft of military science.
- MISC 201 LEADERSHIP & DEVELOP III 2 CREDITS**
 Focus on the operations of the basic military team, including military geography and the use of maps and aerial photographs; the functions, duties, and responsibilities of junior leaders; and continuing development of leadership through practical exercises. The leadership laboratory is included in the course instruction.
- MISC 202 LEADERSHIP & DEVELOP IV 2 CREDITS**
 Introduction to the principles of leadership, developing a personal leadership style, map reading; the functions, duties and responsibilities of junior leaders; and continuing development of leadership through practical exercises. The course also includes problem solving, effective time management, physical fitness and team building.
- MISC 205 LEADERSHIP LAB II 1 CREDIT**
Prerequisite(s): Must have completed MISC 105/106 or received placement credit as determined by the Professor of Military Science. The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence and command and directional control. These are essential to the craft of military science.
- MISC 206 LEADERSHIP LAB II 1 CREDIT**
Prerequisite(s): Must have completed MISC 105/106 or received placement credit as determined by the Professor of Military Science. The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence, command and directional control. These are essential to the craft of military science.

MISC	301	LEADERSHIP & MGMT I	3 CREDITS
Emphasis on the following, through case studies in leadership and management; delegation of authority and responsibility, span of control, planning, coordinating, and decision making; development of the ability to express oneself clearly, with emphasis on the military problems, the evaluation of situations and preparation and delivery of logical solutions; directing and coordinating the efforts of individuals and small units in the execution of defensive and offensive tactical missions, including military geography, weapons systems, communications systems, intelligence gathering capabilities and the role of the various branches of the Army.			
MISC	302	LDRSHP AND MGMT II	3 CREDITS
Emphasis on the following, through case studies in leadership and management; delegation of authority and responsibility, span of control, planning, coordinating, and decision making; development of the ability to express oneself clearly, with emphasis on the military problems, the evaluation of situations and preparation and delivery of logical solutions; directing and coordinating the efforts of individuals and small units in the execution of defensive and offensive tactical missions, including military geography, weapons systems, communications systems, intelligence gathering capabilities and the role of the various branches of the Army.			
MISC	305	LEADERSHIP LAB III	1 CREDIT
The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence and command and directional control. These are essential to the craft of military science.			
MISC	306	LEADERSHIP LAB III	1 CREDIT
The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence and command and directional control. These are essential to the craft of military science.			
MISC	401	LEADERSHIP & MGMT III	3 CREDITS
This course extends the examination of ethical dilemmas in leadership when organizational goals conflict with personal welfare; the development of policy and standard procedures in organizations; communicative arts and oral presentation; planning for the unexpected in organizations under stress; developing alternate course of action; how to delegate and supervise subordinate leaders; introduction to the backward planning process; further studies in assessment of organizational cohesion and developing strategies to improve organizational climate; effective after-action reviews (AARs) of past organizational training.			
MISC	402	LEADERSHIP & MGMT IV	3 CREDITS
This course extends the examination of ethical dilemmas in leadership-when organizational goals conflict with personal welfare; the development of policy and standard procedures in organizations; communicative arts and oral presentation; planning for the unexpected in organizations under stress; developing alternate course of action; how to delegate and supervise subordinate leaders; introduction to the backward planning process; further studies in assessment of organizational cohesion and developing strategies to improve organizational climate; effective after-action reviews (AARs) of past organizational training.			
MISC	405	LEADERSHIP LAB IV	1 CREDIT
The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of a military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence, command and directional control. These are essential to the craft of military science.			
MISC	406	LEADERSHIP LAB IV	1 CREDIT
The course provides an opportunity for the student to practice skills, knowledge, and techniques relating to the management of people. The disciplines required as a member of military team on the drill field are not directed to a marching and maneuver as the ultimate objectives. They are designed to develop in the potential leader an appreciation and mastery of the art of command, poise, physical and mental alertness and responsiveness to military direction. This laboratory allows the student to apply the principles of human relations, leadership and the techniques of communications to develop poise, confidence, command and directional control. These are essential to the craft of military science.			

MKTG: MARKETING COURSE DESCRIPTIONS

MKTG	231	PRINCIPLES OF MARKETING (FALL, SPRING)	3 CREDITS
<i>Prerequisite(s): BUAD 101.</i> This course is an introduction to the field of marketing and the issues of marketing management. Areas of study include consumer behavior, social responsibility of marketers, marketing of goods and services, industrial marketing, and logistics of distribution, pricing, product-planning and development, promotion, the selling function, and government regulations.			
MKTG	330	CONSUMER BEHAVIOR (FALL, SPRING)	3 CREDITS
<i>Prerequisite(s): MKTG 231, ECON 212.</i> This course is an analysis of the consumer in marketing situations as a buyer and user of products and services and in relation to the various individual and marketing factors affecting his or her behavior. Topics include the basic foundations underlying consumer behavior, such as economic, social, psychological, and cultural factors. The influence of marketing communications is also considered.			
MKTG	334	SALESMANSHIP (FALL, SPRING)	3 CREDITS
<i>Prerequisite(s): MKTG 231 or Permission of Instructor.</i> This course is designed to acquaint the student with the problems that face the salesman in each phase of the business cycle. The focus is on the principles of salesmanship, in general. A detailed study of retail selling, house-to-house salesmanship, laying out territories, and sales force management.)			
MKTG	335	RETAILING (FALL Only)	3 CREDITS
<i>Prerequisite(s): MKTG 231 or Permission of Instructor.</i> This course is an exploration of the role of retailing in the marketing of consumer goods and services. Course examines the dynamics, structure, and processes of retailing and the implications for retail marketers.			
MKTG	337	ADVERTISING (FALL, SPRING)	3 CREDITS

Prerequisites: MKTG 231. This course focuses on the principles of advertising and a study of advertising. Special problems of small business concerns, including appropriations and planning, will be discussed. Students prepare individual advertising campaigns for a new product or service to be presented both orally and in writing.

MKTG 430 MARKETING RESEARCH (FALL Only) 3 CREDITS

Prerequisite(s): MKTG 231, ECON 351 and Senior Standing. This course focuses on the development of an understanding of marketing research methodology. Emphasis is placed on the application of marketing research to practical situations and on the relation of marketing research to management decisions.

MKTG 431 INTERNATIONAL MARKETING (FALL and SUMMER) 3 CREDITS

Prerequisite(s): MKTG 231, BUAD 351, ECON 341 or Permission of Instructor. This course is an in-depth study of an inquiry into the nature and structure of marketing in a variety of environments. Emphasis is placed on formulation of policies and decision-making under the complex and dynamic conditions of international business.

MKTG 432 PROCUREMENT MANAGEMENT (SPRING Only) 3 CREDITS

Prerequisite(s): MKTG 231. This course focuses on purchasing and materials management principles and practices; organization and functions in materials management; determination of requirements, source selection, buying practices, policies; and ethics applicable to public administration.

MKTG 438 MARKETING STRATEGY (FALL and SPRING) 3 CREDITS

Prerequisite(s): MKTG 231, MKTG 430, ECON 351 and Senior Standing. This course focuses on the application of marketing principles to specific marketing problems through case analysis, lectures, and reviews of current articles.

MSAR: ARABIC COURSE DESCRIPTION

MSAR 101 ELEMENTARY MODERN STANDARD ARABIC 3 CREDITS

This course will help students to acquire the ability to speak, read, write, and listen to Modern Standard Arabic at the elementary level. It also prepares students to learn any dialect. Aspects of Arabic culture will also be studied. Lab is required.

MUSA: APPLIED MUSIC COURSE DESCRIPTIONS

MUSA 101,102,201,202,301,302,401,402 APPLIED PIANO (FALL, SPRING) 2 CREDITS

Prerequisite: Permission or Audition by Instructor. This course is a study of the basic principles of piano playing, including scales, arpeggios, and etudes.

MUSA (Sec. 001 & 002) 103,104,203,204,303,304,403,404 JAZZ ENS./BIG BAND (FALL, SPRING) 1 CREDIT (001)

The BSU Jazz Ensemble is a select group of approximately 20 musicians who make up a fully instrumented "big band." Emphasis is placed upon the study of diverse jazz styles and literature, ensemble performance, and improvisation. Students will have the opportunity to arrange and compose music for performance and recording. Membership is by audition or invitation and is open to all BSU students.

(002)

The BSU "Big Band" is comprised of approximately 20 entry-level aspiring jazz musicians who make up a fully instrumented "big band." Emphasis is placed upon the study of early styles of Jazz, Blues, Swing, Dixieland, etc., through "Bee Bop" with emphasis on improvisation and ensemble performance. Membership is by audition or invitation and is open to all BSU students.

MUSA 105,106,205,206,305,306,405,406 UNIVERSITY CHOIR (FALL, SPRING) 1 CREDIT

These courses provide a study and performance of classical, popular, folk, spirituals, and theater choral music. Open to all Bowie State University students through audition.

MUSA (Sec. 001 & 002) 107,108,207,208,307,308,407,408 CONCERT BAND /WIND ENS. (FALL, SPRING) 1 CREDIT (001)

The Concert Band is made up of approximately sixty instrumentalists that perform representative works in all styles from classical to contemporary. Membership is by audition or invitation and is open to all BSU students. The concert band typically performs in formal concert attire, which consists of tuxedos for the gentlemen and gowns for the ladies.

(002)

The Wind Ensemble is made up of approximately sixty instrumentalists that perform representative works in all styles from classical to contemporary. Membership is by audition only and is open to all BSU students. The wind ensemble typically performs in formal concert attire, which consists of tuxedos for the gentlemen and gowns for the ladies.

MUSA 109,110,209,210,309,310,409,410 SEMINAR (FALL, SPRING) 0 CREDIT

Prerequisite: Fine Arts Music Concentrations Majors. Fine Arts Music Concentration Majors are expected to participate on at least seven seminars and receive a satisfactory grade. All music students are required to attend each scheduled seminar (two per semester).

MUSA 111,112,211,212,311,312,411,412 RECITAL (FALL, SPRING) 0 CREDIT

Prerequisite: Fine Arts Music Concentrations Majors. Fine Arts Music Concentration Majors are expected to participate on at least seven seminars and receive a satisfactory grade. All music students are required to attend each scheduled seminar (two per semester).

MUSA 113,114,213,214,313,314,413,414 APPLIED GUITAR (FALL, SPRING) 2 CREDITS

Prerequisite: Open to all students through audition or permission of instructor. Course provides study and instruction for classical, popular and contemporary literature for guitar, scales, chord progressions and improvisation.

- MUSA 115,116,215,216,315,316,415,416 APPLIED PERCUSSION (FALL, SPRING) 2 CREDITS**
Prerequisite: Open to all students through audition. These courses provide individual instruction in techniques, musicianship, and repertoire for classical, contemporary, popular, show and theatre literature.
- MUSA 119,120,219,220,319,320,419,420 MARCHING BAND (FALL, SPRING) 1 CREDIT**
 These courses, which are presented in laboratory style, provide an opportunity for students to learn discipline, responsibility, and social awareness, with the ultimate goal being "performance". This goal is accomplished through rehearsal and performance of standard and contemporary repertoire, with emphasis given to sight-reading, interpretation, musicianship, improvisation, memorization, and choreographed physical movement.
- MUSA 121, 122, 221,222,321,322,421,422 VOICE MINOR (FALL, SPRING) 1 CREDIT**
Prerequisite: Audition or Permission of Instructor. These courses provide individual instruction in technique, musicianship and repertoire through solo and group performance.
- MUSA 123,124,223,224,324,325,423,425 GUITAR CLASS (FALL, SPRING) 1 CREDIT**
Prerequisite: Open to all students through audition or permission of instructor. Course provides study and instruction for classical, popular and contemporary literature for guitar, scales, chord progressions and improvisation.
- MUSA 125, 126, 225, 226, 256, 325, 326,425,426 APPLIED VOICE (FALL, SPRING) 2 CREDITS**
Prerequisite: Permission or Audition by Instructor. This course provides a study and instruction in the principles of breathing, phonetics, diction, scales, arpeggios and vocalism using selected styles and periods of music.
- MUSA 127,128,227,228,327,328,427,428 PIANO MINOR (FALL, SPRING) 1 CREDIT**
Prerequisite: Fine Arts Music Concentration Only; audition required. This course is the study of scales, chords, arpeggios, transposition, and harmonization for students with rudimental background in piano.
- MUSA 129,130,229,230,329,330,429,430 BRASS ENSEMBLE (FALL, SPRING) 1 CREDIT**
 These courses are an ensemble that performs contemporary and standard brass music, with emphasis given to sight reading, interpretation, and musicianship. Open to all Bowie State University students through audition.
- MUSA 135,136,235,236,335,336,435,436 PERCUSSION ENSEMBLE (FALL, SPRING) 1 CREDIT**
 These courses provide a study and performance of standard and contemporary percussion ensemble literature.
- MUSA 137,138,237,238,337,338,437,438 WOODWIND ENSEMBLE (FALL, SPRING) 1 CREDIT**
 These courses provide a study and performance of intermediate and advanced woodwind literature, both traditional and contemporary. Open to all Bowie State University students through audition.
- MUSA 143,144,243,244,343,344,443,444 GOSPEL CHOIR (FALL, SPRING) 1 CREDIT**
Prerequisite: Permission or Audition by Instructor. This course provides a study and performance of traditional, modern and contemporary gospel, anthems and spirituals.
- MUSA 145,146,245,246,345,346,445,446 APPLIED BASS (FALL, SPRING) 2 CREDITS**
Prerequisite: Permission or Audition by Instructor. This course provides a study and performance of traditional, modern and contemporary gospel, anthems and spirituals.
- MUSA 153,154,253,254,353,354,453,454 APPLIED TRUMPET (FALL, SPRING) 2 CREDITS**
 This course is a study of scales, arpeggios, and selected etudes and solos in all styles.
- MUSA 155,156,255,256,355,356,455,456 APPLIED SAXOPHONE (FALL, SPRING) 2 CREDITS**
Prerequisite: Permission or Audition by Instructor. This course provides a study of scales, arpeggios, and selected solos in classical, contemporary, jazz and popular literature.
- MUSA 157,158,257,258,357,358,457,458 APPLIED OBOE (FALL, SPRING) 2 CREDITS**
 This course is a study of scales, arpeggios, and selected etudes and solos in all styles.
- MUSA 159,160,259,260,359,360,459,460 APPLIED BASSOON (FALL, SPRING) 2 CREDITS**
 This course is a study of scales, arpeggios, and selected etudes and solos in all styles.
- MUSA 163,164,263,264,363,364,463,464 APPLIED TROMBONE (FALL, SPRING) 2 CREDITS**
 This course is a study of scales, arpeggios, and selected etudes and solos in all styles.
- MUSA 165,166,265,266,365,366,465,466 APPLIED EUPHONIUM (FALL, SPRING) 2 CREDITS**
 This course is a study of scales, arpeggios, and selected etudes and solos in all styles.
- MUSA 167,168,267,268,367,368,467,468 WOODWIND CLASS (FALL, SPRING) 1 CREDIT**
 This course provides small group instruction in technique, musicianship, and repertoire through group and solo performance.
- MUSA 169,170,269,270,369,370,469,470 BRASSWIND CLASS (FALL, SPRING) 1 CREDIT**
 This course provides small group instruction in technique, musicianship, and repertoire through group and solo performance.
- MUSA 171,172,271,272,371,372,471,472 APPLIED FLUTE (FALL, SPRING) 2 CREDITS**

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 173,174,273,274,373,374,473,474 APPLIED TUBA (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 175,176,275,276,375,376,475,476 APPLIED CLARINET (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 177,178,277,278,377,378,477,478 APPLIED FRENCH HORN (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 179,180,279,280,379,380,479,480 APPLIED VIOLIN (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 181,182,281,282,381,382,481,482 APPLIED VIOLA (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 183,184,283,284,383,384,483,484 APPLIED CELLO (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 185,186,285,286,385,386,485,486 APPLIED INSTRUMENTAL (FALL, SPRING) 2 CREDITS

This course is a study of scales, arpeggios, and selected etudes and solos in all styles.

