Information About the Maryland Register and COMAR

MARYLAND REGISTER

The Maryland Register is an official State publication published every other week throughout the year. A cumulative index is published quarterly.

The Maryland Register is the temporary supplement to the Code of Maryland Regulations. Any change to the text of regulations published in COMAR, whether by adoption, amendment, repeal, or emergency action, must first be published in the Register.

The following information is also published regularly in the Register:

- Governor's Executive Orders
- Attorney General's Opinions in full text
- Open Meetings Compliance Board Opinions in full text
- State Ethics Commission Opinions in full text
- Court Rules
- District Court Administrative Memoranda
- Courts of Appeal Hearing Calendars
- Agency Hearing and Meeting Notices
- Synopses of Bills Introduced and Enacted by the General Assembly
- Other documents considered to be in the public interest

CITATION TO THE MARYLAND REGISTER

The Maryland Register is cited by volume, issue, page number, and date. Example:

- 19:8 Md. R. 815—817 (April 17, 1992) refers to Volume 19, Issue 8, pages 815—817 of the Maryland Register issued on April 17, 1992.

CODE OF MARYLAND REGULATIONS (COMAR)

COMAR is the official compilation of all regulations issued by agencies of the State of Maryland. The Maryland Register is COMAR's temporary supplement, printing all changes to regulations as soon as they occur. At least once annually, the changes to regulations printed in the Maryland Register are incorporated into COMAR by means of permanent supplements.

CITATION TO COMAR REGULATIONS

COMAR regulations are cited by title number, subtitle number, chapter number, and regulation number. Example: COMAR 10.08.01.03 refers to Title 10, Subtitle 08, Chapter 01, Regulation 03.

DOCUMENTS INCORPORATED BY REFERENCE

Incorporation by reference is a legal device by which a document is made part of COMAR simply by referring to it. While the text of an incorporated document does not appear in COMAR, the provisions of the incorporated document are as fully enforceable as any other COMAR regulation. Each regulation that proposes to incorporate a document is identified in the Maryland Register by an Editor's Note. The Cumulative Table of COMAR Regulations Adopted, Amended or Repealed, found online, also identifies each regulation incorporating a document. Documents incorporated by reference are available for inspection in various depository libraries located throughout the State and at the Division of State Documents. These depositories are listed in the first issue of the Maryland Register published each year. For further information, call 410-974-2486.

HOW TO RESEARCH REGULATIONS

An Administrative History at the end of every COMAR chapter gives information about past changes to regulations. To determine if there have been any subsequent changes, check the "Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed" which is found online at www.dsd.state.md.us/CumulativeIndex.pdf. This table lists the regulations in numerical order, by their COMAR number, followed by the citation to the Maryland Register in which the change occurred. The Maryland Register serves as a temporary supplement to COMAR, and the two publications must always be used together. A Research Guide for Maryland Regulations is available. For further information, call 410-260-3876.

SUBSCRIPTION INFORMATION

For subscription forms for the Maryland Register and COMAR, see the back pages of the Maryland Register. Single issues of the Maryland Register are \$15.00 per issue.

CITIZEN PARTICIPATION IN THE REGULATION-MAKING PROCESS

Maryland citizens and other interested persons may participate in the process by which administrative regulations are adopted, amended, or repealed, and may also initiate the process by which the validity and applicability of regulations is determined. Listed below are some of the ways in which citizens may participate (references are to State Government Article (SG), Annotated Code of Maryland):

- By submitting data or views on proposed regulations either orally or in writing, to the proposing agency (see "Opportunity for Public Comment" at the beginning of all regulations appearing in the Proposed Action on Regulations section of the Maryland Register). (See SG, §10-112)
- By petitioning an agency to adopt, amend, or repeal regulations. The agency must respond to the petition. (See SG §10-123)
- By petitioning an agency to issue a declaratory ruling with respect to how any regulation, order, or statute enforced by the agency applies. (SG, Title 10, Subtitle 3)
- By petitioning the circuit court for a declaratory judgment on the validity of a regulation when it appears that the regulation interferes with or impairs the legal rights or privileges of the petitioner. (SG, §10-125)
- By inspecting a certified copy of any document filed with the Division of State Documents for publication in the Maryland Register. (See SG, §7-213)

Availability of Monthly List of Maryland Documents

The Maryland Department of Legislative Services receives copies of all publications issued by State officers and agencies. The Department prepares and distributes, for a fee, a list of these publications under the title “Maryland Documents”. This list is published monthly, and contains bibliographic information concerning regular and special reports, bulletins, serials, periodicals, catalogues, and a variety of other State publications. “Maryland Documents” also includes local publications.

Anyone wishing to receive “Maryland Documents” should write to: Legislative Sales, Maryland Department of Legislative Services, 90 State Circle, Annapolis, MD 21401.

COMAR Online

The Code of Maryland Regulations is available at www.dsd.state.md.us as a free service of the Office of the Secretary of State, Division of State Documents. The full text of regulations is available and searchable. Note, however, that the printed COMAR continues to be the only official and enforceable version of COMAR.

The Maryland Register is also available at www.dsd.state.md.us.

For additional information, visit www.sos.state.md.us, Division of State Documents, or call us at (410) 974-2486 or 1 (800) 633-9657.

REGULATIONS CODIFICATION SYSTEM

Under the COMAR codification system, every regulation is assigned a unique four-part codification number by which it may be identified. All regulations found in COMAR are arranged by title. Each title is divided into numbered subtitles, each subtitle is divided into numbered chapters, and each chapter into numbered regulations.

09.12.01.01D(2)(c)(iii)
 Title Subtitle Chapter Regulation Section Subsection Paragraph Subparagraph

A regulation may be divided into lettered sections, a section divided into numbered subsections, a subsection divided into lettered paragraphs, and a paragraph divided into numbered subparagraphs.

Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed

This table, previously printed in the Maryland Register lists the regulations, by COMAR title, that have been adopted, amended, or repealed in the Maryland Register since the regulations were originally published or last supplemented in the Code of Maryland Regulations (COMAR). The table is no longer printed here but may be found on the Division of State Documents website at www.dsd.state.md.us.

Table of Pending Proposals

The table below lists proposed changes to COMAR regulations. The proposed changes are listed by their COMAR number, followed by a citation to that issue of the Maryland Register in which the proposal appeared. Errata pertaining to proposed regulations are listed, followed by "(err)". Regulations referencing a document incorporated by reference are followed by "(ibr)". None of the proposals listed in this table have been adopted. A list of adopted proposals appears in the Cumulative Table of COMAR Regulations Adopted, Amended, or Repealed.

EXECUTIVE ORDER 01.01.2012.03

State Law Enforcement Coordinating Council

WHEREAS, Crime in Maryland is at its lowest level since 1975 when the FBI began modern crime tracking, yet violent crime and inter-jurisdictional criminal enterprises involving gangs, drug smuggling, and guns continue to threaten the safety and welfare of all citizens of Maryland;

WHEREAS, Maryland has taken great strides to protect and secure its citizens and critical infrastructure, yet the threat to the security of our homeland from terrorists attacks remains high;

WHEREAS, We must continue to reduce crime across the State and protect our homeland by the most efficient use of all of the State's law enforcement resources available to support their operations and crime-fighting efforts; and

WHEREAS, State law enforcement agencies must strive to eliminate redundancies among their operations and administrations in order to achieve greater efficiencies in the use of State resources and the inevitable benefits flowing from the forging of closer working relationships among all State law enforcement agencies.

NOW THEREFORE, I, MARTIN O'MALLEY, GOVERNOR OF THE STATE OF MARYLAND, BY VIRTUE OF THE AUTHORITY VESTED IN ME BY THE CONSTITUTION AND THE LAWS OF MARYLAND, HEREBY PROCLAIM THE FOLLOWING EXECUTIVE ORDER, EFFECTIVE IMMEDIATELY:

A. Established. There is a State Law Enforcement Coordinating Council (Council).

B. Membership.

(1) The Council shall include the following State law enforcement agencies (member agencies):

- (a) State Police;
- (b) The Maryland Transportation Authority Police;
- (c) Mass Transit Administration Police;
- (d) The Natural Resources Police;
- (e) University of Maryland Department of Public Safety, and all police departments of the constituent institutions of the University System of Maryland listed in Section 12-101(b)(5) of the Education Article of the Annotated Code of Maryland;
- (f) The Morgan State University Police Force; and
- (g) Maryland Capitol Police.

(2) The Secretary of State Police will serve as the Chair of the Council.

(3) The Council Chair shall select two chiefs from the member agencies who shall serve as Deputy Chairs for an appointment period not to exceed one year.

(4) The Executive Committee will be comprised of the Chair and Deputy Chairs of the Council.

(5) The Membership of the Council may be expanded to include other State law enforcement agencies by the unanimous decision of the Executive Committee.

(6) The Advisory Group to the Council shall include, but is not limited to designated representatives from the:

- (a) Governor's Office of Crime Control and Prevention;
- (b) Maryland Highway Safety Office;
- (c) Maryland Police Training Commission;

- (d) Maryland Emergency Management Agency; and
- (e) Governor's Office of Homeland Security.

C. Procedures.

(1) Council meetings shall be attended by designated representatives of each member agency and shall be held on a quarterly basis or as necessary.

(2) The Council shall adopt written policies and procedures to implement the provisions of this Executive Order, including policies and procedures to ensure the safe, efficient, and cooperative provision of law enforcement services in instances in which a member agency of the Council is operating with expanded jurisdiction as provided for in subsection E(1) of this Executive Order.

(3) As provided in subsection C(5), the Executive Committee shall approve actions of the Council under circumstances where coordination of State law enforcement agencies will serve to protect the public safety. Council coordinated activity may include, but is not limited to, responding to crime trends of a statewide, regional or local nature by targeted enforcement or investigative activity, investigating specific criminal activity within the State, maintaining homeland security, responding to emergencies either natural or manmade, or undertaking such actions as may help to enhance the safety of the roadways or any mode of travel on public transportation.

(4) The Executive Committee shall also decide which member agencies shall participate in each action, based upon the resources a particular member agency has available to participate, the location of the action and the particular expertise that the member agency has available to contribute to the action.

(5) All planned law enforcement actions of the Council shall be approved by a unanimous decision of the Executive Committee. An Executive Committee member who is not available to participate in any decision of the Committee shall designate a representative from within his or her agency. The scope and aims of each Council action shall be described in writing before it is carried out. The outcome shall be documented within a reasonable time following completion of the action. Any action for which the Executive Committee, because of an emergency or other time-sensitive situation, does not have time to prepare and approve a written document detailing the scope and aims in advance shall be approved upon the verbal authorization of a majority of the Executive Committee. The scope, aims, and outcome of the Council action shall be documented as soon thereafter as reasonably possible.

(6) On September 1 of each year, the Council shall submit a summary report to the Governor concerning all actions taken under this Executive Order for the previous fiscal year ending June 30, including the member agency participants and the location of each action.

D. Duties.

(1) The Council has the authority and responsibility to coordinate among its member agencies to further the safety and security of the people of Maryland and to improve the administration and enforcement of the laws of Maryland by ensuring that police resources are deployed across the State to address state-wide crime trends, regional and local crime, maintain homeland security, respond to any threats to homeland security, and to address emergencies either natural or man-made.

(2) The Council will explore opportunities for its member agencies to work collaboratively with local law enforcement agencies and seek to foster enhanced communications and working relations among all law enforcement agencies in the State to achieve a safer Maryland.

(3) The Council will seek efficiencies in administrative functions among its member agencies, including but not limited to the following:

- (a) Training;
- (b) Information Technology;
- (c) Communications;
- (d) Procurement;
- (e) Campus Security;
- (f) Homeland Security; and
- (g) Development and implementation of emergency

planning.

E. Jurisdiction.

(1) Member agencies may exercise all the authority of a police officer of the Department of State Police as provided in Section 2-412 of the Public Safety Article when carrying out any action approved by the Council as provided for in this Executive Order and as authorized by:

- (a) Section 7-207(b)(iii) of the Transportation Article for the Maryland Transit Administration Police;
- (b) Section 4-208(b)(4)(iii) of the Transportation Article for the Maryland Transportation Authority Police;
- (c) Section 13-601(b)(2)(iv) of the Education Article for the University of Maryland Police and the police departments of the constituent institutions of the University System of Maryland listed in Section 12-101(b)(5) of the Education Article; and
- (d) Section 14-106(b)(2)(iii) for the Morgan State University Police Force.

(2) A police officer of the Natural Resources Police shall have the full authority of a police officer of the State as provided in Section 1-204(a) of the Natural Resources Article, including the authority to enforce traffic laws when carrying out any action approved by the Council as provided for in this Executive Order.

(3) A police officer of the Maryland Capitol Police as defined by Section 4-605(c) of the State Finance and Procurement Article shall have the full authority of a police officer to enforce the criminal laws of the State as provided by Section 2-102 of the Criminal Procedure Article when carrying out any action approved by the Council as provided for in this Executive Order.

(4) No provision of this Executive Order is intended to compromise or limit any of the powers, protections, or immunities otherwise granted by law to member agencies or other law enforcement agencies within Maryland.

GIVEN Under My Hand and the Great Seal of the State of Maryland, in the City of Annapolis, this 29th day of February, 2012.

Emergency Regulations

Under State Government Article, §10-111(b), Annotated Code of Maryland, an agency may petition the Joint Committee on Administrative, Executive, and Legislative Review (AELR), asking that the usual procedures for adopting regulations be set aside because emergency conditions exist. If the Committee approves the request, the regulations are given emergency status. Emergency status means that the regulations become effective immediately, or at a later time specified by the Committee. After the Committee has granted emergency status, the regulations are published in the next available issue of the Maryland Register. The approval of emergency status may be subject to one or more conditions, including a time limit. During the time the emergency status is in effect, the agency may adopt the regulations through the usual promulgation process. If the agency chooses not to adopt the regulations, the emergency status expires when the time limit on the emergency regulations ends. When emergency status expires, the text of the regulations reverts to its original language.

Promulgation of Regulations

An agency wishing to adopt, amend, or repeal regulations must first publish in the Maryland Register a notice of proposed action, a statement of purpose, a comparison to federal standards, an estimate of economic impact, an economic impact on small businesses, a notice giving the public an opportunity to comment on the proposal, and the text of the proposed regulations. The opportunity for public comment must be held open for at least 30 days after the proposal is published in the Maryland Register.

Following publication of the proposal in the Maryland Register, 45 days must pass before the agency may take final action on the proposal. When final action is taken, the agency must publish a notice in the Maryland Register. Final action takes effect 10 days after the notice is published, unless the agency specifies a later date. An agency may make changes in the text of a proposal. If the changes are not substantive, these changes are included in the notice of final action and published in the Maryland Register. If the changes are substantive, the agency must repropose the regulations, showing the changes that were made to the originally proposed text.

Proposed action on regulations may be withdrawn by the proposing agency any time before final action is taken. When an agency proposes action on regulations, but does not take final action within 1 year, the proposal is automatically withdrawn by operation of law, and a notice of withdrawal is published in the Maryland Register.

DEPARTMENT OF HUMAN RESOURCES

Subtitle 02 SOCIAL SERVICES ADMINISTRATION

07.02.14 In-Home Aide Services

Authority: Human Services Article, §§6-501—6-505; Family Law Article, §§5-524, 5-710, and 14-207; Annotated Code of Maryland (Agency Note: Federal Regulatory Reference—45 CFR 1357)

Notice of Proposed Action

[12-077-P]

The Secretary of Human Resources proposes to repeal existing Regulations **.01—**.10 and adopt new Regulations **.01—**.08 under **COMAR 07.02.14 In-Home Aide Services**.

Statement of Purpose

The purpose of this action is to clarify the conditions that make an individual eligible for in-home aide services, to reduce the number of the local department of social services administrative appeals as a result of termination and/or reduction in personal care and chore services, and to streamline the overall ranking scale criteria process in determining eligibility for in-home aide services.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has an impact on individuals with disabilities as follows:

This program serves individuals with disabilities. It provides personal care and chore services to individuals with disabilities that meet the programs eligibility criteria.

Opportunity for Public Comment

Comments may be sent to Andrea Shuck, Regulations Coordinator, Department of Human Resources, 311 W. Saratoga Street, Baltimore, MD 21201, or call 410-767-2149, or email to ashuck@dhr.state.md.us, or fax to 410-333-0637. Comments will be accepted through April 23, 2012. A public hearing has not been scheduled.

.01 Purpose.

The purpose of the In-Home Aide Services (IHAS) program is to supplement other social services programs by providing specific services to individuals of all ages in the home in order to:

- A. Prevent or remedy the risk of abuse, neglect, self-neglect, and exploitation;
- B. Promote a safe environment;
- C. Promote self-sufficiency;
- D. Engage existing formal and informal natural supports;
- E. Provide nonskilled home health aide services to adults with functional disabilities;
- F. Provide therapeutic support services to families; and
- G. Prevent or reduce the length of institutional placement.

.02 Definitions.

A. In this chapter, the following terms have the meanings indicated.

B. Terms Defined.

(1) "Abuse" has the meaning stated in COMAR 07.02.11.03B(2) and COMAR 07.02.15.02B(1).

(2) "Administration" means the Social Services Administration of the Department of Human Resources.

(3) "Care Plan" means a written plan that indicates:

- (a) Goals;
- (b) Tasks to be performed;
- (c) Frequency; and

(d) Hours.

(4) "Case Management" has the meaning stated in COMAR 07.02.15.02B(7).

(5) "Client" means an eligible individual receiving In-Home Aide Services.

(6) "Delegating nurse" has the meaning stated in COMAR 10.27.11.03A.

(7) "Exploitation" means any action which involves the misuse of a vulnerable adult's funds, property, or person.

(8) "Functional disability" means difficulty in performing activities of daily living because of:

(a) A physical, cognitive, or psychiatric condition; or

(b) Environmental factors.

(9) Home.

(a) "Home" means the place a client resides.

(b) "Home" does not include an acute care hospital, an emergency room, a psychiatric hospital, an assisted living facility, a Project Home/CARE Home, a home of an aide, or any other facility that provides care or supervision for clients.

(10) "Institutionalization" means placement in a hospital, psychiatric hospital, or nursing home.

(11) "Intensive services" means requiring more than 14 hours of services per week with the approval of the delegating nurse that such services can be delivered safely.

(12) "Local department" means the department of social services in one of the 21 counties or Baltimore City, the Montgomery County Department of Health and Human Services, or the Anne Arundel County Department of Aging and Disabilities, depending where the applicant resides or will reside.

(13) "Natural supports" means the formal and informal use of family, faith community, neighbors, friends, or any alternative services or resources identified as part of the Service plan.

(14) "Neglect" has the meaning stated in COMAR 07.02.11.03 or COMAR 07.02.15.02B(17).

(15) "Reconsideration" means a comprehensive reassessment of a client's status by a case manager, a registered nurse, or IHAS staff to determine if the IHAS Care Plan remains appropriate and effective.

(16) "Redetermination" means a comprehensive reassessment of a client's income and assets for eligibility and determination whether the client is required to pay a fee for service.

(17) "Registered nurse" has the meaning stated in COMAR 10.27.11.02B(17).

(18) "Safe environment" means that a client is able to remain in the client's current living situation and negotiate the living environment independently with limited supports to gain access to groceries, medications, medical appointments, and transportation and with limited assistance with personal care.

(19) "Self-neglect" has the meaning stated in COMAR 07.02.15.02B(20).

(20) "Service Plan" has the meaning stated in COMAR 07.02.15.02B(21).

(21) "Therapeutic services" means supportive services designed to effect behavioral changes, improvement in care giving skills or in-home management skills to prevent out-of-home placement or to expedite reunification.

.03 Eligibility.

A. An individual is eligible for IHAS if the individual:

(1) Has a functional disability;

(2) Is receiving case management in a social service program from a local department or from a social service agency through an arrangement with the administration, and requires the service as a part of a treatment plan to:

(a) Prevent and remedy the risk of abuse, neglect, self-neglect, or exploitation;

(b) Promote a safe environment;

(c) Promote self-sufficiency;

(d) Engage existing formal and informal natural supports;

(e) Provide nonskilled home health aide services to adults with functional disabilities;

(f) Provide therapeutic support services to families; or

(g) Prevent or reduce the length of institutional placement;

(3) Is willing to accept IHAS;

(4) Meets both the financial and asset eligibility requirements of the case managed social service program;

(5) Agrees to pay the fee required in a fee schedule published by the administration; and

(6) Requires care that does not exceed the scope of the program, or is temporarily receiving services through a child protective services or adult protective services program.

B. The proposed IHAS services may not exceed 14 hours per week or 364 hours for a 6-month period.

C. Waiver of Fees.

(1) The director of a local department or the director's designee may waive a fee for service for applicants or clients who require services as a part of a treatment plan to prevent or remedy abuse, neglect, self-neglect, or exploitation.

(2) The continued need for a waiver shall be reviewed, and approved or denied by the director or the director's designee every 6 months.

.04 Application for Service.

A. The local department shall screen an applicant's completed Request for In-Home Aide Services for IHAS service on the required forms prescribed by the administration that include:

(1) An assessment of the individual's functional capacity;

(2) A ranking scale of risk factors determined by the administration;

(3) A copy of the case manager's service plan which includes a request for IHAS;

(4) Income and asset documentation; and

(5) An application for IHAS signed by the individual or the individual's representative.

B. If, after screening, the applicant is found eligible, the local department shall:

(1) Determine if a service slot is available;

(2) If a service slot is available, inform the applicant of the expected date services will begin; and

(3) If a service slot is not available, place the applicant on the IHAS waiting list.

C. If, after screening, the applicant is found not eligible, the local department shall send written notification to the applicant that includes the reason for the decision.

.05 Scope of Service.

A. If funds or staff are available, the local department may provide IHAS services by:

(1) Assigning an aide who is employed by the local department;

(2) Purchasing services from a private for profit or nonprofit agency that has contracted with the administration to provide the services; or

(3) Purchasing the services from a self-employed individual.

B. The local department may, based on the availability of staff and funding, as well as an assessment of the individual's needs, provide the following specific services up to 14 hours per week:

(1) Personal care services, which include:

(a) Assisting with dressing;

(b) Bathing;

(c) Feeding;

(d) Grooming;

(e) Assisting with toileting;

- (f) Transferring in and out of bed and wheelchair; and
- (g) Assisting with ambulation;
- (2) Cleaning the bedroom, bathroom, and kitchen;
- (3) Personal laundry;
- (4) Transportation and escort services to health care appointments and shopping facilities as well as access to other community resources as identified in the care plan;
- (5) Meal preparation;
- (6) Teaching meal planning, safe food handling, and meal preparation; and
- (7) Therapeutic aide services, which include:
 - (a) Emotional support;
 - (b) Introducing the client to neighborhood resources;
 - (c) Reinforcing appropriate self-care and caretaking behaviors;
 - (d) Budgeting;
 - (e) Home management; and
 - (f) Effective parenting skills.

C. The care plan agreement shall follow the established guidelines under the Nurse Practice Act as set forth in COMAR 10.27.09.03I that limit the type of hands-on services that may be delegated to unlicensed care staff.

D. The client shall agree to comply with the specific provisions of the IHAS care plan including the recommendations of the delegating nurse.

E. A local department may terminate services for failure of the client to comply with the recommendations of the delegating nurse.

F. Provision of Additional Services.

(1) Depending on the availability of funding and staff, the local department may provide services in excess of 14 hours per week and 364 hours per 6-month period.

(2) Additional services provided under §F(1) of this regulation are either emergent or clinically based intensive services.

(3) A local department may provide additional types of in-home aide services to the eligible individual.

(4) The eligible individual shall agree to comply with the provisions of the care plan, including the recommendations of the delegating nurse.

(5) A local department may provide additional services to a family with children if:

(a) The need for an additional amount of services is documented in the case record as being necessary to prevent out-of-home placement or to reduce the length of out-of-home placement; and

(b) The case manager assesses the family as potentially capable of providing adequate and safe care to the child without the use of in-home aide services within the time specified in the service plan for effecting reunification or preventing out-of-home placement.