MUSA 191,192,291,292,391,392,491,492 CLASS PIANO (FALL, SPRING) 2 CREDITS

Prerequisite: Audition or Permission of Instructor. This course provides group instruction in technique, musicianship, and repertoire designed to develop general keyboard facility with chords, scales, sight-reading, harmonization, transposing, and improvising. Open to all students with no previous instruction.

MUSA 195,196,295,296,395,396,495,496 VOICE CLASS (FALL, SPRING) 2 CREDITS

This course provides group instruction in technique of musicianship and repertoire through solo and group performance.

MUSC: MUSIC CONCENTRATION COURSE DESCRIPTIONS

MUSC 100 DEVELOPMENTAL MUSIC THEORY (FALL Only) 0 CREDIT

Fine Arts Majors Only. This course is a study of the physics of musical sounds, conventions of notation, fundamental musical grammar, melodic construction, cadences, and simple melodies harmonized with block chords.

MUSC 101 FUNDAMENTALS OF MUSIC (FALL, SPRING) 3 CREDITS

This course is a study of functional musical skills. Designed for the general student, this course provides instruction and drill in reading music, sight singing, recorder playing, and keyboard harmony.

MUSC 102 JAZZ WORKSHOP (FALL, SPRING) 3 CREDITS

This course is a study of functional musical skills. Emphasis is placed upon the study of diverse jazz styles and literature, ensemble performance, and improvisation.

MUSC 110 INTRODUCTION TO ELECTRONIC MUSIC (FALL, SPRING) 3 CREDITS

Prerequisite/s: Required for all Fine Arts Majors. Prior knowledge of music fundamentals will assist in the understanding of course materials. Open to all BSU students. Introduction lab design to learn software programs used to sequence and notate music. Comprehension of MIDI (Musical Instrumental Digital Interface) music is developed through application of digital and electric music devices interfaced with the computer using step-time and real-time applications.

MUSC 111 KEYBOARD TECHNOLOGY 1 (FALL, SPRING) 2 CREDITS

Prerequisite/s: MUSC 110: This course is designed to develop knowledge of keyboards and synthesizers, through the use of MIDI. Students learn how to sequence, using cord symbols, pre-recorded music examples and sheet music.

MUSC 112 KEYBOARD TECHNOLOGY II (FALL, SPRING) 3 CREDITS

Prerequisite: MUSC 111: Continuation of MUSC 111. Preparation of music using analog instrument and synthesized sounds. Creating drum tracks for various styles of music.

MUSC 145 MUSIC HISTORY TO 1810 (FALL Only) 3 CREDITS

Fine Arts Majors only. This course is a study of the history of music from the early Christian Era through the music of Early Beethoven.

MUSC 146 MUSIC HISTORY SINCE 1810 (SPRING Only) 3 CREDITS

Fine Arts Majors Only. This course is a study of the history of music from the middle period of Beethoven to the present time.

MUSC 155 BASIC MUSIC THEORY (THEORY I) (FALL Only) 3 CREDITS

Fine Arts Majors Only. This course is a study of the physics of musical sounds, conventions of notation, fundamental musical grammar, melodic construction, cadences, and simple melodies harmonized with block chords.

MUSC 156 INTERMEDIATE MUSIC THEORY (THEORY II) (SPRING Only) 3 CREDITS

Fine Art Majors Only. This course is a study of functional harmony using figured bass, inversions, seventh chords, secondary function, non-chord, and embellishing tones. A study of the intermediate forms; keyboard drill will include harmonization's from simple figured bass and popular music chord symbols and the development of variety in accompaniment patterns.

MUSC 157 SIGHT-SINGING (FALL, SPRING) 2 CREDITS
This course is a systematic applied study of sight-singing with tonic Sol-Fa and Solfege syllables designed to develop the interval and rhythmic aspects of the art through solo and group performance.

MUSC 165 STRING METHODS I (FALL Only) 1 CREDIT
This course provides an introduction to string methods and pedagogy, including solo and group performance. Emphasis is on methods of teaching and routine maintenance of the instruments.

MUSC 166 STRING METHODS II (SPRING Only) 1 CREDIT
This course provides an in depth study of string methods and pedagogy, including solo and group performance on various instruments in the string family. Emphasis is on methods of teaching and routine maintenance of the instruments.

MUSC 195 ORGAN (FALL, SPRING) 1 CREDIT
Prerequisite: Audition or Permission of Instructor. This course provides instruction in technique, musicianship, and repertoire designed to develop facility on the organ including chords, scales, sight-reading, harmonization, transposition, and improvisation.

MUSC 211 KEYBOARD & COMPUTER SEQUENCING (FALL, SPRING) 3 CREDITS
Prerequisite/s: MUSC 110. Use Cakewalk Home Studio, Master Tracks Pro Audio and Power Tracks Audio to develop computer sequences in step-time and real-time formats. Prepare sequences and drum tracks from Midi to Wave files for recording on CDs.

MUSC 212 COMPUTER NOTATIONS (FALL, SPRING) 3 CREDITS
Prerequisite/s: MUSC 110, MUSC 155. Sibelius notation software is used to prepare lead sheets, small and large ensemble compositions for performance. Learn about other popular notation software packages for both the PC and MAC platforms.

MUSC 245 VOCAL LITERATURE I (FALL Only) 2 CREDITS
Fine Arts Majors, Vocal Majors and Minors. This course is a study of Vocal Literature designed to strengthen the singer's knowledge of Italian, German, French, Spanish, and English repertoire, with a practical application through performance of the literature.

MUSC 246 VOCAL LITERATURE II (SPRING Only) 2 CREDITS
Prerequisite/s: MUSC 245. Fine Arts Majors, Vocal Majors and Minors. This course is a continuation of the study of Vocal Literature designed to strengthen the singer's knowledge of Italian, German, French, Spanish, and English repertoire, with a practical application through performance of the literature.

MUSC 247 BAND AND ORCHESTRA LITERATURE (SPRING Only) 2 CREDITS
This course is a study of representative works written for band and orchestra in all styles from classical to contemporary.

MUSC 255 ADVANCED MUSIC THEORY (THEORY III) (FALL Only) 3 CREDITS
Prerequisite/s: MUSC 156. This advanced music theory course will provide students with a professional command of the mechanics of contemporary music. Students will be able to recognize, understand, and describe the basic materials and processes of music that are heard or presented in a score. This will be accomplished by addressing fundamental aural, analytical, and compositional skills using both listening and written exercises.

MUSC 256 CONTEMPORARY MUSIC THEORY (THEORY IV) (SPRING Only) 3 CREDITS
Fine Arts Majors only. This course is a study of 20th Century music idioms including extensions of tertian harmony, the twelve-tone system, jazz harmony and aleatoric techniques. Keyboard drill will include modulation and transposition to all keys as well as further development of score reading and harmonization skills.

MUSC 265-266 WOODWIND CLASS METHODS (FALL, SPRING) 1 CREDIT
Prerequisite: Junior Level Standing mandatory. These courses provide an introduction to playing strings, woodwinds, brass and percussion instruments through solo and group performance. Emphasis is on methods of teaching and routine maintenance of the instruments.

MUSC 301 DICTION AND VOCAL LITERATURE I (FALL Only) 2 CREDITS
Fine Arts Majors, Vocal Majors and Minors. This course is a study of diction and Vocal Literature designed to strengthen the singer's knowledge of Italian, German, French, Spanish, and English diction, through the fundamental use of the International Phonetic Alphabet (IPA), with practical application through the study and performance of vocal literature.

MUSC 302 INTRODUCTION TO MUSIC (FALL, SPRING) 3 CREDITS
This course is an exploration of representative music literature for various media from all periods with emphasis upon the functions of the various forms. It fuses music, art and history, and the development of aural perceptions through class and extra-class listening.

MUSC 304 DICTION AND VOCAL LITERATURE II (SPRING Only) 2 CREDITS
Fine Arts Majors, Vocal Majors and Minors Only. This course is a study of the technical aspects of vocal music and in depth survey of historical and current musical literature emphasizing English and French.

MUSC 306-307 INSTRUMENTAL METHODS (FALL, SPRING) 3 CREDITS
Prerequisite: Junior Level Standing mandatory. These courses provide an introduction to playing strings, woodwinds, brass and percussion instruments through solo and group performance. Emphasis is on methods of teaching and routine maintenance of the instruments.

- MUSC 311 ELECTRONIC COMPOSITION AND ARRANGING I (FALL Only) 2 CREDITS**
Prerequisite: MUSC 211, MUSC 156. This course is designed to create compositions for all types of ensembles used in commercial song and jingle writing. Chord symbols and chord progressions are employed to develop composition for live and electronic performance. Project-based curriculum using the electronic music keyboard and MIDI.
- MUSC 312 ELECTRONIC COMPOSITION AND ARRANGING II (SPRING Only) 3 CREDITS**
Prerequisite: MUSC 311, MUSC 156. Continuation of MUSC 311. Song and jingle writing for large ensembles using orchestral and big and big band instrument combinations. Project-based curriculum using electronic music keyboard and MIDI.
- MUSC 345 BLACK AMERICAN MUSIC (FALL, SPRING) 3 CREDITS**
Prerequisite for MUSC 345 is ENGL 101. This course is a study of the history of Black American Music from 1819 to the present. Designed for the general student.
- MUSC 355 COUNTERPOINT (FALL Only) 2 CREDITS**
Prerequisite/s: MUSC 156. In this course the student will study and write music in which two or more melodic lines, that display an individual and differentiated melodic contour and rhythmic profile, sound together.
- MUSC 356 FORM & ANALYSIS (SPRING Only) 2 CREDITS**
Prerequisite/s: MUSC 156. In this course the student will study the principles of voice-leading and chord progression for chromatic harmony, including Neapolitan 6th and Augmented 6th chords. The student will analyze and make interpretive decisions about major musical forms and be able to identify and articulate formal elements in music of the common practice period with sensitivity to large-scale shape, form, motif relationships, harmonic organization, proportion, the musical function of different parts, and their expressive and cultural implications.
- MUSC 367 ELEMENTARY SCHOOL METHODS (FALL Only) 3 CREDITS**
Prerequisites: EDUC 101, EDUC 201, English Proficiency Examination, Praxis, and admission to Music Teacher Education. This course is a study of the history and theory of early childhood music education. Emphasis is placed on the skills and processes needed for the design and implementation of optimal learning environments and exploration of issues related to societal and cultural influences on young children's education, as well as significant learning theories.
- MUSC 368 SECONDARY SCHOOL METHODS (SPRING Only) 3 CREDITS**
Prerequisites: EDUC 101, EDUC 201, English Proficiency Examination, Praxis, and admission to Music Teacher Education. This is an integrated methods course of practices and processes related to teaching music in the secondary school. The course has two eight-week segments. First eight weeks: General methods for all secondary students. Second eight weeks: Specific methods in the content area (i.e. Vocal/General or Instrumental/Keyboard).
- MUSC 375 KODALY, ORFF, & DALCROZE METHODS (FALL Only) 3 CREDITS**
Prerequisites: EDUC 101, EDUC 201, English Proficiency Examination, Praxis, and admission to Music Teacher Education. In this course the student will study the teaching methods of Zoltan Kodály, Carl Orff and Jacques-Emile Dalcroze which has as a basis teaching young children about music by engaging their mind and body through a mixture of singing, dancing, acting and the use of percussion instruments (i.e. xylophones, metallophones, glockenspiels).
- MUSC 376 VOCAL/GENERAL MUSIC METHODS (FALL Only) 3 CREDITS**
Prerequisites: EDUC 101, EDUC 201, English Proficiency Examination, Praxis, and admission to Music Teacher Education. This course is designed to present Music Teacher Education majors with appropriate music teaching methods and materials for effective K-12 general and vocal music teaching.
- MUSC 377 BEGINNING (Vocal & Instr.) CONDUCTING (FALL Only) 2 CREDITS**
Prerequisite/s: MUSC 245 or 247. This course will cover the fundamentals of aural and rehearsal skills, score analysis and baton technique. The student will learn conducting patterns as applied to elements of music such as tone, balance, diction, phrasing, and interpretation. The students will be introduced to selected concert band and choral literature up to and including grade V material.
- MUSC 378 ADVANCED (Vocal & Instr.) CONDUCTING (SPRING Only) 2 CREDITS**
Prerequisite/s: MUSC 377. This course will cover the study of selected wind, choral, and choral/orchestral literature at the most advanced levels for both small and large instrumental and choral ensembles. An intensive development of baton and rehearsal techniques and score preparation. The course will include the rehearsal and performance of major works from wind, choral, and choral/orchestral literature.
- MUSC 408/ART 470 SELF PROMOTION/MARKETING (FALL, SPRING) 3 CREDITS**
Prerequisite(s): Required business course for all MUTE students. Learn about contracts, marketing, management, and industry knowledge about the arts.
- MUSC 410 MULTIMEDIA RECORDING AND PRODUCTION I (Lab/Lecture) (FALL Only) 2 CREDITS**
Prerequisite/s: MUSC 156 and/or Permission of Instructor. Training in the use of the analog 4-track recorder, multi-track Hard Disk recorder, microphone selection, and recording techniques for home studios. Using Power Point and websites to create business plans. Introduction to Pro Tools production software/hardware.
- MUSC 411 MULTIMEDIA RECORDING AND PRODUCTION II (Lab/Lecture) (SPRING Only) 3 CREDITS**
Prerequisite/s: MUSC 410 and Senior Standing. Course uses Pro Tools exclusively to prepare for Senior Project.
- MUSC 455 VOCAL-INSTRUMENTAL ARRANGING (FALL, SPRING) 2 CREDITS**

This course is a study of the techniques of writing for a variety of vocal instrumental ensembles of all age groups, accompanied and a cappella. The student will prepare at least six (6) complete arrangements suitable for duplication and performance by ensembles from Easy to Advanced levels.

MUSC 456 ORCHESTRATION (FALL, SPRING) 2 CREDITS

Prerequisite/s: MUSC 156. Orchestration students will learn the characteristics and idiomatic writing techniques for each orchestral instrument family: strings, brass, woodwinds, and percussion, as well as approaches for writing for full orchestra. The course allows students to use the Digital Audio Workstation (DAW) program of their choice, including Digital Performer, Logic, Cubase, SONAR, or Pro Tools.