G. Status Reports.

(1) The service provider shall submit a report on a form approved by the Administration to the IHAS supervisor on the client's current situation:

- (a) At least on a monthly basis;
- (b) More often than monthly if necessary;
- (c) Regardless of the method by which services are delivered; and

(d) Specifying any changes in the client's situation and whether the client prevents the aide from performing the tasks agreed to in the plan for aide services.

(2) The local department shall monitor to ensure that the status reports are submitted according to §F(1) of this regulation.

(3) The IHAS supervisor or designee shall take appropriate action in response to the status reports.

H. Suspension of Services. The local department may suspend services for up to 4 weeks when the IHAS supervisor notifies the case manager that any of the following conditions exist:

- (1) The client is absent from the home;
- (2) The client has prevented the IHAS aide from performing tasks agreed upon in the care plan; or
- (3) The client develops a pattern of unavailability during scheduled service time.

I. Emergency Suspension.

(1) The local department may immediately suspend services on an emergency basis if the IHAS supervisor determines that there is an immediate threat to the aide's health, safety, or welfare from:

- (a) Environmental hazards;
- (b) A client;
- (c) A member of the client's household; or
- (d) An individual regularly present during periods of services.

(2) The local department shall send written notice of the suspension to the client by certified mail stating:

- (a) The regulatory basis for the suspension;
- (b) The client's right to a hearing within 7 calendar days of a request for a hearing;
- (c) That the Secretary's designee shall issue a decision concerning the emergency suspension within 7 calendar days of the hearing;
- (d) That if the emergency suspension order is upheld, aide services shall be suspended until it has been determined that the health, safety, or welfare of the aide is no longer threatened; and
- (e) The suspension may lead to termination.

J. Emergency Action Hearing Requests.

- (1) Emergency action hearing requests shall:
 - (a) Be filed with the local department within 10 days of the certified mailing of the notice of the local department's action; and
 - (b) State the name and address of the client and the effective date of the action being appealed.

(2) The local department shall notify the Office of Administrative Hearings immediately upon receipt of an emergency action hearing request.

(3) Oral notification shall be followed by written notification within 24 hours.

(4) A hearing shall be conducted within 7 days of the filing date of the hearing request.

(5) A decision by the administrative law judge shall be rendered within 7 days following the conclusion of the hearing.

K. Limitations on Service.

(1) The local department may provide aide services up to the maximum of 14 hours per week for each eligible individual based on a comprehensive assessment and determination of need.

(2) For a client requiring intensive services as set forth in §F of this regulation, the IHAS supervisor shall determine the total hours needed for 6 months of IHAS, not to exceed 364 hours. If the service request exceeds 364 hours in a 6-month period, the client is not eligible for IHAS.

(3) The local department may only provide intensive services to individuals identified in §.05F of this chapter if the case manager assesses the family as potentially capable of providing adequate and safe care of the child without the use of aide service within the time specified in the service plan for effecting reunification or preventing out-of-home placement.

.06 Redetermination.

A. The local department shall redetermine every 6 months the client's income and assets and whether the client is required to pay a fee.

B. The local department shall reconsider the client's need for IHAS, including any required change in the personal care plan, and complete a ranking scale at least every 6 months or sooner if the client's situation has changed significantly.

C. Reductions. The local department may reduce the number of hours of service provided to a client for any of the following reasons:

- (1) Insufficient funds;
- (2) Improvement in the client's condition or situation;
- (3) Loss of program staff; or
- (4) Receipt of services from other publicly funded services or natural supports.

D. Terminations.

(1) The local department shall terminate services under any of the following circumstances:

- (a) Objectives of service have been reached and the IHAS supervisor and case manager agree that service is no longer needed;
- (b) The client, client's family, or case manager is able to secure the service from an alternative source such as medical assistance personal care, Medicaid services, Veteran's Affairs, attendant care funds, senior care, or other community-based services;
- (c) The case manager evaluates the client as no longer in need of IHAS;
- (d) The client is deceased;
- (e) The client moves outside the local department's jurisdiction;
- (f) The client is hospitalized longer than 4 weeks, placed in a long-term care facility for services other than short-term rehabilitation or is receiving community-based waiver program service;
- (g) The client is no longer eligible;
- (h) The limit in Regulation .05F of this chapter has been reached;
- (i) The case manager, with the IHAS supervisor, determines that the service has not been effective in achieving the specific changes in the client's condition or family's situation which were expected to result from providing services;
- (j) The service is suspended for 4 weeks;
- (k) The client requests termination;
- (l) The client declines IHAS services;
- (m) The behavior of the client or other household members has prevented the aide from performing tasks identified in the care plan or places the aide at risk of harm;
- (n) The unresolved environmental issues pose an immediate threat to the health and safety of a care provider or case manager; or
- (o) There is insufficient staff or funds to serve the current number of clients.

(2) Termination under §D(1)(o) of this regulation shall be in order of lowest priority to highest priority based on ranking.

(3) The local department shall send notice to the client at least 15 calendar days before taking action which will deny, reduce, suspend, or terminate services except when services are suspended on an emergency basis as set forth in Regulation .05F(1) and (2) of this chapter.

(4) The notice to the client shall state the decision and the basis for it, cite the regulations supporting it, and explain the applicant's right to and the method to request a fair hearing.

.07 Appeal Rights and Nondiscrimination.

A. The local department shall give written notification of the right to and the procedures for requesting and obtaining a fair hearing to each applicant or client of IHAS at the time of application, and if the local department notifies the applicant or client of an action which might deny, delay, suspend, reduce, or terminate service. The procedures are set forth in COMAR 07.01.04.

B. Emergency Hearing Requests.

(1) All emergency hearing requests shall be filed with the local department within 10 days of the certified mailing of the notice of the local department's action and shall state the name and address of the client and the effective date of the action appealed.

(2) The local department shall notify the Office of Administrative Hearings immediately upon receipt of an emergency action hearing request. Oral notification shall be followed by written notification within 24 hours.

(3) A hearing shall be conducted within 7 days of the filing date of the hearing request.

(4) A decision by the Office of Administrative Hearings Administrative Law Judge shall be rendered within 7 days after the conclusion of the hearing.

C. Discrimination. The local department may not discriminate in the delivery of service, as required by the nondiscrimination procedures set forth in COMAR 07.01.03.04A.

.08 Waiting List.

A. Local departments shall use a ranking scale of risk factors, a standardized tool determined by the administration, to determine the condition and service needs of the client.

B. Local departments shall keep a waiting list if they are unable to serve eligible clients immediately.

C. Local departments shall provide services to applicants with the highest point total first, and, when there is a waiting list and scores are equal, those with earlier date of application are served first.

D. Individuals on the waiting list shall be served as resources become available.

E. If a rescoring is required by Regulation .06B of this chapter, the local department shall score the client based on the case manager's assessment of the client's condition if IHAS were removed.

A public hearing has not been scheduled.

.19 Conciliation, Sanctions, and Other Penalties.

[A. Sanctions for Noncompliance.

(1) Except as provided in Regulation .09D and E of this chapter for substance abuse, when an adult is found to be in noncompliance with program requirements, the:

- (a) Entire assistance unit is ineligible; and
- (b) Case manager shall:
 - (i) Investigate the reasons for noncompliance; and
 - (ii) Make personal contact with the assistance unit to the extent it is appropriate and feasible.

(2) When a child is found to be in noncompliance with program requirements, the:

- (a) Child remains a member of the assistance unit;
- (b) Child's incremental portion of the grant is deducted from the family's TCA grant; and (c) Case manager shall:
 - (i) Investigate the reasons for noncompliance; and
 - (ii) Make personal contact with the assistance unit to the extent it is appropriate and feasible.

(3) A sanction may not be imposed less than 30 days from the first written notice of noncompliance with a program requirement.

(4) Conciliation Process.

(a) The local department shall allow one 30-day conciliation period for each adult or child's failure to comply with requirements for each of the following:

- (i) Work as specified in Regulation .07-1 of this chapter;
- (ii) Child support as specified in Regulation .10A of this chapter;
- (iii) Substance abuse treatment and testing as specified in Regulation .09 of this chapter;
- (iv) Long term disability requirements as specified in Regulation .08A and B of this chapter; and
- (v) Minor parent school enrollment and attendance as specified in Regulation .07H and .07-1 of this chapter.

(b) During the 30-day period, the case manager shall help the individual comply by:

- (i) Sending the individual a letter to schedule a conciliation conference; and
- (ii) Following up on the letter through telephone contact or personal contact as appropriate and feasible.

(c) After the 30-day period, a later instance of noncompliance with the same program requirement does not entitle the individual to another 30-day conciliation period.

(5) For noncompliance with any program requirement other than a work activity, TCA shall be resumed upon compliance with the program requirement.

(6) For noncompliance with a work activity, TCA shall be resumed in the following manner:

- (a) For the first instance of noncompliance, TCA shall be resumed immediately upon compliance with the work activity, except, if noncompliance continues into a new month, then the TCA shall be prorated from the day after the day of compliance;
- (b) For the second instance of noncompliance, TCA shall be resumed and prorated from the day after the 10 calendar day period during which the sanctioned individual complied with the work activity for all available activity days; or
- (c) For the third and any subsequent instance of noncompliance, TCA shall be resumed and prorated from the day

after the 30 calendar day period during which the sanctioned individual complied with the work activity for all available activity days.

(7) If an individual fails to comply during a sanction period without good cause:

- (a) The sanction period shall start over;
- (b) No additional instance of noncompliance is counted against the noncomplying individual; and
- (c) The TCA benefit may not be resumed until compliance is met.

(8) All individuals in the assistance unit are sanctioned except a child who is:

- (a) Placed with another caretaker relative by the Social Services Administration;
- (b) In the legal custody of another caretaker relative; or
- (c) Living with another caretaker relative when the sanctioned caretaker relative is institutionalized.]

A. Conciliation Process.

(1) Conciliation and sanction are applied to recipient assistance units only.

(2) The local department shall allow one 30-day conciliation period for each recipient's failure to comply with requirements for each of the following:

- (a) Work as specified in Regulation .07-1 of this chapter;
- (b) Child support as specified in Regulation .10A of this chapter;
- (c) Substance abuse treatment and testing as specified in Regulation .09 of this chapter;
- (d) Long term disability requirements as specified in Regulation .08A and B of this chapter; and
- (e) Minor parent school enrollment and attendance as specified in Regulation s.07H and .07-1 of this chapter.

(3) During the 30-day period, the case manager shall advise the individual of the noncompliance and help the individual to comply by:

- (a) Sending the individual a letter to schedule a conciliation conference;
- (b) Following up on the letter through telephone contact or personal contact as appropriate and feasible;
- (c) Investigating with the individual any barriers or good cause reasons for the noncompliance; and
- (d) Assisting the individual in resolving the barriers to compliance.

(4) After the 30-day period, a later instance of noncompliance with the same program requirement does not entitle the individual to another 30-day conciliation period.

B. Sanctions for Noncompliance.

(1) Except as provided in Regulation .09D and E of this chapter for substance abuse, when an adult recipient is found to be in noncompliance with program requirements, the:

- (a) Entire assistance unit is ineligible; and
- (b) Case manager shall:
 - (i) Investigate the reasons for noncompliance; and
 - (ii) Make personal contact with the assistance unit to the extent it is appropriate and feasible.

(2) When a child is found to be in noncompliance with program requirements, the:

- (a) Child remains a member of the assistance unit;
- (b) Child's incremental portion of the grant is deducted from the family's TCA grant; and
- (c) Case manager shall:
 - (i) Investigate the reasons for noncompliance; and
 - (ii) Make personal contact with the assistance unit to the extent it is appropriate and feasible.

- (3) *When implementing a sanction:*
 - (a) *For a first instance of noncompliance, a sanction may not be imposed less than 30 days from the first written notice of noncompliance with a program requirement, and:*
 - (i) *TCA shall be resumed immediately upon compliance with the work activity; or*
 - (ii) *If the noncompliance continues into a new month, TCA shall be prorated from the day after the day of compliance;*
 - (b) *For a second or subsequent instance of noncompliance, a sanction may be imposed:*
 - (i) *After the case manager investigates the reasons for the noncompliance;*
 - (ii) *Following adequate and timely adverse action; or*
 - (iii) *TCA shall be resumed and prorated from the day after the 10 calendar day period during which the sanctioned individual complied with the work activity for all available activity days; or*
 - (c) *For a third and any subsequent instance of noncompliance, TCA shall be resumed and prorated from the day after the 30 calendar day period during which the sanctioned individual complied with the work activity for all available activity days.*
 - (4) *If an individual fails to comply during a sanction period without good cause:*
 - (a) *The sanction period shall start over;*
 - (b) *No additional instance of noncompliance is counted against the noncomplying individual; and*
 - (c) *The TCA benefit may not be resumed until compliance is met.*
 - (5) *All individuals in the assistance unit are sanctioned except a child who is:*
 - (a) *Placed with another caretaker relative by the Social Services Administration;*
 - (b) *In the legal custody of another caretaker relative; or*
 - (c) *Living with another caretaker relative when the sanctioned caretaker relative is institutionalized.*

Title 08 DEPARTMENT OF NATURAL RESOURCES

Subtitle 02 FISHERIES SERVICE

08.02.01 General

Authority: Natural Resources Article, §§4-215 and 4-206, Annotated Code of Maryland

Notice of Proposed Action

[12-074-P]

The Secretary of Natural Resources proposes to adopt Regulation .10 under **COMAR 08.02.01 General**.

Statement of Purpose

The purpose of this action is to create a pilot program permit structure for future commercial fisheries pilot programs. The Department of Natural Resources proposes to conduct certain voluntary pilot projects for practical demonstration and evaluation of

alternative fisheries management and harvest methods to increase harvest accountability as well as efficiency and value within the fishery.

Current fisheries management is burdened by historical management practices largely developed over the last 100 years. Regulatory practices necessary to support that system lack flexibility in application and are often too complex for easy understanding. Typically, fisheries today are managed by requiring inefficiency of harvesters. With each regulatory step, harvesters attempt to regain efficiency through unforeseen loopholes or advances in harvest techniques which outpace the regulation. Management agencies respond with additional regulations — and the cycle continues. The Department believes the regulatory burden on both management agency and harvesters can be significantly reduced by emphasizing improved harvest accountability techniques and resulting increased efficiency value in the fishery. However, rather than create temporary additional regulations that apply only to permit holders, the Department proposes to conduct pilot projects developed in cooperation with the commercial fishing industry. Individuals participating in these projects would receive permits from the Department. The permits would specify the details of the project. Additionally, Natural Resource Police would be informed of all permit holders and projects. Pilot projects for demonstration and evaluation of alternative accountability practices would greatly enhance development and application of improved management practices.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

Opportunity for Public Comment

Comments may be sent to Pilot Program and Permits, Regulatory Staff, Maryland Department of Natural Resources Fisheries Service, 580 Taylor Ave, B-2, Annapolis, MD 21401, or call 410-260-8300, or email to fisheriespubliccomment@dnr.state.md.us, or fax to 410-260-8310. Comments will be accepted through April 23, 2012. A public hearing has not been scheduled.

.10 Pilot Programs.

Title 09 DEPARTMENT OF LABOR, LICENSING, AND REGULATION

Subtitle 34 OFFICE OF CEMETERY OVERSIGHT

Notice of Proposed Action [12-088-P]

The Director of the Office of Cemetery Oversight proposes to adopt:

- (1) New Regulations .01 and .02 under a new chapter, **COMAR 09.34.05 Crematories — Definitions;**
- (2) New Regulations .01 — .13 under a new chapter, **COMAR 09.34.06 Crematories — Permit and Registration Process and Fees;**
- (3) New Regulations .01 — .06 under a new chapter, **COMAR 09.34.07 Crematories — Inspections, Complaints, and Discipline;**
- (4) New Regulations .01 — .10 under a new chapter, **COMAR 09.34.08 Crematories — Cremation Procedures;** and
- (5) New Regulations .01 and .02 under a new chapter, **COMAR 09.34.09 Crematories — Code of Ethics.**

Statement of Purpose

The purpose of this action is to implement the provisions in Ch. 450, Acts of 2010, requiring the Office of Cemetery Oversight and the State Board of Morticians and Funeral Directors to establish a specified process and adopt specified regulations for regulating crematories. Such regulations specifically include regulations

governing registration or licensure and renewal; applications, including certification of ownership and identification of individuals who will perform cremation; registration or licensure fees; cremation containers; holding facilities; authorization forms; waiting period before cremation; delegation of authority to cremate; liability of authorizing agent and crematory; receipts and records of cremation; resolution of disputes regarding cremation; prohibition against requiring caskets and embalming; identification of human remains before and after cremation; storage of human remains before cremation; hazardous implants; prohibition against simultaneous cremation of more than one person without authorization; inspection and copying of records by regulating authority; approved containers for cremains; disposition of unclaimed cremains; inspections; registration or licensure fees; providing identification of and updates on individuals performing cremation to the regulating authority; and any other issue determined to be necessary to carry out the provisions of Ch. 450, Acts of 2010.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

I. Summary of Economic Impact. The Office of Cemetery Oversight will incur a modest increase in workload as a result of establishing a regulatory program governing crematories. This will include reviewing applications, responding to inquiries, maintaining files and a data system, handling disciplinary actions, etc. A moderate fee will be imposed on crematories and operators, generating a limited amount of additional revenue. Existing staff will absorb the additional workload. Crematories will bear the additional cost of the licensing fee, which may be passed through to consumers. Consumers will have the benefit of the standards established for the operation of a crematory and the conduct of cremations, as well as specific recourse to a state regulator for complaints.

II. Types of Economic Impact.	Revenue (R+/R-) Expenditure (E+/E-)	Magnitude
<hr/>		
A. On issuing agency:		
Office of Cemetery Oversight	(R+)	Less than \$5000 in new revenue from biennial fees.
B. On other State agencies:	NONE	
C. On local governments:	NONE	
	Benefit (+) Cost (-)	Magnitude
<hr/>		
D. On regulated industries or trade groups:		
Crematories	NONE	All crematories, new biennial fees less than \$5000
E. On other industries or trade groups:	NONE	
F. Direct and indirect effects on public:		
Consumers of crematory services	(+)	Indeterminable

III. Assumptions. (Identified by Impact Letter and Number from Section II.)

A. It is estimated that the Office will license fewer than ten crematories

D. Crematories will bear the cost of any pertinent fee imposed by the Office

F. Consumers will benefit from a regulatory program designed to protect the public through the administration of standards and ethics. State regulators will provide recourse for consumers aggrieved by actions in violation of pertinent laws and regulations.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

- (2) Pays the nonrefundable application fee and any other fees due under this chapter;
- (3) Provides the name, address, and phone number of each affiliated crematory;
- (4) Designates a registered crematory operator as the responsible party for each affiliated crematory provided that the registered crematory operator may not be designated as the responsible party for more than a total of two crematories; and
- (5) Provides an affidavit stating that the new crematory business:
 - (a) Is financially stable; and
 - (b) Has the ability to continue to operate the crematory business for a 2-year period after issuance of a permit.

.08 Change of Information.

The responsible party shall notify the Office of any change in the information provided in the application for permit for a crematory or for a permit as a registered crematory operator, either before or after the issuance of a permit, within 1 week of the date of the change.

.09 Renewal.

A. A person who has a permit to engage in the operation of a crematory or a permit as a registered crematory operator may renew the permit every 2 years, beginning on a date specified by the Office, in the following manner:

- (1) Complete the renewal application form;
- (2) Pay the nonrefundable renewal fee set forth in Regulation .13 of this chapter;
- (3) Meet the permit requirements under Regulation .03, .04, or .05 of this chapter; and
- (4) Submit the documentation required by Regulation .03, .04, or .05 of this chapter.

B. Before the expiration date of a permit, a permit holder shall complete and return the renewal form, pay the renewal fee, and submit any required documentation. After the expiration date of a permit, if a permit holder has not yet applied for renewal, the permit holder is no longer authorized to engage in the operation of a crematory or to act as a registered crematory operator.

C. If a permit holder completes the renewal application process set forth in §A of this regulation before the expiration date of the permit and the Office does not renew the permit before its expiration date, the permit holder is considered to be actively permitted until receipt from the Office of either a renewed permit or a notice of denial of a permit.

D. If a permit holder applies for renewal of a permit after the expiration date of the permit, the permit holder shall pay the renewal fee plus the late renewal fee under Regulation .13 of this chapter.

.10 Lapsed Permit.

A person who has been issued a permit and who has allowed the permit to lapse for at least 6 months may apply for a permit in the following manner:

- A. Complete a permit application form;
- B. Pay the permit fee and the late renewal fee under Regulation .13 of this chapter;
- C. Meet the permit requirements under Regulation .03, .04, or .05 of this chapter;
- D. Submit the documentation required by Regulation .03, .04, or .05 of this chapter;
- E. Provide a full written explanation to the Office detailing the reasons why the permit was allowed to expire and why a permit is now sought; and
- F. Submit to the Office an affidavit stating that the person did not engage in the operation of a crematory or act as a registered crematory operator in this State while the permit was lapsed.

.11 Hearings — Permit Denial.

A. Permit Denial. An applicant or permit holder applying for an initial or renewal permit to the Office may be denied the issuance of a permit, subject to the hearing provisions of Business Regulation Article, §5-312, Annotated Code of Maryland.

B. Hearing Before Director of Office.

(1) Except as otherwise provided in this section, all contested cases before the Director of the Office shall be governed by COMAR 09.01.02.

(2) An applicant who has been notified that a new or renewal permit has been or may be denied and who requests a hearing before the Director of the Office must file the request for a hearing not later than 30 days after the notice of proposed action was mailed.

(3) The Director of the Office shall send the hearing notice described in COMAR 09.01.02.07B at least 10 days before the hearing or, if the parties have agreed to a date for which 10 days' notice cannot be given, at the earliest time possible.

(4) The notice to an applicant that a new or renewal permit has been or may be denied shall state that the proposed action of the Director of the Office shall be affirmed if:

- (a) A hearing is not requested within 30 days after the date the notice of proposed action was mailed; or

(b) *The applicant fails to appear for the hearing after requesting a hearing.*

(5) *If, after a hearing, the proposed action of the Director of the Office is upheld, the appellant shall pay the hearing costs described in Regulation .12 of this chapter.*

C. *Hearings Delegated by the Office to the Office of Administrative Hearings. All contested case hearings delegated to the Office of Administrative Hearings shall be governed by COMAR 09.01.03.*

.12 Fees.

A. *Permit Fees:*

- (1) *Permit fee for a Crematory — \$350;*
- (2) *Permit fee for a Registered Crematory Operator — \$300;*
- (3) *Permit renewal fee for a Crematory — \$350;*
- (4) *Permit renewal fee for a Registered Crematory Operator — \$300;*
- (5) *Late renewal fee — \$200;*
- (6) *Other Fees:*
 - (a) *Replacement of permit — \$50;*
 - (b) *Returned check fee — \$50;*
 - (c) *Additional copy of permit — \$50;*
 - (d) *Business name change — \$50;*
 - (e) *Personal name change — \$50;*
 - (f) *Business address change — \$50;*
 - (g) *Annual preneed sales trust report — \$25*

B. *Hearing costs described in Business Regulation Article, §5-312(h), Annotated Code of Maryland, shall be determined to be the cost of a court reporter and the transcripts ordered by the Office, or by the Office of the Attorney General, for the purpose of presenting a case alleging violation of Business Regulation Article, Title 5, Annotated Code of Maryland, before the Office or before the Office of Administrative Hearings.*

.13 Display of Permit.

A permit holder shall display the permit conspicuously, in a public area at each business address of the permit holder.

09.34.07 Crematories — Inspections, Complaints, and Discipline

Authority: Business Regulation Article, §§5-204, 5-310 and 5-311, Annotated Code of Maryland

.01 Scope.

This chapter governs crematory inspections, the complaint process, and grounds for discipline and penalties.

.02 Inspection by the Office.