MUSC: MUSIC CONCENTRATION COURSE DESCRIPTIONS (Cont.)

MUSC 457 JAZZ STUDIES (FALL, SPRING) 3 CREDITS

Prerequisite/s: MUSC 102 and 156. Both a practical and theoretical course, Jazz Studies will include a detailed study of chord/scale relationships, ear training modes, scales and chords, transcription exercises, basic blues forms and AABA forms, re-harmonization and scale theory of the major modes, whole tone and diminished scale. Aural and theoretical analysis of transcribed solos is included and students will also be expected to memorize and improvise over a number of jazz standards, including blues, modal compositions and ii-V7-I tunes, using these theoretical concepts. The student will also be given a basic knowledge of Jazz history from 1945 to the present with required listening and reading assignments outside of class. Areas covered include stylistic analysis of contemporary jazz, major representative artists and the influence of preceding styles on subsequent ones.

MUSC 465 PERCUSSION CLASS METHODS (SPRING Only) 3 CREDITS

Prerequisite: Junior Level Standing Mandatory. Students will learn fundamental concepts of percussion equipment and its organization, performance skills, and pedagogical skills applicable in K-12 school music programs. Course topics include organization of the school percussion program, teaching rhythm, equipment selection and maintenance, sound production concepts, fundamental instrumental techniques, and pedagogical techniques and methods of private and group instruction. Instruments studied include concert snare drum, marching percussion, keyboard percussion, orchestral accessories, Latin percussion, timpani, and jazz drum set. Study the organizational skills and information required to develop a quality percussion program, including instrument purchasing, maintenance, inventory, storage, and transport.

MUSC 468 ELEMENTARY & SECONDARY STUDENT TEACHING (FALL, SPRING) 12 CREDITS

Prerequisite(s): Senior Level Standing in Music Teacher Education, completion of all methods courses and Praxis II. In this course the student participates in all of the activities of the teacher in the classroom, in the school, and in the community. Beginning with a period of observation and orientation, the student receives assignments of increasing difficulty from the cooperating teacher until he/she is capable of assuming full responsibility for teaching. The semester is divided into an eight-week assignment in the intermediate and an eight-week assignment in the primary grades. The practical experience is accompanied by a regularly scheduled seminar. The student teacher follows the entire schedule of the school at which the student is placed.

NURS: NURSING COURSES DESCRIPTIONS

IDIS 210 WOMEN'S HEALTH ISSUES 3 CREDITS

This lecture course examines selected women's health issues. Special emphasis is placed on physical and psychological changes that occur throughout a woman's cycle, with special consideration given to diverse populations. Students gain a better understanding of preventive health practices, common health concerns, and resources available to address these concerns. This course is open to anyone interested in the health of women in America. Non-nursing majors only

Lecture

IDIS 450 ALTERNATIVE INTERVENTIONS FOR HEALTH AND WELLNESS 3 CREDITS

This is a survey course designed to examine relationships among the human, body, mind, behavior, and health states. Various modes for interventions with human coping, health promotion, and wellness maintenance will be explored as alternatives or complements to more traditional approaches to the human health dilemma. Emphasis is given to increasing students' level of knowledge about alternative intervention practices and to selected practical applications.

Lecture

IDIS 460 TRANSCULTURAL HEALTH AND WELLNESS 3 CREDITS

The course content is designed to increase students' knowledge level and professional awareness concerning health and wellness practices in a trans-cultural society. Theoretical models and data collection guides are used to explore the ways and conditions under which individuals define their health status and implement health practices. Cultural factors that may influence illness behaviors and health promotion activities are examined.

Lecture

IDIS 470 ETHICAL ISSUES IN HEALTH CARE 3 CREDITS

This lecture/discussion course is designed to introduce students to the basic concepts, theories, principles, and critical thinking processes relevant to health care ethics. Content will focus on ethical issues commonly encountered in daily practice in health care and in health care delivery systems. Important ethical issues in health care and health care delivery will be reviewed and analyzed. The pivotal role of the health care practitioner in the quality of day-to-day delivery of care and the changing health care system will be addressed from an ethical perspective.

Lecture

NURS 101 PROFESSIONAL NURSING PERSPECTIVES 2 CREDITS

The content of this course is designed to introduce students to the profession of nursing. Historical aspects of nursing and the health care delivery system will be discussed. Content will also focus on the concepts needed to form therapeutic nursing relationships with clients. Concepts related to the discipline of nursing will be introduced as the foundation for continued study.

Prerequisites: Completion of Math 125/141 and Engl 101 with a grade of "C" or better

Lecture

NURS 201 FOUNDATION OF NURSING PRACTICE I 3 CREDITS

This course introduces the student to the scientific principles of foundational concepts, theory and technical skills. Concepts that frame the curricula are introduced: caring behaviors, communication, culturally congruent care, ethical frame work, legal aspects, critical thinking, leadership, research and professional nursing role. Using simulated labs, computer programs and videotapes, the student will develop and master selected psychomotor skills.

Prerequisites: Admission to the Baccalaureate Nursing Program, NURS 101, BIO 311, CHEM 107

Lecture/Laboratory

NURS 203 Foundation of Nursing Practice II 4 CREDITS

This course builds on the concepts and principles presented in Foundation of Nursing Practice I. There will be a continued focus on the application of the nursing process, and the ongoing development of competencies in providing care for individuals using basic nursing skills in the clinical settings. Learning opportunities are provided in the classroom, and the skills laboratory, to enable students to apply skills and theory. In addition, therapeutic communication techniques in nurse client interactions are developed. Students are introduced to research and evidence-based practice in clinical practice.

Prerequisites: BIOL 310, BIOL 312, NURS 201

Lecture/Clinical

NURS 215 NUTRITION IN HEALTH AND DISEASE 3 CREDITS

This lecture course provides students with content related to principles of nutrition; therapeutic nutrition of specific clinical disorders and current consumer nutrition related issues.

Prerequisites: CHEM 107 General Chemistry

Lecture

NURS 302 HEALTH ASSESSMENT 3 CREDITS

This course is designed to expand the student's interpersonal, cognitive, and psychomotor skills when defining parameters of wellness. The focus is assessment of the physiological, psychosocial, developmental, cultural, and spiritual well-being.

Lecture/Laboratory

NURS 308 PHARMACOLOGY 3 CREDITS

This course is designed to introduce the nursing student to the basic principles of drug therapy and drug classifications, focusing on adverse reactions and contraindications, therapeutic indications and nursing implications. It explores the role of the nurse in drug management, with consideration of social, economic, and technological changes.

Prerequisites: Completion of NURS 203 and NURS 302 with a grade of "C" or better.

Lecture

NURS 315 PATHOPHYSIOLOGY 3 CREDITS

This course builds on Anatomy and Physiology I and II to discuss the affect of diseases on the body. Principles of bodily responses are explored so that the student has working knowledge of alterations in the physiological changes leading to illness and disease. This course serves as the basis for understanding adult health/illness and for developing nursing interventions and strategies. Functional changes associated with or resulting from disease or injury are discussed. The content is designed to enhance the knowledge and understanding of cellular function so that the student can correlate pathophysiology to clinical manifestations, and the related diagnostic tests and treatment.

Prerequisites: Completion of BIOL 311 and BIOL 312 with a grade of "C" or better.

Lecture

NURS 348 ADULT PRACTICE 3 CREDITS

This course prepares the student to care for adult clients in various settings. Course content includes theories related to health promotion, risk factors, and major acute and chronic health problems of adults. Applying the curriculum concepts (communication, culturally congruent care, research, professional nursing role, leadership, caring behaviors, legal and ethical guidelines, and critical thinking), the student completes holistic assessments and implements therapeutic nursing interventions for adult and older adults in acute and community-based settings.

Prerequisites: Completion of NURS 203, NURS 215, NURS 302, all general education courses of the freshmen and sophomore year of the progression plan with "C" or better.

Lecture

NURS 349 ADULT PRACTICE CLINICAL 2 CREDITS

This clinical course is taken concurrently with NURS 348. The clinical experiences designed for this course will allow the student to demonstrate understanding of curriculum concepts through application of the nursing process. Students will provide care to adult clients in acute and community settings.

This course must be taken concurrently with NURS 348

Clinical

NURS 350 NURSING PRACTICE: CONCEPTS 3 CREDITS

This course is designed to introduce the student to concepts and theories that are the foundation of evidenced-based nursing practice. The relationship among theory, research, and practice is discussed. The student is introduced to the conceptual framework for the curriculum (communication, culturally congruent care, research, professional nursing role, caring behaviors, legal and ethical guidelines, and critical thinking). Historical aspects of nursing and the health care delivery system will also be discussed.

Prerequisite: Admission to the RN to BS program

Lecture

NURS 368 GERONTOLOGICAL NURSING 2 CREDITS

This lecture course is designed to provide students with theoretical content related to the older adult client. It explores the needs of the aging population and implications for the professional nurse. Issues related to the older adult such as demographics, health policy, and ethical practices are explored.

Prerequisites: Completion of all general education and nursing courses of the freshmen and FALL sophomore year of the progression plan with a grade of "C" or better.

Lecture

NURS 380 MATERNAL, NEWBORN, AND WOMEN'S HEALTH 3 CREDITS

This course prepares the student to care for families during the childbearing phase of the life cycle. Students will apply curriculum concepts (client, health continuum, caring behaviors, cultural congruity, ethical framework, and legal framework) to aspects of nursing care for clients throughout preconception and the childbearing process, as well as the neonatal period up to the first six weeks of infancy. The course also includes content regarding the specific health needs of women throughout the lifespan.

Prerequisites: Completion of NURS308, NURS315, NURS348/459, NURS368 with a grade of "C" or better.

Lecture

NURS 381 MATERNAL, NEWBORN, AND WOMEN'S HEALTH 2 CREDITS

This clinical course must be taken concurrently with NURS 380. This clinical component focuses on nursing care of clients during the childbearing phase of the life cycle. The student completes holistic assessments and implements therapeutic nursing interventions for women, infants and families in acute care and community based settings. This course must be taken concurrently with NURS 380

Clinical

NURS 385 PSYCHIATRIC MENTAL HEALTH NURSING 3 CREDITS

This course examines the needs of clients experiencing behavioral health and/or psychiatric-mental health problems and the application process to restore, maintain and/or enhance mastery in life and role functioning. This course applies the Concepts-Based Curriculum Model as designed by the Bowie's State's Department of Nursing. Theories, principles, concepts and skills for promoting client mental health and well-being are stressed.

Prerequisites: NURS 308, NURS 315, NURS 348/349, NURS 368

Lecture

NURS 386 PSYCHIATRIC MENTAL HEALTH CLINICAL 2 CREDITS

This clinical course must be taken with NURS 385. This course focuses on the nursing care of clients with psychiatric- mental health and behavioral health needs and the nursing interventions required to restore, maintain, and/or enhance mastery in life and role functioning. Applying varying psychiatric mental health models, the student completes holistic assessments and implements therapeutic nursing interventions for the client in a variety of behavioral health settings.

This course must be taken concurrently with NURS 385

Clinical

NURS 390 WOMEN'S HEALTH ISSUES 3 CREDITS

This course examines health issues of women in relation to the various roles women play in society. Special emphasis is placed on physical and psychological changes that occur throughout a woman's life cycle. Students are assisted in gaining a better understanding of preventive health practices, common health concerns, and resources to address these concerns.

Lecture

NURS 400 INTRODUCTION TO NURSING RESEARCH 3 CREDITS

This course introduces students to general principles and concepts related to the research process in nursing practice and theory. Emphasis is given to: the role of the professional nurse as a consumer of research; expanding decision-making through the use of research findings; evaluating the usefulness of research findings for current practice.

Prerequisites: Elementary Statistics

Lecture

NURS 401 CONCEPTS IN FAMILY HEALTH 3 CREDITS

This course is designed to provide students with theoretical content and developmental theory related to family functioning and development. The emphasis is on concepts and theories pertaining to family structure, processes, and function. Stressors influencing family functioning are discussed. Interactive assignments working with families will provide opportunities for students to assess family structure, processes, and functions.

Pre-requisites: (RN students only) Completion of NURS 350, 302, and 368

Lecture

NURS 406 NURSING PRACTICE: COMMUNITY 3 CREDITS

This course is designed to provide students with skills necessary to assess and critically analyze at-risk aggregates and global communities. The student will develop skills to identify, prioritize, and plan culturally congruent care, which emphasizes health promotion and illness prevention. This course prepares the student to apply the core concepts of the Department of Nursing while providing care for families, aggregates, and global communities. Selected theories applicable to community and public health nursing practice are emphasized. Community assessment, epidemiology, health belief and health promotion models, health education, stress and crisis, cultural diversity, and major health problems of vulnerable communities are stressed.

Prerequisites: Completion of Junior year nursing courses and NURS 400 with a grade of "C" or better.

Lecture

NURS 409 CLINICAL CONCEPTS IN COMMUNITY HEALTH 2 CREDITS

This clinical course must be taken concurrent with NURS 406. It will provide students with opportunities to participate in caring for clients in various health settings as a component of their community health experience. Students will apply knowledge and skills from nursing and public health sciences to expand their understanding of caring for a community's health. The student will provide professional nursing care for the individual, family, or group in community settings. The student is guided in the nursing process to develop and evaluate primary, secondary, and tertiary prevention intervention strategies that assist the client to attain and maintain optimal health status.

This course must be taken concurrently with NURS 406

Clinical

NURS 410 CARE OF COMPLEX CLIENTS 3 CREDITS

This course prepares the student to care for clients experiencing serious or life-threatening illnesses. Course content includes theories related to critical care and selected acute health and terminal problems. Synthesizing the curriculum concepts, the student will evaluate the application of the nursing process when intervening for seriously ill or terminally ill clients.

Prerequisites: Completion of NURS 406/409, 415/416, with a grade of "C" or better.

Lecture

NURS 411 CARE OF COMPLEX CLIENTS CLINICAL 2 CREDITS

This clinical course focuses on the nursing care of critically ill clients. The student will complete holistic assessments, and implement and evaluate therapeutic nursing interventions for critically ill clients in a variety of critical care settings.

This course must be taken concurrently with NURS 410.

Clinical

NURS 412 TRANSITION INTO PROFESSION NURSING PRACTICE CLINICAL 2 CREDITS

The clinical portion of the course provides opportunities for students to implement strategies to solve a management problem. Students will have the opportunity to manage a unit, group of clients/or peers and collaborate as members of the health care team in response to the wealth of ethnic and culturally diverse clients and staff. In addition, students complete an organizational assessment. Various health settings may be utilized within the community to enhance learning. As the culminating course of the curriculum, emphasis is placed on synthesis of curriculum concepts and their applicability to professional nursing practice.

This course must be taken concurrently with NURS 425

Clinical

NURS 415 NURSING CARE OF THE CHILD AND FAMILY 3 CREDITS

This course provides the student with the knowledge and skills required for the provision of therapeutic and culturally congruent nursing care, to children and their families. Course content includes growth and development of the child and adolescent, the changing family structure and its impact on the child. Students will examine the social, economic, political and environmental factors affecting health promotion and illness prevention. Issues surrounding culture, religion, legal considerations, and ethics are discussed. Relevant nursing research and evidence-based interventions are presented. Prerequisites: Completion of NURS 380/381, NURS 385/386, NURS 400, SOWK 300 with a grade of "C" or better.