A. *A crematory shall be open for inspection by a representative of the Office at any time during operating hours.*

B. *Each crematory shall be inspected:*

- (1) *On a biennial basis;*
- (2) *In furtherance of an investigation; or*
- (3) *Upon the sale or change of ownership of the crematory.*

C. *Inspection results shall be written on forms approved by the Office.*

D. *A permit holder shall be available to accompany the inspector during the inspection and sign the inspection report.*

E. *A crematory shall maintain the following minimum standards:*

(1) *The premises shall be maintained in a sanitary manner, except in an emergency, life-threatening situation, where it is not feasible or practicable to comply with Centers for Disease Control’s guidelines on universal precautions;*

(2) *Except by express, written consent of the authorizing agents to perform simultaneous, multiple cremations, there shall be no more than one human body cremated in a single cremator at a time;*

(3) *Each cremator shall be cleaned completely after each cremation;*

(4) *There shall be no co-mingling of human bodies and pets in refrigeration units or in vehicles transporting the human bodies or pets;*

(5) *Separate cremators shall be dedicated for the cremation of human bodies and the cremation of pets;*

(6) *A burial transit permit pertaining to the deceased shall be an original document;*

(7) *Each crematory shall have a sink with hot and cold water in close proximity to the cremator and the necessary equipment to permit the floor in the area of the cremator to be cleaned with water;*

(8) *The name of the deceased shall be visible on the outside of the cremation container;*

(9) *Human remains shall be properly stored prior to cremation;*

(10) *Mechanical pulverizing equipment used by a crematory shall meet industry standards and be cleaned as thoroughly as possible between each use;*

(11) *A mortar and pestle shall be used for pulverization of cremated human remains when the amount of cremated human remains is insufficient to pulverize in mechanical pulverizing equipment;*

(12) *Separate pulverizing drums shall be dedicated for cremated human remains and cremated pet remains;*

(13) *Prior to pulverization, the mechanical pulverizer shall be clamped;*

(14) *A crematory may not refuse to release cremated human remains pending payment of outstanding fees;*

(15) *Within 6 months of the effective date of this chapter, cremators shall be retrofitted, if necessary, with safety devices that will prevent the automatic door from dropping prematurely;*

(16) *There shall be no portable fans used in the area of the cremator or pulverizing equipment;*

(17) *There shall be a minimum of 6 inches between a cremator smoke stack and the roof of the crematory; and*

(18) *Each cremator must have a warning sign, visible on the front of the cremator, stating “No leaning past the door of the cremator.”*

F. *The following forms shall be available for inspection, with a copy given to the inspector for the inspector’s records:*

- (1) *Cremation authorization form;*
- (2) *Delegation of authority form;*
- (3) *Receipt for human remains;*
- (4) *Record of cremation;*
- (5) *Certificate of cremation;*
- (6) *Return of human cremated remains certificate; and*
- (7) *Burial transit permit.*

.03 Crematory Inspection Report, Deficiencies, and Penalties.

A. *The representative of the Office performing the inspection shall, upon completion of the inspection:*

(1) *Apprise the permit holder of the findings of the inspection; and*

(2) *Provide the permit holder or a representative of the permit holder with a copy of the inspection report.*

B. *The permit holder or representative of the permit holder shall sign the inspection report and provide written verification of receipt of the inspection report.*

C. *The Director of the Office shall review the inspection report and make a determination as to whether a deficiency exists.*

D. If the Director of the Office finds that a deficiency exists based on the inspection, notice of the deficiency or failure to pass the inspection shall be sent to the crematory permit holder within 30 days of completion of the inspection.

E. If a permit holder passes an inspection, the permit holder shall prominently display, in public view on the premises, a statement issued by the Office that the crematory has successfully passed an inspection.

F. Correction of Deficiency.

(1) Except as provided in this section, a crematory permit holder shall correct a deficiency within 30 days after receipt of notification or within the time frame specified by the Office, whichever is sooner.

(2) The Office may require immediate correction of a deficiency if the agency considers the correction necessary in the interest of public health.

(3) The crematory permit holder may request an extension of time within which to correct a deficiency.

(4) The Office may approve an extension of time for correction of a deficiency.

(5) Upon completion of the correction of all deficiencies, the crematory permit holder shall notify the Office.

(6) Upon notification by the crematory permit holder of the correction of all deficiencies:

(a) A representative of the Office shall re-inspect the crematory; and

(b) The Office shall provide the crematory permit holder with a copy of the re-inspection report within 30 days.

(7) If re-inspection reveals additional deficiencies not cited in the first report, the crematory permit holder shall correct those deficiencies in the time period specified by the Office unless an extension of time for correction of the additional is requested by the crematory permit holder and approved by the Office.

G. Penalties.

(1) Failure to allow an inspection of the crematory shall:

(a) Be deemed a threat to the public health, safety, or welfare requiring immediate action; and

(b) Result in immediate suspension of a crematory permit and the permit of the registered crematory operator designated as the responsible party for the crematory, as provided under State Government Article, §10-226(c)(2), Annotated Code of Maryland, subject to a subsequent opportunity for a hearing pursuant to Business Regulation Article, §5-312, Annotated Code of Maryland.

(2) Failure to comply with a notice to correct deficiencies or violations within the required time period, or any reasonable extension granted by the Office, shall:

(a) Be deemed a threat to the public health, safety, or welfare requiring immediate action; and

(b) Result in an immediate suspension of a crematory permit and the permit of the registered crematory operator designated as the responsible party for the crematory under State Government Article, §10-226(c)(2), Annotated Code of Maryland, or the denial of a renewal of a crematory permit and the permit of the registered crematory operator designated as the responsible party for the crematory, subject to a subsequent opportunity for a hearing pursuant to Business Regulation Article, §5-312, Annotated Code of Maryland.

.04 Complaints.

A. A complaint regarding a crematory authority or a registered crematory operator under the jurisdiction of the Office shall be filed by the complainant with the Office on a form devised by the Office.

B. A complaint regarding a crematory authority or a registered crematory operator shall be filed in compliance with the provisions

of Business Regulation Article, §5-311(b), Annotated Code of Maryland.

C. A complaint regarding a crematory authority or a registered crematory operator shall be processed in accordance with the provisions of Business Regulation Article, §5-311(c) — (h), Annotated Code of Maryland.

.05 Investigations.

The Office and the Board may share investigative information and conduct joint investigations.

.06 Grounds for Discipline and Penalties.

A. Subject to the hearing provisions of Business Regulations Article, §5-312, Annotated Code of Maryland, the Director of the Office of Cemetery Oversight may deny a crematory permit or registered crematory operator permit to an applicant, reprimand any person required to obtain a crematory permit or registered crematory operator permit, or suspend or revoke a crematory permit or registered crematory operator permit if an applicant or permit holder, or an agent, employee, officer, director, or partner of the applicant or permit holder for the reasons set forth in Business Regulation Article, §5-310, Annotated Code of Maryland.

B. The Director of the Office may seek the remedies and may impose the penalties set forth in Business Regulation Article, Title 5, Annotated Code of Maryland, for violations of that Title.

09.34.08 Crematories — Cremation Procedures

Authority: Business Regulation Article, §5-204, Annotated Code of Maryland

.01 Scope.

This chapter governs the procedures to be followed by a permit holder in performing a cremation in this State.

.02 Removal, Identification, and Transportation of Human Remains.

A. Immediately prior to placing human remains in a cremator, the crematory authority's designee shall:

(1) Verify that the information on the wrist tag of the human remains is consistent with the documentation accompanying the human remains and consistent with the visual observation of the human remains; and

(2) Inspect for and remove any foreign objects contained with the remains.

B. Materials identifying the human remains placed in the custody of a crematory authority shall contain the following information:

(1) Name of deceased;

(2) Date of death;

(3) Date of birth;

(4) Name and relationship of authorizing agent to the deceased;

(5) Gender; and

(6) Name of authorizing agent or funeral establishment engaging crematory services.

C. If the crematory authority takes custody subsequent to the human remains being placed within a cremation container, the crematory authority shall satisfy itself that identification has been made as described in §A of this regulation.

D. A crematory authority may not accept unidentified human remains for cremation.

.03 Cremation Container.

A. A cremation container shall:

(1) Be a readily combustible, stackable container suitable for cremation;

(2) Provide a completely enclosed covering for the human remains;

- (3) Be resistant to leakage or spillage;
- (4) Be of sufficient strength and rigidity for ease of handling;
- (5) Provide protection to the health and safety of crematory establishment personnel; and
- (6) Comply with governmental emissions regulations.

B. A cremation container may not be composed of metal or polyethylene.

.04 Holding Facilities.

A holding facility shall:

- A. Comply with applicable public health laws;
- B. Preserve the dignity of human remains;
- C. Recognize the integrity, health, and safety of crematory establishment personnel; and
- D. Be secure from access by unauthorized persons.

.05 Holding Remains.

A. Unless prevented by emergency circumstances, human remains that have been designated for cremation shall be cremated by a crematory authority within 48 hours after receipt.

B. A crematory authority may not hold human remains for cremation unless the human remains are contained within an individual, rigid, stackable, closed cremation container.

C. A crematory authority may not accept a cremation container from which there is any evidence of leakage of the body fluids from the human remains therein.

D. Whenever a crematory authority is unable to cremate human remains within 48 hours of taking custody thereof due to emergency circumstances, the crematory authority shall maintain the human remains in a refrigerated holding facility, either on or off site, at 40°F or less, unless the remains have been embalmed.

.06 Cremation Authorization.

A. Except as otherwise provided in this regulation, a crematory authority may not cremate human remains until:

- (1) The body has been identified as required by Health Occupations Article, §7-411, Annotated Code of Maryland;
- (2) The crematory has received:
 - (a) A cremation authorization on a form approved by the Office and signed by an authorizing agent;
 - (b) If applicable, a written delegation document or facsimile; and
 - (c) Any other documentation required by federal, State, or local law; and
- (3) The crematory authority has documented that at least 12 hours have elapsed from the time of death of the individual whose remains are to be cremated.

B. The cremation authorization form shall be provided by the crematory authority to the authorizing agent, shall be signed by the authorizing agent, and shall contain the following information:

- (1) The identity of the human remains;
- (2) Date of death;
- (3) The name and address of the authorizing agent and the relationship between the authorizing agent and the deceased;
- (4) Authorization for the crematory authority to cremate the human remains;
- (5) Authorization to verify that the following have been removed prior to cremation:
 - (a) Implanted pacemaker or defibrillator; or
 - (b) Any other materials that the crematory authority deems should be removed to prevent harm to the public health or damage to equipment;
- (6) A representation that the authorizing agent is aware of no objection to the human remains being cremated by any person who has a right to control the disposition of the human remains; and

(7) The name and address of the person authorized to claim the cremated remains from the crematory authority or accept the cremated remains via registered mail.

C. If an authorizing agent is not available to execute the cremation authorization form, the authorizing agent may delegate that authority to another individual in writing, or if located outside the area, by sending the crematory authority a signed, notarized statement, electronically or by facsimile device, that contains the name, address, and relationship of the sender to the deceased and the name and address of the individual to whom authority is delegated.

D. Upon receipt of the written delegation document or a copy of the delegation statement transmitted electronically or by facsimile device, the crematory authority shall allow the named individual to serve as the authorizing agent.

E. A person signing a cremation authorization form is deemed to warrant the truthfulness of any facts set forth in the cremation authorization form, including the identity of the deceased whose remains are sought to be cremated and the authority of that person to order such a cremation.

F. A crematory authority shall maintain a copy of every cremation authorization form required under this regulation as permanent records.

G. Cremation authorization records are subject to inspection and copying by the Office.

.07 Record of Receipt of Remains.

A. A crematory authority shall provide to an individual who delivers human remains for cremation a receipt signed by both the crematory authority and the person who delivered the human remains that includes the:

- (1) Name of the individual from whom the human remains were received and the name of the individual's employer, if any;
- (2) Name and address of the crematory authority;
- (3) Name and address of the deceased;
- (4) Gender of the deceased;
- (5) Date of death of deceased; and
- (6) Verification of authorized burial transit permit.

B. The crematory authority shall maintain a record of each cremation, which shall include the:

- (1) Name of the deceased;
- (2) Date of birth of the deceased;
- (3) Date of death of the deceased;
- (4) Gender of the deceased;
- (5) Name and address of the authorizing agent;
- (6) Date, time, and location of cremation; and
- (7) Name of the individual who performed the cremation.

C. The crematory authority shall provide a certificate of disposition of cremated human remains to the authorizing agent that contains the:

- (1) Name of the deceased;
- (2) Name of the authorizing agent;
- (3) Date, time, and location of cremation;
- (4) Name of the individual who performed the cremation;
- (5) Name and address of the person who received the cremated human remains from the crematory authority; and
- (6) If ascertainable, the location, including the name of the cemetery and plot location if the remains are interred, the manner, and the date of the disposition of the cremated human remains.

D. The crematory authority shall maintain a copy of every record and receipt required by this regulation as permanent records.

E. All records required to be maintained by a crematory authority by this regulation are subject to inspection and copying by the Office.

.08 Use of a Casket; Embalming.

A. Except as provided in §B of this regulation, a crematory authority may not:

(1) Require that human remains be placed in a casket before cremation or that human remains be cremated in a casket;

(2) Refuse to accept human remains for cremation because the remains are not in a casket; or

(3) Refuse to accept human remains for cremation because the remains are in a suitable, combustible wooden casket, but may request the authorizing agent or funeral establishment engaging the services of the crematory authority to remove the metal mattress holder in the casket.

B. Human remains delivered to a crematory authority may not be removed from the cremation container and the cremation container shall be cremated with the human remains unless the authorizing agent for the deceased requests that the human remains be placed in the cremator without enclosure in a cremation container.

C. A crematory authority may not require that human remains be subjected to embalming before cremation.

.09 Identification of Human Remains Immediately Prior to Cremation.

A. Immediately prior to being placed within the cremator, the identification of the human remains shall be verified by the designee of the crematory authority and the identification tag of the human remains being cremated shall be placed on the outside of the cremator, where it shall remain in place until the cremation process is complete.

B. The designee of the crematory authority who is operating the cremator may not leave the immediate area of the cremator during the cremation process.

.10 Disposition of Cremated Human Remains.

A. Upon completion of the cremation, insofar as is possible, all of the recoverable residue of the cremation process shall be removed from the cremation chamber and, except for medical devices remaining after the completion of the cremation process, placed in a container.

B. Medical devices which remain after the completion of the cremation process shall be treated as medical waste and disposed of accordingly.

C. The identification tag required to be placed on the outside of the cremator by Regulation .09 of this chapter shall be placed in the container with the cremated human remains.

D. After pulverization of the cremated human remains, all of the processed human remains, together with the identification tag, shall be placed in a sealable container.

E. If all of the processed human remains and the identification tag will not fit within the dimensions of a sealable container, the remainder of the processed human remains shall be returned to the authorizing agent, or the agent's representative, in a separate, sealable container.

F. If the processed human remains and identification tag do not adequately fill the container's interior dimensions, the extra space may be filled with packing material that will not become intermingled with the processed human remains and then securely closed.

G. If a sealable container containing processed human remains is to be shipped, the sealable container shall:

(1) Be placed within a separate sturdy box with all box seams securely taped closed; and

(2) Have the name of the deceased person whose processed human remains are contained therein legibly written on the outside of the container.

H. If processed human remains have been in the possession of a crematory authority, as originally authorized by the authorizing

agent, without instructions for disposition, for a period of 10 days or more from the date of cremation, the crematory authority may send the processed human remains, by certified mail, return receipt requested, to the authorizing agent.

09.34.09 Crematories — Code of Ethics

Authority: Business Regulation Article, §§5-204 and 5-310, Annotated Code of Maryland

.01 Scope.

This chapter governs any person who holds a permit to engage in the operation of a crematory or to act as a registered crematory operator.

.02 General Professional Practices.

A. A permit holder shall:

(1) Act in a manner that respects and protects the dignity of a decedent and the decedent's family;

(2) Conduct business in a reasonable, usual, and customary manner;

(3) Comply with the State public health laws as set forth in the Health-General Article, §§4-215 and 5-501 et seq., Annotated Code of Maryland;

(4) Comply with the Commercial Law Article, Titles 12 and 13, Annotated Code of Maryland;

(5) Implement and follow through on all arrangements agreed upon between a consumer and the crematory;

(6) Provide appropriate services for and respect the rights of individuals without regard to age, race, creed, national origin, gender, disability, marital status, political belief, religious affiliation, social or economic status, or social preferences;

(7) Comply with the State laws for cremation;

(8) Be sensitive and responsive to the bereavement needs of a decedent's family;

(9) Provide a general price list that can be retained to anyone who, in person, requests pricing information regarding cremation related goods or services; and

(10) Provide accurate information from the general price list to any person who requests information, by telephone, regarding cremation related goods or services.

B. A permit holder may not:

(1) Place advertisements that include statements:

(a) Containing misrepresentation of facts;

(b) Likely to mislead or deceive because, in context, the statement makes only a partial disclosure of relevant facts;

(c) Relating to fees without reasonable disclosure of all relevant variables so that the statement would not be misunderstood or be deceptive to a consumer; or

(d) Containing representations or implications that in reasonable probability can be expected to cause an ordinarily prudent person to misunderstand or be deceived;

(2) Use, or participate in the use of, any form of communication to consumers containing a false, fraudulent, misleading, deceptive, or unfair statement or claim; or

(3) Operate a crematory or perform a cremation while under the influence of alcohol, an illegal drug, or a controlled dangerous substance which has not been prescribed by a physician.

.11 Health Care Providers, First Responders, and Public Safety Workers — HIV Exposure.

A. Definition.

(1) *In this regulation, the following term has the meaning indicated.*

(2) *"Infection preventionist or employee health provider" means the designated infectious disease/communicable disease officer of a hospital.*

B. A health care provider, first responder, or public safety worker involved in an exposure as defined in Health-General Article, §18-338.3, Annotated Code of Maryland, shall comply with the provisions of Health-General Article, §18-338.3, Annotated Code of Maryland.

C. A hospital's designated infection preventionist or employee health provider or its designee shall follow the requirements in Health-General Article, §18-338.3, Annotated Code of Maryland, if an exposure, as defined in Health-General Article, §18-338.3, Annotated Code of Maryland:

(1) Occurs:

(a) In a hospital, between a patient and a health care provider; or

(b) Before admission of the patient to a hospital, between a patient and a:

(i) First responder; or

(ii) Public safety worker; and

(2) Is such that, in accordance with the Centers for Disease Control and Prevention recommendations, warrants recommending or offering chemoprophylaxis treatment for the health care provider, first responder, or public safety worker.

.12 Information on Exposures.

A. A hospital where an exposure occurred shall:

(1) Maintain a confidential record or incident report for an HIV test conducted under Regulation .11 of this chapter;

(2) Adopt procedures for the confidential HIV testing of blood samples or other body fluids used or collected for purposes of Regulation .11 of this chapter;

(3) Maintain a record of:

(a) An exposure as defined by Health-General Article, §18-338.3(a), Annotated Code of Maryland; and

(b) A refusal to consent by a patient as described in the Health-General Article, §18-338.3(b)(2)(ii), Annotated Code of Maryland; and

(4) Provide records as specified in §A(3) of this regulation or information from the records to the Department when and as requested by the Secretary.

B. Nothing in Regulation .11 of this chapter or this regulation shall be construed to exempt any individual or entity required to report infectious diseases from reporting the infectious diseases as required in Health-General Article, Title 18, Annotated Code of Maryland.

AND FUNERAL DIRECTORS**

Notice of Proposed Action

[12-079-P]

The Secretary of Health and Mental Hygiene proposes to:

(1) Repeal Regulation .01, adopt new Regulations .01 and .10, and recodify existing Regulations .10 — .12 to be Regulations .11 — .13 under **COMAR 10.29.01 Hearing Procedures**;

(2) Adopt new Regulations .01 and .02 under a new chapter, **COMAR 10.29.16 Crematories — Definitions**;

(3) Adopt new Regulations .01 — .10 under a new chapter, **COMAR 10.29.17 Crematories — Permit, Licensing, and Fees**;

(4) Adopt new Regulations .01 — .06 under a new chapter, **COMAR 10.29.18 Crematories — Inspections, Complaints, Investigations, Grounds for Discipline, and Penalties**;

(5) Adopt new Regulations .01 — .12 under a new chapter, **COMAR 10.29.19 Crematories — Cremation Procedures**; and

(6) Adopt new Regulations .01 and .02 under a new chapter, **COMAR 10.29.20 Crematories — Code of Ethics**.

This action was considered by the Board of Morticians and Funeral Directors at a public meeting on November 9, 2011, notice of which was given by publication in 38:22 Md. R. 1389 (October 21, 2011), pursuant to State Government Article, §10-506(c)(1), Annotated Code of Maryland, and at a public meeting on December 14, 2011, notice of which was given by publication in 38:25 Md. R. 1676 (December 2, 2011), pursuant to State Government Article, §10-506(c)(1), Annotated Code of Maryland.

Statement of Purpose

The purpose of this action is to:

- (1) Establish sanctioning guidelines for the Board to use when imposing discipline on a licensee for violating the Maryland Morticians and Funeral Directors Act or COMAR 10.29;
- (2) Establish requirements for individuals to apply for a permit to operate a crematory, for a license to be a crematory supervisor or for a certification to be a crematory technician;
- (3) Establish an application process for an individual to receive a permit to operate a crematory, a license to be a crematory supervisor, or to be certified as a crematory technician;
- (4) Establish the duties of a crematory supervisor;
- (5) Allow an individual to act as an interim crematory supervisor;
- (6) Prohibit a crematory from operating without a crematory supervisor or an interim crematory supervisor;
- (7) Establish a renewal process for permit holders, licensees and certification holders;
- (8) Establish application fees for a permit, license, and certification, a renewal fee for a supervisor license and technician certification, a late fee, a reinstatement fee, and a replacement fee for a lost or damaged permit, license or certification;
- (9) Establish an inspection process for crematories, including minimum standards for operation;
- (10) Prohibit certain acts and establishing a code of ethics for permit holders, supervisors and technicians;
- (11) Establish a process by which deficiencies can be determined and corrected;
- (12) Establish penalties for certain acts relating to inspections and correction of deficiencies;
- (13) Establish a complaints process; and
- (14) Establish a procedure for cremating human remains, including removal, transportation, and identification of human remains.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

I. Summary of Economic Impact. The Board of Morticians and Funeral Directors will incur expenses as a result of establishing a new licensure program, permitting program, and certification program, reviewing applications, responding to inquiries, maintaining files and a data system, handling disciplinary actions, etc. A moderate fee will be imposed on crematory operators, crematory supervisors, and crematory technicians to offset the cost of these services. The Board has been approved to hire additional staff to carry out the required functions of this proposal which will be paid for using existing resources. There could be some income generated from penalties under COMAR 10.29.18.06.

II. Types of Economic Impact.	Revenue (R+/R-)	Magnitude
	Expenditure (E+/E-)	
A. On issuing agency:	(R+)	17,000
	(E+)	\$30,000
B. On other State agencies:	NONE	
C. On local governments:	NONE	

	Benefit Cost (-)	(+) Magnitude
D. On regulated industries or trade groups:	(-)	\$17,000
E. On other industries or trade groups:	(-)	Unquantifiable
F. Direct and indirect effects on public:	(+)	Unquantifiable
	(-)	Unquantifiable

III. Assumptions. (Identified by Impact Letter and Number from Section II.)

A. Additional staff costs will be only a contractual inspector, Grade 14, whose duties will be split between crematories (1/5) and funeral establishments (4/5). The cost of this position will be borne through fees established in this regulation and existing monies already in the budget.

D. The Board estimates that it will issue 30 permits to operate a crematory, 10 licenses for crematory supervisors, and 60 crematory technician certifications (of which half will pay the \$100 fee, and half will pay the \$50 fees for having more than three technicians in a single crematory). The estimated amount of permits is different from crematory supervisors because a permit holder may choose to also be the supervisor and will not be charged the supervisor fee.

- \$350 × 30 permits = \$10,500
- \$200 × 10 supervisor licenses = \$2,000
- \$30 × 100 technicians without additional techs = \$3,000
- \$30 × 50 additional techs beyond 3 = \$1,500
- Totals:
- \$10,500+\$2,000+\$3,000+\$1,500 = \$17,000

E. The impact to other industries, to the extent that a crematory could pass on the cost of the additional fees to a mortician using their service, would be unquantifiable at this time.

F. The impact on the public, to the extent that a permit holder could pass on the cost of the fees to consumers through price increases, is unquantifiable at this time. The public would, however, have the knowledge that the crematory is following specified standards and the staff are professionals with appropriate training.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

10.29.01 Hearing Procedures

Authority: Health Occupations Article, §§[7-205(1)] 1-606, 7-205(a)(1) and (c), and 7-316, Annotated Code of Maryland

.01 Scope.

A. This chapter governs procedures for disciplinary matters and hearings before the Maryland State Board of Morticians and Funeral

PROPOSED ACTION ON REGULATIONS

430

Directors and establishes the standards for use as a guide for the imposition of disciplinary sanctions against any of the following under jurisdiction of the Board:

(1) A licensed mortician, funeral director, apprentice, surviving spouse, funeral establishment, corporation, crematory supervisor, or executor;

(2) A courtesy card holder;

(3) A holder of a permit to operate a crematory; and

(4) A certified crematory operator or crematory technician.

B. If after a hearing, the Board finds that there are grounds under Health Occupations Article, §7-316, Annotated Code of Maryland, to sanction any person listed in §A of this regulation by way of probation, reprimand, suspension, fine, or revocation, the Board may consider aggravating and mitigating factors in determining sanctions.

.10 Sanctioning Guidelines.

A. General Application.

(1) This regulation shall be used by the Board as a guide for sanctioning pursuant to the Board's authority under Health Occupations Article, §§7-205 and 7-316, Annotated Code of

Maryland, for violations of the Morticians and Funeral Directors Act and the Board's regulations.

(2) The Board is not required to make findings of fact with respect to any of the factors for determining the sanction indicated by the sanctioning guidelines.

(3) A departure from the sanctioning guidelines alone is not a ground for any hearing or appeal of a Board action.

(4) Notwithstanding these sanctioning guidelines, in order to resolve a disciplinary matter, the Board and the offending person may agree to surrender a license, courtesy card, permit, or certificate, or agree to a Consent Order with terms, conditions and sanctions agreed upon.

(5) In a case where there are multiple and distinct violations, the Board may impose a sanction greater than the maximum indicated by the sanctioning guidelines for each individual violation.

(6) If probation is imposed, the Board may impose appropriate terms and conditions of probation. Violations of the terms or conditions may cause the Board to take further disciplinary action.

(7) In the event a violation does not fall within the sanction range, the Board shall so indicate and use its best judgment to determine the appropriate sanction and consider, to the extent possible, the factors in the sanctioning guidelines.

B. Range of Sanctions.

C. Mitigating and Aggravating Factors. Depending on the facts and circumstances of each case, and to the extent that they apply, the Board may consider the following mitigating and aggravating factors in determining whether the sanction in a particular case should fall outside of the range of sanctions established by the guidelines. These factors may include, but are not limited to the following:

(1) Mitigating Factors:

- (a) Absence of a prior disciplinary record;*
- (b) The licensee reported the violation to the Board;*
- (c) The licensee voluntarily admitted violation, provided full disclosure to the Board, and cooperated during Board proceedings;*
- (d) The licensee implemented remedial measures to correct or mitigate harm arising from the violation;*
- (e) The licensee made a timely good-faith effort to make restitution or otherwise rectify the consequences of the violation;*
- (f) Evidence of rehabilitation or potential for rehabilitation;*
- (g) Absence of premeditation to commit the violation;*
- (h) Absence of potential harm to or adverse impact on the public;*
- (i) Isolated incident and not likely to recur; and*
- (j) The licensee's prior community service and present value to the community.*

(2) Aggravating Factors:

- (a) Previous criminal or administrative disciplinary history;*
- (b) The violation was committed deliberately or with gross negligence or recklessness;*
- (c) The violation had the potential for, or caused, serious harm;*
- (d) The violation was part of a pattern of detrimental conduct;*
- (e) The licensee was motivated to perform the violation by his or her financial gain;*
- (f) The vulnerability of the bereaved;*
- (g) The licensee attempted to conceal the violation, falsified or destroyed evidence, or presented false testimony or evidence;*
- (h) The licensee failed to cooperate with the Board's investigation; and*
- (i) Previous attempts at rehabilitation were unsuccessful.*

 - (b) The ability to hose down the floor;
- (10) The name of the deceased shall be visible on the outside of the container;
- (11) Deceased human remains shall be properly stored before cremation;
- (12) Crematories shall:
 - (a) Use only mechanical pulverizing equipment meeting industry standards that has been totally brushed as clean as possible between each use; and
 - (b) When the cremains being pulverized are not sufficient in amount for pulverizing in mechanical equipment, pulverize with a mortar and pestle;
- (13) Separate pulverizing drums shall be dedicated each for humans and pets;

- (14) Ashes may not be held pending payment of any fees;
- (15) Within 6 months of the effective date of these regulations, cremators shall be retrofitted with safety devices that will prevent the automatic door from dropping prematurely;
- (16) Portable fans may not be used in the area of the cremator and pulverizer;
- (17) There shall be a minimum of 6 inches between cremator smoke stack and the roof of the crematory;
- (18) Before pulverizing, the mechanical pulverizer shall be clamped; and
- (19) A cremator shall have visible on its front a warning sign stating, "No leaning past the door of the cremator."

D. The following completed forms from previous cremations shall be available at all times for inspection and are subject to be pulled at random by the inspector:

- (1) Cremation authorization form;
- (2) Burial transit permit;
- (3) Delegation of authority form;
- (4) Receipt for human remains;
- (5) Record of cremation;
- (6) Certificate of cremation; and
- (7) Return of cremains certificate.

E. Inspection results shall be written on forms approved by the Board.

F. The Board representative performing the inspection shall, on completion of the inspection:

- (1) Apprise the permit holder of the findings of the inspection; and
- (2) Provide the permit holder or representative of the permit holder with a copy of the inspection report.

G. The permit holder or representative of the permit holder shall sign and verify receipt of the inspection report.

H. After a cremator has completed 1,500 cremation cycles and a manufacturer's inspection has not taken place between biennial Board inspections, at the time of the Board inspection, the permit holder shall provide written documentation to the Board's inspector that the permit holder has requested that the manufacturer conduct an inspection of the equipment.

.03 Crematory Inspection Report, Deficiencies, and Penalties.

A. The Board shall review the inspection report and make a determination as to whether a deficiency exists.

B. The Board shall notify the permit holder of the results of the inspection by providing a copy of the inspection report to the permit holder.

C. If a permit holder passes an inspection, the permit holder shall, prominently and in public view, display on the premises a statement issued by the Board that the crematory has successfully passed an inspection.

D. If the Board finds a deficiency, the Board shall:

- (1) Notify the permit holder of the deficiency or failure to pass the inspection; and
- (2) Provide a copy of the inspection report to the permit holder.

E. Correction of Deficiency.

(1) Except as provided in this section, a permit holder shall correct a deficiency within 30 days after receipt of notification or within the time frame specified by the inspector, whichever is longer.

(2) The Board may require immediate correction of a deficiency if the Board considers the correction necessary in the interest of public health.

(3) The permit holder may request an extension of time for correction of a deficiency.

(4) The Board may approve an extension of time for correction of a deficiency.

(5) Upon completion of correction of all deficiencies, the permit holder shall notify the Board.

(6) Upon notification, a representative of the Board shall re-inspect the crematory.

(7) The Board shall notify the permit holder in writing of the results of the re-inspection by providing a copy of a new inspection report to the permit holder.

(8) If re-inspection reveals additional deficiencies not cited in the first report, the permit holder shall correct those deficiencies in the time period specified by the Board unless an extension of time is requested by the permit holder and approved by the Board.

F. Penalties. In the event that a permit holder fails to allow an inspection of the crematory or fails to comply with a notice to correct deficiencies or violations within the time specified, the Board shall:

- (1) Deem the failure to be a threat to the public health, safety, or welfare and requiring emergency action;
- (2) Summarily suspend the crematory permit as provided under State Government Article, §10-226(c)(2), Annotated Code of Maryland;
- (3) Provide notice of the Board's action to the permit holder; and
- (4) Provide the permit holder an opportunity to be heard.

.04 Complaints.

A. If the permit holder was issued a permit by the Board, a complaint shall be:

- (1) Filed in compliance with the provisions of COMAR 10.29.11.03; and
- (2) Processed in accordance with the provisions of COMAR 10.29.11.04.

B. The Board may initiate a complaint on its own.

.05 Investigations.

The Board and the Office of Cemetery Oversight may:

- A. Share investigative information; and
- B. Conduct joint investigations.

.06 Grounds for Discipline, Hearing, and Penalties.

A. Pursuant to the provisions of Health Occupations Article, §§7-316 and 7-319, Annotated Code of Maryland, the Board may deny a crematory permit, crematory supervisor license, or crematory technician certification to an applicant, reprimand any permit holder, licensed crematory supervisor, or certified crematory technician, or suspend or revoke a crematory permit, crematory supervisor license, or crematory technician certification.

B. Pursuant to the provisions of Health Occupations Article, §7-317, Annotated Code of Maryland, if the Board, after bringing an action, finds that there are grounds for probation, suspension, or revocation, the Board may impose a penalty not exceeding \$5,000.

10.29.19 Crematories — Cremation Procedures

Authority: Health Occupations Article, §§7-101, 7-102, and 7-205, Annotated Code of Maryland

.01 Scope.

This chapter governs the procedures to be followed in performing a cremation in this State.

.02 Removal, Identification, and Transportation of Human Remains.

A. Immediately before placing human remains in the cremator, the permit holder's designee shall:

- (1) Verify that the information on the wrist tag is consistent with the:
 - (a) Documentation accompanying the deceased; and
 - (b) Visual observation of the remains themselves; and

(2) *Inspect for and remove any foreign objects found therein.*

B. Foreign objects removed from the human remains:

(1) *Shall be treated as medical waste and disposed of accordingly; and*

(2) *May not be donated until a sterilization process through a third party recognized to dispose properly of medical waste has been performed.*

C. Materials identifying the human remains that are placed in the custody of a permit holder shall contain the following information about the decedent:

(1) *Name;*

(2) *Date of birth;*

(3) *Date of death;*

(4) *Name of funeral establishment or authorizing agent;*

(5) *Gender; and*

(6) *Name and relationship of authorizing agent to deceased.*

D. A permit holder may not accept for cremation unidentified human remains.

.03 Cremation Containers.

A. A cremation container:

(1) *Shall be a readily combustible, stackable, rigid container suitable for cremation;*

(2) *Shall provide a completely enclosed covering for the human remains except in a funeral establishment:*

(a) *Where no third party cremations take place; and*

(b) *In which remains are stored in refrigerated rigid trays;*

(3) *Shall be resistant to leakage or spillage;*

(4) *Shall be of sufficient strength and rigidity for ease of handling;*

(5) *Shall provide protection to the health and safety of crematory establishment personnel and the public;*

(6) *Shall comply with all local, State, and federal governmental emissions regulations; and*

(7) *May not be composed of metal or polyethylene material.*

B. Immediately before placing the cremation container in the cremation chamber, the permit holder's designee shall hose down a casket that is heavily lacquered.

.04 Holding Facilities.

A holding facility shall:

A. Comply with applicable public health laws;

B. Preserve the dignity of human remains;

C. Recognize the integrity, health, and safety of crematory establishment personnel; and

D. Be secure from access by unauthorized persons.

.05 Holding Remains.

A. Human remains that have been designated for cremation shall be cremated by a permit holder within 48 hours after receipt.

B. A permit holder may not hold human remains for cremation unless the human remains are contained within an individual, rigid stackable, closed cremation container.

C. A permit holder may not accept a cremation container from which there is any evidence of leakage of the body fluids from the human remains therein.

D. Whenever a permit holder is unable to cremate human remains within 48 hours of taking custody thereof, the permit holder shall maintain the human remains in a refrigerated holding facility, either on or off site, at 40°F or less, unless the remains have been embalmed.

.06 Identification Immediately Before Cremation; Simultaneous Cremation of Multiple Human Remains.

A. Immediately before being placed within the cremation chamber, the permit holder's designee shall:

(1) *Verify the identification of the human remains; and*

(2) *Place on the cremator the circular hard metal identification tag of the human remains being cremated where it shall remain in place until the cremation process is complete.*

B. The permit holder's designee may not leave the immediate area of the cremator during the cremation process.

C. Records.

(1) *The permit holder shall maintain the written authorizations required by Regulation .08 of this chapter as required pursuant to Health-General Article, §4-304, Annotated Code of Maryland, and COMAR 10.01.16.04B.*

(2) *The records are subject to inspection and copying by the Board.*

.07 Cremation Authorization.

A. Except as otherwise provided in COMAR 10.29.18.02, a permit holder may not cremate human remains until:

(1) *The body has been identified as required under Health Occupation Article, §7-411, Annotated Code of Maryland;*

(2) *The crematory has received:*

(a) *A cremation authorization on a form approved by the Board and signed by an authorizing agent;*

(b) *If applicable, a written delegation document or facsimile; and*

(c) *Any other documentation required by federal, State, or local law; and*

(3) *The permit holder has documented that at least 12 hours have elapsed from the time of death of the individual whose remains are to be cremated.*

B. The cremation authorization form shall:

(1) *Be provided by the crematory authority to the authorizing agent; and*

(2) *Contain the following information:*

(a) *The identity of the human remains;*

(b) *Date of death;*

(c) *The name and address of the authorizing agent and the relationship between the authorizing agent and the deceased;*

(d) *Authorization for the crematory authority to cremate the human remains;*

(e) *Authorization to verify that the following have been removed before cremation:*

(i) *An implanted pacemaker or defibrillator; and*

(ii) *Any other materials that should be removed to prevent harm to the public health or damage to equipment;*

(f) *A representation that the authorizing agent is aware of no objection to the human remains being cremated by any person who has a right to control the disposition of the human remains; and*

(g) *The name and address of the person authorized to claim the cremains from the permit holder or accept the cremated remains via registered mail.*

C. If an authorizing agent is not available to execute the cremation authorization form, the authorizing agent may delegate that authority to another individual:

(1) *In writing; or*

(2) *If located outside the area, by transmitting to the permit holder:*

(a) *A signed statement electronically or by facsimile that contains the name, address, and relationship of the sender to the decedent and the name and address of the individual to whom authority is delegated; and*

(b) *Once the authorizing agent is located in the area, a notarized document through postal mail attesting to the delegation of authority.*

D. Upon receipt of the written delegation document or a copy of the statement transmitted electronically or by facsimile, the permit holder shall allow the named individual to serve as the authorizing

agent. The documents shall be signed by the authorizing agent in front of a notary.

E. A person signing a cremation authorization form is deemed to warrant the truthfulness of any facts set forth in the cremation authorization form, including the identity of the deceased whose remains are sought to be cremated and the authority of that person to order such a cremation.

F. A permit holder shall maintain a copy of every cremation authorization form required under this regulation as permanent records.

G. Cremation authorization forms are subject to inspection and copying by the Board.

.08 Record of Receipt of Remains.

A. A permit holder shall provide to an individual who delivers human remains for cremation a receipt signed by both the permit holder authority and the individual who delivered the human remains, that includes the:

- (1) Name of the individual from whom the human remains were received and the name of the individual's employer, if any;
- (2) Name and address of the crematory authority;
- (3) Name of the deceased;
- (4) Gender of deceased;
- (5) Date of death of deceased; and
- (6) Verification of authorized burial transit permit.

B. The permit holder shall maintain a record of each cremation which shall include the:

- (1) Name of the decedent;
- (2) Date of birth of the decedent;
- (3) Gender of decedent;
- (4) Date of death;
- (5) Name and address of the authorizing agent;
- (6) Date, time, and location of cremation; and
- (7) Name of the individual who performed the cremation.

C. The permit holder shall provide a certificate of disposition of cremains to the authorizing agent or funeral establishment that arranged for the cremation that includes the:

- (1) Name of the decedent;
- (2) Name of the authorizing agent;
- (3) Name and address of the person who received the cremains from the crematory authority; and
- (4) If ascertainable:
 - (a) The location, including the name of the cemetery and plot location if the remains are interred; and
 - (b) The date of the disposition of the cremains.

D. The permit holder shall maintain a copy of every record and receipt required by this chapter as permanent records:

- (1) For a period of 5 years; or
- (2) As required by Health-General Article, §4-304, Annotated Code of Maryland, and COMAR 10.01.16.04.

E. All records and receipts required by this chapter are subject to inspection and copying by the Board.

.09 Use of a Casket: Embalming.

A. Except as provided in §B of this regulation, a permit holder may not:

- (1) Require that human remains be placed in a casket before cremation or that human remains be cremated in a casket;
- (2) Refuse to accept human remains for cremation because the remains are not in a casket; or
- (3) Refuse to accept human remains for cremation because the remains are in a suitable, combustible wooden casket, but may request the metal mattress holder be removed.

B. Human remains delivered to a crematory establishment may not be removed from the cremation container.

C. The cremation container shall be cremated with the human remains unless the authorizing agent for the deceased requests a more natural environment for the deceased. A permit holder is not required to accept this manner of disposition.

D. A crematory authority may not require that human remains be subjected to embalming before cremation.

.10 Disposition of Cremated Human Remains.

A. On completion of the cremation, insofar as is possible:

(1) All of the recoverable residue of the cremation process shall be:

- (a) Removed from the cremator; and
- (b) Placed in a container; and

(2) The identification tag required by Health Occupations Article, §7-411, Annotated Code of Maryland, shall be:

- (a) Removed from the control panel or cremator; and
- (b) Placed in the container with the cremated human remains.

B. All of the cremated human remains, together with the identification disc, shall be placed in a sealable container.

C. If the cremation container opening is not of adequate dimensions to accommodate a disc, it shall be affixed to the container.

D. If all of the cremated human remains and the identification disc will not fit within the dimensions of a sealable container, the remainder of the remains shall be returned to the authorizing agent in a separate, sealable container. Container seams are to be taped.

E. If the cremated human remains and identification disc do not adequately fill the container's interior dimensions, the extra space may be filled with packing material that will not become intermingled with the remains and then securely closed.

F. If a sealable container is to be shipped, it shall:

- (1) Be placed within a separate sturdy box with all box seams securely taped closed; and
- (2) Have the name of the deceased person whose remains are contained therein clearly identified on the outside of the container.

G. If cremated human remains have been in the possession of a permit holder, as originally authorized by the authorizing agent without instructions for disposition for a period of 10 days or more from the date of cremation, the permit holder may send the cremains, by registered mail, return receipt requested, to the authorizing agent.

.11 Tools.

A crematory shall maintain the following tool inventory:

- A. Safety placement tool measuring a minimum of 49 inches in length;
- B. Wire brushes for cleaning cremators;
- C. Brush with fine bristles for cleaning pulverizers;
- D. Mortar and pestle;
- E. Funnel;
- F. High temperature protective gloves and heat resistant leather gloves;
- G. Hand magnet or metal detector to remove metal from cremains;
- H. Tweezers to remove nonmetal objects from cremains; and
- I. Dust masks.

.12 Visitors.

There may not be no more than two family members or representatives, all outfitted with appropriate protective gear, of the authorizing agent in the area housing the cremator at the time of cremation.

10.29.20 Crematories — Code of Ethics

Authority: Health Occupations Article, §7-101, Annotated Code of Maryland

.01 Scope.

This chapter governs any person who holds a permit to:

- A. Engage in the operation of a crematory;
- B. Act as a crematory supervisor; or
- C. Act as a crematory technician.

.02 General Professional Practices.

A. A permit holder, crematory supervisor, or crematory technician shall:

- (1) Act in a manner that respects and protects the dignity of a decedent and the decedent’s family;
 - (2) Conduct business in a reasonable, usual, and customary manner;
 - (3) Comply with the State public health laws as set forth in the Health-General Article, §§4-215 and 5-501, Annotated Code of Maryland;
 - (4) Comply with the Maryland Morticians and Funeral Directors Act, Health Occupations Article, Title 7, Annotated Code of Maryland;
 - (5) Implement and follow through on all arrangements agreed on between consumer and the crematory;
 - (6) Provide appropriate services for and respect the rights of individuals without regard to age, race, creed, national origin, gender, disability, marital status, political belief, religious affiliation, social or economic status, or social preferences;
 - (7) Comply with all local, State, and federal laws regarding the final disposition of human remains;
 - (8) Be sensitive and responsive to the bereavement needs of a decedent’s family; and
 - (9) Provide a general price list that shall be retained and include accurate information to anyone who requests information regarding cremation related goods and services.
- B. In advertising, a licensee may not include statements:
- (1) That are a misrepresentation of facts;
 - (2) That are likely to mislead or deceive because, in context, the statement makes only a partial disclosure of relevant facts;
 - (3) Relating to fees without reasonable disclosure of all relevant variables so that the statement would not be misunderstood or be deceptive to a consumer; or
 - (4) Containing representations or implications that in reasonable probability can be expected to cause an ordinarily prudent individual to misunderstand or be deceived.

C. A permit holder, crematory supervisor, or crematory technician may not:

- (1) Use, or participate in the use of, any form of communication to consumers containing a false, fraudulent, misleading, deceptive, or unfair statement or claim; or
- (2) Operate a crematory or perform a cremation while under the influence of alcohol, an illegal drug, or a controlled dangerous substance, without the prescription of a physician.

Subtitle 44 BOARD OF DENTAL EXAMINERS

10.44.23 Unprofessional Conduct

Authority: Health Occupations Article, §§1-212, 4-315(a)(16), 4-315(b)(3), and 4-505(a)(2), Annotated Code of Maryland

Notice of Proposed Action

[12-087-P]

The Secretary of Health and Mental Hygiene proposes to repeal existing Regulations .01 — .03 and adopt new Regulations .01 and .02 under **COMAR 10.44.23 Unprofessional Conduct**. This action was considered by the Board of Dental Examiners at public meetings held on November 28, 2011, and February 1, 2012, notice of which was given under the Notice of Public Meetings link on the Board’s website pursuant to State Government Article, §10-506(c), Annotated Code of Maryland.

Statement of Purpose

The purpose of this action is to delineate certain conduct that constitutes unprofessional conduct for dentists, dental hygienists, and dental radiation technologists. This is not a limitation of other conduct which may constitute unprofessional conduct.

This proposal repeals existing COMAR 10.44.23.02, which requires that a dentist obtain specific informed consent from a patient before removing sound or serviceable mercury amalgam restorations. By repealing the regulation, the Board of Dental Examiners does not mean to imply that the removal of sound or serviceable mercury amalgam restorations may be performed without first obtaining informed consent. Because a dentist is required to obtain informed consent for all dental procedures, it is not necessary to make distinctions and enumerate specific procedures that require informed consent. In fact, to do so may lead patients to infer that procedures not enumerated do not require informed consent. New COMAR 10.44.23.01A(6) provides more generally that it is unprofessional conduct for a dentist to “Perform[ing] a dental procedure without first obtaining informed consent from the patient or the patient’s legal representative.”

Informed consent only exists when a patient has gained full knowledge about what treatment will be performed, including available alternatives, risks or dangers inherent in or collateral to the treatment, possible complications, and possible consequences of not undergoing the procedures. The concept of informed consent is to enable the patient to make an intelligent and informed choice about whether or not to undergo such treatment. The information provided to a patient should be truthful, unbiased, and based upon sound scientific evidence.

The Board wishes to make clear that it does not advocate “mercury free” dentistry or the removal of sound or serviceable mercury amalgam restorations for replacement of nonmercury containing materials. The Board supports the present position of the federal Food and Drug Administration that there is no causal link between dental amalgam and adverse health effects, as contained in its publication “Dental Devices: Classification of Dental Amalgam, Reclassification of Dental Mercury, Designation of Special Controls for Dental Amalgam, Mercury, and Amalgam Alloy, 74 Fed. Reg. 38686, 38686-386714 (August 4, 2009)”. There is no credible scientific evidence to indicate that dental amalgam is harmful. See *id.*

The Board wishes to stress that dental amalgam has proven to be a safe and cost effective way to correct dental decay. It is a material that due to its many advantages can be used in multiple situations that are not suitable to other restorative materials.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

Comments will be accepted through April 23, 2012. A public hearing has not been scheduled.