Lecture

NURS 416 NURSING CARE OF THE CHILD AND FAMILY CLINICAL 2 CREDITS

This clinical course focuses on the nursing care of children and adolescents within the family system. Applying the concepts of caring behaviors, communication, critical thinking, leadership, nursing process, and professional nursing role, students will implement therapeutic nursing interventions specific for selected children and adolescents in acute and community-based health care settings

This course must be taken concurrently with NURS 415.

Clinical

NURS 425 TRANSITION INTO PROFESSIONAL NURSING PRACTICE 3 CREDITS

This course is designed to provide students with an overview of content related to leadership and management theories and to examine multiple nursing issues. Emphasis is two fold: (1) it is placed on broadening students' understanding of the role(s) and responsibilities of professional nursing, and on recognizing the need for continuing professional learning and, (2) gaining an understanding of the role of the nurse in managing others in the provision of direct care to the client.

Prerequisite: Completion of NURS 415/416, and NURS 406/409 with a grade of "C" or better.

Lecture

NURS 499 NURSING COMPREHENSIVE EXIT EXAMINATION 0 CREDIT

This is a Pass/Fail exam that is required for all traditional baccalaureate nursing students. Successful completion of the Comprehensive exam is required to satisfy requirements for graduation.

Prerequisites: Taken Final Semester of Senior Year

Independent Study/Examination

PHED: PHYSICAL EDUCATION COURSE DESCRIPTIONS

PHED 103 COND & PHYSICAL FITNESS 1 CREDIT

Designed to introduce students to the concepts relevant to the maintenance of effective physical fitness. The course provides information contained in a sound exercise program which contributes to muscle strength, muscle endurance, flexibility, cardiovascular.

PHED 141 WEIGHT TRAINING 1 CREDIT

A course designed to acquaint students with the proper use of weights for the purpose of developing muscular strength and endurance. Students will be introduced to the Universal weight machine, Nautilus, and free weight equipment.

PHED 190 ELEMENTARY ACTIVITIES 1 CREDIT

Emphasis is placed on determining the unique contribution physical education plays in the total education of the child. Particular attention is placed on progression of activities (K-8) designed to improve the child's perceptual motor, physical, social, emotional, and intellectual development. The course also introduces to the students alternative and indirect teacher-learner approaches which will facilitate individual, master, or basic movement competencies. Potential classroom teachers are also introduced to movement strategies that can facilitate the cognitive learning process.

PHED 210 FIRST AID, CPR, SAFETY, 3 CREDITS

A course designed to provide students an opportunity to develop skills in standard and emergency first aid procedures and practices. Students are given instruction in cardiopulmonary resuscitation and standard first aid through the multi-media approach.

PHED 372 COACHING 2 CREDITS

The course is designed to provide young men and women who are preparing to become athletic coaches' insight into the coaching profession. The student will also have an opportunity to study the many facets involved in this field. There will not be any attempt by the professor to present idealized situations or to give a distorted view of a fun-and-games atmosphere in the coaching profession. The course is intended to be as realistic as the professor's biases will allow. Coaching is an exciting life but it is also demanding cutthroat and not without unhappy moments occasionally. No effort is made to discuss the techniques and mechanics of coaching a specific sport. The emphasis is to provide some insight into many of the intangibles of coaching.

PHED 398 COOP - PHED 4 CREDIT

PHED 402 METHOD/MATERIAL HEALTH 1 CREDIT

PHIL: PHILOSOPHY COURSE DESCRIPTIONS

PHIL 101 INTRODUCTION TO PHILOSOPHY (SPRING, FALL) 3 CREDITS

Prerequisite(s): ENGL 101. This is a general course designed to introduce students to the theory of knowledge, ethics, and metaphysics through a multicultural survey of the history of philosophy.

PHIL 103 INTRODUCTION TO THE PRINCIPLES OF REASONING 3 CREDITS

Prerequisite(s): ENGL 101. This course is an introduction to critical thinking skills, including informal FALLacies, diagramming arguments, deductive and inductive reasoning, and categorical logic.

PHIL 200 WOMEN AND PHILOSOPHY 3 CREDITS

Woman and Philosophy will examine the ways that feminist thinking, and women's perspectives more generally, have remapped the philosophical domain, and the ways in which philosophy, as an inherently critical discipline, have influenced our understanding of theoretical and practical problems of gender, race, and class.

PHIL 203 SYMBOLIC LOGIC (SPRING EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): ENGL 101. This course is an introduction that deals with the principles of reasoning, propositional logic, and FALLacies. Emphasis is placed on the proper use of argumentation, deductive and inductive reasoning, and the definition, meanings, and the symbolic translation of terms and sentences.

PHIL 204 INTRODUCTION TO THE OLD TESTAMENT 3 CREDITS

Prerequisite(s): ENGL 101. This course is a historical and literary study of the Old Testament, with consideration of the beliefs, the ideals, and the relevance to contemporary thought and problems.

PHIL 206 SURVEY OF WORLD RELIGIONS (FALL EVERY TWO YEARS) 3 CREDITS

This course is a multicultural survey of the religions of the world, including Native American religions, African religions, and religions originating in India, China, Japan, and the Middle East. Students will attain an understanding of different spiritual perspectives toward being in the world and death.

PHIL 207 RHETORIC OF BLACK AMERICANS (FALL EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): PHIL 101. This course is a critical and analytical investigation of the origins, content, topics, and awareness of the rhetoric of Black Americans. It includes a study of the dominant trends in political thought from the seventeenth century to the present.

PHIL 208 INTRODUCTION TO THE NEW TESTAMENT (FALL ONLY) 3 CREDITS

Prerequisite(s): ENGL 101. This course provides an introduction to the New Testament. Students will examine the historical context in which Christianity arose. They will examine the gospels, the traditions about Jesus, and the teachings of Jesus. Other genre, such as the major letters of Paul, and the book of Revelation will also be discussed. Students will gain an appreciation for the impact that social context, the theological agenda of the editors, and the intended reader had on the development of New Testament writing.

PHIL 209 PHILOSOPHY AND THEORY OF BLACK RELIGION (FALL ONLY) 3 CREDITS

This course will examine the genesis of the African-American religious tradition in North-America and the Philosophical world view that informs and sustains it.

PHIL 300 PHILOSOPHIES OF HUMAN NATURE 3 CREDITS

Prerequisite(s): PHIL 101 or PHIL 103. This course studies a number of different theories of what constitutes being human. This course is interdisciplinary because it includes naturalistic, dialectical, and feminist points of view. It is also multicultural, because it encourages examination of philosophical perspectives from around the world. Among the questions raised are: Do human beings have a (unique) nature? Do human beings have a (singular) destiny? Is there a divine being to which or to whom human beings are related? Will high technology computers be able to have conscious mental states? Are humans animals?

PHIL 301 PHILOSOPHY OF MIND AND MIND DESIGN (FALL ONLY) 3 CREDITS

Prerequisite(s): Eng. 101 or Phil 101 or 108. This course will critically assess the computational model of mind that has emerged in cognitive science by studying the traditional mind/body problem, the contemporary physicalist critique of Cartesian Dualism, the claims of strong artificial intelligence, and the symbol system hypothesis.

PHIL 305 ETHICS AND PUBLIC POLICY (SPRING EVERY TWO YEARS) 3 CREDITS

Prerequisite(s): PHIL 101, PHIL 103, or PHIL 203. This course is an introduction to the major trends in ethical theory, including the relativist, consequentialist, virtue, and deontological points of view. Students will apply theory and current public policy debates.

PHIL 400 INDEPENDENT STUDY IN PHILOSOPHY (SPECIAL PERMISSION ONLY) 3 CREDITS
Prerequisite(s): PHIL 101. Students will engage in a research project using guided readings. Students are required to complete a term paper and verbally defend the thesis of the paper. The subject must be approved by the department.

PHSC: PHYSICAL SCIENCE COURSE DESCRIPTIONS

PHSC 100 PHYSICAL SCIENCE (FALL, Winter, SPRING, SUMMER) 4 CREDITS
Prerequisite(s): MATH-099 or MATH 116 or MATH 125. This is a general science course which includes an introduction to selected topics in physics, chemistry, earth science, and astronomy.

PHSC 100 PHYSICAL SCIENCE (Hybrid-Blended Online Course) FALL and SPRING ONLY 4 CREDITS
Prerequisite(s): MATH 009, or MATH 116, or MATH 118 or MATH 125. This is a general science course which includes an introduction to selected topics in physics, chemistry, earth science, and astronomy. For this course lecture notes, laboratory procedures and laboratory exercises will be posted online, and **students show up in the lab once a week to do experiments.** Tests, quizzes and final exams are offered online.

PHSC 101 EARTH SCIENCE I (FALL, Winter, SPRING, SUMMER) 4 CREDITS
Prerequisite(s): MATH 099, or DVMT 080, or DVMT 090, or MATH 116, or MATH 118 or MATH 125. These courses consist of topics from the fields of astronomy, space exploration, geology, meteorology, oceanography, etc. These courses utilize lecture, demonstrations, student projects, and field experiences.

PHSC 101 EARTH SCIENCE (Hybrid-Blended Online Course) FALL and SPRING ONL. 4 CREDITS
Prerequisite(s): MATH 009, or MATH 116, or MATH 118 or MATH 125. This course consist of topics from the fields of geology, oceanography, meteorology, astronomy, etc. For this course lecture notes, laboratory procedures and exercises will be posted online and **students MUST participate in laboratory exercises, once a week on campus .** Tests, quizzes and final exams are offered online.

PHSC 111 ASTRONOMY (Periodically) 4 CREDITS
Prerequisite(s): MATH-099 or equivalent. This course is an introduction to classical and modern astronomy, including the main features of the solar system, the history of the stars and galaxies and a survey of recent discoveries in radio, X-ray, and gravitational astronomy. This course includes a variety of experiments and direct sky observations.

PHYS: PHYSICS COURSE DESCRIPTIONS

PHYS 205 INTRO TO MODERN PHYSICS 3 CREDITS
 Corequisite: PHYS 203. This course is an introduction to modern atomic and nuclear theories.

PHYS 251 PRINCIPLES OF PHYSICS I (FALL, SPRING, SUMMER) 5 CREDITS
Lecture/Lab. Students may not receive credit toward graduation for both PHYS 251 and PHYS 271. *Prerequisite(s): MATH 125 or MATH 141 (Grade C or Higher).* This is a non-calculus course covering statics, dynamics, and thermodynamics.

PHYS 252 PRINCIPLES OF PHYSICS II (FALL, SPRING, SUMMER) 5 CREDITS
Lecture/Lab. Students may not receive credit towards graduation for both PHYS 252 and PHYS 272. *Prerequisite(s): MATH 125 or MATH 141 with a C or Higher.* This is a non-calculus course covering electricity, magnetism, and optics.

PHYS 271 GENERAL PHYSICS I LECTURE/LAB (FALL, SPRING, SUMMER) 5 CREDITS
Prerequisite(s): MATH 225 with a C or higher. This is a calculus-based course covering statics, dynamics, oscillatory motion, and thermodynamics. **Students may not receive credit toward graduation for both PHYS 271 and PHYS 251.**

PHYS 272 GENERAL PHYSICS II LECTURE/LAB (FALL, SPRING, SUMMER) 5 CREDITS
Prerequisite(s): PHYS 271. This is a calculus-based course covering electricity, magnetism and optics. **Students may not receive credit towards graduation for both PHYS 272 and PHYS 252.**

PHYS 273 INTRO TO PHYSICS III (Periodically) 5 CREDITS
Prerequisite(s): PHYS 272. This is a calculus-based course covering modern physics. **Students may not receive credit toward graduation for both PHYS 273 and PHYS 205.**

PHYS 300 ENGINEERING GRAPHICS (Periodically) 3 CREDITS
Prerequisite(s): MATH 126. This course covers sketching, orthographic, isometric, and oblique projections; dimensioning; sections; lettering; geometric construction. It provides theory and practical applications in locations of points and lines; slope and bearing of a line; intersection of lines and planes; and intersection of surfaces.

PHYS 301 QUANTUM MECHANICS (Periodically) 4 CREDITS
Prerequisite(s): MATH 300 or Above. This course covers the origin of quantum theory, Schroedinger equation for simple systems, and Harmonic oscillator.

PHYS 302 NUCLEAR AND PARTICLE PHY (Periodically) 4 CREDITS
Prerequisite(s): PHYS 273 or Permission of Instructor. This course covers properties and atomic nuclei, their observation and interpretation; radioactive radiations, scattering, natural and induced disintegration; binding, excitation and structure of nuclei; various nuclear models; and is an introduction to elementary particles and their classification and Isospin, strangeness, and hypercharge.

PHYS 303 ELECT. AND MAGNETISM (Periodically) 4 CREDITS
Prerequisite(s): PHYS 272 or PHYS 252 and MATH 225. This course covers electric fields and potentials, dielectrics, steady currents, magnetic flux, electromagnetic induction, alternating currents, Maxwell's equations and their applications to electromagnetic waves and wave guides.

PHYS 305 OPTICS (Periodically) 4 CREDITS
Prerequisite(s): PHYS 252 or PHYS 272 and MATH 226. This course is an intermediate study of physical and geometrical optics.

PHYS 308 MECHANICS I (STATICS) (FALL) 3 CREDITS

Prerequisite(s): PHYS 252 or PHYS 272 and MATH 226. This course covers concepts of statics, including force systems; equilibrium conditions; simple structures; distributed forces; shear force and bending moments.

PHYS 309 MECH DYNAMICS (SPRING) 3 CREDITS

Prerequisite(s): PHYS 308. This course covers concepts of dynamics, including kinematics of particles, velocity and acceleration; Newton's Laws of Motion; momentum; work; energy; dynamics of systems of particles; and kinematics and dynamics of a rigid body.

PHYS 310 APPLIED PHYSICS 5 CREDITS

This is an algebra-based course covering application of principles of Physics toward the creation of new and modification of existing designs in the fields of Mechanics, Fluid Dynamics, Thermodynamics, Electricity, Magnetism, and Optics. The emphasis is made on intensive computer aided design training strengthened by the requirement of design's theoretical analysis (preferably in the fields of medicine, robotics, or biotechnology). Students may not receive credit toward graduation for both PHYS 310 and PHYS 308 (Mechanics I. Statics), or PHYS 309 (Mechanics II. Dynamics).

PHYS 401 LINEAR NETWORKS (Periodically) 3 CREDITS

Prerequisite(s): PHYS 273 and MATH 300. This course covers signals and waveforms, average value and RMS network concepts; elements and parameters; Kirchhoff's laws; simple networks; energy and power, differential equations of networks and their solutions; phasors and steady-state analysis, measurement impedance concepts, resonance and filtering.

PSYC: PSYCHOLOGY COURSE DESCRIPTIONS

PSYC 101 GENERAL PSYCHOLOGY (FALL/SPRING) 3 CREDITS

This course is an introduction to basic research and theories in the field of psychology, including principles of learning, memory, brain and behavior relationships, developmental and social psychology, psychological measurement, and an overview of personality and psychological disorders and treatment.