.01 Unprofessional or Dishonorable Conduct.

A. The following shall constitute unprofessional or dishonorable conduct in the practice of dentistry, dental hygiene, or dental radiation technology:

(1) Misrepresenting the following to a patient or the public:

(a) The description, chemical composition, or quality of the materials the licensee uses or intends to use; or

(b) Methods and techniques the licensee uses or intends to use;

(2) Engaging in conduct which is unbecoming a member of the dental profession;

(3) Representing that a dental procedure has been completed when in fact the procedure has not been completed;

(4) Permitting or failing to prevent the placement or exposure of dental radiographs by an individual not certified or otherwise qualified to do so;

(5) Committing an act of sexual misconduct as described in §B of this regulation;

(6) Performing a dental procedure without first obtaining informed consent from the patient or the patient's legal representative;

(7) Willfully and without legal justification, failing to cooperate with a lawful investigation conducted by the Board, which includes, but is not limited to:

(a) Furnishing information requested;

(b) Complying with a subpoena;

(c) Responding to a complaint at the request of the Board;

and
(d) Providing meaningful and timely access to relevant patient records; or

(8) Committing any other unprofessional or dishonorable act or omission in the practice of dentistry, dental hygiene, or dental radiation technology.

B. Sexual misconduct of either a verbal or a physical nature shall include, but is not limited to:

(1) Sexual behavior with a patient in the context of a professional evaluation, treatment, procedure, or other service to the client or patient, regardless of the setting in which professional service is provided;

(2) Sexual behavior with a patient under the pretext of diagnostic or therapeutic intent or benefit;

(3) Requesting sexual favors of a patient;

(4) Touching a patient in a sexual manner;

(5) Therapeutically unnecessary discussion of sexual matters or other verbal conduct of a sexual nature while treating a patient;

(6) Taking photographs or videotapes of a patient for sexual purposes;

(7) Sexual behavior that would be considered unethical or unprofessional; or

(8) The use of a drug on a patient for the purpose of sexual behavior.

.02 Penalties.

A. A dentist who violates this chapter is subject to the sanctions enumerated in Health Occupations Article, §4-315(a), Annotated Code of Maryland.

B. A dental hygienist who violates this chapter is subject to the sanctions enumerated in Health Occupations Article, §4-315(b), Annotated Code of Maryland.

C. A dental radiation technologist who violates this chapter is subject to the sanctions enumerated in COMAR 10.44.19.11A.

10.44.30 Record Keeping

Authority: Health Occupations Article, §4-205(c)(3), Annotated Code of Maryland

Notice of Proposed Action

[11-168-R]

The Secretary of Health and Mental Hygiene proposes to adopt new Regulations **.01— .05** under a new chapter, **COMAR 10.44.30 Record Keeping**. Because substantive changes have been made to the original proposal as published in 38:14 Md. R. 812—813 (July 1, 2011), this action is being repropose at this time. This action was considered by the Board of Dental Examiners at a public meeting held on April 6, 2011, and December 21, 2011, notice of which was given under the Notice of Public Meetings link on the Board's website pursuant to State Government Article, §10-506(c), Annotated Code of Maryland.

Statement of Purpose

The purpose of this action is to establish requirements for creating and maintaining dental records. The reproposal makes clear that: 1) the requirements imposed by the regulations for making changes to dental records applies to handwritten and typed records; and 2) dentists with drug dispensing permits must maintain adequate records of the medications prescribed, administered, dispensed, quantity, and directions for use.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

INDEPENDENT AGENCIES

Subtitle 01 STATE LOTTERY AGENCY

Notice of Proposed Action [12-086-P]

The Maryland State Lottery Agency proposes to amend:

(1) Regulation .19 under **COMAR 14.01.10 Video Lottery Terminals**; and

(2) Regulation .37 under **COMAR 14.01.14 Video Lottery Facility Minimum Internal Control Standards**.

This action was considered at the Maryland State Lottery Commission open meeting held on January 26, 2012, notice of which was given pursuant to State Government Article, §10-506(c), Annotated Code of Maryland.

Statement of Purpose

The purpose of this action is to update regulations to incorporate provisions required for the operation of the State's Video Lottery Terminal program and for the operation of the VLT Facilities which are now in operation and in the process of opening.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

(2) The Commission:

(a) Reviews a vendor's services and determines that registration *or certification* is required to protect the public interest of the State or accomplish the policies in State Government Article, Title 9, Subtitle [9-1A] 1A, Annotated Code of Maryland, and this subtitle; and

(b) Notifies the vendor that registration *or certification* is required.

C. The following persons that provide any of the enumerated services to a video lottery operation applicant or licensee are exempt from vendor registration *and certification* requirements:

(1) — (5) (text unchanged)

(6) Manufacturers [or suppliers] of alcoholic beverages;

(7) Separate from the requirements in Chapters 11 and 14 of this subtitle, [State- or federally-chartered] *State or federally chartered* banks or savings and loan associations [where funds are deposited by a video lottery operation licensee];

(8) Providers of professional services, including accountants, attorneys, engineers [or], architects, *and others identified by the Commission staff to be providers of professional services;*

(9) — (13) (text unchanged)

(14) Representatives of a media outlet or provider of a simulcast service; [or]

(15) A vendor that provides, or anticipates providing, a combined total value of non-gaming related goods and services to State video lottery operation applicants or licensees within a calendar year of less than \$2,500[.]; *or*

(16) *A vendor for whom the Commission determines registration or certification is not necessary in order to protect the public interest.*

D. [A vendor shall request registration by submitting to the Commission the following information in a format designated by the Commission:] *Vendor Registration.*

(1) *A vendor that provides, or anticipates providing, non-gaming related goods and services to a video lottery applicant or licensee in a calendar year that are valued from \$2,500 to \$99,999 shall be registered with the Commission.*

(2) *The video lottery applicant or licensee to which a vendor provides, or anticipates providing, the non-gaming related goods and services shall submit to the Commission a completed registration form in a format designated by the Commission that includes:*

[(1)] (a) — [(2)] (b) (text unchanged)

[(3) Each video lottery operation applicant or licensee in the State with which it does or expects to do business;]

[(4)] (c) — [(5)] (d) (text unchanged)

[(6) Any other jurisdiction where it conducts business related to a video lottery operation; and]

(e) *Verification that the vendor's business is in good standing with the Maryland Department of Assessment and Taxation; and*

[(7)] (f) (text unchanged)

(3) *Upon receipt of a completed registration form, the Commission shall provide the applicant or licensee with written notification of whether it has registered the vendor.*

E. [If the combined total value of all non-gaming related goods and services that a vendor provides, or anticipates providing, to State video lottery operation applicants or licensees within a calendar year exceeds \$10,000, the vendor shall submit to the Commission:

(1) The completed registration form required in §D of this regulation; and

(2) A registration fee of \$500.

F. Upon receipt of vendor's completed registration form and registration fee, the Commission shall verify the information provided by the vendor and:] *Vendor Certification.*

(1) *A vendor that provides, or anticipates providing, non-gaming related goods and services to a video lottery applicant or licensee in a calendar year that are valued at or above \$100,000 shall be certified by the Commission.*

DEPARTMENT OF BUSINESS AND ECONOMIC DEVELOPMENT

Subtitle 05 ECONOMIC DEVELOPMENT

24.05.03 Biotechnology Investment Incentive Tax Credit

Authority: Economic Development Article, §2-108; Tax-General Article, §10-725; Annotated Code of Maryland

Notice of Proposed Action

[12-075-P]

The Secretary of Business and Economic Development proposes to repeal existing Regulations .01—.11 and adopt new Regulations .01—.15 under COMAR 24.05.03 Biotechnology Investment Incentive Tax Credit.

Statement of Purpose

The purpose of this action is to describe the requirements and procedures for an investor to receive a certificate allowing it to claim a credit against the State income tax for an investment in a qualified Maryland biotechnology company and to describe the requirements and procedures for a biotechnology company to receive a certificate that it is a qualified Maryland biotechnology company.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

I. Summary of Economic Impact. The direct economic impact of the proposal is that, if fully subscribed, there would be a \$16,000,000 increase in equity investments in qualified Maryland biotechnology companies. Investors would receive a tax credit of \$8,000,000 to be applied against the investors' corporate or individual income tax liabilities. State of Maryland General Fund revenues and transportation trust fund (TTF) revenues would be affected.

II. Types of Economic Impact.	Revenue (R+/R-)	Magnitude
	Expenditure (E+/E-)	
A. On issuing agency:	NONE	
B. On other State agencies:	(R-)	\$8,000,000
C. On local governments:	(R-)	Undeterminable
	Benefit (+) Cost (-)	Magnitude
D. On regulated industries or trade groups:	NONE	
E. On other industries or trade groups:	(+)	Potential \$16,000,000 increase in equity of QMBCs
F. Direct and indirect effects on public:	(-)	Undeterminable

III. Assumptions. (Identified by Impact Letter and Number from Section II.)

B. The Act (Ch. 99, Acts of 2005, as amended by Ch. 518, Acts of 2008, by Chs. 605, 606, Acts of 2009, and by Ch. 349, Acts of 2011) creating the program requires the Comptroller to transfer money from the reserve fund to the General Fund in an amount that is anticipated to offset credits that would be claimed in any fiscal year. Twenty-four percent of corporate income tax revenue is distributed to the Transportation Trust Fund (TTF). All the money transferred from the reserve fund by the Comptroller in anticipation of credits being claimed is to be deposited in the General Fund and losses to the TTF would not be offset. As a result, General Fund revenues would increase and TTF revenues would decrease by a corresponding amount. The amount depends on the amount of credits claimed against the corporate income tax and cannot be readily estimated. It is also assumed that taxpayers will claim the credit in the tax year that corresponds to the fiscal year in which the Comptroller transfers funds to the General Fund on notification of a certified credit. To the

extent that taxpayers claim the credit in a tax year or adjust estimated quarterly payments or withholdings in a fiscal year different from the fiscal year in which the transfer is made, General Fund revenues could increase in the fiscal year of the transfer and potentially decrease by a corresponding amount in later fiscal years. This timing issue, however, does not alter the total cost of the program.

C. Local government revenues would decrease as a result of tax credit claims against the corporate income tax. Corporate income tax is distributed 76 percent to the General Fund and 24 percent to the TTF. Of the 24 percent transferred to the TTF, approximately 30 percent is distributed to local jurisdictions in the form of local highway user revenues. Individual income tax revenue is distributed 100 percent to the General Fund. There is no effect on expenditures.

E. There is a potential for a significant impact on early stage biotechnology companies with headquarters and operational facilities located in Maryland arising from the investment incentives created by the program for investors to invest in qualified Maryland biotechnology companies.

F. There is a potential for significant State General Fund expenditures. The amount of the expenditure in a fiscal year depends on the amount of money appropriated to the reserve fund in each year. There is a potential significant increase in General Fund revenues when the Comptroller transfers funds from the reserve fund to the General Fund and a corresponding decrease in TTF revenues due to reserve fund transfers for credits claimed against the corporate income tax.

Economic Impact on Small Businesses

The proposed action has a meaningful economic impact on small business. An analysis of this economic impact follows.

The program provides an incentive to investors to invest in small early stage and young mezzanine stage biotechnology enterprises with not more than 50 employees and which are not publicly owned. Small businesses that meet the requirements for QMBC status under this chapter and whose investors qualify for tax credits will benefit from these regulations. There are about 500 bioscience companies in Maryland. To the extent that this tax credit program attracts additional investments in the biotechnology industry, qualifying biotechnology companies that are small businesses could benefit. Many of Maryland's biotechnology companies would not be considered to be small businesses. Small businesses in other industry sectors could be at a competitive disadvantage in the capital markets to the extent that the tax credit program causes investors to shift investment capital to the biotechnology industry.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

.05 Tax Credit Certification Procedures — Initial Certificate.

A. Initial Certificate.

(1) Order of Approval of Applications.

(a) The Department shall review applications on a first-come, first-served basis.

(b) The Department shall disapprove:

(i) Incomplete applications;

(ii) Applications that fail to establish that the applicant is a qualified investor or otherwise eligible to claim a tax credit under this chapter; or

(iii) Applications that fail to establish that the company in which the proposed investment is to be made is a QMBC on the date on which the application is filed.

(c) Disapproved applications shall be treated as not having been filed for the purposes of assigning priority to other applications.

(2) Approval. Subject to the limitations set forth in §B of this regulation and the eligibility restrictions set forth in §C of this regulation, the Department shall approve and issue an initial certificate to the applicant by regular mail at the address contained in the application with a copy by regular mail to the QMBC at the address contained on the QMBC's application if:

(a) An applicant satisfies the definition of qualified investor; and

(b) The biotechnology company to which the investment is proposed to be made is certified by the Department as a qualified Maryland biotechnology company.

(3) Tax Credit Amount.

(a) The tax credit allowed in an initial certificate is 50 percent of the investment in a qualified Maryland biotechnology company, not to exceed \$250,000.

(b) The maximum amount of the tax credit shall be stated in the initial certificate.

B. Limitations on Issuance.

(1) For the purposes of this section, the Department will review, process, and make allocations of available tax credit on a first come, first served basis in the order in which individual applications are received.

(2) Fiscal Year Appropriation Limitation.

(a) For any State fiscal year, the Department may not issue initial certificates for credit amounts that in the aggregate total more than a maximum credit amount calculated separately at the time each application is ready for the Secretary's approval or disapproval and

in the order in which applications are received, taking into account the effect of rescinded certificates and revoked certificates, as follows:

(i) The sum of the amount appropriated to the Reserve Fund for the State fiscal year in question, and any excess amounts appropriated in prior State fiscal years and carried forward;

(ii) Reduced by the amount of any funds transferred from the Reserve Fund under the authority of any provision of law other than Tax General Article, §10-725 (g)(4), Annotated Code of Maryland; and

(iii) Increased by the amount of tax credit appearing on the face of any initial certificate issued in that State fiscal year and subsequently rescinded.

(b) Upon request of the Secretary, the Comptroller shall certify to the Secretary the amount of the available funds in the Reserve Fund as of a date certain. The request shall be accompanied by a certification of the Secretary of the aggregate amount of initial certificates issued in the State fiscal year in question through the date of the request.

(3) Fiscal Year Aggregate Tax Credit Limitation for Single QMBC.

(a) During any fiscal year of the State, the Department may not certify eligibility for tax credits for investments in a single qualified Maryland biotechnology company that in the aggregate exceed 15 percent of the total appropriations to the Reserve Fund for that fiscal year.

(b) The Department may not issue an initial certificate for a credit amount with respect to a single qualified Maryland biotechnology company that when aggregated with previously issued initial certificates issued with respect to the same qualified Maryland biotechnology company in the same fiscal year total more than the maximum credit amount for that company under §B(3)(a) of this regulation, calculated separately at the time each application is ready for the Department's approval or disapproval and taking into account the effect of rescinded certificates and revoked certificates with respect to the same single qualified Maryland biotechnology company.

(c) If there is any remaining balance of fiscal year aggregate tax credit under §B(3)(a) of this regulation with respect to a single qualified Maryland biotechnology company, and the amount of tax credit claimed in the next application in order with respect to that single qualified biotechnology company would exhaust or exceed that remaining balance of fiscal year aggregate tax credit under §B(3)(a) of this regulation with respect to that single qualified Maryland biotechnology company, then the Department shall issue an initial certificate for a credit amount that will exhaust the remaining available annual maximum credit amount for that company although less than the amount of the investment requested in that application.

C. Eligibility Restrictions.

(1) To be eligible for a tax credit, a qualified investor that is a company as opposed to an entity:

(a) Shall be duly organized, existing and in good standing in the jurisdiction under the laws of which it is organized;

(b) Shall be current in the payment of all tax obligations to the State or any unit or subdivision of the State; and

(c) May not be in default or arrears under the terms of any contract with, indebtedness to, or grant from the State or any unit or subdivision of the State.

(2) To be eligible for a tax credit under this chapter, a qualified investor, determined by application of the ownership attribution rules of Regulation .15 of this chapter, may not, after making the proposed investment, own or control more than 25 percent of the equity interests in the qualified Maryland biotechnology company in which the investment is made.

D. Date of Issuance or Disapproval. The Secretary shall approve the application and issue the initial certificate, or disapprove the application, within 30 calendar days after the applicant submits a completed application and any other information requested by the Department.

.06 Investment.

A. Investment. Within 30 calendar days after the date of an initial certificate, the applicant shall make the investment in the qualified Maryland biotechnology company.

B. Investment Notice. Within 10 calendar days after the date on which a qualified investor makes the investment in the qualified Maryland biotechnology company, the applicant shall provide to the Department a notice and proof of the making of the investment on a form or forms prescribed by the Department.

C. Evidence of Investment.

(1) The investment notice shall be supported by evidence of the investment and of the equity interest issued or acquired in consideration of the investment. This evidence shall include an affidavit, in a form approved by the Department, of the applicant or its principals affirming under penalty of perjury the facts constituting the making of the investment including:

(a) The date of the investment;

(b) The amount of the investment;

(c) Proof of the receipt of the investment by the qualified Maryland biotechnology company; and

(d) A complete description of the nature of the ownership interest in the equity of the qualified Maryland biotechnology company acquired in consideration of the investment.

(2) The Department may require additional documentation reasonably necessary to satisfy the Department as to the making of the investment and the nature of the ownership interest, including but not limited to cancelled checks, deeds, affidavits of officers or partners of the qualified Maryland biotechnology company, stock certificates, assignments, copies of amendments or supplements to shareholder or partnership agreements, executed investment agreements, securities law compliance filings, certifications of book entries, and reports of auditors.

.07 Tax Credit Certification — Final Certificate.

A. The Secretary shall issue a final certificate based on the actual amount of the investment as set forth in the investment notice.

B. The final certificate shall be issued within 30 calendar days after the applicant files the investment notice with the Department.

C. The issuance of the final certificate is subject to the Department's determination that the applicant made the investment and that the information in the application, the investment notice, and other documents is accurate and complete.

D. The final certificate shall include the following:

(1) The information provided under Regulation .03C(1)—(5) of this chapter;

(2) The actual amount of the investment;

(3) The exact date of the investment;

(4) The amount of the credit that can be claimed by the applicant; and

(5) The date of issuance of the final certificate.

.08 Audits and Inquiries.

A. Audits.

(1) The Department may require at any reasonable time before or after the issuance of a certificate that any information provided to the Department by an applicant be audited at the applicant's expense by an independent auditor selected by the applicant and reasonably satisfactory to the Department.

(2) The Department may require at any reasonable time an audit of any information submitted to the Department:

(a) By any company that applies for certification by the Department as a qualified Maryland biotechnology company; or

(b) By any company that has been certified by the Department as a qualified Maryland biotechnology company within the immediate past 4 calendar years.

(3) An audit under §A(2) of this regulation shall include, but is not limited to, the company's ownership, location, finances, capital structure, operations, facilities, equipment, contracts, research, development, and products.

(4) An audit under §A(2) of this regulation shall be conducted at the company's expense by an independent auditor selected by the company and reasonably satisfactory to the Department

(5) The Department may initiate an audit by delivering to the applicant or company a written request, for the performance of an audit stating the scope of the audit to be undertaken and the matters to be examined in the course of the audit.

(6) Within 10 business days after an applicant or company receives a request from the Department for the performance of an audit under §A(1) or (2) of this regulation, the applicant or company shall submit to the Department a written response naming the independent auditor selected by the applicant or company.

(7) If the Department approves the auditor, it shall give written notice to the applicant or company that the Department approves the auditor and shall provide instructions to the auditor for the scope and conduct of the audit. If the Department disapproves of the selected auditor, the Department shall give written notice to the applicant or company of the disapproval and of the reasons for it. The applicant or company shall, within 5 business days, select an alternative auditor and submit to the Department a written response naming the alternate independent auditor selected by the applicant or company.

(8) The auditor shall proceed to conduct the audit with due diligence and dispatch, and in accordance with the Department's instructions. Within 90 days of the Department's notice accepting the selection of an auditor, the auditor shall submit to the Department, and to the applicant or company a full report of its audit procedures, tests, matters examined, and findings.

B. Inquiries; Duty of Applicants and Companies to Respond.

(1) The Department may make written inquiry, including a request for the production, inspection, or copying of documents specified in the inquiry, of any applicant for or holder of a certificate to obtain information bearing on the eligibility or continuing eligibility of the applicant or holder. This inquiry may include, but may not be limited to, whether a qualified investor has sold, transferred, or otherwise disposed of the ownership interest in a QMBC based on which the certificate was issued.

(2) The Department may make written inquiry, including a request for the production, inspection, or copying of documents specified in the inquiry, of any company that makes an application to the Department for certification as a qualified Maryland biotechnology company, or that the Department has already determined to be a qualified Maryland biotechnology company, as to the facts and circumstances that affect the company's eligibility or continued eligibility for certification as a qualified Maryland biotechnology company. This inquiry may include, but may not be limited to the company's:

(a) Ownership;

(b) Location;

(c) Finances;

(d) Capital structure;

(e) Facilities;

(f) Equipment;

(g) Contracts,

- (i) Biotechnology development activities;
- (j) Biotechnology production and manufacturing activities;
- (k) Intellectual property; and
- (l) Whether the company has or continues to have its headquarters and base of operations in the State.

(3) An applicant or company to which a written inquiry from the Department is directed under §B(1) or (2) of this regulation shall submit a full and complete written response, with copies of all requested documents, within 45 days of the date of the inquiry. The response shall be verified as true and correct by oath or affirmation made under penalty of perjury by an individual or by an individual officer, partner, or member of the applicant or company.

.09 Rescission of Initial Tax Credit Certificate.

A. *Rescission of Initial Certificate.* The Secretary shall rescind an initial certificate if the applicant does not file the required notice and proof of the making of the investment within 40 calendar days after the date on which the Department issues an initial certificate. The Department shall notify the applicant and the Comptroller of the rescission.

B. *Rescission Notice.* The rescission notice shall:

- (1) Identify the applicant;
- (2) State the applicant's federal taxpayer identification number;
- (3) Identify the initial certificate that is rescinded;
- (4) State the reason for the rescission; and
- (5) State the date on which the rescission is effective.

C. *Delivery of Rescission Notice.* The Department shall send:

- (1) By regular mail, the rescission notice to the applicant at the address stated in the application;
- (2) By regular mail, a copy of the rescission notice to the QMBC at the address stated in the application; and
- (3) A copy of the rescission notice to the Comptroller.

D. *Effect of Rescission.* The credit amount allocated to the rescinded certificate shall revert to the Reserve Fund and shall be available in the applicable fiscal year for allocation by the Department to other initial certificates in accordance with the Act and this chapter.

.10 Revocation of Tax Credit Certificate.

A. The Department may revoke an initial or final certificate if the Department determines that any representation in connection with the application for the certificate was false when made. The revocation may be in full or in part as the Department may determine.

B. The Department shall notify the applicant of the revocation. The revocation notice shall:

- (1) Identify the applicant;
- (2) State the applicant's federal taxpayer identification number;
- (3) Identify the certificate that is revoked;
- (4) State the reason for the revocation;
- (5) State that the certificate is revoked;
- (6) State whether the revocation is in whole or in part;
- (7) If the revocation is in part, state what part of the credit amount has been revoked; and
- (8) State the date on which the revocation is effective.

C. The Department shall send:

- (1) By regular mail, the revocation notice to the applicant at the address stated in the application;
- (2) By regular mail, a copy of the revocation notice to the QMBC at the address stated in the application; and
- (3) A copy of the revocation notice to the Comptroller, after the expiration of any applicable period to file an appeal or for the resolution of any appeal under §E of this regulation.

D. After receiving a copy of the revocation notice under §C(2) of this regulation, the Comptroller shall make an assessment against the applicant to recapture.

E. *Appeal.*

(1) The applicant may appeal a revocation to the Department under COMAR 24.01.04.

(2) The applicant shall initiate a contested case by filing a notice of appeal with the Secretary within 30 days of the date of the revocation notice.

(3) The applicant's notice of appeal shall state the facts on which its appeal is grounded and state the relief sought by the applicant.

(4) Within 10 days of the receipt of a timely notice of appeal, the Secretary shall issue a notice of hearing pursuant to COMAR 24.01.04.03.

.11 Claiming the Tax Credit.

A. Only the applicant is eligible to claim the tax credit, or so much of the tax credit as is allocable to the permitted taxpayer.

B. The applicant may not claim the tax credit until the date of the issuance of the final certificate issued to the applicant.

C. The applicant shall claim the tax credit on the income tax return for the taxable year in which the applicant makes the investment in the qualified Maryland biotechnology company.

D. The date the applicant makes the investment in the qualified Maryland biotechnology company is the exact date of the investment as provided in the final certificate issued to the applicant.

E. The applicant shall claim the tax credit against the State income tax for the amount of the credit as provided in the final certificate issued to the applicant. If the amount of the credit exceeds the total tax otherwise payable for that taxable year, the applicant may claim a refund in the amount of the excess.

F. The applicant shall claim the tax credit by filing the required income tax return, with the following attachments:

- (1) A copy of the final certificate issued to the applicant;
- (2) An affidavit, in a form approved by the Comptroller, of the applicant or its principals, as provided in §G of this regulation; and
- (3) If applicable, a Schedule K-1 or other similar schedule filed with the applicant's federal income tax return showing the items of income, deduction, and credit allocated by the applicant to the owners of interests in the equity of the applicant.

G. An affidavit under §F(2) of this regulation shall state that, if within 2 years after the close of the taxable year in which a final certificate is issued to the applicant, the applicant sells, transfers, or disposes of the ownership interest in the qualified Maryland biotechnology company for which the tax credit was approved, the applicant shall give notice to the Comptroller on a form approved by the Comptroller.

H. If the applicant is subject to recapture, the applicant shall report the applicable amount on its Maryland income tax return for the taxable year in which the event causing the recapture occurred.

.12 Monitoring Continued Eligibility.

A. At any time before the expiration 4 years after the close of the taxable year for which a tax credit is certified under this chapter, the Department may require an applicant or holder of a certificate to produce and deliver to the Department for inspection any information specified in a written directive from the Department, for the purpose of determining the initial or continuing eligibility of the holder or applicant for tax credits.

B. At any time before the expiration of 4 years after the close of any taxable year for which a tax credit is approved with respect to an investment in a qualified Maryland biotechnology company, the Department may require the biotechnology company to produce and deliver to the Department for inspection any information for the

purpose of determining the company's initial or continuing eligibility for certification as a qualified Maryland biotechnology company.

.13 Procedures for Certification of Qualified Maryland Biotechnology Companies.

(e) Copies of contracts for the performance of biotechnology activities on behalf of the company by third parties;

(f) The number of full-time and part-time employees of the applicant employed in the State as well as those outside of the State shall be stated in the business plan;

(g) A statement of the number of employees at each site, building, or facility and the titles, job descriptions, and duties of each employee; and

(h) A detailed description of the company's biotechnology research, development, or production activities and the company's business, financial, and administrative operations carried on at each site, building, or facility;

(4) A full physical description of the company's headquarters site, building, or facility;

(5) A full physical description, including installed machinery and equipment for biotechnology activities, of the sites, buildings, and facilities constituting the company's base of operations; and

(6) A description of the company's plans or intentions to purchase, lease, or otherwise acquire sites, buildings, or facilities at any time and in any location with 36 months of the date on which the application is filed.

E. Issuance or Denial of Certificate.

(1) Based on the information set forth in the company's application, the Department may issue:

(a) A certificate that a company is a qualified Maryland biotechnology company; or

(b) A written determination that a company is not a qualified Maryland biotechnology company.

(2) The issuance of a certificate that a company is a qualified Maryland biotechnology company is subject to the Department's determination that:

(a) The information in the application and other documents submitted by the company is accurate;

(b) The company maintains its headquarters and base of biotechnology operations in the State as required by the Act and this chapter; and

(c) The company is eligible for certification as a qualified Maryland biotechnology company under the Act and this chapter.

(3) The Department's decision to issue or not to issue a certificate that a company is a qualified Maryland biotechnology company is final and not subject to further administrative review. The Department may revoke a certificate upon a determination by the Department that the company has become ineligible for certification.

.14 Criteria for Certification of Qualified Maryland Biotechnology Companies.

A. The Department shall assess the merits of a company's application for certification as a qualified Maryland Biotechnology company according to:

(1) The criteria set forth in this chapter;

(2) The definition of biotechnology stated in §C of this regulation; and

(3) Other metrics and measures that the Secretary may adopt for uniform application under this chapter.

B. The Department shall apply a facts and circumstances analysis on a case by case basis to determine whether a company meets the criteria of this chapter.

C. Biotechnology.

(1) Definition.

(a) "Biotechnology" means innovative and proprietary technology that comprises, interacts with, or analyzes biological material including biomolecules (DNA, RNA, or protein), cells, tissues, or organs and includes the application of scientific and technical advances to develop commercial products.

(b) "Biotechnology" includes the following:

(i) DNA/RNA: Genomics, pharmacogenomics, gene probes, genetic engineering, DNA/RNA sequencing/synthesis/amplification, gene expression profiling, and use of antisense technology;

(ii) Proteins and other biomolecules including sugars, lipids, vitamins and metabolites; sequencing, synthesis, or engineering of molecules; improved delivery methods for drugs; isolation; purification, and identification of cell receptors;

(iii) Cell and tissue culture and engineering: Cell/tissue culture, tissue engineering (including tissue scaffolds and biomedical engineering), cellular fusion, vaccine/immune stimulants, embryo manipulation;

(iv) Process biotechnology techniques: fermentation using bioreactors, bioprocessing, bioleaching, biopulping, bioleaching, biodesulphurisation, bioremediation, biofiltration, and phytoremediation;

(v) Gene and RNA vectors: gene therapy, viral vectors;

(vi) Bioinformatics: construction of databases on genomes, protein sequences; modeling complex biological processes, including systems biology and mechanism of actions of drugs; and

(vii) Nanobiotechnology: Applies the tools and processes of nano/microfabrication to build devices for studying biosystems and applications in drug delivery, diagnostics, and other applications.

(2) Single Definition.

(a) Section C(1)(a) of this regulation is referred to in this chapter as "the single definition". The single definition is deliberately broad, general, and provisional. The single definition applies to the word "biotechnology" as used in the term "biotechnology company" stated in Tax-General Article, §10-725(a)(2), Annotated Code of Maryland.

(b) The single definition connotes the manipulation of living organisms or their components to produce useful commercial products and the innovative and proprietary technologies of biological science used in this manipulation.

(3) List-Based Definition. The list-based definition is based on the list of biotechnology techniques in §C(1)(b) of this regulation and will function for the Department as an interpretative guideline to the single definition. The list is indicative rather than exhaustive and is expected to change over time as biotechnology techniques evolve.

(4) The single definition covers all modern biotechnology but also many traditional or borderline activities. In application by the Department under this chapter, the single definition will always be accompanied by the list-based definition stated in §C(1)(b) of this regulation when the Department applies the single definition to particular facts and circumstances for the purposes of this chapter. The single definition and the list definition will be applied in conjunction under this chapter to take account of and to consider biotechnology techniques that fit the single definition but may not fit the list-based definition, with a view to constantly updating the list-based definition.

D. Criteria for a Biotechnology Company.

(1) A biotechnology company is a company primarily dedicated to turning the biological sciences into a commercial product and to commercialize the results. The Department shall apply the single definition and the list definition to determine whether a company's activities or products constitute biotechnology for the purposes of the Act and this chapter.

(2) The scientific biotechnological basis of the company's activities and plans is defining, but not conclusive.

(3) The company shall demonstrate that the investment it will attract by reason of the tax credit available under the Act and this chapter will be likely to:

(a) Materially advance and support the business viability of the company; and

(b) Result in the production of a biotechnology product that will contribute to economic development and employment growth in the State.

(4) Stage of Development. The company shall:

(a) Have begun active activities and operations and fairly be characterized as actively engaged in a biotechnology business;

(b) Be fully legally organized under the laws of the jurisdiction in which it was organized;

(c) Have competent management;

(d) Own or have immediately available and useable rights in biotechnology-related intellectual property; and

(e) Be actively engaged in research, development, or production of a commercially oriented, innovative, and patent protectable biotechnology product.

(5) Eligibility: "Active Business".

(a) Except as provided in §C(5)(b) of this regulation, a company is eligible for certification as a qualified Maryland biotechnology company if it has been in active business not longer than 10 years.

(b) A company that has been in active business for up to 12 years may be eligible for certification as a QMBC if the Department determines that the company requires additional time to complete the process of regulatory approval of a biotechnology product.

(c) "Active business" means that the Department can reasonably determine and establish the nature of the Company's commercial biotechnology research, development or production operations. The mere legal organization, appointment or election of officers or managers, initial capitalization, and establishment of business offices of a company, alone or in combination, are not sufficient to establish that the company is engaged in active business for the purposes of this chapter and the Act.

(d) The Department shall apply a facts and circumstances analysis on a case by case basis to determine whether a company has been engaged in active business and for what period of time.

(6) Commercialization of an Identifiable Biotechnology Product.

(a) The company shall have a developed, focused plan for:

(i) Research and development of an identifiable biotechnology product; and

(ii) The company's growth.

(b) A biotechnology product will generally be:

(i) Used for human health, as in a therapeutic or diagnostic setting (for example, to treat, detect, or prevent diseases or to improve treatment outcomes);

(ii) Used on domesticated or farm animals, as in a therapeutic or diagnostic setting (for example, to improve animal health); or plants (for example to increase agricultural production); or

(iii) An application originally derived from use of a living organism, as in production of alternative energy (e.g., biofuels) or engineering or chemistry derived from nature to improve properties of products (for example, re-engineering of attachment molecules used by mollusks for the next SuperGlue®).

(c) In general, companies will not be certified that provide a service (e.g., analytical services or consulting services, etc.) or develop software, or develop or manufacture products or technology that do not involve use or application of biotechnology.

(d) A device may constitute eligible biotechnology if:

(i) It delivers a direct therapeutic effect through biological interaction; or

(ii) It performs a diagnosis through analyzing biological material.

(7) Innovative Biotechnology Projects and Products. The company shall provide evidence with its application that its existing or proposed biotechnology product is innovative and has the potential for commercial sale. The company must generally own the intellectual property or have exclusive rights to the use of the intellectual property.

(8) Maryland Location.

(a) The company shall demonstrate that its headquarters and the base of its biotechnology operations are entirely located in the State.

(b) The company shall provide with its application evidence that it will maintain its headquarters, the base of its biotechnology operations, and the sites, buildings, and facilities in which its headquarters and biotechnology operations are or will be conducted, in the State for a period of not less than 48 months after the date on which its application for certification as a qualified Maryland biotechnology company is submitted to the Department.

.15 Ownership Attribution.

A. General.

(1) Members of Family.

(a) In General. An individual shall be considered as owning the stock, partnership interest, membership interest, or other equity interest in a company owned, directly or indirectly, by or for the individual's:

(i) Spouse (other than a spouse who is legally separated from the individual under a decree of divorce or separate maintenance); and

(ii) Children, grandchildren, and parents.

(b) Effect of Adoption. For purposes of §A(1)(a)(ii) of this regulation, a legally adopted child of an individual is treated as a child of that individual by blood.

(2) Attribution from Partnerships, Estates, Trusts, and Corporations.

(a) From Partnerships and Estates. Stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for a partnership or estate is considered as owned proportionately by its partners or beneficiaries.

(b) From Trusts.

(i) Stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for a trust (other than an employees' trust described in section 401(a) of the Internal Revenue Code which is exempt from tax under section 501(a) of the Internal Revenue Code) is considered as owned by its beneficiaries in proportion to the actuarial interest of the beneficiaries in the trust.

(ii) Stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for any portion of a trust of which a person is considered the owner under Subpart E of Part I of Subchapter J of the Internal Revenue Code (relating to grantors and others treated as substantial owners) is considered as owned by that person.

(c) From Corporations. If 50 percent or more in value of the stock in a corporation is owned, directly or indirectly, by or for any person, that person is considered as owning the stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for the corporation, in that proportion which the value of the stock which the person so owns bears to the value of all the stock in the corporation.

(3) Attribution to Partnerships, Estates, Trusts, and Corporations.

(a) To Partnerships and Estates. Stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for a partner or a beneficiary of an estate is considered as owned by the partnership or estate.

(b) To Trusts.

(i) Stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for a beneficiary of a trust (other than an employees' trust described in section 401(a) of the Internal Revenue Code which is exempt from tax under section 501(a) of the Internal Revenue Code) is considered as owned by the trust.

(ii) Stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for a person who is considered the owner of any portion of a trust under Subpart E of Part I of Subchapter J of the Internal Revenue Code (relating to grantors and others treated as substantial owners), is considered as owned by the trust.

(c) To Corporations. If 50 percent or more in value of the stock in a corporation is owned, directly or indirectly, by or for any person, that corporation shall be considered as owning the stock, partnership interests, membership interests, or other equity interests in a company owned, directly or indirectly, by or for the person.

(4) Options. If a person has an option to acquire stock, that stock is considered as owned by that person. An option to acquire an option, and each one of a series of these options, is considered as an option to acquire the stock.

B. Operating Rules.

(1) In General. Except as provided in §B(2) and (3) of this regulation, stock, partnership interests, membership interests, or other equity interests in a company constructively owned by a person by reason of the application of §A(1), (2), or (3) of this regulation is, for purposes of applying §A(1), (2), and (3) of this regulation, considered as actually owned by the person.

(2) Members of Family. Stock, partnership interests, membership interests, or other equity interests in a company constructively owned by an individual by reason of the application of §A(1) of this regulation is not considered as owned by the individual for purposes of again applying §A(1) of this regulation in order to make another the constructive owner of the stock.

(3) Partnerships, Estates, Trusts, and Corporations. Stock, partnership interests, membership interests, or other equity interests in a company constructively owned by a partnership, estate, trust, or corporation by reason of the application of §A(3) of this regulation is not considered as owned by it for purposes of applying §A(3) of this regulation in order to make another the constructive owner of the stock.

(4) S Corporation treated as Partnership. For purposes of this section:

(a) An S corporation is treated as a partnership; and

(b) Any shareholder of the S corporation is treated as a partner of the partnership, except that this does not apply for purposes of determining whether stock in the S corporation is constructively owned by any person.

Title 27
CRITICAL AREA
COMMISSION FOR THE
CHESAPEAKE AND
ATLANTIC COASTAL BAYS
Subtitle 01 CRITERIA FOR LOCAL
CRITICAL AREA PROGRAM
DEVELOPMENT

Notice of Proposed Action
 [12-085-P]

The Critical Area Commission for the Chesapeake and Atlantic Coastal Bays proposes to:

- (1) Amend Regulation **.01** under **COMAR 27.01.10 Directives for Local Program Development**;
- (2) Repeal existing Regulation **.01** and adopt new Regulations **.01—.07** under **COMAR 27.01.11 Directives for Updating Critical Area Maps**; and
- (3) Adopt new Regulation **.01** under a new chapter, **COMAR 27.01.12 Variances**.

This action was considered by the Critical Area Commission for the Chesapeake and Atlantic Coastal Bays at an open meeting held on February 1, 2012 pursuant to State Government Article, §10-506(c), Annotated Code of Maryland.

Statement of Purpose

The purpose of this action is to adopt regulations for mapping the 1,000 foot Critical Area boundary line. The regulations will list the appropriate source documents to use in the mapping process, the mapping methodology for accessing the physical features of the shoreline, the mapping methodology for determining the Critical Area classification of new lands in the Critical Area, the process for approval of an updated Critical Area map, and the periodic review of the maps. Updating the maps periodically will ensure the most accurate boundary line. In addition, these maps will be maintained by the Commission and accessible to all on the internet.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

Opportunity for Public Comment

Comments may be sent to Lisa Hoerger, Regulations Coordinator, Critical Area Commission, 1804 West Street, Suite 100, Annapolis, Maryland 21401, or call 410-260-3478 TTY:800-681-8978, or email to lhoerger@dnr.state.md.us, or fax to 410-974-5338. Comments will be accepted through April 23, 2012. A public hearing has not been scheduled.

27.01.10 Directives for Local Program Development

Authority: Natural Resources Article, §8-1806, Annotated Code of Maryland

.01 Criteria.

In developing their Critical Area Programs, local jurisdictions shall use the following general program criteria:

A. — C. (text unchanged)

D. Local permitting and approval processes shall be coordinated so that cumulative impacts of regulated activities can be readily assessed. [Local jurisdictions shall maintain records of the area of land that converts from resource conservation area to intensely developed or limited development Areas and that converts from limited development areas to intensely developed areas.]

E. *Local jurisdictions shall maintain records of the area of land that converts from resource conservation area to intensely developed or limited development areas and that converts from limited development areas to intensely developed areas.*

[E.] F.—[L.] M. (text unchanged)

[M. Controls in a local program, beyond those required by other State programs or statutes, designed to prevent the runoff of pollutants, need not be required on sites where the topography prevents runoff from either directly or indirectly entering the tidal waters.]

N. (text unchanged)

O. The program shall require that all project approvals shall be based on findings that projects are consistent with the following goals of the Critical Area Law:

(1) — (2) (text unchanged)

(3) Establish land use policies for development in the Chesapeake [Bay] and Atlantic Coastal Bays Critical Area which accommodate growth and also address the fact that, even if pollution is controlled, the number, movement, and activities of persons in that area can create adverse environmental impacts.

27.01.11 [Variances] Directives for Updating Critical Area Maps

Authority: Ch. 119, Acts of 2008, §§ 2-4

.01 Definitions.

A. *In this chapter, the following terms have the meanings indicated.*

B. *Terms Defined.*

(1) *“Department” means the Department of Natural Resources.*

(2) *“Final approved map” means the locally approved map that has been approved by the Commission.*

(3) *“Initial map update” means the first time after 2008 that a local jurisdiction, working cooperatively with the Department, the Department of the Environment, and the Commission in accordance with the provisions of this chapter, develops a map of the local jurisdiction’s Critical Area that is based on the aerial photography obtained in 2007—2008 during the development of the Statewide Base Map.*

(4) *“Locally approved map” means the summary draft map that has been approved by the local jurisdiction.*

(5) *“Summary draft map” means the map that is transferred to the local jurisdiction for formal review and approval.*

(6) *Unclassified Wetland.*

(a) *“Unclassified wetland” means an area of wetlands that at the time of original mapping was not classified as an intensely*

developed area, a limited development area, or a resource conservation area.

(b) "Unclassified wetland" includes a transitional area of mud flats, marsh hummocks, and eroding wetlands that was not originally classified at the time of original mapping and may have moved or been reconfigured due to natural tidal conditions.

(7) "Working draft map" means a map of a local jurisdiction's Critical Area that is based on the aerial photography obtained in 2007—2008 during the development of the Statewide Base Map, as modified during the course of review by the Department, the Commission, or the local jurisdiction.

.02 Construction of this Chapter.

The mapped shoreline and landward boundary of tidal wetlands shown on a working draft map, a summary draft map, a locally approved map, or a final approved map of the Critical Area may not be construed to represent an official wetland delineation or change a statutory provision under Environment Article, Title 16, Annotated Code of Maryland, a regulatory provision under COMAR Title 26, Subtitle 24, or any other provision related to a project-specific wetland delineation that may be necessary and appropriate.

.03 Source Data Authorized for the Update of a Critical Area Map.

A. In order to update maps of the Critical Area, the Department and the Commission shall use the best available source information, including:

- (1) 2007 or 2008 true color imagery or any other imagery determined appropriate by the Department and the Commission;
- (2) Rectified 1972 State Tidal Wetlands maps;
- (3) 2007 or 2008 color infrared imagery or any other imagery determined appropriate by the Department and the Commission;
- (4) Local topographic data;
- (5) Light Detection and Ranging data;
- (6) Mapping resources of a local jurisdiction;
- (7) Soils data; or
- (8) Topographic maps of the United States Geological Survey Standard Series.

B. In addition to the source information specified under §A of this regulation, the Department and the Commission may, at their discretion, use additional sources that they regard as relevant, including an on-site evaluation, a map, a photograph, or permit information.

.04 Mapping Methodology for the Assessment of Physical Features.

A. Using the source information under Regulation .03 of this chapter, the Department and the Commission shall digitize the shoreline and the edge of tidal wetlands.

B. The Department and the Commission shall determine the location of the shoreline by remote sensing and an evaluation of:

- (1) The location of vertical shoreline structures;
- (2) The location of water at the time of image capture;
- (3) An estimate of the high tide limit, based on photo interpretation and collateral data; and
- (4) On sandy beaches, the location of a debris line or the wettest land.

C. Except for a structural shoreline stabilization measure that is located offshore, the Department and the Commission shall map the shoreline:

- (1) At the landward edge of a bulkhead;
- (2) At the midpoint between the waterline and the upland edge of a revetment;
- (3) Around the landward edge of a man-made groin or jetty that is at least 30 feet in width; and
- (4) Along the shoreline when a man-made groin or jetty is less than 30 feet in width.

D. Except for a living shoreline or a mudflat, the Department and the Commission shall map the following land features as upland:

- (1) An upland island surrounded by open water;
- (2) An upland area surrounded by a tidal wetland if the upland area:

(a) Was mapped as upland on the 1972 tidal wetlands maps and is at least one acre in size; or

(b) Except for a duckblind or a water-dependent facility, is developed with a legally authorized improvement; and

(3) A dredged material containment facility surrounded by open water that is part of a State-sponsored restoration project with conservation and habitat protection as essential elements of its operation.

E. A local jurisdiction shall not construe the mapping of an area as a wetland or an upland to affect the allowable density or the number of development rights of that newly mapped area as part of a map update, except in accordance with written requirements and procedures in a local jurisdiction's Critical Area program.

F. A local jurisdiction may include within the Critical Area land located more than 1,000 feet from tidal waters or tidal wetlands if the newly included area is:

- (1) Completely surrounded by Critical Area land and is:
 - (a) Up to one acre in size and adjoins an intensely developed area or a limited development area, by which the designation of the newly included area becomes an intensely developed area or a limited development area;
 - (b) Up to two acres in size and adjoins a resource conservation area, by which the designation of the newly included area becomes a resource conservation area; or
 - (c) Greater than the acreage limits in §F(1)(a) and (b) of this regulation if:
 - (i) A local jurisdiction proposes alternative mapping standards; and
 - (ii) The alternative standards are approved by the Commission; or
- (2) An environmentally sensitive area contiguous to the Critical Area that is approved by the Commission.

G. The Department and the Commission, in collaboration with a local jurisdiction, shall maintain the Critical Area layer of the Statewide Base map.

H. Each map of the Critical Area layer of the Statewide Base map shall include:

- (1) A State-determined shoreline;
- (2) A State-determined landward boundary of tidal wetlands;
- (3) A digitally generated, georeferenced 1,000-foot Critical Area boundary; and
- (4) Land newly included within the Critical Area under §F of this regulation.

.05 Mapping Methodology for Critical Area Classifications.

A. The Department, the Commission, and the local jurisdiction shall:

- (1) In accordance with the standards under Regulation .04 of this chapter and in cooperation with the Department of the Environment, review the digitized shoreline and the landward edge of tidal wetlands that are indicated on the working draft map;
- (2) Where applicable, use the existing Critical Area classification for an area shown on the working draft map that was previously included within the Critical Area;
- (3) In accordance with the standards under §B of this regulation, assign a Critical Area classification to an area that is newly included in the Critical Area on the working draft map; and
- (4) Work cooperatively to apply the provisions of this chapter to the working draft map and resolve any conflict that may arise.

B. In order to determine the Critical Area classification for an area newly included in the Critical Area on the working draft map, the Commission and a local jurisdiction shall use the mapping standards in COMAR 27.01.02.03—05.