PSYC 198 COOP-PSYC 12 CREDITS

PSYC 200 INTRODUCTION TO PSYCHOPATHOLOGY (FALL/SPRING) 3 CREDITS

(formerly Abnormal Psychology)

Prerequisite: PSYC 101. This course is an overview of abnormality throughout history in terms of definition, explanation, and treatment, followed by a contemporary focus on assessment and diagnosis. There is specific study of causes, epidemiology, symptoms, and treatment of the following: anxiety, somatoform, dissociative, bipolar, organic, delusional, and childhood disorders, schizophrenia, phobias, and depression.

PSYC 202 PSYCHOLOGY OF LEARNING (FALL/SPRING) 3 CREDITS

Prerequisite: PSYC 101. This course examines theory and research in animal and human learning, emphasizing findings from classical (Pavlov) and operant (Skinner) conditioning in terms of the processes of acquisition, extinction, discrimination, and generalization. It demonstrates how these types of learning have been applied to human problems in the form of cognitive-behavioral therapies.

PSYC 204 STATISTICS I (FALL/SPRING) 3 CREDITS

(formerly Elementary Statistics)

Prerequisites: PSYC 101, MATH 125. This course is an introduction to basic descriptive and inferential statistics as they are utilized in psychology and education.

PSYC 205 EXPERIMENTAL PSYCHOLOGY (FALL/SPRING) 4 CREDITS

Prerequisites: PSYC 101, PSYC 204. This course introduces students to the scientific underpinnings of psychology. Students learn about scientific theory, research methods, research ethics, research design and reporting, and scientific evaluation. Students get hands-on experience in developing and analyzing research methods.

PSYC 210 PSYCHOLOGY OF HUMAN SEXUALITY (Fall Only) 3 CREDITS

This course is designed to assist students in furthering their knowledge of the psychological aspects of sexuality. Topics investigated include psychosexual development, sexual identity, sexual norms, sexual problems/treatments, and research. Note: Although not required, HEED 200, Fundamentals of Sex Education is highly recommended.

PSYC 298 COOP-PSYC 12 CREDITS

PSYC 301 APPLIED BEHAVIOR ANALYSIS (FALL/SPRING) 3 CREDITS

(formerly Behavior Modification)

Prerequisite: PSYC 202. This course examines and evaluates techniques of behavior change based upon experimentally derived principles of learning as they are applied in clinical and education settings and in the home.

PSYC 302 CHILDHOOD AND ADOLESCENCE (FALL/SPRING) 3 CREDITS

Prerequisite: PSYC 101. This course is a study of physical, cognitive, and social development that occurs in childhood from birth to adolescence with emphasis on the interaction among the various domains in which development progresses.

PSYC 304 COGNITIVE PSYCHOLOGY (FALL/SPRING) 3 CREDITS

Prerequisite: PSYC 205. This course is designed to acquaint the students with the major explanations, principles, and applications of human cognition. It includes discussions of attention, concept formation, language, memory, problem solving, decision making and cognitive development.

- PSYC 307 PSYCHOLOGY OF PERSONALITY (FALL/SPRING) 3 CREDITS**
Prerequisite: PSYC 101. This course is a study of the theories of personality and an examination of research related to personality functioning. It includes a historical review and critical evaluation of the four basic perspectives (psychoanalytic, dispositional, phenomenological, and behavioral), their relation to different areas of psychology, and their application to everyday experience.
- PSYC 308 SOCIAL PSYCHOLOGY (FALL/SPRING) 3 CREDITS**
Prerequisite: PSYC 101. This course is a study of the behavior of individuals as influenced, directly or indirectly, by social context. It examines thinking, emotions, desires, and judgments of individuals as overt behaviors. Students study a wide range of social factors and do not adhere to one specific frame of reference. Many social institutions are included, i.e., socialization, family, church, school, sex, race, facial attractiveness, etc. Students are exposed to a wide range of social issues as they relate to the individual.
- PSYC 309 HISTORY OF PSYCHOLOGY (SPRING Only) 3 CREDITS**
 This course examines the development of psychology from early psycho/philosophical thought to more modern psychological developments. The influence of racist themes throughout the development of psychology is explored as well as its relationship to minority (especially African American) experiences in the United States of America. Students gain knowledge of some of the most important developments and figures in psychology's short history.
- PSYC 310 AGING, DEATH, AND DYING (SPRING Only) 3 CREDITS**
Prerequisite: PSYC 101. This course is a survey of the social, economic, psychological, and biochemical problems involved in understanding and accepting the process of aging and the experiences of the death of loved ones, friends, or acquaintances.
- PSYC 311 CROSS-CULTURAL PSYCHOLOGY (FALL/SPRING) 3 CREDITS**
Prerequisite: PSYC 101. This course examines the historical, theoretical, and methodological perspectives from which the study of culture and cultural differences emerge. It explores the impact of culture on the psychological development of humans. Specific topics will include how culture influences cognition, personality, social development, and psychopathology.
- PSYC 312 SPORT PSYCHOLOGY (SPRING Only) 3 CREDITS**
 This course presents research and applications in the domain of sport psychology. It also examines the historical background and issues of ethics in its practice.
- PSYC 320 PHYSIOLOGICAL PSYCHOLOGY (FALL/SPRING) 3 CREDITS**
Prerequisite: PSYC 101. This course provides students with an in-depth knowledge of the biological underpinnings of major behavioral and psychological aspects of human and/or animal actions. This knowledge encompasses an understanding of the basic structures and functions of the nervous system as well as the interaction between the environment, physiology and behavior.
- PSYC 321 SENSATION AND PERCEPTION (FALL Only) 3 CREDITS**
Prerequisite: PSYC 101, PSYC 320. This course examines research and theories related to our sensory experience of the objects and events in our environment. Each of the senses will be considered from biological and phenomenological perspectives. Topics will include psychophysics, vision, audition, speech perception, and the chemical senses.
- PSYC 330 HEALTH PSYCHOLOGY (FALL Only) 3 CREDITS**
Prerequisite: PSYC 101, BIOL 101 This course introduces students to the growing profession of Health Psychology. Students are exposed to the relevant background research, theory and practice goals related to the profession of Health Psychology. Students gain experience in the assessment and interpretation of health and behavior related measures.
- PSYC 398 COOP-PSYC 6 Credits**
- PSYC 401 PSYCHOLOGY OF DRUG USE AND ABUSE (FALL Only) 3 CREDITS**
Prerequisite: PSYC 101. This course examines how drugs affect psychological variables such as cognition, emotion, and behavior. The basic physiological mechanisms of pharmacokinetics and neurotransmission are explored. Their relation to the areas of mental health, addictions, and social issues are discussed in detail. Students' personal health and decision making are stressed within the context of age, gender, social stress, cultural diversity, and public policy. Prevention, treatment, and rehabilitation are considered for each of the several drug classifications.
- PSYC 403 INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY (SPRING Only) 3 CREDITS**
Prerequisites: PSYC 204, BUAD Majors: ECON 211. This course is a study of behavior as it occurs in business and the industrial environment. Content areas include the methodology of industrial psychology, personnel psychology, human factors, engineering psychology, human relations, and consumer psychology.
- PSYC 404 PSYCHOLOGICAL MEASUREMENT (FALL/SPRING) 3 CREDITS**
Prerequisites: PSYC 204 and PSYC 205. The study of individual and group psychological tests in the areas of aptitude, intelligence, and personality. Emphasis is given to the general principles involved in test construction and utilization.
- PSYC 407 FORENSIC PSYCHOLOGY (FALL Only) 3 CREDITS**
Prerequisite: PSYC 101. This course promotes an understanding of the relationship between psychology and law by showing how psychological research and theory can inform the legal process. It will examine issues related to forensic psychology, witness testimony and the social psychology of the courtroom. Topics will include witness credibility, criminal profiling, insanity and the law, jury selection, expert testimony and competency issues.

PSYC 410 GROUP DYNAMICS (SPRING Only) 3 CREDITS

Prerequisite: Junior or Senior standing. This course is an analysis of the role and function of group procedures with special emphasis on the elements of group process and interaction. Attention is given to the relevant research in group procedures. Group procedures are dealt with both at the didactic and experiential levels.

PSYC 412 EDUCATIONAL PSYCHOLOGY (SPRING Only) 3 CREDITS

Prerequisite: PSYC 101. This course is an application of learning processes and theories, individual differences, measurement, motivation, emotions, intelligence, problem solving, thinking and communication in educational settings.

PSYC 421 INDEPENDENT RESEARCH (SPRING Only) 3 CREDITS

Prerequisite: Permission of department chair. This course involves individual planning and execution of a research project under the direction of a faculty member.

PSYC 431 SEMINAR IN PSYCHOLOGY (FALL/SPRING) 3 CREDITS

Prerequisites: Psychology major with Senior standing or permission of instructor. This is a "capstone" course for graduate psychology majors. This course is designed to help students understand the research process and how it impacts the field and profession of psychology. Students are expected to demonstrate their understanding and implementation of concepts and procedures used in scientific research. Students are required to write a research proposal on a specific topic and present it to their peers.

PSYC 441 PRACTICUM IN PSYCHOLOGY (FALL/SPRING) 3 CREDITS

Prerequisites: Junior or Senior standing and prior arrangements with the Practicum Director. This course provides practical experience in settings where students are exposed to applied psychology in such areas as mental health, education, community facilities, and industry. This course requires a field placement, regular reports, readings, and periodic meetings with instructor. Application for practicum should be submitted one semester in advance.

PSYC 442 STATISTICS II (FALL/SPRING) 3 CREDITS

(formerly Data Analysis in Psychology)

Prerequisites: PSYC 204 and PSYC 205. This is a computer-based course, which builds on the skills and techniques learned in the Statistics I and Experimental Psychology courses. Bivariate measures and tests, as well as multivariate techniques are included. Students learn to work with an analytic software program and interpret results.

PUAD: PUBLIC ADMINISTRATION COURSE DESCRIPTIONS

PUAD 198 COOP-PUAD 12 CREDITS

PUAD 298 COOP-PUAD 12 CREDITS

PUAD 301 SURVEY OF PUBLIC ADMINISTRATIO 3 CREDITS

This introductory course in public administration is aimed at providing an overview of a variety of topics covering the field of public administration. Emphasis is on the theory and practice of the discipline. This course concentrates on the institutional development of American public administration, particularly as it has evolved over time. It covers the period of American public administrative thought development and thought from the 1880's up to the present time.

PUAD 302 RESEARCH METHODS IN PUBLIC ADM 3 CREDITS

The primary intent of this course to help students develop the knowledge, skills and abilities associated with the conceptual understanding and professional practice of public administration. The ultimate goal is to have students engage in collaborative, self-directed inquiry aimed at developing their ability to be more analytical. This course will benefit those who wish to increase their awareness of how problems are analyzed and solved in the public sector and provide them with a methodological approach for examining them.

PUAD 303 INTRODUCTION TO GOVERNMENTAL B 3 CREDITS

This course introduces students to the theory and practice of governmental budgeting. The course reviews the theoretical development of budgeting and the budgeting cycle (or process). Topics to be covered include a variety of budget formats, the role of politics in budgeting, fiscal management, capital budgeting and debt administration, and cutback management. Attention is given to developing the students' analytical and quantitative skill sets through exercises in forecasting, costing, efficiency measures, and analyses.

PUAD 304 INTRODUCTION TO PUBLIC POLICY 3 CREDITS

This introductory course is designed to teach undergraduate students the processes associated with public policy development, implementation and evaluation of policy at various levels of the public sector. It begins with a discussion of how a Congressional Bill becomes a public law. The course will answer the following questions: "What is public policy" "How is policy formulated" "When does the public policy process begin and end" "Is it an incremental process".

PUAD 398 COOP - PUAD 6 CREDITS

PUAD 410 PUB MGMT IN A MULTICULTURAL SO 3 CREDITS

This course will examine the management challenges and issues related to diversity in the 21st century. Multiculturalism, ethnocentrism, and the changing demographics will be discussed. Developing individual and organizational competencies will be a key focus of the course. Students will examine ways in which cultural and ethnic patterns shape management philosophies and the work ethic. They will also gain insight into how a diverse workforce fosters innovation and creativity in the work environment.

PUAD 411 MEDIA AND PUBLIC AFFAIRS 3 CREDITS

This course exposes students to the relevance of the media in matters related to public administration and public affairs. Dealing with the news media has long been a fact of life for public officials; but in recent years, the news media have undergone major transformations, calling into question some time-honored ways public officials have dealt with journalists. In the millennium, hundreds of media outlets compete for the reading, listening and viewing audiences as cable television channels proliferate, internet sources multiply, and talk radio explodes. At the same time, fewer media owners operate in this media landscape due to corporate mergers and acquisitions.

PUAD 412 MANAGING STATE AND LOCAL GOVER 3 CREDITS

This course is an examination of the interrelations among state, municipal, county governments, and school districts. The emphasis will be on how they are organized, structured, staffed and their service delivery formats. Students will also examine the importance of inter-local and inter-governmental relationships in the public how devolution has changed the way in which public programs are funded. Other areas of emphasis will include departmental functions, tax policy, and citizen participation as it relates to state and local governmental activities.

READ: READING COURSE DESCRIPTIONS

READ 100 LITERAL READING COMPREHENSION SKILLS (FALL, SPRING) 3 CREDITS

Required of all students who have been placed in the course by the University-approved Reading Placement Test. This interactive, web-enhanced course emphasizes study skills, test-taking strategies, vocabulary development, literal comprehension skills such as main idea and supporting details, and reading rate improvement.

READ 101 COLLEGE READING SKILLS I (SPRING) 3 CREDITS

This interactive, web-enhanced course emphasizes essential college reading skills, with focus on application of reading strategies such as critical analysis, interpretation, and evaluation to a variety of reading material, as well as accelerated reading rate improvement.

SCED: SECONDARY EDUCATION COURSE DESCRIPTIONS

SCED 302 ANALYSIS OF TEACHING 3 CREDITS

Prerequisite(s): English Proficiency Examination, EDUC 101, EDUC 201, PRAXIS I and admission to Teacher Education. This course provides an overview of the teaching process, basic concepts; techniques of diagnostic and prescriptive teaching; classroom management, instruments for assessing teaching performance; microteaching, disruptive students. NTE:PK must be taken during this course.

SCED 304 METH TCHNG SECONDARY 3 CREDITS

Prerequisite(s): PRAXIS I. This is an integrated methods course of practices and processes related to teaching in the secondary school. The course has two eight-week segments. First eight weeks: General methods for all secondary students. Second eight weeks: Specific methods in the content area. Practicum III is taken concurrently. NTE: Specialty is taken with this course.

SCED 305 PRACTICUM III 1 CREDIT

Prerequisite(s): PRAXIS I. This course enables observation of model lessons in an elementary classroom, examination of curriculum materials, and teaching of selected lessons under the supervision of a master teacher. The practicum is completed on a designated day each week and continues for the full day. This practicum must be taken with methods courses. PK is required to apply for Student Teaching. Application is made to Student Teaching.

SCED 401 DIR TCHNG & SEMINAR SCED 12 CREDITS

Prerequisite(s): Method courses and PRAXIS I required to apply. This is a semester-long course in which the student participates in all of the activities of the teacher in the classroom, in the school, and in the community. Beginning with a period of observation and orientation, the student receives assignments of increasing difficulty from the cooperating teacher until he/she is capable of assuming full responsibility for teaching. The semester is divided into an assignment in the middle and an assignment in the senior grades. The practical experience is accompanied by a regularly scheduled seminar. The student teacher follows the entire schedule of the school at which the student is placed.

SCED 450 METH TCHG READING SECOND 3 CREDITS

This course is designed to give secondary teachers an understanding of various approaches to teaching reading in subject matter fields. Exploration of recent research in the area, how-to lessons, and an examination of reading philosophy and literature as applicable to the secondary student

SOCI: SOCIOLOGY COURSE DESCRIPTIONS

SOCI 101 INTRO TO SOCIOLOGY (FALL, SPRING) 3 CREDITS

Note: This course is a Prerequisite(s) for all sociology/criminal justice majors. This course is a survey of basic concepts and formulations in sociology, such as functional, conflict, and interaction perspectives, as they are applied to the study of structure and process in society, from the group to the institutional level.

SOCI 198 COOP-SOCI 12 CREDITS

SOCI 201 WRITING FOR THE SOCIAL SCIENCE 3 CREDITS

The course allows students to refine their skills in scholarship and writing in the social sciences. Students address the issues of evidence, interpretation, methodology, and critique in social science research as part of a longer project.

SOCI 203 DEVIANT BEHAVIOR (SPRING Only) 3 CREDITS

Prerequisite(s): SOCI 101. This course examines various forms of deviant behavior, including homosexuality, alcoholism, mental illness, drug addiction, rape, child molestation, etc.

SOCI 211 CYBERSPACE, THE INDIV & SOC 3 CREDITS

Cyberspace is the name given to the space where humans and modern information/communications technology interact. This course explores the personal cultural and societal implications of cyberspace computer mediated communications (CMC) and the Internet. It examines contemporary technological advances comparing and contrasting them with the effects of previous technologies such as the printing press telephone radio and television. It presents current work in sociology psychology communications political science popular culture and information and computer science in order to help students gain an understanding of the impact that advanced information/communication technologies have on society: education business. religion civic engagement health care government commerce and international relations. Students taking this course should have a basic understanding of how to access readings communicate and conduct research online.

SOCI 232 WORLD POPULATION PROBLEMS 3 CREDITS

A study of the world population problems in broad perspective. Birth rates are analyzed and alternative strategies for population control are reviewed. Special emphasis is placed on large urban areas in Asia, South America, Africa, the Middle East and the United States.

SOCI 298 COOP-SOCI 12 CREDITS

SOCI 302 JUVENILE DELINQUENCY (FALL, SPRING) 3 CREDITS

Prerequisite(s): SOCI 101. This course examines the characteristics of American culture that create the problem of juvenile delinquency and provides students with comprehensive knowledge concerning the control, treatment, and rehabilitation of juvenile delinquents.

SOCI 304 SEX ROLES MARR & FAMILY (FALL, SPRING) 3 CREDITS

This course is a study of male/female roles in society, the processes of courtship and marriage, alternative forms of cohabitation, and the family institution.

SOCI 305 CRIMINOLOGY (FALL, SPRING) 3 CREDITS

Prerequisite(s): SOCI 101. This course is an examination of crime in the United States, the causes of criminal behavior, and problems of rehabilitation as related to crime.

SOCI 307 SOCIOLOGICAL THEORY (FALL, SPRING) 3 CREDITS

Prerequisite(s): Junior Standing (Second Semester). This course is a critical analysis of the development of sociological thought and concepts. Emphasis is on theoretical systems, and includes contemporary theory

SOCI 309 ELEM STATISTICS IN SOCI (FALL, SPRING) 3 CREDITS

Prerequisite(s): SOCI 101. This course is an introduction to techniques used to analyze and interpret data, and includes one-variable distributions, two-variable relationships, and statistical inference.

SOCI 310 RACE/ETHNIC RELATIONS (SPRING Only) 3 CREDITS

This course provides a sociological approach to the understanding of race/ethnic relations in the United States and elsewhere; analyzes various ethnic groups and the problem of assimilation.

SOCI 398 COOP-SOCI 6 CREDITS

SOCI 400 PRAC IN SOC/CRIM JUS (FALL, SPRING) 3 CREDITS

Prerequisite(s): Senior Standing and Prior Arrangements with Practicum Director. This course provides practical experience in settings where students are exposed to applied Sociology/CRJU in such areas as corrections, juvenile services, law enforcement agencies, and mental health, education, and community facilities. This course requires a field placement, regular reports, readings, and periodic meetings with the Practicum Director.

SOCI 407 RURAL SOCIOLOGY (SPRING Only) 3 CREDITS

This course is an analysis of the rural segment of our society and examines changes of rural society in relationship to the development of urban areas.

SOCI 408 COLLECTIVE BEHAVIOR (FALL Only) 3 CREDITS

This course is a study of the nature and dynamics of group interaction settings in which mobs, crowds, fads, social movements, public opinion, propaganda, and revolutions. Various types of disasters are also included. Special attention is given to current social movements, including revolutions throughout the world.

SOCI 409 URBAN PROBLEMS (FALL, SPRING) 3 CREDITS

This course is an overview of the history of and major social problems in the urban community, as well as the impact of public policies on urban life.

SOCI 410 GROUP DYNAMICS 3 CREDITS

SOCI 412 METH OF SOC RESEARCH (FALL, SPRING) 3 CREDITS

Prerequisite(s): SOCI 309. This course is a systematic study of the techniques and methods of sociological research, with emphasis on a critical analysis of the selection, formulation, and execution of research projects. Covers various modes of data collection and analysis.

SOCI 413 DATA ANALYSIS IN SOCIOLOGY (FALL, SPRING) 3 CREDITS

Prerequisite(s): SOCI 309 and SOCI 412. This is computer-based course which builds on the skills and techniques learned in the elementary statistics and research methods courses. Bivariate and multivariate analysis of data is included. Students learn to work with the Statistical Package for the Social Sciences (SPSS) and/or other analytic programs.

SOWK: SOCIAL WORK COURSE DESCRIPTIONS

SOWK 200 INTRODUCTION TO THE PROFESSION OF SOCIAL WORK (FALL, SPRING) 3 CREDITS

This course is designed to furnish the student with a broad understanding of the knowledge, skill, and value base of the profession. The developmental aspects and current trends in social work will be explored.

SOWK 201 SOCIAL WELFARE POLICY I (FALL ONLY) 3 CREDITS

Prerequisite(s): SOWK 200. This course is a study of the historical development of the American social welfare system. Includes an exploration of the values and attitudes of society, as well as the political and the bureaucratic system that channels the operational growth and development of social welfare programs.

SOWK 202 SOCIAL WELFARE POLICY II (SPRING ONLY) 3 CREDITS

Prerequisite(s): SOWK 201. This course provides an assessment of policy as it directly affects service delivery. Examines the responsibilities and roles of a generalist worker in policy development, policy clarification, and change in policy implementation. A conceptual as well as analytic framework is presented for the understanding and analysis of social welfare policy. Further, resource allocation as it relates to policy, planning, and service delivery is presented.

SOWK 208 INTRODUCTION TO FIELD OBSERVATIONS AND EXPERIENCES (FALL ONLY) 3 CREDITS

Prerequisite(s): SOWK 200. This course is designed to offer students an opportunity to enhance their knowledge of their roles as helpers and service-giving instruments. As participant observers, students will gain exposure that will assist them as they prepare for entry in the required field experience courses.

SOWK 300 STAGES OF DEVELOPMENT (FALL, SPRING) 3 CREDITS

Prerequisite(s): EDUC 201. This course is an examination of development as a lifelong process. Theories of development, developmental methodology, and idiographic approaches to adult development are pursued. The course is limited to the period from early adulthood to death, with emphasis on interaction between the changing person and the changing environment.

SOWK 301 HUMAN BEHAVIOR AND THE SOCIAL ENVIRONMENT 3 CREDITS

Prerequisite(s): EDUC 201 and SOWK 300. This course is designed to equip students with a basic understanding of the growth, development, and behavior of the adult individual. Special emphasis is placed on examining growth, behavior, and the environment from a systems perspective.

SOWK 302 SOCIAL WORK RESEARCH (SPRING ONLY) 3 CREDITS

Prerequisite(s): PSYC 204 or SOCI 309. This course is a study of the scientific research method as it specifically relates to social work research and practice. Emphasis is on designs and techniques that are most appropriate for social work research. The course will assist the student in the utilization of research and evaluations for the purpose of making practice decisions. It will prepare the student for analyzing practice and programs in an objective way.

SOWK 303 POVERTY: MYTHS AND REALITIES (FALL ONLY) 3 CREDITS

This course is designed to increase awareness of the many facets of poverty in America and its effects on various segments of society. The effects of social and public policy on the poor are examined, as are myths about poverty and the poor.

SOWK 305 SOCIAL WORK AMONG CHILDREN (SPRING) 3 CREDITS

Prerequisite(s): EDUC 201 or PSYC 101, or permission of instructor. This course provides a comprehensive view of the wide variety of child welfare services and programs that exist to meet the needs of children.

SOWK 306 SOCIAL WORK WITH BLACK FAMILIES (FALL, SPRING) 3 CREDITS

This course is designed to give students an opportunity to gain knowledge about the Black family in contemporary society and about the impact of social changes on the family system. Attention is focused on sex role expectations, courtship, parenting, and kinship relationship patterns. In addition, methods and points of intervention are examined.

SOWK 307 SOCIAL WORK IN THE HEALTH FIELD (SPRING) 3 CREDITS

This course is an examination of the health care crisis in America and the social work profession's attempts to respond. Focuses on the impact of social policy on the availability of health services, as well as on the existing health services. Provides an opportunity for students to acquire general knowledge and understanding of the effects of illness on individual and family functioning and the role of the social worker in the health field.

SOWK 308 REALITIES OF AGING (FALL Only) 3 CREDITS

This course is designed to expand knowledge and understanding of aging as a part of the life cycle and enable students to function effectively within the framework of service delivery systems for aging persons.

SOWK 309 SOCIAL WORK AND ADDICTIONS (FALL, SPRING) 3 CREDITS

This course provides an opportunity to explore various facets of addictive life styles. Attention is also given to the role of the social worker as well as the social work profession in effecting more meaningful social services. Social attitudes, social policy, and social programs are also areas of concern.

SOWK 310 LAW AND SOCIAL WORK (SPRING Only) 3 CREDITS

This course is an examination of law as a mechanism for citizen protection, an avenue for social change, and a measure of social control, as well as an explanation of the relationship between law and social work.

SOWK 311 SOCIAL WORK IN CORRECTIONS (SPRING Only) 3 CREDITS

This course is designed to systematically explore and analytically view modern trends in corrections, as well as assess the role of the social worker in correctional institutions and outpatient settings.

SOWK 400 SOCIAL WORK METHODS I (SPRING Only) 3 CREDITS

Prerequisite(s): SOWK 202. The initial course of the methods sequence presents a conceptual framework that covers the basic elements of social work practice. Specific attention is given to development of interpersonal skills needed for social work practice and to the understanding of the problem-solving practice model.

SOWK 401 SOCIAL WORK METHODS II (FALL Only) 3 CREDITS

Prerequisite(s): SOWK 400. This is the second course of the methods sequence. Builds on the conceptual framework that covers the basic elements of social work practice by focusing attention on the interventive, evaluative, and termination phases of the social work process.

SOWK 402 FIELD INSTRUCTION I (AND SEMINAR) (FALL Only) 5 CREDITS

Prerequisite(s): SOWK 202. A course designed to provide practice experience through placement in a community agency or program. Emphasis placed on understanding the programs and services of the agency, together with interviewing, initial contact with clients, data collection and recording of data; 16 hours per week, two days per week.

SOWK 403 FIELD INSTRUCTION II (AND SEMINAR) (SPRING Only) 5 CREDITS

Prerequisite(s): SOWK 401 and SOWK 402. This course is a continuation of practice experiences in direct service delivery systems, with increased emphasis and demonstration of knowledge, values, and skills in interpersonal relationships, data collection and analysis, termination, and evaluation. Students must complete Field Instruction I prior to enrolling in this course; 16 hours per week, 2 days per week.

SOWK 404 SOCIAL AND ETHICAL ISSUES SEMINAR (SPRING Only) 3 CREDITS

Prerequisite(s): Seniors only or permission of instructor. This course is designed to give the student an opportunity to research, analyze, and discuss current social welfare and social work issues. Strategies for interventions to produce social change are studied.

SOWK 405 SOCIAL WORK WITH GROUPS (FALL Only) 3 CREDITS

This course is designed to provide the student with the opportunity to gain knowledge of group processes. Various practice models and their appropriate uses in social work practice are examined.

SOWK 406 SOCIAL WORK WITH COMMUNITIES (FALL Only) 3 CREDITS

This course is designed to furnish the student with a broader knowledge of community systems and planning as a method of intervention. It explores the process of social planning at the community level, with specific attention focused on the role of social work in this helping process.

SOWK 407 MALE-FEMALE RELATIONSHIPS (FALL, SPRING) 3 CREDITS

This is an elective course designed to offer the student an opportunity to study complexities and conflicts that exist in the "battle of the sexes." Attention is focused on the forces that have affected traditional relationships, as well as modern American couples, and the role of human service professions in all areas of the service delivery system.

SOWK 499 SELECTED READINGS (SPRING Only) 3 CREDITS

Prerequisite(s): Senior honor students only. This course is designed for in-depth study of an aspect of the field of social work. The social work response to a current social problem and innovative social work interventive techniques and methodology are among the areas studied.

SPAN: SPANISH COURSE DESCRIPTIONS

SPAN 101 FIRST-YEAR SPANISH I (FALL, SPRING) 3 CREDITS

The first level of beginning Spanish courses is designed to develop the four basic language skills—speaking, listening, reading, and writing, with emphasis on oral communication—and to increase awareness of Hispanic culture. Lab is required.

SPAN 102 FIRST-YEAR SPANISH II (FALL, SPRING) 3 CREDITS

Prerequisite: SPAN 101 or Equivalent. The second level in the sequence of beginning Spanish courses is designed to develop the four basic language skills—speaking, listening, reading and writing, with emphasis on oral communication—and an increased awareness of Hispanic culture. Lab is required.

SPAN 201 SECOND-YEAR SPANISH I (FALL, SPRING) 3 CREDITS

Prerequisite: SPAN 102 or Equivalent. The third level in the sequence of beginning Spanish courses is designed to develop the four basic language skills—speaking, listening, reading and writing—with emphasis on oral communication—and an increased awareness of Hispanic culture. Lab is required.

SPAN 202 SECOND-YEAR SPANISH II (FALL, SPRING) 3 CREDITS

Prerequisite: SPAN 201 or Equivalent. The fourth and final level in the sequence of beginning Spanish courses is designed to develop the four basic language skills—speaking, listening, reading and writing—with emphasis on oral communication and to increase awareness of Hispanic culture. This course includes readings on the African contribution to Hispanic culture. Lab is required.