C. Except as required under §D of this regulation, a local jurisdiction shall classify an area newly included in the Critical Area in accordance with at least one of the following factors:

- (1) Current land use based on present conditions;
- (2) Adjacent land use based on present conditions;
- (3) Future land use based on an approved, platted subdivision even if the lots newly included in the Critical Area are nonconforming under local Critical Area requirements in effect at the time of delivery of the summary draft map to the local jurisdiction; or
- (4) Proposed land use based on future conditions if the local jurisdiction:

(a) Accepted for processing an application for a subdivision, final site plan, or other final approval at least 90 days before the date of delivery of the summary draft map to the local jurisdiction; and

(b) Issues a written final approval for the application within 2 years of the date of delivery of the summary draft map to the local jurisdiction.

D. A local jurisdiction shall classify a dredged material containment facility as a resource conservation area if the facility is:

- (1) Surrounded by open water; and
- (2) A State-sponsored island restoration project with conservation and habitat protection as essential elements of its operation.

E. A local jurisdiction may not use a dredged material containment facility that meets the requirements of §D of this regulation to generate growth allocation.

F. At the time of a development application, a local jurisdiction shall classify an unclassified wetland as a resource conservation area if it is determined to be an upland area or a private wetland.

G. A local jurisdiction shall provide to the Commission a list of all parcels and lots that meet the requirements under §C(3) and (4) of this regulation, including the tax map and parcel number of each lot and parcel, as documentation that growth allocation will not be necessary.

H. As part of the mapping process, a local jurisdiction shall provide to the Commission documentation for those instances where the Critical Area boundary was moved and the resulting Critical Area classification is different from the adjacent Critical Area classification.

I. A local jurisdiction may propose alternative criteria for development to address an instance in which an area newly included in the Critical Area, as a result of changes in the Critical Area boundary during a map update, would be rendered nonconforming or unbuildable without a variance.

J. Federal lands not given a Critical Area classification are managed in accordance with the Coastal Zone Management Act, 16 U.S.C. §§1451—1464.

.06 Process for Approval of an Updated Critical Area Map.

A. Upon completion of a local jurisdiction’s review of a working draft map, including its proposed critical area classifications for all areas newly included in the Critical Area, the Department and the Commission shall incorporate all necessary revisions and prepare a summary draft map for the local jurisdiction.

B. The Department and the Commission shall deliver to the local jurisdiction a summary draft map of that jurisdiction’s Critical Area that:

- (1) Identifies the shoreline and landward boundary of tidal wetlands by use of the most recent aerial imagery or the best available aerial imagery of comparable scale; and

- (2) Ensures that the 1,000-foot Critical Area boundary is accurate to a scale of 1 inch equals 100 feet.

C. Except as authorized under §D of this regulation, within 24 months of the date of delivery of the summary draft map under §A of this regulation, a local jurisdiction shall complete the process of local approval.

D. The initial map update of a local jurisdiction’s Critical Area map may occur in coordination with the local jurisdiction’s 6-year comprehensive review process, as required under Natural Resources Article, §8-1809(g), Annotated Code of Maryland, if the local jurisdiction provides evidence satisfactory to the Commission that reasonable progress has been made toward approval of its summary draft map.

E. Upon receipt of a summary draft map under §B of this regulation, a local jurisdiction shall:

- (1) Provide public notice of its review of the final draft for approval;
- (2) Hold at least one public hearing;
- (3) Provide a reasonable public comment period; and
- (4) Review and approve the summary draft map in accordance with local procedures for map amendments.

F. Upon the completion of all public hearings and the comment period, the local jurisdiction shall amend its local Critical Area program by approving all elements of the summary draft map, including:

- (1) The shoreline and landward boundary of tidal wetlands;
- (2) The digitally generated and georeferenced Critical Area 1,000-foot boundary line which may be adjusted in accordance with Regulation .04 F of this chapter; and
- (3) In accordance with Regulation .05 of this chapter, Critical Area classifications of all areas newly included in the Critical Area.

G. Upon completion of the approval process under this regulation, the local jurisdiction shall forward its locally approved map to the Commission for final approval.

H. In accordance with Natural Resources Article, §§ 8-1807 and 8-1809, Annotated Code of Maryland, when the Commission approves the locally approved map:

- (1) It becomes the final approved map; and
- (2) The final approved map shall be the officially designated map of the Critical Area for that local jurisdiction.

I. The local jurisdiction shall adopt the final approved map by incorporating it into its Critical Area program in accordance with its process for adoption of local law.

.07 Periodic Review of a Local Critical Area Map.

A. Beginning with the date on which the Department and the Commission delivered a summary draft map to a local jurisdiction under Regulation .06B of this chapter, at least once every 12 years thereafter:

- (1) The Department, the Commission, and the local jurisdiction shall conduct a review of the local Critical Area map; and
- (2) The local jurisdiction shall submit any proposed map updates to the Commission for approval.

B. The Commission shall determine the appropriate process for consideration and approval of the local jurisdiction’s proposed map updates.

C. An update of a local jurisdiction’s Critical Area map that is after the initial map update may occur in coordination with the local jurisdiction’s 6-year comprehensive review process, as required under Natural Resources Article, §8-1809(g), Annotated Code of Maryland, if the local jurisdiction provides evidence satisfactory to the Commission that reasonable progress has been made on its comprehensive review and on the review of its maps.

27.01.12 Variances

Authority: Natural Resources Article, §8-1808, Annotated Code of Maryland

.01 Local Programs.

A. In the preparation of local programs, local jurisdictions shall make provision for the granting of variances to these criteria where, owing to special features of a site or other circumstances, local government implementation of this subtitle or a literal enforcement of provisions within the jurisdiction's Critical Area program would result in unwarranted hardship to an applicant. These variance provisions shall be designed in a manner consistent with the spirit and intent of this chapter and all local Critical Area program elements. The variance provisions shall, at a minimum, provide for the following:

(1) That findings are made by the local jurisdiction which demonstrate that special conditions or circumstances exist that are peculiar to the land or structure within the jurisdiction's Critical Area program, would result in unwarranted hardship;

(2) That a literal interpretation of this subtitle or the local Critical Area program and related ordinances will deprive the applicant of rights commonly enjoyed by other properties in similar areas within the Critical Area of the local jurisdiction;

(3) That the granting of a variance will not confer upon an applicant any special privilege that would be denied by this subtitle or the local Critical Area program to other lands or structures within the jurisdiction's Critical Area;

(4) That the variance request is not based upon conditions or circumstances which are the result of actions by the applicant, nor does the request arise from any condition conforming, on any neighboring property;

(5) That the granting of a variance will not adversely affect water quality or adversely impact fish, wildlife, or plant habitat within the jurisdiction's Critical Area, and that the granting of the variance will be in harmony with the general spirit and intent of the Critical Area law and the regulations adopted in this subtitle; and

(6) That applications for a variance will be made in writing to the local approving authority with a copy provided to the Commission.

B. Local jurisdictions may establish additional, more restrictive standards for the granting of variances consistent with the intent and purposes of this subtitle and the approved local Critical Area program, and further, shall establish notification procedures to permit Commission review of findings made in the granting of variances.

C. Appeals from decisions concerning the granting or denial of a variance under these regulations shall be taken in accordance with all applicable laws and procedures of each local jurisdiction for variances. Variance decisions by local boards of appeal or the local legislative body may be appealed to the circuit court in accordance with the Maryland Rules of Procedure. Appeals may be taken by any person, firm, corporation, or governmental agency, aggrieved or adversely affected by any decision made under this section, and the Chairman may appeal an action or decision even if the Chairman was not a party to or is not specifically aggrieved by the action or decision.

DEPARTMENT OF THE ENVIRONMENT SUSQUEHANNA RIVER BASIN COMMISSION

Projects Approved for Consumptive Uses of Water

AGENCY: Susquehanna River Basin Commission.

ACTION: Notice.

SUMMARY: This notice lists the projects approved by rule by the Susquehanna River Basin Commission during the period set forth in "DATES."

DATE: January 1, 2012, through January 31, 2012.

ADDRESS: Susquehanna River Basin Commission, 1721 North Front Street, Harrisburg, PA 17102-2391.

FOR FURTHER INFORMATION CONTACT: Richard A. Cairo, General Counsel, telephone: (717) 238-0423, ext. 306; fax: (717) 238-2436; e-mail: rcairo@srbc.net. Regular mail inquiries may be sent to the above address.

SUPPLEMENTARY INFORMATION: This notice lists the projects, described below, receiving approval for the consumptive use of water pursuant to the Commission's approval by rule process set forth in 18 CFR §806.22(f) for the time period specified above:

Approvals By Rule Issued Under 18 CFR §806.22(f):

Chief Oil & Gas, LLC, Pad ID: Kaufmann Drilling Pad #1, ABR-201201001, Wilmot Township, Bradford County, Pa.; Consumptive Use of Up to 2.000 mgd; Approval Date: January 4, 2012.

Cabot Oil & Gas Corporation, Pad ID: MacDowallR P1, ABR-201201002, Lenox Township, Susquehanna County, Pa.; Consumptive Use of Up to 3.575 mgd; Approval Date: January 4, 2012.

Chief Oil & Gas, LLC, Pad ID: Yoder Drilling Pad #1, ABR-201201003, Leroy Township, Bradford County, Pa.; Consumptive Use of Up to 2.000 mgd; Approval Date: January 4, 2012.

Chesapeake Appalachia, LLC, Pad ID: Redbone, ABR-201201004, Wilmot Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 4, 2012.

Chesapeake Appalachia, LLC, Pad ID: Raimo, ABR-201201005, Monroe Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 4, 2012.

Chesapeake Appalachia, LLC, Pad ID: Kathryn, ABR-201201006, Wilmot Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 4, 2012.

Chesapeake Appalachia, LLC, Pad ID: Fox, ABR-201201007, Mehoopany Township, Wyoming County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 4, 2012.

Chesapeake Appalachia, LLC, Pad ID: Ridenour, ABR-201201008, Cherry Township, Sullivan County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 4, 2012.

Chesapeake Appalachia, LLC, Pad ID: Elwell, ABR-201201009, Wilmot Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 4, 2012.

Citrus Energy Corporation, Pad ID: Macialek 1 Pad, ABR-201201010, Washington Township, Wyoming County, Pa.;

Consumptive Use of Up to 5.000 mgd; Approval Date: January 6, 2012.

Southwestern Energy Production Company, Pad ID: FLICKS RUN, ABR-201201011, Cogan House Township, Lycoming County, Pa.; Consumptive Use of Up to 4.999 mgd; Approval Date: January 9, 2012.

Southwestern Energy Production Company, Pad ID: CHILSON-JENNINGS, ABR-201201012, Herrick Township, Bradford County, Pa.; Consumptive Use of Up to 4.999 mgd; Approval Date: January 9, 2012.

Chief Oil & Gas, LLC, Pad ID: Bailey Drilling Pad #1, ABR-201201013, Overton Township, Bradford County, Pa.; Consumptive Use of Up to 2.000 mgd; Approval Date: January 9, 2012.

Pennsylvania General Energy Co. LLC, Pad ID: COP Tract 356 Pad J, ABR-201201014, Cummings Township, Lycoming County, Pa.; Consumptive Use of Up to 3.000 mgd; Approval Date: January 10, 2012.

EXCO Resources (PA), Inc., Pad ID: Budman Well Pad, ABR-201201015, Franklin Township, Lycoming County, Pa.; Consumptive Use of Up to 8.000 mgd; Approval Date: January 11, 2012.

Range Resources – Appalachia, LLC, Pad ID: Cornhill C Unit 1H-5H, ABR-201201016, Cogan House Township, Lycoming County, Pa.; Consumptive Use of Up to 5.000 mgd; Approval Date: January 13, 2012.

Range Resources – Appalachia, LLC, Pad ID: Corson, Eugene 1H-6H, ABR-201201017, Anthony Township, Lycoming County, Pa.; Consumptive Use of Up to 5.000 mgd; Approval Date: January 13, 2012.

Atlas Resources, LLC, Pad ID: Rhodes Well Pad, ABR-201201018, Gamble Township, Lycoming County, Pa.; Consumptive Use of Up to 3.600 mgd; Approval Date: January 18, 2012.

Atlas Resources, LLC, Pad ID: Perry Well Pad, ABR-201201019, Mill Creek Township, Lycoming County, Pa.; Consumptive Use of Up to 3.600 mgd; Approval Date: January 18, 2012.

Range Resources – Appalachia, LLC, Pad ID: Ogontz Fishing Club 41H-44H, ABR-201201020, Cummings Township, Lycoming County, Pa.; Consumptive Use of Up to 5.000 mgd; Approval Date: January 23, 2012.

SWEPI LP, Pad ID: Jones 276, ABR-201201021, Jackson Township, Tioga County, Pa.; Consumptive Use of Up to 4.000 mgd; Approval Date: January 25, 2012.

SWEPI LP, Pad ID: Tolbert 263, ABR-201201022, Jackson Township, Tioga County, Pa.; Consumptive Use of Up to 4.000 mgd; Approval Date: January 25, 2012.

Carrizo (Marcellus), LLC, Pad ID: Trecoske North Pad, ABR-201201023, Silver Lake Township, Susquehanna County, Pa.; Consumptive Use of Up to 2.100 mgd; Approval Date: January 25, 2012.

Carrizo (Marcellus), LLC, Pad ID: Trecoske South Pad, ABR-201201024, Silver Lake Township, Susquehanna County, Pa.; Consumptive Use of Up to 2.100 mgd; Approval Date: January 25, 2012.

Southwestern Energy Production Company, Pad ID: HEBDA-VANDERMARK, ABR-201201025, Stevens Township, Bradford County, Pa.; Consumptive Use of Up to 4.999 mgd; Approval Date: January 27, 2012.

Southwestern Energy Production Company, Pad ID: TONYA WEST, ABR-201201026, New Milford Township, Susquehanna County, Pa.; Consumptive Use of Up to 4.999 mgd; Approval Date: January 27, 2012.

Southwestern Energy Production Company, Pad ID: GOOD, ABR-201201027, Jackson and Cogan House Townships, Lycoming County, Pa.; Consumptive Use of Up to 4.999 mgd; Approval Date: January 27, 2012.

Chesapeake Appalachia, LLC, Pad ID: Burkhart, ABR-201201028, Forks Township, Sullivan County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 30, 2012.

Chesapeake Appalachia, LLC, Pad ID: Calmitch, ABR-201201029, Wilmot Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 30, 2012.

Carrizo (Marcellus), LLC, Pad ID: EP Bender B (CC-03) Pad (2), ABR-201201030, Reade Township, Cambria County, Pa.; Consumptive Use of Up to 2.100 mgd; Approval Date: January 30, 2012.

SWEPI LP, Pad ID: Barner 709, ABR-201201031, Liberty Township, Tioga County, Pa.; Consumptive Use of Up to 4.000 mgd; Approval Date: January 30, 2012.

Seneca Resources Corporation, Pad ID: DCNR 100 Pad L, ABR-201201032, Lewis Township, Lycoming County, Pa.; Consumptive Use of Up to 4.000 mgd; Approval Date: January 31, 2012.

Chesapeake Appalachia, LLC, Pad ID: Warburton, ABR-201201033, Forks Township, Sullivan County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 31, 2012.

Chesapeake Appalachia, LLC, Pad ID: SGL289C, ABR-201201034, West Burlington Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 31, 2012.

Chesapeake Appalachia, LLC, Pad ID: Hemlock Valley, ABR-201201035, Pike Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 31, 2012.

Chesapeake Appalachia, LLC, Pad ID: Manahan, ABR-201201036, Albany Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 31, 2012.

Chesapeake Appalachia, LLC, Pad ID: Messersmith, ABR-201201037, Wilmot Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 31, 2012.

Chesapeake Appalachia, LLC, Pad ID: Lyon, ABR-201201038, Tuscarora Township, Bradford County, Pa.; Consumptive Use of Up to 7.500 mgd; Approval Date: January 31, 2012.

Chief Oil & Gas, LLC, Pad ID: Myers Unit Drilling Pad #1, ABR-201201039, Burlington Township, Bradford County, Pa.; Consumptive Use of Up to 2.000 mgd; Approval Date: January 31, 2012.

Chief Oil & Gas, LLC, Pad ID: Hurley Drilling Pad #1, ABR-201201040, Cherry Township, Sullivan County, Pa.; Consumptive Use of Up to 2.000 mgd; Approval Date: January 31, 2012.

AUTHORITY: Pub. L. 91-575, 84 Stat. 1509 et seq., 18 CFR Parts 806, 807, and 808.

SUSQUEHANNA RIVER BASIN COMMISSION

18 CFR Part 806, Review and Approval of Projects

AGENCY: Susquehanna River Basin Commission.

ACTION: Final rule.

SUMMARY: This document contains final rules that would amend the project review regulations of the Susquehanna River Basin Commission (Commission) to include definitions for new terms and an amended definition; provide for administrative approval of interbasin transfers of flowback and production fluids between drilling pad sites that are isolated from the waters of the basin; provide for administrative approval of out-of-basin transfers of flowback or produced fluids from a Commission approved hydrocarbon development project to an out-of-basin treatment or disposal facility; insert language authorizing renewal of expiring approvals, including Approvals by Rule (ABRs); delete specific references to geologic formations that may be the subject of natural gas development using hydrofracture stimulation and replace with a generic category--"unconventional natural gas development;" broaden the scope of ABRs issued to include hydrocarbon development of any kind utilizing the waters of the basin, not just unconventional natural gas well development; memorialize the current practice of requiring post-hydrofracture reporting; and provide further procedures for the approval of water sources utilized at projects subject to the ABR process.

DATES: Effective April 1, 2012.

ADDRESSES: Susquehanna River Basin Commission, 1721 North Front Street,
Harrisburg, PA 17102-2391.

FOR FURTHER INFORMATION CONTACT: Richard A. Cairo, General Counsel, telephone: 717-238-0423, ext. 306; fax: 717-238-2436; email: rcairo@srbc.net. Also, for further information on the proposed rulemaking, visit the Commission's Web site at www.srbc.net.

SUPPLEMENTARY INFORMATION:

Comments and Responses to Proposed Rulemaking

Notice of proposed rulemaking was published in the Federal Register on July 13, 2011; the New York Register on July 27, 2011; the Pennsylvania Bulletin on July 23, 2011; and the Maryland Register on July 29, 2011. The Commission convened public hearings on August 2, 2011, in Harrisburg, Pennsylvania and on August 4, 2011, in Binghamton, New York. Public information meetings were also held on October 25, 2011 in Williamsport, Pennsylvania, and on October 27, 2011, in Camp Hill, Pennsylvania. The original 60-day comment period first established on June 23, 2011, was extended until November 10, 2011, pursuant to an action taken by the Commission on September 15, 2011. Comments on the proposed rulemaking were received at both the hearings and during the comment period. The comments can be divided into two categories: (1) General Comments--These comments are not directed to specific language of the proposed rulemaking, but rather address perceived environmental and policy impacts; and (2) Comments by Section--These comments are directed at the specific language of the proposed rulemaking, often offering further revisions to this language. A summary of both categories of comments and the Commission's responses thereto follows.

General Comments

Comment: The Commission should more clearly explain the scientific basis for the proposed rulemaking. Also, the Commission should conduct a full life cycle cumulative impact study of the basinwide impacts of unconventional natural gas extraction prior to issuing this rulemaking.

Response: The proposed rulemaking is administrative in nature and involves no substantive change in the review standards applied to projects. Therefore, the basis of the rulemaking does not involve the analysis, evaluation or re-evaluation of scientific principals. On the whole, it is an attempt to codify within the rules certain definitions, existing practices and policies, and to establish certain procedures related to implementation of the Commission's regulatory authority.

Comment: The more extensive use of the Approval by Rule (ABR) process in this proposed rulemaking will weaken the Commission's regulatory oversight and will simply make it easier for gas well developers using hydrofracture stimulation methods to withdraw the waters of the basin.

Response: The Commission believes that this comment indicates a basic misunderstanding of the scope of the ABR process and the fact that all withdrawal projects will continue to be docketed and acted on by the full Commission. Through the docketing process, the Commission actively manages the use of the basin's waters and mitigates impacts on surface and ground waters through appropriate conditions limiting use. The ABR process then provides an efficient monitoring system for waters that are consumptively used. The Commission applies the same approval standards to all approvals, no matter the form they take. It exercises continuing jurisdiction and oversight to ensure compliance, and can reopen approvals and issue new orders or conditions if warranted.

Comment: Use of the ABR process to oversee the interbasin transfer of flowback and produced fluids and for the out of basin diversion of such fluids for treatment poses a danger to the waters of the basin due to its toxic content and the potential for spillage. The ABR process also bypasses the usual analysis given to proposed diversions of water.

Response: The proposed rules simply formalize practices that are already in place for the transfer of such fluids. These procedures will provide a net benefit to the basin by encouraging the use and reuse of lesser quality water instead of unimpaired water from streams or ground water sources. Furthermore, unlike the typical diversion of water out of the basin where the consumptive loss occurs and is evaluated in the context of the proposed diversion activity, the consumptive loss in this situation is considered to have occurred at the time of the initial withdrawal from the system, before its first use within the basin and prior to being diverted out of the basin. For into-basin diversions, the existing standards are focused on limiting any introduction of contaminated sources into the waters of the basin. The final rulemaking, as structured, provides that same standard. What it changes is the form of the approval, not the standard that should be applied.

Comment: The Commission places too much reliance on allegedly inadequate state water quality laws relating to wastewater disposal and residual waste. For example, the Commission cannot rely on such state laws and regulations to isolate from the waters of the basin the flowback and production fluids whose interbasin transfer the Commission proposes to approve administratively. Therefore, it is incumbent on the Commission to invoke its own water quality regulatory authority and ensure that wastewater is indeed handled in a manner that isolates it from the waters of the basin.

Response: The Susquehanna River Basin Compact, Public Law 91-575, Section 5.2(b) gives specific emphasis to the primary role of the states in water quality management and control. Member states are already exercising or preparing to exercise their water quality authority with respect to gas drilling activity and are also strengthening their laws and regulations. At this stage, there appears to be no justification for the Commission to assume water quality jurisdiction. As noted in response to a comment below, the Commission is taking steps to replace the term "isolate from the waters of the basin" with language that references the standards and requirements of member jurisdictions.

Comment: The Commission's refusal to promulgate water quality regulations relating to gas well development will allow the non-uniform treatment of water users throughout the basin and therefore not conform to the purposes of the Susquehanna River Basin Compact.

Response: The compact purpose of "uniform treatment of water users" does not require that the Commission exclusively regulate all aspects of water resources in the basin. If state regulations and standards are compatible with the Commission's Comprehensive Plan and do an adequate job of fulfilling the purposes of the plan, the Commission will not attempt to duplicate those regulations and standards. Where it does act, it does so in a manner that provides for uniform treatment of all water users.

Comment: The expanded use of the ABR process lessens the opportunity for public input and scrutiny on project approvals.

Response: The Commission disagrees. The ABR applications must be noticed by applicants and there is an opportunity for interested citizens to comment on these applications before an approval is issued. ABRs are also subject to the same approval standards as docketed approvals, and may be reopened and modified by the Executive Director should unforeseen problems arise. Furthermore, notice of issuance of an ABR is published in the Federal Register and any such approval is subject to appeal pursuant to § 808.2.

Comment: The Commission should not be extending the scope of the ABR program to include other forms of hydrocarbon development without first determining if the ABR program is suitable for these other forms of development.

Response: The ABR process has proven to be a valuable tool for monitoring consumptive use related activity on pad sites. This rulemaking, which as noted above is administrative in nature, would extend the use of this valuable tracking tool to other forms of hydrocarbon development. Water withdrawals by any water user, including that undertaken for use in other forms of hydrocarbon development, will still undergo the full docket approval process, and be subject to all applicable Commission standards and requirements.

Comment: The Commission is a federal agency under the Susquehanna River Basin Compact and is subject to the National Environmental Policy Act (NEPA). It must therefore complete all NEPA requirements in connection with this proposed rulemaking action.