SPAN 204 SPANISH PHONETICS AND PHONOLOGY (FALL Only) 3 CREDITS

Prerequisite: SPAN 202 or Equivalent. This course is a study of sound patterns in Spanish aimed at improving pronunciation and intonation, avoiding interference from the English language, and developing near-native fluency.

SPAN 279 STUDY ABROAD: HISPANOPHONE LITERATURES, LANGUAGES AND CULTURES (Periodically) 3 CREDITS

Prerequisites: None. This first level of Spanish study abroad is designed to develop the practical application of the five basic language skills—speaking, listening, reading, and writing, with emphasis on Hispanic culture. This course includes readings on Hispanic culture, including the African contribution. Strategies for teaching specific subject areas in the Spanish elementary school will be explored.

SPAN 301 CONVERSATION AND COMPOSITION 1 (FALL) 3 CREDITS

Prerequisite: SPAN 202 or Equivalent. This course is a review of grammatical structures, vocabulary building through reading and exercises, and analysis of structure and style. Focus is on writing skills.

SPAN 302 CONVERSATION AND COMPOSITION II (FALL, SPRING) 3 CREDITS

Prerequisite: SPAN 301 or Equivalent. This course is designed to build vocabulary, practice grammatical structures, and develop fluency in the Spanish language.

SPAN 303 SPANISH FOR SPECIAL PURPOSES (Periodically) 3 CREDITS

Prerequisite: SPAN 202 or Equivalent. This course is designed to equip personnel of various professions (medical, business, law enforcement, etc.) with relevant vocabulary and communication skills. Content varies.

SPAN 307-308 SPANISH STRUCTURE I and II (Periodically) 3 CREDITS

Prerequisite: SPAN 302 or Equivalent. This course focuses on the phonological system of Spanish, with attention to dialect differences and distribution of high level phonological units. Morphological, syntactic and semantic structure of Spanish, with emphasis on present-day approaches to the analysis of language structure, is explored.

SPAN 311 SPANISH FOR BUSINESS AND TECHNOLOGY (Periodically) 3 CREDITS

Designed for business administration and communications majors, this course primarily uses the audio-lingual method to acquaint personnel in the business environment with the fundamentals of communication under constraint conditions. It addresses the needs of people in the business world to understand and be understood in spoken and written Spanish. This is a practical course to develop skills in the utilization of Spanish in the business and technological environment, with emphasis on computer and communication technologies.

SPAN 400 INDEPENDENT STUDY (As Needed) 1-3 CREDITS

Prerequisite: SPAN 202 and/or Permission of Instructor. This course consists of special projects and independent study in Spanish language, literature, and/or culture, under the direction and supervision of a member of the Spanish staff.

SPAN 401 SPANISH CULTURE AND CIVILIZATION (Periodically) 3 CREDITS

Prerequisites: SPAN 301, 302 or Equivalent. This course is a comprehensive study of the origin and development of Spain and her place in human history, with emphasis on her socioeconomic, artistic, and cultural contributions.

SPAN 402 SPANISH AMERICAN CULTURE AND CIVILIZATION (Periodically) 3 CREDITS

Prerequisites: SPAN 301, 302 or Equivalent. This course is an exploration of the history of Latin America including Spanish, Portuguese, African and Indian cultural heritage from discovery to the present.

SPAN 405 ADVANCED LANGUAGE COMPOSITION AND STYLISTICS (Periodically) 3 CREDITS

Prerequisite: SPAN 302 or Equivalent. This course provides instruction in guided composition on the basis of style analysis of Spanish prose models and language. Emphasis is on style and on students' awareness of contemporary forms of expression to enhance the quality of their own composition. Conducted in Spanish.

SPAN 415 OPEN SEMINAR IN SPANISH LITERATURE AND LANGUAGE (Periodically) 3 CREDITS

Prerequisite: SPAN 302 or Permission of Instructor. This course is an analytical and detailed study of the literary production of a Spanish writer or school or a particular literary genre and its language. The topic is to be announced for each semester. Conducted in Spanish. May be taken more than once.

SPAN 416 OPEN SEMINAR IN SPANISH AMERICAN LITERATURE (Periodically) 3 CREDITS

Prerequisite: SPAN 302 or Permission of Instructor. This course is an analytical and detailed study of the literary production of a Spanish American writer, school, or a particular literary genre and its language. Topic to be announced for each semester. Conducted in Spanish. May be taken more than once.

SPAN 430 OPEN SEMINAR IN HISPANIC CULTURE AND LANGUAGE (Periodically) 3 CREDITS
Prerequisite: SPAN 302 or Permission of Instructor. This course is an intensive study of a particular period, problem, or aspect of Hispanic culture and language. Conducted in English. Open to all students. Topic is to be announced for each semester. May be taken more than once.

SPAN 440 BILINGUAL (SPANISH-ENGLISH) TEACHING IN THE ELEM SCHOOL (As Needed) 3 CREDITS
Prerequisite: SPAN 202 or Equivalent. This course focuses on procedures and problems in teaching specific subject areas in Spanish in the elementary school. The student prepares materials and aids.

SPED: SPECIAL EDUCATION COURSE DESCRIPTIONS

SPED 401 DIR TEACH AND SEMINAR IN SPED 6 CREDITS
Prerequisite(s): ECED 303, 305, 306, 310, 314, 316. This course provides an extensive experience developing and implementing the instructional plan for exceptional young students. This experience includes selecting appropriate materials, utilizing needed professionals working as a part of an instructional team. This experience is in a special class in a classroom with mainstreamed students. The practical experience is accompanied by a regularly scheduled seminar. The student teacher follows the schedule of the school at which placed.

SPED 402 EDUCATIONAL TEST 3 CREDITS

SPED 403 ORIENTATION TO SPED 3 CREDITS
Prerequisite(s): EDUC 101, and EDUC 201. This course is an examination of the historical development, legislation, litigation, and current problems that have emerged relative to the education of children. The characteristics of children with disabilities and the principles of effective instruction are addressed as they apply to special education. Professional and parent organizations and local, state, and federal agencies dealing with children are also identified. Periodic visits to preschool sites are required.

SPED 405 DIAGNOSIS IN SPED 3 CREDITS
Prerequisite(s): SPED 403. This course provides a broad survey of testing (formal and informal) and alternative assessment in which materials and techniques are examined in terms of their relevance to planning curriculum and instructional interventions for exceptional children from culturally diverse backgrounds. Formative, summative, criterion-referenced, performance-based, and normative testing is examined. Students develop competencies in instructional planning for exceptional children based on individualized assessment.

SPED 406 OBSER & EXPT CHILDREN 2 CREDITS
Prerequisite(s): EDUC 101, EDUC 201; SPED 403. This practicum is designed to provide students with experience in working with and observing exceptional children in a special setting at a public school. This experience provides students with the opportunity to study the various types of exceptionalities and the educational relevance of planning the educational program to meet the individual needs of the mildly and moderately disabled.

SPED 407 THEORY AND RESEARCH IN SPED 3 CREDITS
Prerequisite(s): SPED 403. This course is a study of alternative definitions, critical characteristics, theories, techniques, and programs for use with mildly and moderately disabled, emotionally disturbed, and learning disabled children. A review of research findings; as well as cross-cultural studies in various exceptionalities. A study of reflexology, neuro-evolutional therapy, sensor motor developmental stages and other theoretically based techniques.

SPED 409 MGT PRG PLN FOR RETARDED 3 CREDITS
Prerequisite(s): SPED 403. Emphasis is placed on students' development of competence to plan and implement individual, classroom, and school-wide interventions designed to promote appropriate school behavior. Observational methods, behavior promotion, reduction, generalization strategies and interview techniques are reviewed. Collaboration and conferring are emphasized. Applied behavior analysis as well as other non-behavioral approaches will be explored. Discipline and other issues related to management are discussed. Students are required to develop an individual, classroom, and school-wide project(s) that demonstrate their ability to design, implement, and evaluate the effectiveness of their intervention(s). Record-keeping as a visible tool for monitoring student progress will also be employed.

SPM: SPORTS MANAGEMENT COURSE DESCRIPTIONS

SPM 101 INTRO TO SPORT MANAGEMENT 3 CREDITS
This course provides an overview of the business of sport, including career opportunities. It will introduce the basic skills and competencies required to successfully manage in the sport management industry. The course will also utilize general management theory and principles which make direct application to the sport management field. Fundamental sport management principles and key skills as well as information on current issues are emphasized.

SPM 203 ETHICS IN SPORT MANAGEMENT 3 CREDITS
The course is designed to assist students in self evaluating, examining and developing a philosophy, values and moral reasoning skills. The development of a personal philosophy an understanding of social responsibility in the sport management setting are specific goals of this course. Topics covered involve aspects associated with professional ethics, rights and responsibilities, concepts of morality, developing a personal philosophy regarding social responsibility, theories of ethics, establishing a professional code of ethics, personal and management values.

SPM 210 ROLE OF SPORT IN THE SOCIETY 3 CREDITS
This course provides a study of the sociological aspects of sport, athletics, and recreation in the American culture. It will include a survey of the history of modern sport, other forms of organized activity, and an examination of the social relations within the institution of sport and its role in the reproduction and transformation of society. Topics include but not limited to socialization, stratification, gender relations, race and ethnicity and social change.

SPM 303 SPORT MARKETING AND PROMOTION 3 CREDITS
This course is designed to provide students with a basic understanding of sports marketing and promotion. The course will introduce the student to basic marketing concepts with application to sport organization, both amateur and professional. Topics will include promotions and public relations, sport consumer behavior, strategic marketing planning, marketing information management, marketing communications, sponsorship, media promotion, data collection and the economic feasibility study.

SPM 305 FACILITY MANAGEMENT AND DESIGN 3 CREDITS
This course is designed to identify and provide students with an understanding of the unique characteristics of sport related facilities, including planning, design, equipping and managing. One focus of this course is the many aspects of facility management: marketing, services and program day to day operations, documentation, fiscal management and trends. A second focus includes the planning for and design of these facilities. Other areas what will be discussed are event staging, security control and maintenance needs.

SPM	310	GOVERNANCE IN SPORT	3 CREDITS
Sport at all levels continues to grow in scope recognition and importance in the U.S. and abroad. As the growth continues, governance takes on increased importance at all levels of athletic competition. This course will deal with the growing spread and development of sport throughout the world, as well as how the governing bodies involved affect the structure, organization and delivery of sport. The students will become familiar with these agencies, their authority, organizational structure, and functions.			
SPM	313	INDEP RES/STUDY IN SPORT MGMT	2 CREDITS
The student, in consultation with the instructor, will select a topic or problem that he/she wishes to research in depth. The topic will include current issues in sport management and must be approved and sponsored by a faculty member.			
SPM	315	LEGAL ASPECT OF SPORTS	3 CREDITS
This course will enhance the student's knowledge about the legal system as it pertains to sport laws. A presentation of the basic legal system, its terminology, and principles as applied to professional and amateur sports. Emphasis is on identifying and analyzing legal issues, the ramifications of those issues, and the means of limiting the liability of sport organizations. Basic legal concepts concerning both contract and tort law in sport will provide the student a sound foundation so that the student will be better able to recognize legal liability and delivery of sport.			
SPM	325	FINANCE AND ECONOMICS OF SPORT	3 CREDITS
This course will study how sport organizations develop financial strategies and utilize financial indicators in developing organizational strategic plans. There also will be an analysis of how economic models are used to measure the impact of sport on various economics. Students will learn there are established basic principles of behavior that characterize how people decide what to do. This course will introduce several basic principles of finance and economic behavior and show how they apply to the world of sports. Other issues that will be covered are industrial organization of sports, labor economics, public finance and the economics of amateurism and college sports.			
SPM	405	ORGANIZATION AND ADM OF SPORTS	3 CREDITS
This course will be a study of the application of organizational theory to the understanding and management of sport organizations. Experience has shown the critical factor in promoting excellence in sport management programs has been the quality of the head administrator. The course will also deal with structure and design of sport organizations, sport organization effectiveness, management strategies, environmental influences, power and politics, decision making, organizing, motivation, planning staffing and supervising.			
SPM	410	DIVERSITY IN SPORT MANAGEMENT	3 CREDITS
This course provides the student with basic understanding of the developments and trends in the workplace pertaining to age, gender, people of color, sexual orientation, people with differing abilities, educational levels and skill needed by an organization. It will also discuss managing diversity, benefits of diversity, barriers to diversity, strategy for managing diversity, affirmative action and equal opportunity employment.			
SPM	451	INTERNSHIP IN SPORT MANAGEMENT	12 CREDITS
<i>Prerequisite(s): Completion of all professional level classes.</i> This course is the Sport Management student's capstone experience. Students will be assigned to an internship site based on their unique educational needs and experience. Internship students will work directly with sport management professionals in one or more work settings. This will be the on the job learning experience in a segment of sport industry with a minimum of 14 weeks, 5 days per week, and 8 hours per day. Supervision will be jointly provided by the cooperating organization and the college departmental staff. Field experience yield the necessity of receiving direction, undertaking responsibility, and demonstrating competence by applying theory learned for course work. It allows the student to complete a partial fulfillment in his/her degree program and will help him/her discover career options and confirm career choices. Students must secure their own internship (based on their concentration) but internship must be approved in writing by the department staff.			

THEA: THEATRE COURSE DESCRIPTIONS

THEA	100	ACTING (FOR NON MAJORS)	3 CREDITS
This course introduces students to the craft of acting on and off stage through theatre exercises, improvisations, and scene studies, as it develops an appreciation for acting as an art form.			
THEA	101	PLAY PRODUCTION	1-2 CREDITS
Students are offered the opportunity for hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 15-20 hours for 1 CREDIT and 20-30+ hours for 2 CREDITS. An acting journal or reflective paper is required at the end of the experience. Class and laboratory. Open to non-majors			
THEA	102	PLAY PRODUCTION	1-2 CREDITS
Students are offered the opportunity for hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 15-20 hours for 1 CREDIT and 20-30+ hours for 2 CREDITS. An acting journal or reflective paper is required at the end of the experience. Class and laboratory Open to non-majors.			
THEA	103	INTRODUCTION TO TECH THEATRE	3 CREDITS
An introductory course to the areas of technical theatre. Special emphasis is on the language, equipment, duties, and vocational opportunities.			
THEA	105	INTRODUCTION TO THEATRE	3 CREDITS
A historical, theoretical, and experiential introduction to art of theatre and its many components. Students will survey theatre history and the nature of production and performance, as they develop as themselves as audience members. (General Education course; open to non-majors)			
THEA	106	ACTING I (BEGINNING ACTING)	3 CREDITS
Foundation course in acting that introduces acting theories and methods, while emphasizing actor voice and body exploration through theatre games, improvisation and exercises.			
THEA	107	STAGE MOVEMENT I	2 CREDITS

This course introduces the novice performer to the importance of understanding the movement capabilities inherent in one's body. Presented in a studio environment, the course will focus on developing correct body alignment, core strength, flexibility, efficiency of motion, and coordination. Students will be able to relate the coursework, which will include exercises in Pilates, Yoga, Alexander Technique, and beginning dance vocabulary, to the movements performed in a stage production. **Majors only or instructor permission**

THEA 108 STAGE MOVEMENT II 2 CREDITS

This course is designed to provide understanding of the lifetime skills utilized by theater artists in developing and maintaining strength, flexibility, posture, and muscle tone. Various dance styles also will be explored, including modern, ballet, jazz, and tap to enable the student to function in the theatrical performance area. **Majors only or instructor permission**

THEA 110 PILATES FITNESS 3 CREDITS

Pilates Fitness course is designed for the student wishing to one, strengthen, and lengthen his/her body through challenging exercises in a studio environment. Pilates exercises will develop core/abdominal strength, promoting correct body alignment and posture. Yoga postures will increase flexibility and strength within the entire body. Students will be given the opportunity to understand the importance of physical fitness for performance and for everyday life.

Majors only or instructor permission

THEA 123 FUNDAMENTALS OF MODERN DANCE 3 CREDITS

This course will include an introduction to basic movement and skills in various modern dance styles. Students will also utilize the combined elements of modern dance technique: body alignment, strength, efficiency of motion, musicality, and dance vocabulary.

THEA 200 DANCE HISTORY 3 CREDITS

This course of study of dance as a form of communication and as an art form. Students will be given a survey of the theories and styles of dance and their development through history.

THEA 201 PLAY PRODUCTION 2 CREDITS

In this lab course, majors are offered co-curricular hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 20-30+ hours. An acting journal or reflective paper is required at the end of the experience. **Majors only.**

THEA 202 PLAY PRODUCTION 2 CREDITS

In this lab course, majors are offered co-curricular hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 20-30+ hours. An acting journal or reflective paper is required at the end of the experience. **Majors only.**

THEA 205 BALLET TECHNIQUE 3 CREDITS

Students will be introduced to traditional ballet and center work with an emphasis on body alignment, strength, flexibility and coordination. Students will gain knowledge of ballet terminology and a critical awareness of ballet as a dance art form.

THEA 206 ACTING II (SCENE STUDY) 3 CREDITS

Emphasis will be placed on assimilation of rehearsal and performance techniques. Ensemble acting will be developed through scene study with two or more participants. Introduction of on camera techniques will be included. **Majors only or instructor permission**

THEA 208 SINGING FOR THE STAGE 3 CREDITS

Students will be given the opportunity to develop their vocal instruments for the various singing styles incorporated in musical theatre performance, including, stage projection, microphone techniques, and recording techniques.

THEA 215 SURVEY OF THEATRICAL MUSIC 3 CREDITS

The history of Broadway musicals will be studied, as the students receive coaching and instruction in developing a familiarity with standards of the theatre. This course is primarily for students whose skills include vocal performance.

THEA 221 STAGECRAFT I 3 CREDITS

Development and construction of scenic units, use of tools, stage equipment, and materials, as well as exploration into various techniques, conventions, and technologies of technical theater.

THEA 222 STAGECRAFT II 3 CREDITS

Continuation of Stagecraft I, with exploration into design elements of technical theatre. **Pre-requisite THEA 221**

THEA 231 HISTORY OF THE THEATRE I: Greeks to Renaissance 3 CREDITS

An in-depth historical investigation of *Greek to Renaissance* theatre architecture, playwrights, trends and practices for the purposes of understanding the development of theatre arts. Representative examples of dramatic literature will be read to illustrate those trends. **Pre-requisite THEA 105**

THEA 232 HIST OF THE THEATRE II: Renaissance to Modern 3 CREDITS

An in-depth historical investigation of *Renaissance to Contemporary* theatre architecture, playwrights, trends and practices. Representative examples of dramatic literature will be read to illustrate those trends. **Pre-requisite THEA 105**

THEA	241	SOUND IN THE THEATER	3 CREDITS
The student gains experience with sound reproduction equipment such as tape recorders, record players, various kinds of speakers, amplifiers, and mixers for application in theatre and gains recording skills to create sound tracks and sound effects used in theatrical productions. Class and Lab.			
THEA	250	MODERN DANCE INNOVATIONS	3 CREDITS
This course will include an introduction to basic movement and skills in various modern dance styles. Artists who have made an historical impact on the diverse American modern dance form will be presented and studied in this dance technique course. Students will also utilize the combined elements of modern dance technique: body alignment, strength, efficiency of motion, musicality, and dance vocabulary.			
THEA	251	JAZZ DANCE TECHNIQUE	3 CREDITS
This course will teach the fundamentals principles of movement through the stylized technique of jazz dance. The basic exercises and steps used in jazz will be taught during each class period consisting of a warm-up, movement patterns across the floor, and jazz combinations. A critical awareness of jazz dance movement will be achieved through attendance of dance performances and reflecting on one's progress through the course.			
THEA	259	AP DANCE TECHNIQUE	3 CREDITS
This course will develop the ability and understanding of tap movement techniques which will increase strength, endurance, coordination, muscle memory, balance, locomotive skills, body alignment, posture, rhythmic sensitivity. A critical awareness of tap dance movement will be achieved through attendance of dance performances and reflecting on one's progress through the course.			
THEA	261	STAGE MANAGEMENT	2 CREDITS
This course examines techniques and conventions commonly in use for staging the production, planning, rehearsals, coordinating, technical requirements and professional standards per AEA rule book. This course will incorporate stage manager experience within Theatre or Dance productions.			
THEA	263	PLAY ANALYSIS	3 CREDITS
This course is designed to provide the student with the basic theoretical framework and practical applications necessary for analyzing plays of various periods and genres. The course introduces the student to the influences of various historical figures, such as Aristotle and Stanislavsky, as well offers the student analytical views from the perspective of the actor, director, dramaturg and various types of theatre designers. In addition to the text, students are expected to read and analyze several plays throughout the course. <i>Pre-requisite THEA 105</i>			
THEA	300	CHOREOGRAPHY I	3 CREDITS
Students will learn the basic principles of dance composition; space, time, dynamics, and movement invention. Students will then examine how to use these principles to produce dance choreography. The elements of choreography; theme, development, repetition, transition, contrast, and continuity will be emphasized in reference to structuring a dance work. Students will also study Abstraction, Choreographic Styles, and The Relationship of Music to Choreography, Theatrical and Performances Elements. The course will emphasize solo and duet work. Informal showings will present the students' work and a development of critical awareness will be achieved.			
THEA	301	PLAY PRODUCTION	2 CREDITS
In this lab course, majors are offered co-curricular hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 20-30+ hours. An acting journal or reflective paper is required at the end of the experience. <i>Majors only.</i>			
THEA	302	PLAY PRODUCTION	2 CREDITS
In this lab course, majors are offered co-curricular hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 20-30+ hours. An acting journal or reflective paper is required at the end of the experience. <i>Majors only.</i>			
THEA	304	CHILDREN'S THEATRE	3 CREDITS
Theory in selecting, directing and creating plays for young audiences. Course includes script analysis and directing from a text, and developing plays based on children's literature. The course presents approaches to children's theatre in community and educational settings.			
THEA	306	ACTING III (Styles and Realism)	3 CREDITS
This course is continued scene study designed to emphasize the styles of acting in on Greek, Shakespearean, Restoration, and Realism. <i>Pre-requisite: THEA 206; Majors only or instructor permission</i>			
THEA	307	CREATIVE DRAMATICS	3 CREDITS
Introduction to theory and practice of creative drama. Focus on the development of imagination and self expression in lesson planning as creative drama is used as a tool across the curriculum.			
THEA	310	ACTING FOR THE CAMERA	3 CREDITS
This course explores acting for film and television. Students are exposed to the technical requirements of screen acting and investigate the challenges of the profession. They gain practical experience by performing for the camera in a			

variety of projects, including monologues, commercials, one-and two - camera scenes, and a short film. Visual and technical aspects of the nature of film and television theory are investigated.

THEA 320 EXPERIMENTAL THEATRE 3 CREDITS

This course provides the student with a historical survey of experimental theatre in the western hemisphere, as it introduces salient movements, theatre groups and historical figures, such as Grotowsky, Artaud, and Brook, pertinent to the development and structuring of experimental theatre. Students are expected to develop an experimental theatre piece of their choosing.

Pre-requisite THEA 105

THEA 321 HIST OF COSTUMING 3 CREDITS

The historical study of fashion and costumes and their function of costume in theatre productions. Class and Lab.

THEA 322 COSTUME DESIGN I 2 CREDITS

The study of historical costumes, their function and effort involved in costuming. Construction design and pattern design and a comprehensive study of costume history in important eras. Class and Lab.

THEA 323 COSTUME DESIGN II 2 CREDITS

A continuation of Costume Design I. Class and Lab.

THEA 331 STAGE MAKE-UP 3 CREDITS

A lab course in stage makeup design and application. Students are required to purchase materials, including stage makeup for the course.

THEA 341 STAGE LIGHTING 3 CREDITS

A beginning lab course in stage lighting that emphasizes the practical aspects of lighting a production. Students learn through exposure to, and working with, the variety of equipment available to meet the lighting demands of any Theatre or Dance production. In addition, there are discussions on electaricity, design, color, special effects and meet the lighting demands of any Theatre or Dance production. Finally, students receive actual experiences as lighting technicians, while operating the equipment and lights for the Departmental productions.

Pre-requisite THEA 221

THEA 361 THEATRE MANAGEMENT 3 CREDITS

Designed to study the tools of theatre management and producing, box office, price and percentages, publicity, promotion, and production costs. Dealing with publishers and agencies. Regional theatre problems are analyzed. Class and Lab.

THEA 362 COMMUNITY THEATRE 2 CREDITS

This is a "Business of the Theatre" course with emphasis on developing and organizing a community theatre. Laboratory includes use of the adults in the community.

THEA 371 TECHNICAL PRODUCTION 3 CREDITS

This course explores, in-depth, the technical problems of mounting a production. Emphasis will be placed on the exploration and use of various materials and methods of stagecraft and lighting. Productions currently being presented at the University will serve as the sources for study. Lab hours, to be arranged, will be required in order to apply techniques and theories discussed in class, as well as to provide additional experience in the areas of stagecraft and lighting. *Pre-requisite THEA 221 or permission of instructor*

THEA 400 PRACTICUM IN DANCE CHOREOGRAPHY and PERF 3 CREDITS

This course is designed to give the student the opportunity to learn, rehearse, and perform dance works either choreographed by the company director or by a student member. The student will be challenged to bring the choreographer's vision to life through his/ her dancing. Students will learn dance technique, performance skills, and choreographic creativity. Students will also develop a critical awareness through viewing professional dance company performances and through critiquing their own work throughout the course.

Pre-requisite THEA 420 or permission of instructor

THEA 401 PLAY PRODUCTION 2 CREDITS

In this lab course, majors are offered co-curricular hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 20-30+ hours. An acting journal or reflective paper is required at the end of the experience. *Majors only or instructor's permission*

THEA 402 PLAY PRODUCTION 2 CREDITS

In this lab course, majors are offered co-curricular hands-on experiences in developing departmental theatre productions. This will involve participation in at least one of the many areas in play production including design, acting, dramaturgy, stage managing, stagecraft or other technical crew areas. Students are required to work 20-30+ hours. An acting journal or reflective paper is required at the end of the experience. *Majors only or instructor's permission*

THEA 405 SEMINAR IN ACTING 3 CREDITS

This course provides the student with a systematic examination of and practical experience in the principles and methods of scholarly research and writing, as well as show production in theatre arts. The student is expected to select a well defined topic with a specific research question that culminates in a scholarly paper or to exercise their creativity in developing a theatre project that includes some research and culminates in a type of theatrical production or experience. *Majors only or instructor permission*

THEA 406	MUSICAL THEATRE	3 CREDITS
Special Projects for senior level students may include development of an individual or group act or area of specialization. <i>Majors only or instructor permission</i>		
THEA 407	PLAY DIRECTING I	3 CREDITS
Seminar and laboratory in directing plays, analysis of skill and role of the director. Script analysis, casting, staging, space, composition, movement, picturization, rhythm and tempo of actors, and scripts. Special emphasis on directing the one act play. <i>Pre-requisite THEA 105 or instructor's permission</i>		
THEA 408	PLAY DIRECTING II	3 CREDITS
An advanced directing course designed for period plays, musicals, full-length shows and elective works. A full hours directorial work must be staged by each student. <i>Pre-requisite THEA 407 or instructor's permission</i>		
THEA 410	AFR AMER PERFORMANCE AND THEA	3 CREDITS
Based upon the question of race and gender intersections in performance theories and theatrical practices, this course historically and critically examines African-American theatre within the context of American culture.		
THEA 420	CHOREOGRAPHY II	3 CREDITS
This course is designed for the aspiring choreographer to continue his/her studies, learning about the theoretical and creative aspects of choreography for small groups. PRINCIPLES of dance composition and the elements of choreography will be reviewed and expanded upon by the student. Production of the student's work will be required. <i>Pre-requisite THEA 300 or permission of instructor</i>		
THEA 421	LAYWRITING I	3 CREDITS
PRINCIPLES of playwriting are taught through practices; development of techniques required for dramatic scripts include original writing and adaptations with emphasis on play construction, character development, dialogue and mood. Students will work with acting and directing classes to study the play-ability of their scripts.		
THEA 422	PLAYWRITING II	2 CREDITS
A laboratory continuation of THEA 421: Playwriting I		
THEA 431	SCENE WORKSHOPS	3 CREDITS
This workshop is designed to give seniors intensive experiences in advanced acting, auditioning, movement and technical theatre. Plays, monologue cutting, dance movement, chamber and Reader's theatre productions will be prepared outside of class and presented before audience for showcase constructive criticism. Class and lab. <i>Majors only or instructor permission</i>		
THEA 432	SCENE WORKSHOPS	3 CREDITS
This workshop is designed to give seniors intensive experiences in advanced acting, auditioning, movement and technical theatre. Plays, monologue cutting, dance movement, chamber and Reader's theatre productions will be prepared outside of class and presented before audience for showcase constructive criticism. Class and lab. <i>Majors only or instructor permission</i>		
THEA 441	SCENE DESIGN	3 CREDITS
Preparation of sketches based on the principal styles and periods in the theatre; balance, composition, color, and unity of stage settings as applied to a script. Study and practice through the use of various techniques and media stressing line, mass, color. lighting and form. Prerequisite(s): Stagecraft, Lighting, Technical Production. Recommended: ART 101 Design, and ART 102-103 Drawing.		
THEA 461	SENIOR SEMINAR I: SCHOLARSHIP	3 CREDITS
This course provides the student with a systematic examination of and practical experience in the advanced principles and methods of scholarly research and writing in theatre arts. The student is expected to select and research individually a specific question or problem, culminating in a paper worthy of a scholarly presentation or to exercise their creativity in developing a theatre project that focuses on theatre as a pedagogical tool. <i>Majors only or instructor permission</i>		
THEA 462	SENIOR SEMINAR II: PRODUCTION	3 CREDITS
Advanced individual project in acting, directing, design, dramaturgy, or experimental theatre includes some scholarly research and culminates in a type of theatrical production or experience to be viewed in laboratory theatre. <i>Majors only or instructor permission</i>		
THEA 499	INDEPENDENT STUDY	2-3 CREDITS
This course is designed to guide students through close scholarly examination of a topic of their choosing. The culminating work may be in the form of a research paper or artistic project. <i>Majors only or instructor permission</i>