Response: The Commission categorically rejects any suggestion that it is subject to NEPA. This is consistent with the position the Commission has taken on NEPA since the 1980s. Instead of a federal agency, the Commission is a federal-interstate compact agency representing all four of its member jurisdictions. The federal government is only one voting member of the Commission and any action of the Commission requires the vote of a majority of the members. Therefore, the actions of the Commission are not the actions of the federal government, but the joint actions of the member jurisdictions. Also, Congress has specifically exempted the

Commission from the provisions of the federal Administrative Procedures Act (APA). Federal court decisions have taken a consistent view, namely that agencies not subject to the APA are not federal agencies in the conventional sense and are therefore not subject to NEPA or similar laws imposing requirements on "federal agencies."

Comments by Section, Part 806

Section 806.3--Definitions

Comment: The 30-day rule in the proposed definition of flowback means that fluid produced from the well bore from the 31st day until the well is placed in production is neither flowback or production fluid within the definition (unless the well is placed into production during the initial 30-day period).

Response: Agreed. The proposed definition is modified to remove the 30-day reference and to make clear that return flow recovered post-hydrofracture and pre-production is defined as flowback.

Comment: The word "siting" in the definitions of "hydrocarbon development" and "unconventional natural gas development" is inconsistent with the "initiation of construction" standard in the Commission's project review regulations. The regulations specify the "spudding of the well" to be the initiation of a well project.

Response: Agreed. The word "siting" is deleted from this definition to avoid the inconsistency.

Comment: The definition of "project" does not make clear that "unconventional natural gas development" is a subset of "hydrocarbon development activity."

Response: Language is inserted in the definition to clarify that the term is a sub-category of hydrocarbon development.

Comment: Several comments expressed disagreement with the proposed definition of "tophole water," with one suggesting use of Pennsylvania's definition instead and another claiming that the definition is too vague.

Response: The tophole water definition is replaced with a modified version of the Pennsylvania definition. The modification, notably removing the reference to surface water, makes it generally consistent with New York's interpretation of the term and allows for more basinwide consistency.

Section 806.4--Projects Requiring Review and Approval Paragraphs 806.4(a)(3)(v) & (vi)

Comment: The phrase "in such manner as to isolate it from the waters of the basin" is too vague and should be replaced with a reference to the actual controls exercised by the member states. Also, because the industry may mix the waters of the basin withdrawn from surface and ground water sources with flowback or production fluids in preparation for hydrofracture use, it is not possible to isolate it from the waters of the basin if read strictly.

Response: The "isolate" terminology is replaced with "provided it is handled, transported and stored in compliance with all standards and requirements of the applicable member jurisdictions." The same language has also been inserted in Paragraph 806.4(a)(3)(vi), which similarly addresses diversions of flowback or production fluids, and is substituted in Paragraph 806.22(f)(11)(iii) for the same reason.

Comment: There is no clear requirement that project sponsors keep track of interbasin transfers of flowback and production fluids.

Response: Language is added to paragraphs 806.4(a)(3)(v) and (vi) reinforcing the requirement that all monitoring and reporting

requirements applicable to the pad site ABR must be met. Similar language is added to paragraph 806.22(f)(11) to meet the same concerns about tracking.

Paragraph 806.4(3)(vi)

Comment: The use of the phrase "the same" implies that each tank load of flowback or production fluid would require separate approval.

Response: The language is replaced with "flowback or production fluids" to remove any uncertainty.

Section 806.13--Submission of Application

Comment: The phrase "Project sponsors of projects subject to review and approval" should properly be changed to read "Sponsors of projects subject to review and approval."

Response: Agreed. The suggested change is incorporated into the final rulemaking.

Section 806.14--Contents of Application

Paragraph 806.14(a)

Comment: With respect to renewal applications, there is no clear indication that they will be made subject to any approval standards.

Response: To remove any ambiguity, and to further clarify the original intent concerning renewal standards, the phrase "shall be subject to the standards set forth in Subpart C--Standards for Review and Approval of this Part" is added to this paragraph.

Section 806.15--Notice of Application

Paragraph 806.15(e)

Comment: The requirement for a newspaper notice in areas where a wastewater discharge source is to be used is unworkable where such water is mixed with other water sources at the initial destination and is then redistributed, oftentimes to other locations not contemplated at the time notice is given.

Response: The word "initially" is added before the phrase "used for natural gas development" to limit this requirement to the initial location(s) where this water is contemplated for use at the time of application.

Section 806.22--Standards for Consumptive Use of Water

Paragraph 806.22(f)(10)

Comment: Extension of ABR approval terms to 15 years will essentially lessen or weaken the oversight that the Commission exercises over gas drilling activities.

Response: Though the Commission feels that there is a fundamental misunderstanding by some who commented about the ongoing oversight that it exercises over approved projects, and the ability of the Commission to reopen approvals, it is willing to retain the current approval term with the addition of procedures for renewal of ABRs. Therefore, the proposed change is removed from the final rulemaking.

Paragraph 806.22(f)(11)

Comment: Need to make clear that this paragraph applies to the use of sources in addition to those sources approved for use by the project sponsor pursuant to § 806.4.

Response: Wording is added to the beginning of this paragraph to make the suggested clarification.

Paragraph 806.22(f)(11)(i), (ii), and (iv)

Comment: Tophole water, precipitation and storm water collected on the pad site or water obtained from a hydrocarbon storage facility can be contaminated, so there is a need to appropriately limit its use.

Response: Language is added limiting the use of this water to drilling or hydrofracture stimulation only, or in the case of paragraph 806.22(f)(11)(iv), limiting the use to that provided for in the approval.

Paragraph 806.22(f)(11)(iii)

Comment: As defined, flowback and production fluids do not cover all fluids encountered in the drilling process that serve as a water source under current practice. For example, water can be recovered from drilling muds. Also, such fluids can be recovered from production well sites, in addition to drilling pad sites or hydrocarbon water storage facilities. Current Commission policy allows for the reuse of such fluids.

Response: Drilling fluids and formation fluids are added to this paragraph to cover all fluids recovered during the drilling process and used under current practice for hydrofracture stimulation. The term "production well site" is also added to clarify the sites from which such fluids can be recovered. The word "only" is also added to this paragraph to make clear that these fluids may only be used for hydrofracture stimulation. Language is also added clarifying that all such fluids must be handled, transported and stored in compliance with all standards and requirements of the applicable member jurisdiction.

Paragraph 806.22(f)(14)

Comment: The provisions of the proposed paragraph 806.22(f)(13) pertaining to hydrocarbon water storage facilities need to be separated from provisions relating to public water supply and wastewater sources because of the possible application of the terms to third party water purveyors building hydrocarbon water storage facilities that may not be associated with ABRs.

Response: The changes incorporated into the final rule break out a separate paragraph 806.22(f)(14), clarifying the scope and intent, but make no substantive changes to the provisions contained in the proposed rulemaking. The rule is intended to provide for the approval of such facilities (not otherwise associated with an ABR) to provide a mechanism for monitoring, reporting and tracking associated with such facilities, and to allow for the industry to efficiently register such sources for use.

Paragraph 806.22(f)(15)

Comment: The language in paragraphs 806.22(f)(12)(i) and (ii) relating to providing a copy of any registration or source approval to the appropriate agency of a member state, etc., is repetitive.

Response: Language related to registrations and source approvals that is repetitive is removed and restated once in new paragraph 806.22(f)(15).

List of Subjects in 18 CFR Part 806

Administrative practice and procedure, Water resources.

Accordingly, for the reasons set forth in the preamble, the Susquehanna River Basin Commission amends 18 CFR part 806 as follows:

PART 806--REVIEW AND APPROVAL OF PROJECTS

1. The authority citation for Part 806 continues to read as follows:

Authority: Secs. 3.4, 3.5(5), 3.8, 3.10 and 15.2, Pub. L. 91-575, 84 Stat. 1509 et seq.

Subpart A--General Provisions

2. Amend § 806.3 by adding definitions for "Flowback", "Formation fluids", "Hydrocarbon development", "Hydrocarbon water storage

facility", "Production fluids", "Tophole water", and "Unconventional natural gas development," and revising the definition of "Project" to read as follows:

§ 806.3 Definitions.

* * * * *

Flowback. The return flow of water and formation fluids recovered from the wellbore of an unconventional natural gas or hydrocarbon development well following the release of pressures induced as part of the hydraulic fracture stimulation of a target geologic formation, and until the well is placed into production.

Formation fluids. Fluids in a liquid or gaseous physical state, present within the pore spaces, fractures, faults, vugs, caverns, or any other spaces of formations, whether or not naturally occurring or injected therein.

* * * * *

Hydrocarbon development. Activity associated with the drilling, casing, cementing, stimulation and completion of wells, including but not limited to unconventional natural gas development wells, undertaken for the purpose of extraction of liquid or gaseous hydrocarbons from geologic formations.

Hydrocarbon water storage facility. An engineered barrier or structure, including but not limited to tanks, pits or impoundments, constructed for the purpose of storing water, flowback or production fluids for use in hydrocarbon development.

* * * * *

Production fluids. Water or formation fluids recovered at the wellhead of a producing hydrocarbon well as a by-product of the production activity.

Project. Any work, service, activity, or facility undertaken, which is separately planned, financed or identified by the Commission, or any separate facility undertaken or to be undertaken by the Commission or otherwise within a specified area, for the conservation, utilization, control, development, or management of water resources, which can be established and utilized independently, or as an addition to an existing facility, and can be considered as a separate entity for purposes of evaluation. For purposes of hydrocarbon development activity, including that related to unconventional natural gas development, the project shall be considered to be the drilling pad upon which one or more exploratory or production wells are undertaken, and all water-related appurtenant facilities and activities related thereto.

Tophole water. Water that is brought to the surface while drilling through the strata containing fresh groundwater. Tophole water may contain drill cuttings typical of the formation being penetrated but may not be polluted or contaminated by additives, brine, oil or man induced conditions.

Unconventional natural gas development. Activity associated with the drilling, casing, cementing, stimulation and completion of wells undertaken for the purpose of extraction of gaseous hydrocarbons from low permeability geologic formations utilizing enhanced drilling, stimulation or recovery techniques.

3. In § 806.4, revise paragraph (a)(3) introductory text, add paragraphs (a)(3)(v) and (a)(3)(vi), and revise paragraph (a)(8), as follows:

§ 806.4 Projects requiring review and approval.

(a) * * *

(3) Diversions. Except with respect to agricultural water use projects not subject to the requirements of paragraph (a)(1) of this section, the projects described in paragraphs (a)(3)(i) through (a)(3)(iv) of this section shall require an application to be submitted in accordance with § 806.13, and shall be subject to the standards set forth in § 806.24. The project sponsors of out-of-basin diversions shall also comply with all applicable requirements of this part relating

to consumptive uses and withdrawals. The projects identified in paragraphs (a)(3)(v) and (a)(3)(vi) of this section shall be subject to regulation pursuant to § 806.22(f).

(v) The interbasin diversion of any flowback or production fluids from hydrocarbon development projects from one drilling pad site to another drilling pad site for use in hydrofracture stimulation, provided it is handled, transported and stored in compliance with all standards and requirements of the applicable member jurisdiction, shall not be subject to separate review and approval as a diversion under this paragraph if the generating or receiving pad site is subject to an Approval by Rule issued pursuant to § 806.22(f) and provided all monitoring and reporting requirements applicable to such approval are met.

(vi) The diversion of flowback or production fluids from a hydrocarbon development project for which an Approval by Rule has been issued pursuant to § 806.22(f), to an out-of-basin treatment or disposal facility authorized under separate governmental approval to accept flowback or production fluids, shall not be subject to separate review and approval as a diversion under this paragraph, provided all monitoring and reporting requirements applicable to the Approval by Rule are met and it is handled, transported and stored in compliance with all standards and requirements of the applicable member jurisdiction.

(8) Any unconventional natural gas development project in the basin involving a withdrawal, diversion or consumptive use, regardless of the quantity.

Subpart B--Application Procedure

4. Revise § 806.13 to read as follows:

§ 806.13 Submission of application.

Sponsors of projects subject to review and approval of the Commission under §§ 806.4, 806.5 or 806.6, or project sponsors seeking renewal of an existing approval of the Commission, shall submit an application and applicable fee to the Commission, in accordance with this subpart.

5. In § 806.14, revise paragraph (a) introductory text to read as follows:

§ 806.14 Contents of application.

(a) Except with respect to applications to renew an existing Commission approval, applications shall include, but not be limited to, the following information and, where applicable, shall be submitted on forms and in the manner prescribed by the Commission. Renewal applications shall include such information that the Commission determines to be necessary for the review of same, shall be subject to the standards set forth in Subpart C--Standards for Review and Approval of this part, and shall likewise be submitted on forms and in the manner prescribed by the Commission.

6. In § 806.15, revise paragraphs (d), (e) and (f) and add paragraph (g), as follows:

§ 806.15 Notice of application.

(d) For applications submitted under § 806.22(f)(13) for a public water supply source, the newspaper notice requirement contained in paragraph (a) of this section shall be satisfied by publication in a newspaper of general circulation in the area served by the public water supply.

(e) For applications submitted under § 806.22(f)(13) for a wastewater discharge source, the newspaper notice requirement contained in paragraph (a) of this section shall be satisfied by publication in a newspaper of general circulation in each area within which the water obtained from such source will initially be used for natural gas development.

(f) For applications submitted under § 806.22(f)(14) for a hydrocarbon water storage facility, the newspaper notice requirement contained in paragraph (a) of this section shall be satisfied by publication in a newspaper of general circulation in the area in which the facility is located.

(g) The project sponsor shall provide the Commission with a copy of the United States Postal Service return receipt for the notifications to agencies of member States, municipalities and county planning agencies required under paragraph (a) of this section. The project sponsor shall also provide certification on a form provided by the Commission that it has published the newspaper notice(s) required by this section and made the landowner notifications as required under paragraph (b) of this section, if applicable. Until these items are provided to the Commission, processing of the application will not proceed. The project sponsor shall maintain all proofs of notice required hereunder for the duration of the approval related to such notices.

Subpart C--Standards for Review and Approval

7. In § 806.22, revise paragraphs (e)(1), (e)(6), (f) introductory text, (f)(1), (f)(4), (f)(6), (f)(8), (f)(9), (f)(11), and (f)(12), and add paragraphs (f)(13), (f)(14) and (f)(15), to read as follows:

§ 806.22 Standards for consumptive uses of water.

(e) ***

(1) Except with respect to projects involving hydrocarbon development subject to the provisions of paragraph (f) of this section, any project whose sole source of water for consumptive use is a public water supply, may be approved by the Executive Director under this paragraph (e) in accordance with the following, unless the Executive Director determines that the project cannot be adequately regulated under this approval by rule.

(6) The Executive Director may grant, deny, suspend, rescind, modify or condition an approval to operate under this approval by rule, or renew an existing approval by rule previously granted hereunder, and will notify the project sponsor of such determination, including the quantity of consumptive use approved.

(f) Approval by rule for consumptive use related to unconventional natural gas and other hydrocarbon development.

(1) Any unconventional natural gas development project, or any hydrocarbon development project subject to review and approval under §§ 806.4, 806.5, or 806.6 of this part, shall be subject to review and approval by the Executive Director under this paragraph (f) regardless of the source or sources of water being used consumptively.

(4) The project sponsor shall comply with metering, daily use monitoring and quarterly reporting as specified in § 806.30, or as otherwise required by the approval by rule. Daily use monitoring shall include amounts delivered or withdrawn per source, per day, and amounts used per gas well, per day, for well drilling, hydrofracture stimulation, hydrostatic testing, and dust control. The foregoing shall apply to all water, including stimulation additives, flowback, drilling fluids, formation fluids and production fluids, utilized by the project. The project sponsor shall also submit a post-hydrofracture report in a form and manner as prescribed by the Commission.

(6) Any flowback or production fluids utilized by the project sponsor for hydrofracture stimulation undertaken at the project shall be separately accounted for, but shall not be included in the daily consumptive use amount calculated for the project, or be subject to the mitigation requirements of § 806.22(b).

(8) The project sponsor shall certify to the Commission that all flowback and production fluids have been re-used or treated and disposed of in accordance with applicable state and federal law.

(9) The Executive Director may grant, deny, suspend, rescind, modify or condition an approval to operate under this approval by rule, or renew an existing approval by rule granted hereunder, and will notify the project sponsor of such determination, including the sources and quantity of consumptive use approved. The issuance of any approval hereunder shall not be construed to waive or exempt the project sponsor from obtaining Commission approval for any water withdrawals or diversions subject to review pursuant to § 806.4(a). Any sources of water approved pursuant to this section shall be further subject to any approval or authorization required by the member jurisdiction.

* * * * *

(11) In addition to water sources approved for use by the project sponsor pursuant to § 806.4 or this section, for unconventional natural gas development or hydrocarbon development, whichever is applicable, a project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may utilize any of the following water sources at the drilling pad site, subject to such monitoring and reporting requirements as the Commission may prescribe:

(i) Tophole water encountered during the drilling process, provided it is used only for drilling or hydrofracture stimulation.

(ii) Precipitation or stormwater collected on the drilling pad site, provided it is used only for drilling or hydrofracture stimulation.

(iii) Drilling fluids, formation fluids, flowback or production fluids obtained from a drilling pad site, production well site or hydrocarbon water storage facility, provided it is used only for hydrofracture stimulation, and is handled, transported and stored in compliance with all standards and requirements of the applicable member jurisdiction.

(iv) Water obtained from a hydrocarbon water storage facility associated with an approval issued by the Commission pursuant to § 806.4(a) or by the Executive Director pursuant to this section, provided it is used only for the purposes authorized therein, and in compliance with all standards and requirements of the applicable member jurisdiction.

(12) A project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may utilize a source of water approved by the Commission pursuant to § 806.4(a), or by the Executive Director pursuant to paragraph (f)(14) of this section, and issued to persons other than the project sponsor, provided any such source is approved for use in unconventional natural gas development, or hydrocarbon development, whichever is applicable, the project sponsor has an agreement for its use, and at least 10 days prior to use, the project sponsor registers such source with the Commission on a form and in the manner prescribed by the Commission.

(13) A project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may also utilize other sources of water, including but not limited to, public water supply or wastewater discharge not otherwise associated with an approval issued by the Commission pursuant to § 806.4(a) or an approval by rule issued pursuant to paragraph (f)(9) of this section, provided such sources are first approved by the Executive Director. Any request for approval shall be submitted on a form and in the manner prescribed by the Commission, shall satisfy the notice requirements set forth in § 806.15, and shall be subject to review pursuant to the standards set forth in subpart C of this part.

(14) A project sponsor issued an approval by rule pursuant to paragraph (f)(9) of this section may utilize water obtained from a hydrocarbon water storage facility that is not otherwise associated

with an approval issued by the Commission pursuant to § 806.4(a), or an approval by rule issued pursuant to paragraph (f)(9) of this section, provided such sources are first approved by the Executive Director and are constructed and maintained in compliance with all standards and requirements of the applicable member jurisdiction. The owner or operator of any such facility shall submit a request for approval on a form and in the manner prescribed by the Commission, shall satisfy the notice requirements set forth in § 806.15, and shall be subject to review pursuant to the standards set forth in subpart C of this part.

(15) The project sponsor shall provide a copy of any registration or source approval issued pursuant to this section to the appropriate agency of the applicable member jurisdiction. The project sponsor shall record on a daily basis, and report quarterly on a form and in a manner prescribed by the Commission, the quantity of water obtained from any source registered or approved hereunder. Any source approval issued hereunder shall also be subject to such monitoring and reporting requirements as may be contained in such approval or otherwise required by this part.

WATER MANAGEMENT ADMINISTRATION

Notice of Tentative Determination General Permit for Discharges from Swimming Pools and Spas, Including Baptismal Fonts

General Discharge Permit No. 12SI (NPDES No. MDG76) applies to discharges from pools and spas, including baptismal fonts to waters of the state in the state of Maryland. The Department proposes to reissue State/NPDES (National Pollution Discharge Elimination System) General Permit for Discharges from Pools and Spas, including Baptismal Fonts with revisions to the previously issued permit (No. 07SI) as summarized below.

The cyanuric acid limit decreased from 200 to 100 mg/L to reflect current industry standards.

Backwash discharges are now subject to turbidity limits of 150 NTUs.

The total silver limit decreased from 3.4 to 3.2 ppb to reflect current water quality standards for acute fresh water. Total silver and total copper limits include limits for discharging to both fresh and salt water.

The Department proposes to change the requirements for transfer of authorization under this permit from 'non-transferable to a person' to 'non-transferable to a change in location'. This ensures the Department is not authorizing a discharge at a new location without appropriate review through submission of a new application.

The required notice of intent (application) now requires more complete information relevant to the permit conditions. Also required is the addition of a site map illustrating discharge locations.

Finally the permit includes several clarifications on the types of eligible discharges authorized by the permit and updates various standard permit conditions. The updated standard permit conditions include, but are not limited to: requirements to obtain coverage under an individual permit, as necessary; termination of coverage under a permit; continuation of an expired general permit; the definitions for super chlorination, potable water, disinfectant, estimated flow, impaired water, and total maximum daily load (TMDL); notice of intent (application) requirements; submission of notifications once

registered under the permit; reporting laboratory performing analysis; facility operation and maintenance; and permit modification.

The Department will hold a public hearing concerning the tentative determination on Thursday, **April 26, 2012, at 10 a.m.** in the Terra Conference Room at MDE, 1800 Washington Blvd, Baltimore, MD 21230.

Any hearing impaired person may request an interpreter at the hearing by contacting Tyrone Hill, Office of Fair Practices at (410) 537-3964 at least ten working days prior to the scheduled hearing date. TTY users should contact the Maryland Relay Service at 1 800 201-7165.

The draft permit is available on MDE's website (www.mde.state.md.us) and can be found at the Wastewater Permits website <http://www.mde.state.md.us/waterpermits> under "Water Applications and Other Forms" then "Discharges from Swimming Pools...", or by searching "[pools.aspx](#)" in the right hand corner search engine through the comment period. Any questions regarding this tentative determination, including the draft permit and fact sheet should be directed to Edward Gertler at the Maryland Department of the Environment, Water Management Administration, at egertler@mde.state.md.us, by telephone at 410-537-3323 between the hours of 8 a.m. and 5 p.m., Monday through Friday. Copies of the document may be obtained at a cost of \$0.36 per page. Written comments concerning the tentative determination will also be considered in the preparation of a final determination if received by Edward Gertler at the above address, on or before Friday, May 4, 2012.

DEPARTMENT OF HEALTH AND MENTAL HYGIENE/OFFICE OF HEALTH SERVICES

Subject: Notice to MCO Applicants

Add'l. Info: March 7, 2012

Dear Interested Parties:

In anticipation of the major changes that will be taking place in Medicaid starting in 2014, the Department of Health and Mental Hygiene (Department) has received many inquiries from interested parties on how to become a HealthChoice Managed Care Organization (MCO). Under COMAR 10.09.64, any entity that meets all of the regulatory requirements for the HealthChoice Program can be approved as an MCO. However, the application and review process is extensive and laborious for both the applicant and the Department and may take a full 12 months to accomplish. Therefore, the Department is establishing the following timeframes in order to be able to allow sufficient time to process any forthcoming applications and have new MCOs enrolled by January 1, 2014.

Letter of Intent to Submit an Application — April 30, 2012

Anyone who plans to apply to be an MCO and be enrolled by 1/1/14 must submit a letter of intent to the Department no later than April 30, 2012. This letter should be sent to Glendora Finch, Chief of the Division of HealthChoice Management and Quality Assurance, Department of Health and Mental Hygiene, 201 West Preston Street, Room 208, Baltimore, Maryland 21201

Initial Application Submission — July 31, 2012

A complete initial application must be submitted to the Department by July 31, 2012. A complete application is defined as an application that has at least 80% of all information/ data required to process the application. Those applications that are not deemed to be at least 80% complete will be returned to the applicant as unacceptable. Acceptable applications will be reviewed for completeness and applicants will be notified by letter of any missing elements that must be submitted. Applicants will have 30 calendar days from the receipt of the notification to submit all missing

GENERAL NOTICES

information or the applications will be denied as incomplete and returned to the applicant.

It is anticipated that any acceptable application that is received by July 31, 2012 will have its review completed by the Department by July 1, 2013. Any questions about this information should be sent to Glendora Finch at finchg@dhmh.state.md.us or at 410-767-1740.
